CURATIVE HEALTH SERVICES REPORTS RESULTS FOR FIRST QUARTER 2004

First Quarter Revenues of \$65.6 Million,

GAAP Net Income Per Share of \$0.23,

## Edgar Filing: CURATIVE HEALTH SERVICES INC - Form 8-K

Adjusted Net Income of \$0.24 Per Share Before Charges

Hauppauge, New York - May 4, 2004 - Curative Health Services, Inc., (Nasdaq: CURE), today reported first quarter results for the period ended March 31, 2004. Total revenues for the first quarter 2004 were \$65.6 million, compared with \$58.0 million reported in the first quarter of 2003. GAAP net income was \$3.1 million or \$0.23 per diluted share for the first quarter of 2004, compared with GAAP net income of \$3.4 million or \$0.25 per diluted share, for the first quarter of 2003. Adjusted net income for the first quarter 2004 was \$3.2 million or \$0.24 per diluted share, compared with adjusted net income of \$5.0 million or \$0.37 per diluted share for the first quarter of 2003.

For the quarter ended March 31, 2004, the Company reported earnings before interest and taxes (EBIT) of \$5.8 million and earnings before interest, taxes and charges (Adjusted EBIT) of \$6.0 million. Earnings before interest, taxes, depreciation, and amortization (EBITDA) for the quarter ended March 31, 2004 was \$6.7 million and earnings before interest, taxes, depreciation, amortization and charges (Adjusted EBITDA) was \$6.8 million. A reconciliation of GAAP net income to these metrics is included in this press release.

The adjusted first quarter 2004 results add back to GAAP net income certain aggregate after tax charges of approximately \$0.1 million (\$0.2 million pre-tax) or \$0.01 per diluted share, including Critical Care Systems integration-related costs and litigation expenses related to the Prescription City situation. Tables reconciling GAAP net income and net income per diluted share to adjusted net income and net income per diluted share, as well as GAAP net income to adjusted EBIT and adjusted EBITDA for the three months ended March 31, 2004 accompany this press release. Management believes the adjusted net income, adjusted net income per diluted share, EBIT, adjusted EBIT, EBITDA and adjusted EBITDA information is necessary to better present the Company's underlying business operating results.

"We are very pleased with our accomplishments during the first quarter including the completion of the Critical Care Systems transaction, which positions Curative as a national force in specialty infusion," said Joseph Feshbach, Curative's Chairman and Chief Executive Officer. "Looking ahead, our team is committed to realizing the strategic benefits of this combination."

More recently, Curative announced that it has completed its acquisition of Critical Care Systems, Inc. ("CCS") for a total consideration of approximately \$150 million in cash. CCS is a leading national provider of specialty infusion pharmaceuticals and related comprehensive clinical services. CCS focuses on delivering four principal therapies: hemophilia clotting factor, intravenous immunoglobulin (IVIG), Total Parenteral Nutrition (TPN) and anti-infective therapies. These core therapies represent the essential components of Specialty Infusion and account for approximately 75% of CCS' revenues.

Also concurrent with the closing of the CCS transaction, Curative has closed an offering of \$185 million aggregate principal amount of 10.75% senior notes due 2011 offered in a private placement to eligible purchasers pursuant to Rule 144A and Regulation S under the Securities Act of 1933. The net proceeds of the senior notes offering were used to consummate the Company's acquisition of CCS, refinance its existing credit facility and pay related fees and expenses. Concurrent with the transaction closing, the Company also completed the refinancing of its existing credit facility with GE Healthcare Financial

Services, a unit of GE Commercial Finance, as agent and lender of a \$40 million senior secured credit facility to support permitted acquisitions, and future working capital and general corporate needs.

### Fiscal 2004 Guidance

For 2004 the Company expects revenues to be in the range of \$310-\$317 million and adjusted net income to be in the range of \$1.05-\$1.10 per diluted share. This guidance reflects eight months of expected results for Critical Care Systems, Inc. Adjusted net income excludes expected charges related to the integration of CCS, legal costs associated with Prescription City, amortization of intangible assets and long term incentive compensation expense. The total charge for these items is expected to be in the range of \$4.3 - \$6.3 million. GAAP net income for 2004, which includes these charges, is expected to be in the range of \$0.70-\$0.80 per diluted share. Revenues for Specialty Pharmacy/Specialty Infusion Services are expected to be in the \$282-\$288 million range and revenues for Specialty Healthcare Services are expected to be in the \$28-\$29 million range. Specialty Pharmacy/Specialty Infusion Services revenue growth is expected from both organic growth as well as the inclusion in 2004 of a full year of operations of the specialty pharmacy businesses acquired during 2003 and the CCS acquisition. For the second quarter 2004, the Company expects revenues to be in the range of \$66-\$68 million and adjusted net income in the range of \$0.18-\$0.20 per diluted share, before expected charges related to the integration of CCS, legal costs associated with Prescription City, amortization of intangible assets and long term incentive compensation expense. The total charge for these items is expected to be in the range of \$4.3 - \$6.3 million. GAAP net loss per diluted share for the second quarter of 2004, which includes these charges, is expected to be in the range of \$(0.05)-\$(0.10) per diluted share, dependent upon when these charges are incurred.

(more)

The guidance above relates to periods which have not yet ended or for which the Company has not yet closed its books or completed its review of its operating results and financial position. Accordingly, this guidance is preliminary and subject to change based on completion of that review.

The Company will host a conference call to discuss the Company's first quarter 2004 financial results, recent developments, business strategy and outlook on Tuesday, May 4, 2004, at 11:00 a.m. Eastern Time.
