ITEM 1. FINANCIAL STATEMENTS

As used herein, the term "Nexia" refers to Nexia Holdings, Inc., a Nevada corporation, its subsidiary corporations and predecessors unless otherwise indicated. The accompanying unaudited, consolidated interim financial statements have been prepared in accordance with the instructions to Form 10-QSB pursuant to the Securities and Exchange Commission and, therefore, do not include all information and footnotes necessary for a complete presentation of our financial position, results of operations, cash flows and stockholders' equity in conformity with generally accepted accounting principles in the United States of America. In the opinion of management, all adjustments considered necessary for a fair presentation of the results of operations and financial position have been included and all such adjustments are of a normal recurring nature.

Our consolidated financial statements are attached hereto as pages 5 through 12 and are incorporated herein by this reference.

NEXIA HOLDINGS, INC. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements
March 31, 2007
(Unaudited)

NOTE 1 - BASIS OF FINANCIAL STATEMENT PRESENTATION

The accompanying unaudited consolidated financial statements for Nexia Holdings, Inc. and Subsidiaries (the Company) have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States of America have been condensed or omitted in accordance with such rules and regulations. The information furnished in the interim consolidated financial statements includes normal recurring adjustments and reflects all adjustments, which, in the opinion of management, are necessary for a fair presentation of such financial statements. Although management believes the disclosures and information presented are adequate to make the information not misleading, it is suggested that these interim consolidated financial statements be read in conjunction with the Company's most recent audited consolidated financial statements and notes thereto included in its December 31, 2006 Annual Report on Form 10-KSB. Operating results for the three months ended March 31, 2007 are not indicative of the results that may be expected for the year ending December 31, 2007.

NOTE 2 - RECENT ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (FASB) issued interpretation no. 48, *Accounting for Uncertainty in Income Taxes- an interpretation of FASB Statement No. 109* (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, *Accounting for Income Taxes* (SFAS 109). This Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This Interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company is currently in the process of determining the effect, if any, the adoption of FIN 48 will have on the consolidated financial statements.

NOTE 3 - GOING CONCERN

The Company's consolidated financial statements are prepared using accounting principles generally accepted in the United States of America applicable to a going concern which contemplates the realization of assets and liquidation of liabilities in the normal course of business. The Company has incurred cumulative operating losses through March 31, 2007 of \$16,811,858 which raises substantial doubt about the Company's ability to continue as a going concern. This represents an increase in the cumulative operating loss of \$1,243,212 for the quarter ended March 31, 2007. The Company had a negative working capital balance at March 31, 2007 of \$1,495,484.

Revenue has not been sufficient to cover the Company's operating costs. Management's plans to enable the company to continue as a going concern include the following:

- Increase retail sales of Landis, LLC and Gold Fusion Laboratories
- Opening additional salon and Black Chandelier locations

- Using stock and option-based compensation to cover payroll and other permissible labor costs
- Raise capital through the Company's equity line of credit upon the effectiveness of a pending SB-2 Registration Statement
- Increasing revenues from rental properties by implementing new marketing programs
- Making certain improvements to certain rental properties in order to make them more marketable
- Reduce expenses through consolidating or disposing of certain subsidiary companies
- Convert certain debt into shares of the Company's common stock
- Purchasing revenue producing real estate

There can be no assurance that the Company can or will be successful in implementing any of its plans or that it will be successful in enabling the Company to continue as a going concern. The Company's consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Table of Contents

NEXIA HOLDINGS, INC. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements
March 31, 2007
(Unaudited)

NOTE 4 - COMMON STOCK

The Company issues options to employees and outside service providers for services rendered. The options are “cashless” with a floating exercise price of 75% of the market price at the time the underlying shares are sold. The Company may at its discretion set the option price but typically the strike price is floating at 75% of market. The 25% from the sale of the proceeds received by the service provider is expensed. The Company receives the exercise price which is not definitively determinable until the employee or service provider sells the shares underlying the option or pays the exercise price because of the volatility of the Company’s stock price upon which the exercise price is based. The Company believes its method of issuing and accounting for stock-based payments to employees and vendors precludes it from having to apply the provisions of SFAS No. 123 (R).

During the three months ended March 31, 2007, the Company issued 542,517,500 shares of common stock, pursuant to the Company’s S-8 Registration Statement, valued at \$975,773. 442,517,500 of the above shares were issued as option shares to employees or other service providers with a value of \$905,773 in exchange for services rendered. Initially \$656,830 of the \$905,773 was recorded as an increase in stock subscriptions receivable, representing the exercise price due to the Company from outstanding option shares; receipt of cash for stock subscriptions receivable of \$321,741; amount recorded as expense of \$434,410; and the ending balance of stock subscriptions receivable at March 31, 2007 was \$265,941.

NOTE 5 - RELATED PARTY TRANSACTIONS

There is a receivable of \$3,070 from Diversified Holdings X, Inc., (DHX) at March 31, 2007. This is the remaining balance arising from the transition of credit card sales deposited into the DHX bank account to the Gold Fusion bank account. The balance will be settled in the near future.

There was accrued interest to related parties on March 31, 2007 in the amount of \$87,371. \$38,271 of the total amount is owed to DHX for the note issued in connection with the purchase of Black Chandelier. The rest of the interest is due to Richard Surber for the notes owed to him at the end of the period in the amount of \$49,100.

On January 17, 2007, the Company authorized the delivery of a promissory note in the face amount of \$20,500 to Richard Surber, president of the Company. This note was authorized by the board of directors. The note was given in exchange for \$20,500 advanced to the Company by Mr. Surber. The terms of the note provide for a single payment due on May 22, 2007 and provide for an interest rate of 20% per annum. This note’s date was extended to September 30, 2007 with an extension agreement signed on February 23, 2007.

On January 25, 2007, the Company authorized the delivery of a promissory note in the face amount of \$20,000 to Richard Surber, president of the Company. This note was authorized by the board of directors. The note was given in exchange for \$20,000 advanced to the Company by Mr. Surber. The terms of the note provide for a single payment due on January 25, 2008 and provide for an interest rate of 20% per annum. This amount was converted into an accounts payable related party before March 31, 2007.

On January 17, 2007, Richard Surber advanced \$15,000 to the Company. The Company repaid Richard Surber for the advance on March 26, 2007.

An additional note to Richard Surber in the amount of \$15,000 was outstanding as of December 31, 2006, and it has been repaid by the Company as of March 31, 2007.

There is an accounts payable of \$107,554 at March 31, 2007 to Richard Surber. Richard Surber loaned funds to Nexia for the purchase of inventory and operating expenses.

Richard D. Surber, CEO of Nexia Holdings, Inc., obtained a home equity line of credit from Chase Bank. During the quarter ended March 31, 2007, Mr. Surber deposited \$50,000 in the bank account of Nexia Holdings, Inc. to cover expenses for the Company. Nexia repaid \$10,000 by March 31, 2007, and the balance of \$40,536 at March 31, 2007 was included in the balance sheet as part of the account "Accounts Payable - related parties (Note 5)" balance of \$107,554.

NOTE 7 - OFFICER SALARY

There was an accrued salary of \$168,026 payable to Richard Surber, President and CEO, at March 31, 2007. Mr. Surber has elected to defer being paid most of his accrued salary in an effort to boost available cash for the purchase of inventories. It is anticipated that Mr. Surber's salary will be paid current by the end of 2007.

NOTE 8 - CONSULTING CONTRACTS

On June 1, 2006, Nexia signed consulting contracts with three investor relations or consulting firms, one in the U.S.A. and two in the People's Republic of China. Compensation for these services was China Fruits Corporation (CHFR) (formerly Diversified Financial Resources Corporation - "DVFF") unrestricted 20,000,000 shares of common stock valued at \$2,400,000. Nexia recorded a prepaid amount of \$2,400,000 at the same time they transferred the stock. \$2,265,000 and \$135,000 were expensed in 2006 and the quarter ended March 31, 2007, respectively. There was no prepaid consulting fee expense as of March 31, 2007.

NOTE 9 - CONVERTIBLE DEBENTURE AND CONVERTIBLE DEBENTURE DERIVATIVE

On November 1, 2004, the Company issued a convertible debenture for \$200,000. The debenture accrues interest at 24% per annum, is due November 1, 2007 and is convertible, except for \$5,000, anytime after one year into common stock at a price equal to 70% of the average closing bid price of the common stock for three trading days immediately preceding the date of election.

The convertible debenture issued on November 1, 2004, and described in detail could be converted into Nexia common stock effective November 1, 2005 and became subject to accounting required for derivatives.

This transaction, to the extent that it is to be satisfied with common stock of the Company, would normally be included as an equity obligation. In this instance, however, due to the indeterminate number of shares which might be issued under the embedded convertible conversion feature, the Company is required to record a liability relating to the embedded convertible feature of the convertible debenture payable (included in long-term liabilities as a "Convertible debenture derivative").

Table of Contents

NEXIA HOLDINGS, INC. AND SUBSIDIARIES
Notes to the Consolidated Financial Statements
March 31, 2007
(Unaudited)

The accompanying financial statements comply with current requirements relating to embedded derivatives as described in FAS 133, EITF 00-19 and APB 14 as follows:

The Company allocated the proceeds received to the convertible debt derivative with the initial allowable derivative recording.

Subsequent to the initial allowable derivative recording, the increase in the fair value of the embedded derivative in the conversion feature of the convertible debenture is accrued as adjustments to the liabilities at March 31, 2007.

The expense relating to the increase in the fair value of the Company's stock, reflected in the change in the fair value of the derivative (noted above), is included as another comprehensive income item as unrealized gain or loss arising from convertible financing on the Company's balance sheet.

The following table summarizes the various components of the convertible debenture as of March 31, 2007 and December 31, 2006:

	March 31, 2007	December 31, 2006
Convertible debenture	\$ 119,521	\$ 107,808
Convertible debenture derivative	51,944	10,179
	171,465	117,987
Adjustment of convertible debenture derivative to fair value	95,556	137,321
Convertible debenture	(119,521)	(107,808)
Total	\$ 147,500	\$ 147,500

On September 26, 2006, 25,000,000 (post 02/20/2007 reverse stock split) restricted common shares were issued to Joseph Corso, holder of the convertible debenture, for his election to convert \$52,500 of the convertible debenture. The \$52,500 was applied to reduce the convertible debenture liability from \$200,000 to \$147,500.

NOTE 10 - SEGMENT INFORMATION

Nexia Holdings, Inc has identified three reportable segments in which it operates based on the services it provides using the guidelines set forth in SFAS No. 131, Information “Disclosures about Segments of an Enterprise and Related Information”. The reportable segments are as follows - a salon business providing services and retail sales (“Salon”); retail clothing stores (“Retail”), which is the Black Chandelier clothing manufacturing and retail sales operations; and the purchase, sale and rental of commercial real estate and all of the other general operations of the Company (“Real Estate & General”).

Summarized financial information concerning reportable segments is shown in the following table:

	Period Ended March, 31	Salon	Retail	Real Estate & General	Total	
External revenues	2007	424,863	267,978	45,933	738,774	
	2006	265,241	-	60,109	325,350	
Intersegment revenues	2007	-	-	-	-	
	2006	-	-	-	-	
Net loss	2007	(20,350)	(252,061)	(970,801)	(1,243,212)	
	2006	(10,690)	-	(222,258)	(232,948)	
Total assets (net of intercompany accounts)	March 31, December 31,	2007 2006	373,766 415,627	395,904 704,577	3,559,721 3,614,431	4,329,391 4,734,635

NOTE 11 - SUBSEQUENT EVENTS

The due date for a note payable of \$250,000, originally due on February 15, 2007, was extended to May 15, 2007. There are current negotiations to convert the note to a long-term two year note secured by real estate.

In April 2007, an additional \$25,000 was drawn down on the line of credit from Chase Bank to cover expenses for the Company, and Nexia repaid \$25,000 of the debt on April 4, 2007, leaving the current balance of \$40,536.

The Company issued common stock for options exercised from April 1 to May 18, 2007 as follows:

225,000,000 common shares for options exercised - Issued to employees for past services for a value of \$153,500.
45,000,000 common shares for options exercised - Issued to consultants for past services for a value of \$29,500.
124,000,000 common shares for options exercised - Issued to contractors to reduce accounts payable for a value of

\$88,900.

394,000,000 total issued common stock for options exercised during the period for a total value of \$271,900.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Cautionary Statement Regarding Forward-Looking Statements

The information herein contains certain forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended and Section 21E of the Securities Exchange Act of 1934, as amended, which are intended to be covered by the safe harbors created thereby. Investors are cautioned that all forward looking statements involve risks and uncertainty, including, without limitation, the ability of Nexia to continue its business strategy, changes in the real estate markets, labor and employee benefits, as well as general market conditions, competition, and pricing. Although Nexia believes that the assumptions underlying the forward looking statements contained herein are reasonable, any of the assumptions could be inaccurate, and therefore, there can be no assurance that the forward looking statements included in the Form 10-QSB will prove to be accurate. In view of the significant uncertainties inherent in the forward looking statements included herein, the inclusion of such information should not be regarded as a representation by Nexia or any other person that the objectives and plans of Nexia will be achieved.

General

Nexia's current operations consist of three principal areas: (1) operation on the design and retail operations of Black Chandelier fashion lines through the Company's subsidiary Gold Fusion Laboratories, Inc. (GFL); (2) the operation of the Landis Lifestyle Salon through Nexia's ownership interest in Landis, LLC and (3) the acquisition, leasing and selling of real estate. The following discussion examines Nexia's financial condition as a result of operations for the three month period ended March 31, 2007 and compares those results with the comparable periods in 2006.

Gold Fusion Laboratories Retail Operations

In August of 2006, Gold Fusion Laboratories, Inc., a 100% owned subsidiary of the Company, signed an asset purchase agreement with Diversified Holdings X, Inc. (DHX) to acquire the rights, assets, inventories and receivables of the Black Chandelier retail design and manufacturing operations. This acquisition closed on September 20, 2006.

Black Chandelier operations as of March 31, 2007 include four retail outlets operated under the Black Chandelier label, Trolley Square (Salt Lake City, Utah), Fashion Place Mall (Murray, Utah), The Shops at Riverwoods (Provo, Utah) and the Gateway shopping center (Salt Lake City, Utah) as well as the online shopping site, www.blackchandelier.com.

Gold Fusion had sales of \$267,978 and a net loss from operations of \$252,061 for the three months ended March 31, 2007.

Black Chandelier is a lifestyle company that produces clothing, candles and active wear. The mission of Black Chandelier is to offer products designed with deliberateness and wild inspiration that indulge an individual's innate drive to be unique. The overarching concept is to provide the consumer with an affordable alternative to "mass-market" offerings by extending a product that conveys a sense of eccentricity that stands apart in quality, style and price, from most of the homogenous fare being offered consumers by the mainstream apparel market. The clothing items are produced in small runs keeping merchandise offered in the stores fresh.

Table of Contents

Landis, LLC Salon Operations

Nexia currently owns 85% of Landis, LLC (“Landis”). In November 2005, the Company acquired a 20% equity interest in Landis for a \$100,000 cash payment. Landis operates an Aveda™ lifestyle salon that features Aveda™ products for retail sale. Landis is controlled by Nexia’s Chief Executive Officer. Nexia has consolidated Landis for accounting purposes, because of its ownership interest and common control with our president. Nexia signed an agreement to acquire Mr. Surber’s 60% ownership interest in Landis in the third quarter of 2006. As consideration for that acquisition, Nexia and Diversified Holdings I, Inc. delivered to Mr. Surber (1) a promissory note in the amount of \$250,000, bearing interest at the rate of 24% per annum, due in five annual payments, (2) issuance of 75,000 shares of Nexia’s Series A Preferred Stock and (3) issuance of 2,000,000 shares of Nexia’s Series B Preferred stock. A 5% interest was acquired from Seth Bullough in exchange for the issuance by Nexia of 5,000 shares of Series A Preferred Stock.

Landis Salon has a single location in Salt Lake City, Utah and reported revenue of \$424,863 during the three months ended March 31, 2007 compared to \$265,241 for the same period in 2006. The increase in revenue of \$159,622, or 60% came from the growth in customer base that Landis has achieved within its first year of operations.

Net losses for Landis operations were \$20,350 for the three month period ended March 31, 2007 compared to \$10,690 for the same period in 2006. The increase in losses for the first quarter of 2007 compared with 2006 was due to increased expenses resulting from the current expansion of Landis’ operations.

Additional information on the Landis Salon can be found on its website at www.landissalon.com.

Real Estate Operations

Nexia's objective, with respect to real estate operations, is to acquire, through subsidiaries, properties which management believes to be undervalued and which Nexia is able to acquire with limited cash outlays. Nexia will consider properties anywhere within the continental United States. Nexia attempts to acquire such properties by assuming existing favorable financing and paying the balance of the purchase price with nominal cash payments or through the issuance of shares of common stock. Once such properties are acquired, Nexia leases them to primarily commercial tenants. Nexia also makes limited investments to improve the properties with the objective of increasing occupancy and cash flows. Management believes that, with limited improvements and effective management, properties can be sold at a profit within a relatively short period of time. Nexia currently operates three real estate subsidiaries: Wasatch Capital Corporation, Salt Lake Development Corporation and Kearns Development Corporation.

Nexia recorded rental revenues of \$45,933 for the three months ended March 31, 2007, as compared to \$60,109 for the comparable period in 2006. The decrease in the three month rental revenue of \$14,176, or 24%, was due to the reduction in tenants in the rental properties held by the Company in 2007 compared to 2006.

Nexia had a loss from real estate operations of \$33,269 for the three months ended March 31, 2007, compared to a loss of \$95,275 for the comparable period in 2006. The decrease in the three month losses of \$62,006, or 65%, is attributable to the reduction in mortgage interest from refinancing the Wasatch and Downtown mortgages. There was also a reduction in expenses from the sale of the Salt Lake Development building in April 2006.

Nexia will continue efforts to improve profitability and cash flow by working to increase occupancy and rental income from those properties currently held and to seek new investment opportunities as they can be located and evaluated. Accordingly, Nexia hopes to not only minimize any real estate cash flow deficit, but also generate sufficient cash to record a substantial profit upon property disposition.

Table of Contents

Company Operations as a Whole:

Revenue

Gross revenue for the three month period ended March 31, 2007 was \$738,774 as compared to \$325,350 for the same period in 2006. The increase in the three month revenue of \$413,424, or 127%, is due to inclusion of sales revenue from the operation of the Landis Salon in the sum of \$424,863, an increase of \$159,623 or 60% over Landis revenue from the first quarter of 2006 and the inclusion of \$267,977 in revenue from the Black Chandelier operations of Gold Fusion Laboratories, Inc., which was acquired subsequent to the first quarter of 2006.

Operating Losses

Nexia recorded operating losses of \$1,431,795 for the three month period ended March 31, 2007, compared to losses of \$289,466 for the comparable period in the year 2006. The increase in three month operating losses of \$1,142,329, or 395%, was the result of the increase in promotional marketing of Nexia stock of \$206,625, stock subscriptions receivable expense of \$434,410, increase in consulting fees of \$132,000, increase in payroll expenses of \$96,607 and \$289,934 of expenses from Gold Fusion Laboratories, Inc. which was acquired after the first quarter of 2006. The Company had a decrease in legal fees of \$13,217. There were also decreases in Wasatch, Kearns and Downtown of \$7,833 from a decrease in utilities expenses, building repair and maintenance expenses.

Net Loss

Nexia recorded net losses of \$1,243,212 for the three month period ended March 31, 2007, as compared to net losses of \$232,948 for the comparable period in 2006. The increase in the three month net losses of \$1,010,264, or 434%, compared to the same period in 2006, reported above, is attributable primarily to the operating expenses recognized from the Landis Salon operations, the addition of the Gold Fusion Laboratories, Inc. operations and other expenses described in "Operating Losses" paragraph above.

Nexia may not operate at a profit through fiscal 2007. Since Nexia's activities are tied to its ability to operate its retail operations and real estate properties at a profit, future profitability or its revenue growth tends to follow changes in the markets for these activities. There can be no guarantee that profitability or revenue growth can be realized in the future.

Expenses

General and administrative expenses for the three month period ended March 31, 2007, were \$1,470,964 compared to \$340,822 for the same period in 2006. The increase in three month expenses of \$1,130,142, or 332%, was due primarily to an increase in Landis expenses of \$109,285, the addition of Gold Fusion Laboratories, Inc. \$230,389, increase in marketing stock expense \$206,625, expense for option shares issued \$434,410, increase in payroll expense of \$96,607 and an increase in audit fees of \$17,479.

Depreciation and amortization expenses for the three months ended March 31, 2007, were \$51,902 compared to \$43,766 for same period in 2006. The increase in the three month expense of \$8,136, or 19%, was attributable primarily to the addition of Gold Fusion Laboratories, Inc. acquired in September of 2006.

Table of Contents

Capital Resources and Liquidity

On March 31, 2007, Nexia had current assets of \$633,939 and \$4,329,391 in total assets compared to current assets of \$1,022,549 and total assets of \$4,734,635 as of December 31, 2006. Nexia had net working capital deficit of \$1,495,484 at March 31, 2007, as compared to a net working capital deficit of \$990,123 at December 31, 2006. The increase in working capital deficit of \$505,361 is due primarily to the reduced fair market value of marketable securities, the sale of marketable securities, debenture derivatives becoming current and increased accounts payable to related parties and accrued liabilities. There was a decrease in inventory because the Company focused on discounting a large portion of old product. Prepaid expenses decreased by \$135,000 when the Company's prepaid consulting agreement was completed in the first quarter of 2007.

Cash used by operating activities was \$104,367 for the three months ended March 31, 2007, compared to cash used by operating activities of \$127,468 for the comparable three month period in 2006. The decrease in cash used of \$23,101 was attributable to the expense of selling marketable securities, option shares issued for services, the reduction of prepaid expenses and accrued liabilities.

Net cash used in investing activities was \$60,145 for the three months ended March 31, 2007, compared to net cash provided by investing activities of \$9,406 for the three months ended March 31, 2006. The increase of cash used in the sum of \$69,551 was attributable primarily to the purchase of marketable securities and fixed assets.

Cash provided by financing activities was \$207,021 for the three months ended March 31, 2007, compared to cash used of \$2,989 for the three months ended March 31, 2006. The increase of \$210,010 was due primarily to the issuance of stock options for services and accounts payable to cover payroll and operating liabilities.

Nexia may experience occasional cash flow shortages due to debt service on real estate holdings and willingness to acquire properties with negative cash flow. To cover these shortages, Nexia may need to issue shares of its common stock in payment for services rendered. The Company is currently experiencing challenges with regard to cash flows. We are looking at several options to improve this situation, including having signed for an equity line of credit with Dutchess Private Equities Fund. The agreement with Dutchess provides that, following notice to Dutchess, Nexia may put to Dutchess up to \$10 million in shares of our common stock for a purchase price equal to 95% of the lowest closing best bid price on the Over-the-Counter ("OTC") Bulletin Board of our common stock during the five day period following that notice. The number of shares that we will be permitted to put pursuant to the agreement will be either: (a) 200% of the average daily volume of our common stock for the ten trading days prior to the applicable put notice, multiplied by the average of the three daily closing "best bid" prices immediately preceding the day we issue the put, or (b) \$100,000; provided that in no event will the put amount be more than \$1,000,000 with respect to any single put. (Best Bid is a defined term in the agreement as the highest posted bid price for the common stock.) In turn, Dutchess has indicated that it will resell the shares of common stock in the open market, resell our shares to other investors through negotiated transactions or hold our shares in its portfolio. These shares are made the subject of an SB-2 Registration Statement that has not yet been declared effective and for which the Company is currently drafting an SB-2 amendment.

Stock and Options To Employees and Contractors

Nexia's subsidiary, Diversified Holdings I, Inc., relied on the issuance of Nexia stock under Nexia's S-8 Registration Statement and 2006 Employee Benefit Plan and its 2007 Employee Benefit Plan for a large portion of employee salary payments during the first quarter of 2007. During the three month period ended March 31, 2007, the Company issued, pursuant to S-8 Registration Statements, 542,517,500 shares as compensation to sixteen (16) persons in exchange for services provided to the Company. These services/shares were valued at \$975,773 and have been expensed in the current period. If the Company's stock is sold for less than when it was issued, there will be an additional expense. If

the stock is sold for more than when it was issued, there will not be an additional expense. The differences in values of the services/shares in future periods may be higher or lower than the \$975,773 due to the shares being sold at a lower or higher price.

Table of Contents

Impact of Inflation

Nexia believes that inflation has had a negligible effect on operations over the past three years. Nexia believes that it can offset inflationary increases in the cost of materials and labor by increasing sales and improving operating efficiencies.

Off Balance Sheet Arrangements

We do not have any off-balance sheet financing arrangements.

Known Trends, Events, or Uncertainties

General Real Estate Investment Risks

Nexia's investments are subject to varying degrees of risk generally incident to the ownership of real property. Real estate values and income from Nexia's current properties may be adversely affected by changes in national or local economic conditions and neighborhood characteristics, changes in interest rates and in the availability, cost and terms of mortgage funds, the impact of present or future environmental legislation and compliance with environmental laws, the ongoing need for capital improvements, changes in governmental rules and fiscal policies, civil unrest, acts of God, including earthquakes and other natural disasters which may result in uninsured losses, acts of war, adverse changes in zoning laws and other factors which are beyond the control of Nexia.

Value and Illiquidity of Real Estate

Real estate investments are relatively illiquid. The ability of Nexia to vary its ownership of real estate property in response to changes in economic and other conditions is limited. If Nexia must sell an investment, there can be no assurance that Nexia will be able to dispose of it in the time period it desires or that the sales price of any investment will recoup the amount of Nexia's investment.

Property Taxes

Nexia's real property is subject to real property taxes. The real property taxes may increase or decrease as property tax rates change and as the property is assessed or reassessed by taxing authorities. If property taxes increase, Nexia's operations could be adversely affected.

ITEM 3. CONTROLS AND PROCEDURES

Nexia's president acts both as the Company's chief executive officer and chief financial officer ("Certifying Officer") and is responsible for establishing and maintaining disclosure controls and procedures for Nexia. The Certifying Officer has concluded (based on his evaluation of these controls and procedures as of a date within 90 days of the filing of this report) that the design and operation of Nexia's disclosure controls and procedures (as defined in Rule 13a-14(c) under the Securities Exchange Act of 1934) are effective and adequate.

There were no significant changes made in Nexia's internal controls or in other factors that could significantly affect Nexia's controls subsequent to the date of the evaluation, including any corrective actions with regard to slight deficiencies and material weaknesses. Due to the Certifying Officer's dual role as chief executive officer and chief financial officer, Nexia has no segregation of duties related to internal controls.
