Yes NoX

#### Memorandum of Understanding for refining in the USA

(Rio de Janeiro, November 16, 2005). PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA], a Brazilian international energy company, announces that it has signed a Memorandum of Understanding with Astra Oil Company ( Astra ), combining forces to establish a joint venture trading and refining company in the United States. The initial business plan calls for joint operation, trading and commercial management of Pasadena Refining System Inc. (PRSI), formerly the Crown Refinery in Pasadena Texas. The PRSI refinery is currently being upgraded to meet new Environmental Protection Agency (EPA) Clean Air Standards for gasoline and diesel, and as soon as reasonably practical, the refinery will also be modified to handle a wide range of heavy sour crude and feedstock, including Petrobras' Marlim production.

Astra is a well known subsidiary of the Belgian Compagnie Nationale A Portefeuille, with interests in international oil, coal, coke, and natural gas trading, ocean shipping and refining. Astra purchased the Crown Refinery, located in Pasadena Texas, in January 2005.
