PRESS RELEASE

Petroquisa and Braskem announces decision

(Rio de Janeiro, March 31, 2006) PETRÓLEO BRASILEIRO S/A - PETROBRAS, [Bovespa: PETR3/PETR4, NYSE: PBR/PBRA, Latibex: XPBR/XPBRA], a Brazilian international energy company, in light of the expiration today of Petroquisa's option to increase its share of the voting capital of Braskem to 30%, through the issue of new ordinary shares, that would be paid for by means of the transfer to Braskem of its participation in certain petrochemical companies indicated by the Press Release of 29 of September of 2005, informs its shareholders and the market of the following:

As per appraisals carried out by the concerned parties, Petroquisa decided not to exercise the Option, as it was impossible to reach a consensus regarding the terms and conditions that would benefit all Braskem shareholders.

The current shareholding structure of Braskem will not suffer any change, as the shareholding position currently held by Petroquisa of 10.02% in the voting capital and 8.45% in the total share capital of Braskem will be maintained, as well as the provisions of the Memorandum of Understanding for a Shareholders Agreement of Copene Petroquímica do Nordeste S.A. (the former name of Braskem), celebrated between Odebrecht and Petroquisa.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
