**BRASKEM HAS A NEW CHIEF FINANCIAL AND  
Investor Relations OFFICER**

**São Paulo, June, 21 2013** – Braskem (BM&FBovespa: BRKM5, BRKM3, BRKM6; NYSE: BAK; LATIBEX: XBRK), the leading resins producer in the Americas, announces to the market that Mr. Mario Augusto da Silva is the Company's new Chief Financial and Investor Relations Officer, succeeding Marcela Drehmer.

The change is a natural part of the process of renewing leaderships and planned succession that characterize the Odebrecht Entrepreneurial Technology (TEO). The main pillars of Braskem's financial management, which include financial discipline and supporting the growth plan, remain its key priorities.

Earning a bachelor's degree in Business Administration from University of Salvador (Unifacs) in Bahia in 1998, Mario Augusto da Silva has extensive knowledge of the petrochemical industry and Braskem, where he began working while the Company was still being formed, in 2001, where he stayed until 2005, when he left to his MBA at Harvard Business School (completed in 2007).

Upon returning to Brazil, he became responsible for the financial area of Construtora Norberto Odebrecht. Later he served as the financial officer of the companies Odebrecht Óleo & Gás and Odebrecht Infraestrutura - América Latina, where he worked until recently.

Marcela Drehmer, after having served three years as Chief Financial Officer of Braskem, will assume a new challenge as financial officer of Odebrecht S/A in substitute of Felipe Jens who will be the new leader of Odebrecht Properties. While at the helm of Braskem's financial department, the Company received investment grade ratings from the three major rating agencies - S&P, Moody's and Fitch. In recent months, Braskem has been focus on reducing its financial leverage and maintaining its long debt profile, which will remain the priorities of the incoming administration.

The team remains available to provide any further clarifications via telephone at +55 (11) 3576-9531 or e-mail at [braskem-ri@braskem.com.br](mailto:braskem-ri@braskem.com.br).

### **FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
