### **Petrobras confirms deep-water discovery in Potiguar Basin**

Rio de Janeiro, March 12<sup>th</sup>, 2014 – Petróleo Brasileiro S.A. – Petrobras announces that it has completed drilling wildcat well 1-BRSA-1205-RNS (1-RNS-158), located in deep-waters of the Potiguar Basin. The results confirm the discovery of intermediate oil (24<sup>º</sup> API), as previously announced to the market on December 17, 2013.

The well, informally referred to as Pitu, is located at a water depth of 1,731 meters, 55 km off the coast of the state of Rio Grande do Norte.

The well reached the total depth of 5,353 meters and detected a hydrocarbon column of 188 meters. A formation test was carried out, which confirmed the reservoir's satisfactory permeability and porosity.

Based on the results obtained, the consortium will proceed with the exploratory activities, with the aim of proposing a Discovery Evaluation Plan to Brazil's National Petroleum, Natural Gas and Biofuels Agency (ANP).

Petrobras is the operator of concession BM-POT-17, with an 80% interest, in partnership with Petrogal Brasil S.A., which holds 20%.

As a result of the on-going farm-out process and after obtaining the necessary approval from Brazilian authorities, BP Energy do Brasil Ltda will join as a concessionaire and the interests of the consortium members in BM-POT-17 will be as follows: Petrobras - 40% (operator), BP Energy do Brasil Ltda - 40% and Petrogal Brasil S.A - 20%.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
