Message from the Chief Executive Officer

"In a year marked by high volatility, I am very pleased with our organization's capability to navigate challenges and capitalize on opportunities, allowing us to achieve strong results and providing an encouraging outlook for 2019. Mexico and Central America's top-line continues to grow; in South America, a recovering environment in Brazil coupled with a strengthened portfolio, enabled us to deliver consistent volume growth; in Colombia and Argentina, we continue to offer appealing options for difficult consumer environments. Finally, in 2018, we achieved significant milestones that reaffirm our disciplined approach to capital allocation. We closed important acquisitions in Guatemala and Uruguay, and we are positioned for further sustainable and profitable growth by adding flexibility to our balance sheet and capital structure, underscoring our commitment to deliver value for all our stakeholders," said John Santa Maria Otazua, Chief Executive Officer of the Company.

**Consolidated results for the fourth quarter
Comparable⁽¹⁾ figures:**

Revenues: Comparable total revenues grew 7.8% in the fourth quarter of 2018 as compared to the same period of 2017, driven by average price per unit case growth, ahead of inflation in Brazil, Central America and Mexico, coupled with volume growth in Brazil and Colombia.

Transactions: Comparable number of transactions increased 1.4%. Our sparkling beverage category remained flat, driven by 0.8% growth in our colas portfolio, partially offset by a decline in flavors. Our positive performance in colas was driven by growth in Brazil and Colombia. Our still beverage category increased 6.3%, driven mainly by the positive performance of Brazil, Colombia and Mexico, partially offset by a decline in Central America. Finally, our water category's transactions increased by 9.2%, driven by growth in Brazil, Colombia, and Mexico, partially offset by a decline in Central America.

Volume: Comparable sales volume increased 0.9% in the fourth quarter of 2018 as compared to the same period in 2017. Our sparkling beverage portfolio's volume remained flat, driven by growth in our colas portfolio, offset by a decline in flavors. Our growth in colas was driven by positive performance in Brazil and Colombia. Our still beverage category's volume grew 11.7%, driven by positive performance in Brazil, Central America, and Mexico. Our personal water portfolio's volume remained flat, as positive performance in Brazil and Mexico was offset by declines in Central America and Colombia. Finally, our bulk water portfolio's volume increased 1.1%, driven mainly by growth in Brazil and Colombia, partially offset by a decrease in Mexico and Central America.

Gross profit: Comparable gross profit grew 5.9%. Our volume growth, lower sweetener prices in most of our operations, and favorable currency hedging positions in South America were offset by higher PET prices across most of our operations, higher concentrate prices in Mexico, and the depreciation in the average exchange rate of all of our operating currencies as applied to our U.S. dollar-denominated raw material costs.

Operating Income: Comparable operating income increased 4.3% for the fourth quarter of 2018 as compared to the same period of 2017.

Operating cash flow: Comparable operating cash flow increased 4.1% in the fourth quarter of 2018.

As reported figures:

According to IFRS 5, the Philippines is presented as a discontinued operation as of January 1, 2018 and the consolidated income

statements presented herein are re-presented as if the Philippines had been discontinued from February 2017.

Revenues: Total revenues increased 2.0% to Ps. 50,165.6 million in the fourth quarter of 2018, driven mainly by volume growth in Brazil, Central America and Colombia, price increases above inflation in Argentina, Brazil, and Mexico and the consolidation of recently acquired territories in Guatemala and Uruguay. These factors were partially offset by the negative translation effect resulting from the depreciation of the Argentine Peso, the Brazilian Real and the Colombian Peso as compared to the Mexican Peso, combined with volume decline in Argentina and Mexico, hyperinflationary accounting in Argentina and the deconsolidation of Coca-Cola FEMSA de Venezuela as of December 31, 2017.

Transactions: Reported total number of transactions increased 1.2% to 5,186.7 million in the fourth quarter of 2018 as compared to the same period in 2017.

Volume: Reported total sales volume remained flat at 871.7 million unit cases in the fourth quarter of 2018 as compared to the same period in 2017.

Gross profit: Gross profit increased 1.7% to Ps. 23,016.6 million, and gross margin contracted 10 basis points to 45.9%.

(Continued on next page)

⁽¹⁾ *Please refer to page 9 for our definition of “comparable” and a description of the factors affecting the comparability of our financial and operating performance.*

Equity method: The reported share of the profits of associates and joint ventures recorded a loss of Ps. 108 million in the fourth quarter of 2018, compared to a loss of Ps. 103 million recorded in the fourth quarter of 2017. This is mainly due to a loss in our dairy joint venture in Panama and in our Jugos del Valle joint venture in Mexico, partially offset by gains in our joint ventures in Brazil.

Operating Income: Operating income increased 0.3% to Ps. 7,342.0 million, and operating margin contracted 30 basis points to 14.6% during the fourth quarter of 2018 as compared with the same period of 2017.

Other non-operative expenses, net: Other non-operative expenses, net, recorded an expense of Ps. 632 million, driven mainly by an impairment of Ps. 432 million to our investment in our dairy joint venture Estrella Azul, in Panama, coupled with provisions related to contingencies in Brazil and Colombia. This is compared to an expense of Ps. 29,090 million during the fourth quarter of 2017 which was driven by a one-time non-cash charge related to the deconsolidation of Venezuela as of December 31, 2017.

Comprehensive financing result: Comprehensive financing result in the fourth quarter of 2018 recorded an expense of Ps. 2,149 million, compared to an expense of Ps. 1,090 million in the same period of 2017.

During the fourth quarter of 2018, we recorded an interest expense net, of Ps. 1,770 million, compared to Ps. 1,744 million in the fourth quarter of 2017. This increase was driven by additional financing of Ps. 10,100 million during the second quarter of 2018 for the acquisition of new territories in Guatemala and Uruguay. However, this effect was partially offset by the average exchange rate depreciation of the Brazilian Real compared to the Mexican Peso as applied to existing Brazilian Real-denominated interest expense; the maturity of our five year Yankee bond in November and the reduction of the debt in Colombia.

In addition, for the fourth quarter, we recorded a foreign exchange loss of Ps. 371 million as compared to a gain of Ps. 505 million in the same period of 2017. This loss was driven mainly by the appreciation of the Mexican Peso as applied to our U.S. dollar cash position, which included income related to the sale of our stake in Coca-Cola FEMSA Philippines, Inc.

Moreover, due to the reporting of our Argentina operation as a hyperinflationary subsidiary, during the fourth quarter of 2018, our monetary position in inflationary subsidiaries recorded a gain of Ps. 59 million as compared to a gain of Ps. 460 million during the same period of 2017, which was generated by Venezuela.

Market value on financial instruments recorded a loss of Ps. 67 million as compared to a loss of Ps. 310 million in the fourth quarter of 2017.

Income tax: During the fourth quarter of 2018, reported income tax as a percentage of income before taxes was 30.1%.

Net income: Consolidated net controlling interest income reached Ps. 5,541 million which includes the sale of the Philippines stake in the fourth quarter 2018, as compared to a loss of

Ps. 24,245 million during the same period of the previous year, which included a one-time non-cash charge related to the deconsolidation of Venezuela. For the fourth quarter 2018, earnings per share (EPS) was Ps. 2.64 (Ps. 26.37 per ADS). Earnings per share from continuing operations was Ps. 1.38 (Ps. 13.75 per ADS).

Operating cash flow: Operating cash flow decreased 2.0% to Ps. 10,215 million, and operating cash flow margin contracted 80 basis points to 20.4%.

The weighted average cost of debt for the quarter, including the effect of debt swapped to Brazilian Reals and Mexican Pesos, was 8.21%, an increase as compared to the fourth quarter 2017 due mainly to our fixed exposure to Brazilian reals denominated debt and the effect of the increase of the TIIE rate on our bilateral loans in Mexican Pesos. Operating Income: Operating income decreased 1.3% to Ps. 24,672.5 million, and operating margin declined 10 basis points to 13.5% during the 2018 as compared with 2017, which included Venezuela.

Other non-operative expenses, net: Other non-operative expenses, net, recorded an expense of Ps. 848 million, driven mainly by an impairment of Ps. 432 million of our investment in our dairy joint venture Estrella Azul, in Panama combined with provisions related to contingencies in Brazil and Colombia. This is compared to an expense of Ps. 30,988 million in 2017, which was driven by a one-time non-cash charge related to the deconsolidation of Venezuela as of December 31, 2017.

Comprehensive financing result: Comprehensive financing result in 2018 recorded an expense of Ps. 6,943 million, compared to an expense of Ps. 5,362 million in the same period of 2017.

In 2018, we recorded an interest expense, net, of Ps. 6,564 million, compared to Ps. 7,987 million in 2017. This decrease was driven by the decline of short-term interest rates in Brazil; the average exchange rate depreciation of the Brazilian Real compared to the Mexican Peso as applied to existing Brazilian Real-denominated interest expense; and the reduction of debt in Argentina, Brazil, and Colombia. However, these factors were partially offset by: (i) financing of Ps. 10,100 million for the acquisition of our new territories in Guatemala and Uruguay; and (ii) an interest rate increase in Mexico.

In addition, in 2018, we recorded a foreign exchange loss of Ps. 277 million as compared to a gain of Ps. 788 million in 2017, which resulted from the depreciation of the Mexican Peso as applied to our U.S. dollar-denominated cash position that included income related to the sale of our stake in Coca-Cola FEMSA Philippines, Inc.

Due to the deconsolidation of Coca-Cola FEMSA de Venezuela, no monetary position in hyperinflationary subsidiaries was recorded in the first six months of 2018. Nevertheless, with the reporting of Argentina as of July 1, 2018, a gain of Ps. 212 million was recorded in monetary position in hyperinflationary subsidiaries for the second half of 2018, compared to a gain of Ps. 1,591 million related to Venezuela for the full year of 2017.

Market value on financial instruments recorded a loss of Ps. 314 million, compared to a gain of Ps. 246 million in 2017, due to the decrease in long-term interest rates in Brazil as applied to our fixed rate cross-currency swaps, during the period.

Income tax: In 2018, reported income tax as a percentage of income before taxes was 31.0%.

Net income: Consolidated net controlling interest income reached Ps. 13,910.2 million in 2018, which includes one-time income related to the sale of the stake in the Philippines, as compared to a loss of Ps. 12,802.1 million during 2017, which included a one-time non-cash charge related to the deconsolidation of Venezuela. For 2018, earnings per share (EPS) was Ps. 6.62 (Ps. 66.21 per ADS). Earnings per share from continuing operations was Ps. 5.21 (Ps. 52.05 per ADS).

Operating cash flow: Operating cash flow decreased 2.3% to Ps. 35,455.7 million, and operating cash flow margin contracted 40 basis points.

Results from discontinued operations

On August 16, 2018, KOF announced the exercise of the put option to sell its 51% stake in Coca-Cola FEMSA Philippines, Inc. The transaction was subsequently closed on December 13, 2018. Therefore, the Philippines is presented as a discontinued operation as of January 1, 2018, and the consolidated income statements presented herein are re-presented as if the Philippines had been discontinued from February 2017, date of the consolidation of said operation.

During 2018, the result of discontinued operations reached Ps. 3,366 million as compared to Ps. 3,726 million in the same period of the previous year.
