Item 2.04 Triggering Events That Accelerate or Increase a Direct Financial Obligation or an Obligation Under an Off-Balance Sheet Arrangement.

By letter dated July 21, 2006, J.P. Morgan Trust Company, trustee for certain of the Company's notes and debentures, accelerated the payment of the Company's 7.125% Debentures due April 1, 2028, principal amount of \$55 million (the "Debentures"). The Company reported the event of default triggering the acceleration, the delayed filing of financial statements and an Officer's Certificate relating to the Company's compliance with the terms of the indenture, in its Form 10-K filed on March 31, 2006 and its 8-K filed April 10, 2006. On July 25, 2006, the Company repaid the Debentures in full at a cost of \$56,251,822.92 (principal plus all accrued and unpaid interest). As anticipated, the Company has drawn on the term loans in its credit facility to meet the accelerated payment requirements. The accelerated repayment of the Debentures, and other previously reported accelerated obligations, is expected to result in the Comapny taking a pre-tax charge in the period ended June 30, 2006 of approximately \$2.5 million related to the immediate expensing of unamortized debt issuance costs and original issue discounts.
