**Item 8.01 Other Events.**

On March 12, 2007, EDN Sovintel LLC ("Sovintel"), a wholly-owned subsidiary of Golden Telecom, Inc. (the "Company"), responded by letter to Rossvyaznadzor concerning allegations by Rossvyaznadzor of improper routing of traffic by Sovintel. Rossvyaznadzor is the Russian government agency responsible for the control and supervision of information technology and communications. Rossvyaznadzor had warned Sovintel that it should remedy certain alleged violations in traffic routing, following an inspection by Rossvyaznadzor of certain telephone calls of an independent operator. Following the warning, Sovintel conducted its own investigation of the calls and determined that many of the calls were not made through its network and, of those calls that did go through its network, all were routed in accordance with existing regulations and Sovintel's license. Sovintel notified Rossvyaznadzor of its findings and that it believes that it has not violated its licenses. The press release announcing such matter is attached hereto as Exhibit 99.1 and is incorporated herein by reference.
