Pan American Silver Corp. and Aquiline Resources Inc. Mail Take-Over Bid Circular and Directors' Circular

Next step in previously announced friendly take-over offer

(Note: All currency figures are in CDN\$, unless otherwise indicated)

Vancouver, British Columbia – October 30, 2009 – Pan American Silver Corp. (“Pan American”) (TSX:PAA; NASDAQ:PAAS) and Aquiline Resources Inc. (“Aquiline”) (TSX:AQI) are pleased to announce that Pan American has mailed to securityholders of Aquiline its take-over bid circular dated October 30, 2009 and related documents in connection with its previously announced offers for all of the issued and outstanding common shares of Aquiline (the “Share Offer”) and each outstanding series of Aquiline warrants and the Aquiline convertible debenture (together, the “Convertible Security Offers”). The total value implied by all of the offers is approximately \$626 million, based on closing prices on the day prior to public announcement of the transaction.

Included in the mailing to Aquiline securityholders is Aquiline's directors' circular, also dated October 30, 2009. The board of directors of Aquiline has unanimously determined that the Share Offer is fair to Aquiline shareholders and in the best interest of Aquiline and unanimously recommends that Aquiline shareholders accept the Share Offer and deposit their Aquiline common shares to the Share Offer. The board of directors of Aquiline is making no recommendation as to whether any holders of Aquiline warrants and the Aquiline convertible debenture should accept or reject any of the Convertible Security Offers.

BMO Capital Markets, financial advisor to Aquiline, has delivered a fairness opinion to the board of directors of Aquiline in connection with the Share Offer. Cormark Securities Inc. also delivered a fairness opinion to the board of directors of Aquiline in connection with the Share Offer. Pan American’s exclusive financial advisor for this transaction is Goldman, Sachs & Co. Based on the closing price of Pan American common shares on the TSX on October 13th, 2009, being the last trading day prior to announcement of the offers (and assuming a value of \$0.81 for each 0.1 of a five year Pan American Warrant (a "Five Year Pan American Warrant"), the implied value of the Share Offer is \$7.47 per Aquiline common share, which represents a premium of approximately 36.6% over the closing price of Aquiline common shares on the TSX on the same date, and a 62.0% premium to Aquiline’s 10-day volume weighted average price. Upon successful completion of the transaction, Aquiline shareholders will own approximately 19% of the enlarged Pan American.

The Share Offer was made on the basis of 0.2495 of a Pan American common share, plus 0.1 of a Five Year Pan American Warrant for each Aquiline common share. Each whole Five Year Pan American Warrant will entitle the holder to acquire one Pan American common share at a price of \$35.00 per Pan American common share for a period of five years after the date on which Pan American first pays for Aquiline common shares tendered to the Share Offer. The consideration offered pursuant to the Convertible Security Offers will consist of replacement Pan American securities, exercisable to acquire Pan American common shares, with similar terms to the respective Aquiline securities, subject to an adjustment based on a 0.2495 exchange ratio.

Pan American has entered into lock-up agreements with each of the directors and senior officers of Aquiline, pursuant to which 6,447,096 common shares of Aquiline and 1,758,333 in-the-money

Aquiline options (assumed to be converted into Aquiline shares prior to the expiry of the Mandatory Extension (as defined in the take-over bid circular)), together representing approximately 9.79% of the issued and outstanding common shares of Aquiline (on a partially-diluted basis, as defined in the take-over bid circular) and 38,000 Aquiline Warrants have been locked-up and committed to being tendered to the offers.

The details of the offers are contained in the take-over bid circular. The take-over bid circular and related documents have been filed on SEDAR and EDGAR, and the directors' circular has been filed on SEDAR. The offers will be open for acceptance until 9:00 p.m. Eastern Time on December 7, 2009, unless the offers are extended or withdrawn by Pan American. The Share Offer is conditional upon, among other things, valid acceptance by Aquiline shareholders owning enough number of Aquiline common shares, which together with Aquiline common shares owned by Pan American and affiliates, would constitute not less than 66 2/3% of the outstanding common shares of Aquiline on a Partially-Diluted Basis (as defined in the take-over bid circular).

Aquiline Securityholders may obtain a copy of the take-over bid circular, letters of transmittal and notice of guaranteed delivery at the SEDAR web site at www.sedar.com, at the EDGAR web site at www.sec.gov, at the Pan American web site at www.panamericansilver.com and from the information agent, Kingsdale Shareholder Services Inc. ("Kingsdale"), who may be contacted toll-free at 1-888-518-6824. Copies of the directors' circular may be obtained at the SEDAR web site at www.sedar.com and at Aquiline's web site at www.aquiline.com. The Depositary for the offers is Kingsdale. Inquiries should be directed to the Depositary toll-free at 1-888-518-6824 or contactus@kingsdaleshareholders.com.

Cautionary Note Regarding Forward-Looking Statements

Certain of the statements and information in this news release constitute “forward looking statements” within the meaning of the United States' Private Securities Litigation Reform Act of 1995 and “forward looking information” within the meaning of applicable Canadian provincial securities laws relating to Pan American, Aquiline and their respective operations. All statements, other than statements of historical fact, are forward looking statements. These forward looking statements or information relate to, among other things: the timing and prospects for Aquiline securityholder acceptance of the offers and the implementation thereof. These statements reflect the current views of Pan American and Aquiline, respectively with respect to future events and are necessarily based upon a number of assumptions and estimates that, while considered reasonable by each of Pan American and Aquiline, respectively, are inherently subject to significant business, economic, competitive, political and social uncertainties and contingencies. Many factors, both known and unknown, could cause actual results, performance or achievements to be materially different from the results, performance or achievements that are or may be expressed or implied by such forward looking statements contained in this news release and both Pan American and Aquiline, respectively, has made assumptions based on or related to many of these factors. Such factors include without limitation: the fluctuations in spot and forward markets for silver, gold, base metals and certain other commodities (such as natural gas, fuel oil and electricity); fluctuations in currency markets (such as the Argentine peso, Peruvian sol, Mexican peso and Bolivian boliviano versus the U.S. dollar); risks related to the technological and operational nature of Pan American and Aquiline’s businesses, respectively; changes in national and local government, permitting, legislation, taxation, controls or regulations and political or economic developments in Canada, the United States, Argentina, Mexico, Peru, Bolivia or other countries where Pan American and Aquiline may carry on business in the future; risks and hazards associated with the business of mineral exploration, development and mining (including environmental hazards, industrial accidents, unusual or unexpected geological or structural formations, pressures, cave-ins and flooding); inadequate insurance, or inability to obtain insurance, to cover these risks and hazards; employee relations; availability and increasing costs associated with mining inputs and labor; the speculative nature of mineral exploration and development, including the risks of obtaining necessary licenses and permits; diminishing quantities or grades of mineral reserves as properties are mined; global financial conditions; business opportunities that may be presented to, or pursued by Pan American or Aquiline; Pan American’s ability to complete and successfully integrate acquisitions; challenges to Pan American’s or Aquiline’s title to properties; litigation, the actual results of current exploration activities, conclusions of economic evaluations, and changes in project parameters to deal with unanticipated economic or other factors; discrepancies between actual and estimated production, price volatility, increased competition in the mining industry for properties, equipment, qualified personnel, and their costs; and those factors identified under the captions “Business Combination Risks” in the take-over bid circular and “Risks Related to Pan American’s Business” in Pan American’s most recent Form 40-F and annual information form filed with the United States Securities and Exchange Commission and Canadian provincial securities regulatory authorities

and those factors identified under the caption “description of business - risk factors” in Aquiline’s annual information form filed with certain Canadian provincial securities regulatory authorities and elsewhere in Aquiline documents filed from time to time with applicable regulatory authorities. Investors are cautioned against attributing undue certainty or reliance on forward-looking statements. Although Pan American and Aquiline, respectively, have attempted to identify important factors that could cause actual results to differ materially, there may be other factors that cause results not to be as anticipated, estimated, described or intended. Pan American and Aquiline do not intend, and do not assume any obligation, to update these forward-looking statements or information to reflect changes in assumptions or changes in circumstances or any other events affecting such statements or information, other than as required by applicable law.
