Fund Summary as of June 30, 2008 (Unaudited)

Fund Information

Symbol on New York Stock Exchange	RCC
Initial Offering Date	July 29, 2005
Yield on Closing Market Price as of June 30, 2008 (\$14.70)*	13.61%
Current Semi-Annual Distribution per share of Common Stock**	\$1.00
Current Annualized Distribution per share of Common Stock**	\$2.00

* Yield on closing market price is calculated by dividing the current annualized distribution per share by the closing market price. Past performance does not guarantee future results.

** The distribution is not constant and is subject to change. A portion of the distribution may be deemed a tax return of capital or net realized gain at fiscal year end.

The table below summarizes the changes in the Fund's market price and net asset value for the six-month period:

	6/30/08 (a)	12/31/07	Change	High	Low
Market Price	\$ 14.70	\$ 15.74	(6.61%)	\$ 17.07	\$ 12.81
Net Asset Value	\$ 15.02	\$ 17.19	(12.62%)	\$ 17.20	\$ 14.99

(a) For the six-month period, the Common Stock of the Fund had a total investment return of (6.55%) based on net asset value per share and (.11%) based on market price per share, assuming reinvestment of dividends. For the same period, the Fund's unmanaged reference index, the Russell 2000® Index, had a total investment return of (9.37%). The reference index has no expenses associated with performance.

Does not include reinvestment of dividends.

Summary Schedule of Investments as of June 30, 2008 (Unaudited)

This summary schedule of investments is presented to help investors focus on the Fund's principal holdings. It includes the Fund's 50 largest holdings and each investment of any issuer that exceeds 1% of the Fund's net assets. Other Securities represent all issues not required to be disclosed under the rules adopted by the Securities and Exchange Commission. In addition, the summary schedule of investments allows the adviser certain efficiencies. As such, any cost savings in report production or printing are passed on to the Fund and, ultimately to Fund shareholders. A complete schedule of investments is available without charge, upon request, by calling 1-877-449-4742 or on the Securities and Exchange Commission's website at <http://www.sec.gov>.

Summary Schedule of Investments (concluded)

Effective January 1, 2008, the Fund adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 price quotations in active markets/exchanges for identical securities

Level 2 other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Fund's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Fund's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1(a) of the Notes to Financial Statements.

The following table summarizes the inputs used as of June 30, 2008 in determining the fair valuation of the Fund's investments:

Valuation Inputs	Investments in Securities	Other Financial Instruments
Level 1	\$ 204,592,310	\$ (1,706,790)
Level 2		
Level 3		
Total	\$ 204,592,310	\$ (1,706,790)

Other financial instruments are futures and options.

Notes to Financial Statements (Unaudited)

1. Significant Accounting Policies:

Small Cap Premium & Dividend Income Fund Inc. (the Fund) is registered under the Investment Company Act of 1940, as amended (the Investment Company Act), as a diversified, closed-end management investment company with a fixed term of existence of approximately five years. The Fund's financial statements are prepared in conformity with U.S. generally accepted accounting principles, which may require the use of management accruals and estimates. Actual results may differ from these estimates. These unaudited financial statements reflect all adjustments, which are, in the opinion of management, necessary to present a fair statement of the results for the interim period. All such adjustments are of a normal, recurring nature. The Fund determines and makes available for publication the net asset value of its Common Stock on a daily basis. The Fund's Common Stock shares are listed on the New York Stock Exchange (NYSE) under the symbol RCC. The following is a summary of significant accounting policies followed by the Fund.

(a) Valuation of investments Equity securities held by the Fund that are traded on stock exchanges or the NASDAQ Global Market are valued at the last sale price or official close price on the exchange, as of the close of business on the day the securities are being valued or, lacking any sales, at the last available bid price for long positions, and at the last available asked price for short positions. In cases where equity securities are traded on more than one exchange, the securities are valued on the exchange designated as the primary market by or under the authority of the Board of Directors of the Fund. Long positions traded in the over-the-counter (OTC) market, NASDAQ Capital Market or Bulletin Board are valued at the last available bid price or yield equivalent obtained from one or more dealers or pricing services approved by the Board of Directors of the Fund. Short positions traded in the OTC market are valued at the last available asked price. Portfolio securities that are traded both in the OTC market and on a stock exchange are valued according to the broadest and most representative market.

Exchange-traded options are valued at the mean between the last bid and ask prices at the close of the options market in which the options trade. Options traded in the OTC market are valued at the last asked price (options written) or the last bid price (options purchased). Swap agreements are valued based upon quoted fair valuations received daily by the Fund from a pricing service or counterparty. Financial futures contracts and options thereon, which are traded on exchanges, are valued at their last sale price as of the close of such exchanges. Obligations with remaining maturities of 60 days or less are valued at amortized cost unless the investment adviser believes that this method no longer produces fair valuations.

Repurchase agreements are valued at cost plus accrued interest. The Fund employs pricing services to provide certain securities prices for the Fund. Securities and assets for which market quotations are not readily available are valued at fair value as determined in good faith by or under the direction of the Board of Directors of the Fund, including valuations furnished by the pricing services retained by the Fund, which may use a matrix system for valuations. The procedures of a pricing service and its valuations are reviewed by the officers of the Fund under the general supervision of the Fund's Board of Directors. Such valuations and procedures will be reviewed periodically by the Board of Directors of the Fund.

Generally, trading in foreign securities, as well as U.S. government securities, money market instruments and certain fixed income securities, is substantially completed each day at various times prior to the close of business on the NYSE. The values of such securities used in computing the net asset value of the Fund's shares are determined as of such times. Foreign currency exchange rates generally will be determined as of the close of business on the NYSE. Occasionally, events affecting the values of such securities and such exchange rates may occur between the times at which they are determined and the close of business on the NYSE that may not be reflected in the computation of the Fund's net asset value. If events (for example, a company announcement, market volatility or a natural disaster) occur during such periods that are expected to materially affect the value of such securities, those securities may be valued at their fair value as determined in good faith by the Fund's Board of Directors or by the investment adviser using a pricing service and/or procedures approved by the Fund's Board of Directors.

(b) Derivative financial instruments The Fund will engage in various portfolio investment strategies, both to enhance its returns or as a proxy for a direct investment in securities underlying the Fund's index. Losses may arise due to changes in the value of the contract due to an unfavorable change in the price of the underlying security or index, or if the counterparty does not perform under the contract. The counterparty for certain instruments may pledge cash or securities as collateral.

Options The Fund writes call options. When the Fund writes an option, an amount equal to the premium received by the Fund is reflected as an asset and an equivalent liability. The amount of the liability is subsequently marked-to-market to reflect the current market

Notes to Financial Statements (continued)

value of the option written. When a security is purchased or sold through an exercise of an option, the related premium paid (or received) is added to (or deducted from) the basis of the security acquired or deducted from (or added to) the proceeds of the security sold. When an option expires (or the Fund enters into a closing transaction), the Fund realizes a gain or loss on the option to the extent of the premiums received or paid (or gain or loss to the extent the cost of the closing transaction exceeds the premium paid or received). Written options are non-income producing investments.

Financial futures contracts The Fund may purchase or sell financial futures contracts and options on such financial futures contracts. Financial futures contracts are contracts for delayed delivery of securities at a specific future date and at a specific price or yield. Upon entering into a contract, the Fund deposits, and maintains as collateral, such initial margin as required by the exchange on which the transaction is effected. Pursuant to the contract, the Fund agrees to receive from or pay to the broker an amount of cash equal to the daily fluctuation in value of the contract. Such receipts or payments are known as variation margin and are recorded by the Fund as unrealized gains or losses. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed.

(c) Income taxes It is the Fund's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute substantially all of its taxable income to its shareholders. Therefore, no federal income tax provision is required.

(d) Security transactions and investment income Security transactions are recorded on the dates the transactions are entered into (the trade dates). Realized gains and losses on security transactions are determined on the identified cost basis. Dividend income is recorded on the ex-dividend dates. Interest income is recognized on the accrual basis.

(e) Dividends and distributions Dividends and distributions paid by the Fund are recorded on the ex-dividend dates. For the current period ended, June 30, 2008, Fund management believes it is likely total dividends and distributions may exceed net investment income and accumulated realized capital gains, resulting in a portion of the total distribution treated as a return of capital. Portions of the distributions paid by the Fund during the year ended December 31, 2007 were characterized as a tax return of capital.

(f) Offering expenses Direct expenses relating to the public offering of the Fund's Common Stock were charged to capital at the time of issuance of the shares. Any adjustments to estimates of offering costs were recorded to capital.

(g) Recent accounting pronouncement Effective June 29, 2007, the Fund implemented Financial Accounting Standards Board (FASB) Interpretation No. 48, Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109 (FIN 48). FIN 48 prescribes the minimum recognition threshold a tax position must meet in connection with accounting for uncertainties in income tax positions taken or expected to be taken by an entity, including investment companies, before being measured and recognized in the financial statements. Management has evaluated the application of FIN 48 to the Fund, and has determined that the adoption of FIN 48 does not have a material impact on the Fund's financial statements. The Fund files U.S. and various state tax returns. To the best of our knowledge, no income tax returns are currently under examination. All tax years of the Fund are open at this time.

2. Investment Advisory Agreement and Transactions with Affiliates:

The Fund has entered into an Investment Advisory and Management Agreement with IQ Investment Advisors LLC (IQ Advisors), an indirect, wholly owned subsidiary of Merrill Lynch & Co., Inc. (ML & Co.). IQ Advisors is responsible for the investment advisory, management and administrative services to the Fund. In addition, IQ Advisors provides the necessary personnel, facilities, equipment and certain other services necessary to the operations of the Fund. For such services, the Fund pays a monthly fee at an annual rate equal to .90% of the average daily value of the Fund's net assets plus borrowings for leverage and other investment purposes. In addition, IQ Advisors has entered into a Subadvisory Agreement with BlackRock Investment Management, LLC (the Subadviser), an indirect, wholly owned subsidiary of BlackRock, Inc. (BlackRock), pursuant to which the Subadviser provides certain investment advisory services to IQ Advisors with respect to the Fund. For such services, IQ Advisors pays the Subadviser a monthly fee at an annual rate of .39% of the average daily value of the Fund's net assets plus borrowings for leverage and other investment purposes. There is no increase in the aggregate fees paid by the Fund for these services.

IQ Advisors has entered into an Administration Agreement with Princeton Administrators, LLC (the Administrator). The Administration Agreement provides that IQ Advisors pays the

Notes to Financial Statements (concluded)

Administrator a fee from its investment advisory fee at an annual rate equal to .12% of the average daily value of the Fund's net assets plus borrowings for leverage and other investment purposes for the performance of administrative and other services necessary for the operation of the Fund. There is no increase in the aggregate fees paid by the Fund for these services. The Administrator is an indirect, wholly owned subsidiary of BlackRock. ML & Co. is a principal owner of BlackRock.

Merrill Lynch, Pierce, Fenner & Smith Incorporated, an affiliate of IQ Advisors, received \$4,791 in commissions on the execution of portfolio security transactions for the Fund for the six months ended June 30, 2008.

Certain officers of the Fund are officers and/or directors of IQ Advisors, ML & Co. and/or BlackRock or their affiliates.

3. Investments:

Purchases and sales of investments, excluding short-term securities, for the six months ended June 30, 2008 were \$31,114,314 and \$39,272,731, respectively.

Transactions in options written for the six months ended June 30, 2008 were as follows:

	Number of Contracts	Premiums Received
Outstanding call options written, at beginning of period	1,500	\$ 3,235,500
Options written	11,735	20,018,903
Options closed	(11,485)	(21,627,194)
Outstanding call options written, at end of period	1,750	\$ 1,627,209

4. Common Stock Transactions:

The Fund is authorized to issue 100,000,000 shares of stock, par value \$.001 per share, all of which were initially classified as Common Stock. The Board of Directors is authorized, however, to classify and reclassify any unissued shares of Common Stock without approval of the holders of Common Stock.

Shares issued and outstanding during the six months ended June 30, 2008 remained constant. Shares issued and outstanding during the year ended December 31, 2007 increased by 82,012 as a result of dividend and distribution reinvestments and decreased by 49,300 as a result of a repurchase offer.

Subject to the approval of the Board of Directors, the Fund will make offers to repurchase its shares at annual (approximately 12-month) intervals. The shares tendered in the repurchase offer will be subject to a repurchase fee retained by the Fund to compensate the Fund for expenses directly related to the repurchase offer.

With regard to repurchase fees, IQ Advisors will reimburse the Fund for the cost of expenses paid in excess of 2% of the value of the shares that are repurchased.

5. Subsequent Event:

On July 18, 2008, 206,725 shares (1.52% of the shares outstanding) were repurchased by the Fund from its shareholders at \$15.08 per share, (subject to a repurchase fee of \$0.3016 per share) for \$3,055,064, pursuant to the Fund's repurchase offer.

Renewal of Current Investment Advisory and Management Agreement

The Board of Directors of each of S&P 500[®] GEAREDSM Fund Inc. (S&P GEARED), Defined Strategy Fund Inc. (Defined Strategy), S&P 500[®] Covered Call Fund Inc. (Covered Call), Dow 30 Premium & Dividend Income Fund Inc. (Dow 30), Small Cap Premium & Dividend Income Fund Inc. (Small Cap), Enhanced S&P 500 Covered Call Fund Inc. (Enhanced Covered Call), Global Income & Currency Fund Inc. (Global Income), NASDAQ Premium Income & Growth Fund Inc. (NASDAQ Premium) and Dow 30 Enhanced Premium & Income Fund Inc. (Dow 30 Enhanced) (each, a Fund and collectively, the Funds), currently consisting solely of Independent Directors, as defined in Section 2(a)(19) of the Investment Company Act of 1940, as amended (the Investment Company Act), has the responsibility under the Investment Company Act to consider annually the Investment Advisory and Management Agreement of each Fund (each, a Management Agreement and together, the Management Agreements) with IQ Investment Advisors LLC (IQ Advisors).

At a Board meeting held on June 5, 2008, all of the Directors present at the meeting renewed the Management Agreement for each Fund for an additional one-year term. Each Management Agreement was considered separately by the relevant Fund's Directors. In considering whether to approve the continuance of the Management Agreement, the Directors reviewed materials from counsel to the Funds and from IQ Advisors including: (i) information concerning the services rendered to the Funds by IQ Advisors and its affiliates; (ii) information concerning the revenues and expenses incurred by IQ Advisors and its affiliates from the operation of the Funds; (iii) a memorandum outlining the legal duties of the Directors under the Investment Company Act; and (iv) information from Lipper, Inc. (Lipper) comparing each Fund's fee rate for advisory and administrative services to those of other closed-end funds chosen by Lipper. Each Management Agreement was considered separately by the relevant Fund's Directors. The Directors were represented by independent legal counsel who assisted them in their deliberations. In voting to approve the continuation of each Fund's Management Agreement, the Directors considered in particular the following factors:

(a) The nature, extent and quality of services provided by IQ Advisors and its affiliates The Directors reviewed the services that IQ Advisors has provided to the Funds. They considered the size and experience of IQ Advisors' staff, its use of technology, and the degree to which IQ Advisors exercises supervision over the actions of the Fund's subadviser. In connection with the investment advisory services provided, the Directors took into account detailed discussions they had with officers of IQ Advisors regarding the management of each Fund's investments in accordance with each Fund's stated investment objective and policies and the types of transactions entered into on behalf of each Fund. During these discussions, the Directors asked detailed questions of, and received answers from, the officers of IQ Advisors regarding the implementation of each Fund's investment strategy, its efficacy and risks.

In addition to the investment advisory services provided to the Funds, the Directors considered that IQ Advisors and its affiliates also provide administrative services, stockholder services, oversight of Fund accounting, marketing services, assistance in meeting legal and regulatory requirements and other services necessary for the operation of the Funds. In particular, the Directors reviewed the compliance and administrative services provided to the Funds by IQ Advisors, including its oversight of each Fund's day-to-day operations and its oversight of Fund accounting. The Directors noted that IQ Advisors has access to administrative, legal and compliance resources that help ensure a high level of quality in the compliance and administrative services provided to the Funds. The Directors also considered each Fund's compliance history. Following their consideration of this information, and based on the presentations at the Meeting and the Directors' experience as Directors of other investment companies advised by IQ Advisors, the Directors concluded that the services provided to each Fund by IQ Advisors under the respective Management Agreement were of a high quality and benefited the Fund.

(b) Investment performance of each Fund and IQ Advisors The Directors considered the history, experience, resources and strengths of IQ Advisors and its affiliates in developing and implementing the investment strategies used by each Fund. The Directors also considered the innovative nature of each Fund. The Directors noted the specialized nature of each Fund's investment strategy and the inherent limitations in comparing a Fund's investment performance to that of another investment company. The Directors reviewed each Fund's investment performance and, where applicable, compared such performance to the performance of a relevant reference index. The Directors discussed the degree to which each Fund was achieving its investment objective. In particular, the Directors noted that the Funds generally performed as expected and met their respective investment objectives. As a result of their discussions and review, the Directors concluded that each Fund's performance was satisfactory. Based on

Renewal of Current Investment Advisory and Management Agreement (continued)

these factors, the Directors determined that IQ Advisors continued to be an appropriate investment adviser for the Funds.

(c) Cost of services provided and profits realized by IQ Advisors and its affiliates from the relationship with each of the Funds The Directors reviewed and considered a memorandum from IQ Advisors regarding the methodology used by IQ Advisors in allocating its costs regarding the operations of the Funds and calculating each Fund's profitability to IQ Advisors and its affiliates. The Directors also reviewed a report detailing IQ Advisors' profitability. After considering their discussion with IQ Advisors and reviewing its memorandum and report, the Directors concluded that there was a reasonable basis for the allocation of costs and the determination of profitability. The Directors considered the cost of the services provided by IQ Advisors to each Fund and the revenue derived by IQ Advisors and its affiliates. The Directors took into account discussions that they had with representatives of IQ Advisors regarding its general level of profitability (if any), and the profits derived by its affiliate, BlackRock, Inc. (BlackRock) from operating the Funds. The Directors also considered the direct and indirect benefits derived by other IQ Advisors affiliates, including Merrill Lynch, Pierce, Fenner & Smith Incorporated (MLPF&S), from the establishment of the Funds, including the underwriting arrangements relating to the initial distribution of Fund shares. The Directors considered federal court decisions discussing an investment adviser's profitability and profitability levels considered to be reasonable in those decisions. The Directors concluded that any profits made by IQ Advisors and its affiliates (including BlackRock and MLPF&S) are acceptable in relation to the nature, extent and quality of services provided. The Directors also concluded that each Fund benefited from such services provided by IQ Advisors' affiliates.

(d) The extent to which economies of scale would be realized as a Fund grows and whether fee levels would reflect such economies of scale The Directors considered the extent to which economies of scale might be realized if the assets of a Fund were to increase and whether there should be changes in the management fee rate or structure in order to enable a Fund to participate in these economies of scale. The Directors noted that, because each Fund is a closed-end fund, any increase in asset levels generally would have to come from appreciation through investment performance. The Directors also noted that each Fund, other than Dow 30, NASDAQ Premium, Dow 30 Enhanced and Covered Call, is an interval fund that periodically allows stockholders to tender their shares to the Fund and that such tender offers reduce the amount of Fund assets. In consideration of these and other factors, the Directors determined that no changes were currently necessary to each Fund's fee structure. The Directors also discussed the renewal requirements for investment advisory agreements, and determined that they would revisit this issue no later than when they next review the investment advisory fees.

(e) Comparison of services rendered and fees paid to those under other investment advisory contracts, such as contracts of the same and other investment advisers or other clients The Directors compared both the services rendered and the fees paid under the Management Agreements to the contracts of other investment advisers with respect to other closed-end registered investment companies. In particular, the Directors evaluated each Fund's contractual fee rate for advisory and administrative services as compared to the contractual fee rate of other closed-end funds chosen by Lipper. In considering this information, the Directors took into account the nature of the investment strategies of the Funds and the fact that the relevant peer group of funds provided by Lipper for comparison have investment strategies and restrictions different from those of the Funds. The Directors did not consider compensation paid to IQ Advisors with respect to accounts other than registered investment companies because IQ Advisors utilizes each Fund's strategy in connection with only registered funds. In particular, the Directors noted that each Fund's contractual advisory fee rate at a common asset level was equal to or lower than the median fee rate of its Lipper comparison funds. The Directors concluded that the advisory fee rates were reasonable in comparison to the data reflected in the Lipper materials.

(f) Conclusion No single factor was determinative to the decision of the Directors. Based on the foregoing and such other matters as were deemed relevant, all of the Directors concluded that the advisory fee rate of each Fund was reasonable in relation to the services provided by IQ Advisors to the Funds, as well as the costs incurred and benefits gained by IQ Advisors and its affiliates in providing such services, including the investment advisory and administrative components. The Directors also found the investment advisory fees to be reasonable in comparison to the fees charged by advisers to other funds in the Lipper comparison. As a result, the Board of Directors of each Fund approved the continuation of the Management Agreement for each Fund. The Directors were represented by independent legal counsel who assisted them in their deliberations.

Renewal of Current Investment Advisory and Management Agreement (continued)**Continuation of Current Investment Subadvisory Agreements**

In considering whether to approve the continuance of the current Investment Subadvisory Agreement of each Fund (each, a "Subadvisory Agreement" and, collectively, the "Subadvisory Agreements") for an additional annual period, the Directors received, reviewed and evaluated information concerning the services and personnel of: BlackRock Investment Management, LLC, as subadviser to each of S&P GEARED and Small Cap; Oppenheimer Capital LLC, as subadviser to each of Covered Call and Enhanced Covered Call; Nuveen HydePark Group, LLC ("Nuveen HydePark"), as subadviser to Dow 30, Dow 30 Enhanced, NASDAQ Premium and Defined Strategy, and Nuveen Asset Management ("NAM"), as subadviser to Global Income (each, a "Subadviser" and, collectively, the "Subadvisers"). Each Subadvisory Agreement was considered separately by the relevant Fund's Directors. In voting to approve the continuation of each Fund's Subadvisory Agreement, the Directors considered the following:

(a) The nature, extent and quality of services provided by each Subadviser The Directors reviewed the services that each Subadviser provides to each of their respective Funds. The Directors considered their detailed discussions with officers of IQ Advisors and members of each Subadviser's portfolio management team, the management of each Fund's investments in accordance with the Fund's stated investment objective and policies and the types of transactions that have been entered into on behalf of the Funds. The Directors took into account the annual due diligence investment review of each Subadviser and the report that concluded that each such Subadviser has thus far executed its respective Fund's investment strategies in accordance with the Fund's objectives and general expectations. Drawing on their collective industry experience, the Directors noted that they had discussed each Fund's investment strategy with representatives from the respective Subadviser, including discussions regarding the premises underlying the Fund's investment strategy, its efficacy and potential risks. The Directors also considered the favorable history, reputation and background of each Subadviser and its personnel, and the substantial experience of such Subadviser's portfolio management team. The Directors discussed the compliance program of each Subadviser and the report of the chief compliance officer of the Funds. Following consideration of this information, and based on management presentations during the Board meeting and their discussions in Executive Session, the Directors concluded that the nature, extent and quality of services provided to each Fund by the applicable Subadviser under its Subadvisory Agreement were of a high quality and would continue to benefit the respective Fund.

(b) Investment performance of each Fund and each Subadviser The Directors received and considered information about each Fund's investment performance in light of its stated investment objective and made the determinations discussed above under "Continuation of Current Investment Advisory and Management Agreements." Based on these factors, the Directors determined that each Subadviser continued to be appropriate for each of its respective Funds.

(c) Cost of services provided and profits realized by each Subadviser from the relationship with each respective Fund The Directors considered the profitability to BlackRock of serving as investment subadviser to two Funds and from its relationship with IQ Advisors based on the information discussed above under "Continuation of Current Investment Advisory and Management Agreements." Based on such information, the Directors concluded that BlackRock's profits were acceptable in relation to the nature, extent and quality of services provided. The Directors noted that profitability data was not provided with respect to the other Subadvisers of the Funds and concluded that such data was unnecessary because such subadvisory arrangements were entered into at arm's length between IQ Advisors and each such Subadviser (including NAM and Nuveen HydePark, with which subadvisory arrangements were originally negotiated prior to the investment in their parent company by an affiliate of IQ Advisors). The Directors then considered the potential direct and indirect benefits to each Subadviser and its affiliates from their relationship with each of their respective Funds, including the reputational benefits from managing the Funds. The Directors of each Fund concluded that the potential benefits to each Subadviser were consistent with those obtained by other subadvisers in similar types of arrangements.

Renewal of Current Investment Advisory and Management Agreement (concluded)

(d) The extent to which economies of scale would be realized as a Fund grows and whether fee levels would reflect such economies of scale The Directors considered the extent to which economies of scale might be realized if the assets of a Fund were to increase and whether there should be changes in the subadvisory fee rate or structure in order to enable a Fund to participate in these economies of scale. The Directors noted that each Subadviser's fees are paid by IQ Advisors out of its fees and not directly by the Funds. The Directors noted that, because each Fund is a closed-end fund, any increase in asset levels would have to come from appreciation due to investment performance. The Directors also noted that each Fund, other than Dow 30, NASDAQ Premium, Dow 30 Enhanced and Covered Call, is an interval fund that periodically allows stockholders to tender their shares to the Fund and that such tender offers reduce the amount of Fund assets. The Directors also discussed the renewal requirements for subadvisory agreements, and determined that they would revisit this issue no later than when they next review the subadvisory fee.

(e) Comparison of services rendered and fees paid to those under other subadvisory contracts, such as contracts of the same and other investment advisers or other clients The Directors discussed the services rendered by each Subadviser and determined that such services were consistent with those provided by subadvisers generally and sufficient for the management of the Funds. Taking into account the totality of the information and materials provided to the Directors as noted above, including the fact that the subadvisory fee for each Fund was negotiated with IQ Advisors and not payable directly by the Fund, the Directors concluded that the subadvisory fee for each Fund was reasonable for the services being rendered.

Conclusion No single factor was determinative to the decision of the Directors. Based on the foregoing and such other matters as were deemed relevant, all of the Directors concluded that the subadvisory fee rate of each Fund was reasonable in relation to the services provided by the respective Subadviser. As a result, all of the Directors approved the continuation of the Subadvisory Agreement for each Fund. The Directors were represented by independent legal counsel who assisted them in their deliberations.

Fundamental Periodic Repurchase Policy

The Board of Directors approved a fundamental policy whereby the Fund would adopt an interval fund structure pursuant to Rule 23c-3 under the Investment Company Act of 1940, as amended (the Investment Company Act). As an interval fund, the Fund will make annual repurchase offers at net asset value (less repurchase fee not to exceed 2%) to all Fund shareholders. The percentage of outstanding shares that the Fund can repurchase in each offer will be established by the Fund's Board of Directors shortly before the commencement of each offer, and will be between 5% and 25% of the Fund's then outstanding shares.

The Fund has adopted the following fundamental policy regarding periodic repurchases:

- a) The Fund will make offers to repurchase its shares at annual (approximately 12-month) intervals pursuant to Rule 23c-3 under the Investment Company Act (Offers). The Board of Directors may place such conditions and limitations on an Offer, as may be permitted under Rule 23c-3.
- b) The repurchase request deadline for each Offer, by which the Fund must receive repurchase requests submitted by shareholders in response to the most recent Offer, will be on approximately the anniversary of the prior year's repurchase request deadline; and will be the fourteenth day prior to such exercise date; provided, that in the event that such day is not a business day, the repurchase request deadline will be the business day subsequent to the fourteenth day prior to the exercise date of the call spreads and written call options (the Repurchase Request Deadline).
- c) The maximum number of days between a Repurchase Request Deadline and the next repurchase pricing date will be fourteen days; provided that if the fourteenth day after a Repurchase Request Deadline is not a business day, the repurchase pricing date shall be the next business day (the Repurchase Pricing Date).
- d) Offers may be suspended or postponed under certain circumstances, as provided for in Rule 23c-3. (For further details, see Note 4 to the Financial Statements.)

Effective January 1, 2008, the Fund adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157, Fair Value Measurements (FAS 157). FAS 157 clarifies the definition of fair value, establishes a framework for measuring fair values and requires additional disclosures about the use of fair value measurements. Various inputs are used in determining the fair value of investments, which are as follows:

Level 1 - price quotations in active markets/exchanges for identical securities

Level 2 - other observable inputs (including, but not limited to: quoted prices for similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks, and default rates) or other market-corroborated inputs)

Level 3 - unobservable inputs based on the best information available in the circumstance, to the extent observable inputs are not available (including the Fund's own assumption used in determining the fair value of investments)

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. For information about the Fund's policy regarding valuation of investments and other significant accounting policies, please refer to Note 1(a) of the Notes to Financial Statements.

The following table summarizes the inputs used as of June 30, 2008 in determining the fair valuation of the Fund's investments:

Valuation Inputs	Investments in Securities	Other Financial Instruments⁺
Level 1	\$ 204,592,310	\$ (1,706,790)
Level 2		
Level 3		
Total	\$ 204,592,310	\$ (1,706,790)

⁺ Other financial instruments are futures and options.
