BAB, Inc.

Notes to Unaudited Consolidated Financial Statements

For the Quarters Ended May 31, 2014 and 2013

(Unaudited)

Note 1 - Nature of Operations

BAB, Inc. ("the Company") has two wholly owned subsidiaries: BAB Systems, Inc. ("Systems") and BAB Operations, Inc. ("Operations"). Systems was incorporated on December 2, 1992, and was primarily established to franchise Big Apple Bagels® ("BAB") specialty bagel retail stores. My Favorite Muffin Too, Inc., a New Jersey corporation, was acquired on May 13, 1997 and is included as a part of Systems. Brewster's Franchise Corporations ("Brewster's") was established on February 15, 1996. Brewster's® coffee is sold in BAB and My Favorite Muffin® ("MFM") locations as well as through license agreements. SweetDuet Frozen Yogurt & Gourmet Muffins® ("SD") was established in May 2012 to franchise frozen yogurt and gourmet muffin retail stores. Operations was formed on August 30, 1995, primarily to operate Company-owned stores of which there are currently none. The assets of Jacobs Bros. Bagels ("Jacobs Bros.") were acquired on February 1, 1999, and any branded wholesale business uses this trademark.

The Company was incorporated under the laws of the State of Delaware on July 12, 2000. The Company currently franchises and licenses bagel and muffin retail units and frozen yogurt retail units under the BAB, MFM and SD trade names. At May 31, 2014, the Company had 93 franchise units and 5 licensed units in operation in 25 states. The Company additionally derives income from the sale of its trademarked bagels, muffins and coffee through nontraditional channels of distribution including under licensing agreements with Kohr Bros. Frozen Custard, Kaleidoscoops, Green Beans Coffee and through direct home delivery of specialty muffin gift baskets and coffee. Also, included in licensing fees and other income is Operations Sign Shop results. For franchise consistency and convenience, the Sign Shop provides the majority of signage to franchisees, including but not limited to, posters, menu panels, outside window stickers and counter signs.

The BAB franchised brand consists of units operating as "Big Apple Bagels®," featuring daily baked bagels, flavored cream cheeses, premium coffee, gourmet bagel sandwiches and other related products. Licensed BAB units serve the Company's frozen bagel and related products baked daily. BAB units are primarily concentrated in the Midwest and Western United States. The MFM brand consists of units operating as "My Favorite Muffin®," featuring a large variety of freshly baked muffins, premium coffee and related products, and units operating as "My Favorite Muffin and Bagel Cafe," featuring these products as well as a variety of specialty bagel sandwiches and related products. The

SweetDuet Frozen Yogurt & Gourmet Muffins® brand is a fusion concept, pairing self-serve frozen yogurt with MFM's exclusive line of My Favorite Muffin gourmet muffins, broadening the shop's offering and therefore differentiating itself from the numerous frozen yogurt outlets already populating the market. Although the Company doesn't actively market Brewster's stand-alone franchises, Brewster's coffee products are sold in most franchised units.

The Company has grown significantly since its initial public offering through growth in franchise units and the development of alternative distribution channels for its branded products. The Company is leveraging on the natural synergy of distributing muffin products in BAB and SD units and, alternatively, bagel products and Brewster's Coffee in existing MFM units. The Company expects to continue to realize efficiencies in servicing the combined base of BAB and MFM franchisees.

The accompanying condensed consolidated financial statements are unaudited. These financial statements have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles have been omitted pursuant to such SEC rules and regulations; nevertheless, the Company believes that the disclosures are adequate to make the information presented not misleading. These financial statements and the notes hereto should be read in conjunction with the financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended November 30, 2013 which was filed February 26, 2014. In the opinion of the Company's management, the condensed consolidated financial statements for the unaudited interim periods presented include all adjustments, including normal recurring adjustments, necessary to fairly present the results of such interim periods and the financial position as of the end of said period. The results of operations for the interim period are not necessarily indicative of the results for the full year.

2. Units Open and Under Development

Units which are open or under development at May 31, 2014 are as follows:

Franchise owned stores	93
Licensed Units	5
Unopened stores with Franchise Agreements	3
Total operating units and units with Franchise Agreements	101

3. Earnings per Share

The following table sets forth the computation of basic and diluted earnings per share:

	For the 3 months ended May 31,		For the 6 months ended May 31,	
	2014	2013	2014	2013
Numerator:				
Net income available to common shareholders	\$271,595	\$125,438	\$302,831	\$60,082

Denominator:

Weighted average outstanding shares				
Basic	7,263,508	7,263,508	7,263,508	7,263,508
Earnings per Share - Basic	\$0.04	\$0.02	\$0.04	\$0.01
Effect of dilutive common stock	2,423	4,050	2,583	3,210
Weighted average outstanding shares				
Diluted	7,265,931	7,267,558	7,266,091	7,266,718
Earnings per share - Diluted	\$0.04	\$0.02	\$0.04	\$0.01

The Company excluded 314,400 and 350,400 potential shares attributable to outstanding stock options from the calculation of diluted earnings per share for the three and six months ended May 31, 2014 and 2013, respectively because their inclusion would have been anti-dilutive.

4. Long-Term Debt

The total debt balance of \$95,762 represents a note payable to a former shareholder that requires an annual payment of \$35,000, including interest at 4.75%, due October 1 and running through 2016.

5. Stock Options

In May 2001, the Company approved a Long-Term Incentive and Stock Option Plan (Plan). The Plan reserved and has issued 1,400,000 shares of common stock for grant. As of May 31, 2014, there were 1,075,600 stock options exercised or forfeited under the Plan.

	For the 6 months ended May 31,	
	2014	2013
	Options	Options
Options outstanding at beginning of period	368,373	368,373
Granted	-	-
Forfeited or Expired	(43,973)	-
Exercised	-	-
Outstanding at end of period	324,400	368,373

All compensation cost arising from share-based payment arrangements in payroll-related expenses was expensed as of November 30, 2011.

To value option grants and other awards for stock-based compensation, the Company uses the Black-Scholes option valuation model. When the measurement date is certain, the fair value of each option grant is estimated on the date of grant and is based on the assumptions used for the expected stock price volatility, expected term, risk-free interest rates and future dividend payments.

The Company's stock option terms expire in 10 years and vary in vesting from immediate to a vesting period of five years.

The following table summarizes the stock options outstanding and exercisable at May 31, 2014:

Options Outstanding				Options Exercisable		
Outstanding	Wghtd. Avg.	Wghtd. Avg.	Aggregate	Exercisable	Wghtd. Avg.	Aggregate
at 5/31/2014	Remaining Life	Exercise Price	Intrinsic Value	5/31/2014	Exercise Price	Intrinsic Value
324,400	2.04	\$ 1.17	\$ -	324,400	\$ 1.17	\$ -

There is no computation for the aggregate intrinsic value in the table above because the outstanding options weighted average exercise price was greater than the Company's closing stock price of \$0.80 as of the last business day of the period ended May 31, 2014. There were 43,973 unexercised options that expired and no options exercised during the six month period ended May 31, 2014.

6. Goodwill and Other Intangible Assets

Accounting Standard Codification ("ASC") 350 "Goodwill and Other Intangible Assets" requires that assets with indefinite lives no longer be amortized, but instead be subject to annual impairment tests. The Company follows this guidance.

The Company tests goodwill that is not subject to amortization for impairment annually or more frequently if events or circumstances indicate that impairment is possible. Goodwill was tested at the end of the first quarter, February 28, 2014 and it was found that the carrying value of goodwill and intangible assets were not impaired.

The impairment test performed February 28, 2014 was based on a discounted cash flow model using management's business plan projected for expected cash flows. Based on the computation it was determined that no impairment has occurred.

7. Recent Accounting Pronouncements

Management does not believe that there are any recently issued and effective, or not yet effective, pronouncements as of May 31, 2014 that would have, or are expected to have, any significant effect on the Company's consolidated financial position, cash flows or results of operations.

8. Equity

On June 13, 2014 the Board of Directors declared a cash dividend/distribution of \$0.01 per share to be paid July 16, 2014 to shareholders of record as of June 27, 2014.

On May 6, 2013 BAB, Inc. adopted a Preferred Shares Rights Agreement ("Rights Plan") and declared a dividend distribution of one right (equivalent to one one-thousandth of a preferred share), for each outstanding share of common stock. The Rights Plan is intended to protect BAB and its stockholders from efforts to obtain control of BAB that the Board of Directors determines are not in the best interest of BAB and its stockholders. BAB issued one right for each current share of stock outstanding at the close of business on May 13, 2013. In general, the rights will not be exercisable unless a person or group acquires 15% (20% institutional investors) or more of BAB's common stock ("trigger event"). Should a trigger event occur, each right entitles the registered holder to purchase from the Company one one-thousandth of a share of the Series A Participating Preferred Stock of the Company at an exercise price of \$0.90 per one-thousandth of a Preferred Share, subject to adjustment. The rights will expire in three years from the date of declaration.

On June 18, 2014 an amendment to the Preferred Shares Rights Agreement was filed appointing American Stock Transfer Company LLC as successor to Illinois Stock Transfer Company. All original rights and provisions remain unchanged.

9. Contingency

We are subject to various legal proceedings and claims, either asserted or unasserted, which arise in the ordinary course of business. While the outcome of such proceedings or claims cannot be predicted with certainty, management does not believe that the outcome of any of such proceedings or claims will have a material effect on our financial position. Except as stated below, we know of no pending or threatened proceeding or claim to which we are or will be a party.

On July 8, 2013, a judgment was entered in the Circuit Court of Cook County in the amount of \$84,000 against BAB Operations, Inc. ("Operations"), a wholly owned subsidiary of the Company, and in favor of a former landlord of Operations, Alecta Real Estate USA, LLC. Operations, the subsidiary which owned Company stores, had been a tenant operating a Big Apple Bagels store in Glenview, Illinois from 1999 to 2001 when it sold the store and assigned the lease to a franchisee. The store was sold and the lease was assigned three more times over the next 10 years. In 2011, the final owner of the store closed it and defaulted on the lease. Operations, which no longer owns any Company stores, was sued for a continuing guaranty in connection with the original assignment of the lease in 2001. Operations contended that it bore no liability because of language in one of the subsequent assignments releasing it from any further liability.

On August 15, 2013, an additional judgment of \$70,030 was entered in the Circuit Court of Cook County for this same matter for plaintiff's attorney's fees bringing the total judgment to \$154,030. In September 2013 the Company filed an appeal. A bond was required and posted by BAB, Inc. for an amount equal to 150% of the judgment.

The Company has filed its initial appellate brief. The Plaintiff's brief was filed on June 27, 2014 and the Company's reply brief is due on July 11, 2014. It is anticipated that the oral argument, if allowed, would be sometime in September of 2014.

The Company and its trial and appellate counsel believe that we will prevail on appeal and that it is only reasonably possible that the Court's ruling will be upheld as it is contrary to applicable Illinois precedent. The Company believes there will be zero damages assessed based on prior favorable rulings in similar cases; accordingly, no amounts have been accrued for any potential losses in this matter.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Certain statements contained in Management's Discussion and Analysis of Financial Condition and Results of Operations, including statements regarding the development of the Company's business, the markets for the Company's products, anticipated capital expenditures, and the effects of completed and proposed acquisitions, and other statements contained herein regarding matters that are not historical facts, are forward-looking statements as is within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. Because such statements include risks and uncertainties, actual results could differ materially from those expressed or implied by such forward-looking statements as set forth in this report, the Company's Annual Report on Form 10-K and other reports that the Company files with the Securities and Exchange Commission. Certain risks and uncertainties are wholly or partially outside the control of the Company and its management, including its ability to attract new franchisees; the continued success of current franchisees; the effects of competition on franchisees and Company-owned store results; consumer acceptance of the Company's products in new and existing markets; fluctuation in development and operating costs; brand awareness; availability and terms of capital; adverse publicity; acceptance of new product offerings; availability of locations and terms of sites for store development; food, labor and employee benefit costs; changes in government regulation (including increases in the minimum wage); regional economic and weather conditions; the hiring, training, and retention of skilled corporate and restaurant management; and the integration and assimilation of acquired concepts. Accordingly, readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis only as of the date hereof. The Company undertakes no obligation to publicly release the results of any revision to these forward-looking statements which may be made to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

General

There are 93 franchised and 5 licensed units at both May 31, 2014 and 2013. System-wide revenues for the six months ended May 31, 2014 were \$17.5 million as compared to May 31, 2013 which were \$18.1 million.

The Company's revenues are derived primarily from the ongoing royalties paid to the Company by its franchisees and receipt of initial franchise fees. Additionally, the Company derives revenue from the sale of licensed products (My Favorite Muffin mix, Big Apple Bagels cream cheese and Brewster's coffee), and through licensing and nontraditional channels of distribution (Kohr Bros., Kaleidoscoops, Green Beans Coffee and Sodexo). Also included in licensing fees and other income is Operation's Sign Shop revenue. The Sign Shop provides the majority of signage, which includes but is not limited to, posters, menu panels, outside window stickers and counter signs to franchisees to provide consistency and convenience.

Royalty fees represent a 5% fee on net retail and wholesale sales of franchised units. Royalty revenues are recognized on an accrual basis using actual franchise receipts. Generally, franchisees report and remit royalties on a weekly basis. The majority of month-end receipts are recorded on an accrual basis based on actual numbers from reports received from franchisees shortly after the month-end. Estimates are utilized in certain instances where actual numbers have not been received and such estimates are based on the average of the last 10 weeks' actual reported sales.

The Company recognizes franchise fee revenue upon the opening of a franchise store or upon the signing of a master franchise agreement. Direct costs associated with the franchise sale are deferred until the franchise fee revenue is recognized. These costs include site approval, construction approval, commissions, blueprints and training costs.

The Company earns a licensing fee from the sale of BAB branded products, which includes coffee, cream cheese, muffin mix and frozen bagels from a third-party commercial bakery, to the franchised and licensed units.

As of May 31, 2014, the Company employed 11 full-time and 4 part-time employees at the Corporate office. The employees are responsible for corporate management and oversight, accounting, advertising and franchising. None of the Company's employees are subject to any collective bargaining agreements and management considers its relations with its employees to be good.

PART II

ITEM 1. LEGAL PROCEEDINGS

We are subject to various legal proceedings and claims, either asserted or unasserted, which arise in the ordinary course of business. While the outcome of such proceedings or claims cannot be predicted with certainty, management does not believe that the outcome of any of such proceedings or claims will have a material effect on our financial position. Except as stated below, we know of no pending or threatened proceeding or claim to which we are or will be a party.

On July 8, 2013, a judgment was entered in the Circuit Court of Cook County in the amount of \$84,000 against BAB Operations, Inc. (“Operations”), a wholly owned subsidiary of the Company, and in favor of a former landlord of Operations, Alecta Real Estate USA, LLC. Operations, the subsidiary which owned Company stores, had been a tenant operating a Big Apple Bagels store in Glenview, Illinois from 1999 to 2001 when it sold the store and assigned the lease to a franchisee. The store was sold and the lease was assigned three more times over the next 10 years. In 2011, the final owner of the store closed it and defaulted on the lease. Operations, which no longer owns any Company stores, was sued for a continuing guaranty in connection with the original assignment of the lease in 2001. Operations contended that it bore no liability because of language in one of the subsequent assignments releasing it from any further liability.

On August 15, 2013, an additional judgment of \$70,030 was entered in the Circuit Court of Cook County for this same matter for plaintiff’s attorney’s fees bringing the total judgment to \$154,030. In September 2013 the Company filed an appeal. A bond was required and posted by BAB, Inc. for an amount equal to 150% of the judgment.

The Company has filed its initial appellate brief. The Plaintiff’s brief was filed on June 27, 2014 and the Company’s reply brief is due on July 11, 2014. It is anticipated that the oral argument, if allowed, would be sometime in September of 2014.

The Company and its trial and appellate counsel believe that we will prevail on appeal and that it is only reasonably possible that the Court’s ruling will be upheld as it is contrary to applicable Illinois precedent. The Company believes there will be zero damages assessed based on prior favorable rulings in similar cases; accordingly, no amounts have been accrued for any potential losses in this matter.
