PROXY STATEMENT

INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

This proxy statement and enclosed proxy card are being furnished commencing on or about May 3, 2011 in connection with the solicitation by the Board of Directors of Echo Global Logistics, Inc., a Delaware corporation (the "Company," "Echo Global Logistics, Inc.," or "us"), of proxies for use in voting at the 2011 annual meeting of stockholders, to be held at 600 West Chicago Ave., Suite 725, Chicago, Illinois 60654 on June 8, 2011. Any proxy given pursuant to such solicitation and received in time for the annual meeting will be voted as specified in such proxy. If no instructions are given, proxies will be voted FOR the election of the nominees listed below under the caption "PROPOSALS TO BE VOTED ON—Proposal 1: Election of Directors," FOR the ratification of the appointment of Ernst & Young LLP as independent certified public accountants for the Company's fiscal year ending December 31, 2011, FOR the advisory approval of the Company's compensation of executives as disclosed in this proxy statement, for the stockholder advisory approval of the Company's executive compensation to occur every "3 YEARS" and, in the discretion of the proxies named on the proxy card, with respect to any other matters properly brought before the meeting and any adjournments thereof (collectively, the "Proposals"). Any proxy may be revoked by providing written notice to the Secretary of the Company at any time prior to the voting thereof, by submitting a subsequent proxy or by attending the annual meeting and voting in person.

Information about this Proxy Statement

We are sending the proxy materials because the Company's Board is seeking your permission (or proxy) to vote your shares at the annual meeting on your behalf. This proxy statement presents information that is intended to help you in reaching a decision on voting your shares of common stock. Only stockholders of record at the close of business on April 25, 2011, the record date, are entitled to vote at the meeting. As of April 25, 2011, there were 22,127,483 shares of common stock outstanding and entitled to vote, with each share entitled to one vote. We have no other voting securities.

Information about Voting

If your shares of common stock are held in your name, you can vote your shares on matters presented at the annual meeting or by proxy. There are three ways to vote by proxy:

1. By Telephone—Stockholders can vote by telephone by calling 1-800-690-6903 and following the instructions on the proxy card;
2. By Internet—You can vote over the Internet at www.proxyvote.com by following the instructions on the proxy card;
- or
3. By Proxy—You can vote by mail by signing, dating and mailing the accompanying proxy card. If you do not give any direction on the proxy card, the shares will be voted "FOR" the nominees named for director, "FOR" the ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm for the Company's fiscal year ending December 31, 2011, "FOR" the advisory approval of the Company's compensation of executives as disclosed in this proxy statement, and for the stockholder advisory approval of the Company's executive compensation to occur every "3 YEARS". You may revoke your proxy at any time before it is exercised by (1) providing written revocation to the Secretary of the Company, David B. Menzel, (2) providing a proxy with a later date or (3) voting in person at the annual meeting.

Your vote will be confidential except (a) as may be required by law, (b) as may be necessary for the Company to assert or defend claims, (c) in the case of a contested election of director(s) or (d) at your express request.

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in "street name," and these proxy materials are being forwarded to you by your broker, bank or nominee who is considered the stockholder of record with respect to those shares. As the beneficial owner, you have

the right to direct your broker, bank or nominee on how to vote and are also invited to attend the annual meeting. Street name stockholders should check the voting instruction cards used by their brokers or nominees for specific instructions on methods of voting. If your shares are held in street name, you must contact your broker or nominee to revoke your proxy.

In order to carry on the business of the meeting, we must have a quorum. This means that stockholders representing at least 50% of the common stock issued and outstanding as of the record date must be present at the annual meeting, either in

person or by proxy, for there to be a quorum at the annual meeting. Abstentions and broker non-votes are counted as present for purposes of establishing a quorum but broker non-votes are not considered "present" for purposes of voting on non-routine matters. A broker non-vote occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner.

The Company considers Proposal 1: election of directors, Proposal 3: advisory approval of executive compensation and Proposal 4: advisory approval of the frequency of stockholder advisory approval of executive compensation as "non-routine" matters. A bank, broker or nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1, 3 and 4. The Company considers Proposal 2: ratification of the appointment of Ernst & Young LLP as independent certified public accountants as "routine" matter. A bank, broker or nominee may generally vote on routine matters when they have not been provided specific voting instructions from the street holder. Therefore, no broker non-votes are expected to exist in connection with such proposal.

For additional information on director elections, see "PROPOSALS TO BE VOTED ON—Proposal 1: Election of Directors" later in this proxy statement. As the number of director nominees is equal to the number of directors to be elected, the number of shares voted "for" a director must exceed the number of votes cast "against" that director for the director to be elected to serve a one-year term expiring at the 2012 annual meeting of stockholders. Abstentions and broker non-votes will have no effect on the election of directors. For a stockholder to nominate an individual for director at the 2012 annual meeting, the stockholder must follow the procedures outlined later in this proxy statement under the caption "OTHER INFORMATION—Stockholder Proposals for the 2012 Meeting." Stockholders may also designate a director nominee to be considered by the Board for recommendation to the stockholders at the 2012 annual meeting by following the procedures outlined later in this proxy statement under the caption "BOARD OF DIRECTORS AND CORPORATE GOVERNANCE—Meetings and Committees of the Board of Directors—Nominating and Corporate Governance Committee."

The ratification of the independent registered public accounting firm and advisory approval of executive compensation require the favorable vote of a majority of the shares present, either by proxy or in person, and entitled to vote. Abstentions will have the same effect as a vote against these matters because they are considered present and entitled to vote, but are not voted. The advisory approval of the frequency of the stockholder advisory approval of executive compensation will be determined based on a plurality of the votes cast. This means that the option that receives the most votes will be recommended by stockholders to the Board of Directors.

The advisory approval of executive compensation is a single "yes" or "no" vote on the total compensation package provided to the named executive officers, as described in the Compensation Discussion and Analysis and compensation tables. The stockholder vote will not be binding on the Company or the Board of Directors and may not be construed as (1) overruling their decision, (2) creating or implying any addition or change to their fiduciary duties, or (3) restricting or limiting stockholders' ability to make proposals for inclusion in proxy materials related to executive compensation.

The advisory approval of the frequency of stockholder approval of executive compensation will not be binding on or overrule any decisions by our Board of Directors, will not create or imply any additional fiduciary duty on the part of the Board, and will not restrict or limit the ability of our stockholders to make proposals for inclusion in proxy materials related to executive compensation. This vote is not to approve or disapprove our Board of Directors' recommendation. However, our Board will take into account the outcome of the vote when considering the frequency of stockholder approval of the Company's executive compensation.

Only stockholders, their proxy holders and our invited guests may attend the meeting. If you plan to attend, please bring identification and, if you hold shares in street name, bring your bank or broker statement showing your beneficial ownership of Company common stock in order to be admitted to the meeting.

PROPOSALS TO BE VOTED ON

Proposal 1: Election of Directors

Nominees

At the annual meeting, the stockholders will elect nine directors to serve until the 2012 annual meeting of stockholders or until their respective successors are elected and qualified. Unless marked otherwise, proxies received will be voted "FOR" the election of the nine nominees named below.

Assuming a quorum is present, the nine nominees receiving the highest number of affirmative votes of shares entitled to be voted for them will be elected as directors of the Company. Stockholders are not entitled to cumulate votes in the election of directors. All nominees have consented to serve as directors, if elected. If any nominee is unable or unwilling to serve as a director at the time of the annual meeting, the persons who are designated as proxies intend to vote, in their discretion, for such other persons, if any, as may be designated by the Board of Directors. As of the date of this proxy statement, the Board of Directors has no reason to believe that any of the persons named below will be unable or unwilling to serve as a nominee or as a director if elected.

The Company believes that its Board, as a whole, should encompass a range of talent, skill, diversity, and expertise enabling it to provide sound guidance with respect to the Company's operations and interests. In addition to considering a candidate's background and accomplishments, candidates are reviewed in the context of the current composition of the Board and the evolving needs of our businesses. In evaluating candidates for nomination, the Nominating and Corporate Governance Committee utilizes a variety of methods. The Company does not have a formal policy with regard to the consideration of diversity in identifying candidates, but the Nominating and Corporate Governance Committee strives to nominate candidates with a variety of complimentary skills so that, as a group, the Board will possess the appropriate level of talent, skills and expertise to oversee the Company's businesses.

The Company regularly assesses the size of the Board, whether any vacancies are expected due to retirement or otherwise, and the need for particular expertise on the Board. The Company's policy is to have at least a majority of Directors qualify as an "independent director" under defined in the rules of the Nasdaq Global Market.

The Nominating and Corporate Governance Committee seeks candidates with strong reputations and experience in areas relevant to the strategy and operations of the Company's businesses, particularly industries and growth segments that the Company serves, as well as key geographic markets where it operates. Each of the nominees for election as a director and each of the Company's current directors holds or has held senior positions in complex organizations and has operating experience that meets this objective, as described below. In these positions, they have also gained experience in core management skills, such as strategic and financial planning, public company financial reporting, corporate governance, risk management and leadership development. Each of our directors also has experience serving on boards of directors or trustees and committees of other companies.

The Nominating and Corporate Governance Committee also believes that each of the nominees and current directors has other key attributes that are important to an effective board: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of origin, background, experience, and thought; and the commitment to devote significant time and energy to service on the Board and its Committees.

The names of the directors, their ages as of April 25, 2011, their recent employment or principal occupation, the names of other public companies for which they currently serve as a director or have served as a director within the past five years, and their period of service as an Echo director are set forth below:

Ernst & Young LLP has served as the Company's independent registered public accounting firm since March 2006 and has been appointed by the Audit Committee to continue as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2011. In the event that ratification of this selection is not approved by a majority of the shares of common stock of the Company represented at the annual meeting in person or by proxy and entitled to vote on the matter, the Audit Committee and the Board of Directors will review the Audit Committee's future selection of an independent registered public accounting firm.

Representatives of Ernst & Young LLP will be present at the annual meeting. The representatives will have an opportunity to make a statement and will be available to respond to appropriate questions.

Required Vote

The affirmative vote of the holders of a majority of the Company's common stock present at the annual meeting in person or by proxy and entitled to vote on this proposal is required to approve the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the current fiscal year.

Recommendation of the Board of Directors

THE BOARD RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING December 31, 2011.

Proposal 3: Advisory Approval of Executive Compensation

Under new Section 14A of the Securities Exchange Act of 1934, enacted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, the Company is providing a stockholder advisory vote at least every 3 years to approve the Company's executive compensation, as disclosed in our Compensation Discussion and Analysis, related compensation tables, and other related material under the compensation disclosure rules of the Securities and Exchange Commission set forth in this proxy statement.

This advisory vote will not be binding on or overrule any decisions by our Board of Directors, will not create or imply any additional fiduciary duty on the part of the Board, and will not restrict or limit the ability of our stockholders to make proposals for inclusion in proxy materials related to executive compensation. However, our Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements. Our Board of Directors has determined that the best way to allow our stockholders to vote on the Company's executive pay programs and policies is through the following resolution:

RESOLVED, that the stockholders approve the Company's compensation of executives as disclosed in this proxy statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission (which includes the Compensation Discussion and Analysis, the compensation tables, and related material).

Required Vote. Approval of this proposal will require the affirmative vote of a majority of the holders of our common stock represented in person or by proxy and entitled to vote at the 2011 annual meeting.

Recommendation of the Board of Directors

THE BOARD RECOMMENDS A VOTE “FOR” ADVISORY APPROVAL OF THE COMPANY’S COMPENSATION OF EXECUTIVES AS DISCLOSED IN THIS PROXY STATEMENT.

Proposal 4: Advisory Approval of Frequency of Stockholder Advisory Approval of Executive Compensation

Under new Section 14A of the Securities Exchange Act of 1934, enacted pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, the Company is providing a stockholder advisory vote to determine whether the stockholder advisory vote to approve the Company’s executive compensation will occur every 1, 2, or 3 years. Stockholders may also abstain from voting.

Our Board of Directors believes that an advisory vote on executive compensation every 3 years is the appropriate frequency for the Company and its stockholders. This longer frequency is consistent with our long-term compensation programs, as it is not in the best interests of the Company, our employees or our stockholders to encourage a short-term view in our compensation policies and programs. Rather, we believe that the results of our compensation practices are best evaluated and considered over a multi-year period. In addition, an advisory vote every 3 years reflects an appropriate time period during which our Board may thoroughly consider the results of the most recent advisory vote and develop and implement any required adjustments to our programs. Regardless of the frequency of the advisory vote, our stockholders may communicate with our Board at any time, using the communication methods set forth in this proxy statement. Finally, our directors have been and will continue to be closely engaged with our stockholders, and are elected on an annual basis for one-year terms. As such, the advisory vote on compensation is one of multiple ways in which stockholders may communicate with our Board of Directors regarding the Company’s executive compensation programs.

This advisory vote will not be binding on or overrule any decisions by our Board of Directors, will not create or imply any additional fiduciary duty on the part of the Board, and will not restrict or limit the ability of our stockholders to make proposals for inclusion in proxy materials related to executive compensation. This vote is not to approve or disapprove our Board of Directors’ recommendation. However, our Board will take into account the outcome of the vote when considering the frequency of stockholder approval of the Company’s executive compensation.

Required Vote. The choice among the four choices offered (every 1, 2, or 3 years, or abstain) which receives the highest number of votes will be deemed the choice of the stockholders.

Recommendation of the Board of Directors

THE BOARD RECOMMENDS A VOTE FOR THE STOCKHOLDER ADVISORY APPROVAL OF THE COMPANY’S EXECUTIVE COMPENSATION TO OCCUR EVERY “3 YEARS”.

BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Board Leadership Structure

Our Board of Directors is led by an independent Chairman, Samuel K. Skinner. We believe that this is the most appropriate structure for the Company in light of the differences between the roles of Chairman of the Board and Chief Executive Officer. The Chief Executive Officer is responsible for setting the strategic direction of the Company and for the day-to-day leadership and performance of the Company, whereas the Chairman of the Board provides

guidance to the Chief Executive Officer. Furthermore, this structure enhances the accountability of the Chief Executive Officer to the Board and strengthens the Board's independence from management. We have had this leadership structure since inception.

Board of Directors Role in Risk Oversight

Our Board of Directors, through its three committees, has an advisory role in risk oversight for the Company. Company management maintains primary responsibility for the risk management of the Company. The current trends toward increased regulation and litigation, as well as recent macro-economic challenges, among other things, make it extremely difficult to predict the type and magnitude of risks facing the Company. In spite of this unpredictability, the Board relies on the representations of management, the external audit of the financial information, the Company's systems of internal controls, the

Company's insurance advisors, and the historically conservative practices of the Company to provide comfort on the Company's ability to manage its risks. Management's discussion of current risk factors are set forth in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2010.

Meetings and Committees of the Board of Directors

During fiscal 2010, the Board of Directors (the "Board") held five meetings. During fiscal 2010, each director attended at least 75% of the aggregate of the total number of meetings of the Board held during the period in which he was a director and the total number of meetings held by all of the committees of the Board on which he or she served. The Board has an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Each of these committees was formally established in October 2009 in connection with the Company's initial public offering and operates under a written charter adopted by the Board of Directors.

Audit Committee. The audit committee consists of John R. Walter, Samuel K. Skinner, John F. Sandner and Matthew Ferguson. Mr. Sandner serves as the chairman of our audit committee. The audit committee is composed of independent non-employee directors and is responsible for, among other things, reviewing and recommending to the Board internal accounting and financial controls and accounting principles and auditing practices to be employed in the preparation and review of our financial statements. In addition, the audit committee has the authority to engage public accountants to audit our annual financial statements and determine the scope of the audit to be undertaken by such accountants. Mr. Skinner, Mr. Sandner and Mr. Walter are our audit committee financial experts under the SEC rule implementing Section 407 of the Sarbanes-Oxley Act of 2002. During fiscal 2010, our audit committee held six meetings.

Compensation Committee. The compensation committee consists of Peter J. Barris, Anthony R. Bobulinski, Eric P. Lefkofsky and Samuel K. Skinner. Mr. Barris serves as the chairman of our compensation committee. The compensation committee is composed of independent non-employee directors and is responsible for, among other things, reviewing and approving compensation for our Chief Executive Officer and our other executive officers. Additionally, the compensation committee reviews and recommends to our Chief Executive Officer and the Board policies, practices and procedures relating to the compensation of managerial employees and the establishment and administration of certain employee benefit plans for managerial employees. The compensation committee has the authority to administer our Stock Incentive Plan, and advise and consult with our officers regarding managerial personnel policies. The Compensation Committee did not engage a compensation consultant in 2010. See "EXECUTIVE AND DIRECTOR COMPENSATION—Compensation Discussion and Analysis" section of this proxy statement. for discussion of the Company's processes and procedures for considering and determining executive and director compensation. During fiscal 2010, our compensation committee held four meetings.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of Samuel K. Skinner, Eric P. Lefkofsky, John R. Walter and Peter J. Barris. Mr. Skinner serves as the chairman of our nominating and corporate governance committee. The nominating and corporate governance committee is composed of independent non-employee directors and is responsible for, among other things, assisting the Board with its responsibilities regarding:

- the identification of individuals qualified to become directors;
- the selection of the director nominees for the next annual meeting of stockholders; and
- the selection of director candidates to fill any vacancies on the Board.

In evaluating and determining whether to nominate a candidate for a position on the Company's Board, the Nominating and Corporate Governance Committee will consider the candidate's professional ethics and values, relevant management experience and a commitment to enhancing stockholder value. In evaluating candidates for nomination, the Nominating and Corporate Governance Committee utilizes a variety of methods. The Company does not have a formal policy with regard to the consideration of diversity in identifying candidates, but the Nominating and Corporate Governance Committee strives to nominate candidates with a variety of complementary skills so that, as a group, the Board will possess the appropriate level of talent, skills and expertise to oversee the Company's businesses. The Company regularly assesses the size of the Board, whether any vacancies are expected due to retirement or otherwise, and the need for particular expertise on the Board. Candidates may come to the attention of

the Nominating and Corporate Governance Committee from current Board members, stockholders, professional search firms, officers or other persons. The Nominating and Corporate Governance Committee will review all candidates in the same manner regardless of the source of recommendation. The Nominating and Corporate Governance Committee did not meet during fiscal 2010.

The Nominating and Corporate Governance Committee will consider stockholder recommendations of candidates when the recommendations are properly submitted. Any stockholder recommendations which are submitted under the criteria summarized above should include the candidate's name and qualifications for Board membership and should be addressed to David B. Menzel, Corporate Secretary, Echo Global Logistics, Inc., 600 West Chicago Avenue, Suite 725, Chicago, Illinois

60654.

For purposes of potential nominees to be considered at the 2012 annual stockholders' meeting, the Corporate Secretary must receive this information no earlier than February 9, 2012 and no later than the close of business on March 10, 2012, in accordance with the procedures in the Company's by-laws. The notice must set forth the candidate's name, age, business address, residence address, principal occupation or employment, the number of shares beneficially owned by the candidate and information that would be required to solicit a proxy under federal securities law. In addition, the notice must include the stockholder's name, address and the number of shares beneficially owned (and the period they have been held).

The Company has not paid a third party a fee to identify, evaluate or assist in identifying potential nominees for director.

The involvement of Eric P. Lefkofsky and Bradley A. Keywell, two of our founders and directors, and Richard A. Heise, one of our founders and former director, in the formation and development of both Echo and InnerWorkings, Inc. (NASDAQ: INWK) has contributed to a relationship between Echo and InnerWorkings. Certain stockholders of Echo, including certain of our directors and officers, have direct and/or indirect ownership interests in Innerworkings. In the ordinary course of business, we have provided transportation and logistics services to InnerWorkings. As consideration for these services, we have billed InnerWorkings approximately \$2,700,001, \$4,199,204 and \$6,828,067 in 2008, 2009 and 2010, respectively.

The sublease agreement was entered into on May 1, 2009, and was subsequently amended effective November 1, 2009. A fund affiliated with Eric P. Lefkofsky and Bradley A. Keywell also invested in Fooda. In February 2011, Echo sold the 13% ownership interest in Fooda to Messrs. 2010 Compensation Discussion and Analysis

Overview

This compensation discussion describes the material elements of compensation awarded to, earned by, or paid to each of our executive officers who served as named executive officers during 2010. This compensation discussion focuses on the information contained in the following tables and related footnotes for primarily 2010.

The principal elements of our executive compensation program are base salary, annual cash incentives, long-term equity incentives generally in the form of stock options, other benefits and perquisites, post-termination severance and acceleration of stock option vesting for certain named executive officers upon termination and/or a change in control. Our other benefits and perquisites consist of life and health insurance benefits and a qualified 401(k) savings plan and include reimbursement for certain medical insurance and other payments. Our philosophy is to position the aggregate of these elements at a level that is commensurate with our size and sustained performance.

Compensation Program Objectives and Philosophy

In General. The objectives of our compensation programs are to:

- attract, motivate and retain talented and dedicated executive officers,
- provide our executive officers with both cash and equity incentives to further our interests and those of our

stockholders, and

provide employees with long-term incentives so we can retain them and provide stability during periods of rapid growth.

Generally, the compensation of our executive officers is composed of a base salary, an annual incentive compensation award and equity awards in the form of stock options. In setting base salaries, the Compensation Committee generally reviewed the individual contributions of the particular executive. For 2010, annual incentive compensation is based upon individual objectives for our executive officers and the Company's general performance against industry trends. For 2011, annual incentive compensation will be based on individual objectives for our executive officers and the Company's EBITDA performance under our Annual Incentive Plan. In addition, stock options and restricted stock are granted to provide the opportunity for long-term compensation based upon the performance of our common stock over time.

Competitive Market. We define our competitive market for executive talent and investment capital to be the transportation and technology services industries. To date, we have not performed formal benchmarking of executive compensation nor have we engaged an outside consultant to assist us in benchmarking executive compensation, but we may choose to do so in the future.

Compensation Process. For each of our named executive officers, the Compensation Committee will review and approve all elements of compensation taking into consideration recommendations from our Chief Executive Officer (for compensation other than his own).

Base Salaries

In General. We provide the opportunity for our named executive officers and other executives to earn a competitive annual base salary. A minimum base salary is provided for each named executive officer in their employment agreements. The Compensation Committee reviews base salaries annually and adjusts base salaries in accordance with its compensation philosophy. The Compensation Committee strives to set executive officer base salaries at levels competitive with those provided to executives with similar responsibilities in businesses comparable to ours. We do not engage in formal benchmarking; rather, we rely on the collective experiences of our Compensation Committee members with other businesses and companies in our industry. In determining base salaries of our executive officers, the Compensation Committee considers the performance of each executive, the nature of his or her responsibilities and the Company's general compensation practices. Mr. Waggoner recommended to the Compensation Committee certain increases to the base salaries of our executive officers, excluding himself, in 2010 and 2011 based on our executive officers' increased responsibilities following our initial public offering in 2009 and based on a general comparison of our then current base salaries with other companies that had recently completed initial public offerings. The Compensation Committee recommended an increase in Mr. Waggoner's base salary in 2010 and 2011 based on the Compensation Committee's favorable assessment of Mr. Waggoner's individual performance in connection with the Company's performance and based on a general comparison of Mr. Waggoner's base salary with the chief executive officers of other companies that had recently completed initial public offerings. Except as noted, the table below shows our named executive officers' base salary increases since 2009:

Name and Principal Position	2009	2010	Percent Increase	2011	Percent Increase
Douglas R. Waggoner Chief Executive Officer	\$ 350,000	\$ 400,000	14	% \$ 430,000	8 %

Total Compensation Comparison. For 2010, base salary accounted for approximately 26.1% of total compensation for our Chief Executive Officer and 39.5% on average for our other named executive officers (based on the amounts

disclosed in the Summary Compensation Table).

Annual Cash Incentives

Determination of Awards: We provide the opportunity for our named executive officers and other executives to earn an

14

annual cash incentive award. In 2010, the targeted discretionary bonus awards were 30% of the respective officer's base salary, and the maximum bonus awards were 100% of the base salary. In 2010, the Compensation Committee awarded bonuses of \$100,000, \$125,000 and \$125,000 to Messrs. Waggoner, Menzel and Rowe, respectively. Based upon the Company's strong revenue and earnings growth compared to the general growth within the transportation industry, the Compensation Committee decided to award bonuses to each of the named executive officers at the conclusion of 2010. These bonuses also took into account the general performance of each executive, the nature of each of their responsibilities, and each executive's individual contributions and leadership. Mr. Buzza did not receive a bonus award for 2010 on account of his termination of employment in August 2010.

The table below shows cash bonuses earned by our named executive officers in 2010:

Name	2010 Bonuses (\$)
Douglas R. Waggoner	100,000
David B. Menzel	125,000
David C. Rowe	125,000
Orazio Buzza	—

Individual Performance Goals. There were no specific individual performance goals for the 2010 incentive awards. However, the Compensation Committee considered overall individual contributions and leadership of each officer in determining awards.

Discretionary Adjustments. The Compensation Committee may make reasonable adjustments to our overall corporate performance goals and our actual performance results that may cause differences between the numbers used for our performance goals and the numbers reported in our financial statements. These adjustments may exclude all or a portion of both the positive or negative effect of external events that are outside the control of our executives, such as natural disasters, litigation, or regulatory changes in accounting or taxation standards. These adjustments may also exclude all or a portion of both the positive or negative effect of unusual or significant strategic events that are within the control of our executives but that are undertaken with an expectation of improving our long-term financial performance, such as restructurings, acquisitions, or divestitures.

Total Compensation Comparison. For 2010, the annual bonus accounted for 6.6% of total compensation for our Chief Executive Officer and less than 11.3% on average for our other named executive officers (based on the amounts disclosed in the Summary Compensation Table).

Long-term Equity Incentives

In General. We provide the opportunity for our named executive officers and other executives to earn a long-term equity incentive award. We believe that one of the best ways to align the interests of stockholders and executives is by providing those individuals who have substantial responsibility over the management, performance and growth of the Company with an opportunity to have a meaningful ownership position in the Company. We maintain our 2008 Stock Incentive Plan pursuant to which we may grant equity and other incentive awards to our executive officers and other employees beginning in 2009 and beyond. We believe that management having strong economic incentives will inspire management to act in the best interest of the Company and its stockholders.

Equity Awards. For our named executive officers, our stock option program is based on grants that are individually negotiated in connection with employment agreements and other grants to our executives. We have traditionally used stock options as our main form of equity compensation because stock options provide a relatively straightforward incentive for our executives and result in less immediate dilution of existing stockholders' interests. In 2011, we began to issue restricted stock to named executive officers and other key employees. In addition to the stock option incentives, we believe the restricted stock grants are an effective tool for creating long-term ownership and aligning our employees' interests with those of our stockholders, which includes the retention of our key employees. These restricted shares vest ratably over a five year period.

Grants of stock options or other equity awards to our named executive officers in 2010 and 2011 (to date) are summarized in the following table:

Name	Number of Shares		
	2010 (Option Grant)	2011 (Option Grant)	2011 (Restricted Stock)
Douglas R. Waggoner	200,000	—	—
David B. Menzel	100,000	50,000	100,000
David C. Rowe	40,000	15,000	15,000
Orazio Buzza	50,000	—	—

On February 26, 2010, Messrs. Waggoner, Menzel, Rowe and Buzza received options to purchase 200,000, 100,000, 40,000 and 50,000 shares, respectively at an exercise price of \$11.31 per share. These options vest in five equal installments beginning annually on February 26, 2011. These awards were granted in light of the intrinsic value of these executive officers' then-existing long-term equity incentive awards. Specifically, the amounts and vesting schedules of these awards were based on the ratio of total equity compensation to total other compensation for each executive officer (generally, base salary and bonus) for 2010 and past years. Our target ratio for this purpose in 2010 was approximately 100% for Mr. Waggoner and 33% for the other executive officers, consistent with our goals of executive retention and alignment with stockholder interests.

On January 11, 2011, Messrs. Menzel and Rowe received options to purchase 50,000 and 15,000, respectively, at an exercise price of \$12.08 per share. These options vest in five equal installments beginning annually on January 11, 2012. These awards were granted in light of the intrinsic value of these executive officers' then-existing long-term equity incentive awards. In addition, Messrs. Menzel and Rowe received restricted stock grants of 100,000 and 15,000 shares, respectively. The fair market value on the date of grant of each share of restricted stock was \$12.08. The restricted stock vests in five equal installments beginning annually on January 11, 2012.

As described above, all grants of stock options to our employees were granted with exercise prices equal to or greater than the fair market value of our common stock on the respective grant dates.

We do not time stock option grants to executives in coordination with the release of material non-public information. Our stock options generally have a 10-year term. In general, the option grants are also subject to the following post-termination and change in control provisions:

Pre-IPO Grants (Before October 2009)

Event	Award Vesting	Exercise Term
Disability or Death	Forfeit Unvested	Earlier of: (1) Remaining Option Period or (2) Six Months from Date of Termination
Termination for Reason Other than Disability or Death	Forfeit Unvested	Earlier of: (1) Remaining Option Period or (2) 30 Days from Date of Termination (or a longer period, in the Board's discretion)

Post-IPO Grants (After October 2009)

Event	Award Vesting	Exercise Term
Termination by Us for Reason Other than Cause, Disability or Death	Forfeit Unvested	Earlier of: (1) One Year or (2) Remaining Option Period
Disability or Death	Forfeit Unvested	Option Period
Termination for Cause	Forfeit Vested and Unvested	Expire
Other Termination	Forfeit Unvested	Earlier of: (1) Remaining Option Period or (2) 30 Days from Date of Termination
Change in Control	Accelerated*	*

* The Compensation Committee may provide that, in the event of a change in control, any outstanding awards that are unexercisable or otherwise unvested will become fully vested and immediately exercisable. If there is a termination of employment, the applicable termination provisions regarding exercise term will apply.

The vesting of certain of our named executive officers' stock options is accelerated pursuant to the terms of their employment agreements in certain termination and/or change in control events.

These terms are more fully described in "—Employment Agreements" and "—Potential Payments upon Termination or Change in Control."

Stock Ownership Requirements. In order to ensure alignment with our shareholders, the Compensation Committee has established stock ownership requirements for our officers. These requirements became effective February 3, 2010. The Compensation Committee believes that linking a significant portion of the executive officer's personal holdings to the Company's success, as reflected in the stock price, provides officers a stake similar to that of our stockholders. Therefore, executive officers are expected to acquire and hold a significant amount of the Company's stock. The Compensation Committee has established stock ownership requirements based on all shares of company stock owned by an executive officer, including vested stock options, vested restricted stock and stock beneficially owned by the officer, including owned in a trust, by a spouse, or dependent children for our executive officers as follows:

- Chief Executive Officer: four times base salary
- other executive officers: three times base salary

All executive officers have three years to meet their ownership requirements from the effective date, February 3, 2010. New officers are expected to meet their ownership requirement within three years of being named an executive officer.

Total Compensation Comparison. For 2010, long-term equity incentives accounted for approximately 65.1% of total compensation for our Chief Executive Officer and 45.0% on average for our other named executive officers (based on the amounts disclosed in the Summary Compensation Table).

Executive Benefits and Perquisites

In General. We provide the opportunity for our named executive officers and other executives to receive certain perquisites and general health and welfare benefits. We also offer participation in our defined contribution 401(k) plan. We do not match employee contributions under our 401(k) plan. We provide these benefits to provide an additional incentive for our executives and to remain competitive in the general marketplace for executive talent. For 2010, we provided the following personal benefits and perquisites to certain of our named executives officers:

Executive Benefits and Perquisites	Description
Life Insurance Premiums	Certain executives are reimbursed for their life insurance premiums.
Medical Insurance Reimbursement	We reimburse certain executives for their medical insurance premium payments.
Car Allowance	Certain executives are provided with a monthly car allowance.

Total Compensation Comparison. For 2010, executive benefits and perquisites accounted for approximately 2.1% of total compensation for our Chief Executive Officer and 4.2% on average for our other named executive officers (based on the amounts disclosed in the Summary Compensation Table).

Change in Control and Severance Benefits

In General. We provide the opportunity for certain of our named executive officers to be protected under the severance and change in control provisions contained in their employment agreements. We provide this opportunity to attract and retain an appropriate caliber of talent for the position. Our severance and change in control provisions for the named executive officers are summarized in "—Employment Agreements" and "—Potential Payments upon Termination or Change in Control." We intend to periodically review the level of the benefits in these agreements. We believe our arrangements are reasonable in light of the fact that cash severance is limited to two years for Mr. Waggoner, one year for Mr. Menzel, and three months for Mr. Rowe (each at a rate equal to their then current base salary), there is no severance increase with a change in control and there are no "single trigger" benefits upon a change in control other than the vesting of certain of Messrs. Waggoner's and Menzel's option awards.

All options were granted under the 2008 Stock Incentive Plan, other than options granted in 2008, which were awarded under the 2005 Stock

(2) Option Plan. We used the Black-Scholes-Merton option valuation model to determine the grant date fair value of options granted. (2) Grant date fair value of each equity award determined pursuant to ASC Topic 718. We used the Black-Scholes-Merton option valuation model to determine the grant date fair value of options granted. Please see Note 14 to our consolidated financial statements included in our Annual Report on Form 10-K for the 2010 fiscal year for a description of the assumptions used in the model.

(3) Upon termination of his employment in 2010, Mr. Buzza forfeited this entire grant prior to vesting in any portion of the grant.

EMPLOYEE BENEFIT PLANS

The Company maintains the 2008 Stock Incentive Plan (the "Plan"). Upon the Plan's adoption, the 2005 Stock Option Plan was merged into the Plan and ceased to separately exist. Outstanding awards under the 2005 Stock Option Plan are now subject to the Plan and no additional awards may be made under the 2005 Stock Option Plan on or after the effective date of the Plan. A total of 1,400,000 shares of common stock have been reserved for issuance under the Plan. The Plan is administered by the Compensation Committee of the Board of Directors, which determines the exercise price of options, the number of options to be issued, and the vesting period. As specified in the Plan, the exercise price per share shall not be less than the fair market value on the effective date of grant. The term of an option does not exceed 10 years, and the options generally vest ratably over one to five years from the date of grant.

EMPLOYMENT AGREEMENTS

Employment Agreement with Douglas R. Waggoner

We entered into an employment agreement with Douglas R. Waggoner, our Chief Executive Officer, on November 1, 2006, which was amended and restated as of September 24, 2009. Pursuant to his amended and restated employment agreement, Mr. Waggoner is entitled to an initial base salary of \$400,000 per year (currently \$430,000). In addition to base salary, Mr. Waggoner is eligible for an annual performance bonus. Mr. Waggoner also has a right to be reimbursed for the full amount of his insurance costs under our insurance programs. Further, under the agreement we will pay up to \$17,500 annually for the cost of Mr. Waggoner's life insurance policy in effect at the time he entered into the employment agreement.

In connection with the execution of his employment agreement in 2006, Mr. Waggoner received options to purchase 450,000 shares of the Company's common stock at an exercise price of \$3.68 per share. The options vested as follows: 50,000 shares vested on November 16, 2006 and 100,000 shares each vested on each of January 1, 2008, January 1, 2009, January 1, 2010, and January 1, 2011.

Subject to the execution of a general release and waiver, if Mr. Waggoner's employment is terminated by us for any reason other than for Cause (as described in the narrative to the Potential Payments Upon Termination or Change in Control section) or by reason of Mr. Waggoner's death or disability, or if Mr. Waggoner terminates his employment for Good Reason (as defined below), Mr. Waggoner is entitled to:

- salary continuation for 24 months following termination;
- additional vesting of 75,000 options; and
- continuation of Company-provided insurance benefits for Mr. Waggoner and his dependents until such time Mr. Waggoner has secured comparable benefits through another organization's benefits program, subject to a maximum of 24 months following termination of employment.

In the event Mr. Waggoner is terminated (other than for Cause), or terminates his employment for Good Reason, three months prior to the public announcement of a proposed Change of Control or within 12 months following a Change of Control, Mr. Waggoner is entitled to the benefits described above and the immediate vesting of the next full year's

options as if his employment continued for a period of 12 months following termination.

For purposes of Mr. Waggoner's employment agreement, "Change of Control" has the same meaning as set forth in our

21

2008 Stock Incentive Plan as described in the narrative to the Potential Payments Upon Termination or Change in Control section. Further, "Good Reason" occurs if Mr. Waggoner terminates his employment for any of the following reasons: (i) we materially reduce Mr. Waggoner's duties or responsibilities below what is customary for his position in a business that is similar to our Company without Mr. Waggoner's consent, (ii) we require Mr. Waggoner to relocate his office more than 100 miles from his current office without his consent, (iii) we materially breach the terms of the employment agreement, or (iv) Mr. Waggoner is forced to report to anyone other than our Board. If one or more of the above conditions exist, Mr. Waggoner must provide notice to the Company within a period not to exceed 90 days of the initial existence of the condition. Upon such notice, the Company shall have 30 days during which it may remedy the condition.

Mr. Waggoner's employment agreement terminates on January 1, 2012.

Employment Agreement with David B. Menzel

Pursuant to his employment agreement, Mr. Menzel is entitled to an initial base salary of \$260,000 (currently \$365,000 per year) per year and an annual performance bonus with a target of 30% of base salary. Mr. Menzel is also entitled to an automobile allowance of \$800 per month. In connection with the execution of his employment agreement, Mr. Menzel received options to purchase 82,500 shares of our common stock at an exercise price equal to the fair market value of our common stock on the grant date as determined by our Compensation Committee. The shares acquired upon exercise of the options were subject to a right of first refusal that terminated upon the listing of the Company's stock on a national securities exchange, among other reasons. The options vest as follows: 20,000 shares vested on April 7, 2008, 12,500 shares vested on each of April 7, 2009, April 7, 2010 and April 7, 2011, and an additional 12,500 shares vest on each of April 7, 2012 and April 7, 2013. In the event of a sale to any third-party of at least 50% of the total then-outstanding shares of the Company for a cash or publicly-traded stock purchase price equal to or greater than the exercise price per share, 75% of Mr. Menzel's unvested options will vest. Subject to the execution of a general release and waiver, if Mr. Menzel is terminated for any reason other than for Cause (as described in the narrative to the Potential Payments upon Termination or Change in Control section below) or by reason of Mr. Menzel's death or disability, or if Mr. Menzel terminates his employment for Good Reason, Mr. Menzel is entitled to salary continuation for 12 months following termination, additional vesting of 12,500 options, and continuation of Company-provided insurance benefits for Mr. Menzel and his dependents until the earlier of: (i) 12 months following termination or (ii) the date Mr. Menzel has secured comparable benefits through another organization's benefits program. The definition of "Good Reason" is substantially similar to the definition described in "— Employment Agreements — Employment Agreement with Douglas R. Waggoner." In the event Mr. Menzel is terminated (other than for Cause), or terminates his employment for good reason, three months prior to the public announcement of a proposed Change of Control or within 12 months following a Change of Control, Mr. Menzel receives the same benefits as if Mr. Menzel is terminated other than for Cause or by reason of Mr. Menzel's death or disability, or if Mr. Menzel terminates his employment for Good Reason (as described above) plus the immediate vesting of the next full year's options.

Mr. Menzel's employment agreement terminates on April 7, 2013.

Employment Agreements with Orazio Buzzza and David C. Rowe

We entered into employment agreements with Orazio Buzzza, the Company's then President and Chief Technology Officer (the former Chief Operating Officer) on March 1, 2005. Mr. Buzzza's agreement was amended and restated as of September 24, 2009. We also entered into an employment agreement with David C. Rowe on August 24, 2007, which was amended and restated as of September 24, 2009. Pursuant to their employment agreements, Messrs. Buzzza and Rowe are entitled to a base salary and are eligible to receive an annual performance bonus. Upon joining the Company, Mr. Buzzza was granted 225,000 shares of common stock with a fair value of \$0.002 per share. In addition, Mr. Buzzza was given the opportunity to purchase 225,000 restricted shares of common stock on March 15, 2006 at a price of \$0.50 per share and subject to certain repurchase rights.

Subject to the execution of a general release and waiver, in the event Mr. Buzzza or Mr. Rowe is terminated by us for any reason other than for Cause (as described in the narrative to the Potential Payments Upon Termination or Change in Control section) or by reason of death or disability, or if either terminates his employment for Good Reason (as defined above for Mr. Waggoner, except (iv)), Messrs. Buzzza and Rowe are entitled to salary continuation for three

months plus accrued but unused vacation time or minus unaccrued and used vacation time.

If, during the three months prior to the public announcement of a proposed Change of Control (as defined in our 2008 Stock Incentive Plan), or during the twelve months following a Change of Control, Messrs. Buzza or Rowe is terminated by us for any reason other than Cause or employment is terminated by Messrs. Buzza or Rowe for Good Reason, each is entitled to salary continuation for three months plus accrued but unused vacation time or minus unaccrued and used vacation time, and, with respect to Mr. Buzza, the Company forfeits its repurchase right for two years following termination.

Mr. Rowe's employment agreement terminates on January 1, 2012. Mr. Buzza's employment agreement was scheduled to terminate on January 1, 2012 but he resigned from the Company effective August 13, 2010. At that time, Mr. Buzza was engaged by the Company as a part-time consultant. This agreement was terminated November 1, 2010. During that time, Mr. Buzza was paid \$26,042 for his services.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Assuming the employment of our named executive officers were to be terminated without Cause or for Good Reason, each as of December 31, 2010, the following individuals would be entitled to payments in the amounts set forth opposite to their name in the table below.

We are not obligated to make any cash payments to these executives if their employment is terminated by us for Cause or by the executive without Good Reason. No severance or benefits are provided for any of the executive officers in the event of death or disability. A Change in Control does not affect the amount or timing of these cash severance payments.

Name	Cash Severance	Benefit Continuation
Douglas R. Waggoner(1)	\$35,833 per month for 24 months	\$29,380.00
David B. Menzel(1)	\$30,417 per month for 12 months	\$25,400.00
David C. Rowe	\$22,917 per month for three months	—
Orazio Buzza (2)	—	—

Pursuant to the employment agreements with Messrs. Waggoner and Menzel, in the event of a termination without Cause or a termination for Good Reason, the Company will also provide them and their dependents with Company-paid insurance benefits until such time comparable benefits are secured through another employer's benefits program, up to a maximum of 24 months for Mr. Waggoner and 12 months for Mr. Menzel. The following assumptions were made in calculating the benefit continuation amounts: an annual cost of \$16,454 for Mr. Waggoner and \$15,726 for Mr. Menzel.

Mr. Buzza resigned from the Company on August 13, 2010 and entered into a part-time consulting arrangement with the Company at that time. He received no severance benefits in connection with his resignation.

Assuming the employment of our named executive officers were to be terminated without cause or for good reason, each as of December 31, 2010 (or as otherwise specified), the following individuals would be entitled to accelerated vesting of their outstanding equity awards described in the table below:

Name	Value of Equity Awards: Termination Without Cause or For Good Reason (\$)(1)	Value of Equity Awards: Termination Without Cause or For Good Reason In Connection With a Change in Control (\$)(1)
Douglas R. Waggoner	627,000	941,700
David B. Menzel	14,775	36,038
David C. Rowe	—	—
Orazio Buzza (2)	—	—

Values are based on the aggregate difference between the respective exercise prices and a price of our common stock of \$12.04 per share, which was the fair market value of our common stock as of December 31, 2010.

Mr. Buzza resigned from the Company on August 13, 2010 and entered into a part-time consulting arrangement with the Company at that time. He received no severance benefits in connection with his resignation.

In connection with a termination without Cause or a termination for Good Reason, no payments are due unless the executive executes a general release and waiver of claims against us. Each named executive officer is subject to non-competition and non-solicitation restrictions for a period of twenty-four months following termination, except for

Mr. Menzel, whose restriction period is twelve months following termination. Further, each named executive officer entered into a confidentiality agreement upon joining the Company.

The following definitions apply to the termination and change in control provisions in the employment agreements.

Change in Control

The employment agreements incorporate the Change in Control definition in the 2008 Stock Incentive Plan. Under the 2008 Stock Incentive Plan, "Change in Control" means the occurrence of any one or more of the following: (a) an effective change in control pursuant to which any person or persons acting as a group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) beneficial ownership of stock of the Company representing more than thirty-five percent (35%) of the voting power of the Company's then outstanding stock; provided, however, that a Change in Control shall not be deemed to occur by virtue of any of the following acquisitions: (i) by the Company or any Affiliate, (ii) by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Affiliate, (iii) by any underwriter temporarily holding securities pursuant to an offering of such securities, or (iv) by any Incumbent Stockholders (as defined below); (b) any person or persons acting as a group (in each case, other than any Incumbent Stockholders) acquires beneficial ownership of Company stock that, together with Company stock already held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or voting power of the Company's then outstanding stock (the acquisition of Company stock by the Company in exchange for property, which reduces the number of outstanding shares and increases the percentage ownership by any person or group to more than 50% of the Company's then outstanding stock will be treated as a Change in Control); (c) individuals who constitute the Board immediately after the Effective Date (the "Incumbent Directors") cease for any reason to constitute at least a majority of the Board during any 12-month period; provided, however, that: (i) any person becoming a Director subsequent thereto whose election or nomination for election was approved by a vote of a majority of the Incumbent Directors then on the Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for Director, without written objection to such nomination) shall be an Incumbent Director, provided, that no individual initially elected or nominated as a Director of the Company as a result of an actual or threatened election contest with respect to Directors or as a result of any other actual or threatened solicitation of proxies or consents by or on behalf of any person other than the Board shall be deemed to be an Incumbent Director and (ii) a Change in Control shall not be deemed to have occurred pursuant to this paragraph (c) if, after the Board is reconstituted, the Incumbent Stockholders beneficially own stock of the Company representing more than thirty-five percent (35%) of the voting power of the Company's then outstanding stock; (d) any person or persons acting as a group acquires (or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons) assets from the Company that have a total gross fair market value of at least forty percent (40%) of the total gross fair market value of all the assets of the Company immediately prior to such acquisition. For purposes of this section, gross fair market value means the value of the assets of the Company, or the value of the assets being disposed of, without regard to any liabilities associated with such assets. The event described in this paragraph (d) shall not be deemed to be a Change in Control if the assets are transferred to (i) any owner of Company stock in exchange for or with respect to the Company's stock, (ii) an entity in which the Company owns, directly or indirectly, at least fifty percent (50%) of the entity's total value or total voting power, (iii) any person that owns, directly or indirectly, at least fifty percent (50%) of the Company stock, or (iv) an entity in which a person described in (d)(iii) above owns at least fifty percent (50%) of the total value or voting power (for purposes of this definition, and except as otherwise provided, a person's status is determined immediately after the transfer of the assets); or (e) upon the happening of any other event(s) designated as a Change in Control for purposes of Section 409A. For purposes of this definition of Change in Control, the term "Incumbent Stockholders" shall include each and every one of the following: Polygal Row, LLC, Frog Ventures, LLC, Richard A. Heise Living Trust, Echo Global Logistics Series C Investment Partners, LLC, Old Willow Partners, LLC, Blue Media, LLC, Green Media, LLC, Y&S Nazarian Revocable Trust, Younes Nazarian 2006 Annuity Trust — Echo Global, Soraya Nazarian 2006 Annuity Trust — Echo Global, Anthony Bobulinski, David Nazarian 2005 Annuity Trust EGL, Sam Nazarian, Baradaran Revocable Trust, Shulamit Nazarian Torbati, New Enterprise Associates 12, Limited Partnership, NEA Ventures 2006, Limited Partnership; or any of their respective Affiliates or successors. In no event will a Change in Control be deemed to have occurred, with respect to the Participant, if an employee benefit plan maintained by the Company or an Affiliate or the Participant is part of a purchasing group that consummates the transaction that would otherwise result in a Change in Control. The employee benefit plan or the Participant will be deemed "part of a purchasing group" for purposes of the preceding sentence if the plan or the Participant is an equity

participant in the purchasing company or group, except where participation is: (i) passive ownership of less than two percent (2%) of the stock of the purchasing company; or (ii) ownership of equity participation in the purchasing company or group that is otherwise not significant, as determined prior to the Change in Control by a majority of the non-employee continuing directors.

Cause

The employment agreements define "Cause" as either: (i) a material breach of any provision of the agreement, provided that in those instances in which a material breach is capable of being cured, the officer has failed to cure within a thirty (30) day period after notice from the Company; (ii) theft, dishonesty, or falsification of any employment or Company records by the officer; (iii) the reasonable determination by the Board that the officer has committed an act or acts constituting a felony or any act involving moral turpitude; or (iv) the reasonable determination by the Board that the officer has engaged in willful misconduct or gross negligence that has had a material adverse effect on the Company's reputation or business.

Good Reason

The definitions of "Good Reason" are described in "— Employment Agreements."

COMPENSATION AND RISK

We have reviewed our employee compensation policies and practices and have determined that these policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Summary of Director Compensation

Prior to 2010, we did not provide cash compensation to our directors for their services as members of the Board or for attendance at Board or committee meetings. For 2010, we approved a new cash compensation component for our non-employee directors who are not affiliated or associated with 10% or greater stockholders of the Company, in the form of a \$30,000 annual cash retainer. We approved this new component in order to continue to attract qualified candidates for our Board, as certain directors that serve on boards of Nasdaq-listed companies in our peer group receive annual compensation for their service as directors. In addition to the annual retainer, Mr. Sandner was granted an additional \$20,000 for his new position on the Audit Committee. Our directors are also reimbursed for reasonable travel and other expenses incurred in connection with attending meetings of the Board and its committees. Under our 2008 Stock Incentive Plan, directors are eligible to receive stock option and other equity grants at the discretion of the Compensation Committee or other administrator of the plan.

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act of 1934 (the "Exchange Act") that might incorporate future filings, including this proxy statement, in whole or in part, the Report of the Compensation Committee and the Audit Committee Report shall not be deemed to be "Soliciting Material," are not deemed "filed" with the SEC and shall not be incorporated by reference into any filings under the Securities Act or Exchange Act whether made before or after the date hereof and irrespective of any general incorporation language in such filing except to the extent that the Company specifically requests that the information be treated as soliciting material or specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors consists of four non-employee directors, including, Samuel K. Skinner, John R. Walter, Matthew Ferguson and John F. Sandner, each of whom the Board of Directors has determined to be independent directors as defined in the rules of the Nasdaq Global Market. The Audit Committee is a standing committee of the Board of Directors and operates under a written charter adopted by the Board of Directors. The Board approved charter is available at www.echo.com on the "Investor" page under the link "Corporate Governance." Among its other functions, the Audit Committee has the authority and responsibility to retain and terminate the engagement of the Company's independent registered public accounting firm (the "independent auditors").

Management is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements and internal control over financial reporting in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

During fiscal 2010, at each of its meetings, the Audit Committee met with the senior members of the Company's financial management team and the independent auditors. The Audit Committee's agenda is established by the Audit Committee's chairman and senior members of the Company's financial management team. The Audit Committee met in private sessions with the Company's independent auditors at certain of its meetings, and also separately with the Company's head of internal audit, without management representation, to discuss financial management, accounting and internal control issues. The Audit Committee has reviewed and discussed with management and the independent auditors the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2010, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the consolidated financial statements. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee discussed with the independent auditors matters required to be discussed by the statement on Auditing Standards No. 61, "Communication with Audit Committees," as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Company's independent auditors also provided to the Audit Committee the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence. The Committee discussed with the independent auditors that firm's independence and considered whether the non-audit services provided by the independent auditors are compatible with maintaining their independence.

Based on the Audit Committee's discussion with management and the independent auditors, and the Audit Committee's review of the representation of management and the report of the independent auditors to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2010 filed with the Securities and Exchange Commission.

Submitted by the Audit Committee of the Board of Directors,

Samuel K. Skinner (Chairman)
John R. Walter
John F Sandner
Matthew Ferguson

The Audit Committee has adopted certain policies and procedures regarding permitted audit and non-audit services and the annual pre-approval of such services. Each year, the Audit Committee will ratify the types of audit and non-audit services of which management may wish to avail itself, subject to pre-approval of specific services. Each year, management and the independent registered public accounting firm will jointly submit a pre-approval request, which will list each known and/or anticipated audit and non-audit service for the upcoming calendar year and which will include associated budgeted fees. OTHER INFORMATION

Stockholder Proposals for the 2012 Annual Meeting

If any stockholder intends to present a proposal to be considered for inclusion in the Company's proxy material in connection with the 2012 annual meeting of stockholders, the proposal must be in proper form (per SEC Regulation 14A, Rule 14a-8- Shareholder Proposals) and received by the Secretary of the Company on or before January 4, 2012. Stockholder proposals to be presented at the 2011 annual meeting of stockholders which are not to be included in the Company's proxy materials must be received by the Company no earlier than February 9, 2012 and no later than March 10, 2012, in accordance with the procedures in the Company's by-laws.

Expenses of Solicitation

The Company pays the cost of preparing, assembling and mailing this proxy-soliciting material. The Company pays all costs of solicitation, including certain expenses of brokers and nominees who mail proxy materials to their customers or principals.

"Householding" of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides convenience for stockholders and cost savings for companies.

A number of brokers with account holders who are stockholders will be "householding" our proxy materials. As indicated in the notice previously provided by these brokers to stockholders, a single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from an affected stockholder. Once you have received notice from your broker or us that they will be "householding" communications to your address, "householding" will continue until you are notified otherwise.

Stockholders who currently receive multiple copies of the proxy statement at their address and would like to request "householding" of their communications should contact their broker or, if a stockholder is a direct holder of shares of our common stock, they should submit a request to our transfer agent in writing addressed to: American Stock Exchange, 6201 15th Avenue, Brooklyn, New York 11219. We will promptly deliver a separate copy of our proxy statement or annual report to you upon written or oral request to: Investor Relations, Echo Global Logistics, Inc., 600 West Chicago Avenue, Suite 725, Chicago, Illinois 60654, or by telephone at 1-800-354-7993.
