(A Development Stage Enterprise)

Notes to Condensed Consolidated Financial Statements  
December 31, 2007

1. Summary of significant accounting policies

**Business:** Encompass Holdings, Inc. (the “Company” or “Encompass”) is incorporated under the laws of the State of Nevada.

**Interim reporting:** Encompasses’ year-end for accounting and tax purposes is June 30. In the opinion of Management, the accompanying consolidated financial statements as of December 31, 2007 and 2006 and for the three and six months then ended, consisting of only normal recurring adjustments, except as noted elsewhere in the notes to the consolidated financial statements, necessary to present fairly its financial position, results of its operations and cash flows. The results of operations for the three and six months ended December 31, 2007 and 2006 are not necessarily indicative of the results to be expected for the full year.

**Business combinations & basis of consolidation:** The 2007 consolidated financial statements include the accounts of Encompass and its wholly-owned subsidiaries AquaXtremes, Inc. (“Aqua”); Xtreme Engines, Inc. (“Engines”), and its 51% owned subsidiary Rotary Engines Technology, Inc. (“RETI”).

The 2006 consolidated financial statements include the accounts of Encompass and its wholly-owned subsidiaries Aqua; Engines, and its 51% owned subsidiary RETI since its acquisition. Effective April 1, 2006, Engines formed RETI. On April 3, 2006, RETI issued 49% of its common stock in exchange for rotary equipment, patterns, demonstration rotary engines, and rotary engine intellectual assets.

Aqua is developing recreational water sports products, Engines is developing a marine engine for use in recreational water sports products, and RETI is developing rotary engines primarily for commercial use.

The 2007 and 2006 consolidated financial statements also include the accounts of Encompass’ wholly-owned subsidiaries NACIO Systems, Inc. (“NACIO”) and NACIO’s wholly-owned subsidiary Interactive Holding Group, Inc. (“IHG”). On November 29, 2006, the Board of Directors approved a formal plan to divest Encompass’ interest in NACIO and cease providing integrated communications of high speed Internet access and managed server and computer software compliance monitoring services and products. Accordingly, NACIO and IHG are reported as discontinued operations in the accompanying consolidated financial statements. The divestiture has not yet been completed as of December 31, 2007.

All inter-company accounts and transactions have been eliminated.

**Development stage enterprise:** On April 10, 2007, the Company changed its focus from the manufacturing of recreational water sports products and the marketing of one of its products known as the XBoard™ to the development of rotary engines primarily for commercial use.

ENCOMPASS HOLDINGS, INC.  
(A Development Stage Enterprise)

Notes to Condensed Consolidated Financial Statements  
December 31, 2007

Because the rotary engine is still developing and the Company has not recognized sales from rotary engine products, the Company is considered to be in the development stage. Accordingly, the Company has adopted the accounting and reporting standards of Statement of Financial Accounting Standards (“SFAS”) No. 7, “Accounting and Reporting by Development Stage Enterprises”.

Research and development: Research and product development costs, which consist of direct product development costs, salaries and related benefits costs, and indirect costs, including facility costs based on the proportionate share of facility use are expensed as incurred.

Net loss per common share: Net loss per common share is computed by dividing net loss by the weighted average number of common shares outstanding during the period. The weighted average number of common stock shares outstanding was 279,598,760 for the six months ended December 31, 2007; 284,795,520 for the three months ended December 31, 2007; 30,807,736 for the six months ended December 31, 2006; 40,044,859 for the three months ended December 31, 2006; and 86,777,847 for the cumulative activity during development stage April 1, 2006 through December 31, 2007. Convertible notes payable and warrants are not considered to be common stock equivalents as the effect on net loss per common share would be anti-dilutive.

The Company adopted the provisions of SFAS No. 128R, “Earnings per share – an amendment of FASB Statement No. 128” addressing contingently convertible debt and several other issues on July 1, 2006. There was no effect on the computation of earnings per share as a result of the adoption of SFAS No. 128R as the effect was anti-dilutive.

Significant risks & uncertainties: The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates and assumptions primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

2. Operations

In the fourth quarter of fiscal year ended June 30, 2007, the Company’s operating strategies have included the development of recreational water sports products and the development of a variety of sizes of rotary engines that will be powered by various fuels for commercial use. The engines will also be utilized to power recreational water sports products being developed by the Company.

ENCOMPASS HOLDINGS, INC.  
(A Development Stage Enterprise)

Notes to Condensed Consolidated Financial Statements  
December 31, 2007

Encompass has been dependent upon debt and equity financing to continue its development of rotary engine products. During 2007, the Company received an aggregate of \$2,460,000 in equity and debt financing to continue its activities. There can be no assurances that the Company will be able to continue to raise additional financing.

In November 2006, the Company adopted a formal plan to divest Encompass' interest in NACIO and cease providing integrated communications of high speed Internet access and managed server and computer software compliance monitoring services and products. Since its acquisition, NACIO has been dependent upon Encompass for debt and equity financing and has not achieved profitability.

Management believes these actions will enable it to continue in existence until it achieves profitable operations. The consolidated financial statements do not reflect adjustments relating to the recorded asset amounts, or the amounts of liabilities that would be necessary should the Company not be able to continue in existence.

3. Contingencies and litigation

NACIO is the plaintiff in a lawsuit against a former employee for retrieval of certain intellectual property and damages related to the unlawful use of one of NACIO's intellectual software properties, as well as for business interference. There is no provision in the accompanying consolidated financial statements as a result of this gain contingency.

NACIO is a co-defendant in a lawsuit claiming damages of approximately \$42,000 for legal fees connected to the defense of a former NACIO officer. NACIO denies any wrongdoing, has filed a counterclaim against the former officer, and has been vigorously defending itself against the claim. The amount has been previously reported as accounts payable in the accompanying consolidated financial statements. The counterclaim, filed by NACIO against the former officer, seeks a settlement in excess of \$1,000,000. There is no provision in the accompanying consolidated financial statements for the counterclaim as a result of this gain contingency.

Encompass is a co-defendant in a lawsuit by a former officer of NACIO claiming damages of \$8,000,000 when it acquired certain assets of NACIO. In August 2007, Encompass and NACIO were previously resolved of any wrongdoing in a similar lawsuit filed by Nacio Investment Group, LLC, except for the repayment of loans advanced to NACIO by Nacio Investment Group, LLC. The loans were previously reported in the consolidated financial statements. Encompass denies any wrongdoing and believes the lawsuit will be dismissed similar to the previous case.

ENCOMPASS HOLDINGS, INC.  
(A Development Stage Enterprise)

Notes to Condensed Consolidated Financial Statements  
December 31, 2007

No provision for losses has been provided in the accompanying consolidated financial statements as the outcome of this matter is uncertain.

NACIO is non-compliant with respect to certain federal and state payroll related liabilities. Included in current liabilities of discontinued operations is approximately \$255,500 of unpaid payroll taxes.

4. Preferred stock

The Company's preferred stock may be voting or have other rights and preferences as determined from time to time by the Board of Directors.

The Board of Directors has designated 100,000 shares of its preferred stock as Series "A". The Series "A" preferred stock is convertible, at the option of the Company, into 1,000,000 shares of its common stock. The Company has reserved 1,000,000 shares of its common stock to be issued in the event of conversion.

The Board of Directors has designated 100,000 shares of its preferred stock as Series "B". The Series "B" preferred stock is entitled to: dividends in the same manner as holders of common stock, vote on all matters at 250 votes per share as a single class of shareholder, and liquidation preferences in the same manner as holders of common stock.

5. Common stock

During the six months ended December 31, 2007, the Company issued an aggregate of 20,787,041 shares of its common stock in exchange for convertible notes payable. The shares were issued at approximately \$.0011 per share.

6. Subsequent event

On January 18, 2008, NACIO filed for bankruptcy.

## ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

These statements consist of any statement other than a recitation of historical fact and can be identified by the use of forward looking terminology such as "may", "expect", "anticipate", "estimates", or "continue" or use of negative or other variations of comparable terminology. We caution that these statements are further qualified by important factors that could cause actual results to differ materially from those contained in our forward looking statements, that these forward looking statements are necessarily speculative, and there are certain risks and uncertainties that could cause actual events or results to differ materially from those referred to in our forward looking statements.

Management's discussion and analysis should be read in conjunction with the financial statements and the notes thereto.

### EXECUTIVE LEVEL OVERVIEW

The Company's operating strategies focus on the development of recreational water sports products, Rotary Engines and the management of its enterprise server facilities.

Revenues for Nacio consist of hosting, co-location and related fees; sales of third party hardware and software; fees for systems and technical integration and administration; fees for power and server connectivity services, and the sale of computer software compliance monitoring services and products.

Revenues for Aqua to date consist of the sale of dealerships and the sale of XBoards.

Encompass Holdings, Inc. presently has executive offices at 1005 Terminal Way, Reno, NV. Nacio's enterprise server facilities are located at 55 Leveroni Court, Novato, CA. Currently, the only significant business risk of Nacio's operations is that the electricity to power the Electronic Enterprise Servers is obtained from a single-source supplier, Pacific Gas & Electric. Nacio has available back-up power generators sufficient to continue to power their enterprise server facilities in the event of short-term power losses. However, if the supply of power to Nacio by Pacific Gas & Electric were delayed or curtailed, the ability of Nacio to provide services to its customers could be adversely affected.
