Item 5.02. Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) Adoption of 2015 Annual Incentive Plan

At its meeting on January 28, 2015, the Compensation Committee (the “Compensation Committee”) of the Board of Directors of SunEdison Semiconductor Limited (the “Company”) approved the Company’s 2015 Annual Incentive Plan (the “2015 AIP”), in which senior management participates, including each of our “Named Executive Officers”, comprised of our principal executive officer, Dr. Shaker Sadasivam, and our two other most highly compensated executive officers for 2014, Messrs. Jeffrey Hall and William Dunnigan.

The 2015 AIP has two main components: a company performance component and a personal goal component. The 2015 AIP has “threshold,” “target” and “maximum” payouts based on the achievement of a combination of company performance metrics and personal goal metrics, except for Dr. Sadasivam, for whom payout is based solely on the Company performance component. Messrs. Hall and Dunnigan will earn bonus payout based 75% on the Company performance metric and 25% on personal goals. Achievement of less than 70% of the Company performance metrics will result in a 0% payout for personal goals. The Company performance metric is based upon the level of adjusted EBITDA achieved. The “threshold” level of performance for a particular performance goal represents the lowest level of performance for which any bonus would be earned on that performance goal. The “maximum” level of performance represents the level for which the maximum bonus would be earned for that particular goal, and the “target” represents the target level of performance. Our Compensation Committee approved the following “threshold,” “target” and “maximum” levels for each of our Named Executive Officers (with target, threshold and maximum represented as a percentage of base salary):

Performance as % of Target	Payout as % of Target
120% or more	200%
100%	100%
80% or less	0%
