Such forward-looking statements only speak as of the date of this release and the Company assumes no obligation to update the information included in this release. Such forward-looking statements include information concerning our possible or assumed future results of operations, including descriptions of our business strategy, and the cost savings and other benefits that we expect to achieve from our facility closures and organizational changes. These statements are not guarantees of performance or results, and they involve risks, uncertainties, and assumptions. Although we believe that these forward-looking statements are based on reasonable assumptions, there are many factors that could affect our actual financial results or results of operations and could cause actual results to differ materially from those in the forward-looking statements, including our ability to effectively manage our operational initiatives and restructuring activities, the impact of volatility of metals and plastics prices, the cyclical and seasonal aspects of our business, our ability to effectively manage inventory levels, our ability to successfully complete the remaining steps in our strategic refinancing process, and the impact of our substantial level of indebtedness, as well as including those risk factors identified in Item 1A “Risk Factors” of our Annual Report on Form 10-K for the fiscal year ended December 31, 2015, as amended. All future written and oral forward-looking statements by us or persons acting on our behalf are expressly qualified in their entirety by the cautionary statements contained or referred to above. Except as required by the federal securities laws, we do not have any obligations or intention to release publicly any revisions to any forward-looking statements to reflect events or circumstances in the future, to reflect the occurrence of unanticipated events or for any other reason.
