IT IS IMPORTANT THAT YOUR STOCK BE REPRESENTED AT THE MEETING, REGARDLESS OF THE NUMBER OF SHARES YOU HOLD. PLEASE COMPLETE, SIGN, AND RETURN PROMPTLY THE ENCLOSED PROXY IN THE ACCOMPANYING ENVELOPE, WHETHER OR NOT YOU INTEND TO BE PRESENT AT THE MEETING.

SOLICITATION OF PROXIES

This Proxy Statement and accompanying Proxy are furnished to shareholders in connection with the solicitation of proxies by Directors of Supreme Industries, Inc. (the "Company") for use at the Annual Meeting of Shareholders to be held at the Courtyard Marriott, 1930 Lincolnway East, Goshen, Indiana, 10:00 a.m. Eastern Standard Time on May 8, 2003, or at any adjournment thereof. The Notice of Meeting, the form of Proxy, and this Proxy Statement are being mailed to the Company's shareholders on or about May 6, 2003.

The expense of proxy solicitation will be borne by the Company. Although solicitation is to be made primarily through the mail, the Company's officers and/or employees and those of its transfer agent may solicit proxies by telephone or personal contact, but no additional compensation will be paid by the Company for such solicitation material regarding the meeting to beneficial owners of the Company's Common Stock, and in such event the Company will reimburse them for all accountable costs so incurred.

A copy of the Annual Report to Shareholders of the Company for its fiscal year ended December 28, 2002, is being mailed with this Proxy Statement to all such shareholders entitled to vote, but does not form any part of the information for solicitation of proxies.

RECORD DATE AND VOTING SECURITIES

The Board of Directors of the Company has fixed the close of business on March 13, 2003, as the record date for determination of shareholders entitled to notice of and to vote at the Annual Meeting. As of the record date, there were 8,897,986 shares of Class A Common Stock and 1,917,394 shares of Class B Common Stock of the Company issued and outstanding. The presence, in person or by proxy, of holders of a majority of the issued and outstanding shares of Common Stock as of the record date is necessary to constitute a quorum for the Annual Meeting with respect to matters upon which both classes of Common Stock are entitled to vote.

ACTION TO BE TAKEN AND VOTE REQUIRED

Action will be taken at the meeting to elect a Board of Directors and to ratify the selection of Crowe, Chizek and Company LLP as independent auditors. The proxy will be voted in accordance with the directions specified thereon, and otherwise in accordance with the best judgment of the persons designated as proxies. Any proxy on which no directions are specified will be voted for the election of the persons named herein, and otherwise in accordance with the judgment of the persons designated as proxies. Any person executing the proxy may nevertheless revoke it at any time prior to the actual voting thereof by filing with the Secretary of the Company either a written instrument expressly revoking it or a duly executed proxy bearing a later date. Furthermore, such person may nevertheless elect to attend the meeting and vote in person, in which event, the proxy will be suspended.

The Company's Certificate of Incorporation authorizes two classes of \$.10 par value Common Stock (designated Class A and Class B) as well as one class of \$1.00 par value preferred stock. No shares of the preferred stock are outstanding. In voting on all matters that come before the meeting, a shareholder of either Class A or Class B Common Stock will be entitled to one vote, in person or by proxy, for each share held in his name on the record date, except that the holders of Class A Common Stock shall be entitled to elect that number (rounded down) of directors equal to the total number of directors to be elected divided by three, i.e., three directors, and the holders of Class B Common Stock shall be entitled to elect the remaining directors. The election of three directors by the holders of the Class A Common Stock requires the affirmative vote of a majority of the shares of Class A Common Stock represented in person or by proxy at the meeting at which a majority of the outstanding Class A shares is present. The Company's Certificate of Incorporation prohibits cumulative voting. The ratification of the selection of auditors requires the affirmative vote of the holders of a majority of the outstanding shares of the Class A Common Stock present, in person or by proxy, at the annual meeting.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following tabulation sets forth the names of those persons who are known to Management to be the beneficial owners as of March 13, 2003 of more than five percent of the Company's Class A or Class B Common Stock. Such tabulation also sets forth the number of shares of the Company's Class A or Class B Common Stock beneficially owned as of March 13, 2003 by all of the Company's directors and officers (naming them) and all directors and officers of the Company as a group (without naming them). Persons having direct beneficial ownership of the Company's Common Stock possess the sole voting and dispositive power in regard to such stock. Class B Common Stock is convertible on a one-for-one basis into an equal number of shares of Class A Common Stock, and ownership of Class B shares shall constitute beneficial ownership of Class A shares under Rule 13d-3(d)(1) promulgated under the Securities Exchange Act of 1934. As of March 13, 2003, there were 8,897,986 Class A shares and 1,917,394 Class B shares outstanding.

The following tabulation also includes Class A shares covered by options granted under the Company's 1992, 1998 and 2001 Stock Option Plans, which options are collectively referred to as "Stock Options". The Stock Options have no voting or dividend rights.

* Less than 1%

(1) The percentage calculations have been made in accordance with Rule 13d-3(d)(1) promulgated under the Securities Exchange Act of 1934. In making these calculations, shares beneficially owned by a person as a result of the ownership of Stock Options, or ownership of Class B Common Stock, were deemed to be currently outstanding solely with respect to the holders of such options or Class B Common Stock.

(2) Includes the number of Class A Shares set forth opposite the persons named in the following table which shares are beneficially owned as a result of the ownership of Stock Options under the Company's 1992, 1998 and 2001 Stock Option Plans.

(3) Includes 8,785 shares of Class A Common Stock and 51,447 shares of Class B Common Stock owned by Mr. Gardner's wife. Mr. Gardner has disclaimed beneficial ownership of these shares.

(4) Includes 74,260 shares of Class A Common Stock and 8,954 shares of Class B Common Stock owned by Mr. Barrett's wife. Mr. Barrett has disclaimed beneficial ownership of these shares.

(5) Includes 373 shares of Class A Common Stock owned beneficially by Mr. Campbell's wife, as custodian for their children. Mr. Campbell has disclaimed beneficial ownership of these shares.

(6) Includes the number of shares of Class A Common Stock which are deemed to be beneficially owned as a result of owners Class B Common Stock, which Class B shares are freely convertible on a one-for-one basis into Class A shares.

Depositories such as The Depository Trust Company (Cede & Company) as of March 13, 2003 held, in the aggregate, more than the Company's then outstanding Class A voting shares. The Company understands that such depositories hold such shares for the various participating brokers, banks, and other institutions which are entitled to vote such shares according to the instructions of the beneficial owners thereof. The Company has no reason to believe that any of such beneficial owners hold more than 5% of the outstanding voting securities.

ELECTION OF DIRECTORS

Nine directors are to be elected at the Annual Meeting of Shareholders. Unless otherwise instructed, the proxy holders will vote as directed by the proxy received by them for the nominees shown below for the term of one year and until their successors are duly elected and have qualified. The Company's Board of Directors is currently comprised of nine members. Of the persons named below, Messrs. Schrock, Tilley and Gardner have been nominated for election by the holders of Class A Common Stock, and the remaining persons have been nominated for election by the holders of Class B Common Stock.

Messrs. Gardner, Barrett, Kropf and Wilson were the executive officers of the Company as of December 28, 2002. Officers are elected annually by the Board of Directors at the Annual Meeting of Directors held immediately following the Annual Meeting of Shareholders.

Although it is not contemplated that any nominee will be unable to serve as a director, in such event the proxies will be voted for such other person as may be designated by the current Board of Directors. The Management of the Company has no reason to believe that any of the nominees will be unable or unwilling to serve if elected to office, and to the knowledge of Management all of the nominees intend to serve the entire term for which election is sought.

There are no family relationships by blood, marriage, or adoption between any director or executive officer, except Mr. Schrock, who is Mr. Barrett's brother-in-law. Mr. Tilley is a member of the law firm of Law, Snakard & Gambill, a Professional Corporation, which provides legal services for the Company during 2002.

Only nine nominees for director are named, even though the Company's bylaws allow a maximum of fifteen, since the proposed board is deemed adequate to meet the requirements of the Board of Directors. The proxies given by the Class A shareholders can be voted for more than three persons and the proxies given by Class B shareholders cannot be voted for more than six persons. The information set forth below with respect to each of the nominees has been furnished by each respective nominee.

The Executive Committee, which met four times during the year ended December 28, 2002, is charged by the Company's bylaws with the responsibility of exercising such authority of the Board of Directors as is specifically delegated to it by the Board, subject to the limitations contained in the bylaws.

The Audit Committee met four times during the year ended December 28, 2002. The purpose and functions of the Audit Committee are to recommend the appointment of independent auditors; review the scope of the audit proposed by the independent auditors; review the financial statements prior to issuance; consult with the independent auditors on matters relating to internal financial controls and make appropriate reports and recommendations to the Board of Directors.

The Stock Option Committee met twice during the year. The Committee is responsible for awarding Stock Options to key employees and individuals who provide substantial advice or other assistance to the Company so that they will apply their best efforts for the benefit of the Company.

The Board of Directors does not have nominating or compensation committees.

During the year ended December 28, 2002, the Board of Directors held four regularly scheduled meetings. All of the Directors attended 75% or more of the total meetings of the Board and of the committees on which they serve.

SUPREME'S AUDIT COMMITTEE

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board of Directors, are providing oversight to the Company's financial reporting process through periodic meetings with the Company's independent auditors and management to review accounting, auditing, internal controls and financial reporting matters. The members of the Audit Committee are independent as defined in Section 121(A) of the listing standards of the American Stock Exchange. The management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and independent auditors.

We have reviewed and discussed with senior management the Company's audited financial statements included in the 2002 Annual Report to Shareholders. Management has confirmed to us that such financial statements (i) have been prepared with integrity and objectivity and the responsibility of management and, (ii) have been prepared in conformity with accounting principles generally accepted in the United States of America.

We have discussed with Crowe, Chizek and Company LLP, the Company's independent accountants, the matters required to be disclosed under the Statement of Auditing Standards ("SAS") No. 61, "Communications with Audit Committees." SAS No. 61 requires the Company's independent accountants to provide us with additional information regarding the scope and results of their audit of the Company's financial statements, including with respect to (i) their responsibility under auditing standards generally accepted in the United States of America, (ii) any significant accounting policies, (iii) management judgments and estimates, (iv) any significant audit adjustments, (v) any disagreements with management, and (vi) any difficulties encountered in performing the audit.

We have received from Crowe, Chizek and Company LLP a letter providing the disclosures required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees", with respect to any relationships between Crowe, Chizek and Company LLP and the Company that in their professional judgment may reasonably be thought to bear on their independence. Crowe, Chizek and Company LLP has discussed its independence with us and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Based on the review and discussions described above with respect to the Company's audited financial statements included in the Company's 2002 Annual Report to Shareholders, we have recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine whether the Company's financial statements are complete and accurate and in accordance with accounting principles generally accepted in the United States of America. That is the responsibility of management and the Company's independent accountants. In giving our recommendations to the Board of Directors, we have relied on (i) management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with generally accepted accounting principles, and (ii) the report of the Company's independent accountants with respect to such financial statements.

Stock Option Plans

2001 Stock Option Plan

On January 31, 2001, the Company's Board of Directors approved and adopted, subject to shareholder approval, the Company's 2001 Stock Option Plan. The Plan was approved by the Company's shareholders at the Annual Meeting held on May 2, 2001. The following paragraphs describe certain provisions of the 2001 Stock Option Plan and are qualified in their entirety by reference thereto.

The 2001 Stock Option Plan provides for the granting of options (collectively, the "2001 Options") to purchase shares of the Company's Common Stock to certain key employees of the Company and/or its affiliates, and certain individuals who are not employees of the Company or its affiliates but who from time to time provide substantial advice or other assistance or services to the Company and/or its affiliates. The 2001 Stock Option Plan authorizes the granting of options to acquire up to 750,000 shares of Class A Common Stock, subject to certain limitations set forth below, to be outstanding at any time. Subject to such limitations, there is no limit on the absolute number of awards that may be made under the 2001 Stock Option Plan. At the present time, there are approximately 40 employees of the Company, including officers and directors of the Company, who, in management's opinion, would be considered eligible to receive grants under the 2001 Stock Option Plan, although not all may actually receive grants. At December 28, 2002, there were 420,000 options outstanding under this plan, of which 35,832

Authority to administer the 2001 Stock Option Plan has been delegated to a committee (the "Committee") of the Board of Directors. As expressly provided by the 2001 Stock Option Plan, the Committee has authority, in its discretion, to award 2001 Options and to determine the terms and conditions (which need not be identical) of such 2001 Options, including the persons to whom, and the time or times at which, such 2001 Options will be awarded, the number of 2001 Options to be awarded to each such person, the exercise price of any such 2001 Options, and the terms and provisions of any agreement pursuant to which such 2001 Options will be awarded. The 2001 Stock Option Plan also provides that the Committee may be authorized by the Board of Directors to make cash awards as specified by the Board of Directors to the holder of a 2001 Option in connection with the exercise thereof. Subject to the limitation set forth below, the exercise price of the shares of stock covered by such award will be determined by the Committee on the date of award.

Unless a Holder's option agreement provides otherwise, the following provisions will apply to exercises by the Holder of his or her options. Options may be exercised during the first twelve months following the date of grant. During the second year following the date of grant, one-third of the shares covered thereby may be exercised, and during the third year options covering up to two-thirds of such shares may be exercised. Thereafter, and until the options expire, the optionee may exercise options covering all of the shares. Persons over sixty-five years of age may exercise options covering up to one-half of the shares during the first year and thereafter may exercise all optioned shares. Subject to the provisions just described, options may be exercised as to all or any part of the shares covered thereby on one or more occasions, but, as a condition to exercise, cannot be exercised as to less than one hundred shares at any one time.

The exercise price of the shares of stock covered by each incentive stock option ("ISO"), within the meaning of Sec. 422 of the Internal Revenue Code of 1986, as amended (the "Code"), will not be less than the fair market value of stock on the date of award of such ISO, except in the case of an ISO awarded to any person who owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of the Company, unless the exercise price is at least one hundred ten percent (110%) of the fair market value of the stock at the time of award. If the ISO is not exercisable after the expiration of five years from the date it is awarded.

The exercise price of the shares of Class A Common Stock covered by each 2001 Option that is not an ISO ("NSO") will not be less than 50% (50%) of the fair market value of the stock on the date of award of such NSO.

Payment for Class A Common Stock issued upon the exercise of a 2001 Option may be made in cash or, with the consent of the Committee, partly in cash and partly in such shares of Class A Common Stock. If payment is made, in whole or in part, with shares of Class A Common Stock, the Committee may issue to such Holder a new 2001 Option for a number of shares equal to the number of shares of Class A Common Stock delivered by such Holder to pay the exercise price of the previous 2001 Option. The new 2001 Option will have an exercise price equal to one hundred percent (100%) of the fair market value of the Class A Common Stock on the date of the exercise of such previous 2001 Option so issued will not be exercisable until the later of the date specified in an individual option agreement or six months after the date of grant.

In addition, the 2001 Stock Option Plan allows for the cashless exercise of options via the Sale Method. Under the Sale Method, if the Holder exercises an option, the Committee, payment in full of the exercise price of the option may be made through the Company's receipt of a copy of instructions from a broker directing such broker to sell the stock for which the option is being exercised, to remit to the Company an amount equal to the exercise price of such option, with balance being remitted to the holder.

The duration of each 2001 Option will be for such period as the Committee determines at the time of award, but not for more than five years from the date of the award (or not more than five years from the date of award if the Holder owns stock representing more than 10% of the total voting power of all classes of stock) in the case of an ISO, and in either case may be exercised in whole or in part at any time or in installments, as determined by the Committee at the time of award, except that after the date of award, the Committee may determine the time or times at which a 2001 Option may be exercised.

In the event of any change in the number of outstanding shares of Class A Common Stock effected without receipt of consideration by the Company, by reason of a stock dividend, or split, combination, exchange of shares or other recapitalization, merger, or other transaction in which the Company is the surviving corporation, the aggregate number and class of reserved shares, the number and the class of shares of Class A Common Stock outstanding 2001 Option, and the exercise price of each outstanding 2001 Option shall be automatically adjusted accurately and fairly to give effect thereon of such change. Unless a Holder's option agreement provides otherwise, a dissolution or liquidation of the Company, or consolidations in which the Company is not the surviving corporation, or certain transactions in which another corporation becomes a subsidiary of the Company, shall cause such Holder's 2001 Option to terminate, but such Holder shall have the right, immediately prior to such transaction, to exercise such 2001 Option in whole or in part at the determination as to the periods and installments of exercisability made pursuant to such holder's option agreement if (and in either case) such option agreement has not at that time expired or been terminated.

The 2001 Stock Option Plan, as amended, will terminate on January 30, 2011 or on such earlier date as the Board of Directors determines. The stock options outstanding at the termination date will remain outstanding until they have been exercised, terminated, or have expired.

The exercise price of the shares of stock covered by each incentive stock option ("ISO"), within the meaning of Sec. 422 of the Internal Revenue Code of 1986, as amended (the "Code"), will not be less than the fair market value of stock on the date of award of such ISO, except for an ISO awarded to any person who owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company, unless the exercise price is at least one hundred ten percent (110%) of the fair market value of the stock at the time the ISO is not exercisable after the expiration of five years from the date it is awarded.

The exercise price of the shares of Class A Common Stock covered by each 1998 Option that is not an ISO ("NSO") will not be less than 50% (50%) of the fair market value of the stock on the date of award of such NSO.

Payment for Class A Common Stock issued upon the exercise of a 1998 Option may be made in cash or, with the consent of the Committee, partly in cash and partly in such shares of Class A Common Stock. If payment is made, in whole or in part, with shares of Class A Common Stock, the Committee may issue to such Holder a new 1998 Option for a number of shares equal to the number of shares delivered by such Holder to pay the exercise price of the previous 1998 Option. The new 1998 Option shall have an exercise price of not less than one hundred percent (100%) of the fair market value of the Class A Common Stock on the date of the exercise of such previous 1998 Option. The new 1998 Option so issued will not be exercisable until the later of the date specified in an individual option agreement or six months after the date of grant.

In addition, the 1998 Stock Option Plan originally provided for two methods for the cashless exercise of options, the Sale Method and the Net Method. The Board of Directors of the Company amended the 1998 Stock Option Plan on November 11, 1999 to delete the Net Method (no options were ever exercised using the net method). Under the Sale Method, with the consent of the Committee, payment in cash for the exercise price of the option may be made through the Company's receipt of a copy of instructions to a broker directing such broker to sell the option is being exercised, to remit to the Company an amount equal to the aggregate exercise price of such option, with bank charges to be paid by the Holder.

The duration of each 1998 Option will be for such period as the Committee determines at the time of award, but not for more than five years from the date of the award (or not more than five years from the date of award if the Holder owns stock representing more than 10% of the total combined voting power of all classes of stock) in the case of an ISO, and in either case may be exercised in whole or in part at any time or in installments, as determined by the Committee at the time of award, except that after the date of award, the Committee may determine the time or times at which a 1998 Option may be exercised.

In the event of any change in the number of outstanding shares of Class A Common Stock effected without receipt of consideration by the Company, by reason of a stock dividend, or split, combination, exchange of shares or other recapitalization, merger, or other reorganization of the Company is the surviving corporation, the aggregate number and class of reserved shares, the number and the class of shares of Class A Common Stock outstanding 1998 Option, and the exercise price of each outstanding 1998 Option shall be automatically adjusted accurately and equitably.

effect thereon of such change. Unless a Holder's option agreement provides otherwise, a dissolution or liquidation of the Company, or certain consolidations in which the Company is not the surviving corporation, or certain transactions in which another corporation becomes a subsidiary of the Company, shall cause such Holder's 1998 Options outstanding to terminate, but such Holder shall have the right, immediately prior to such transaction, to exercise such 1998 Options on the determination as to the periods and installments of exercisability made pursuant to such Holder's option agreement if (and insofar as) they have not at that time expired or been terminated.

The 1998 Stock Option Plan, as amended, will terminate on October 29, 2008, or on such earlier date as the Board of Directors may determine. All stock options outstanding at the termination date will remain outstanding until they have been exercised, terminated, or have expired.

The 1998 Stock Option Plan may be terminated, modified, or amended by the Board of Directors at any time without further notice, except that shareholder approval is required for any amendment that: (a) changes the number of shares of Class A Common Stock reserved for the 1998 Stock Option Plan, (b) changes the designation of the class of employees eligible to receive 1998 Options, (c) decreases the number of 1998 Options to be granted, (d) removes the administration of the 1998 Stock Option Plan from the Committee, or (e) without the consent of the Committee, causes the ISO's granted under the 1998 Stock Option Plan and outstanding at such time that satisfied the requirements of Section 562(b) of the Code to no longer satisfy such requirements.

1992 Stock Option Plan

The 1992 Stock Option Plan may be terminated, modified, or amended by the Board of Directors at any time without further notice, except that shareholder approval is required for any amendment that: (a) changes the number of shares of Class A Common Stock reserved for the 1992 Stock Option Plan, (b) changes the designation of the class of employees eligible to receive 1992 Options, (c) decreases the number of 1992 Options to be granted, (d) removes the administration of the 1992 Stock Option Plan from the Committee, or (e) without the consent of the Committee, causes the ISO's granted under the 1992 Stock Option Plan and outstanding at such time that satisfied the requirements of Section 562(b) of the Code to no longer satisfy such requirements.

On April 7, 1992, the Company's Board of Directors approved and adopted, subject to shareholder approval, the Company's 1992 Stock Option Plan. The plan was approved by the shareholders at the annual meeting held on June 11, 1992. The following paragraphs summarize the 1992 Stock Option Plan and are qualified in their entirety by reference thereto. The 1992 Stock Option Plan provides for the granting of options (collectively, the "1992 Options") to purchase shares of the Company's Class A Common Stock to certain key employees of the Company, its affiliates, and certain individuals who are not employees of the Company or its affiliates but who from time to time provide substantial assistance or services to the Company and/or its affiliates. The 1992 Stock Option Plan authorizes the granting of options to acquire (adjusted for all subsequent stock dividends) shares of Class A Common Stock, subject to certain adjustments described below. There are no limitations, there is no limit on the absolute number of awards that may be granted during the life of the 1992 Stock Option Plan. As of June 30, 1992, there are approximately 40 employees of the Company, including officers and directors of the Company, who, in management's opinion, are considered eligible to receive grants under the 1992 Stock Option Plan, although fewer employees may actually receive grants under the plan. As of June 30, 1992, there were 176,235 options outstanding under this plan, of which 176,235 were exercisable.

Authority to administer the 1992 Stock Option Plan has been delegated to a committee (the "Committee") of the Board of Directors. If the authority expressly provided by the 1992 Stock Option Plan, the Committee has the authority, in its discretion, to award 1992 Options to any eligible employee of the Company.

terms and conditions (which need not be identical) of such 1992 Options, including the persons to whom, and the time or times when they will be awarded, the number of 1992 Options to be awarded to each such person, the exercise price of any such 1992 Options, the provisions of any agreement pursuant to which such 1992 Options will be awarded. The 1992 Stock Option Plan also provides that the Committee may be authorized by the Board of Directors to make cash awards as specified by the Board of Directors to the Holder of a 1992 Option upon the exercise thereof. Subject to the limitation set forth below, the exercise price of the shares of stock covered by each 1992 Option shall be determined by the Committee on the date of award.

Unless a Holder's option agreement provides otherwise, the following provisions will apply to exercises by the Holder of his or her 1992 Options. 1992 Options may be exercised during the first twelve months following the date of grant. During the second year following the date of grant, one-third of the shares covered thereby may be exercised, and during the third year options covering up to two-thirds of such shares may be exercised. Thereafter, and until the options expire, the optionee may exercise options covering all of the shares. Persons over sixty-five years of age may exercise options covering up to one-half of the shares during the first year and thereafter may exercise all optioned shares. Subject to the provisions just described, options may be exercised as to all or any part of the shares covered thereby on one or more occasions, but, as a condition to exercise, cannot be exercised as to less than one hundred shares at any one time.

The exercise price of the shares of stock covered by each incentive stock option ("ISO"), within the meaning of Sec. 422 of the Internal Revenue Code of 1986, as amended (the "Code"), will not be less than the fair market value of stock on the date of award of such ISO, except in the case of an ISO awarded to any person who owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of the Company, unless the exercise price is at least one hundred ten percent (110%) of the fair market value of the stock at the time of award. If the ISO is not exercisable after the expiration of five years from the date it is awarded.

The exercise price of the shares of Class A Common Stock covered by each 1992 Option that is not an ISO ("NSO") will not be less than 50% (50%) of the fair market value of the stock on the date of award.

Payment for Class A Common Stock issued upon the exercise of a 1992 Option may be made in cash or, with the consent of the Committee, in shares of Class A Common Stock owned by the Holder of the 1992 Option for at least six months prior to the date of exercise. If payment is made, in whole or in part, with shares of Class A Common Stock, the Committee may issue to such Holder a new 1992 Option for a number of shares equal to the number of shares delivered by such Holder to pay the exercise price of the previous 1992 Option having an exercise price equal to not less than 100% (100%) of the fair market value of the Class A Common Stock on the date of such exercise. A 1992 Option so issued will not expire later of the date specified in an individual option agreement or six months after the date of grant.

The duration of each 1992 Option will be for such period as the Committee determines at the time of award, but not for more than ten years from the date of the award in the case of an ISO, and in either case may be exercised in whole or in part at any time or only after a period of time in installments, as determined by the Committee at the time of award, except that after the date of award, the Committee may also

at which a 1992 Option may be exercised.

In the event of any change in the number of outstanding shares of Class A Common Stock effected without receipt of consideration by the Company, by reason of a stock dividend, or split, combination, exchange of shares or other recapitalization, merger, or otherwise, if the Company is the surviving corporation, the aggregate number and class of reserved shares, the number and the class of shares of Class A Common Stock outstanding 1992 Option, and the exercise price of each outstanding 1992 Option shall be automatically adjusted accurately and equitably to give effect thereon of such change. Unless a Holder's option agreement provides otherwise, a dissolution or liquidation of the Company, or consolidations in which the Company is not the surviving corporation, or certain transactions in which another corporation becomes the parent (50% or more of the total combined voting power of all classes of stock of the Company, shall cause such Holder's 1992 Option outstanding to terminate, but such Holder shall have the right, immediately prior to such transaction, to exercise such 1992 Option on the determination as to the periods and installments of exercisability made pursuant to such Holder's option agreement if (and insofar as) they have not at that time expired or been terminated.

The 1992 Stock Option Plan terminated on April 7, 2002. Any stock options outstanding at the termination date will remain outstanding until they have been exercised, terminated, or have expired.

401 (k) Retirement Plan

Transactions With Management

As part of its original acquisition on January 19, 1984 of the specialized vehicle manufacturing business now being operated by Supreme Corporation, Supreme Corporation acquired an option to purchase certain real estate and improvements, at its Goshen, Indiana, and Griffin, Georgia, lessors controlled by the sellers of such business (one of whom is Omer G. Kropf). The option agreement provided that the option could be assigned on January 8, 1989, and that, prior to that time, it could be assigned to either or both of William J. Barrett and Herbert M. Gardner. The option was assigned to the Company's Board of Directors.

On July 25, 1988, Supreme Corporation assigned the option (with the consent of the grantors of the option) to a limited partnership, Supreme Partnership. The general partner of the Partnership is Supreme Corporation, and the limited partnership interests therein are owned (directly or indirectly) by individuals including Mr. Barrett, Mr. Gardner, Mr. Kropf, Dr. Cantwell, and Mr. Campbell, all of whom are members of the Board of Directors.

In a transaction consummated on July 25, 1988, the Partnership exercised the option and purchased all of the subject real estate. Also on July 25, 1988, the Partnership and Supreme Corporation entered into new leases covering Supreme facilities in Goshen, Indiana, and Griffin, Georgia at initial rental rates equivalent to those paid pursuant to the lease agreements with the prior lessors. The leases granted to the Partnership and Supreme Corporation contain options to purchase the properties for an aggregate initial price of \$2,765,000 (subject to increases after three (3) years or increases in the Consumer Price Index). During the current year ending December 27, 2003, Supreme Corporation is obligated to make \$616,000 in minimum lease payments to the Partnership under lease agreements which expire July 2005.

In order to carry out the purchase of the subject real estate and improvements, the Partnership borrowed from a bank \$2,363,000 to pay the mortgages on such real estate, a security interest in specified personal properties, and the assignments of the leases. The initial cash contribution by the Partnership's limited partners covered the balance of the purchase price.

Mr. Kropf, Executive Vice President and Director of the Company, is Secretary-Treasurer and sole shareholder of Quality Transportation and Leasing, Inc., a subsidiary of the Company. Quality Transportation and Leasing is the President of Quality Aircraft Leasing. The Company's subsidiary, Supreme Corporation, purchases delivery services from Quality Transportation and Leasing. Supreme Corporation rented the use of an aircraft from Quality Aircraft Leasing in the ordinary course of business. During the year ended December 31, 2002, Supreme Corporation purchased delivery services of \$2,644,000 from Quality Transportation and Leasing and paid aircraft rental fees of \$70,000 to Quality Transportation and Leasing. In December 2002, the Company purchased the previously rented aircraft. All transactions were without special terms and conditions as favorable as those that the Company could have obtained from non affiliated third parties.

On April 28, 2000, Supreme Corporation entered into a Lease Agreement with Mr. Kropf for the lease from Mr. Kropf of a parcel of land on approximately 10 acres of land close to Supreme Corporation's FRP manufacturing facility in Ligonier, Indiana. The lease term is for three (3) years terminating April 30, 2003 for a rental amount of \$402,660 for the term, payable in equal monthly installments. The rental amount was based on an independent third party appraisal. Supreme Corporation has two (2) renewal options of three (3) year

equal to the rental amount for the initial term, adjusted upward for any increase in the Consumer Price Index.
