SUBJECT: Shareholder Proposal on Shareholder Rights Agreement

Dear [Institutional Shareholder]

At this year's annual meeting on May 15, Edison International shareholders will elect all eleven vote on a shareholder proposal regarding the Company's shareholder rights agreement. Edison International Board recommends a vote "against" the proposal, and asks that you carefully consider the argument and the proxy statement before making up your mind.

Edison International's Board, comprised of a substantial majority of non-management Directors, places importance on sound corporate governance to protect the investment of its shareholders. The Board has our shareholder rights plan on a regular basis and continues to believe that the plan is in the best interests of Edison International's shareholders.

Over the past two years, Edison International has been buffeted by the California energy crisis and changes in the markets it serves. We have worked hard to weather these difficult times and restore value to our shareholders - and we are succeeding. Last year, among other things, we removed \$2.2 billion in debt, recovered most of our crisis-related power procurement costs and worked to persuade public officials to a healthy regulatory framework for California utilities. While we believe we are meeting our challenges, more work to be done to restore fully our companies to financial health and creditworthiness. Our goal is it is particularly important that it has the tools to deal with any coercive and unfair takeover attempt. In short, we believe that now is not the time to remove our shareholder rights plan.

In undertaking your analysis, we also ask that you consider the type of shareholder rights agreement recommended by the Edison International Board. Significantly, and unlike many other plans, Edison International's plan has the following shareholder-friendly features:

- o Edison International's rights plan has a 20% trigger, not the more typical 15% trigger
- o Edison International's rights plan does not contain a "dead hand" provision.

We hope this information will assist you in your deliberations, and we urge you to vote "against" the proposal (Item 2 on your proxy card). A complete statement of our position with respect to this proposal is contained in our April 7, 2003 proxy statement at pages 44 and 45.
