IMPORTANT SHAREHOLDER INFORMATION

We have enclosed important information about the Annual Shareholders' Meeting of Franklin Universal Trust (the "Fund") scheduled for Friday, March 30, 2007, at 2:00 p.m., Pacific time. These materials discuss the proposals to be voted on at the meeting.

THIS MEETING IS VERY IMPORTANT BECAUSE A SHAREHOLDER OF THE FUND HAS SUBMITTED A PROPOSAL REQUESTING THAT THE FUND'S BOARD OF TRUSTEES PROMPTLY TAKE THE STEPS NECESSARY TO OPEN-END THE FUND OR OTHERWISE ENABLE SHAREHOLDERS TO REALIZE NET ASSET VALUE FOR THEIR SHARES. AS DISCUSSED IN GREATER DETAIL IN THE ENCLOSED PROXY STATEMENT, THE FUND'S TRUSTEES STRONGLY OPPOSE THE SHAREHOLDER PROPOSAL BECAUSE THEY BELIEVE IT IS IN YOUR BEST INTERESTS TO RETAIN THE FUND'S CLOSED-END STRUCTURE.

These materials also contain the Notice of Meeting, proxy statement and proxy card. A proxy card is, in essence, a ballot. When you vote your proxy, it tells us how you wish to vote on important issues relating to the Fund. If you complete, sign and return the proxy card, we'll vote it as you indicated. If you simply sign, date and return the proxy card, but do not specify a vote on the proposals, your proxy will be voted FOR the election of the nominees to the position of Trustee (Proposal 1) and AGAINST the shareholder proposal (Proposal 2).

WE URGE YOU TO SPEND A FEW MINUTES REVIEWING THE PROPOSALS IN THE PROXY STATEMENT. THEN, PLEASE FILL OUT AND SIGN THE PROXY CARD AND RETURN IT TO US SO THAT WE KNOW HOW YOU WOULD LIKE TO VOTE. WHEN SHAREHOLDERS RETURN THEIR PROXIES PROMPTLY, THE FUND MAY BE ABLE TO SAVE MONEY BY NOT HAVING TO CONDUCT ADDITIONAL MAILINGS. RETURNING YOUR PROXY CARD DOES NOT PRECLUDE YOU FROM ATTENDING THE MEETING OR LATER CHANGING YOUR VOTE PRIOR TO ITS BEING CAST.

We welcome your comments. If you have any questions, call Fund Information at 1-800/DIAL BEN 168 (1-800/342-5236).

TELEPHONE AND INTERNET VOTING

FOR YOUR CONVENIENCE, YOU MAY BE ABLE TO VOTE BY TELEPHONE OR THROUGH THE INTERNET, 24 HOURS A DAY. IF YOUR ACCOUNT IS ELIGIBLE, SEPARATE INSTRUCTIONS ARE ENCLOSED.

FRANKLIN UNIVERSAL TRUST

NOTICE OF 2007 ANNUAL SHAREHOLDERS' MEETING

The Annual Shareholders' Meeting (the "Meeting") of Franklin Universal Trust

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

(the "Fund") will be held at the Fund's offices, One Franklin Parkway, San Mateo, California 94403, on Friday, March 30, 2007, at 2:00 p.m., Pacific time.

During the Meeting, shareholders of the Fund will vote on the following proposals:

- o The election of a Board of Trustees of the Fund.
- o To act upon, if properly presented, a shareholder proposal.
- o Such other matters as may properly come before the Meeting.

The Board of Trustees has fixed January 2, 2007, as the record date for the determination of shareholders entitled to vote at the Meeting.

Your vote is very important, especially in light of the shareholder proposal that is strongly opposed by the Board. Whether or not you plan to attend the Meeting, and regardless of the number of shares you own, we urge you to vote FOR your Board's nominees (Proposal 1) and AGAINST the shareholder proposal (Proposal 2) by promptly completing, signing, dating and returning the enclosed proxy card. In addition, you may be able to vote your shares by telephone or Internet. Please consult the materials you receive from your broker or bank prior to voting by telephone or Internet.

If you have any questions or need additional information, please contact The Altman Group, Inc., the Fund's proxy solicitors, at 60 East 42nd Street, Suite 405, New York, NY 10165, or toll-free by telephone at 1-800-336-5159.

By Order of the Board of Trustees,

Karen L. Skidmore
SECRETARY

San Mateo, California
Dated: January 29, 2007

PLEASE SIGN AND PROMPTLY RETURN YOUR PROXY CARD IN THE SELF- ADDRESSED ENVELOPE (OR RETURN YOUR PROXY BY TELEPHONE OR THROUGH THE INTERNET, IF YOU ARE ELIGIBLE TO DO SO) REGARDLESS OF THE NUMBER OF SHARES YOU OWN.

FRANKLIN UNIVERSAL TRUST
PROXY STATEMENT

o INFORMATION ABOUT VOTING

WHO IS ASKING FOR MY VOTE?

The Trustees of Franklin Universal Trust (the "Fund"), in connection with the Fund's Annual Meeting of Shareholders (the "Meeting"), have requested your vote.

WHO IS ELIGIBLE TO VOTE?

Shareholders of record at the close of business on January 2, 2007, are entitled to be present and to vote at the Meeting or any adjourned Meeting. Each share of record is entitled to one vote (and a proportionate fractional vote for each fractional share) on each matter presented at the Meeting. The Notice of Meeting, the proxy card, and the proxy statement

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

were first mailed to shareholders of record on or about January 29, 2007.

ON WHAT ISSUE AM I BEING ASKED TO VOTE?

You are being asked to vote on two proposals:

- o The election of nine nominees to the position of Trustee.
- o To act upon, if properly presented, a shareholder proposal.

HOW DO THE FUND'S TRUSTEES RECOMMEND THAT I VOTE?

The Trustees unanimously recommend that you vote FOR the election of the nine nominees as Trustees (Proposal 1) and AGAINST the shareholder proposal (Proposal 2).

WHY DO THE FUND'S TRUSTEES RECOMMEND THAT I VOTE AGAINST THE SHAREHOLDER PROPOSAL (PROPOSAL 2)?

The shareholder proposal requests that the Fund's Board of Trustees promptly take the steps necessary to open-end the Trust or otherwise enable shareholders to realize net asset value for their shares. The Fund's Trustees oppose the shareholder proposal because they believe it is in your best interests to retain the Fund's closed-end structure. No other closed-end fund offers your Fund's combination of investments in both high yield bonds and utility stocks, which provides investors with both high current income as well as the potential for capital appreciation. Combining this investment strategy with leverage and low cash balances, your Fund has delivered consistently strong market returns to investors over time. The Trustees believe strongly that your Fund remains viable in its closed-end form, but may not be able to provide the same benefits to shareholders if reorganized or merged into an open-end fund.

HOW DO I ENSURE THAT MY VOTE IS ACCURATELY RECORDED?

You may attend the Meeting and vote in person or you may complete and return the enclosed proxy card. If you are eligible to vote by telephone or through the Internet, separate instructions are enclosed.

Proxy cards that are properly signed, dated and received at or prior to the Meeting will be voted as specified. If you specify a vote for the proposals, your proxy will be voted as you indicate. If you simply sign, date and return the proxy card, but don't specify a vote on the proposals, your shares will be voted FOR the election of the nine nominees for Trustee (Proposal 1) and AGAINST the shareholder proposal (Proposal 2).

MAY I REVOKE MY PROXY?

You may revoke your proxy at any time before it is voted by forwarding a written revocation or a later-dated proxy to the Fund that is received by the Fund at or prior to the Meeting, or by attending the Meeting and voting in person.

WHAT IF MY SHARES ARE HELD IN A BANK OR BROKERAGE ACCOUNT?

If your shares are held by your bank or broker, then in order to vote in person at the Meeting, you will need to obtain a "Legal Proxy" from your bank or broker and present it to the Inspector of Election at the Meeting.

- o PROPOSAL 1: ELECTION OF TRUSTEES

HOW ARE NOMINEES SELECTED?

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

The Board of Trustees of the Fund (the "Board" or the "Trustees") has a Nominating Committee consisting of Harris J. Ashton, Robert F. Carlson, Edith E. Holiday, Frank W.T. LaHaye, Frank A. Olson and John B. Wilson, none of whom is an "interested person" of the Fund as defined by the Investment Company Act of 1940, as amended (the "1940 Act"). Trustees who are not interested persons of the Fund are referred to as "Independent Trustees," and Trustees who are interested persons of the Fund are referred to as "Interested Trustees."

The Nominating Committee is responsible for selecting candidates to serve as Trustees and recommending such candidates (a) for selection and nomination as Independent Trustees by the incumbent Independent Trustees and the full Board; and (b) for selection and nomination as Interested Trustees by the full Board. In considering a candidate's qualifications, the Nominating Committee generally considers the potential candidate's educational background, business or professional experience, and reputation. In addition, the Nominating Committee has established as minimum qualifications for Board membership as an Independent Trustee (1) that such candidate be independent from relationships with the Fund's investment manager and other principal service providers both within the terms and the spirit of the statutory independence requirements specified under the 1940 Act and the rules thereunder; (2) that such candidate demonstrate an ability and willingness to make the considerable time commitment, including personal attendance at Board meetings, believed necessary to his or her function as an effective Board member; and (3) that such candidate have no continuing relationship as a director, officer or board member of any U.S. registered investment company other than those within the Franklin Templeton Investments fund complex.

When the Board has or expects to have a vacancy, the Nominating Committee receives and reviews information on individuals qualified to be recommended to the full Board as nominees for election as Trustees, including any recommendations by Qualifying Fund Shareholders (as defined below). Such individuals are evaluated based upon the criteria described above. To date, the Nominating Committee has been able to identify, and expects to continue to be able to identify, from its own resources an ample number of qualified candidates. The Nominating Committee will, however, review recommendations from Qualifying Fund Shareholders to fill vacancies on the Board if these recommendations are submitted in writing and addressed to the Nominating Committee at the Fund's offices and are presented with appropriate background material concerning the candidate that demonstrates his or her ability to serve as a Trustee, including as an Independent Trustee, of the Fund. A Qualifying Fund Shareholder is a shareholder who (i) has continuously owned of record, or beneficially through a financial intermediary, shares of the Fund having a net asset value of not less than two hundred and fifty thousand dollars (\$250,000) during the twenty-four month period prior to submitting the recommendation; and (ii) provides a written notice to the Nominating Committee containing the following information: (a) the name and address of the Qualifying Fund Shareholder making the recommendation; (b) the number of shares of the Fund which are owned of record and beneficially by such Qualifying Fund Shareholder and the length of time that such shares have been so owned by the Qualifying Fund Shareholder; (c) a description of all arrangements and understandings between such Qualifying Fund Shareholder and any other person or persons (naming such person or persons) pursuant to which the recommendation is being made; (d) the name, age, date of birth, business address and residence address of the person or persons being recommended; (e) such other information regarding each person recommended by such Qualifying Fund Shareholder as would be required to be included in a proxy statement filed pursuant to the proxy rules of the U.S. Securities and Exchange Commission (SECO) had the nominee been nominated by the Board; (f) whether the shareholder making the recommendation believes the person recommended would

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

or would not be an interested person of the Fund, as defined in the 1940 Act; and (g) the written consent of each person recommended to serve as a Trustee of the Fund if so nominated and elected/ appointed.

The Nominating Committee may amend these procedures from time to time, including the procedures relating to the evaluation of nominees and the process for submitting recommendations to the Nominating Committee.

The Board has adopted and approved a formal written charter for the Nominating Committee. A copy of the charter was attached as "Appendix A" to the proxy statement for the Fund's 2005 Annual Shareholders' Meeting.

WHO ARE THE NOMINEES?

Harris J. Ashton, Robert F. Carlson, Edith E. Holiday, Edward B. Jamieson, Charles B. Johnson, Rupert H. Johnson, Jr., Frank W.T. LaHaye, Frank A. Olson and John B. Wilson have been nominated to be Trustees of the Fund, to hold office until the next Annual Shareholders' Meeting, and until their successors are duly elected and qualified to serve. Among the nominees, Edward B. Jamieson, Charles B. Johnson and Rupert H. Johnson, Jr. are deemed to be "interested persons" of the Fund for purposes of the 1940 Act. All of the nominees are currently members of the Board; however, Mr. Wilson is standing for election by shareholders of the Fund for the first time. An incumbent Independent Trustee nominated Mr. Wilson for consideration by the Nominating Committee as nominee for Trustee. In addition, all of the nominees are directors and/or trustees of other investment companies within the Franklin Templeton Investments fund complex.

Certain Trustees of the Fund hold director and/or officer positions with Franklin Resources, Inc. ("Resources") and its affiliates. Resources is a publicly owned holding company, the principal shareholders of which are Charles B. Johnson and Rupert H. Johnson, Jr., who owned approximately 17.37% and 14.85%, respectively, of its outstanding shares as of January 2, 2007. Resources, a global investment management organization operating as Franklin Templeton Investments, is primarily engaged, through its various subsidiaries, in providing investment management, share distribution, transfer agent and administrative services to a family of investment companies. Resources is a New York Stock Exchange, Inc. ("NYSE") listed holding company (NYSE: BEN). Charles B. Johnson, Chairman of the Board and Trustee of the Fund, and Rupert H. Johnson, Jr., Trustee and Senior Vice President of the Fund, are brothers.

Each nominee is currently available and has consented to serve if elected. If any of the nominees should become unavailable, the designated proxy holders will vote in their discretion for another person or persons who may be nominated as Trustees.

Listed below, for each nominee, is his or her name, year of birth and address, as well as position and length of service with the Fund, a brief description of recent professional experience, the number of portfolios in the Franklin Templeton Investments fund complex that he or she oversees, and other directorships held.

*We base the number of portfolios on each separate series of the U.S. registered investment companies within the Franklin Templeton Investments fund complex. These portfolios have a common investment manager or affiliated investment managers.

**Charles B. Johnson and Rupert H. Johnson, Jr. are considered to be interested persons of the Trust under the federal securities laws due to their positions as officers and directors and major shareholders of Franklin Resources, Inc. (Resources), which is the parent company of the Trust's investment manager and distributor. Edward B. Jamieson is considered to be an interested person of the Trust under the federal securities laws due to his position as officer and director of the Trust's investment manager.

Board members historically have followed a policy of having substantial investments in one or more of the funds in Franklin Templeton Investments, as is consistent with their individual financial goals. In February 1998, this policy was formalized through adoption of a requirement that each board member invest one-third of fees received for serving as a director or trustee of a Templeton fund (excluding committee fees) in shares of one or more Templeton funds and one-third of fees received for serving as a director or trustee of a Franklin fund (excluding committee fees) in shares of one or more Franklin funds until the value of such investments equals or exceeds five times the annual retainer and regular board meeting fees paid such board member. Investments in the name of family members or entities controlled by a board member constitute fund holdings of such board member for purposes of this policy, and a three year phase-in period applies to such investment requirements for newly elected board members. In implementing such policy, a board member's fund holdings existing on February 27, 1998, were valued as of such date with subsequent investments valued at cost.

The following tables provide the dollar range of equity securities of the Fund and of all funds overseen by the Trustees in the Franklin Templeton Investments fund complex beneficially owned by the Trustees as of December 31, 2006.

Rupert H. Johnson, Jr.	\$1 - \$10,000	Over \$100,000

HOW OFTEN DO THE TRUSTEES MEET AND WHAT ARE THEY PAID?

The role of the Trustees is to provide general oversight of the Fund's business, and to ensure that the Fund is operated for the benefit of all shareholders. The Trustees anticipate meeting at least 11 times during the current fiscal year to review the operations of the Fund and the Fund's investment performance. The Trustees also oversee the services furnished to the Fund by Franklin Advisers, Inc., the Fund's investment manager (the OInvestment Manager), and various other service providers. The Fund pays the Independent Trustees \$305 per quarter plus \$100 per meeting attended, effective as of April 1, 2005, and such fees are subject to reductions resulting from fee caps limiting the amount of fees payable to Board members who serve on other Boards within the Franklin Templeton Investments fund complex. Also effective as of April 1, 2005, the Independent Trustees are paid an additional flat fee of \$5,000 as a general retainer, a portion of which is allocated to the Fund. Board members who serve on the Audit Committee of the Fund and other Franklin Templeton funds are paid a flat fee of \$2,000 per Audit Committee meeting attended on a day on which a Board meeting is not held, a portion of which is allocated to the Fund. Effective as of April 1, 2005, Mr. LaHaye, who serves as Chairman of the Audit Committee of the Fund, as well as the Audit Committees of certain other Franklin funds, receives an additional flat fee of \$20,000 per year, a portion of which is allocated to the Fund. Members of a committee are not compensated for any committee meeting held on a day of a Board meeting.

During the fiscal year ended August 31, 2006, there were nine meetings of the Board, eight meetings of the Nominating Committee, and four meetings of the Audit Committee. Each of the Trustees attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the Board on which the Trustee served.

The Fund does not currently have a formal policy regarding Trustees' attendance at the annual shareholders' meeting. None of the Trustees

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

attended the Fund's last annual meeting held on February 16, 2006.

Certain Trustees and officers of the Fund are shareholders of Resources and may receive indirect remuneration due to their participation in the management fees and other fees received from the Franklin Templeton funds by the Investment Manager and its affiliates. The Investment Manager or its affiliates pay the salaries and expenses of the officers. No pension or retirement benefits are accrued as part of Fund expenses.

The following table indicates the aggregate compensation paid to the Independent Trustees by the Fund individually and by all of the funds in Franklin Templeton Investments. These Trustees also serve as directors or trustees of other funds in Franklin Templeton Investments, many of which hold meetings at different dates and times. The Trustees and the Fund's management believe that having the same individuals serving on the boards of many of the funds in Franklin Templeton Investments enhances the ability of each fund to obtain, at a relatively modest cost to each separate fund, the services of high caliber, experienced and knowledgeable Independent Trustees who can more effectively oversee the management of the funds.

Name of Trustee	Aggregate Compensation from the Fund(1)	Total Compensation from Franklin Templeton Investments Fund Complex(2)	Number of Boards within Franklin Templeton Investments on Which Each Serves(3)
Harris J. Ashton	\$1,620	\$409,510	41
Robert F. Carlson	\$2,139	\$132,523	14

Gordon S. Macklin(5)	\$1,620	\$302,820	N/A
Frank A. Olson	\$2,128	\$373,818	29
John B. Wilson(6)	\$1,228	\$117,917	14

(1) Compensation received for the fiscal year ended August 31, 2006.

(2) Compensation received for the calendar year ended December 31, 2006.

(3) We base the number of boards on the number of U.S. registered investment companies in the Franklin Templeton Investments fund complex. This number does not include the total number of series or funds within each investment company for which the Board members are responsible. Franklin Templeton Investments currently includes 46 U.S. registered investment companies, with approximately 155 U.S. based funds or series.

(4) Mr. Fortunato retired effective September 5, 2006.

(5) Mr. Macklin retired effective September 12, 2006.

(6) Mr. Wilson was appointed to the Board effective February 28, 2006.

WHO ARE THE EXECUTIVE OFFICERS OF THE FUND?

Officers of the Fund are appointed by the Trustees and serve at the pleasure of the Board. Listed below, for each Executive Officer, are his or her name, year of birth, address, a brief description of his or her recent professional experience, and his or her position and length of service with the Fund:

o PROPOSAL 2: A SHAREHOLDER PROPOSAL

A shareholder (the OShareholder Proponent) has submitted the following proposal (the OShareholder Proposal) to be included in this proxy statement:

RESOLVED: The shareholders of Franklin Universal Trust (the OTrust) request that the Board of Trustees promptly take the steps necessary to open end the Trust or otherwise enable shareholders to realize net asset value (ONAVO) for their shares.

OPPOSITION STATEMENT OF FRANKLIN UNIVERSAL TRUST

YOUR FUND'S BOARD OPPOSES THE SHAREHOLDER PROPOSAL AND BELIEVES IT IS IN YOUR BEST INTERESTS TO RETAIN THE FUND'S CLOSED-END STRUCTURE. No other closed-end fund offers your Fund's combination of investments in both high yield bonds and utility stocks, which provides investors with both high current income as well as the potential for capital appreciation. Combining this investment strategy with leverage and low cash balances, your Fund has delivered consistently strong market returns to investors over time. The Board believes strongly that your Fund remains viable in its closed-end form, but may not be able to provide the same benefits to shareholders if reorganized or merged into an open-end fund. THE BOARD THEREFORE RECOMMENDS THAT SHAREHOLDERS VOTE AGAINST THE SHAREHOLDER PROPOSAL.

REASONS FOR THE BOARD'S RECOMMENDATION

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

Your Fund's Board has reviewed and considered the Shareholder Proposal but believes that it is not in the best interests of the Fund and its shareholders. For the reasons discussed below, the Board believes that the Fund's shareholders, and particularly the Fund's long-term shareholders, are best served by retaining the Fund's closed-end structure.

1. ADVANTAGES OF KEEPING YOUR FUND AS A CLOSED-END FUND

As a closed-end fund, your Fund has particular advantages over open-end funds, including:

YOUR FUND CAN USE LEVERAGE; OPEN-END FUNDS CANNOT. As a closed-end fund, your Fund is able to issue debt securities and use the proceeds to make investments. Your Fund would not be able to do this if it were reorganized or merged into an open-end fund. The Fund currently has issued and outstanding \$55 million in 5-year notes maturing in August 2008, representing approximately 22% of its total assets. As a shareholder, you receive direct benefits from this leverage to the extent that the total return on portfolio securities purchased with the leverage exceeds the interest payments on the debt securities. The Fund pays a fixed rate of interest on its debt securities at an annual rate of 4.14%, which is currently approximately 52 basis points below comparable yields on U.S. Treasury securities as of October 31, 2006. This is a very attractive borrowing rate for your Fund and directly benefits the Fund's shareholders. By using fixed-rate leverage that currently carries a below-market interest rate, your Fund has the potential to experience enhanced returns compared to closed-end funds with floating rate leverage whose borrowing costs rise with rising interest rates. Moreover, repayment of your Fund's outstanding debt in connection with a reorganization or merger into an open-end fund would generate transaction costs and could require payment of a make-whole premium, which would increase costs for the Fund's shareholders.

YOUR FUND HAS THE ABILITY TO ALWAYS BE FULLY INVESTED; OPEN-END FUNDS DO NOT. By definition, an open-end fund permits shareholders to redeem their shares every business day. As a result, open-end funds typically cannot have their assets fully invested because they need to maintain cash balances to pay for redemptions. Alternatively, open-end funds can temporarily borrow cash to finance redemptions, but they must pay interest on those borrowings. In either case, maintaining cash balances or paying interest on borrowing instead of investing in appreciable assets can reduce an open-end fund's total return. A closed-end fund like your Fund, by contrast, does not generally permit redemptions except in extraordinary circumstances, such as in a tender offer or liquidation. As a result, your Fund typically maintains cash balances of less than 1% of total assets, thus potentially enhancing returns by remaining essentially fully invested at all times.

YOUR FUND HAS LOWER EXPENSES THAN IT WOULD AS AN OPEN-END FUND. Another direct consequence of open-end funds' daily purchases and redemptions is that open-end funds often have higher expenses than closed-end funds. Open-end funds, unlike closed-end funds, often incur distribution costs because they must continually sell shares in order to offset redemptions. Your Fund, by contrast, incurs no distribution costs and does not carry a 12b-1 fee. The fluctuations in asset levels that come from constant purchases and redemptions may also result in open-end funds having higher portfolio transaction costs, which can lower returns compared to closed-end funds. Your Fund, by contrast, had a relatively low portfolio turnover rate of 32.95% for its 2006 fiscal year ending August 31. Similarly, open-end funds may be subject to higher transfer agency costs associated with keeping track of shareholders as they come and go. For its 2006 fiscal year, your Fund incurred transfer agency costs representing less than half

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

a basis point of its average net assets. A 1998 study by CDA/Weisenberger of closed-end funds that reorganize or merge into open-end funds found that long-term shareholders of closed-end funds are frequently subject to higher expenses as a result of these transactions.

FUND HAS THE ABILITY TO TRADE THROUGHOUT THE DAY; MOST OPEN-END FUNDS DO NOT. Open-end funds typically price their shares once a day, usually just after the close of trading on the New York Stock Exchange ("NYSE") at 4:00 p.m., Eastern time. Closed-end funds like your Fund, however, can be traded throughout the day. That means that a closed-end fund shareholder's buy or sell order can be executed for the market price prevailing on the exchange at precisely the time the shareholder's broker-dealer places the trade, rather than at the very end of the trading day. This may give holders of closed-end fund shares certain liquidity and trading advantages that are not available to holders of most open-end fund shares.

Certain open-end funds, known as exchange-traded funds or ETFs, trade on a stock exchange throughout the day, but only as long as a large institution, such as a bank or broker-dealer, agrees to make a market in the ETF's securities. Closed-end funds like your Fund, however, will continue to trade as long as they are listed on a stock exchange, regardless of whether an institution agrees to make a market in their securities. This may give holders of closed-end fund shares fewer concerns about the liquidity of their shares than may be available to shareholders of ETFs.

2. YOUR FUND'S DISCOUNT IS CYCLICAL, NOT PERMANENT

As with most other closed-end funds, the market price of the Fund's shares often trade at a lower price than the Fund's NAV per share. That is, the Fund's shares often trade at a discount. Discounts tend to be cyclical, however, often moving in conjunction with interest rates. Indeed, from March 2001 through April 2003, your Fund's shares traded at a premium. Based on history, it should not be assumed that the Fund's current discount will last indefinitely. Accordingly, the Board believes that the presence of a discount should not, by itself, necessitate the drastic step of reorganizing or merging your Fund into an open-end fund.

Your Fund's Board has already taken steps to address the discount, authorizing the Fund's management in January 2006 to implement an open-market share repurchase program that allows the Fund to purchase up to 10% of its common stock in open-market transactions. As of October 31, 2006, the share repurchase program has resulted in the repurchase of approximately 2.67% of the Fund's outstanding shares. The share repurchase program is intended to benefit shareholders by enabling your Fund to acquire its own shares at a discount to NAV, thereby increasing the proportionate interest of each remaining shareholder in the Fund. The Board also hopes that the share repurchase program will help bring the market price of the Fund's shares closer to NAV. At the same time, beginning in February 2006, the Board authorized an increase in your Fund's monthly dividend from 3.5 cents to 3.8 cents per share. Both of these measures were designed by the Board to help address your Fund's discount.

The Board believes that these measures, together with other market factors, have helped reduce your Fund's discount compared to its Lipper peer group. Between January 18, 2006-- the day before the announcement of the share repurchase program and the increase in the Fund's dividend--and October 31, 2006, your Fund's discount narrowed by 3.2 percentage points, compared to an average narrowing of 2.8 percentage points for the Lipper high yield closed-end fund peer group (1.8 percentage points excluding an outlier fund). Over the past year, your Fund's discount has narrowed 4.0 percentage points, compared to a narrowing of 3.0 percentage points for the Lipper

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

peer group. Over the past two years ending October 31, 2006, your Fund's discount has narrowed 3.9 percentage points compared to a widening of 6.4 percentage points for the Lipper peer group.

3. YOUR FUND'S UNIQUE MARKET POSITION AND COMPETITIVE PERFORMANCE

Despite the Fund's current market price discount to NAV, the Board believes that your Fund's performance, coupled with its unique position in the marketplace, justifies retaining your Fund's closed-end structure as in the best interests of long-term shareholders. For these shareholders, the Fund's investment approach and long-term market price performance may be more important than its discount.

Your Fund has a unique strategy and investment parameters that are different from its closed-end fund competitors, as well as any open-end fund in the Franklin Templeton complex. As stated in its prospectus, the Fund invests 55- 65% of its assets in high yield debt of U.S. issuers, 20- 30% in utility stocks, and typically has exposure to some emerging market sovereign debt. Your Fund is the only closed-end fund currently in existence that has this unique asset mix, which provides investors with both high current income as well as the potential for price appreciation on both high yield bonds and utility stocks. This portfolio composition and risk/return profile may directly appeal to many of the Fund's current long-term shareholders, who might not be able to find a comparable investment if, for example, the Fund were to merge with a dissimilar open-end fund.

Your Fund's long-term performance at market price has been consistently competitive, both in absolute terms and relative to its Lipper peer group and benchmark indices, as shown in the table below:

PERFORMANCE AS OF OCTOBER 31, 2006

	Cumulative Total		Average Annual Total Return(1)

4. LONG-TERM SHAREHOLDERS WILL BEAR THE COSTS AND CONSEQUENCES OF IMPLEMENTING THE SHAREHOLDER PROPOSAL

Long-term shareholders who wish to stay in the Fund after a reorganization or merger into an open-end fund will likely bear a large proportion of the costs and consequences of implementing the Shareholder Proposal, including (1) the costs of additional proxy solicitations to obtain shareholder approval of the reorganization or merger, (2) the costs of implementing a reorganization or merger, and (3) the potentially higher expenses of an open-end fund. These higher costs may be exacerbated if a large number of shareholders (including, perhaps, the Shareholder Proponent) decide to redeem their shares of the Fund after it becomes an open-end fund. This is because significant redemptions would cause the Fund's fixed expenses to be paid for out of a smaller asset base, thus increasing the expenses paid by the remaining shareholders. While redemptions may be discouraged by the imposition of a temporary redemption fee and the Fund's management would actively market the Fund to encourage new purchases, there is no guarantee that the Fund, as an open-end fund, would be able to retain its current asset level, much less grow it. Accordingly, the Board does not believe that the Shareholder Proposal is in the best interests of the long-term shareholders who would wish to continue their investment in the Fund after a reorganization or merger.

5. APPLES AND ORANGES: YOUR FUND'S CIRCUMSTANCES ARE DIFFERENT FROM FRANKLIN MULTI-INCOME TRUST

Given the costs and consequences of reorganizing or merging your Fund into an open-end fund, the Board would only recommend this action in the face of compelling circumstances, such as if there were serious concerns about the continuing viability of the Fund as a suitable longer-term investment for shareholders. The Board does not believe that these circumstances are present in the case of your Fund.

The board of Franklin Multi-Income Trust ("FMI"), which included many of the same Trustees who currently serve on the Fund's Board, did recommend in 2005 that FMI (another closed-end fund) merge with an open-end fund. However, FMI was approximately one-quarter of the size of the Fund, and thus regularly experienced limited trading liquidity and a higher level of expenses. As a result, the continued viability of FMI as a successful closed-end fund was in question.

By contrast, the Board believes that your Fund is much better situated as a

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

closed-end fund. The Fund continues to maintain adequate trading volume, a reasonable discount that has been declining, and viable size. The Board therefore believes that, unlike the case of FMI, a merger or reorganization of the Fund into an open-end fund would likely prove to be detrimental to the Fund and its long-term shareholders.

CONCLUSION

For the reasons stated above, the Board recommends that Shareholders vote AGAINST the Shareholder Proposal.

SUPPORTING STATEMENT OF THE SHAREHOLDER PROPONENT

Despite a share repurchase program the shares of the Trust have continued to trade at a significant discount to NAV. For example, on July 19, 2006 the Trust's stock closed at \$6.30, a 9.1% discount from its net asset value of \$6.93.

Open-ending the Trust would allow all shareholders to obtain a higher price for their shares whenever they decide to sell. In 2005 the same Trustees that serve on the Trust's board recommended that another closed-end fund, Franklin Multi-Income Trust ("FMI") merge into Franklin Income Trust, an open-end fund because FMI had been trading at a persistent discount to NAV. Shareholders of FMI subsequently approved the transaction and FMI's discount was permanently eliminated.

We think the time is right to permanently eliminate the Trust's discount to NAV. If you agree, please vote in favor of this proposal.

The Shareholder Proponent is Opportunity Partners, L.P., 60 Heritage Drive, Pleasantville, New York 10570. According to a Schedule 13D/A filed as of August 8, 2006, the aggregate number of shares held by the Shareholder Proponent and members of its group was 1,766,300. Neither the Fund, its Board of Trustees or management is responsible for the contents of the Shareholder Proposal or the Supporting Statement of the Shareholder Proponent.

In addition, to the knowledge of the Fund's management, as of January 2, 2007, no Trustee of the Fund owned 1% or more of the outstanding shares of the Fund, and the officers and Trustees of the Fund owned, as a group, less than 1% of the outstanding shares of the Fund.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE. U.S. securities law requires that the Fund's Trustees, officers and shareholders owning more than 10% of outstanding shares, as well as affiliated persons of its Investment Manager, report their ownership of the Fund's shares and any changes in that ownership. Specific due dates for these reports have been established and the Fund is required to report in this proxy statement any failure to file by these dates during the fiscal year ended August 31, 2006. Based solely on its review of copies of such reports or written representations from such Trustees, officers, and 10% shareholders, the Fund believes that all Section 16(a) filing requirements applicable to its Trustees, officers, and 10% shareholders were complied with during the fiscal year ended August 31, 2006.

CONTACTING THE BOARD OF TRUSTEES. If a shareholder wishes to send a communication to the Board, such correspondence should be in writing and addressed to the Board of Trustees at the Fund's offices, One Franklin Parkway, San Mateo, California 94403. The correspondence will then be given to the Board for their review and consideration.

o AUDIT COMMITTEE

The Board has a standing Audit Committee currently consisting of Messrs.

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

LaHaye (Chairman), Carlson and Wilson, all of whom are Independent Trustees and also are considered to be independent as that term is defined by the NYSE's listing standards. The Fund's Audit Committee is responsible for the appointment, compensation and retention of the Fund's independent registered public accounting firm (auditors), including evaluating their independence, recommending the selection of the Fund's auditors to the full Board, and meeting with such auditors to consider and review matters relating to the Fund's financial reports and internal accounting.

SELECTION OF AUDITORS. The Audit Committee and the Board have selected the firm of PricewaterhouseCoopers LLP (OPwCO) as auditors of the Fund for the current fiscal year. Representatives of PwC are not expected to be present at the Meeting, but will have the opportunity to make a statement if they wish, and will be available should any matter arise requiring their presence.

AUDIT FEES. The aggregate fees paid to PwC for professional services rendered by PwC for the audit of the Fund's annual financial statements or for services that are normally provided by PwC in connection with statutory and regulatory filings or engagements were \$22,209 for the fiscal year ended August 31, 2006, and \$16,505 for the fiscal year ended August 31, 2005.

AUDIT- RELATED FEES. The aggregate fees paid to PwC for assurance and related services rendered by PwC to the Fund that are reasonably related to the performance of the audit or review of the Fund's financial statements and are not reported under **Audit Fees** above were \$8,736 for the fiscal year ended August 31, 2006, and \$8,400 for the fiscal year ended August 31, 2005. The services for which these fees were paid included attestation services.

There were no fees paid to PwC for assurance and related services rendered by PwC to the Investment Manager and any entity controlling, controlled by or under common control with the Investment Manager that provides ongoing services to the Fund that are reasonably related to the performance of the audit of its financial statements for the fiscal years ended August 31, 2006, and August 31, 2005.

TAX FEES. There were no fees paid to PwC for professional services rendered by PwC to the Fund for tax compliance, tax advice and tax planning for fiscal years ended August 31, 2006, and August 31, 2006.

There were no fees paid to PwC for professional services rendered by PwC to the Investment Manager and any entity controlling, controlled by or under common control with the Investment Manager that provides ongoing services to the Fund for tax compliance, tax advice and tax planning for the fiscal years ended August 31, 2006, and August 31, 2005.

ALL OTHER FEES. The aggregate fees paid to PwC for products and services rendered by PwC to the Fund not reported in previous paragraphs were \$110 for the fiscal year ended August 31, 2006, and \$0 for the fiscal year ended August 31, 2005. The services for which these fees were paid included review of materials provided to the fund Board in connection with the investment management contract renewal process.

The aggregate fees paid to PwC for products and services rendered by PwC to the Investment Manager and any entity controlling, controlled by or under common control with the Investment Manager that provides ongoing services to the Fund not reported in previous paragraphs were \$175,751 for the fiscal year ended August 31, 2006, and \$0 for the fiscal year ended August 31, 2005. The services for which these fees were paid included review of materials provided to the Fund's Board in connection with the investment

Edgar Filing: FRANKLIN UNIVERSAL TRUST - Form DEF 14A

management contract renewal process.

AUDIT COMMITTEE PRE-APPROVAL POLICIES AND PROCEDURES. As of the date of this proxy statement, the Audit Committee has not adopted pre-approval policies and procedures. As a result, all such services described above and provided by PwC must be directly pre-approved by the Audit Committee.

AGGREGATE NON-AUDIT FEES. The aggregate fees paid to PwC for non-audit services to the Fund, and to the Investment Manager and any entity controlling, controlled by, or under common control with the Investment Manager that provides ongoing services to the Fund, were \$184,597 for the fiscal year ended August 31, 2006, and \$8,400 for the fiscal year ended August 31, 2005.

The Audit Committee has determined that the provision of the non-audit services that were rendered to the Investment Manager and to any entities controlling, controlled by, or under common control with the Investment Manager that provide ongoing services to the Fund is compatible with maintaining PwC's independence.

AUDIT COMMITTEE REPORT. The Board has adopted and approved a revised formal written charter for the Audit Committee, which sets forth the Audit Committee's responsibilities. A copy of the charter was attached as OAppendix AO to the proxy statement for the Fund's 2006 Annual Shareholders' Meeting.

As required by the charter, the Audit Committee reviewed the Fund's audited financial statements and met with management, as well as with PwC, the Fund's auditors, to discuss the financial statements.

The Audit Committee received the written disclosures and the letter from PwC required by Independence Standards Board Standard No. 1. The Audit Committee also received the report of PwC regarding the results of their audit. In connection with their review of the financial statements and the auditors' report, the members of the Audit Committee discussed with a representative of PwC, PwC's independence, as well as the following: the auditors' responsibilities in accordance with generally accepted auditing standards; the auditors' responsibilities for information prepared by management that accompanies the Fund's audited financial statements and any procedures performed and the results; the initial selection of, and whether there were any changes in, significant accounting policies or their application; management's judgments and accounting estimates; whether there were any significant audit adjustments; whether there were any disagreements with management; whether there was any consultation with other accountants; whether there were any major issues discussed with management prior to the auditors' retention; whether the auditors encountered any difficulties in dealing with management in performing the audit; and the auditors' judgments about the quality of the Fund's accounting principles.

Based on its review and discussions with management and the Fund's auditors, the Audit Committee did not become aware of any material misstatements or omissions in the financial statements.

Accordingly, the Audit Committee recommended to the Board that the audited financial statements be included in the Fund's Annual Report to Shareholders for the fiscal year ended August 31, 2006, for filing with the U.S. Securities and Exchange Commission.

o FURTHER INFORMATION ABOUT VOTING AND THE MEETING

SOLICITATION OF PROXIES. Your vote is being solicited by the Trustees of the Fund. The cost of soliciting these proxies will be borne by the Fund. The Fund reimburses brokerage firms and others for their expenses in forwarding proxy material to the beneficial owners and soliciting them to execute proxies. In addition, the Fund has made arrangements with The Altman Group, Inc. to assist with solicitation of proxies. The Fund expects that the solicitation will be primarily by mail, but also may include telephone, telecopy, electronic, oral, or other means of communication. If the Fund does not receive your proxy by a certain time you may receive a telephone call from a proxy soliciting agent asking you to vote. It is currently estimated that soliciting fees will be approximately \$22,000 to \$38,000, plus expenses. The Fund does not reimburse Trustees and officers of the Fund, or regular employees and agents of the Investment Manager involved in the solicitation of proxies. The Fund intends to pay all costs associated with the solicitation and the Meeting.

VOTING BY BROKER-DEALERS. The Fund expects that, before the Meeting, broker-dealer firms holding shares of the Fund in Ostreet name0 for their customers will request voting instructions from their customers and beneficial owners. If these instructions are not received by the date specified in the broker-dealer firms' instruction materials, the Fund understands that NYSE rules permit the broker-dealers, on behalf of their customers and beneficial owners, to vote on the election of Trustees, but not on the Shareholder Proposal. Certain broker-dealers may exercise discretion over shares held in their name for which no instructions are received by voting those shares in the same proportion as they vote shares for which they received instructions.

QUORUM. Forty percent of the shares entitled to vote -- present in person or represented by proxy -- constitutes a quorum at the Meeting. The shares over which broker-dealers have discretionary voting power, the shares that represent Obroker non-votes0 (i.e., shares held by brokers or nominees as to which (i) instructions have not been received from the beneficial owners or persons entitled to vote and (ii) the broker or nominee does not have discretionary voting power on a particular matter), and the shares whose proxies reflect an abstention on any item are all counted as shares present and entitled to vote for purposes of determining whether the required quorum of shares exists.

REQUIRED VOTE. Provided that a quorum is present, the election of Trustees requires a plurality of shares voted, meaning that the nine nominees receiving the greatest number of votes shall be elected. All voting rights are non-cumulative, which means that the holders of more than 50% of the shares voting for the election of Trustees can elect 100% of such Trustees if they choose to do so, and in such event, the holders of the remaining shares voting will not be able to elect any Trustees.

Provided that a quorum has been established, the affirmative vote of a majority of shares voted at the Meeting is required to approve the Shareholder Proposal. For purposes of the Shareholder Proposal, abstentions and broker non-votes will have no effect on the result of the vote. The Shareholder Proposal is only a recommendation and, if it is approved by the required vote, will have no binding effect on the Fund or the Board of Trustees. In considering whether or not to take action in response to the proposal, the Board of Trustees will give the request set forth in the Shareholder Proposal such weight as it believes appropriate based on the voting of shareholders for the proposal and other relevant factors.

ADJOURNMENT. Whether or not a quorum is present at the Meeting, the Meeting may be adjourned by a majority vote of the shares represented at the Meeting, either in person or by proxy, properly cast upon the question of adjournment. If the Meeting is adjourned, notice need not be given of the adjourned meeting at which the adjournment is taken, unless a new record date of the adjourned meeting is fixed or unless the adjournment is for more than 60 days from the date set for the original Meeting, in which case the Board of Trustees shall set a new date. At any adjourned Meeting, the Fund may transact any business which might have been transacted at the original Meeting.

Whether or not a quorum is present, the persons named as proxies may propose one or more adjournments of the Meeting to permit the further solicitation of proxies. The persons named as proxies will vote in their discretion on questions of adjournment those shares for which proxies have been received that grant discretionary authority to vote on matters that may properly come before the Meeting, and on any other proposals properly raised at the Meeting to the extent permitted by the SEC's proxy rules, including proposals for which management of the Fund did not have timely notice, as set forth in the SEC's proxy rules.

SHAREHOLDER PROPOSALS. The Fund anticipates mailing this proxy statement on or about January 29, 2007. The Fund anticipates that its next annual meeting of shareholders will be held on or about February 15, 2008. Shareholder proposals to be presented at the next annual meeting must be received at the Fund's offices, One Franklin Parkway, San Mateo, California 94403, Attention: Secretary, no later than September 8, 2007, in order to be considered for inclusion in the Fund's proxy statement and proxy card relating to that meeting and presented at that meeting. Submission of a proposal by a shareholder does not guarantee that the proposal will be included in the proxy statement. A shareholder who wishes to make a proposal at the 2008 Annual Shareholders' Meeting without including the proposal in the Fund's proxy statement must notify the Fund at the Fund's offices of such proposal by November 22, 2007. If a shareholder fails to give notice by this date, then the persons named as proxies in the proxies solicited by the Board for the 2008 Annual Shareholders' Meeting may exercise discretionary voting power with respect to any such proposal.

No business other than the matters described above is expected to come before the Meeting, but should any other matter requiring a vote of shareholders arise, including any question as to an adjournment or postponement of the Meeting, the designated proxy holders will vote on such matters in accordance with the views of management.

By order of the Board of Trustees,

Karen L. Skidmore
SECRETARY
