PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS
SEPTEMBER 18, 2007

GENERAL INFORMATION

General

This proxy statement and accompanying proxy card are being furnished to stockholders of Carver Bancorp, Inc. in connection with the solicitation of proxies by the Board of Directors of Carver to be used at the annual meeting of stockholders for the fiscal year ended March 31, 2007 (“fiscal 2007”) to be held on September 18, 2007 at 10:00 a.m., at the Soundstage of The Apollo Theater, 253 West 125th Street, New York, New York, and at any adjournment or postponement thereof (the “Annual Meeting”). The accompanying Notice of Annual Meeting and proxy card, and this proxy statement, are first being mailed to stockholders on or about August 14, 2007.

Carver Bancorp, Inc., a Delaware corporation, operates as a savings and loan holding company for Carver Federal Savings Bank. In this proxy statement, we refer to Carver Bancorp, Inc. as “Carver” or the “Company” and Carver Federal Savings Bank as “Carver Federal” or the “Bank.”

Who Can Vote

The Board of Directors of Carver has fixed the close of business on July 31, 2007 as the record date for determining stockholders entitled to receive notice of and to vote at the Annual Meeting. Only stockholders of record at the close of business on that date will be entitled to vote at the Annual Meeting. As of the close of business on June 15, 2007, the outstanding voting stock of Carver consisted of 2,507,985 shares of common stock, par value \$.01 per share (“Common Stock” or “Voting Stock”). The holders of record of a majority of the total number of votes eligible to be cast in the election of directors represented in person or by proxy at the Annual Meeting, will constitute a quorum for the transaction of business at the Annual Meeting.

How Many Votes You Have

Each holder of shares of Common Stock outstanding on July 31, 2007 will be entitled to one vote for each share held of record (other than Excess Shares, as defined below) upon each matter properly submitted at the Annual Meeting. As provided in Carver’s Certificate of Incorporation, record holders of Voting stock who beneficially own in excess of 10% of the outstanding shares of Voting Stock (“Excess Shares”) shall be entitled to cast only one-hundredth of one vote per share for each Excess Share.

A person or entity is deemed to beneficially own shares owned by an affiliate or associate as well as by persons acting

in concert with such person or entity. Carver's Certificate of Incorporation authorizes the Board of Directors to interpret and apply the provisions of the Certificate of Incorporation and Bylaws governing Excess Shares and to determine on the basis of information known to it after reasonable inquiry of all facts necessary to ascertain compliance with the Certificate of Incorporation, including, without limitation: (1) the number of shares of Voting Stock beneficially owned by any person or purported owner; (2) whether a person or purported owner is an affiliate or associate of, or is acting in

concert with, any other person or purported owner; and (3) whether a person or purported owner has an agreement or understanding with any person or purported owner as to the voting or disposition of any shares of Voting Stock.

How You Can Vote

If you are a stockholder whose shares are registered in your name, you may vote your shares by one of the three following methods:

Vote by Internet, by going to the web address <http://www.proxyvoting.com/carv> and following the instructions for Internet voting shown on the enclosed proxy card.

Vote by Phone, by dialing 1-800-730-7859 and following the instructions for telephone voting shown on the enclosed proxy card.

Vote by Proxy Card, by completing, signing, dating and mailing the enclosed proxy card in the envelope provided.

If you vote by telephone or Internet, please do not mail your proxy card.

If you return your signed proxy card or use Internet or telephone voting before the Annual Meeting, the named proxies will vote your shares as you direct. You have three choices on each matter to be voted on. For the election of directors, you may (1) vote FOR all the nominees, (2) WITHHOLD your vote from all nominees or (3) WITHHOLD your vote from nominees you designate. See "Proposal One—Election of Directors." For Proposal Two—Ratification of Appointment of Independent Auditors you may vote "FOR", "AGAINST" or "ABSTAIN" from voting.

If you send in your proxy card or use Internet or telephone voting, but do not specify how you want to vote your shares, the named proxies will vote "FOR" the nominees for election as director ("Proposal One") and "FOR" the ratification of the appointment of KPMG LLP as independent auditors for Carver for the fiscal year ending March 31, 2008 ("Proposal Two").

If you are a stockholder whose shares are not registered in your own name, you will need appropriate documentation from the stockholder of record to vote personally at the Annual Meeting. You may receive a separate voting instruction form with this proxy statement, or you may need to contact your broker or other nominee to determine whether you will be able to vote electronically using the Internet or telephone.

Votes Required

Proposal One. Directors are elected by a plurality of votes cast in person or by proxy at the Annual Meeting. The three nominees receiving the highest number of votes cast in person or by proxy at the Annual Meeting will be elected to the Board of Directors. As such, if you do not vote for a nominee, your vote will not count "for" or "against" the nominee. If you "withhold" authority for any nominee, your vote will not count "for" or "against" the nominee, unless you properly submit a new proxy card or vote at the Annual Meeting. You may not vote your shares cumulatively for the election of directors.

If your shares are held in "street name," your broker may vote your shares without receiving instructions from you. Shares that are not voted by a broker are called "broker non-votes." Shares underlying broker non-votes will have no effect on the election of directors.

Proposal Two. The ratification of the appointment of KPMG LLP as Carver's independent auditors requires the affirmative vote of the holders of a majority of the number of votes eligible to be cast by the holders of Voting Stock present, in person or by proxy, and entitled to vote at the Annual

Meeting. So, if you “abstain” from voting on this proposal, it has the same effect as if you voted “against” the proposal. Broker non-votes will have no effect on the outcome of this proposal.

Revocability of Proxies

If you are a stockholder whose shares are registered in your name, you may revoke your grant of a proxy at any time before it is voted by:

- filing a written revocation of the proxy with Carver’s Secretary;
- submitting another proper proxy with a more recent date than that of the proxy first given by (1) following the Internet voting instructions, (2) following the telephone voting instructions, or (3) completing, signing, dating and returning a proxy card to the Company; or
- attending and voting in person at the Annual Meeting.

If you are a stockholder whose shares are not registered in your name, you may revoke your proxy by contacting your bank or broker for revocation instructions.

We are soliciting proxies only for the Annual Meeting. If you grant us a proxy to vote your shares, the proxy will be exercised only at the Annual Meeting.

Dissenters’ Right of Appraisal

Pursuant to Delaware corporation law, the actions contemplated to be taken at the Annual Meeting do not create appraisal or dissenters’ rights.

Interests of Certain Persons in Matters to Be Acted Upon

Other than for the election of directors, no current or nominated director or executive officer, nor any of their associates has any direct or indirect interest in any matter to be acted upon at the annual meeting.

Solicitation of Proxies

This proxy is being solicited by the Board of Directors of Carver. In addition to solicitation by mail, certain directors, officers and employees of Carver may solicit proxies for the Annual Meeting from Carver stockholders personally or by telephone or telegram without additional remuneration for that solicitation. Carver will also provide persons, firms, banks and corporations holding shares in their names or in the names of nominees, which in either case are beneficially owned by others, proxy material for transmittal to such beneficial owners and will reimburse such record owners for their expenses in doing so.

Carver has retained the proxy solicitation firm of Morrow & Company, Inc. (“Morrow”) to assist in the solicitation of proxies. Pursuant to Carver’s agreement with Morrow, Morrow will provide various proxy advisory and solicitation services for Carver at an anticipated cost of \$6,000 plus reasonable out-of-pocket expenses. Carver will bear the entire cost of solicitation of proxies, including the preparation, assembly, printing and mailing of this proxy statement and any additional information furnished to Carver stockholders.

PROPOSAL ONE

ELECTION OF DIRECTORS

General

The Certificate of Incorporation of Carver provides that Carver's Board of Directors shall be divided into three classes, as nearly equal in number as possible. The directors of each class serve for a term of three years, with one class elected each year. In all cases, directors serve until their successors are elected and qualified.

Carver's Board of Directors has the discretion to fix the number of directors by resolution and has so fixed this number at eight. The terms of three directors expire at the Annual Meeting. Directors David L. Hinds, Pazel G. Jackson, Jr. and Deborah C. Wright, whose terms are expiring, have been nominated by the Board of Directors to be re-elected at the Annual Meeting to serve for a term of three years and until their respective successors are elected and qualified.

Each nominee has consented to being named in this proxy statement and to serve if elected. However, if any nominee is unable to serve, the shares represented by all properly executed proxies which have not been revoked will be voted for the election of such substitute as the Board of Directors may recommend, or the size of the Board of Directors may be reduced to eliminate the vacancy. At this time, the Board knows of no reason why any nominee might be unavailable to serve.

Information Regarding Nominees and Continuing Directors

The following table sets forth certain information with respect to the nominees for election as a director and each director whose term does not expire at the Annual Meeting ("Continuing Director"). There are no arrangements or understandings between Carver and any director or nominee pursuant to which such person was elected or nominated to be a director of Carver. For information with respect to the ownership of shares of the Common Stock by directors and the nominees, see "Security Ownership of Certain Beneficial Owners and Management—Security Ownership of Management."

Transactions with Certain Related Persons

Applicable law requires that all loans or extensions of credit to executive officers and directors must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the general public and must not involve more than the normal risk of repayment or present other unfavorable features. Carver Federal offers loans to its directors, officers and employees, which loans are made in the ordinary course of business and are not made with more favorable terms nor do they involve more than the normal risk of collectibility or present unfavorable features. Furthermore, loans above the greater of \$25,000, or 5% of Carver Federal's capital

and surplus (up to \$500,000), to Carver Federal's directors and executive officers must be approved in advance by a disinterested majority of Carver Federal's Board of Directors. As of the date of this proxy statement, neither Carver nor Carver Federal had made any loans or extensions of credit to executive officers or directors.

Stock Ownership

Carver encourages its officers and directors to own stock in Carver, and a portion of the compensation of its officers and directors is stock-based, as described below under "Compensation Discussion and Analysis—Total Compensation Program Components." The Company's Corporate Governance Principles encourage directors to hold a meaningful number of shares in the Company, and, so long as they remain on the Board of Directors, Board members are expected to retain a majority of the shares of Company common stock purchased in the open market or received pursuant to their service as Board members. Information regarding stock ownership of Carver's directors and executive officers is set forth under "Compensation Discussion and Analysis—Executive Officer Compensation" and "Compensation Discussion and Analysis—Director Compensation".

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires Carver's directors and executive officers, and persons who own more than ten percent of a registered class of Carver's equity securities, to file reports of ownership and changes in ownership with the SEC and the NASDAQ Stock Market. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish Carver with copies of all Section 16(a) forms they file.

Based solely on a review of copies of such reports of ownership furnished to Carver, or written representations that no forms were necessary, Carver believes that, during the last fiscal year, all filing requirements applicable to its directors, officers and greater than ten percent stockholders of the Company were complied with, except that Carver was late in its filing of Form 4, Statement of changes of Beneficial Ownership of Securities, on behalf of Directors Edward Ruggiero and Carol Baldwin Moody.

PROPOSAL TWO

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT AUDITORS**

General

The Finance and Audit Committee of the Board of Directors of Carver has appointed the firm of KPMG LLP as independent auditors for Carver for the fiscal year ending March 31, 2008 and the Board of Directors has determined that it would be desirable to request that stockholders ratify such appointment. Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The appointment of KPMG LLP is being submitted for ratification at the Annual Meeting with a view towards soliciting stockholders opinions, which the Finance and Audit Committee will take into consideration in future deliberations. Stockholder approval is not required for the appointment of KPMG LLP since the Finance and Audit Committee of the Board of Directors has direct responsibility for selecting auditors.

Auditor Fee Information

KPMG's fees billed for fiscal 2007 and the fiscal year ended March 31, 2006 were as follows:

<i>\$ in thousands</i>	2007	2006
Audit fees (a)	\$351.4	\$235.0
Tax fees	0	1.6
Total	\$351.4	\$236.6

- (a) Fees billed for services associated with the annual audit, reviews of the Company's quarterly reports on Form 10-Q, review activities related to internal control reporting and accounting consultations. Fees billed for professional tax services and the preparation of income tax returns.

Pre-Approval Policy for Services by Independent Auditors

During fiscal 2007, the Finance and Audit Committee of Carver's Board of Directors pre-approved the engagement of KPMG LLP to provide non-audit services and considered whether, and determined that, the provision of such other services by KPMG LLP is compatible with maintaining KPMG LLP's independence.

In June 2004 the Finance and Audit Committee established a policy to pre-approve all audit and permissible non-audit services provided by KPMG LLP consistent with applicable SEC rules. Under the policy, prior to the engagement of the independent auditors for the next year's audit, management submits an aggregate of services expected to be rendered during that year for each of the four categories of services described above to the Finance and Audit Committee for approval. Prior to engagement,

the Finance and Audit Committee pre-approves these services by category of service. The fees are budgeted and the Finance and Audit Committee will receive periodic reports from management on actual fees versus the budget by category of service. During the year, circumstances may arise when it may become necessary to engage the independent auditors for additional services not contemplated in the pre-approval. In those instances, the Finance and Audit Committee requires specific pre-approval before engaging the independent auditor.

The Finance and Audit Committee has delegated pre-approval authority, subject to certain limits, to the chairman of the committee. The Chairman is required to report, for informational purposes, any pre-approval decisions to the Finance and Audit Committee at its next regularly scheduled meeting.

Report of the Finance and Audit Committee of the Board of Directors

This report is furnished by the Carver Finance and Audit Committee of the Board of Directors as required by the rules of the SEC under the Exchange Act. The report of the Finance and Audit Committee shall not be deemed to be incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933, as amended ("Securities Act"), or the Exchange Act, except to the extent that Carver specifically incorporates this information by reference, and shall not otherwise be deemed to be filed under the Securities Act or the Exchange Act.

The Board of Directors has adopted a written charter that sets forth the Finance and Audit Committee's duties and responsibilities and reflects applicable rules of the NASDAQ Stock Market and SEC regulations.

All members of the Finance and Audit Committee have been determined to be independent as defined in the listing requirements of the NASDAQ Stock Market. The Board of Directors has determined that Edward B. Ruggiero qualifies as an "audit committee financial expert." The Finance and Audit Committee received the required written disclosures and letter from KPMG LLP, Carver's independent accountants, required by Independence Standards Board Standard No. 1, as amended or supplemented, and has discussed with KPMG LLP its independence. The Finance and Audit Committee reviewed and discussed with the Company's management and KPMG LLP the audited financial statements of the Company contained in the Company's fiscal 2007 annual report on Form 10-K. The Finance and Audit Committee has also discussed with KPMG LLP the matters required to be discussed pursuant to the Codified Statements on Auditing Standards (SAS 61), as amended or supplemented.

Throughout the year, the Finance and Audit Committee had full access to management and the independent and internal auditors for the Company. The Finance and Audit Committee consulted with advisors regarding the Sarbanes-Oxley Act of 2002, the American Stock Exchange's corporate governance listing standards prior to the Company's switch to the NASDAQ Stock Market, the NASDAQ Stock Market's corporate governance listing standards subsequent to the Company's switch to the NASDAQ Stock Market and the corporate governance environment in general and considered any additional requirements of the Finance and Audit Committee as well as additional procedures or matters the Finance and Audit Committee should consider. During fiscal 2007, the Finance and Audit Committee approved the retention of the Company's independent accounting firm, KPMG LLP, and received the Board's ratification of this decision. The Finance and Audit Committee acts only in an oversight capacity and necessarily relies on the assurances and work of the Company's management and independent auditors who expressed an opinion on the Company's annual financial statements. The Company's management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls.

Based on its review and discussions described in the immediately preceding paragraph, the Finance and Audit Committee recommended to the Board of Directors that the audited financial statements included in the Company's fiscal 2007 annual report on Form 10-K be included in that report.

CORPORATE GOVERNANCE

General

The Board of Directors of the Company is committed to strong and effective corporate governance measures. The Board has developed, and continues to review, policies and practices covering the operation of the Board and its committees, including their composition and responsibilities, the conduct of Board meetings and the structure and role of the Board's committees and related matters, including those discussed below and throughout this proxy statement. Among these measures are the following:

Independence. Under the Company's Bylaws, at least three members of the Board must be independent under the criteria set forth in the Bylaws and, as a company listed on the NASDAQ Stock Market LLC, a majority of the Company's Board must be independent under the criteria set forth in the listing requirements of the NASDAQ Stock Market. In addition, pursuant to listing requirements of the NASDAQ Stock Market the respective committee's charter requires that all members of the Finance and Audit Committee must be independent and requires independent director oversight of the Nominating/Corporate Governance and Compensation Committees.

Lead Independent Director. The Board of Directors has created the position of lead independent director, whose primary responsibility is to preside over periodic executive sessions of the independent members of the Board of Directors. The lead independent director also prepares the agenda for meetings of the independent directors, serves as a liaison between the independent directors and management and outside advisors, and makes periodic reports to the Board of Directors regarding the actions and recommendations of the independent directors. The independent members of the Board of Directors have designated Robert Holland, Jr. to serve in this position for fiscal 2008.

Director Terms. Directors serve for three-year terms. See "Proposal One—Election of Directors—General."

Executive Sessions. The Board of Directors holds executive sessions for non-employee directors only at which management is not present. These sessions are presided over by Robert Holland, Jr., the presiding independent director. In addition, the Finance and Audit Committee regularly holds executive sessions at which management is not present, including executive sessions with the Company's independent auditors and internal auditors. Each director also has access to any member of management and the Company's independent auditors.

Outside Advisors. The Board and its committees may retain outside advisors and consultants as they, in their discretion, deem appropriate.

Board Self-Evaluation. The Nominating/Corporate Governance Committee, among other things, reviews the Company's and the Board's governance profile. In addition, the Board and/or its committees regularly review their role and responsibilities, composition and governance practices.

Corporate Governance Principles

The Board of Directors adopted Corporate Governance Principles during the fiscal year ended March 31, 2004. From

time to time the Board anticipates that it will revise the Corporate Governance

18

Principles in response to changing regulatory requirements, evolving best practices and the concerns of the Company's stockholders and other constituents. The Corporate Governance Principles are published on the Company's website at www.carverbank.com in the Corporate Governance section of the Investor Relations webpage.

Director Independence Determination

The Board of Directors has determined that each of its non-management directors is independent according to the Board's independence standards as set out in its Bylaws, Corporate Governance Principles, applicable rules of the SEC and the rules of the NASDAQ Stock Market. They are Carol Baldwin Moody, Dr. Samuel J. Daniel, David L. Hinds, Robert Holland, Jr., Pazel G. Jackson, Jr., Edward B. Ruggiero and Robert R. Tarter. Deborah C. Wright was determined not to be independent because she is currently an executive officer of the Company.

Communications with Board of Directors

The Board of Directors welcomes communications from stockholders. Interested parties may contact the Board of Directors at the following address:

Board of Directors
c/o Corporate Secretary
Carver Bancorp, Inc.
75 West 125th Street
New York, NY 10027

Communications may also be sent to individual directors at the above address.

The Company's Secretary has the responsibility to collect mail for directors, forward correspondence directed to an individual director to that director in a timely manner, and to screen correspondence directed to multiple directors or to the full Board in order to forward it to the most appropriate committee chairperson or the full Board given the nature of the correspondence. Communications to the Board or any individual director that relate to the Company's accounting, internal accounting controls or auditing matters will also be referred to the chairman of the Finance and Audit Committee. Other communications will be referred to the appropriate committee chairperson.

Financial Expert, Audit Committee Independence and Financial Sophistication

The Board of Directors has determined that Edward B. Ruggiero qualifies as an "audit committee financial expert" and is financially sophisticated, and that each member of the Finance and Audit Committee is independent within the meaning of applicable SEC rules and meets the definition of independence in Rule 4200(a)(15) of the NASDAQ Stock Market's listing standards.

Director Selection Process

The Company's Nominating/Corporate Governance Committee is charged with the responsibilities described under "Board and Committee Meetings—Nominating/Corporate Governance Committee."

Among the Nominating/Corporate Governance Committee's responsibilities is to identify and recommend to the Board candidates for election as directors. The committee considers candidates suggested by its members, other directors and stockholders as necessary in anticipation of upcoming director elections and other potential or expected Board vacancies. The committee is also authorized, at

the expense of the Company, to retain search firms to identify candidates, as well as external legal, accounting or other advisors. The committee will provide guidance to search firms it retains about the particular qualifications the Board is then seeking. No search firms or other advisors were retained by the committee in fiscal 2007.

All director candidates, including stockholder nominees, are evaluated on the same basis. In determining the needs of the Board and the Company, the Nominating/Corporate Governance Committee considers the qualifications of sitting directors and consults with other members of the Board, the Chief Executive Officer (“CEO”) and, where appropriate, external advisors. Generally the committee believes that all directors should exemplify the highest standards of personal and professional integrity, should have broad experience in positions with a high degree of responsibility and the ability to commit adequate time and effort to serve as a director. Directors will assume the responsibility of challenging management through their active and constructive participation and questioning in meetings of the Board and its various committees, as well as in less formal contacts with management.

Director candidates, other than sitting directors, are interviewed by members of the committee and by other directors and the CEO, and the results of those interviews are considered by the committee in its deliberations. The Nominating/Corporate Governance Committee also reviews sitting directors whose terms are nearing expiration, but who may be nominated for re-election, in light of the above considerations and their past contributions to the Board.

The Nominating/Corporate Governance Committee will evaluate director nominations by stockholders that are submitted in accordance with the procedural and informational requirements set forth in the Company’s Bylaws and described in this proxy statement under “Additional Information—Notice of Business to be Conducted at Annual Meeting.”

Code of Ethics

The Company has adopted a Code of Ethics, which applies to the Company’s directors and employees and sets forth important Company policies and procedures in conducting the Company’s business in a legal, ethical and responsible manner. The Company has also adopted a Code of Ethics for Senior Financial Officers, which applies to the Company’s chief executive officer, chief financial officer, controller and other persons performing similar functions that supplement the Code of Ethics by providing more specific requirements and guidance on certain topics. Each of the Code of Ethics and Code of Ethics for Senior Financial Officers, including future amendments, is available free of charge on our website at www.carverbank.com in the Corporate Governance section of the Investor Relations webpage or by writing to the Secretary, Carver Bancorp, Inc., 75 West 125th Street, New York, New York 10027, or by telephoning (212) 360-8826. The Company intends to post on its website any waiver under the codes granted to any of its directors or executive officers.

Website Access to Governance Documents

The Company's Corporate Governance Principles and the charters for the Finance and Audit, Compensation and Nominating/Corporate Governance Committees are available free of charge on our website at www.carverbank.com in the Corporate Governance section of the Investor Relations webpage or by writing to the Secretary, Carver Bancorp, Inc., 75 West 125th Street, New York, New York 10027, or by telephoning (212) 360-8826.

Board and Committee Meetings

The Board of Directors of Carver holds regularly scheduled meetings during the fiscal year to review significant developments affecting Carver and to act on matters requiring Board approval. It also holds special meetings when an important matter requires Board action between scheduled meetings. Members of senior management regularly attend Board meetings to report on and discuss their areas of responsibility. During fiscal 2007, the Board met 14 times. No incumbent director attended fewer than 75%, in the aggregate, of the total number of Carver Board meetings held while he or she was a member of the Board during fiscal 2007 and the total number of meetings held by committees on which he or she served during such fiscal year.

Carver's Corporate Governance Principles encourage directors to attend the Company's Annual Meeting of stockholders and all Board meetings and meetings of committees of the Board on which they serve. From time to time unforeseen circumstances may arise causing a director's absence from such meetings, and one of the Company's directors was unable to attend last fiscal year's Annual Meeting of stockholders for personal reasons.

Carver's Bylaws require that the Company have executive, finance and audit, nominating/corporate governance, compensation and asset/liability and interest rate risk committees. The Board has adopted a charter for each of the Nominating/Corporate Governance Committee, the Compensation Committee and the Finance and Audit Committee, each of which may be amended from time to time. The nature and composition of each of the standing committees of the Company are described below.

Executive Committee. Pursuant to Carver's Bylaws, the Executive Committee is authorized to act as appropriate between meetings of the Board. The members of this committee are Directors Deborah C. Wright (Chairman), David L. Hinds, Robert Holland, Jr. and Pazel G. Jackson, Jr. The Executive Committee met three times during fiscal 2007.

Nominating/Corporate Governance Committee. As of June 2007, the Nominating/Corporate Governance Committee consists of Directors Robert Holland, Jr. (Chairman), Edward B. Ruggiero, Dr. Samuel J. Daniel and Robert R. Tarter. Pazel G. Jackson was a member of the committee until December 2006. All members of the committee have been determined to be independent directors. The Nominating/Corporate Governance Committee's functions include advising the Board on matters of corporate governance and considering qualifications of prospective Board member candidates, including conducting research to identify and recommend nomination of suitable candidates who are willing to serve as members of the Board, reviewing the experience, background, interests, ability and availability of prospective nominees to meet time commitments of the Board and committee responsibilities, considering nominees recommended by stockholders who comply with procedures set forth in the Company's Bylaws and determining whether any prospective member of the Board has any conflicts of interest which may impair the individual's suitability for such service. The committee has the responsibility to monitor current members of the Board pursuant to the same guidelines used to select candidates. The Nominating/Corporate Governance Committee is also responsible for identifying best practices and

developing and recommending to the Board a set of corporate governance principles applicable to Carver and for periodically reviewing such principles.

The committee met four times during fiscal 2007. The Nominating/Corporate Governance Committee also met on June 4, 2007 to nominate directors for election at the Annual Meeting. Only those nominations made by the Nominating/Corporate Governance Committee and approved by the Board will be voted upon at the Annual Meeting. For a description of the proper procedure for stockholder nominations, see “Additional Information—Notice of Business to be Conducted at Annual Meeting” in this proxy statement.

Compensation Committee. The Compensation Committee consists of Directors Carol Baldwin Moody (Chairperson), Robert Holland, Jr., and Robert R. Tarter. All members have been determined to be independent directors. The Compensation Committee evaluates the performance of the Company’s CEO and approves her compensation in consultation with the non-management members of the Board of Directors and, based on recommendations from management, reviews and approves senior management’s compensation and approves compensation guidelines for all other officers. The Compensation Committee administers the Company’s management recognition, incentive compensation, stock option, and stock incentive plans and, in consultation with senior management, reviews and approves compensation policies. The Compensation Committee met six times during fiscal 2007.

Finance and Audit Committee. The Finance and Audit Committee consists of Directors David L. Hinds (Chairman), Carol Baldwin Moody, Pazel G. Jackson, Jr. and Edward B. Ruggiero. All members have been determined to be independent directors. The Finance and Audit Committee’s primary duties and responsibilities are to:

- monitor the integrity of Carver’s financial reporting process and systems of internal controls regarding finance, accounting and legal compliance;
- manage the independence and performance of Carver’s independent public auditors and internal auditing function;
- monitor the process for adhering to laws, regulations, the Company’s Code of Ethics and the Code of Ethics for Senior Financial Officers; and
- provide an avenue of communication among the independent auditors, management, the internal auditing function and the Board of Directors.

Other specific duties and responsibilities include reviewing Carver’s disclosure controls and procedures, internal controls, Carver’s periodic filings with the SEC and earnings releases; producing the required audit committee annual report for inclusion in Carver’s proxy statement; and overseeing complaints concerning financial matters. The report of the Finance and Audit Committee is contained on page 16. The Finance and Audit Committee met fourteen times during fiscal 2007, including meetings to review the Company’s annual and quarterly financial results prior to their public issuance.

Asset/Liability and Interest Rate Risk Committee. The Asset/Liability and Interest Rate Risk Committee consists of Directors Pazel G. Jackson, Jr. (Chairman), Dr. Samuel J. Daniel, David L. Hinds, Robert Holland, Jr. and Deborah C. Wright. The Asset/Liability and Interest Rate Risk Committee monitors activities related to asset/liability management and interest rate risk, including the approval or ratification of mortgage loans and the establishment of guidelines related to risk, purchase or sale of loans and investments, and management of interest rate, credit and liquidity risk against objectives and risk limitations set forth in Carver Federal’s policies. The committee met ten times during fiscal 2007.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis included in this proxy statement and has discussed it with management. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

The following report has been furnished by members of the Compensation Committee:

Carol Baldwin Moody (Chairperson)
Robert Holland, Jr.
Robert Tarter

Compensation Discussion and Analysis

Compensation of all executive officers of the Company, including the chief executive officer, is determined by the Compensation Committee of the Company's Board of Directors (the "Committee" or the "Compensation Committee"). The following discussion focuses on the Committee's compensation philosophy and practices, particularly as it relates to Named Executive Officers for fiscal 2007 and provides important context for the more detailed disclosure tables and specific compensation amounts provided elsewhere in the proxy statement.

Compensation Philosophy

The Company's success depends on hiring and retaining highly qualified individuals, as each executive has the potential to influence its short and long-term performance. Therefore, the Committee places considerable effort on the design and administration of the Company's compensation program. Carver's competitive position is a critical element in the recruitment and retention of executives and all employees. As a small community bank in New York City, the world's financial capital, competitive pressures on the ability to attract and retain talent are significant. Most executives and staff are recruited to Carver from money center banks and other larger financial institutions.

The Committee believes that executive compensation should be aligned with long-term stockholder value and therefore determined primarily by Company performance. As such, the Company's compensation program is heavily weighted toward performance pay, whereby a significant portion of an executive's total compensation is "at risk." As such, executive compensation can and should vary significantly, up or down, based on the Company's performance relative to strategic goals and industry peers. To foster teamwork in building long-term performance and shareholder value, executive pay reflects a mix of Bank, department and individual performance. In this regard, the Committee recognizes that Carver's current performance continues to reflect the substantial investment required to turn the Company around from a period of poor performance as well as investments required to propel growth in an extremely competitive environment.

Benchmarking of Compensation

The Compensation Committee has benchmarked the compensation of executive officers and directors for fiscal 2007 utilizing publicly disclosed information from a peer group of publicly traded banks, predominantly in the Northeast region. The peer group, as shown below and approved by the Compensation Committee, after reviewing with its compensation consultant, reflects banks of similar asset size and geographic location, two factors that influence executive compensation at banks. The peer group is reviewed and updated each year as appropriate as the comparability of banks may change depending on acquisitions and the business focus of the Company or peer institutions. The peer group for the Company's fiscal 2007 review includes banks that range from \$600 million to \$1.3 billion in assets, with a median of \$875 million in assets. In addition to the proxy peer group, the Committee considered additional sources of compensation data provided by its compensation consultants, as described below.

Compensation-Related Governance and Role of the Committee

Role of the Compensation Committee

The Compensation Committee is responsible for discharging the Board of Director's responsibilities in executive compensation matters and for establishing policies that govern employee incentive compensation and equity/long-term incentive compensation plans. The Committee reviews all elements of the Company's CEO and other executive officers' compensation including base salary, annual incentive, long-term incentives/equity, and benefits. Three members of the Board serve on the Committee, each of whom is independent. The Committee meets throughout the year with six meetings held during fiscal 2007 (May 8, 2006, June 2, 2006, July 6, 2006, September 27, 2006, November 20, 2006 and March 12, 2007). The Chairman of the Committee reports on Committee actions at meetings of the Board.

The Committee reviews CEO performance and makes decisions regarding the CEO's compensation in consultation with non-management members of the Board of Directors. Input and data from the Senior Vice President and Chief Human Resources Officer and other management as well as outside consultants and advisors are provided as requested by the Committee. Decisions regarding other executives are made by the Compensation Committee considering recommendations from the CEO and with input from the Senior Vice President and Human Resources Officer and an outside compensation consultant. Decisions by the Compensation Committee with respect to compensation of the CEO are ratified by the full Board of Directors.

The Committee has the authority and resources to obtain advice and assistance from internal or external legal, human resources, accounting or other experts, advisors, or consultants, as it deems desirable or appropriate. Details on the Committee's role are more fully described in its charter, which has been approved by the Board of Directors. The charter can be viewed on the Company's website at www.carverbank.com.

Interaction with the Compensation Consultant

The Bank utilizes the services of outside advisors and consultants throughout the year as they relate to executive compensation. The Committee utilizes the services of its consultant to conduct periodic comprehensive total compensation studies as well as ongoing updates on market and best practices. This information was requested and utilized as needed to support the Committee's decisions and review processes.

During fiscal 2007, the Committee relied on the services of Towers Perrin to conduct competitive reviews and provide advice and counsel related to executive compensation issues. The Committee had direct access to these advisors. Towers Perrin conducted several in depth studies for the Committee during the year and attended two of the six meetings (in person or by phone).

At the end of the fiscal year, the Compensation Committee engaged the services of compensation consulting firm Pearl Meyer & Partners to assist in reviewing its compensation philosophy and programs going forward for fiscal 2008. The Committee retains the right to hire, fire and seek the services of consulting and advisory firms.

Role of Executives in Committee Deliberations

The Compensation Committee occasionally requests one or more members of senior management to be present at Committee meetings where executive compensation and Company or individual performance are discussed and evaluated. Executives are free to provide insight, suggestions or recommendations regarding executive compensation. However, only independent Compensation Committee members are allowed to vote on decisions regarding executive compensation.

The Compensation Committee meets with the CEO to discuss her own performance and compensation package, but ultimately decisions regarding her compensation are made solely based upon the Committee's deliberations with input from the compensation consultant, as requested. Decisions regarding other executives are made by the Compensation Committee considering recommendations from the CEO, as well as input from the compensation consultant as requested.

Total Compensation Program Components

Carver's total compensation program consists of four main components: Base Salary, Annual Incentives, Long-term Incentives, and Executive Benefits/Perquisites. The following section summarizes the role of each component, how decisions are made and the resulting fiscal 2007 decisions as they relate to the Named Executive Officers.

Base Salary

The purpose of base salary is to provide competitive base compensation that recognizes the executives' role, responsibilities, experience, performance and past and potential contribution to the Company. The Company targets salaries at the 50th percentile of the peer group; however judgment is exercised in determining each executive's situation relative to market and other relevant information. In practice, the Bank has provided salary increases at approximately 3% annually for the last three years, with limited exceptions to reflect factors including added responsibilities for an executive or marketplace changes in compensation for a particular position.

Short-Term Incentives

The Company's Performance-Driven Incentive Plan ("the Incentive Plan") was developed in 2004 with the assistance of Towers Perrin. The purpose of the annual incentive plan is to motivate and reward corporate, department and individual performance. Performance goals are set annually and reviewed by the Board and payouts are based on achievement of the predefined goals.

The Compensation Committee has determined that the primary goal and driver of incentive pay awards is achievement of forecasted Net Income based on the fiscal year Business Plan prepared by management and approved by the Board. Actual results may be adjusted as appropriate and determined by the Compensation Committee. If the Company does not achieve a minimum of 80% of target Net Income, the incentive pool is not funded and executives do not receive any annual cash incentives for that fiscal year. Each fiscal year, a funding schedule is developed that translates incentive payouts relative to the fiscal year-end Net Income. The Compensation Committee may change these goals from year to year.

The incentive pool at target performance is defined to provide competitive incentives for the positions and to reflect our desired compensation philosophy to target median rewards for meeting goals. Once the 80% threshold net income is achieved, the corporate incentive pool funds at a reduced 50% of target. At maximum/stretch performance, the corporate pool funds at 150% of target. This provides a payout relationship that rewards high performance and reduces payouts for not meeting goals. Potential payouts and incentive pool funding are modeled each year relative to possible net income performance to ensure the pay-for-performance relationship is appropriate.

Corporate performance, as measured by net income, drives between 40% - 75% of the executives' incentive awards depending on his/her role. The remaining percentage consists of other specific department/strategic goals that reflect critical measures for the upcoming year. The CEO and CFO incentives are comprised of 75% corporate performance and 25% department/strategic goals. Annual incentives for additional executives range from 40% - 50% corporate performance and 50% - 60% department performance.

The department/strategic goals for the management team in fiscal 2007 included, but were not limited to the following measures:

§ Completion of the acquisition and integration of Community Capital Bank

§ Organic loan and deposit growth

§ Increased fee income or other items leading to improved return on equity

§ Improved efficiency ratio

In addition to these corporate and divisional goals, the Plan includes an individual modifier that allows incentive awards to be modified (up or down) to reflect overall individual performance and contributions. The incentive award can be increased 30% above target for exceptional performance or reduced to 0% for poor performance.

For fiscal 2007, Carver's annual target incentive ratios for the Named Executive Officers were as follows:

Executive	Target Incentive Ratio (as percentage of salary)	Potential Range (with additional 30% upside potential)
CEO - Deborah Wright	50%	0% - 65%
CFO - Roy Swan	30%	0% - 39%
James Bason	25%	0% - 32.5%
Margaret Roberts	20%	0% - 26%
Frank Deaton	20%	0% - 26%

For fiscal 2007, the Company used the net income formula to determine achievement of fiscal year goals and the annual incentive pool. The Committee adjusted the net income under GAAP by two factors: the elimination of restructuring costs associated with the Community Capital Bank acquisition as well as the costs associated with restructuring of the Company's balance sheet to mitigate net interest margin compression. The Committee agreed that these actions were one-time events designed to increase long-term stockholder value and have in fact begun to generate anticipated returns. After adjusting for these factors, results exceeded the target Net Income goal by 19%, which would have resulted in a payout of 147.5% of target. However, in recognition of the need to improve the Company's financial performance, the Committee exercised its negative discretion and approved a lower total Company incentive pool of \$719,000 or 110% of target.

In addition to the annual incentive awards, the Company provided "special recognition" awards to certain officers and other employees who participated in successful strategic initiatives of the Bank. The "special recognition" award payouts are included in the \$719,000 incentive pool mentioned above. Of the Named Executive Officers, Ms. Wright and Mr. Swan each received \$10,000, Mr. Bason received \$7,500 and Ms. Roberts received \$5,000. Rewards primarily reflect additional contributions related to the successful effort to win a \$59 million award of New Markets Tax Credits, which has generated significant financial benefit to Carver, and the successful integration of Community Capital Bank.

The Committee determined and approved the final incentive awards for the Named Executive Officers as indicated below.

Executive	Target Incentive Ratio	Actual Payout (% of base salary)	Actual Payout (\$)
CEO - Deborah Wright	50%	54.3%	\$173,496
CFO – Roy Swan	30%	33.6%	\$76,226
James Bason	25%	27.5%	\$44,021
Margaret Roberts	20%	14.2%	\$19,665
Frank Deaton	20%	n/a	n/a

Annual incentives are not fixed compensation, must be re-earned each year and are at-risk based on actual performance. The Compensation Committee reviews the Incentive Plan each year and resets the specific goals and targets for executives to align with business needs and desired compensation philosophy. As a result of the Bank's growth and resulting organizational changes, the Incentive Plan will be updated in fiscal 2008 to continue to align with the strategic plan and performance-based compensation philosophy.

Long-Term Incentive Compensation

The Bank believes strongly in the importance of aligning executive incentives with the long-term performance of the Bank and interests of stockholders. In September 2006, Carver stockholders approved the 2006 Stock Incentive Plan ("2006 Plan") to replace the 1995 Stock Option Plan that expired in September 2005. The purpose of the 2006 Plan is to promote Carver's growth and profitability, to provide certain officers, employees and non-employee directors of the Company with an incentive to achieve corporate objectives, to attract and retain individuals of outstanding competence and to provide such individuals with an equity interest in the Company.

Historically, long-term incentives have been made in the form of stock options and restricted stock. However, due to the size of the Company, limited trading and low volatility of Carver's stock, and our desire to manage shareholder dilution carefully, the Committee has diligently taken steps to adjust our programs to remain within industry practice. The Committee's goal is to retain our dilution within the levels of industry peers, which was capped at 2.79% for 2006. First, the Committee suspended the practice of providing Board compensation in the form of stock and stock options. Second, the Company restructured its long-term incentive plan and payout ratios to include cash in addition to equity. Actual long-term payouts were modified to utilize a significant cash component, in lieu of stock or stock options. Third, the Employee Stock Ownership Plan was suspended. These steps decreased the burn rate to 2.32% in fiscal 2006 and 2.04% in fiscal 2007. The Committee will continue to review and adjust, if needed, the effectiveness of its strategy each fiscal year, to achieve a burn rate consistent with industry peers.

The revised long-term incentive plan components and payout ratios for fiscal 2007 for the Named Executive Officers follow:

Executive	Target Award	Stock Options	Restricted Stock	Cash
CEO - Deborah Wright	100%	30%	20%	50%
CFO – Roy Swan	30%	30%	20%	50%
James Bason	25%	30%	0%	70%
Margaret Roberts	20%	0%	0%	100%
Frank Deaton	20%	0%	0%	100%

At the end of each fiscal year, actual awards are determined using net income as the performance measure determining the total award as a percentage of targets. Similar to the annual incentive plan, if net income does not achieve threshold performance, or 80% of goal, no equity awards are granted in that year.

Once the payout is determined, the award is allocated according to the table above. Regardless of the type of award (stock options, restricted stock, or cash), the awards vest over a five year period, 20% each year on the anniversary of the grant, with accelerated vesting in years three and four if the Company meets or exceeds the peer group three-year average ROE.

The Committee determined and approved the final long-term incentive awards as indicated below.

Executive	Target Incentive	Actual Payout (% of base salary)	Actual Payout (\$)
CEO - Deborah Wright	100%	109%	\$346,992
CFO – Roy Swan	30%	33.6%	\$76,226
James Bason	25%	27.5%	\$44,021
Margaret Roberts	20%	14.2%	\$19,665
Frank Deaton	n/a	n/a	n/a

The Compensation Committee reviews the Long-Term Incentive Compensation Plan each year and establishes specific goals and targets for executives to align with business needs and desired compensation philosophy. The Committee has selected Return On Equity as the metric that will be utilized beginning in fiscal 2008 to further align management objectives with the Committee's compensation philosophy.

(7) The amounts in columns (e) and (f) reflect the dollar amount recognized for financial statement purposes for the fiscal year ended March 31, 2007 in accordance with SFAS 123(R) and may include amounts from awards granted in and prior to the fiscal year. Assumptions used in the calculation of these amounts are included in the footnotes to the Company's audited financial statements for the fiscal year ended March 31, 2007 in the Company's Annual Report on Form 10-k filed with the Securities and Exchange Commission.

(8) The amounts in column (g) reflect awards granted under the Company's formula driven compensation structure which awards an annual bonus and long-term equity if the Company meets at least 80% of its fiscal year budgeted net income goal. In an effort to reduce shareholder dilution, long-term cash awards were substituted for long-term equity

awards in the fiscal year. Long-term cash awards vest at 20% each year for five years and vesting may be accelerated in year 3 and 4 if the Company meets or exceeds an external performance measure, currently the three-year average return on equity of the Company's peer group.

The Company's compensation structure was developed based on recommendations and models presented by Towers Perrin, a nationally-recognized consulting firm. The plan includes three integrated parts: (1) a grading structure based on the employee's corporate level; (2) an annual cash bonus target and a long-term incentive target based on a recommended performance measure, currently Net Income; and (3) an individual performance modifier based on a manager's assessment of an individual's performance.

At fiscal year-end, a model is used to calculate bonuses as a percentage of base pay for bonus-eligible employees and takes into account the employee's grade level, corporate performance (net income goals), departmental performance against goals, and individual performance. Departmental and individual performance goals are defined and communicated to managers and employees during the budget and performance appraisal processes which occur at the beginning of each fiscal year. Long-term incentives are provided to executive officers in the form of restricted stock, stock options or cash. Awards were granted under the plan in effect at the time of the award and vest over a three-year period or a five-year performance accelerated period pursuant to the respective plan. In 2006, the shareholders approved an omnibus stock incentive plan. Awards granted under the 2006 Stock Incentive Plan vest over a five-year performance accelerated period.

Benefits and Perquisites

The Bank's executive officers participate in benefit plans available to all employees including the Carver Federal Savings Bank 401(k) Savings Plan. The Company does not currently offer additional perquisites in excess of \$10,000 per year.

Benefits Plans

Pension Plan. The Bank maintains the Carver Federal Savings Bank Retirement Income Plan, a noncontributory, tax-qualified defined benefit plan (The "Pension Plan"). The Pension Plan was amended such that future benefit accruals ceased as of December 31, 2000. Since that date, no new participants were eligible to enter into the Pension Plan and participants as of such date have not been credited with additional years of service or increased compensation.

The following table sets forth information regarding pension benefits accrued by the Named Executive Officers during the last fiscal year.

PENSION BENEFITS at FISCAL YEAR-END 2007

⁽¹⁾Annual benefit of \$4,928 frozen when pension plan was frozen 12/31/2000; PV=\$26,672 as of 3/31/2007.

Active employees with greater than one year of service on December 31, 2000 are eligible to receive a benefit under the Plan should the Plan be terminated. The amount of the benefit will be calculated based on age and years of service and pay at the time the Plan was frozen. Employees with more than five years of service on December 31, 2000 who reach retirement age before the Plan is terminated are eligible for a benefit calculated based on the Plan's definitions of earnings and eligibility. Ms. Wright is the only Named Executive Officer in the Plan.

401(k) Savings Plan. Carver maintains a 401(k) Savings Plan ("401(k) Plan") with a profit sharing feature for all eligible employees of the Bank. The Bank matches contributions to the 401(k) Plan equal to 100% of pre-tax contributions made by each employee up to a maximum of 4% of their pay, subject to IRS limitations. All such matching contributions are fully vested and non-forfeitable at all times regardless of the years of service with the Bank. To be eligible for the matching contribution, the employee must be 21 years of age and have completed at least one year of service. Under the profit-sharing feature, the Company has the discretion to make a contribution. If the Bank achieves a minimum of 70% of its fiscal year net income goal, the Compensation Committee may authorize an annual non-elective contribution to the 401(k) Plan on behalf of each eligible employee up to 2% of the employee's annual pay, subject to IRS limitations. This non-elective contribution may be made regardless of whether the employee contributes to the 401(k) Plan. Non-elective Bank contributions, if awarded, vest 20% each year for the first five years of employment and are fully vested thereafter. To be eligible for the non-elective Carver contribution, the employee must be 21 years of age, have completed at least one year of service and be employed on of the last day of the plan year, currently December 31 or have terminated employment for death, disability or retirement.

Employee Stock Ownership Plan. Effective upon conversion to a publicly traded company, an Employee Stock ownership Plan ("ESOP") was established for all eligible employees. The ESOP used proceeds from a term loan obtained from a third-party institution to purchase shares of Carver's common stock in the initial public offering to pledge as collateral for the loan. In June 2004, the loan was paid off and the Bank continued to make discretionary contributions to the ESOP by purchasing shares in the open market. This was in accordance with Carver's common

stock repurchase program where shares are held in a suspense account for future allocation among the participants based on compensation, as described by the Plan, in the year of allocation. Because the 401(k) Plan allows employees to purchase and hold Carver stock in the 401(k) Plan and most employees close out their ESOP accounts upon leaving the Bank, management recommended curtailing the ESOP. In May 2006, the Compensation Committee approved management's decision and voted to cease discretionary contributions after the 2006 allocation is made and no new participants are eligible to enter the ESOP as of December 31, 2006.

The following table sets forth information regarding grants of plan-based awards granted by the Named Executive Officers of Carver during the last fiscal year.

(1) The threshold amounts reflect the minimum payment level under our incentive compensation plans which is 50% of the target amount. The maximum amount is 150% of the target amount. These amounts are based on the individual's earned salary and position at the end of the fiscal year.

(2) The equity threshold amounts reflect the same minimums and maximums discussed in footnote (1). The stock award thresholds are based on calculated cash value pursuant to our incentive compensation plan divided by the share price on 3/31/07. The option award thresholds are based on the calculated cash value pursuant to our incentive compensation plan, a fiscal year Black-Scholes value of 35.95% and the share price on 3/31/07. To reduce dilution and maintain a 3-year average burn-rate in line with industry practices, equity awards are limited to the CEO, CFO and business heads.

(3) The amounts reflect the number of shares of stock and options granted in the fiscal year to each Named Executive officer pursuant to our Stock Incentive Plan.

(4) Mr. Gray forfeited rights to equity grants during the fiscal year and was ineligible for non-equity incentive plan awards upon his resignation.

(5) Mr. Deaton was ineligible for non-equity incentive plan awards upon his resignation before the awards were approved by the Compensation Committee.

The following table sets forth information regarding stock awards, stock options and similar equity compensation outstanding at March 31, 2007, whether granted during fiscal 2007 or earlier, including awards that have been transferred other than for value.

Employment and Other Agreements with Executive Officers

As of June 1, 1999, both Carver Bancorp, Inc. and Carver Federal Savings Bank (collectively "Carver") entered into employment agreements to secure the services of Deborah C. Wright as President and CEO. The employment agreements are intended to set forth the aggregate compensation and benefits payable to Ms. Wright for all services rendered to Carver and any of its subsidiaries. Both employment agreements provided for an initial term of three years beginning June 1, 1999 and, pursuant to the terms of the employment agreements, each year thereafter have been extended an additional year following a review by the Compensation Committee and the Board of Directors of Ms. Wright's performance.

In addition, the employment agreements provide for an annual incentive payment based on the achievement of certain performance goals, future grant of stock awards, a supplemental retirement benefit, additional life insurance protection and participation in the various employee benefit plans maintained by Carver from time to time. The agreements also provide customary corporate indemnification and errors and omissions insurance coverage throughout the term of the agreements and for six years thereafter.

Carver may terminate Ms. Wright's employment at any time for cause as defined in the employment agreements. In the event that Carver terminates Ms. Wright's employment for reasons other than for cause, she would be entitled to a severance benefit equal in value to the cash compensation, retirement and other fringe benefits she would have earned had she remained employed for the remaining term of the agreements. The same severance benefits would be available if Ms. Wright resigns during the term of the employment agreements following a loss of title, office or membership on the Board; a material reduction in her duties, functions or responsibilities; involuntary relocation of her principal place of employment by over 30 miles from its location as of June 1, 1999; other material breaches of contract by Carver that are not cured within 30 days; or, in certain circumstances, a change in control. In the event of a

change in control, the remaining term of Ms. Wright's agreement with Carver at any point in time will be three years unless written notice of non-renewal is given by the Board or Ms. Wright.

A portion of the severance benefits payable to Ms. Wright under her employment agreements in the event of a change in control might constitute "excess parachute payments" under current federal tax laws. Federal tax laws impose a 20% excise tax, payable by the executive, on excess parachute payments. In the event that any amounts paid to Ms. Wright following a change of control would constitute "excess parachute payments," Ms. Wright's employment agreement with Carver provides that she will be indemnified for any excise taxes imposed due to such excess parachute payments, and any additional income and employment taxes imposed as a result of such indemnification of excise taxes. Any excess parachute payments and indemnification amounts paid will not be deductible compensation expenses for Carver or Carver Federal.

Letter Agreements.

Carver entered into letter employment agreements with Mr. Swan, Mr. Bason and Ms. Roberts. Generally, each letter employment agreement provides for "at-will" employment and compensation in the form of base salary and benefits continuation based on length of service and in certain instances, a one-time payment.

Change in Control Arrangements.

Pursuant to their letter agreements, in the event of a change in control, Mr. Bason and Ms. Roberts will receive 39 weeks of base salary and benefits continuation. During fiscal 2007, Carver amended Mr. Swan's letter agreement to include a change-in-control agreement effective as of March 12, 2007. The amendment applies only if Mr. Swan's employment is terminated following a change in control that occurs during the employment term. The employment term is from March 12, 2007 through March 12, 2009. Carver may terminate Mr. Swan's employment at any time for cause as defined in his Letter Agreement, as amended. In the event that Carver terminates Mr. Swan's employment for reasons other than disability, retirement or cause, he would be entitled to a change in control benefit equal to (i) continued medical, life, and disability benefits for two years, (ii) a lump sum payment equal to two years' salary and (iii) an amount equal to two times his highest incentive compensation award paid during any full fiscal year during the term of the agreement.

The same severance benefits would be available if Mr. Swan resigns during the term of his Letter Agreement following: a loss of title, a material reduction in his duties, functions or responsibilities, involuntary relocation of his principal place of employment so that his commuting distance is more than 30 miles from his address, or other material breaches of contract by Carver that are not cured within 30 days. If any amounts paid to Mr. Swan following a change in control would constitute an "excess parachute payment" under federal tax law, the payments will be reduced to avoid the imposition of the excise tax. If payments are reduced, Mr. Swan may choose which payments and benefits will be reduced.

POTENTIAL PAYMENT UPON TERMINATION OR CHANGE IN CONTROL at FISCAL YEAR-END 2007

The tables below reflect the amount of compensation to each of our Named Executive Officers in the event of termination of such executive's employment under such executive's employment agreement or employment letter. The amount of compensation payable to each Named Executive Officer upon voluntary termination, early retirement, involuntary not-for-cause termination, termination following a Change in control and in the event of disability or death of the executive is shown below. With the exception of Mr. Gray, who resigned on December 31, 2006, the amounts shown assume that such termination was effective as of March 31, 2007, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the Named Executive Officers upon their termination. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company.

⁽¹⁾For Messrs. Swan and Bason and Ms. Roberts cash wages reflect the value of severance payments in accordance with CIC letter agreements or pursuant to the company's Severance Pay Plan if other than CIC. For Ms. Wright, cash payments reflect the terms of her contract.

(2) Incentive reflects payments at target awards paid as directed by the terms of the CIC agreement or current incentive compensation plan.

(3) Health, Welfare and Other Personal Benefits reflects the cost of the Company continuing medical dental, vision and life insurance benefits per the CIC agreement or severance pay plan.

(4) Retirement Benefits reflect the 401k Plan matching and profit sharing contributions and acceleration of vesting of unvested profit sharing contributions and Employee Stock Option Plan grants. Ms. Wright and Ms. Roberts are fully vested in both plans.

(5) Long term Incentive Plan payments reflects the value of accelerated vesting of unvested cash, shares and options.

(6) On November 17, 2006, Mr. Gray resigned voluntarily as Chief Financial Officer and on December 31, 2006, resigned as Senior Vice President. Therefore, Mr. Gray was not eligible for potential payments at fiscal year-end.

(7) On April 13, 2007, Mr. Deaton resigned voluntarily as Senior Vice President of Operations and was not eligible for any post-termination payments.

Impact of Accounting and Tax on the Form of Compensation

The Compensation Committee and the Company consider the accounting and tax (individual and corporate) consequences of the compensation plans prior to making changes to the plans. The Compensation Committee has considered the impact of the Statement of Financial Accounting Standard No. 123, or SFAS No. 123, as issued by the FASB in 2004, on the Company's use of equity incentives as a key retention tool.

As part of its role, the Compensation Committee also reviews and considers sections of the Internal Revenue Code ("IRC"), including but not limited to, Golden Parachutes Under IRC Section 280(g) and the deductibility of executive compensation under Section 162(m) which limits deduction of compensation paid to Named Executive Officers to \$1,000,000 unless the compensation is "performance-based". This applies to base salary, all cash incentive plans and equity grants other than stock options. During fiscal 2007, no employee received taxable compensation in excess of \$1,000,000 and therefore, deductibility of compensation was not limited by these sections of the IRC.

Option Granting Practices

The timing of our equity compensation grants has historically been and continues to be determined upon appointment to the Board, upon hire, or in conjunction with incentive grants after our fiscal year end and approved by the Compensation Committee. In fiscal 2007, grants were communicated to executives on June 14, 2006 but were not granted until after shareholder approval of the 2006 Stock Incentive Plan and further consultation with outside compensation consultants. The grants were awarded on November 20, 2006. The grants vest over a five-year period at 20% each year with the first 20% vesting on June 14, 2007 and subsequent vesting on anniversaries of that date, with accelerated vesting in years three and four if the Company meets or exceeds the peer group three-year average ROE.

Ownership Guidelines

The Company regularly reviews the ownership levels of its directors and officers and has not established minimum stock ownership guidelines as the Company's directors and the Named Executive Officers collectively own a significant amount of Company Stock.

Conclusion

The Compensation Committee retains the discretion to decrease all forms of incentive payouts based on significant individual or Company performance shortfalls. Likewise, the Committee retains the discretion to increase payouts and/or consider special awards for significant achievements, including but not limited to superior asset management, investment or strategic accomplishment and/or consummation of beneficial acquisitions.

Overall, the level and mix of compensation that is finally decided upon is considered within the context of both the objective data from our competitive assessment of compensation and performance, as well as discussion of the subjective factors as outlined above. The Compensation Committee believes that each of the compensation

packages is within the competitive range of practices when compared to the objective comparative data and reasonable given Company and individual performance.

Director Compensation

The chairman of the Board of Directors is currently the Chief Executive Officer and does not receive any additional compensation for serving as the Board chairman. The Company's outside directors are paid an annual cash retainer and a per meeting fee to serve as a director of both Carver Bancorp, Inc. and Carver Federal Savings Bank. The chairman of the Audit Committee receives an annual retainer of \$2,500. The chairs of the remaining committees receive an annual retainer of \$1,500. All committee members including the chairs receive \$475 per committee meeting attended, \$600 per Board meeting attended, and \$100 per Executive Committee meeting attended. Upon shareholder approval of new directors, the Compensation Committee may approve a grant of 1,000 shares of unrestricted stock and 1,000 stock options which vest pursuant to the Company's 5-year performance accelerated vesting schedule.

The following table sets forth information regarding compensation earned by the non-employee directors of Carver during the last fiscal year.

CARVER FEDERAL SAVINGS BANK

August 14, 2007

Dear Plan Account Holder:

The Carver Federal Savings Bank (“Bank”) 401(k) Savings Plan (“401(k) Plan”) has a related trust (“Employer Stock Fund Trust”) which holds common stock (“Common Stock”) of Carver Bancorp, Inc. (“Company”). HSBC Bank USA, N.A., as the directed trustee of the 401(k) Plan Employer Stock Fund Trust (“Employer Stock Fund Trustee”), is therefore a shareholder of the Company and may vote on matters presented for shareholder action at the Company’s Annual Meeting of Stockholders scheduled to be held on September 18, 2007 (“Annual Meeting”).

The Employer Stock Fund Trust provides that in casting its votes at the Annual Meeting, the Employer Stock Fund Trustee is to follow directions given by the 401(k) Plan Committee (“Committee”). The committee in turn follows instructions provided by participants, former participants and beneficiaries of deceased former participants (“Participants”) with respect to the Common Stock attributable to their accounts in the Employer Stock Fund as of July 31, 2007.

The records for the 401(k) Plan indicate that you are among the Participants who may give voting instructions. You may give your instructions by completing and signing the enclosed Confidential Voting Instruction (“Voting Instruction”) and returning it in the envelope provided to IVS Associates, Inc. (“IVS”). The Voting Instruction lets you give instructions for each matter expected to be presented for shareholder action at the Annual Meeting. The Committee expects IVS to tabulate the instructions given on a confidential basis and to provide the Committee with only the final results of the tabulation. The final results will be used by the Committee in directing the Employer Stock Fund Trustee.

The voting of the Common Stock held by the 401(k) Plan Trust is subject to legal requirements under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The Committee, in consultation with its legal advisors, considers these requirements in establishing voting instruction procedures and directing the Employer Stock Fund Trustee. The remainder of this letter describes the voting procedures which the Committee expects to follow for the Annual Meeting.

How your voting instruction counts depends on whether it was anticipated that the matter being voted upon would be presented for shareholder action at the Annual Meeting; whether you had an interest in the Employer Stock Fund Trust on the proper date; and how large your interest was, as follows:

ANTICIPATED PROPOSALS

In general, the Employer Stock Fund Trustee will vote the number of shares of Common Stock (if any) held by the Employer Stock Fund Trust and attributable as of July 31, 2007

to your individual account under the 401(k) Plan according to the instructions specified on the Voting Instruction. In general, if you do not file the Voting Instruction by September 8, 2007, the number of shares attributable to your account will be voted FOR or AGAINST each proposal identified on the Voting Instruction in the same proportions as instructions to cast votes FOR or AGAINST such proposal are given with respect to shares attributable to the accounts of Participants who do file Voting Instructions. In addition, if you do not file the Voting Instruction by September 8, 2007, or if you ABSTAIN as to a proposal, your instructions will not count in voting any Common Stock attributable to Participants' accounts for which no voting instructions have been received. Each individual's instructions for such purposes are weighted according to the number of shares of Common Stock attributable to all individuals' accounts for which instructions to vote FOR or AGAINST have been received. Notwithstanding the foregoing, the Committee may be required to instruct the Employer Stock Fund Trustee to vote the Common Stock for which no instructions have been received in a different manner, if it determines such a vote to be in the best interests of Participants, in accordance with the legal requirements of ERISA.

UNANTICIPATED PROPOSALS

It is possible, although very unlikely, that proposals other than those specified on the Voting Instruction will be presented for shareholder action at the Annual Meeting. If this should happen, the Employer Stock Fund Trustee will be instructed to vote upon such matters in its discretion, or to cause such matters to be voted upon in the discretion of the individuals named in any proxies executed by it.

Your interest in the Employer Stock Fund Trust offers you the opportunity to participate, as do the Company's shareholders, in decisions that affect the future of the Company and the Bank, and we encourage you to take advantage of it. To help you decide how to complete the Voting Instruction, enclosed is a copy of the Proxy Statement and Annual Report that is being furnished to all holders of Common Stock in connection with the Annual Meeting. Please complete, sign and return your Voting Instruction today. Your instructions are important regardless of the size of your interest in the Common Stock held by the 401(k) Plan.

If you have questions regarding the terms of the 401(k) Plan or the Voting Instruction, please call the Human Resources Department of the Bank at (718) 230-2900.

Sincerely,
401(k) PLAN COMMITTEE OF
CARVER FEDERAL SAVINGS BANK

(“Carver”) which are held “by the 401(k) Plan Trustee, in its capacity as 401(k) Plan Trustee, as of July 31, 2007 (the “Record Date”) at the September 18, 2007 Meeting of Stockholders of Carver (the “Annual Meeting”) to be held at the Soundstage of The Apollo Theater, 253 West 125th Street, New York, New York at 10:00 a.m., or at any adjournment or postponement thereof. As to the proposals listed below, which are more particularly described in the Proxy Statement dated July 30, 2007, the 401(k) Plan Trustee will vote the common stock of Carver Bancorp, Inc. held by the 401(k) Plan Trust to reflect the voting instructions on this Confidential Voting Instruction, in the manner described in the accompanying letter from the Committee dated July 30, 2007. As to other matters which may properly come before the Annual Meeting, the 401(k) Plan Trustee will vote upon such matters in its discretion, or cause such matters to be voted upon in the discretion of the individuals named in any proxies executed by it.

The instruction set forth below will be taken into account as described above in directing the 401(k) Plan Trustee how to vote the Shares of Carver held by it as of the Record Date, in its capacity as Trustee, provided this instruction is filed with IVS Associates, Inc. by September 8, 2007.

PLEASE, MARK YOUR INSTRUCTIONS ON THIS VOTING INSTRUC-TION, SIGN AND DATE IT AND RETURN IT IN THE ENCLOSED ENVELOPE.

IF THIS VOTING INSTRUCTION IS SIGNED BUT NO DIRECTION IS GIVEN, SUCH SHARES WILL BE VOTED FOR THE ELECTION OF THE NOMINEES LISTED IN ITEM 1 AND FOR THE PROPOSAL IN ITEM 2.

Participant

Please date and sign exactly as your name appears on this instruction and return in the enclosed envelope. If acting as attorney, executor, administrator, trustee, guardian or otherwise, please so indicate when signing. If the signer is a corporation, please sign the full corporate name, by a duly authorized officer. If shares are held jointly, each shareholder named should sign.

* For purposes of directing the voting of Shares for which no instructions are received, abstentions will be disregarded.

CARVER BANCORP, INC.

August 14, 2007

Dear Plan Account Holder:

The Carver Bancorp, Inc. (“Company”) Employee Stock Ownership Plan (“ESOP”) has a related trust (“ESOP Trust”) which holds common stock (“Common Stock”) of the Company. GreatBanc Trust Company, as the trustee of the ESOP Trust (“ESOP Trustee”), is therefore a shareholder of the Company and may vote on matters presented for shareholder action at the Company’s Annual Meeting of Stockholders scheduled to be held on September 18, 2007 (“Annual Meeting”). The ESOP Trust provides that in casting votes at the Annual Meeting, the ESOP Trustee is to follow the instructions given by participants, former participants and beneficiaries of deceased former participants (collectively, “Participants”) with respect to the Common Stock allocated to their accounts in the ESOP as of July 31, 2007.

The records for the ESOP indicate that you are among the Participants who may give voting instructions. You may give your instructions by completing and signing the enclosed Confidential Voting Instruction (“Voting Instruction”) and returning it in the envelope provided to IVS Associates, Inc. (“IVS”). The Voting Instruction lets you give instructions for each matter expected to be presented for shareholder action at the Annual Meeting. The ESOP Trustee expects IVS to tabulate the instructions given on a confidential basis and to provide the ESOP Trustee with only the final results of the tabulation. The voting of the Common Stock held by the ESOP Trust is subject to legal requirements under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The ESOP Trustee, in consultation with its legal advisors, considers these requirements in establishing voting instruction procedures and voting the Common Stock allocated to Participants’ accounts. The remainder of this letter describes the voting procedures with the Employee Stock Ownership Plan Committee (“Committee”) expects to follow for the Annual Meeting.

How your voting instructions count depends on whether it was anticipated that the matter being voted upon would be presented for shareholder action at the Annual Meeting; whether you had an interest in the ESOP Trust on the proper date; and how large your interest was, as follows:

ANTICIPATED PROPOSALS

(a) **ALLOCATED COMMON STOCK.** In general, the ESOP Trustee will vote the number of shares of Common Stock, if any, held by the ESOP Trust and allocated as of July 31, 2007 to your individual account under the ESOP according to the instructions specified on the Voting Instruction. In general, if you do not file the Voting Instruction by September 8, 2007, the ESOP Trustee will vote the number of shares allocated to your account FOR or AGAINST each proposal identified on the Voting Instruction in the same

proportions as instructions to cast votes FOR or AGAINST such proposal are given with respect to shares allocated to the accounts of Participants who do file Voting Instructions.

(b) UNALLOCATED COMMON STOCK. The ESOP Trust holds certain shares of Common Stock that are not allocated to any individual's account. In general, the ESOP Trustee will vote the Common Stock not allocated to any individual's account by casting votes FOR or AGAINST each proposal identified on the Voting Instruction, in the same proportions as instructions to cast votes FOR or AGAINST such proposal are given with respect to allocated Common Stock.

If you do not file the Voting Instruction by September 8, 2007, or if you ABSTAIN as to a proposal, your instructions will not count in voting any allocated Common Stock for which no voting instructions have been received from Participants or the unallocated Common Stock. Each individual's instructions for such purposes are weighted according to the number of shares of Common Stock allocated to all individuals' accounts for which instructions to vote FOR or AGAINST have been received. However, the ESOP Trustee may be required to vote the allocated Common Stock for which no instructions have been received and the unallocated Common Stock held by the ESOP Trust in a different manner, if it determines such a vote to be in the best interests of Participants, in accordance with the legal requirements of ERISA.

UNANTICIPATED PROPOSALS

It is possible, although very unlikely, that proposals other than those specified on the Voting Instruction will be presented for shareholder action at the Annual Meeting. If this should happen, the ESOP Trustees will vote upon such matters in their discretion, or cause such matters to be voted upon in the discretion of the individuals named in any proxies executed by them.

Your interest in the ESOP Trust offers you the opportunity to participate, as do the Company shareholders, in decisions that affect the future of the Company and Carver Federal Savings Bank ("Bank") and we encourage you to take advantage of it. To help you decide how to complete the Voting Instruction, enclosed is a copy of the Proxy Statement and Annual Report that is being furnished to all holders of Common Stock in connection with the Annual Meeting. Please complete, sign and return your Voting Instruction today. Your instructions are important regardless of the size of your interest in the ESOP Trust.

If you have questions regarding the terms of the ESOP or the Voting Instruction, please call the Human Resources Department of the Bank at (718) 230-2900.
