Notes to Consolidated Financial Statements

(Unaudited)

1. Basis of Presentation

The consolidated financial statements of RARE Hospitality International, Inc. and subsidiaries (the Company) as of July 1, 2007 and December 31, 2006 and for the quarters ended July 1, 2007 and July 2, 2006 have been prepared by the Company, pursuant to the rules and regulations of the Securities and Exchange Commission. The information furnished herein reflects all adjustments (consisting of normal recurring accruals and adjustments), which are, in the opinion of management, necessary to fairly present the operating results for the respective periods. Certain information and footnote disclosures normally presented in annual financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto contained in the Company's Annual Report on Form 10-K for the year ended December 31, 2006.

The Company records revenue for normal recurring sales upon the performance of services. Revenue from the sale of franchises is recognized as income when substantially all of the Company's material obligations under the franchise agreement have been performed. Continuing royalties, which are a percentage of net sales of franchised restaurants, are accrued as income when earned.

The Company's fiscal year is a 52- or 53-week year ending on the last Sunday in each calendar year. Each of the four fiscal quarters is typically made up of 13 weeks; however, since fiscal 2006 was a 53-week period, the first quarter of 2006 contained 14 operating weeks compared to 13 operating weeks in the first quarter of 2007 and the first six months of 2006 contained 27 weeks compared to 26 in the first six months of 2007.

The Company completed the sale of the Bugaboo Creek Steak House business on June 21, 2007. In the accompanying consolidated financial statements, the results of operations relating to the Bugaboo Creek Steak House business are presented as discontinued operations. The assets and liabilities of discontinued operations are primarily comprised of fixed assets and accrued liabilities, respectively. Financial results for Bugaboo Creek Steak House for the quarters and six months ended July 1, 2007 and July 2, 2006, were as follows (in thousands):

Loss from discontinued operations for the 26 weeks ended July 1, 2007 includes impairment and termination charges of approximately \$7.3 million (\$4.75 million, net of tax) which consists of rent termination charges of \$1.1 million, accrued employee termination costs of \$1.4 million and approximately \$4.8 million related to additional impairment realized upon the divestiture of the Bugaboo Creek Steak House business. Unless otherwise noted, discussions and amounts throughout these Notes to Consolidated Financial Statements and Management's Discussion and Analysis of Financial Condition and Results of Operations relate to the Company's continuing operations.

2. Share-Based Compensation

The Company has various share-based compensation programs, which provide for equity awards, including stock options, restricted stock awards (non-vested stock awards) and performance-based restricted stock units. Total share-based compensation expense of approximately \$2.2 million and \$2.3 million, have been included in the Company's Consolidated Statements of Operations for the quarters ended July 1, 2007 and July 2, 2006, respectively. Total share-based compensation expense of approximately \$4.8 million and \$4.4 million, have been included in the Company's Consolidated Statements of Operations for the six months ended July 1, 2007 and July 2, 2006, respectively.

The following table provides information about the common stock that may be issued under all of the Company's existing equity compensation plans as of July 1, 2007:

- (4) LongHorn Steaks, Inc. Amended and Restated 1992 Incentive Plan. No further options may be granted under the terms of this plan.
- (5) These options were granted on the same terms as those under the RARE Hospitality International, Inc. 1997 Long-Term Incentive Plan and were granted at prices which equated to current market value on the date of grant, are generally exercisable after three to five years, and must be exercised within ten years from the date of grant.
- (6) 743,465 of these shares may also be granted as future awards of non-vested stock.

Stock Options

Upon adoption of Statement of Financial Accounting Standards No. 123 (revised) Share Based Payments (SFAS 123R), the Company elected to continue the use of the Black-Scholes option pricing model to calculate the grant-date fair value of option awards. The fair value of options granted during the first six months of fiscal 2007 and fiscal 2006 were calculated using the following assumptions:

	Fiscal Quarters Ended			
	July 1, 2007	July 2, 2006	April 1, 2007	April 2, 2006
Expected life (in years)	4.00	4.00	4.00	4.00
Expected volatility	28.79%	26.59%	29.02%	27.34%
Risk-free interest rate	4.500%	4.750%	4.750%	4.375%
Expected dividend yield	0.00%	0.00%	0.00%	0.00%

Option activity for the six months ended July 1, 2007 was as follows:

	Options	Weighted-Average Exercise Price
Outstanding at December 31, 2006	3,565,234	\$ 21.54
Granted	440,129	\$ 31.85
Exercised	(202,944)	\$ 16.32
Forfeited or Cancelled	(101,638)	\$ 30.56
Outstanding at July 1, 2007	3,700,781	\$ 22.80

The fair value of options granted in the quarter and six months ended July 1, 2007 was approximately \$108,000 and \$3.6 million, respectively. The fair value of options granted in the quarter and six months ended July 2, 2006 was approximately \$98,000 and \$6.0 million, respectively. Total intrinsic value of options exercised in the quarters ended July 1, 2007 and July 2, 2006 was approximately \$491,000 and \$2.5 million, respectively. Total intrinsic value of options exercised in the six months ended July 1, 2007 and July 2, 2006 was approximately \$2.8 million

Edgar Filing: RARE HOSPITALITY INTERNATIONAL INC - Form 10-Q

and \$5.4 million, respectively. As of July 1, 2007, the total intrinsic value of options outstanding and options exercisable was approximately \$21.9 million for each. Intrinsic value is the difference between the Company's closing stock price on the respective trading day and the exercise price, multiplied by the number of options exercised.

The following table summarizes information concerning outstanding and exercisable options as of July 1, 2007:

Range of Exercise Prices -----	Options Outstanding			Options Exercisable	
	Options	Life(1)	Price(2)	Options	Price(2)

	=====	

Total grant date fair value of non-vested stock awards that vested during the six months ended July 1, 2007 and July 2, 2006 was \$589,000 and \$374,000, respectively. The total grant date fair value of non-vested stock awards at July 1, 2007 was \$11,112,000.

Performance-Based Restricted Stock Units

Edgar Filing: RARE HOSPITALITY INTERNATIONAL INC - Form 10-Q

The total number of performance-based restricted stock units granted in the first six months of 2007 was 68,749 compared to 71,732 for the first six months of 2006. Amounts expensed under this plan are periodically adjusted to reflect the most current projection of management's estimate of the revenue and adjusted earnings per share to be achieved as compared to the respective targets. In the second quarter of 2007, the expense accrual was reduced based upon updated revenue and adjusted earnings per share projections resulting in net credits for the quarter and six months ended July 1, 2007 of approximately (\$245,000) and (\$18,000), respectively, compared to expense of \$137,000 and \$229,000, respectively for the quarter and six months ended July 2, 2006.

3. Long-Term Debt

As of July 1, 2007, no borrowings were outstanding under the Company's \$100.0 million revolving credit agreement, and the Company was in compliance with all of its debt covenants. Interest expense is reported net of \$191,000 and \$129,000 of interest income for the second quarter of 2007 and 2006, respectively, and \$433,000 and \$302,000 for the first six months of 2007 and 2006, respectively. Interest capitalized in the second quarter of 2007 and 2006 was \$189,000 and \$255,000, respectively, and was \$443,000 and \$480,000 for the first six months of 2007 and 2006, respectively.

4. Income Taxes

Income tax expense on continuing restaurant operations for the first six months of 2007 has been recorded based on an estimated 32.44% effective tax rate expected to be applicable for the full 2007 fiscal year plus a valuation allowance of \$175,000 related to certain tax benefits recorded in the prior year for Bugaboo Creek that will not be realized. The effective income tax rate differs from the statutory federal income tax rate of 35% to pre-tax earnings primarily due to employee FICA tip tax credits (a reduction in income tax expense) partially offset by state income taxes. The effective tax benefit rate used related to the Bugaboo Creek impairment charge under Statement of Financial Accounting Standards No. 144 is the federal statutory rate of 35%.

The Company adopted the provisions of Financial Accounting Standards Board Interpretation No. 48, Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109 (FIN 48) on January 1, 2007. As a result of the implementation of FIN 48, the Company recognized no adjustment in the liability for unrecognized income tax benefits.

As of July 1, 2007, the Company had approximately \$4.6 million of unrecognized tax benefits including approximately \$1.3 million of interest and penalties, which are included in other long-term liabilities in the Consolidated Balance Sheet. The ending balance of unrecognized tax benefits increased during the second quarter of 2007 from approximately \$4.3 million (including approximately \$1.2 million of interest and penalties) as of April 1, 2007. The entire balance of unrecognized tax benefits, if recognized, would affect the effective tax rate. Any interest and/or penalties associated with uncertain tax positions are recognized as income tax expense.

Management does not anticipate that the total unrecognized tax benefits will significantly change due to the settlement of audits and the expiration of statutes of limitations within 12 months from the date of this Form 10-Q. With few exceptions, the Company is no longer subject to federal and state tax examinations for years prior to 2003.

5. Earnings Per Share

Edgar Filing: RARE HOSPITALITY INTERNATIONAL INC - Form 10-Q

A reconciliation of the common share components for the basic and diluted earnings per share calculations follows (in thousands, except per share amounts):

	Quarter Ended		Six Months Ended

Net earnings	\$ 0.34	\$ 0.40	\$ 0.80	\$ 0.91
Diluted earnings (loss) per common share*:				
Continuing operations	\$ 0.41	\$ 0.38	\$ 0.87	\$ 0.87
Discontinued operations	(0.08)	0.00	(0.10)	0.02
Net earnings	\$ 0.33	\$ 0.39	\$ 0.77	\$ 0.89

*Per share amounts do not necessarily sum due to rounding.

Basic earnings per share is calculated by dividing net income by the weighted average number of common shares outstanding during the applicable period. Diluted earnings per share is based upon the weighted average number of common and potential common shares outstanding during the applicable period and includes the dilutive effect of stock options or non-vested stock. The Company uses the treasury stock method to calculate the effect of outstanding shares, which computes total proceeds to the Company as the sum of (a) the amount the employee must pay upon exercise of the award, (b) the amount of unearned share-based compensation costs attributed to future services and (c) the amount of tax benefits, if any, that would be credited to additional paid-in capital assuming exercise of the award. Share-based compensation awards for which total employee proceeds exceed the average market price over the applicable period have an antidilutive effect on earnings per share, and accordingly, are excluded from the calculation of diluted earnings per share.

For the quarter and six months ended July 1, 2007, antidilutive share-based compensation awards for 1,475,705 and 1,354,000 shares, respectively, were excluded from the diluted earnings per share calculation. For the quarter and six months ended July 2, 2006, antidilutive share-based compensation awards for 1,005,773 shares were excluded from the diluted earnings per share calculation. The common shares that

would be issued if the Convertible Senior Notes were converted are antidilutive.

6. Comprehensive Income

For the quarters and six months ended July 1, 2007 and July 2, 2006, there was no difference between the Company's net earnings and comprehensive income.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

In July 2006, the Financial Accounting Standards Board (FASB) issued FIN 48. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in the financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes (SFAS 109). FIN 48 is effective for fiscal years beginning after December 15, 2006. The Company adopted the provisions of FIN 48 on January 1, 2007. As a result of the implementation of FIN 48, the Company recognized no adjustment in the liability for unrecognized income tax benefits.

Due to the adoption of FIN 48, which required companies to reclassify uncertain tax positions in Income and Other Taxes Payable, other long-term liabilities increased by approximately \$4.3 million and the non-current deferred tax asset increased by approximately \$1.3 million.

Results of Operations

Second quarter 2007 compared to second quarter 2006 and the first six months of 2007 compared to the first six months of 2006

Revenue

The Company currently derives all of its revenue from restaurant sales and franchise revenues. Total revenue increased 13.5% to \$269.2 million and 7.6% to \$536.8 million for the quarter and six months ended July 1, 2007, respectively, as compared to the same periods of the prior fiscal year.

The Company's fiscal year is a 52- or 53-week year, ending on the last Sunday in each calendar year. Each of the four quarters is typically made up of 13 weeks; however, since fiscal 2006 was a 53-week period, the first quarter of 2006 contained 14 weeks compared to 13 weeks in the first quarter of 2007 and the first six months of 2006 contained 27 weeks compared to 26 in the first six months of 2007. This additional week had an unfavorable effect on the Company's revenue and operating results for the first six months of 2007 as compared to the first six months of 2006.

Edgar Filing: RARE HOSPITALITY INTERNATIONAL INC - Form 10-Q

Same store sales comparisons for each of the Company's restaurant concepts for the second quarter of 2007 consist of sales at restaurants opened prior to September 25, 2005.

LongHorn Steakhouse:

Sales in the LongHorn Steakhouse restaurants for the quarter and six months ended July 1, 2007 increased 12.2% and 6.2%, respectively, as compared to the same periods of the prior fiscal year. The increase reflects a 11.5% and 7.6% increase in restaurant operating weeks in the quarter and six months ended July 1, 2007, respectively, as compared to the same periods of the prior fiscal year, resulting from an increase in the restaurant base from 253 LongHorn Steakhouse restaurants at the end of the second quarter of 2006 to 282 at the end of the second quarter of 2007. The restaurant operating week increase was negatively impacted for the first six months of 2007 by the effect of a 14-week first quarter in 2006. Excluding this additional week in 2006, total restaurant operating weeks for the six months ended July 1, 2007 would have increased by 11.6% as compared to the same period in 2006. Average weekly sales for all LongHorn Steakhouse restaurants in the second quarter of 2007 were \$58,048, a 0.6% increase from the comparable period in 2006. Average weekly sales for all LongHorn Steakhouse restaurants in the first six months of 2007 decreased by 1.3% over the comparable period in 2006. Same store sales for the comparable LongHorn Steakhouse restaurants increased 1.1% in the second quarter of 2007 as compared to the same period in 2006 due to an increase in average check partially offset by a decrease in guest counts.

The Capital Grille:

Sales in The Capital Grille restaurants for the quarter and six months ended July 1, 2007, increased 19.6% and 13.8%, respectively, as compared to the same periods of the prior fiscal year. The increase reflects a 15.4% and 10.1% increase in restaurant operating weeks for the quarter and six months ended July 1, 2007, respectively, as compared to the same periods of the prior fiscal year, resulting from an increase in the restaurant base from 24 The Capital Grille restaurants at the end of the second quarter 2006 to 28 restaurants at the end of the second quarter of 2007. The restaurant operating week increase was negatively impacted for the first six months of 2007 by the effect of a 14-week first quarter in 2006. Excluding this additional week in 2006, total restaurant operating weeks for the six months ended July 1, 2007 would have increased by 14.2% as compared to the same period in 2006. Average weekly sales for all The Capital Grille restaurants in the second quarter of 2007 were \$157,462, a 3.6% increase from the comparable period in 2006. Average weekly sales for all The Capital Grille restaurants in the first six months of 2007 increased by 3.4% over the comparable period in 2006. Same store sales for comparable The Capital Grille restaurants increased 6.9% in the second quarter of 2007 due to an increase in average check and, to a lesser extent, an increase in guest counts.

Franchise Revenue:

Franchise revenues decreased to \$127,000 for the second quarter and decreased to \$254,000 for the first six months of 2007, from \$142,000 and \$275,000, respectively, for the same periods of the prior fiscal year due to a decrease in sales for the Company's four franchised restaurants in Puerto Rico.

Costs and Expenses

Cost of restaurant sales as a percentage of restaurant sales increased to 36.8% for the second quarter of 2007, from 36.3% for the second quarter of 2006, and increased to 36.7% for the first six months of 2007 as compared to 36.4% during the same period of 2006. Cost of restaurant sales reflects the continued impact of higher contracted beef costs, as well as, to a lesser extent, higher seafood costs. The Company is under fixed price contracts with respect to approximately 75% of its protein products into early 2008, with the remaining 25% under short-term agreements. The Company expects its cost of restaurant sales as a percentage of restaurant sales in the third and fourth quarters to be 0.2% to 0.3% and 0.4%

Edgar Filing: RARE HOSPITALITY INTERNATIONAL INC - Form 10-Q

to 0.5% higher, respectively, than the comparable quarters of 2006. Many of the food products purchased by the Company, other than protein products, are affected by commodity pricing and are, therefore, subject to price volatility caused by weather, production problems, delivery difficulties and other factors, outside the control of the Company.

Restaurant operating expenses in the quarter and six months ended July 1, 2007, were approximately 0.9% and 1.0% higher, respectively, as a percentage of restaurant sales, than in the quarter and six months ended July 2, 2006 due to the lack of leverage from the modestly positive comparable sales in the LongHorn concept on fixed and semi-fixed costs, including labor, as well as higher self insurance costs in the first half of 2007.

Depreciation and amortization - restaurants was approximately 4.0% of restaurant sales in the second quarter of 2007, as compared to 3.7% of restaurant sales in the second quarter of 2006, and 3.9% for the six months ended July 1, 2007, compared to 3.6% for the six months ended July 2, 2006. This increase as a percentage of restaurant sales is the result of the higher costs of construction on newer restaurants and, to a lesser extent the lack of leverage from the modestly positive comparable sales in the LongHorn concept on this relatively fixed expense.

Pre-opening expense for the second quarter of 2007 increased to \$2.4 million, from \$1.9 million in the same period of the prior year. Pre-opening expense for the six months ended July 1, 2007 increased to \$5.3 million from \$4.5 million for the six months ended July 2, 2006. The amounts charged to pre-opening expense in any period are dependent upon the number of restaurants to be opened and the restaurant concept. The Company opened eight LongHorn Steakhouse restaurants and one The Capital Grille restaurant in the second quarter of 2007, compared to seven LongHorn Steakhouse restaurants in the second quarter of 2006.

General and administrative expenses as a percentage of total revenues decreased to 5.9% for the second quarter of 2007 as compared to 6.8% for the corresponding period of the prior year and decreased to 6.0% for the first six months of 2007 from 6.7% for the same period of 2006. This decrease is primarily associated with lower manager trainee expense from improved management retention, lower management bonus accruals in the first six months of 2007, as compared to the first six months of 2006, and aggressive management of other general and administrative costs.

As a result of the relationships between revenues and expenses discussed above, the Company's operating income increased to approximately \$20.8 million for the second quarter of 2007 and decreased to \$43.8 million for the first six months of 2007, as compared to \$20.2 million and \$46.0 million, respectively, for the corresponding periods of the prior year.

Interest expense, net increased to \$1.8 million in the second quarter of 2007 and to \$3.3 million for the first six months of 2007, from \$425,000 and \$1.1 million during the same periods of the prior year. The increase in interest expense, net is primarily due to the issuance of \$125.0 million of 2.5% convertible debt in November of 2006 and, to a lesser extent, the interest expense associated with new capital lease obligations.

Minority interest expense decreased to \$23,000 and \$114,000 for the second quarter and first six months of 2007, respectively, from \$30,000 and \$125,000 for the same periods of the prior year.

Income tax expense for the second quarter and first six months of 2007 was 32.7% and 32.9% of earnings before income taxes, respectively, based on an estimated 32.44% effective tax rate expected to be applicable for the full 2007 fiscal year plus a valuation allowance of \$175,000 related to certain tax benefits recorded in the prior year for Bugaboo Creek that will not be realized. The effective income tax rates for the periods in 2007 compare to an effective tax rate of 33.0% for both the second quarter and first six months of 2006. The Company's effective income tax rate differs from the statutory federal income tax rate of 35% to pre-tax income, primarily due to employee FICA tip tax credits and work opportunity tax credits partially offset by state income taxes.

Edgar Filing: RARE HOSPITALITY INTERNATIONAL INC - Form 10-Q

The net loss from discontinued operations of \$2.6 million in the second quarter of 2007 reflects impairment and termination charges of approximately \$5.0 million (\$3.3 million, net of tax) related to the impairment realized upon the divestiture of the Bugaboo Creek Steak House business.

Net earnings decreased to \$10.2 million for the second quarter of 2007 from net earnings of \$13.4 million for the second quarter of 2006, and decreased to \$24.0 million for the six months ended July 1, 2007 from \$30.6 million for the six months ended July 2, 2006, reflecting the net effect of the items discussed above.

Outlook for Future Operating Results

The Company expects 2007 diluted earnings per common share for continuing operations in a range of \$1.51 to \$1.58 which includes the negative impact of a valuation allowance related to the Bugaboo Creek concept which is expected to total \$0.01 per diluted share for fiscal 2007. This level of earnings per common share assumes (i) same store sales increases for the third quarter of 2007 in a range of 0% to 2% for LongHorn Steakhouse and 3% to 4% for The Capital Grille; same-store sales increases for the second half of 2007 in a range of 0% to 2% for LongHorn and 3% to 4% for Capital Grille and (ii) the projected restaurant openings discussed below.

Liquidity and Capital Resources:

The Company requires capital primarily for the development of new restaurants, the remodeling of existing restaurants and selected acquisitions. During the first six months of 2007, the Company's principal sources of working capital were cash provided by operating activities (\$36.2 million), proceeds from the sale of Bugaboo Creek Steak House (\$24.3 million) and proceeds from the exercise of employee stock options (\$3.3 million). For the first six months of 2007, the principal uses of funds consisted of costs associated with expansion, principally leasehold improvements, equipment, land, and buildings associated with the construction of new restaurants (\$53.1 million) and the purchase of common stock for treasury (\$5.9 million).

The Company intends to open 32-34 LongHorn Steakhouse restaurants and four The Capital Grille restaurants in fiscal year 2007. The Company estimates that its capital expenditures for fiscal year 2007 will be approximately \$120 to \$130 million. During the second quarter of 2007, the Company opened eight LongHorn Steakhouse restaurants and one The Capital Grille restaurant. Management believes that available cash, cash provided by operations, and available borrowings under the Company's \$100.0 million revolving credit facility will provide sufficient funds to finance the Company's expansion plans through the year 2008.

Since substantially all sales in the Company's restaurants are for cash, and accounts payable are generally due in seven to 30 days, the Company operates with little or negative working capital.

Critical Accounting Policies and Significant Estimates

There have been no material changes to the Company's critical accounting policies and estimates from the information provided in Item 7, Management's Discussion and Analysis of Financial Condition and Results of Operations, included in Form 10-K for the fiscal year ended

Edgar Filing: RARE HOSPITALITY INTERNATIONAL INC - Form 10-Q

December 31, 2006, except as follows:

FIN 48 The Company accounts for uncertain tax positions in accordance with FIN 48 an interpretation of SFAS 109. The application of income tax law is inherently complex. Laws and regulations in this area are voluminous and are often ambiguous. As such, we are required to make many subjective assumptions and judgments regarding our income tax exposures. Interpretations of and guidance surrounding income tax laws and regulations change over time. As such, changes in our subjective assumptions and judgments can materially affect amounts recognized in the consolidated balance sheets and statements of income.

For additional information regarding the adoption of FIN 48, see Note 4, Income Taxes to this Quarterly Report on Form 10-Q. For further discussion of the Company's critical accounting estimates related to income taxes, see the 2006 Annual Report on Form 10-K.

Off-Balance Sheet Arrangements

As of July 1, 2007, the Company had no off-balance sheet arrangements.

Contractual Obligations

The Company's material contractual obligations are summarized and included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2006. During the quarter ended July 1, 2007, there have been no material changes outside the ordinary course of business in the contractual obligations specified in the 2006 10-K.

Forward-Looking Statements

Statements contained in this report concerning liquidity and capital resources and future operating results contain certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements include statements regarding the intent, belief or current expectations of the Company and members of its management team, as well as assumptions on which such statements are based. All forward-looking statements in this Form 10-Q are based upon information available to the Company on the date of this report. Forward-looking statements involve a number of risks and uncertainties, and in addition to the factors discussed elsewhere in this Form 10-Q, other factors that could cause actual results, performance or developments to differ materially from those expressed or implied by those forward-looking statements include the following: failure of facts to conform to necessary management estimates and assumptions regarding financial and operating matters; the Company's ability to identify and secure suitable locations for new restaurants on acceptable terms, open the anticipated number of new restaurants on time and within budget, achieve anticipated rates of same store sales, hire and train additional restaurant personnel and integrate new restaurants into its operations; the continued implementation of the Company's business discipline over a large and growing restaurant base; increases in the cost of construction of new restaurants; unexpected increases in cost of sales or employee, pre-opening or other expenses; the economic conditions in the new markets into which the Company expands and possible uncertainties in the customer base in these areas; fluctuations in quarterly operating results; seasonality; unusual weather patterns or events; changes in customer dining patterns; the impact of any negative publicity or public attitudes related to the consumption of beef or other products sold by the Company; unforeseen increases in commodity pricing; disruption of established sources of product supply or distribution; competitive pressures from other national and regional restaurant chains; legislation affecting the restaurant industry, including (without limitation) minimum wage and mandatory healthcare legislation; business conditions, such as inflation or a recession, or other negative effect on dining patterns, or some other negative effect on the economy, in general, including (without limitation) war, insurrection and/or terrorist attacks on United States soil; growth in the restaurant industry and the general economy; changes in monetary and fiscal policies, laws and regulations; and the risks identified from time to time in the Company's SEC reports, including the Company's Annual Report on Form 10-K for 2006, quarterly reports on Form 10-Q and its current reports on Form 8-K, registration statements, press releases and other public announcements. Any forward looking statement speaks only as of the date on which it was made, and the Company

undertakes no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results over time.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Interest Rate Risk

The Company may be exposed to market risk from changes in interest rates on debt.

As of July 1, 2007, the Company had no borrowings outstanding under its \$100.0 million revolving credit facility. Amounts outstanding under such credit facility bear interest at LIBOR plus a margin of 0.50 to 1.25% (the applicable margin depending on the Company's leverage ratio), or the administrative agent's prime rate of interest at the Company's option. Accordingly, the Company may be exposed to the impact of interest rate movements. To achieve the Company's objective of managing its exposure to interest rate changes, the Company may from time to time use interest rate swaps. The Company currently does not have any interest rate swap agreements.

Investment Portfolio

The Company invests portions of its excess cash, if any, in highly liquid investments. At July 1, 2007, the Company had \$26.6 million in high-grade overnight repurchase agreements and \$5.9 million in short-term investments in the form of federal, state, and municipal bonds. As of July 1, 2007, the Company has classified all short-term investments as trading securities. The market risk on such investments is minimal due to their short-term nature.

Item 4. Controls and Procedures

In accordance with Securities Exchange Act Rule 13a-15, the Company's management, under the supervision of the Chief Executive Officer and Chief Financial Officer, conducted an evaluation of the effectiveness of the design and operation of the Company's disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the Company's Chief Executive Officer and Chief Financial Officer concluded that the design and operation of the Company's disclosure controls and procedures were effective to ensure that the information required to be disclosed by the Company in this Quarterly Report on Form 10-Q was recorded, processed, summarized and reported within the time periods specified in SEC rules and instructions for Form 10-Q. During the Company's last fiscal quarter, there were no changes in internal controls over financial reporting or in other factors that have materially affected, or are reasonably likely to materially affect, internal controls over financial reporting.

CERTIFICATION PURSUANT TO
SECTION 302 OF THE
SARBANES-OXLEY ACT OF 2002

I, Philip J. Hickey, Jr., certify that:

1. I have reviewed this quarterly report on Form 10-Q of RARE Hospitality International, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
