## PROXY STATEMENT FOR THE 2002 ANNUAL MEETING OF SHAREHOLDERS FEBRUARY 28, 2002

This Proxy Statement and related materials are furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of RemedyTemp, Inc., a California corporation (the "Company"), for use at the Company's 2002 Annual Meeting of Shareholders (the "Meeting") to be held on February 28, 2002, at 12 noon Pacific Standard Time, and at any and all postponements and adjournments of the Meeting. The Meeting will be held at the Company's corporate headquarters located at 101 Enterprise, Aliso Viejo, California 92656. This Proxy Statement and the accompanying form of proxy will be first mailed to shareholders on or about January 18, 2002.

The cost of preparing, assembling and mailing the Notice of Annual Meeting of Shareholders, this Proxy Statement and form of proxy and the cost of soliciting proxies will be paid by the Company. Proxies may be solicited in person or by telephone, telegraph or cable, and by personnel of the Company who will not receive any additional compensation for such solicitation. The Company will pay brokers or other persons holding stock in their names or the names of their nominees for the reasonable expenses of forwarding soliciting material to their principals.

### VOTING

The Board has fixed the close of business on January 7, 2002 as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting. On that date, there were 7,757,497 shares of the Company's Class A Common Stock ("Common Stock") outstanding. Each share of Common Stock is entitled to one vote on any matter that may be presented for consideration and action by the shareholders at the Meeting. Holders of the Company's Class B Common Stock are not entitled to any vote in the election of directors or on any other matters submitted to a shareholder vote except as to certain amendments to the Company's Amended and Restated Articles of Incorporation (the "Articles of Incorporation"), certain mergers and as otherwise required by law.

The holders of a majority of the shares of Common Stock outstanding on the record date and entitled to be voted at the Meeting, present in person or by proxy, will constitute a quorum for the transaction of business at the Meeting and at any adjournments and postponements thereof. Abstentions and broker non-votes are counted for the purpose of determining the presence or absence of a quorum for the transaction of business, but have no legal effect on Proposal No. 1, Election of Directors, which is determined by plurality.

Each shareholder entitled to vote may vote by proxy by using the proxy card enclosed with this Proxy Statement. You can specify how you want your shares voted on each proposal by marking the appropriate boxes on the proxy card. The proposals are identified by number and identifying text on the proxy card. Each proxy submitted by a shareholder will, unless otherwise directed by the shareholder in the proxy, be voted according to the recommendation of the Board on that proposal, as set forth later in this Proxy Statement. If a shareholder has submitted a proxy appropriately directing how the shares

## Edgar Filing: REMEDYTEMP INC - Form DEF 14A

represented thereby are to be voted, such shares will be voted according to the shareholder's direction. Any shareholder has the power to revoke his or her proxy at any time before it is voted at the Meeting by submitting a written notice of revocation to the Secretary or Assistant Secretary of the Company or by filing a duly executed proxy bearing a later date. A proxy will not be voted if the shareholder that executed it is present at the Meeting and elects to vote the shares represented thereby in person.

The table below sets forth the following information as of January 7, 2002: (i) the number of shares of the Company's Class A Common Stock beneficially owned by those known by the Company to be beneficial owners of more than five percent (5%) of the outstanding shares of the Company's Class A Common Stock; and (ii) the number of shares of the Company's Class A and Class B Common Stock beneficially owned by each of the present directors, executive officers named in the Summary Compensation Table on page 7 of this Proxy Statement, and by all directors and executive officers of the Company as a group. ### DIRECTORS' COMPENSATION

## Edgar Filing: REMEDYTEMP INC - Form DEF 14A

Directors who are also employees or officers of the Company receive no extra compensation for their service on the Board. Pursuant to the Company's Non-Employee Director Compensation and Deferral Plan, effective March 16, 1998 (the "Director Plan"), non-employee, non-officer directors receive an annual retainer in the form of shares of Common Stock valued at \$20,000 on the date of their election or re-election to the Board (the "Director Shares"). Once issued, the Director Shares are held in trust, on a deferred basis until a director is no longer a director of the Company. The Director Shares are issued to such trust no later than ten (10) business days after the next annual meeting of shareholders following election or re-election, provided that the director has remained a director during such time. Participation in the Director Plan is mandatory. Additionally, the following cash fees are paid by the Company to each non-employee, non-officer director per meeting attended: \$2,000 per Board meeting; \$1,500 per Executive Meeting, with the Chair receiving \$2,000; and \$750 for each meeting of all other committees of the Board, with the Chair receiving \$1,000. Non-employee, non-officer directors also receive reimbursement for out-of-pocket expenses relating to Company business.

Pursuant to the Company's 1996 Amended and Restated Stock Incentive Plan (the "Incentive Plan"), each non-employee director of the Company automatically receives, upon becoming a director, a one-time grant of an option to purchase up to 5,000 shares of Common stock at an exercise price equal to the fair market value of the Common Stock on the date of the option's grant. These non-employee director options have a term of ten (10) years and become exercisable with respect to fifty percent (50%) of the underlying shares on the grant date and with respect to an additional fifty percent (50%) of the underlying shares on the date of the next annual meeting of shareholders of the Company following the grant date (or, if an annual meeting of shareholders occurs within six months after the grant date, then on the date of the second annual shareholders' meeting after the grant date), provided that the recipient has remained a director since the grant date. In addition to an initial grant, each non-employee director also will receive, upon each re-election to the Board, an automatic grant of an option to purchase up to 2,500 additional shares of Common Stock. These additional options will vest and become exercisable upon the earlier to occur of (i) the first anniversary of the grant date, or (ii) immediately prior to the annual meeting of shareholders of the Company next following the grant date, if the director has served as a director from the grant date to such earlier date. All non-employee director options will have a term of ten (10) years and an exercise price equal to the fair market value of a share of Common Stock on the date of grant. Vesting of non-employee director options accelerates if the recipient of the option ceases to be a director of the Company or its successor in connection with a change in control.

Grants of non-employee directors' options under the Incentive Plan count against its current limit of 1,800,000 shares of Common Stock. Shares underlying non-employee directors' options that expire or are terminated or canceled will become available for further awards under the Incentive Plan. In the event that a recipient of non-employee directors' options ceases to be a director of the Company, all such options granted to the director will be exercisable, to the extent they were exercisable at the date directorship ceased, for a period of 365 days or, if earlier, the expiration of the option according to its terms. Vesting accelerates upon certain transactions including dissolution, merger and change in control. The Incentive Plan provides that the exercise price may be paid by Company loan or withholding of underlying stock, or deferred until completion of broker-assisted exercise and sale transactions.

## Edgar Filing: REMEDYTEMP INC - Form DEF 14A

director was awarded a non-employee directors' option to purchase 2,500 shares of Common Stock on February 28, 2001 upon the directors' re-election to the Board at the 2001 Annual Meeting.

### RECOMMENDATION OF THE BOARD

The Board recommends that the shareholders vote FOR the nine (9) nominees listed above. Proxies received will be so voted unless shareholders specify otherwise in the proxy.

thereby starting on the first anniversary of the grant date, and thereafter with respect to an additional thirty-three and one third percent (33 1/3%) of the shares covered thereby on each successive anniversary date. The Incentive Plan is administered by the Compensation Committee, which has broad discretion and authority to construe and interpret the Incentive Plan and to modify outstanding options.

- (2) The exercise price and tax withholding obligations related to the exercise may be paid by delivery of already owned shares or by offset of the underlying shares, subject to certain conditions. The Incentive Plan permits the Compensation Committee to amend outstanding options; provided, however, prior approval of the Company's shareholders is required to lower the exercise price of outstanding options.
- (3) All of the options were granted for a term of ten (10) years from the grant date, subject to earlier termination upon certain events related to termination of employment or a change in control of the Company.
- (5) The potential realizable values listed are based on an assumption that the market price of the Common Stock appreciates at the stated rate, compounded annually, from the date of grant to the expiration date. The five percent (5%) and ten percent (10%) assumed rates of appreciation are determined by the rules of the Commission and do not represent the Company's estimate of the future market value of the Common Stock. Actual gains, if any, are dependent on the future market price of the Common Stock.

### EMPLOYMENT CONTRACTS

The Company has an Amended and Restated Employment Agreement with Greg Palmer that expires on October 1, 2006, pursuant to which the Company employs Mr. Palmer as its President and CEO. The agreement provides for a base salary of not less than \$480,000 per year and an annual performance bonus of up to 60% of Mr. Palmer's base salary based upon satisfaction of annual performance goals set by the Compensation Committee. Additionally, under the agreement, the Company granted to Mr. Palmer on December 16, 1997 an option grant to purchase up to 125,000 shares of Common Stock at \$20.72, the fair market value of the Common Stock on the grant date. Such grant vests and becomes exercisable at a rate of twenty percent (20%) per year over a five (5) year period with the first twenty percent (20%) exercisable on December 16, 1998. The grant, once vested, will become exercisable until December 16, 2007. Under the agreement, Mr. Palmer shall also receive from the Company a grant of 150,000 shares of restricted stock of the Company pursuant to the terms set by the Compensation Committee of the Board and the terms of the Company's Incentive Plan. Pursuant to the agreement, if the Company terminates Mr. Palmer's employment as CEO without cause, he shall be entitled to receive from the Company a lump-sum severance payment of 1.6 times Mr. Palmer's annual base salary and maximum annual bonus potential then in effect. Additionally, all granted options will vest automatically and will remain exercisable for the balance of their term. If the Company terminates Mr. Palmer's employment "for cause" (as defined in the agreement), then all of the unexercised options, whether or not vested, shall expire and become unexercisable as of the date of such for cause termination. In the event that there are certain changes in control of the Company and Mr. Palmer is terminated by the Company for any reason except for cause, he shall receive a severance payment equal to 2.9 times his annual base salary and maximum annual bonus potential then in effect (subject to certain tax limitations) and all options granted shall become fully vested and exercisable for the balance of their term.

### 9

The Company has an employment agreement with Robert E. McDonough, Sr. that expires on December 4, 2004, pursuant to which the Company employs Mr. McDonough as Vice Chairman of the Board. As amended on January 18, 2001, the agreement provides for a base salary set annually by the Compensation Committee until December 3, 2001; provided, however that Mr. McDonough's annual base salary shall not be less than \$390,000 and annual performance bonus in an amount to be determined by the Compensation Committee based upon satisfaction of certain performance goals set annually by the Compensation Committee. The amount of Mr. McDonough's annual performance bonus shall be no less than \$160,000 and no more than 100% of Mr. McDonough's base salary until December 3, 2001. Notwithstanding the aforementioned, effective December 4, 2001, the agreement provides that Mr. McDonough shall receive total annual compensation of \$250,000 until December 3, 2002, \$200,000 until December 3, 2003 and \$150,000 until December 3, 2004. Additionally, pursuant to the terms of the agreement, the Company shall pay McDonough's annual life insurance premiums not to exceed \$75,000 and Mr. McDonough is entitled to annual demand registration rights and certain "piggyback" registration rights in future registrations by the Company of its securities.

The Company has a Severance Agreement and General Release (the

"Severance Agreement") with Paul W. Mikos, the Company's Chairman of the Board and former Chief Executive Officer and President. Pursuant to the Severance Agreement, the Company shall provide the following severance benefits to Mr. Mikos: (i) bi-weekly severance payments that total \$1,800,000 over a two-year period commencing July 17, 2001 (the "Severance Date"); (ii) payment of health benefits and life and disability insurance premiums in effect on the Severance Date, for a period of three (3) years and seventeen (17) days commencing on the Severance Date; (iii) ownership of a 2000 Mercedes and 1996 Range Rover and certain artwork; (iv) a lump sum of \$30,000 for perquisites; and (v) vesting of all granted options, which shall remain exercisable for the balance of their term. Under the terms of the Severance Agreement, Mr. Mikos releases the Company from any claims, known or unknown.

### REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee consists of three (3) non-employee, non-officer, directors and is responsible for setting and administering the policies governing annual compensation and performance goals of the executive officers of the Company.

#### Compensation Policies and Philosophy

The Compensation Committee believes that the compensation for the executive officers of the Company should be designed to attract, motivate and retain talented executives responsible for the success of the Company. The Compensation Committee determines the executive officers' compensation levels after examining competitive market levels of similarly situated temporary staffing companies and based upon the achievement of pre-established objectives, individual contribution to the Company and the financial performance of the Company. The Compensation Committee strives to set a fair and competitive base salary for each of its executive officers coupled with an incentive cash bonus tied to annual performance-based individual and Company goals. Additionally, the Company strives to link its executive officers' compensation with the financial performance of the Company and align the financial interests of the executive officers with those of the Company's shareholders by providing equity-based long-term incentives in the form of stock option grants.

10

#### Compensation Components and Process

**BASE SALARY.** The base salary for each executive officer is determined at levels considered appropriate for comparable positions at other similarly situated temporary staffing companies.

**PERFORMANCE BASED COMPENSATION.** The Compensation Committee believes that a substantial portion of the annual compensation of each executive officer should be in the form of a cash bonus based on the satisfaction of certain pre-established goals, including the financial performance of the Company. The

## Edgar Filing: REMEDYTEMP INC - Form DEF 14A

pre-established goals are a product of the Company's Management By Objective Program ("MBO") in which the Compensation Committee establishes each executive officer's goals after receiving input from each executive officer.

**STOCK OPTIONS.** The goal of the Company's stock option grants is to align the interests of executive officers with the interests of the Company's shareholders and to provide each executive officer with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. The Compensation Committee determines the amount of stock options according to the executive's position within the Company, recent performance, potential for future responsibility and promotion, and comparable awards made to individuals in similar positions within the staffing industry. It is the general practice of the Company to grant stock options to executive officers when they join the Company. The Compensation Committee believes that these initial grants give the recipients a meaningful stake in the Company's long-term performance, with any ultimate realization of significant value from those options being commensurate with returns available on investments in the Company's Common Stock. In addition to initial grants, the Compensation Committee has adopted a policy of providing additional long-term incentives to the Company's executive officers primarily through periodic stock option grants. The Compensation Committee believes that these incentives are essential to the long-term success of the Company and serve to align the interests of the Company's officers with the interests of its shareholders. Options are exercisable in the future at the fair market value at the time of grant, so that an executive officer granted an option is rewarded only by the appreciation in price of the Company's Common Stock. Such grants, if any, are generally determined by the Compensation Committee after the end of a fiscal year with the input and recommendation of the Company's CEO.

### Executive Officer Compensation

In November 2001, the Compensation Committee granted bonuses to certain executive officers based upon the executives' achievement of pre-established individual MBOs and Company goals, which include the Company's financial performance, based on revenue, income before income taxes, and net income. To ensure that the Compensation Committee achieves its goal of setting competitive compensation levels, the Compensation Committee referenced an analysis by an independent compensation consultant, which concluded that the Company's executive base salaries were competitive with other temporary staffing companies, and that executive bonuses were competitive on a percentage basis to the levels identified by surveys for other temporary staffing companies.

Regarding compensation to executive officers other than base salary and cash bonuses, the Compensation Committee also administers the Company's Incentive Plan, pursuant to which the Company may grant various stock-based awards intended to compensate Company executive officers and align the interests of recipients with the interests of the Company's shareholders. Through the year ended September 30, 2001 (Fiscal 2001), only stock options and performance grants have been granted under the Incentive Plan, although the Compensation Committee has utilized other types of incentive awards available under the Incentive Plan, including restricted stock grants, in the current fiscal year. In Fiscal 2001, the Compensation Committee awarded certain executive officers stock options based upon their respective work performance, level of responsibility, initiative and achievement of individual MBOs and Company performance goals. The options typically vest in periodic installments over a three year period contingent upon the executive officer's continued employment with the Company. Accordingly, the option will provide a return only if the executive officer remains with the Company and only if the market price of the Company's Common Stock appreciates over the option term.

## Edgar Filing: REMEDYTEMP INC - Form DEF 14A

### CEO Compensation

The Compensation Committee set the performance goals, salary, bonus amount and stock option grant for Fiscal 2001 of the Company's Chief Executive Officer, Greg Palmer, with reference to market standards and satisfaction of certain pre-established MBOs. For Fiscal 2001, Mr. Palmer's annual base salary was \$400,000. Mr. Palmer's incentive compensation for Fiscal 2001 consisted of a cash bonus of \$160,000 and an option grant to purchase up to 50,000 shares of Common Stock (collectively, the "Incentive Compensation"). The option grant to Mr. Palmer is exercisable in the future at the fair market value at the time of such grant. The Compensation Committee based the Incentive Compensation primarily on Mr. Palmer's satisfaction of his MBOs. Specifically, the MBOs were based on quantitative and qualitative factors such as the Company's actual financial performance, the attainment of certain direct office budgets, the Company's stock performance compared to similar temporary staffing companies and the implementation of the Company's strategic plan. The Company's actual financial performance for Fiscal 2001 in total revenue, earnings per share and its income before income taxes were all below the pre-established target levels. As a result of the Company not achieving the aforementioned performance goals, Mr. Palmer received no bonus for such goals. However, Mr. Palmer's continued implementation of the Company's business strategies, including opening more offices and improving the Profit Before Taxes for certain under-performing offices, resulted in his satisfying certain performance goals and thus resulted in the Compensation Committee's decision to set Mr. Palmer's Incentive Compensation as stated above.

### STOCK PERFORMANCE GRAPH

The stock performance graph set forth below compares the cumulative total shareholder return on the Company's Common Stock for the period from September 27, 1996 and ending on September 30, 2001 with the Nasdaq Stock Market Composite Index, peer issuers in the temporary staffing industry and the Russell 2000 Index. The Company decided to compare its shareholder return with that of the Russell 2000 Index because the Company believes that the Russell 2000 Index includes companies with comparable market capitalization. The graph assumes that \$100 was invested on September 27, 1996 in the Company's Common Stock and each index and that all dividends were reinvested. No cash dividends have been declared on the Company's Common Stock. The comparisons in the graph are required by the Commission and are not intended to forecast or be indicative of possible future performance of the Company's Common Stock.
