Report of Independent Registered Public Accounting Firm

The Governance and Compensation Committee of the
Airgas, Inc. Board of Directors:

We have audited the accompanying statement of financial position of the Airgas, Inc. Deferred Compensation Plan II (the Plan) as of December 31, 2006 and the related statement of changes in plan equity for the period of July 1, 2006 (Inception) through December 31, 2006. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Plan as of December 31, 2006 and the changes in plan equity for the period of July 1, 2006 (Inception) through December 31, 2006 in conformity with U.S. generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS

(1) Description of the Plan

The following description of the Airgas, Inc. Deferred Compensation Plan II (the Plan) provides general information only. Participants should refer to the Plan prospectus for more complete information.

General

On May 23, 2006, the Board of Directors of Airgas, Inc. approved the Airgas, Inc. Deferred Compensation Plan II, effective July 1, 2006. The purpose of the Plan is to permit non-employee directors and a select group of highly compensated employees of Airgas, Inc. and its subsidiaries (the Company) to defer the receipt of compensation that would otherwise become payable to them. It is intended that the Plan, by providing this deferral opportunity, will assist the Company in retaining and attracting individuals of exceptional ability by providing them with this benefit. The Governance & Compensation Committee (the Committee) of the Company s Board of Directors serves as the Plan Administrator. At its sole discretion, the Committee may, at any time, partially or completely terminate the Plan.

Participation and Deferrals

Plan participation is limited to non-employee directors and those key employees who are designated by the Committee, selected by the Board of Directors to administer the Plan, as eligible to participate in the Plan. The Plan permits the deferral of up to 75% of the participant s salary, and up to 100% of the participant s bonus or director s fee. Participant deferrals are credited to a book account and are deemed invested in notional valuation funds selected by the participant from a family of funds under the Plan, one of which tracks the Company s common stock. Investment gains and losses are credited or charged to a participant s account based on earnings or losses in the selected valuation funds. Participant deferrals and net investment gains or losses that are credited or charged to a participant s account are fully vested. However, participant deferrals are not protected from investment risk.

Distributions

Amounts credited to a participant s account will be payable either on a Specified Date (as defined below), or upon the participant s separation from service (either as an employee or as a non-employee director) or upon the earlier of either of these events. Separation from service means a participant s termination of employment or service as a non-employee director with the Company, including the death of a participant. A participant may elect at the beginning of each calendar year, to designate a distribution date (a Specified Date) with respect to his or her deferrals for such plan year. The Specified Date must be no earlier than during the third year following the year in which the deferrals designated for distribution were credited to the participant s account. A participant may choose benefit payments in either a lump sum or annual, monthly or quarterly installments for between two and 15 years. A participant may change the timing of his or her distributions. However, the change must be made 12 months prior to the date the distribution was to begin and the added period of deferral must be at least five years later than the date the deferral was to be distributed. Distributions to participants are payable in cash.

NOTES TO FINANCIAL STATEMENTS (continued)

A participant who suffers a severe financial hardship due to an unforeseeable emergency may request a hardship withdrawal from the Plan. The Committee has complete discretion to determine whether to permit any such hardship withdrawal. The amount of any hardship withdrawal may not exceed the amount that the Committee determines to be necessary to alleviate the hardship (plus an amount necessary to pay any taxes applicable to the distribution).

Trust

The Plan is an unfunded plan. The obligation to make benefit payments under the Plan is solely an obligation of the Company. However, the Company may establish one or more trusts to assist in the payment of benefits. The Company has established a trust (the Trust) for the Plan, in which the Vanguard Fiduciary Trust Company (Vanguard) serves as the trustee. Although the Company maintains the Trust to accumulate certain assets to assist the Company in meeting its obligations under the Plan, the Plan has no investments of its own. The sole asset of the Plan is a receivable from the Company in an amount equal to the value of all participant accounts. Plan participants are considered to be unsecured creditors, with no secured or preferential rights to any assets of the Company. Assets held by the Trust are available to the Company's general creditors in the event of insolvency of the Company.

As of December 31, 2006, the Trust assets were primarily invested in various mutual funds of Vanguard and shares of common stock of Airgas, Inc. All investments are carried at market value. The weighted average cost of specific investments sold is used to compute realized gains and losses.

(2) Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect the reported amounts of assets and changes in Plan equity. Actual results could differ from those estimates.

Receivable from the Company

The Plan is unfunded with benefits paid solely out of the general assets of the Company. The Plan records a receivable from the Company equal to the sum of all participant account balances.

AIRGAS, INC.
DEFERRED COMPENSATION PLAN II
NOTES TO FINANCIAL STATEMENTS (continued)

Administrative Expenses of the Plan

All administrative expenses of the Plan are paid by the Company. Any brokerage fees for the purchase of shares on behalf of Plan participants are paid by the Company.

Risk and Uncertainties

The amount of the Plan's receivable from Airgas, Inc. is based on the performance of the notional investment securities, which consist of the Vanguard mutual funds and Airgas, Inc. common stock. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

(3) Federal Income Tax

The Plan is established as an unfunded deferred compensation plan under the Internal Revenue Code. Accordingly, a participant will not incur federal income tax liability when the compensation is deferred pursuant to the Plan, notional investment gains or losses are credited or charged to a participant's account, or dividends are credited to a participant's account. Rather, a participant will incur federal income tax liability for such contributions and income only when the distributions are made to a participant.

The Plan is not qualified under Section 401(a) of the Internal Revenue Code and it not subject to the provisions of the Employee Retirement Income Security Act of 1974.
