Item 1.01. Entry into a Material Definitive Agreement.

## Edgar Filing: MARCUS CORP - Form 8-K

On October 4, 2006, the Board of Directors of The Marcus Corporation (the Company) adopted a global amendment (the Amendment) to the Company's 1994 Nonemployee Director Stock Option Plan, 1995 Equity Incentive Plan and 2004 Equity Incentive Plan (together, the Plans). The Amendment addresses the potential effect of new accounting rule FAS 123(R), which could cause the Company to potentially recognize incremental compensation expense in the event outstanding equity awards were adjusted to prevent dilution resulting from certain potential future capital events, such as stock dividends or splits. The Amendment provides for the mandatory application of the Plans' discretionary anti-dilution provisions upon the occurrence of certain defined capital events that would otherwise result in the dilution of the intended benefits and rights of then outstanding stock options and other equity awards under the Plans. The Amendment does not represent a material change to the benefits or rights accruing to current or future participants in the Plans or to the terms and conditions of existing or future stock options or other equity awards under the Plans. The Company is not currently contemplating any defined capital event. The Amendment is filed as an exhibit hereto and is incorporated herein by reference.

In connection with the adoption of the Amendment, the Board of Directors amended and restated the Plans to incorporate the language of the Amendment. The amended and restated Plans are filed as exhibits hereto and are incorporated herein by reference.
