PROXY STATEMENT

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

INTRODUCTION

This Proxy Statement is furnished by the Board of Directors of The Swiss Helvetia Fund, Inc. (the "Fund") in connection with the solicitation of proxies for use at the Annual Meeting of Stockholders (the "Meeting") to be held at 11:30 a.m., on Thursday, June 8, 2006 at The Omni Berkshire Place, 21 East 52nd Street, Juilliard Ballroom (2nd Floor), New York, New York 10022. The purpose of the Meeting and the matters to be acted upon are set forth in the accompanying Notice of Annual Meeting of Stockholders. It is expected that the Notice of Annual Meeting of Stockholders, Proxy Statement and form of Proxy will first be mailed to stockholders on or about April 18, 2006.

If the accompanying form of Proxy is executed properly and returned, the shares represented by it will be voted at the Meeting in accordance with the instructions on the Proxy. However, if no instructions are specified on the Proxy, the shares will be voted FOR the election of each nominee as a Class III Director, FOR the ratification of the Fund's independent registered public accounting firm and FOR each of the proposals to approve changes to certain of the Fund's fundamental policies and investment restrictions. A Proxy may be revoked at any time prior to the time it is voted by written notice to the Secretary of the Fund revoking it, by submitting a properly executed Proxy bearing a later date, or by attending the Meeting and voting in person. Attending the Meeting will not automatically revoke a previously executed Proxy. Shares represented by a Proxy marked to withhold authority to vote for a Director, abstentions and broker non-votes will be included in determining the existence of a quorum at the Meeting, but will not constitute a vote in favor of a proposal. As a result, because they are not votes cast "FOR" a proposal, they will have the effect of a vote "AGAINST" Proposal 2 and each of Proposals 3A-3E. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular matter because the broker does not have discretionary voting power with respect to that matter and has not received instructions from the beneficial owner.

If a stockholder owns shares of the Fund in violation of applicable law, including the Investment Company Act of 1940, as amended (the "1940 Act"), the Fund may determine that any vote attributable to such shares shall not be counted, or that such shares will not be counted for quorum purposes, or both. Under Section 12(d)(1) of the 1940 Act, the acquisition of more than 3% of the Fund's common stock by another fund (whether registered, private or offshore) is unlawful. The Fund will invalidate votes cast on behalf of any such fund or by any other stockholder whose holdings are unlawful, that are otherwise properly cast, only after it has obtained a decision through appropriate proceedings in a court or other forum of competent jurisdiction that such votes are not valid. The Fund may suspend the final counting of votes pending such a decision.

The Board of Directors has fixed the close of business on April 13, 2006 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Meeting and at any adjournment thereof. On that date, the Fund had 24,535,297 shares of Common Stock outstanding and entitled to vote. Each share will be entitled to one vote at the Meeting.

Management of the Fund knows of no business other than that mentioned in the Notice of Annual Meeting of Stockholders which will be presented for consideration at the Meeting. If any other matter is properly presented, it is the intention of the persons named in the enclosed Proxy to vote in accordance with their best judgment.

THE FUND WILL FURNISH, WITHOUT CHARGE, A COPY OF ITS ANNUAL REPORT FOR ITS YEAR ENDED DECEMBER 31, 2005 AND ITS MOST RECENT QUARTERLY REPORT TO ANY STOCKHOLDER UPON REQUEST. REQUESTS FOR THESE REPORTS SHOULD BE MADE IN WRITING

The Fund's investment advisor is Hottinger Capital Corp. ("HCC"). The executive offices of the Fund and HCC are located at 1270 Avenue of the Americas, Suite 400, New York, New York 10020. The Fund's administrator is Citigroup Fund Services LLC ("Citigroup Services"), and its executive offices are located at Two Portland Square, Portland, Maine 04101.

PROPOSAL 1: TO ELECT THREE CLASS III DIRECTORS

The Fund's Certificate of Incorporation provides for three classes of Directors with overlapping three-year terms. The number of Directors is currently ten and is divided into three classes, composed of four Class I Directors and three Class II and Class III Directors each. Stockholders are being asked to elect three Class III Directors to serve for a three-year term. The Class III nominees, Stephen K. West, Esq., Paul Hottinguer and Michael Kraynak, Jr., are the only nominees to be considered for election as Class III Directors at the Meeting and, if elected, each will serve a three-year term of office until the Annual Meeting of Stockholders in 2009, or until his respective successor is duly elected and qualified.

Each of the Class III nominees was first nominated by the Governance/Nominating Committee consisting of the eight Non-Interested Directors (as defined below), two of whom are Class III nominees. Stephen K. West, Esq. and Paul Hottinguer were last elected by stockholders as Class III Directors in 2003 to serve until this Meeting. Michael Kraynak, Jr. was elected by the Board of Directors of the Fund in 2005. The Board of Directors of the Fund, including all of the Directors of the Fund who are not "interested persons" (as defined in the 1940 Act) of the Fund (each such Director a "Non-Interested Director"), unanimously proposed the Class III nominees for election at this Meeting.

Unless authority is withheld, it is the intention of the persons named in the accompanying form of Proxy to vote each Proxy FOR the election of the three Class III nominees of the Fund listed above. Each nominee has indicated he will serve, if elected, but if any such nominee should be unable to serve, proxies will be voted for an alternate nominee, if any, designated by the Board of Directors. The Board of Directors has no reason to believe that any of the above nominees will be unable to serve as a Director. Each of the nominees is currently a member of the Board of Directors.

Please see pages 3 and 4 of this Proxy Statement for additional information concerning the Class III nominees.

REQUIRED VOTE AND THE BOARD'S RECOMMENDATION

In accordance with Delaware law and the Fund's Certificate of Incorporation and By-Laws, Directors are elected by a plurality of the votes cast at the Meeting by the stockholders entitled to vote.

THE BOARD OF DIRECTORS OF THE FUND, INCLUDING THE NON-INTERESTED DIRECTORS, UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF THE THREE NOMINEES AS CLASS III DIRECTORS.

CERTAIN INFORMATION CONCERNING DIRECTORS AND EXECUTIVE OFFICERS

In evaluating potential nominees, including any nominees recommended by stockholders, the Committee takes into consideration the factors listed in the Governance/Nominating Committee Charter, including character and integrity, experience in business, investment and economic matters in Europe, the United States, or Switzerland or political matters of Switzerland, and whether the Committee believes the person has the ability to apply sound and independent business judgment and would act in the interest of the Fund and its stockholders. The Governance/Nominating Committee will consider nominees recommended by a stockholder if such recommendation is in writing and received by the Fund by the deadline specified below under "Stockholder Proposals" and otherwise complies with the requirements for such proposals contained in the Governance/ Nominating Committee Charter and the Fund's By-Laws. Any such recommendations should be submitted to: Secretary, The Swiss Helvetia Fund, Inc., 1270 Avenue of the Americas, Suite 400, New York, New York 10020. Each member of the Committee is "independent" as defined by the New York Stock Exchange. The Governance/Nominating Committee held three meetings during the year ended December 31, 2005. The Fund does not provide a copy of the Governance/Nominating Committee Charter on its website, but the current Governance/Nominating Committee Charter is attached as Appendix A to this Proxy Statement.

During the year ended December 31, 2005, the Board of Directors met five times. Each incumbent Director attended at least 75% of the aggregate of (i) the total number of Meetings of the Board of Directors and (ii) the total number of Meetings held by all Committees of the Board on which he served (held during the period he was a Director). The Fund has no formal written policy regarding Directors' attendance at annual stockholders meetings. The Fund's Directors, however, are encouraged to attend stockholders meetings and all of the Directors, who were serving at the time, attended the Fund's 2005 Annual Stockholders Meeting.

Mr. Pineau-Valencienne, a Non-Interested Director, was Vice Chairman of Credit Suisse First Boston (Europe) Limited ("CSFB Europe"), an indirect subsidiary of Credit Suisse Group ("CSG"), until November 2002, and has been a Senior Adviser to CSFB Europe thereafter. Since November 2000, the Fund's U.S. custodian has been Swiss American Securities Inc. and its Swiss sub-custodian has been Credit Suisse First Boston, both of which are subsidiaries of CSG and which received aggregate fees of approximately \$180,000 from the Fund in 2005. Hottinger & Cie (Zurich), a parent of HCC, and certain of its affiliated companies effect brokerage transactions for managed accounts through CSG entities.

Each Non-Interested Director of the Fund is paid an annual aggregate fee of \$23,800, plus \$750 for each meeting of the Board of Directors attended and \$750 for each Committee meeting attended, if held separately. In addition, the Chairmen of the Audit Committee and the Governance/Nominating Committee each received an annual fee of \$5,000. The annual fee of Non-Interested Directors (including the annual fee paid to the Chairmen of the Audit Committee and the Governance/Nominating Committee) is adjusted annually, as of each January 1, in proportion to the increase in the Consumer Price Index "All Items Price Index - National," for the preceding twelve month period. Each Director who is a Non-Interested Director and who is a member of the Audit or Governance/Nominating Committees is compensated for incremental work over and above attending a meeting based upon the value added to the Fund. Finally, the Fund reimburses Non-Interested Directors for certain out-of-pocket expenses, such as travel expenses in connection with Board meetings. During the year ended December 31, 2005, the incumbent Non-Interested Directors received from the Fund individual remuneration (exclusive of reimbursed expenses), as follows:

The Fund pays all of the Non-Interested Directors' remuneration. Retirement and/or pension benefits are not offered as part of the compensation for Directors.
3. Mr. Boillat became a Director in December 2005.
4. Mr. Kraynak became a Director in September 2005.

Sullivan & Cromwell LLP, who have served as counsel to the Non-Interested Directors since 1987, received approximately \$57,700 for legal services rendered and disbursements incurred during 2005. Mr. West serves as Senior Counsel to such Firm. No Executive Officer of the Fund received aggregate compensation from the Fund for the most recently completed fiscal year in excess of \$60,000. Accordingly, no other persons have been included in the compensation table set forth above.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under the securities laws of the United States, the Fund's Directors, its Executive (and certain other) Officers, its investment advisor and affiliated persons of its investment advisor and any persons beneficially owning more than ten percent of the Fund's Common Stock are required to report their ownership of the Fund's Common Stock and any changes in that ownership to the Fund, the Securities and Exchange Commission (the "Commission") and The New York Stock Exchange. Specific due dates for these reports have been established, and the Fund is required to report in this Proxy Statement any failure to file by these dates during 2005. Based solely upon a review of Forms 3 and 4 and amendments thereto furnished to the Fund during its most recent fiscal year, Forms 5 and amendments thereto furnished to the Fund with respect to its most recent fiscal

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

year and written representations received from such persons, all of these requirements appear to have been satisfied by such persons during the year ended December 31, 2005.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS

As of December 31, 2005, no stockholder, to the knowledge of the Fund, other than Wachovia Corporation, One Wachovia Center, Charlotte, North Carolina 28288, and Lazard Asset Management LLC, 30 Rockefeller Plaza, New York, New York 10112, beneficially owned more than five percent of the Fund's outstanding shares of Common Stock. Wachovia Corporation, on behalf of its advisory clients, filed on February 13, 2006, a beneficial ownership report on Schedule 13G with the Commission stating that as of December 31, 2005 it beneficially owned 2,280,365 shares of Common Stock, and Lazard Asset Management LLC, on behalf of its advisory clients, filed on February 3, 2006, a beneficial ownership report on Schedule 13G with the Commission stating that as of December 31, 2005, it beneficially owned 1,310,290 shares of Common Stock. Based on such filings, these holdings represented approximately 9.33% and 5.44% of the Fund's outstanding shares, respectively, as of December 31, 2005.

PROPOSAL 2: SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At a meeting held on March 23, 2006, the Audit Committee of the Fund's Board of Directors approved, and the Board of Directors approved and ratified, Deloitte & Touche LLP to act as the independent registered public accounting firm for the Fund for the year ending December 31, 2006. Based principally on representations from D&T, the Fund knows of no direct financial or material indirect financial interest of D&T in the Fund. D&T, or a predecessor firm, has served as the independent registered public accounting firm for the Fund since 1987. No representative of D&T is expected to be present at the Meeting. Neither the Fund's Charter nor By-Laws requires that the stockholders ratify the appointment of D&T as the Fund's independent registered public accounting firm, but the Fund is doing so a matter of good corporate practice. If the stockholders do not ratify the appointment, the Audit Committee and the Fund's Board of Directors will reconsider whether or not to retain D&T, but may retain such independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee and the Board of Directors in their discretion may change the appointment at any time during the year if they determine that such change would be in the best interests of the Fund and its stockholders.

CERTAIN INFORMATION CONCERNING DELOITTE & TOUCHE LLP

(a) Audit Fees. The aggregate fees billed for each of the last two fiscal years (the "Reporting Periods") for professional services rendered by D&T for the audit of the Fund's annual financial statements, or services that are normally provided by the independent registered public accounting firm in connection with the statutory and regulatory filings or engagements for the Reporting Periods, were \$36,000 in 2004 and \$38,575 in 2005.

(b) Audit-Related Fees. There were no fees billed in the Reporting Periods for assurance and related services rendered by D&T that are reasonably related to the performance of the audit of the Fund's financial statements and are not reported under paragraph (a) above.

There were no fees billed by D&T in the Reporting Periods for services rendered by D&T to HCC or any entity controlling, controlled by or under common control with HCC that provides ongoing services to the Fund ("Service Affiliates").

(c) Tax Fees. The aggregate fees billed in the Reporting Periods for professional services rendered by D&T for tax compliance, tax advice and tax planning ("Tax Services") were \$4,000 in 2004 and \$4,200 in 2005. These Tax

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

Services consisted of review or preparation of U.S. federal, state, local and excise tax returns.

(d) All Other Fees. D&T did not provide any additional services in 2004 or 2005 other than those services reported in paragraphs (a) through (c) above.

Audit Committee Pre-Approval Policies. The Audit Committee pre-approves D&T's engagements for audit and non-audit services to the Fund and non-audit services to Service Affiliates on a case-by-case basis as required. Pre-approval considerations include whether the proposed services are compatible with maintaining D&T's independence.

Non-Audit Fees. The aggregate non-audit fees billed by D&T for services rendered to the Fund for the Reporting Periods were \$4,000 in 2004 and \$4,200 in 2005 (for the Tax Services described above). There were no fees billed in the Reporting Periods for non-audit services rendered by D&T to Service Affiliates.

Auditor Independence. The Audit Committee considers whether the provision of any non-audit services rendered to Service Affiliates which were not pre-approved (not requiring pre-approval) is compatible with maintaining D&T's independence.

REQUIRED VOTE AND THE BOARD'S RECOMMENDATION

The selection of the Fund's independent registered public accounting firm will be ratified if approved by a majority of shares present in person or represented by proxy at the Meeting and entitled to vote thereon.

THE BOARD OF DIRECTORS OF THE FUND, INCLUDING THE NON-INTERESTED DIRECTORS, UNANIMOUSLY RECOMMENDS A VOTE "FOR" PROPOSAL 2 TO RATIFY THE SELECTION OF DELOITTE & TOUCHE LLP AS THE FUND'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2006.

REPORT OF AUDIT COMMITTEE

The Audit Committee has exclusive oversight of the Fund's financial reporting process. The Committee operates pursuant to a Charter which has been approved by the Board, a copy of which was attached as Appendix A to the Fund's Proxy Statement dated May 20, 2004. As set forth in the Charter, Management of the Fund is responsible for the (i) preparation, presentation and integrity of the Fund's financial statements, (ii) maintenance of appropriate accounting and financial reporting principles and policies and (iii) maintenance of internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm, D&T, is responsible for auditing the Fund's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Committee has considered and discussed the December 31, 2005 audited financial statements with Management and with D&T. The Committee has also discussed with D&T the matters required to be discussed by the Statement on Auditing Standards No. 61, Communication With Audit Committees, as currently in effect. Finally, the Committee has reviewed the written disclosures and the letter from D&T required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, and has discussed with D&T the auditor's independence.

Stockholders are reminded, however, that the Members of the Audit Committee are not professionally engaged in the practice of auditing or accounting. Members of the Committee rely without independent verification on the information provided to them and on the representations made by Management and D&T. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that Management has maintained appropriate

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Fund's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that D&T is, in fact, "independent."

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee determined, and recommended to the Board, that the audited financial statements be included in the Fund's Annual Report to Stockholders for the year ended December 31, 2005, and filed with the Securities and Exchange Commission.

PROPOSAL 3: TO APPROVE CHANGES TO CERTAIN OF THE FUND'S FUNDAMENTAL INVESTMENT POLICIES AND RESTRICTIONS

Introduction

The Fund is subject to certain investment policies and restrictions which are fundamental policies of the Fund and cannot be changed without stockholder approval. When the Fund was initially formed almost twenty years ago, the Board of Directors adopted certain policies and restrictions that were customary at that time, but now are believed to be unduly restrictive. Management of the Fund believes it appropriate to modify certain of the Fund's fundamental investment policies and restrictions to expand the universe of investment opportunities and techniques available to HCC, to pursue on behalf of the Fund from time to time as HCC deems appropriate and to maintain the focus of the Fund's investments in Swiss equity securities. Accordingly, the Board of Directors has approved changes to the Fund's fundamental investment policies and restrictions, and recommends that stockholders approve such changes, to permit the Fund to:

- A. leverage up to 10% of its total assets (including the amount borrowed);
- B. invest in securities of Swiss Real Estate Companies (as defined below), and to acquire, hold and sell real estate or mortgages on real estate acquired through default, liquidation or other distributions or an interest in real estate as a result of the Fund's ownership of such securities;
- C. acquire equity and equity-linked securities of non-Swiss companies in limited instances;
- D. invest up to 20% (increased from 10%) of its total assets in illiquid securities; and

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

E. engage in certain options transactions

The Board and management of the Fund believe that the proposed changes are in the best interests of the Fund and will enhance the ability of HCC to manage the Fund's assets.

If the following proposals are approved by the Fund's stockholders, the Fund's current investment restrictions will be revised to the extent necessary to permit the Fund to, or clarify the extent to which the Fund may, engage in the relevant transactions. The Fund's fundamental investment objective, policies and restrictions, assuming the adoption of each of Proposals 3A-3E, are attached as Exhibit A to this Proxy Statement.

PROPOSAL 3A: PERMITTED USE OF LEVERAGE

The Fund currently is subject to a fundamental investment restriction prohibiting the Fund from borrowing money for the purpose of making investments (known as "leverage"). If approved by the Fund's stockholders, the Fund would be permitted, but not required, to borrow up to 10% of the Fund's total assets (including the amount borrowed) for investment purposes. The Board of Directors is seeking the ability to leverage a portion of the Fund's assets to promote investment flexibility and to seek to ensure that the Fund has funds available for investment in attractive opportunities, without requiring the Fund to sell existing investments.

Using leverage is a speculative investment technique and involves certain risks. These include higher volatility of net asset value, the possibility of more volatility in the market value of the Fund's common stock and the possibility that the Fund's return will fall if the interest rate on any borrowings rises. The Fund will pay any costs and expenses relating to any borrowings, including interest and any commitment or other fee required to maintain a line of credit. So long as the Fund is able to realize a higher net return on investments purchased with borrowings than the then current cost of any leverage together with other related expenses, the effect of the leverage will be to cause the Fund to realize higher net return than if the Fund were not so leveraged. However, to the extent that the cost of any leverage, together with other related expenses, is more than the net return on investments purchased with borrowings, use of leverage would result in a lower rate of return than if the Fund were not so leveraged. There can be no assurance that any leverage strategy the Fund employs will be successful. In addition, the Fund may be required to pledge portfolio securities to secure borrowings for investment purposes.

The Fund's investment restriction with respect to permitted borrowings and the use of leverage currently reads as follows:

The Fund may not: Issue senior securities, borrow money or pledge its assets, except that the Fund may borrow on an unsecured basis from banks for temporary or emergency purposes or for the clearance of transactions in amounts not exceeding 10% of its total assets (not including the amount borrowed) and will not make any investments while the borrowings are outstanding.

If this Proposal 3A is approved by the Fund's stockholders, this investment restriction will be revised to read as follows (new language is UNDERScoreD and language to be deleted is in brackets):

The Fund may not: Issue senior securities, borrow money or pledge its assets, except that the Fund may borrow [on an unsecured basis] MONEY from banks [for temporary or emergency purposes or for the clearance of transactions] in amounts not exceeding 10% of its total assets ([not] including the amount borrowed) [and will not make any investments while the

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

borrowings are outstanding] AND MAY PLEDGE ITS ASSETS IN CONNECTION WITH SUCH PERMITTED BORROWING.*

* Additional changes to this investment restriction are being considered in Proposal 3E. Please see Exhibit A to this Proxy Statement for the cumulative changes to this investment restriction.

PROPOSAL 3B: INVESTMENTS IN SWISS REAL ESTATE COMPANIES

The Fund currently is subject to a fundamental investment restriction prohibiting the Fund from buying real estate or interests in real estate. If approved by the Fund's stockholders, the Fund would be permitted, but not required, to invest in equity and equity-linked securities issued by Swiss real estate companies, including real estate investment trusts ("REITs") or REIT-like structures ("Swiss Real Estate Companies"). The Fund would define a real estate company as a company that derives at least 50% of its revenue from the ownership, construction, financing, management or sale of commercial, industrial or residential real estate or has at least 50% of its assets in real estate investments. The Fund would consider a real estate company to be a Swiss Real Estate Company if it: (1) is organized in or has its principal office in Switzerland or (2) has a significant amount of real estate assets or investments in Switzerland.

In addition to the general risks associated with investing in Swiss equity and equity-linked securities, the Fund's investments in Swiss Real Estate Companies, will be linked to the performance of the Swiss real estate markets. The Fund will not invest in real estate directly (except as described below), but only in securities issued by Swiss Real Estate Companies. However, the Fund also is subject to the risks associated with the direct ownership of real estate. These risks include: (i) declines in the value of real estate; (ii) risks related to general and local economic conditions; (iii) overbuilding and extended vacancies of properties; (iv) increases in property taxes and operating expenses; (v) costs and liabilities associated with environmental problems; and (vi) casualty or condemnation losses. The yields available from investments in real estate depend on the amount of income and capital appreciation generated by the related properties. Property values may fall due to increasing vacancies or declining rents resulting from unanticipated economic, legal, cultural or technological developments. Performance of investments in REITs and REIT-like structures may decline as a result of the failure of borrowers to pay their loans and poor management. Income and real estate values also may be adversely affected by such factors as applicable laws, interest rate levels and the availability of financing. In addition, real estate investments are relatively illiquid and, therefore, the ability of real estate companies to vary their portfolios promptly in response to changes in economic or other conditions is limited.

The Fund also may acquire real estate or mortgages on real estate as a result of default, liquidation or other distributions of an interest in real estate solely as a result of the Fund's ownership of Swiss Real Estate Companies. The Fund may have difficulty enforcing its rights as a mortgagee or lessor and may incur substantial costs in connection with protecting its investments. For more detailed discussion of investing in Swiss Real Estate Companies and REITs, see Exhibit B to this Proxy Statement.

The Fund's investment restrictions relating to real estate investments currently read as follows:

The Fund may not:

Make real estate mortgage loans or other loans, except through the purchase

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

of debt obligations consistent with the Fund's investment policies.

Buy or sell commodities, commodity contracts, futures contracts, real estate or interests in real estate.

If this Proposal 3B is approved by the Fund's stockholders, this investment restriction will be revised to read as follows (new language is UNDERSCORED and language to be deleted is in brackets):

The Fund may not:

Make [real estate mortgage loans or other] loans, except through the purchase of debt obligations consistent with the Fund's investment policies.

Buy or sell commodities, commodity contracts, futures contracts, real estate or interests in real estate, except that THE FUND MAY PURCHASE AND SELL SECURITIES ISSUED BY SWISS REAL ESTATE COMPANIES, AND THE FUND MAY ACQUIRE, HOLD AND SELL REAL ESTATE OR MORTGAGES ON REAL ESTATE AS A RESULT OF DEFAULT, LIQUIDATION OR OTHER DISTRIBUTIONS OF AN INTEREST IN REAL ESTATE AS A RESULT OF THE FUND'S OWNERSHIP OF SECURITIES OF SWISS REAL ESTATE COMPANIES.

PROPOSAL 3C: INVESTMENTS IN NON-SWISS SECURITIES

The Fund's investment objective is to seek long-term capital appreciation by investing in Swiss equity and equity-linked securities. The Fund is permitted to invest in Swiss Franc ("SFr")-denominated bank deposits, short-term debt and money market instruments only for defensive purposes. These policies are fundamental and cannot be changed without stockholder approval, as described below. The Fund will seek to achieve its investment objective by investing generally in Swiss-equity and equity linked securities that are traded on a Swiss stock exchange, traded at the pre-bourse level of one or more Swiss stock exchanges, traded through a market maker or over the counter in Switzerland. The Fund also may invest in Swiss-equity and equity-linked securities of Swiss companies that are traded on other major European stock exchanges.

If approved by the Fund's stockholders, the Fund would be permitted, but not required, to acquire and hold equity and equity-linked securities of non-Swiss companies in the limited instance where: (1) the Fund holds an investment in a Swiss company, and (2) such Swiss company undergoes a merger, takeover, reorganization or other form of business combination with a non-Swiss issuer (a "reorganization"), or reorganizes (or "redomiciles") itself as a new corporate entity outside of Switzerland, and (3) the Fund, as a shareholder in the Swiss company, acquires equity or equity-linked securities in the non-Swiss issuer as a result of the transaction. The Fund would be permitted, but not required, to reacquire equity and equity-linked securities of Swiss companies that have redomiciled, so long as the Fund held an investment in the Swiss company at or before the time the company redomiciled.

The proposed change to the Fund's fundamental investment objective and policies is based upon a determination by the Fund's Board of Directors, with the advice of HCC, that permitting the Fund to maintain its investment in a non-Swiss company may be more beneficial to the Fund's stockholders than if the Fund were required to liquidate its position before a reorganization, when the Fund may receive less than the value of an investment in the non-Swiss company subsequent to the reorganization. Additionally, such a sale may result in ill-timed capital gains to the Fund, and HCC may not be able to find similar investments at attractive prices in Swiss companies. Swiss investments also may be more limited as a result of reorganizations of, or redomiciling transactions by, Swiss companies into non-Swiss companies. Permitting the Fund to acquire holdings in a non-Swiss company in connection with a reorganization or

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

redomiciling transaction of a Swiss company in which the Fund is invested also would allow the Fund to maintain a more stable portfolio, resulting in less turnover and transaction costs to the Fund. Although investments in Swiss securities are subject to the Fund's other investment policies, the Board of Directors and HCC cannot predict the percentage of non-Swiss securities that could constitute the Fund's portfolio, as the number and frequency of these types of transactions would be affected by activity in the capital markets and not through any actions taken by the Fund or HCC.

The Fund's fundamental investment objective and policy statement currently reads as follows:

The Fund's investment objective is to seek long-term capital appreciation through investment in equity and equity-linked securities of Swiss companies. For defensive purposes, during period in which changes in Swiss equity markets or other adverse economic conditions or changes in Swiss political conditions warrant, the Fund may temporarily reduce its position in equity securities and invest in SFr-denominated bank deposits, short-term debt or money market instruments.

If this Proposal 3C is approved by the Fund's stockholders, the Fund's fundamental investment objective and policy statement will be revised to read as follows (new language is UNDERSCORED):

The Fund's investment objective is to seek long-term capital appreciation through investment in equity and equity-linked securities of Swiss companies. The Fund also may acquire AND HOLD EQUITY AND EQUITY-LINKED SECURITIES OF NON-SWISS COMPANIES IN THE LIMITED INSTANCE WHERE: (1) THE FUND HOLDS AN INVESTMENT IN A SWISS COMPANY, AND (2) SUCH SWISS COMPANY UNDERGOES A MERGER, TAKEOVER, REORGANIZATION OR OTHER FORM OF BUSINESS COMBINATION WITH A NON-SWISS ISSUER (A "REORGANIZATION"), OR REORGANIZES (OR "REDOMICILES") ITSELF AS A NEW CORPORATE ENTITY OUTSIDE OF SWITZERLAND, AND (3) THE FUND, AS A SHAREHOLDER IN THE SWISS COMPANY, ACQUIRES EQUITY OR EQUITY-LINKED SECURITIES IN THE NON-SWISS ISSUER AS A RESULT OF THE TRANSACTION. THE FUND WOULD BE PERMITTED, BUT NOT REQUIRED, TO REACQUIRE EQUITY AND EQUITY-LINKED SECURITIES OF SWISS COMPANIES THAT HAVE REDOMICILED, SO LONG AS THE FUND HELD AN INVESTMENT IN THE SWISS COMPANY AT OR BEFORE THE TIME THE COMPANY REDOMICILED. For defensive purposes, during period in which changes in Swiss equity markets or other adverse economic conditions or changes in Swiss political conditions warrant, the Fund may temporarily reduce its position in equity securities and invest in SFr-denominated bank deposits, short-term debt or money market instruments.

PROPOSAL 3D: INCREASING MAXIMUM PERMITTED INVESTMENTS IN ILLIQUID SECURITIES

The Fund currently is subject to a fundamental investment restriction prohibiting the Fund from investing more than 10% of its total assets in securities that cannot be readily resold because of legal or contractual restriction or which are not otherwise readily marketable (generally referred to as "illiquid securities"). If approved by the Fund's stockholders, the Fund would be permitted, but not required, to invest up to 20% of its total investments in illiquid securities. It is expected that these illiquid securities would generally consist of equity or equity-linked securities of non-marketable securities purchased in privately negotiated transactions ("private equity securities").

In addition to the general risks associated with investing in Swiss equity and equity-linked securities, the Fund would be subject to a heightened risk in respect of investing a greater percentage of its total assets in illiquid securities and, in particular, private equity securities. The risks associated generally with investments in illiquid securities, include: (i) very limited liquidity, because of legal or contractual limitations on resales or, for

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

private equity securities, lack of a public market; (ii) for private equity securities, dependence on an exit strategy, such as an initial public offering or sale of a business, which may not occur to realize the anticipated value of an investment or even dispose of the investment without a significant or total loss; and (iii) for private equity securities, dependence on managerial assistance provided by other investors and the willingness of other investors or third parties to provide additional financial support to the issuer.

Depending on the specific facts and circumstances of a private equity security investment, there may not be a reasonable basis to revalue it for a substantial period of time after the Fund's investment. It is possible that the fair value attributed to the investment may not accurately reflect its actual value and, consequently, the net asset value and/or market value of the Fund's shares may not reflect the actual values of the Fund's portfolio. In addition, the Fund's net asset value may change substantially in a short time as a result of developments at the companies in which the Fund invests. If the Fund increases the percentage of its total assets invested in private equity securities, changes in the Fund's net asset value may be more pronounced than with other funds that do not invest in private equity securities.

The business of identifying attractive investments in private equity securities of the types contemplated for the Fund is competitive, and involves a high degree of uncertainty. Furthermore, the availability of investment opportunities in private equity securities generally will be subject to market conditions as well as, in some cases, the prevailing regulatory or political climate. Accordingly, there can be no assurance that the Fund will be able to identify attractive investments in private equity securities.

The Fund's investment restriction with respect to investing in illiquid securities currently reads as follows:

The Fund may not: Invest 10% or more of the total value of its assets in securities which cannot be readily resold because of legal or contractual restriction or which are not otherwise readily marketable.

If this Proposal 3D is approved by the Fund's stockholders, this investment restriction will be revised to read as follows (new language is UNDERScoreD):

The Fund may not: Invest 20% or more of the total value of its assets in securities which cannot be readily resold because of legal or contractual restriction or which are not otherwise readily marketable.

PROPOSAL 3E: ENGAGING IN CERTAIN OPTIONS TRANSACTIONS

The Fund currently is subject to a fundamental investment restriction prohibiting the Fund from buying, selling or writing put or call options. If approved by the Fund's stockholders, the Fund would be permitted, but not required, to engage in certain options transactions (relating to securities in which the Fund can invest and Swiss stock indices) which are considered derivative instruments. The Fund could engage in the following options transactions: (i) buying calls on securities in which the Fund can invest; (ii) buying calls on Swiss stock indices; (iii) writing covered calls on securities in which the Fund can invest; (iv) buying puts on these types of securities; and (v) buying puts on Swiss stock indices. The Fund could engage in these options transactions on an established Swiss exchange, European exchange (for example, Eurex) or in the over-the-counter market.

The use of these types of derivatives involves risks different from or possibly greater than, the risks associated with investing directly in the underlying assets. Derivatives can be highly volatile, illiquid and difficult to value, and there is the risk that changes in the value of a derivative held by the Fund will not correlate with the Fund's other investments. A small

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

investment in derivatives could have a potentially large impact on the Fund's performance. For more detailed discussion of options transactions, see Exhibit C to this Proxy Statement.

The Fund's investment restriction with respect to engaging in options transactions currently reads as follows:

The Fund may not: Buy, sell or write put or call options.

If this Proposal 3E is approved by the Fund's stockholders, the relevant investment restrictions of the Fund would read as follows (new language is UNDERSCORED and language to be deleted is in brackets):

The Fund may not:

Issue senior securities, borrow money or pledge its assets, except that the Fund may borrow on an unsecured basis from banks for temporary or emergency purposes or for the clearance of transactions in amounts not exceeding 10% of its total assets (not including the amount borrowed) and will not make any investments while the borrowings are outstanding; PROVIDED THAT PERMITTED DERIVATIVE TRANSACTIONS ARE NOT DEEMED TO BE AN ISSUANCE OF A SENIOR SECURITY.*

[Buy, sell or write put or call options.]

* Additional changes to this investment restriction are being considered in Proposal 3A. Please see Exhibit A to this Proxy Statement for the cumulative changes to this investment restriction.

REQUIRED VOTE AND THE BOARD'S RECOMMENDATION

FUNDAMENTAL INVESTMENT OBJECTIVE AND POLICIES:

The Fund's investment objective is to seek long-term capital appreciation through investment in equity and equity-linked securities of Swiss companies. The Fund also may acquire and hold equity and equity-linked securities of non-Swiss companies in the limited instance where: (1) the Fund holds an investment in a Swiss company, and (2) such Swiss company undergoes a merger, takeover, reorganization or other form of business combination with a non-Swiss issuer (a "reorganization"), or reorganizes (or "redomiciles") itself as a new corporate entity outside of Switzerland, and (3) the Fund, as a shareholder in the Swiss company, acquires equity or equity-linked securities in the non-Swiss issuer as a result of the transaction. The Fund would be permitted, but not required, to reacquire equity and equity-linked securities of Swiss companies that have redomiciled, so long as the Fund held an investment in the Swiss company at or before the time the company redomiciled. For defensive purposes, during period in which changes in Swiss equity markets or other adverse economic

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

conditions or changes in Swiss political conditions warrant, the Fund may temporarily reduce its position in equity securities and invest in SFr-denominated bank deposits, short-term debt or money market instruments.

FUNDAMENTAL INVESTMENT RESTRICTIONS:

The Fund may not:

- (1) Invest 25% or more of the total value of its assets in a particular industry;
- (2) Issue senior securities, borrow money or pledge its assets, except that the Fund may borrow money from banks in amounts not exceeding 10% of its total assets (including the amount borrowed) and may pledge its assets in connection with such permitted borrowing; provided that permitted derivative transactions are not deemed to be an issuance of a senior security.
- (3) Make loans, except through the purchase of debt obligations consistent with the Fund's investment policies.
- (4) Buy or sell commodities, commodity contracts, futures contracts, real estate or interests in real estate, except that the Fund may purchase and sell securities issued by Swiss Real Estate Companies, and the Fund may acquire, hold and sell real estate or mortgages on real estate as a result of default, liquidation or other distributions of an interest in real estate as a result of the Fund's ownership of securities of Swiss Real Estate Companies.
- (5) Make short sales of securities or maintain a short position in any security.
- (6) Purchase securities on margin, except such short-term credits as may be necessary or routine for the clearance or settlement of transactions.
- (7) Act as an underwriter, except to the extent the Fund may be deemed to be an underwriter in connection with the sales of securities in its portfolio.
- (8) Invest 20% or more of the total value of its assets in securities which cannot be readily resold because of legal or contractual restrictions or which are not otherwise readily marketable.

EXHIBIT B

INVESTING IN REAL ESTATE COMPANIES AND REITS

REAL ESTATE--GENERAL. Investing in real estate companies is subject to certain risks.

Real property investments are subject to varying degrees of risk. The price of real estate company shares may decline because of the failure of borrowers to pay their loans and poor management. Many real estate companies also utilize leverage, which increases investment risk and could adversely affect a company's operations and market value in periods of rising interest rates, as well as risks normally associated with debt financing. Real property investments also are subject to varying degrees of risk. If the properties do not generate sufficient income to meet operating expenses, including, where applicable, debt service, ground lease payments, tenant improvements, third-party leasing commissions and other capital expenditures, the income and ability of the real

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

estate company to make payments of any interest and principal on its debt securities will be adversely affected. In addition, real property may be subject to the quality of credit extended and defaults by borrowers and tenants. A real estate company also may have joint venture investments in certain of its properties and, consequently, its ability to control decisions relating to these properties may be limited.

The performance of the Swiss economy and the economies of any other countries and regions in which the real estate owned by a portfolio company is located affects occupancy, market rental rates and expenses and, consequently, has an impact on the income from such properties and their underlying values. The financial results of major local employers also may have an impact on the cash flow and value of certain properties. There also are risks associated with particular sectors of real estate investments, such as in the retail, office, hotel, healthcare and multifamily sectors, each of which will be affected by the economic health of the sector specifically and the overall economy generally, demographic changes, spending patterns, governmental regulations, competition and obsolescence.

REAL ESTATE INVESTMENT TRUSTS. A common type of U.S. real estate company, a real estate investment trust, is dedicated to owning, and usually operating, income producing real estate, or to financing real estate. Such companies normally derive income from rents or from interest payments, and may realize capital gains by selling properties that have appreciated in value. REITs are characterized as equity REITs, mortgage REITs and hybrid REITs. Equity REITs, which may include operating or finance companies, own real estate directly and the value of, and income earned by, the REITs depends upon the income of the underlying properties and the rental income they earn. Equity REITs also can realize capital gains (or losses) by selling properties that have appreciated (or depreciated) in value. Mortgage REITs can make construction, development or long-term mortgage loans and are sensitive to the credit quality of the borrower. Mortgage REITs derive their income from interest payments on such loans. Hybrid REITs combine the characteristics of both equity and mortgage REITs, generally by holding both ownership interests and mortgage interests in real estate. The values of securities issued by REITs are affected by tax and regulatory requirements and by perceptions of management skill. They also are subject to heavy cash flow dependency, defaults by borrowers or tenants and self-liquidation.

Investing in REITs involves certain unique risks in addition to those risks associated with investing in the real estate industry in general. An equity REIT may be affected by changes in the value of the underlying properties owned by the REIT. A mortgage REIT may be affected by changes in interest rates and the ability of the issuers of its portfolio mortgages to repay their obligations. REITs are dependent upon the skills of their managers and are not diversified. REITs are generally dependent upon maintaining cash flows to repay borrowings and to make distributions to shareholders and are subject to the risk of default by lessees or borrowers. REITs whose underlying assets are concentrated in properties used by a particular industry, such as health care, are also subject to risks associated with such industry.

REITs or REIT-like structures may experience delays in enforcing their rights as a mortgagee or lessor and may incur substantial costs associated with protecting their investments. REITs also may fail to qualify under any tax provisions pursuant to which they were structured, and the application of unanticipated taxation may significantly reduce the return to the Fund.

EXHIBIT C

ENGAGING IN OPTIONS TRANSACTIONS

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A

The Fund proposes to engage in options transactions as described in this Proxy Statement, which are forms of derivatives because their value is derived from the underlying security or index.

Options may be purchased on established Swiss or European stock exchanges or through privately negotiated transactions referred to as over-the-counter options. Exchange-traded options generally are guaranteed by the clearing agency which is the issuer or counterparty to such options. This guarantee usually is supported by a daily variation margin system operated by the clearing agency in order to reduce overall credit risk. As a result, unless the clearing agency defaults, there is relatively little counterparty credit risk associated with options purchased on an exchange. By contrast, no clearing agency guarantees over-the-counter options. Therefore, each party to an over-the-counter option bears the risk that the counterparty will default. Accordingly, to the extent the Fund enters into such options, HCC will consider the creditworthiness of counterparties to over-the-counter options in the same manner as it would review the credit quality of a security to be purchased by the Fund.

HCC may utilize options contracts to manage the Fund's exposure to changing security prices. Some options strategies, including buying puts, will tend to hedge the Fund's investments against price fluctuations. Other strategies, including buying calls, will tend to increase market exposure.

The Fund proposes to write (i.e., sell) covered call options with respect to specific securities in which the Fund may invest. A call option gives the purchaser of the option the right to buy, and obligates the writer to sell, the underlying security or securities at the exercise price at any time during the option period, or at a specific date. A covered call option is a call option with respect to which the Fund owns the underlying security, has an absolute and immediate right to acquire that security without additional cash consideration or otherwise covers the transaction by segregating permissible liquid assets. The principal reason for writing covered call options is to realize, through the receipt of premiums, a greater return than would be realized on the underlying securities alone. The Fund receives a premium from writing covered call options which it retains whether or not the option is exercised, although by writing a call option the Fund forgoes any appreciation in the subject securities above the exercise price if the option is exercised by the purchaser of the option.

The Fund also would be permitted to purchase put and call options in respect of specific securities in which the Fund may invest (or groups or "baskets" of specific securities) or Swiss stock indices. A put option gives the purchaser of the option the right to sell, and obligates the writer to buy, the underlying security or securities at the exercise price at any time during the option period, or at a specific date. The Fund will pay premiums to purchase put and call options, whether or not the options are exercised. An option on a stock index is similar to an option in respect of specific securities, except that settlement does not occur by delivery of the securities comprising the index. Instead, the option holder receives an amount of cash if the closing level of the stock index upon which the option is based is greater than in the case of a call, or less than in the case of a put, the exercise price of the option. Thus, the effectiveness of purchasing stock index options will depend upon price movements in the level of the index rather than the price of a particular stock.

Successful use by the Fund of options will be subject to HCC's ability to predict correctly movements in the prices of securities and indices underlying options and the stock market generally. To the extent HCC's predictions are incorrect, the Fund may incur losses.

NOMINATION OF DIRECTORS

After a determination by the Committee that a person should be selected and nominated as a Director of the Fund, the Committee shall present its recommendation to the full Board for its consideration.

- o In January, the Chairperson shall privately and individually query each Independent Director in person or by telephone as to each director's views of the Board's working procedures and processes, the performance of the Board as a whole and, if appropriate, re-nominations to the Board of Directors.
- o The Chairperson shall review and consider the views of each Independent Director and report to the Committee his conclusions, and the Committee will then discharge its responsibility to recommend appropriate changes, and re-nominations to the Board of Directors.

Any Director who attains the age of 80 during his or her service of the Board of Directors shall resign as of December 31st of the year he or she attains such age. The age limitation for both nominees and incumbent Directors may be waived by a majority of the Committee members then in office.

Edgar Filing: SWISS HELVETIA FUND, INC. - Form PRE 14A
