FINISHMASTER, INC.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

1. ORGANIZATION

Basis of Presentation: The interim financial statements are unaudited but, in the opinion of management, reflect all adjustments necessary for a fair presentation of financial position, results of operations and cash flows for the periods presented. These adjustments consist of normal recurring items. The results of operations for any interim period are not necessarily indicative of results for the full year. The condensed consolidated financial statements and notes are presented as permitted by the requirements for Form 10-Q and do not contain certain information included in the Company's annual consolidated financial statements and notes. This Form 10-Q should be read in conjunction with the Company's consolidated financial statements and notes included in its 2000 Annual Report on Form 10-K.

Nature of Business: FinishMaster, Inc. ("the Company" or "FinishMaster") is the leading national distributor of automotive paints, coatings, and paint-related accessories to the automotive collision repair industry. As of September 30, 2001, the Company operated 158 sales outlets and three major distribution centers in 23 states and is organized into two major geographical divisions - East and West. The Company aggregates its two geographic divisions into a single reportable segment. The Company has over 35,000 customers to which it provides a comprehensive selection of brand name products supplied by BASF, DuPont, 3M and PPG, in addition to its own FinishMaster Private Brand refinishing accessory products. The Company is highly dependent on the key suppliers outlined above, which account for approximately 85% of the Company's purchases.

Edgar Filing: FINISHMASTER INC - Form 10-Q

Principles of Consolidation: The Company's consolidated financial statements include the accounts of FinishMaster and its wholly owned subsidiaries from the dates of their respective acquisition. All significant inter-company accounts and transactions have been eliminated. References to the Company or FinishMaster throughout this report relate to the consolidated entity.

Majority Shareholder: Lacy Distribution, Inc. ("Distribution"), an Indiana corporation, is a wholly-owned subsidiary of LDI, Ltd. ("LDI"), an Indiana limited partnership, and is the majority shareholder of the Company with 5,587,516 shares of common stock, representing 73.2% of the outstanding shares at September 30, 2001. LDI and Distribution are collectively referred to herein as "LDI."

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Derivative Instruments and Hedging Activities: The Company utilizes derivative financial instruments, principally interest rate swaps, to reduce its exposure to fluctuations in interest rates. These instruments are recorded on the balance sheet at their fair value. Changes in the fair value are recorded each period in the Other Comprehensive Income (Loss) section of Shareholders' Equity.

Shipping and Handling Fees and Costs: The Company includes the cost of delivering the product to the customer in the Operating Expense section of the Consolidated Statements of Operations. Total delivery costs primarily include wages, benefits, vehicle costs, and freight. The total delivery costs incurred for the nine months ended September 30, 2001 and 2000, are estimated at \$13.2 million and \$13.4 million, respectively.

Reclassification: Certain amounts in the consolidated financial statements have been reclassified to conform to the current year presentation.

2. ACQUISITIONS

On May 7, 2001, the Company acquired the assets of Badger Paint Plus, Inc., a Wisconsin corporation, Badger Paint Plus of the Twin Cities, Inc., Badger Paint Plus of Duluth, Inc., Badger Paint Plus of St. Cloud, Inc., Lakeland Sales, Inc., each a Minnesota corporation, and Badger Paint Plus of Chicago, Inc., an Illinois corporation (collectively "Badger"). Badger, like FinishMaster, was an aftermarket distributor of automotive paints, coatings, and paint-related accessories. The purchase price, including related acquisition costs, was \$7.2 million and includes the issuance of 93,999 shares of common stock of the Company. The acquisition has been accounted for as a purchase and accordingly, the acquired assets and liabilities have been recorded at their estimated fair values on the date of the acquisition. Goodwill associated with the acquisition is being amortized over 15 years and all other intangible assets are amortized over 5 years. Operating results of Badger have been included in the Company's consolidated financial statements from the effective date of the acquisition.

3. NET INCOME PER SHARE

The following table sets forth the computation of basic and diluted net income per share:

Basic net income per share	\$ 0.21	\$ 0.13	\$
Diluted net income per share	\$ 0.21	\$ 0.13	\$

4. COMMITMENTS AND CONTINGENCIES

The Company is dependent on four main suppliers for the purchases of the paint and related supplies that it distributes. A loss of one of the suppliers or a disruption in the supply of the products provided could have a material adverse effect on the Company's operating results. The suppliers also provide purchase discounts, prompt payment discounts, extended terms, and other incentive programs to the Company. To the extent these programs are changed or terminated, there could be a material adverse impact to the Company.

The Company is subject to various claims and contingencies arising out of the normal course of business, including those relating to commercial transactions, environmental, product liability, automobile, taxes, discrimination, employment and other matters. Management believes that the ultimate liability, if any, in excess of amounts already provided or covered by insurance, is not likely to have a material adverse effect on the Company's financial condition, results of operations or cash flows.

5. LONG-TERM DEBT

On March 29, 2001, the Company entered into a new \$100.0 million senior secured credit facility with a syndicate of banks and a new \$20.0 million senior subordinated term credit facility with LDI. The new senior secured credit facility consists of a \$40.0 million term credit facility and a \$60.0 million revolving credit facility. The term credit facility, which expires on June 30, 2006, requires quarterly principal payments that increase in amount over the term of the loan. Quarterly principal payments begin on June 30, 2001, and are \$1.0 million per quarter in 2001. The revolving credit facility is limited to the lesser of (1) \$60.0 million less letter of credit obligations, or (2) 80 percent of eligible accounts receivable plus 65 percent of eligible inventory less letter of credit obligations and a reserve for three months facility rent. Principal is due on June 30, 2006. Both the revolving credit and term facilities are subject to interest rates, which fluctuate based on the Company's Leverage Ratio, as defined in the Credit Facility, which range from 1.75% to 2.75% over LIBOR or 0.00% to 0.75% over prime. For a period of six months after the close of the transaction, the interest rate was fixed at LIBOR plus 3.00%.

To convert the Company's new senior term credit facility from a floating to a fixed interest rate obligation, the Company entered into interest rate swap

Edgar Filing: FINISHMASTER INC - Form 10-Q

agreements with notional amounts of \$40.0 million. The weighted average fixed interest rate under these agreements is 5.43%. The current quarter decrease in the fair value of the interest rate swap was \$1.4 million, and the year to date decrease is \$1.6 million, which was recorded in the Other Comprehensive Income (Loss) section of Shareholders' Equity.

Concurrent with funding the senior secured credit facility, the Company repaid its \$30.0 million senior subordinated term credit facility and entered into a new \$20.0 million senior subordinated term credit facility with LDI. All outstanding principal is due on March 29, 2007, and interest is payable quarterly at a rate of 12.2% per annum.

6. RECENT ACCOUNTING PRONOUNCEMENT

In July 2001, the Financial Accounting Standards Board issued Statements of Financial Accounting Standards No. 141, Business Combinations ("FAS 141") and No. 142, Goodwill and Other Intangible Assets ("FAS 142"). FAS 141 requires all business combinations initiated after June 30, 2001 to be accounted for using the purchase method. The Company is required to adopt FAS 141 for acquisitions made after July 1, 2001. Under FAS 142, goodwill and intangible assets with indefinite lives are no longer amortized but are reviewed annually (or more frequently if impairment indicators arise) for impairment. Separable intangible assets that are not deemed to have indefinite lives will continue to be amortized over their useful lives (but with no maximum life). The amortization provisions of FAS 142 apply to goodwill and intangible assets acquired after June 30, 2001. With respect to goodwill and intangible assets acquired prior to July 1, 2001, the Company is required to adopt FAS 142 effective January 1, 2002. The Company is currently evaluating the effect that adoption of the provisions of FAS 142 that are effective January 1, 2002 will have on its results of operations and financial position.

ITEM 2

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Net Sales

	Three Months Ended September 30,			Nine Months Ended September 30,	
(In thousands)	2001	Change	2000	2001	Change
Net Sales	\$ 83,706	(2.2%)	\$ 85,600	\$ 253,182	(1.7%)

Net sales for the third quarter decreased \$1.9 million, or 2.2%, and for the nine months ended September 30, 2001, \$4.4 million, or 1.7% due primarily to a decline in "same store sales" on a year-to-date basis of approximately 4.1%. The Company experienced soft market conditions throughout most of its distribution network. Factors leading to the softening in demand include slower overall economic conditions; continued productivity improvements in the use of automotive paint by our customers; flat to declining number of automobiles being repaired; and changes in vendor supported marketing programs used to attract and retain customers. These industry dynamics are not expected to reverse in the next several quarters.

Edgar Filing: FINISHMASTER INC - Form 10-Q

Gross Margin

	Three Months Ended September 30,			Nine Months Ended Septe	
(In thousands)	2001	Change	2000	2001	Change
Gross Margin	\$ 31,531	0.4%	\$ 31,391	\$ 93,544	0.9%
Percentage of net sales	37.7%		36.7%	36.9%	

Gross margin in the third quarter increased \$0.1 million, or 0.4% and \$0.9 million, or 0.9% for the nine months ended September 30, 2001 compared to the prior year periods. Strong gross margin as a percentage of net sales more than offset the negative impact of lower net sales volume. Gross margin as a percentage of net sales increased 100 basis points to 37.7%, positively impacting margin by \$0.8 million for the quarter, and increased 90 basis points to 36.9%, positively impacting margin by \$2.5 million for the nine months ended September 30, 2001. Lower net sales volume negatively impacted margin by \$0.7 million and \$1.6 million for the quarter and the nine months ended September 30 2001, respectively. The improvement in margin as a percentage of net sales is primarily the result of large inventory purchases in late 2000 made prior to manufacturers' price increases, supplier purchasing incentive programs, and improved inventory management procedures. Margin can be affected by purchasing opportunities presented to the Company by its vendors. The Company's ability to maintain the strong margin realized during the first nine months is dependent upon the availability of favorable purchasing programs from its vendors and its ability to recover future vendor price increases from its customers.

Operating Expenses

	Three Months Ended September 30,			Nine Months Ended Septe	
(In thousands)	2001	Change	2000	2001	Change
Operating Expenses	\$ 12,961	5.7%	\$ 12,266	\$ 39,612	1.5%
Percentage of net sales	15.5%		14.3%	15.6%	

Operating expenses consist of wages, facility, vehicle and related costs for the Company's branch and distribution locations. Operating expenses for the third quarter and the nine months ended September 30, 2001 increased \$0.7 million, or 5.7% and \$0.6 million, or 1.5% compared to the prior year periods. These increases were due primarily to higher energy costs for gasoline, natural gas and electricity, and increased vehicle insurance and lease costs.

Selling, General and Administrative Expenses

	Three Months Ended September 30,			Nine Months Ended Septe	
(In thousands)	2001	Change	2000	2001	Change

Percentage of net sales	13.8%		14.7%	13.2%	

Selling, general and administrative expenses ("SG&A") consist of costs associated with the Company's corporate support staff, and expenses for commissions, wages, and customer sales support activities. SG&A expenses for the quarter and nine months ended September 30, 2001 decreased \$1.1 million, or 8.6% and \$0.5 million, or 1.5% compared to the prior year periods. Increased costs associated with attracting and retaining customers, wages and benefits were offset by lower data communication costs and depreciation expense.

Intangible Assets	\$ 1,424	(7.0%)	\$ 1,532	\$ 4,168	(9.2%)
Percentage of net sales	1.7%		1.8%	1.6%	

Intangible amortization expense for the third quarter decreased \$0.1 million, or 7.0%, and for the nine months ended September 30, 2001, \$0.4 million, or 9.2%, as a result of certain intangible assets, principally non-compete agreements, becoming fully amortized.

	Three Months Ended September 30,			Nine Months Ended September 30,	
Interest Expense, net					
(In thousands)	2001	Change	2000	2001	Change

Percentage of net sales	2.9%		3.5%	2.6%	

Interest expense for the third quarter decreased \$0.6 million, or 18.8%, and for the nine months ended September 30, 2001, \$2.2 million, or 24.9%, primarily due to lower average outstanding borrowings. Average outstanding borrowings were lower compared to the prior year by \$18.7 million and \$26.5 million for the three and nine months ended September 30, 2001, respectively. Lower effective interest rates in the current year periods also contributed to the favorable decreases in interest expense.

	Three Months Ended September 30,			Nine Months Ended September 30,	
Income Tax Expense					
(In thousands)	2001	Change	2000	2001	Change

Edgar Filing: FINISHMASTER INC - Form 10-Q

Income Tax Expense	\$ 1,589	50.6%	\$ 1,055	\$ 4,696	44.4%
Percentage of net sales	1.9%		1.2%	1.9%	
Effective tax rate	49.5%		52.4%	48.8%	

Income tax expense increased for the third quarter, \$0.6 million, or 50.6%, and for the nine months ended September 30, 2001, \$1.4 million, or 44.4% due primarily to higher income before income taxes. The effective tax rate varied from the federal statutory rate as a result of certain expenses, principally nondeductible intangible amortization. In 2000, the Company's effective tax rate for the year was 53.2%. A slightly lower effective tax rate is anticipated for 2001.

Net Income and Income Per Share

(In thousands)	Three Months Ended September 30,			Nine Months Ended September 30,	
	2001	Change	2000	2001	Change
Net Income	\$ 1,619	69.2%	\$ 957	\$ 4,440	51.9%
Percentage of net sales	1.9%		1.1%	1.8%	
Net income per share	\$ 0.21		\$ 0.13	\$ 0.58	

Factors contributing to the changes in net income and the related per share amounts are discussed above.

Seasonality and Quarterly Fluctuations

The Company's sales and operating results have varied from quarter to quarter due to various factors and the Company expects these fluctuations to continue. Among these factors are seasonal buying patterns of the Company's customers and the timing of acquisitions. Historically, sales have slowed in the late fall and winter of each year largely due to inclement weather and the reduced number of business days during the holiday season. In addition, the timing of acquisitions may cause substantial fluctuations of operating results from quarter to quarter. The Company takes advantage of periodic special incentive programs available from its suppliers that extend the due date of inventory purchases beyond terms normally available with large volume purchases. The timing of these programs can contribute to fluctuations in the Company's quarterly cash flows. There can be no assurance that the Company's net sales, results of operations and cash flows will not continue to display seasonal patterns.

Financial Condition, Liquidity and Capital Resources

(In thousands)	September 30, 2001	December 31, 2000
Working capital	\$ 48,631	\$ 35,209
Long-term debt	\$ 97,481	\$ 90,652

Nine Months Ended September 30,

Edgar Filing: FINISHMASTER INC - Form 10-Q

(In thousands)	2001	2000
Cash provided by operating activities	\$ 5,669	\$ 17,210
Cash used in investing activities	\$ (5,145)	\$ (4,057)
Cash used in financing activities	\$ (633)	\$ (12,520)

The Company's primary sources of funds are from operations and borrowings under its credit facilities. The Company's principal uses of cash are to fund working capital, capital expenditures, acquisitions, and the repayment of outstanding borrowings.

Net cash generated by operating activities was \$5.7 million for the first nine months of 2001 compared with \$17.2 million in the prior year period. This decrease was attributable to cash flow used by operating assets and liabilities, principally accounts payable. Operating assets and liabilities may fluctuate significantly depending upon inventory purchasing programs and payment terms offered by our vendors.

Net cash used in investing activities, primarily for acquisitions, was \$5.1 million in the first nine months of 2001, compared to \$4.1 million in 2000. In 2001, \$4.2 million of cash was used for the acquisition of Badger.

Net cash used by financing activities, primarily the repayment of borrowings, was \$0.6 million in the first nine months of 2001, compared to \$12.5 million in the prior year period. The decrease in net debt repayments was a result of reduced cash flows generated from operating activities in the current year. The use of cash for debt issuance costs related to the new credit facilities was \$1.3 million.

Total capitalization at September 30, 2001, was \$165.0 million, comprised of \$104.6 million of debt and \$60.4 million of equity. Debt as a percentage of total capitalization was 63.4% at September 30, 2001 compared to 64.1% at December 31, 2000.

On March 29, 2001, the Company entered into a new \$100.0 million senior secured credit facility with a syndication of banks and a new \$20.0 million senior subordinated term credit facility with LDI. Further details regarding these facilities are described in Note 5 "Long-Term Debt" of this document.

The Company was in compliance with the covenants underlying its credit facilities, and had estimated availability under its revolving credit facilities of \$6.4 million as of October 1, 2001, based upon the September 30, 2001 borrowing base calculation.

Based on current and projected operating results and giving effect to total indebtedness, the Company believes that cash flow from operations and funds available from lenders and other creditors will provide adequate funds for ongoing operations, debt service and planned capital expenditures.

Forward-Looking Statements

This Report contains certain forward-looking statements pertaining to, among other things, the Company's future results of operations, cash flow needs and liquidity, acquisitions, and other aspects of its business. The Company may make similar forward-looking statements from time to time. These statements are based largely on the Company's current expectations and are subject to a number of risks and uncertainties. Actual results could differ materially from these forward-looking statements. Important factors to consider in evaluating such forward-looking statements include changes in external market factors, changes in the Company's business strategy or an inability to execute its strategy due to changes in its industry or the economy generally, difficulties associated
