Transitional Small Business Disclosure Format (check one): Yes No

PART I

Item 1. Description of Business

General

ASB Financial Corp. ("ASB"), an Ohio corporation formed in 1995, is a unitary savings and loan holding company which owns all of the outstanding common shares of American Savings Bank, fsb ("American"), a federal savings bank, issued by American upon its conversion from a mutual savings association to a stock savings association in May 1995 (the "Conversion").

American principally engages in the business of originating real estate loans secured by first mortgages on one- to four-family residential real estate located in American's primary market area, which consists of the Cities of Portsmouth and Waverly and contiguous areas of Scioto and Pike County, Ohio. American also makes loans secured by multifamily real estate (over four units) and nonresidential real estate and secured and unsecured consumer loans. In addition, American purchases interests in multifamily real estate and nonresidential real estate loans originated and serviced by other lenders. American also invests in mortgage-backed securities, U.S. Government agency obligations, obligations of state and political subdivisions, and other investments permitted by applicable law. Funds for lending and other investment activities are obtained primarily from savings deposits, which are insured up to applicable limits by the Savings Association Insurance Fund ("SAIF") administered by the Federal Deposit Insurance Corporation (the "FDIC"), and loan principal and mortgage-backed security repayments. American also obtains advances from the Federal Home Loan Bank ("FHLB") of Cincinnati to fund lending activities.

American conducts business from its main office in Portsmouth, Ohio and a branch office in Waverly, Ohio. American's primary market area for lending consists of Scioto and Pike County, Ohio, and for deposits consists of Scioto and Pike County and adjacent communities in North Central Kentucky.

Edgar Filing: ASB FINANCIAL CORP /OH - Form 10KSB

ASB is subject to regulation, supervision and examination by the Office of Thrift Supervision of the United States Department of the Treasury (the "OTS") and the United States Securities and Exchange Commission ("SEC"). American is subject to regulation, supervision and examination by the OTS and the FDIC.

ASB's activities have been limited primarily to holding the common stock of American since the Conversion. Consequently, the following discussion focuses primarily on the business of American.

Lending Activities

General. American's principal lending activity is the origination of conventional real estate loans, including construction loans, secured by first mortgages on one- to four-family residential real estate located in American's primary market area. American also offers loans, including construction loans, secured by multifamily properties containing five units or more and nonresidential properties. American also purchases interests in multifamily real estate loans and nonresidential real estate loans originated and serviced by other financial institutions. In addition to real estate lending, American originates commercial loans and consumer loans, including automobile loans, loans secured by deposit accounts, home improvement loans and a limited number of unsecured loans.
