We may also transact any other business that may properly be brought before the Annual Meeting.

The Board of Directors has fixed the close of business on March 29, 2010 as the record date for the determination of the shareholders entitled to notice of and to vote at the Annual Meeting.

Whether or not you plan to attend the Meeting, it is important that your shares be represented and voted at the Annual Meeting. If you received a paper copy of the proxy card or voting instruction by mail, you can vote by signing, dating, and returning the enclosed proxy card or voting instruction. Beneficial owners of shares of Common Stock held in street name through a bank or brokerage account should follow the enclosed voting instruction for voting their shares.

Please note: This year, the rules that guide how brokers vote your stock have changed. QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

1. Who is asking for my vote and why have I received these materials? The Board of Directors of Middlesex Water Company is soliciting proxies for use at the Annual Meeting of Shareholders (“Annual Meeting”) to be held on May 25, 2010 at the Company’s headquarters, 1500 Ronson Road, Iselin, New Jersey at 11:00 a.m. This proxy statement, the form of proxy and our Annual Report for the year ended December 31, 2009 are being distributed or made available via the Internet to our shareholders on or about April 12, 2010. On this date, all shareholders of record and beneficial owners will have the ability to access all of the proxy materials on a website referred to in the Notice of Internet Availability (NOIA). These proxy materials will be available free of charge.

2. What is a proxy? A proxy is your legal designation of another person to vote the stock you own. If you designate someone as your proxy or proxy holder in a written document, that document is called a proxy or a proxy card. John R. Middleton, M.D. and J. Richard Tompkins have been designated as proxies or proxy holders for the Meeting.

3. How are other proxy materials being furnished? Under rules adopted by the U.S. Securities and Exchange Commission (“SEC”), we have chosen to furnish our proxy materials, including this Proxy Statement and the Annual Report to Shareholders, to some of our shareholders over the Internet and to provide a NOIA of proxy materials by mail, rather than mailing a full set of the printed proxy materials. For other shareholders, we have elected to mail a full set of printed copies of our proxy materials, as in prior years. As a result of the Notice and Access rule, Middlesex Water is able to reduce the environmental impact of producing and delivering printed materials. If you receive a NOIA, you will not receive a printed copy of our proxy materials in the mail unless you request them by following the instructions provided in the NOIA. Instead, the NOIA instructs you how to access and review all of the important information contained in the Proxy Statement and Annual Report. The NOIA also explains how you may submit your proxy over the Internet. If you would like to receive a printed copy of our proxy materials, you should follow the instructions in the NOIA.

4. Who is entitled to vote? Shareholders of record at the close of business on March 29, 2010, which we refer to as the record date, are entitled to notice of and to vote at the meeting. As of such date, there were 13,556,579 shares of Middlesex Water Company Common Stock outstanding, each entitled to one vote. A complete list of the shareholders entitled to vote at the Meeting will be available for examination by any shareholder of record at our offices at 1500 Ronson Road, Iselin, NJ 08830 for a period of 10 days prior to the Annual Meeting. The list will also be available for examination by any shareholder of record at the Annual Meeting.

5. How do I vote: You may vote in any of the following ways:

- By mail - If you received a printed proxy card, mark, sign, date and mail the proxy card (see instructions on the Proxy Materials Notice on how to request a printed proxy card);
- By phone - Call the toll-free telephone number shown at the website address listed on your Proxy Materials Notice or on your proxy card;
- By Internet - Visit the website shown on your Proxy Materials Notice or on the proxy card to vote via the Internet; or
- In person- Vote in person at the Annual Meeting (if you are a beneficial owner whose shares are held in the name of a bank, broker or other nominee, you must obtain legal proxy, executed in your favor, from the stockholder of record (that is, your bank, broker or nominee) to be able to vote at the Annual Meeting.

Please have your Proxy Materials Notice or proxy card in front of you when voting by telephone or the Internet, it contains important information that is required to access the system.

6. What is the difference between a “record holder” and an owner holding shares in “street name?” If your shares are registered directly in your name, you are a “record holder.” You are a record holder if you hold a stock certificate or if you have an account directly with our transfer agent, Register & Transfer Company. If your shares are held in a brokerage account, by broker, bank or other holder of record, your shares are held in “street name” and you are considered the beneficial owner of those shares.

7. How are Proxies Used? All shares that have been properly voted, whether by Internet, telephone or mail, and not revoked, will be voted at the Annual Meeting in accordance with your instructions. If you sign your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board. The Board recommends a vote for the election of three director nominees named in this Proxy Statement and the ratification by the Audit Committee of the appointment of the independent public registered accounting firm. If any other matters are properly presented at the Annual Meeting for consideration and if you have voted your shares by Internet, telephone or mail, the persons named as proxies in the proxy card will have the discretion to vote on those matters for you. At the date we filed this Proxy Statement with the SEC, we do not know of any other matters to be raised at the Annual Meeting.

8. What am I voting on? You are voting on the following items of business:

- The election of three Class II directors for terms expiring in 2013;
- The ratification of the appointment by the Audit Committee of ParenteBeard LLC as our independent registered public accounting firm for the fiscal year ending December 31, 2010; and
- Any other business that may properly come before the Meeting or any adjournments or postponements thereof.

9. How many votes must be present to hold the Annual Meeting? In order for the Annual Meeting to be conducted, a majority of the outstanding shares of Common Stock as of the record date must be present in person or represented by proxy at the Annual Meeting. This is referred to as a quorum.

10. What vote is needed to elect the three directors? Directors are elected (Proposal 1) by a plurality of votes cast by shareholders present in person or represented by proxy at the Annual Meeting and entitled to vote on the election of directors. Abstentions and broker non-votes will not be included in determining the number of votes cast concerning any matter.

11. What vote is needed to ratify the appointment by the Audit Committee of ParenteBeard LLC? The ratification of the appointment by the Audit Committee of ParenteBeard LLC (Proposal 2) requires the affirmative vote of the majority of the votes cast by shareholders present in person or by proxy at the Annual Meeting.

12. What are the voting recommendations of the Board?

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE PROPOSED NOMINEES FOR THE BOARD AND FOR THE RATIFICATION OF THE APPOINTMENT BY THE AUDIT COMMITTEE OF PARENTEBEARD LLC.

13. How will my shares be voted if I do not provide instructions to my broker? It is possible for a proxy to indicate that some of the shares represented are not being voted with respect to certain proposals. This occurs, for example, when a broker, bank or other nominee does not have discretion under the rule of the New York Stock Exchange (the "NYSE") to vote on a matter without instructions from the beneficial owner of the shares and has not received such instructions. In these cases, non-voted shares will not be considered present and entitled to vote with respect to that matter, although they may be considered present and entitled to vote for other purposes and will be counted in determining the presence of a quorum. Accordingly, if the quorum is present at the meeting, non-voted shares concerning a particular proposal will not affect the outcome of that proposal. Under the NYSE rules as currently in effect, brokers, banks or other nominees have discretionary voting power to vote without receiving voting instructions from the beneficial owner on "routine" matters but not on "non-routine" matters. Under the rules of the NYSE, routine matters include, among other things, the ratification of appointment of the independent registered public accounting firm. "Non-routine" matters include the election of directors whether contested or not. This means that if you hold your shares through a broker, bank or other nominee, and you do not provide voting instructions by the tenth day before the Meeting, the broker, bank or other nominee has the discretion to vote your shares on the "routine" matter, but not on any "non-routine" matters.

14. What if I change my vote after I have voted? Whether you vote by telephone, Internet or by mail, you may later change or revoke your proxy at any time before it is exercised by: (a) submitting a properly signed proxy with a later date; (b) voting by telephone on the Internet at a later time; or (c) by voting in person at the Meeting. Attendance at the Meeting will not by itself revoke a previously granted proxy, unless you specifically request it. You may change your proxy instructions for shares in "street name" by submitting new voting instructions to your broker or nominee.

15. Who will count the vote? Votes will be counted by representatives of Broadridge Financial Solutions, Inc. who will tally the votes and certify the results.
16. Who can attend the Annual Meeting? All shareholders of record as of the close of business on March 29, 2010 can attend the Annual Meeting. Seating, however, is limited. Attendance at the Annual Meeting will be on a first arrival basis. Shareholders are not permitted to bring cameras, recording devices or other electronic devices to the Meeting.
17. Will there be a management presentation at the Annual Meeting? Yes. Management will give a brief presentation during the Annual Meeting.
18. When are shareholder proposals due for the 2011 Annual Meeting? Should a shareholder intend to present a proposal at the Annual Meeting to be held in the year 2011, you must submit your proposal to the Secretary of the Company at 1500 Ronson Road, P.O. Box 1500, Iselin, New Jersey 08830-0452, not later than December 10, 2010, in order to be considered for inclusion in the Company's proxy statement and form of proxy relating to the 2011 Annual Meeting.
19. How will I learn the result of the vote? Announcement of the preliminary voting results will occur at the Annual Meeting of Shareholders and issued in a press release and filed with the SEC in a Current Report on Form 8-K on or about May 26, 2010.

PROPOSAL 1 – ELECTION OF DIRECTORS

The Board currently consists of nine members divided into three classes with staggered three-year terms. The Corporate Governance and Nominating Committee has recommended to the Board the following candidates for election at the Annual Meeting of Shareholders: Annette Catino, Steven M. Klein and Walter G. Reinhard, Esq. These candidates are to be elected each to hold office until the Annual Meeting of Shareholders in the year 2013, and until their respective successors are elected and qualified. The present terms of Class II directors expire at the year 2010 Annual Meeting. Each of the nominees is currently serving as a director of the Company and, with the exception of Mr. Klein, who was appointed to the Board effective as of August 1, 2009, each has been previously elected by our shareholders. There were no nominee recommendations from shareholders or from any group of shareholders submitted in accordance with regulations of the Securities and Exchange Commission.

All of the nominees proposed by the Board have consented to serve if elected. Unless otherwise indicated on a proxy, the proxy holders intend to vote the shares each proxy represents for all of the nominees for election as directors.

Directors shall be elected by a plurality of the votes cast at the election. If at the time of the meeting any of the nominees listed should be unable to serve, which is not anticipated, it is the intention of the persons designated as proxies to vote, in their discretion, for other nominees, unless the number of Directors constituting a full Board is reduced.

There is shown as to each nominee, and as to each Director whose term of office will continue after the year 2010 Annual Meeting, his or her age as of the date of the Annual Meeting, Class, period of service as a Director of the Company, and business experience during the last five years.

RECOMMENDATION

GOVERNANCE AND BOARD MATTERS

General Information

Management of the Company is under the general direction of the Board of Directors who are elected by the shareholders. Our business and affairs are managed under the direction of the Board in accordance with the New Jersey Business Corporation Act and our Certificate of Incorporation and By-Laws. Members of the Board are kept apprised of our business through discussions with the Chairman and Chief Executive Officer and other officers, by reviewing materials provided to them, and by participating in meetings of the Board and its Committees.

Board Meetings and Attendance at Annual Meeting of Shareholders

The Board of Directors holds regular monthly meetings and meets on other occasions when required in special circumstances. The Board of Directors held twelve meetings and the Board Committees held eighteen meetings during fiscal year 2009. Each incumbent Director attended 95% or more of the total number of meetings of the Board and Committees on which each served. All of the directors serving at the time of the fiscal year 2009 Annual Meeting of Shareholders held in May 2009 attended that meeting.

Board Independence

The Company's Common Stock is listed on the NASDAQ Global Select Market. NASDAQ listing rules require that a majority of the Company's directors be "independent directors" as defined by NASDAQ corporate governance standards. Generally, a director does not qualify as an independent director if the director has, or in the past three years has had, certain material relationships or affiliations with the Company, its external or internal auditors, or is an employee of the Company. The Board has determined that directors (Catino, Cutting, Klein, Middleton, Mulkerin, Reinhard, Shein and Tompkins) are independent directors under the NASDAQ listing standards. Mr. Doll, who is an employee of the Company, is not considered an independent director.

The Board based these determinations primarily on a review of the responses of the Directors and executive officers to questions regarding employment and compensation history, affiliations, family and other relationships, together with an examination of those companies with whom the Company transacts business.

Board Leadership Structure

The Company currently separates the role of Chairman of the Board and Chief Executive Officer with different individuals occupying those roles. This segregation of duties along with the relationship of the Board and management, can best be characterized as one of healthy, constructive tension which beneficially enhances the performance of the Board and management in their respective roles. It should be noted that during 2009, President and CEO Dennis W. Doll was appointed Vice-Chairman of the Board by the unanimous vote of the Directors.

Board Committee Membership

The Company's Board of Directors maintains a number of standing committees to assist with the performance of its responsibilities. These committees and their current members are described below:

All of the members of the Corporate Governance and Nominating Committee have been determined by the Board to be independent directors as defined in the listing standards of NASDAQ.

Corporate Governance and Nominating Committee Process for Identifying and Evaluating Director Candidates

The Corporate Governance and Nominating Committee periodically identifies director nominees based primarily on recommendations from management, Board members, shareholders and other sources. The Committee recommends to the Board nominees that are independent of management and satisfy SEC and NASDAQ requirements and possess qualities such as personal and professional integrity, sound business judgment, and utility, technical or financial expertise. The Committee also considers age and diversity (broadly construed to mean a variety of opinions, perspectives, personal and professional experiences and backgrounds, such as gender, race and ethnicity differences, as well as other differentiating characteristics) in making its recommendations for nominees to the full Board. Although the Committee has the authority to retain assistance in identifying and evaluating prospective candidates for nomination and election to the Board, the Committee does not currently employ an executive search firm or pay a fee to any other third party to locate qualified candidates for director positions.

The Committee met during the first half of 2009 to discuss and consider several candidates for Board membership in the Company. Mr. Steven M. Klein was nominated based upon his background, qualifications and past experience, particularly in the area of finance. At the June 2009 meeting of the Corporate Governance and Nominating Committee, there was a full discussion regarding Mr. Klein for Board candidacy. Following this full evaluation and discussion, the Committee unanimously voted to recommend to the full Board the addition of Mr. Klein as a member of the Board. A discussion by the full Board at its June 2009 meeting led to Mr. Klein being unanimously approved as a director effective August 1, 2009.

Pension Committee

The Pension Committee held four meetings during 2009. The Pension Committee reviews investment policies and determines recommended investment objectives for the Company's Pension and Retiree Welfare Plans. The Committee also reviews the performance of the Company's 401(k) Plan Administrator and reviews options offered in the Company's 401(k) Plan. The Committee meets quarterly with the Company's outside Investment Managers. In January 2010, the Board of Directors re-approved a written Charter for the Pension Committee which is available in the Investor Relations section of our website www.middlesexwater.com under Corporate Governance.

Ad Hoc Pricing Committee

The ad hoc Pricing Committee did not meet in 2009. The ad hoc Pricing Committee meets, as needed, to review financial matters including, but not limited to, the pricing and issuance of Common Stock and corporate bonds.

Board's Role in Risk Oversight

The Board of Directors is made aware of risks to the Company through an ongoing Risk Management Program which is designed to identify, evaluate and control loss exposures that could affect the Company business, employees, and customers. The goals of the Risk Management Program include the effective prevention, control and minimization of the adverse effects of known and predictable events through a centralized program; the building of a risk awareness culture; the development of a program that is transparent and ultimately anticipates and prevents problems before they occur. Risk categories focus on the brand and reputation of the Company; the health and safety of the Company's employees; and the business operations of the

enterprise. Potential risks as well as the corrective action and risk mitigation strategies are reviewed at the Executive Officer level. Risks and their associated mitigation strategies that require Board-level awareness are routinely reported to the Board of Directors.

DIRECTORS' ANNUAL RETAINER AND MEETING FEES

For 2009, Middlesex Water Company paid each of the Board members who are not employed by the Company ("outside Directors") an annual retainer of \$12,000. As a result of a study regarding director compensation conducted by Pearl Meyer & Partners, a national provider of compensation consulting services and survey data, effective July 1, 2008, the annual retainer of \$12,000 was increased to \$15,000 per annum, and the additional \$3,000 per outside Director shall be in the form of Common Stock of the Company under the Outside Director Stock Compensation Plan. The first award of such stock took place in 2009. In addition, the Chairman of the Board received a Chairman's retainer in the annual amount of \$50,000.

The Board meeting fees for outside Directors amounted to \$900 per Director for each Board meeting attended. The Board meeting fee for Board members who are employed by the Company ("inside Directors") amounted to \$400 per meeting.

The Board committee meeting fees for outside Directors amounted to \$750 per Director for each Board committee meeting attended. In the event that a Special Board or a Special Committee meeting via teleconference were to be held, the meeting fees for outside Directors are \$400 and \$200 per meeting, respectively. Additionally, each Committee Chairperson is paid an annual fee which is generally paid in October of each year as follows: the Audit Committee Chairperson retainer was \$2,500; the Compensation Committee Chairperson retainer was \$2,000; all other Committee Chairperson retainers were \$1,500. The Chairman of the Board's retainer remained unchanged.

CHANGES RELATING TO INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On October 1, 2009 the Company was notified that the audit practice of Beard Miller Company LLP (“Beard”), our independent registered public accounting firm, was combined with another public accounting firm, Parente Randolph, LLC on October 1, 2009 with the resulting combined entity known as ParenteBeard LLC (“ParenteBeard”). On October 1, 2009, Beard resigned as the auditors of the Company and with the approval of the Audit Committee of the Company’s Board of Directors, ParenteBeard was appointed and engaged to act as the Company’s independent registered public accounting firm effective October 1, 2009 for the year ended December 31, 2009.

Prior to engaging ParenteBeard, the Company did not consult with ParenteBeard regarding the application of accounting principles to a specific completed or contemplated transaction or regarding the type of audit opinions that might be rendered by ParenteBeard on the Company’s financial statements, and ParenteBeard did not provide any written or oral advice that was an important factor considered by the Company in reaching a decision as to any such accounting, auditing or financial reporting issue.

The Report of the Independent Registered Public Accounting Firm of Beard regarding the Company’s financial statements for the fiscal years ended December 31, 2008 and 2007 did not contain any adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the years ended December 31, 2008 and 2007, and during the interim period from the end of the most recently completed fiscal year through October 1, 2009 the date of resignation, there were no disagreements with Beard on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedures, which disagreements, if not resolved to the satisfaction of Beard would have caused it to make reference to such disagreement in its reports.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is composed of five independent directors, one of whom is designated by the Board as the “Audit Committee Financial Expert,” as defined by the Securities and Exchange Commission. Two other directors also qualify as an Audit Committee Financial Expert although they were not designated as such by the Board. The Committee for the year 2009 was composed of: Annette Catino, John C. Cutting, John R. Middleton, M.D. and John P. Mulkerin. Steven M. Klein was appointed to the Audit Committee in September 2009. The Audit Committee operates under a written Charter adopted by the Board of Directors and is reviewed and adopted annually by the Committee and the Board of Directors. The Charter is available on the Company’s website at www.middlesexwater.com.

On October 1, 2009 the Company was notified that the audit practice of Beard Miller Company LLP (“Beard”), our independent registered public accounting firm, was combined with another public accounting firm, Parente Randolph, LLC on October 1, 2009 with the resulting combined entity known as ParenteBeard LLC (“ParenteBeard”). On October 1, 2009, Beard resigned as the auditors of the Company. The Audit Committee appointed and engaged ParenteBeard LLC to act as the Company’s independent registered public accounting firm effective October 1, 2009 for the year ended December 31, 2009.

Management is responsible for the Company’s financial statements and internal controls. The Company’s independent accountants, ParenteBeard LLC, are responsible for performing an independent audit of the Company’s annual consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB) (United States) and for issuing a report thereon. The Committee’s responsibility is to oversee the quality and integrity of the Company’s accounting, auditing and financial reporting practices.

In this context, the Committee has met and held discussions with management and the independent accountants. Management represented to the Committee that the Company’s consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the consolidated audited financial statements with management and the independent accountants. The Committee discussed with the independent accountants the matters required to be discussed by the PCAOB, which include, among other things:

- The initial selection of as well as changes in significant accounting policies or their application;
- Critical accounting policies;
- Methods used to account for significant transactions;
- Disagreements, if any, with management over the application of accounting principles;
- Audit adjustments; and
- Disclosures in the financial statements.

The independent accountants also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants the firm’s independence with respect to Middlesex Water Company and its management. The Committee has the sole authority to pre-approve permitted non-audit Company services performed by the independent accountants and has considered whether the independent accountants’ provision of non-audit services to the Company is compatible with maintaining their independence.

Based on the Committee’s discussions with management and the independent accountants, the Committee’s review of the audited financial statements, the representations of management regarding the audited financial statements and the report of the independent accountants to the Committee, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2009, for filing with the Securities and Exchange Commission.

The Committee also discussed with management the process used for the establishment and maintenance of disclosure controls and procedures in quarterly and annual reports which is required by the Securities and Exchange Commission (SEC) and the Sarbanes-Oxley Act of 2002 for certain of the Company's filings with the SEC.

The Committee met privately with the independent auditors who have unrestricted access to the Audit Committee.

PROPOSAL 2

THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The shares represented by the proxies will be voted for ratification of the appointment by the Audit Committee of ParenteBeard LLC as our independent registered public accounting firm to report to the shareholders on our financial statement for the fiscal year ending December 31, 2010.

Although submission of the appointment of an independent registered public accounting firm to shareholders for ratification is not required by law, the Board is submitting the selection of an independent registered public accounting firm for shareholder ratification. Under the Sarbanes-Oxley Act of 2002 and the rules of the SEC promulgated thereunder, the Audit Committee is solely responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm. Representatives of ParenteBeard LLC are expected to be present at the Annual Meeting and will be afforded an opportunity to make a statement, if they so desire, and to respond to appropriate questions.

The affirmative vote of a majority of the votes cast by shareholders in person or represented by proxy, at the Annual Meeting is required for the approval of this Proposal. The Board has not determined what action it would take if the shareholders do not approve the selection of ParenteBeard LLC, but may reconsider the selection if the shareholders' action so warrants. Even if the selection is ratified, the Audit Committee, exercising its own discretion, may select different auditors at any time during the year if it determines that such a change would be in the Company's best interests and in the best interests of shareholders.

THE BOARD RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF PARENTEBEARD LLC.

EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the section entitled “Compensation Discussion and Analysis” included in this Proxy Statement with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the “Compensation Discussion and Analysis” be included in our Proxy Statement. The members of the Compensation Committee for 2010 are: Jeffries Shein, who serves as Chair; Annette Catino; John R. Middleton, M.D. and Steven M. Klein, who became a member effective January 1, 2010.

COMPENSATION DISCUSSION AND ANALYSIS

Persons Covered. This discussion and analysis addresses compensation for 2009 for the following executive officers: Dennis W. Doll, President and Chief Executive Officer; A. Bruce O’Connor, Vice President and Chief Financial Officer; Ronald F. Williams, Vice President and Chief Operating Officer; Richard M. Risoldi, Vice President – Subsidiary Operations and Kenneth J. Quinn, Vice President – General Counsel and Corporate Secretary. These five executives are referred to in this discussion as the “Named Executive Officers.” Mr. Williams retired from the Company effective January 1, 2010. See “Committee Actions During 2009 Affecting 2010 Compensation, and Other Actions by the Committee.”

Executive Summary. A primary objective of our executive compensation program is to align the interests of our senior leadership with those of our shareholders. The key components of the Company’s compensation program are designed, augmented and modified, as appropriate, to ensure that we attract and retain qualified executive talent, and appropriately reward performance. We strive to create a compensation program that provides adequate balance between shorter- and longer-term performance. Our 2009 compensation program included competitively benchmarked base salaries and a formal annual equity incentive-based compensation program in the form of restricted common stock linked to, among other things, the Company’s strategic objectives. Notwithstanding unprecedented challenges in national and global economies and financial markets, the Company’s total shareholder return in 2009 marginally exceeded the average total shareholder return of its peers. The Company has remained committed to its disciplined and balanced approach to meeting the short- and long-term needs of its customers, shareholders and employees and utilizes the same philosophy in designing a compensation program that is aligned with effective risk management.

Role of the Compensation Committee. The Compensation Committee of the Board of Directors is responsible for making recommendations to the full Board of Directors with respect to the compensation of the Named Executive Officers, including the Chief Executive Officer. As part of these duties, the Committee administers the Company’s equity-based incentive compensation plan and conducts an annual performance review of the Chief Executive Officer and, in consultation with the Chief Executive Officer, reviews the performance of the other Named Executive Officers. The Board of Directors has ultimate authority to determine the compensation of all Named Executive Officers, including the Chief Executive Officer.

The Compensation Committee has a formal charter that describes the Committee’s scope of authority and its duties. The Compensation Committee for 2010 consists of four Directors, all of whom are “independent” as set forth in the listing requirements for NASDAQ Global Select securities. The Corporate Governance and Nominating Committee of the Board of Directors evaluates the independence of Committee members at least annually, using the standards contained in the NASDAQ Global Select listing requirements. This evaluation, and the determination that each member of the Committee is independent, was made most recently in February 2010.

Role of Executives in Committee Activities. The executive officers who serve as a resource to the Compensation Committee are the Chief Executive Officer and the Vice President-Human Resources. These executives provide the

Compensation Committee with input regarding employee compensation philosophy, processes and decisions for employees other than Named Executive Officers. This communication assists in the design and alignment of incentive programs for eligible employees throughout the Company. In addition to providing factual information such as company-wide performance on relevant measures, these executives articulate management's views on current compensation programs and processes, recommend relevant performance measures to be used for future evaluations and otherwise supply information to assist the Compensation Committee. The Chief Executive Officer also provides information about individual performance assessments for the other Named Executive Officers, and expresses to the Compensation Committee his views on the appropriate levels of compensation for the other Named Executive Officers for the ensuing year. At the request of the Compensation Committee, the Vice

President-Human Resources communicates directly with third-party consultants, providing third-party consultants with Company-specific data and information, and assisting in the evaluation of the estimated financial effect regarding any proposed changes to the various components of compensation.

Executives participate in Committee activities purely in an informational and advisory capacity and have no vote in the Committee's decision-making process. The Chief Executive Officer and Vice President-Human Resources do not attend those portions of Compensation Committee meetings during which their performance is evaluated or their compensation is being determined. No executive officer other than the Chief Executive Officer attends those portions of Compensation Committee meetings during which the performance of the other Named Executive Officers is evaluated or their compensation is being determined. In addition, the Compensation Committee meets in executive session as it considers appropriate.

Use of Consultants. The Compensation Committee periodically engages independent compensation consultants to assist it in the compensation process for Named Executive Officers. The consultants are retained by, and report directly to, the Compensation Committee. The Compensation Committee places no restrictions on consultants within the scope of contracted services and such consultants are not engaged by management for any purpose. The consultants provide expertise and information about competitive trends in the employment marketplace, including established and emerging compensation practices at other companies. The consultants also provide proxy statement and survey data, and assist in assembling relevant comparison groups for various purposes and establishing benchmarks for base salary and incentives from the comparison group proxy statement and survey data. For 2009, the Compensation Committee evaluated data from a comprehensive review presented in December 2007 for Named Executive Officer compensation, performed by Pearl Meyer & Partners.

Compensation Objectives and Philosophy. The overall objectives of the Company's compensation program are to retain, motivate, and reward employees and officers (including the Named Executive Officers) for short- and long-term performance, and to provide competitive compensation to attract appropriate talent to the Company. The methods used to achieve these goals for Named Executive Officers are influenced by the compensation and employment practices of our peers and competitors within the utilities industry, and elsewhere in the marketplace, for executive talent. Other considerations include each Named Executive Officer's individual performance in achieving both financial and non-financial corporate goals.

Our compensation program is designed to reward the Named Executive Officers based on their level of assigned management responsibilities, individual experience and performance levels and their knowledge and management of the Company's operations. The creation of long-term value is highly dependent on the development and effective execution of our business strategy by our executive officers.

Factors that influence the design of our executive compensation program include, among other things, the items listed below:

- We operate primarily in a highly regulated utility industry, with regard to both the environment and the rates for utility services that are charged to our customers. We value industry-specific experience that promotes safe, proper and reliable utility services for our customers.
- We value our executives' ability to appropriately balance the short- and long-term needs of our customers, our employees and our shareholders. We seek to not only provide safe, proper and reliable utility services on a current basis for our customers, but we also plan and execute strategies that ensure the sustainability of critical utility services into the future. In addition, we simultaneously seek to provide financial returns for our shareholders that appropriately reflect the risks and opportunities that are inherent in meeting the short-and long-term needs of our customers, and that are inherent in the provision of our utility services.
-

We value our executives' ability to attract, retain and continually develop a workforce that ensures critical technical and management skills are maintained in sufficient quantity and quality.

Our 2009 compensation program for our Named Executive Officers includes three key components. The first component is base salary. The second is an equity-based long-term incentive plan in the form of restricted common stock and the third is certain benefits and perquisites at levels that are competitive in the marketplace and appropriate for the roles of the Named Executive Officers.

Assembling the Components of Compensation. The Compensation Committee analyzes the level and relative mix of executive compensation by component (e.g., base salary, incentives, and benefits) and in the aggregate. The Chief Executive

Officer provides recommendations to the Committee relating to compensation to be paid to the Named Executive Officers other than himself. Based on this analysis, the Compensation Committee approves each Named Executive Officer's compensation, subject to ratification by the full Board of Directors.

When evaluating the components comprising total compensation, the Compensation Committee considers among other things, general market practices and the alignment of incentive awards with our strategic objectives and Company performance. The Compensation Committee seeks to create appropriate incentives without encouraging behaviors that result in inappropriate risk. These components are periodically evaluated in relation to benchmark data derived from information reported in publicly- available proxy statements and from market survey data.

Base Salary. Base salary is designed to provide a reasonable level of predictable income commensurate with market standards of the position held adjusted for specific job responsibilities assigned, individual experience and demonstrated performance. Named Executive Officers are eligible for periodic adjustments to their base salary based on these factors. The Compensation Committee reviews and approves any base salary changes for Named Executive Officers, including our Chief Executive Officer. The Compensation Committee generally seeks to undertake a comprehensive review of the compensation structure approximately every three years.

Base salary amounts for 2009 were determined based on a review of peer proxy and survey data provided by Pearl Meyer & Partners in December 2007, updated by the Company using peer group proxy data and reflecting our current knowledge of market conditions. The Compensation Committee has generally established the 50th percentile of peer proxy and survey data as the targeted base compensation level, with adjustments made upwards or downwards for each Named Executive Officer's specific experience, responsibilities and performance, estimated value in the marketplace and the Committee's view of each Named Executive Officers' role in the future success of the Company. Subject to consideration of the significant experience, contributions, and performance of each Named Executive Officer, their value in the marketplace and their critical roles in the future successes of the Company, it is intended to target the base salary level of each Named Executive Officer at the 50th percentile of peer proxy and survey data. Base salaries were adjusted in 2008 in two increments, at six-month intervals, in connection with the goal to move further toward the 50th percentile target. Despite the intent to continue to manage base salaries toward this target level, in light of general macro-economic conditions during 2009, the Compensation Committee made a determination not to change base salaries for any of the Named Executive Officers in 2009.

Incentives. The Company does not have any plan or program that provides for cash or other form of short-term incentive compensation for Named Executive Officers. The Company does have a long-term incentive plan in the form of restricted Company Common Stock (the Restricted Stock Plan). Awards under this plan are considered on an annual basis and are intended to motivate the Named Executive Officers to execute specific financial and non-financial elements of our business plan. The target award is 15% of base salary and is comprised of a single corporate financial goal, in addition to one or more individual non-financial performance goals. The financial corporate goal for 2009 was Income Before Income Taxes. The corporate financial goal comprised 60% of the target award for Named Executive Officers other than the President and Chief Executive Officer, whose corporate financial goal comprised 80% of his target award. In order to be eligible for any level of award related to the corporate financial goal, threshold financial performance of at least prior year Income Before Income Taxes must generally be met. The remaining portion of the target award for all Named Executive Officers is based upon the level of achievement of the individual non-financial performance goals. The non-financial individual performance goals are intended to motivate the Named Executive Officers to implement operational, technical, management and other initiatives that benefit the Company's customers, shareholders and employees, and which require effort above and beyond what would normally be required as part of the Named Executive Officer's base job responsibilities. The personal performance goals generally also contain elements that are strategic in nature in a competitive environment.

The Compensation Committee evaluates the reasonableness and likelihood of attaining designated incentive goals in an effort to ensure that such targets appropriately reward performance, but do not encourage inappropriate risk taking or compromises in the quality of service to the Company's customers. Actual performance during the applicable measurement period may exceed or fall short of the targets resulting in the Named Executive Officer receiving an

annual incentive award that is above or below the initial targeted level. Annual incentive awards granted in prior years are not taken into account by the Compensation Committee in the process of setting performance targets, or in evaluating achievements, for the current year.

In evaluating actual performance as compared to the established corporate financial goal, the Compensation Committee may, at its discretion, exclude items that are considered non-recurring in nature. In addition, the Compensation Committee may increase or decrease a Restricted Stock award based upon its additional consideration of a Named Executive Officer's performance or achievements.

In February 2010, the Compensation Committee evaluated achievement of the corporate financial goal. The Compensation Committee evaluated actual 2009 Net Income Before Income Taxes and determined that there were no non-recurring items in

2009 that should be considered in the determination of the level of achievement of the 2009 corporate financial goal. Based on the Company's reported 2009 Net Income Before Income Taxes, the Compensation Committee determined that threshold financial performance was not met in 2009 and therefore, no awards were made to the Named Executive Officers related to the 2009 corporate financial goal. Detailed explanation of the factors contributing to 2009 financial performance is articulated in our Annual Report to Shareholders under the heading "Management's Discussion and Analysis of Financial Condition and Results of Operations".

Separately, the Compensation Committee also evaluated the level of achievement of the personal performance goals relative to the contribution to the various strategic, competitive, operational and management objectives referenced above.

Broad-based Benefits. We also provide to our Named Executive Officers certain broad-based benefits available to all qualifying employees of the Company, as well as fringe benefits and perquisites, not generally available to all qualifying employees of the Company.

The following summarizes the significant broad-based benefits in which the Named Executive Officers were eligible to participate in 2009:

- A defined benefit pension plan
- A defined contribution 401(k) retirement plan
- Medical insurance coverage (employees share in the cost of such coverage)
- Disability insurance coverage

Group life insurance coverage (premiums associated coverage above \$50,000 are reported as taxable income to all eligible employees)

Executive Benefits and Perquisites. In addition to the broad-based benefits described above, the Named Executive Officers received the following fringe benefits and perquisites in 2009:

- Use of a company-owned vehicle. The cost of operation and maintenance of such vehicles is borne by the Company. The value of any personal use of such vehicle is reported as taxable income to the Officer

- Use of a company-owned cellular telephone generally for business purposes

coverage of 1.5x base salary (amount in excess of coverage generally available to all employees for which premiums are reported as taxable)

The Compensation Committee reviews the other components of executive compensation (broad-based benefits and executive perquisites) on an annual basis. Changes to the level or types of broad-based benefits within these categories, including considerations relating to the addition or elimination of benefits and plan design changes, are made by the Compensation Committee on an aggregate basis with respect to the group of employees entitled to those benefits, and not necessarily with reference to a particular Named Executive Officer's compensation. Decisions about these components of compensation are made without reference to the Named Executive Officers' salary and annual cash incentives, as they involve issues of more general application and often include consideration of trends in the industry or in the employment marketplace.

Employment Agreements. The Company does not have any employment agreements with any of the Named Executive Officers.

Supplemental Executive Retirement Plan (SERP). The Executive Officers including the Named Executive Officers are eligible to participate in a non-qualified Supplemental Executive Retirement Plan (SERP) at the discretion of the Board of Directors. A participant, who retires on their normal retirement date, as defined in the SERP, is entitled to an annual retirement benefit of up to 75% of compensation, generally reduced by the primary social security benefit, and further reduced by any benefit payable from the Company's qualified defined benefit pension plan. Further reductions are made for certain retirement benefits from prior employment where such benefits have accrued. Generally, a participant is vested at ten (10) years of service in the case of retirement, and in the event of a Change in Control, as

described further herein. A participant's right to receive benefits under the SERP generally commences upon retirement or death, and in connection with a Change in Control, upon termination under the circumstances described in the SERP.

Annual benefits are generally payable, upon achieving normal retirement, for fifteen (15) years, either to the participant or the participant's spousal beneficiary. Retirement benefits may also be in the form of a single life annuity, joint and 50% survivor's annuity, joint and 100% survivor's annuity, single life annuity with a ten (10) year certain period or single life annuity with a fifteen (15) year certain period paid on an actuarial equivalent basis.

The Company is not obligated to set aside or earmark any monies or other assets specifically for the purpose of funding the SERP, except that upon a Change in Control, the Company would be obligated to make contributions to a trust anticipated to be sufficient to meet the obligations under the SERP. Absent a Change in Control, benefits are in the form of an unfunded general obligation of the Company.

Exceptions to Usual Procedures. The Compensation Committee may recommend to the full Board of Directors that they approve the payment of special cash compensation to one or more Named Executive Officers in addition to payments approved during the normal annual compensation-setting cycle. The Committee may make such a recommendation if it believes it would be appropriate to reward one or more Named Executive Officers in recognition of contributions to a particular project, or in response to competitive and other factors that were not addressed during the normal annual compensation-setting cycle or, that may have changed since the normal annual compensation-setting cycle. The Compensation Committee did not make any such recommendation related to any Named Executive Officers for 2009.

The Committee may also make off-cycle compensation decisions and recommendations when a current employee is promoted to executive officer status, or an executive officer is hired. The Committee may depart from the compensation guidelines it would normally follow for executives in the case of outside hires.

Committee Actions During 2009 Affecting 2010 Compensation, and Other Actions by the Committee. In February 2009, the Compensation Committee made a determination that Named Executive Officers' base salaries would remain unchanged in 2009.

In connection with the retirement of Mr. Williams at the end of 2009, the Compensation Committee underwent a process to evaluate the options to replace Mr. Williams skills. It was determined that Mr. Risoldi was qualified to fill this role and it was recommended by the Compensation Committee, and approved by the Board of Directors, that Mr. Risoldi would be promoted to the position of Vice President - Operations & Chief Operating Officer effective January 4, 2010 and that his base salary would increase \$15,000 to \$191,200 effective as of that date.

All Compensation Committee actions taken are reviewed by the full Board of Directors for their ratification.

All employees, hired before April 1, 2007, including the Named Executive Officers, who receive pay for a minimum of 1,000 hours during the year, are included in the Company's Qualified Defined Benefit Pension Plan (Qualified Plan).^{*} Under the noncontributory Qualified Plan, current service costs are funded annually as allowed under Internal Revenue Service guidelines. The Company's annual contribution is determined on an actuarial basis. Benefits are measured from the member's entry date and accrue to normal retirement date or date of early retirement. Benefits are calculated, at normal retirement, at 1.25% of pay up to the employee's Social Security benefit integration level, plus 1.9% of such excess pay, multiplied by anticipated total year of service to normal retirement date, capped at 35 years of such excess pay, multiplied by years of service achieved and not to exceed number of years of service achieved at normal retirement date of age 65. Average pay is the highest annual average of total pay during any 5 consecutive years within the 10 calendar-year period prior to normal retirement date. The benefit amounts are not subject to any deduction for Social Security benefits or other offset amounts.

Ronald F. Williams and Kenneth J. Quinn were eligible to receive early retirement benefits under the Qualified Plan in the event of their retirement. If either elected to receive early retirement benefits, such benefits would be at a reduced level as defined under the Qualified Plan for any eligible employee who elects early retirement. No other Named Executive Officer has reached the minimum age and service requirements to receive early retirement benefits under the Retirement Plan. No lump sum payment of accumulated retirement benefits is provided under the Plan.

^{*}Employees hired after March 31, 2007 are not eligible to participate in the Qualified Plan, but do participate in a defined contribution plan that provides an annual contribution at the discretion of the Company based upon a percentage of the participants' compensation.

POTENTIAL PAYMENTS UPON CHANGE IN CONTROL

The Company has Change in Control Agreements with the Named Executive Officers and other Executive Officers of the Company. These agreements generally provide that if the executive is terminated by the Company, other than for death, disability, retirement, cause (as defined in the agreement), or if the executive resigns for Good Reason (as defined in the agreement) within three (3) years after a Change In Control of the Company as defined in the agreement, the executive is entitled to receive, (a) a lump sum severance payment equal to three (3) times the executive's average total compensation for the five (5) years prior to the termination; (b) continued coverage for three (3) years under any health or welfare plan in which the executive and the executive's dependents were participating; and (c) an additional amount equal to the amount of federal Excise Tax, if any, that is due or determined to be due resulting from the severance payments or any other payments under the agreement. The benefits under any health or welfare benefit plan could end earlier than three (3) years from the date of termination and would end on the earlier to

occur of (i) the date the executive becomes covered by a new employer's health and welfare benefit plan, or (ii) the date the executive becomes covered by Medicare. Also, coverage for the executive's dependents could end earlier than any of these dates if required by the health or welfare benefit plan due to age eligibility.

In addition to the benefits to be paid to the executive as noted above on or before the third anniversary of the Change in Control, the Company shall pay the executive any deferred compensation, including, but not limited to, deferred bonuses allocated or credited to the executive as of the date of termination. Also, any outstanding restricted stock grants awarded to the executive under the Company's stock plans, which are not vested on termination, shall immediately vest.

A Change in Control may also lead to the payment of benefits to the Named Executive Officers and other Executive Officers, who are participants under the Company's Supplemental Executive Retirement Plan ("SERP"). Under the SERP, if an executive leaves the Company's employ, under the terms of a Change In Control agreement within five years of the Change In Control under any of the following circumstances: (a) the executive's employment with the Company is terminated by the Company other than for cause; (b) the nature and scope of the executive's duties or activities with the Company or its successor are reduced to a level significantly below that which the executive had enjoyed immediately prior to the Change in Control; or (c) the executive's base salary is reduced; or (d) if the Change in Control is preceded by the Company terminating the executive's employment with the Company without cause during the six month period prior to the occurrence of the Change in Control, the executive shall be entitled to receive an annual retirement benefit equal to 75% of the executive's Compensation (and in some cases, 50% of Compensation) reduced by certain other benefits as more particularly set forth in the SERP. Such annual retirement benefits shall commence within sixty days after the later of (a) the executive's Normal Retirement Date, or (b) the executive's retirement or termination of employment with the Company or its successor. Unless the executive elects and receives approval of an alternative form of payment under the SERP, the executive shall receive the annual retirement benefit each year for fifteen years payable in monthly installments.

Notwithstanding the foregoing, if an executive leaves the Company's employ under the terms of a Change In Control agreement and within the time frame and for the reasons discussed above, then, at the executive's sole option, the executive may elect to receive a reduced benefit equal to 75% of the executive's Compensation (and in some cases, 50% of Compensation) reduced by certain other benefits as prorated as set forth in the SERP. Such benefit shall commence within sixty days after the executive terminates employment with the Company or its successor.

The following table indicates the potential value the Named Executive Officers would receive in connection with termination by the Company within three years after a Change in Control of the Company. All scenarios use December 31, 2009, the last business day of the Company's last completed fiscal year, as the date for the triggering event set forth in the schedule. Additionally, the potential values to each of the Named Executive Officers also include the present value of accumulated benefits under the SERP assuming that each Named Executive Officer made an election to receive such benefits within sixty days after the executive terminates employment with the Company or its successor.
