PROXY STATEMENT

Purpose

This Proxy Statement is being furnished to you in connection with the solicitation of proxies by the Board of Directors of Beazer Homes USA, Inc., a Delaware corporation (the “Company”), for use at our annual meeting of stockholders to be held on February 1, 2018 and at any adjournments or postponements thereof. Stockholders of record at the close of business on December 6, 2017 are entitled to notice of and to vote at the annual meeting. On December 6, 2017, we had 33,596,091 outstanding shares of common stock. Each share of common stock entitles the holder to one vote with respect to each matter to be considered. The common stock is our only outstanding class of voting securities.

Voting Instructions

General

Shares represented by a proxy will be voted in the manner directed by the stockholder. If no direction is made, except as discussed below regarding broker non-votes, the completed proxy will be voted:

1. FOR the election of the nine nominees to our Board of Directors named in this Proxy Statement;
2. FOR the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2018;
3. FOR the approval of the compensation paid to our named executive officers (the “Say on Pay” proposal); and
4. In accordance with the judgment of the persons named in the proxy as to such other matters as may properly come before the annual meeting or any adjournments or postponements thereof.

We have not received notice of any matters to be brought before the meeting other than as specified in the attached notice of meeting.

If you are a stockholder of record as of the close of business on December 6, 2017, you can vote:

1. by signing and dating a written proxy card and mailing it to the address indicated (if you requested a proxy card);
2. by submitting a written ballot at the meeting;
3. over the telephone by calling a toll-free number; or
4. by using the Internet.

If you hold your shares in “street name,” you must vote your shares in the manner prescribed by your broker or nominee. Your broker or nominee has included or provided a voting instruction form for you to use in directing the broker or nominee on how to vote your shares.

Signature Requirements

If shares are registered in the name of more than one person, each named person should sign the proxy. If the stockholder is a corporation, the proxy should be signed in the corporation’s name by a duly authorized officer. If a proxy is signed as a trustee, guardian, executor, administrator, under a power of attorney or in any other representative capacity, the signer’s full title should be given.

Revocation

A stockholder giving a proxy may revoke it at any time before the vote is cast at the annual meeting by executing and returning to our Corporate Secretary at our principal executive office or to the official tabulator (Broadridge Financial

Solutions, Inc., 51 Mercedes Way, Edgewood, NY 11717) (“Broadridge”), either a written revocation or a proxy bearing a later date, prior to the annual meeting. Any stockholder who attends the annual meeting in person will not be considered to have revoked his or her proxy unless such stockholder affirmatively indicates at the annual meeting his or her intention to vote in person the shares represented by such proxy. In addition, a stockholder may revoke a proxy by submitting a subsequent proxy by Internet or telephone by following the instructions contained in our Notice and Access Letter.

Quorum

The presence, in person or represented by proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote at the meeting is required to constitute a quorum. Shares represented by proxies which indicate that the stockholder abstains as to the election of directors or other proposals will be treated as being present for the purpose of determining the presence of a quorum. Stockholders will be entitled to one vote for each share they hold.

Broker Non-Votes

If a broker does not receive instructions from the beneficial owner of shares held in street name for certain types of proposals, it must indicate on the proxy that it does not have authority to vote such shares (a “broker non-vote”) as to such proposals. Please note that, under the rules of the New York Stock Exchange (the “NYSE”) that guide how brokers vote your stock, if your broker does not receive instructions from you, your broker will not be able to vote your shares with respect to any of the proposals except Proposal 2.

Accordingly, if your shares are held in street name, we strongly encourage you to provide your broker with voting instructions and exercise your right to vote for these important proposals.

We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for costs incurred in connection with this solicitation.

CORPORATE GOVERNANCE

Board of Directors and Committees

During fiscal year 2017, our Board of Directors had four standing committees: the Audit Committee, the Compensation Committee, the Nominating/Corporate Governance Committee and the Finance Committee. Directors are encouraged to attend the annual meeting of stockholders, but are not required to do so. At the last annual meeting of stockholders, held on February 3, 2017, all directors were in attendance. During fiscal year 2017, each director attended at least 75% of the aggregate of all meetings of the Board of Directors and each committee on which he or she served.

Mr. Shepherd was elected to the Board of Directors in November 2016, at which time he also joined the Audit Committee and Compensation Committee. Larry T. Solari retired from the Board of Directors at the 2017 annual meeting of stockholders. Prior to his retirement from the Board, Mr. Solari served on the Compensation Committee and the Nominating/Corporate Governance Committee.

Our Board of Directors held four meetings during fiscal year 2017. The following table shows the current membership of each committee and the number of meetings held by each committee during fiscal year 2017:

Committee Responsibilities

Audit Committee - Our Audit Committee provides assistance to our Board of Directors in fulfilling its responsibilities related to accounting, auditing and public reporting practices of the Company, the quality and integrity of our financial reports, and our internal controls over finance, accounting and financial reporting, legal compliance, risk management and compliance with the Company's ethics policies. The Audit Committee also oversees and approves certain related party transactions and other matters that may involve conflicts of interest. In fulfilling these functions, it reviews and makes recommendations to our Board of Directors with respect to certain financial and accounting matters. The Audit Committee also engages and sets compensation for our independent auditors. Our Audit Committee meets the definition of an audit committee as set forth in Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”).

Compensation Committee - Our Compensation Committee discharges our Board of Directors' responsibilities relating to the compensation of our executives and directors. More specifically, this Committee establishes and administers cash-based and equity-based compensation programs for directors and executive management, which includes our NEOs. This Committee also reviews and recommends to our Board of Directors the inclusion of the Compensation Discussion and Analysis in this Proxy Statement.

Nominating/Corporate Governance Committee - Our Nominating/Corporate Governance Committee makes recommendations concerning the appropriate size and needs of our Board of Directors, including the annual nomination of directors and review of nominees for new directors. Our Nominating/Corporate Governance Committee also reviews and makes recommendations concerning corporate governance and other policies related to our Board of Directors, as well as evaluating the performance of our Board of Directors and its committees.

Finance Committee - Our Finance Committee provides assistance to our Board of Directors by reviewing and recommending to the Board of Directors matters concerning corporate finance, including, without limitation,

3

equity and debt financings, acquisitions and divestitures, share repurchases and our dividend policy. Our Board of Directors has delegated certain limited authority with respect to these matters to this Committee.

Committee Charters

Our Board of Directors has adopted charters for our Audit, Compensation and Nominating/Corporate Governance Committees designed to comply with the requirements of the listing standards of the NYSE relating to corporate governance matters (the “NYSE Standards”) and applicable provisions of the Sarbanes-Oxley Act of 2002 (the “Sarbanes-Oxley Act”) and the rules of the Securities and Exchange Commission (the “SEC”). The current version of each of these charters, as well as the charter for our Finance Committee, has been posted and is available for public viewing in the Investors section of our web site at www.beazer.com. In addition, committee charters are available in print to any stockholder upon request to our Investor Relations Department, Beazer Homes USA, Inc., 1000 Abernathy Road, Suite 260, Atlanta, Georgia 30328.

Board Leadership Structure

Our Board of Directors believes that, at this present time, it is appropriate for the positions of Chairman of the Board and Chief Executive Officer to be held by separate individuals. Since our initial public offering (“IPO”) in 1994, our Board of Directors has been led by a Non-Executive Chairman, while management of the Company has been led by a President and Chief Executive Officer (“CEO”). We believe the current structure provides for direct independent oversight of management and clearly delineates the respective roles of the Board of Directors at the strategic level, and of management at the operational level. Mr. Zelnak was appointed to serve as our Non-Executive Chairman of the Board on February 4, 2015.

Board Corporate Governance Practices

Our Board of Directors has adopted a number of measures designed to comply with the requirements of the Sarbanes-Oxley Act, rules and regulations of the SEC interpreting and implementing the Sarbanes-Oxley Act and the NYSE Standards, as well as other measures that our Board of Directors believes are best practices. The measures adopted by our Board of Directors that we believe are most significant are described below.

Majority Vote Standard and Director Resignation Policy

Our Bylaws and Corporate Governance Guidelines provide a majority voting standard for the election of directors in uncontested elections. Director nominees will be elected if the votes cast for such nominee exceed the number of votes cast against such nominee. In the event that (i) a stockholder proposes a nominee to compete with nominees selected by our Board of Directors, and the stockholder does not withdraw the nomination prior to our mailing the notice of the stockholders meeting, or (ii) one or more directors are nominated by a stockholder pursuant to a solicitation of written consents, then directors will be elected by a plurality vote.

Our Corporate Governance Guidelines provide that our Board of Directors will only nominate candidates who tender their irrevocable resignations, which are effective upon (i) the candidate not receiving the required vote at the next annual meeting at which they face re-election and (ii) our Board of Directors accepting the candidate’s resignation. In the event that any director does not receive a majority vote, then our Corporate Governance Guidelines provide that our Nominating/Corporate Governance Committee will act on an expedited basis to determine whether to accept the director’s resignation and will submit its recommendation to our Board of Directors. In deciding whether to accept a director’s resignation, our Board of Directors and our Nominating/Corporate Governance Committee may consider any factors that they deem relevant. Our Corporate Governance Guidelines also provide that the director whose resignation is under consideration will abstain from the deliberation process. All candidates standing for re-election at the annual meeting have tendered such resignations.

Matters Relating to Risk Management

Board and Committee Oversight of Risk

Effective risk oversight is a priority of our Board of Directors. Management is responsible for the day-to-day management of our risks and provides periodic reports to the Board of Directors and its committees relating to those risks and risk-mitigation efforts. All committees report on the risk categories they oversee to the full Board of Directors on an as needed basis.

Our Board of Directors has delegated primary responsibility for overseeing our risk management process to the Audit Committee. The Audit Committee oversees our risk identification and mitigation processes and specifically oversees management of our financial, legal and fraud policies, as well as our regulatory compliance risks. This includes regular evaluation of risks related to the Company's financial statements, including internal controls over financial reporting. Members of our management, including our Chief Financial Officer, General Counsel, Compliance Officer and Director of

4

Internal Audit, report to the Audit Committee on a quarterly basis regarding the on-going risk management activities. The Audit Committee also oversees the internal audit function and our independent auditors, and meets separately on at least a quarterly basis with the Compliance Officer, Director of Internal Audit and representatives of our independent registered public accounting firm as part of this oversight responsibility.

The Compensation Committee oversees risks related to compensation programs and philosophy to ensure that our compensation programs, including those applicable to our executives, do not encourage excessive risk taking. The Compensation Committee works periodically with its independent compensation consultant to structure executive compensation plans that are appropriately balanced and incentivize management to act in the best interest of our stockholders.

The Finance Committee oversees risks relating to liquidity, capital structure and investments, including land acquisition and development. The Finance Committee, as well as the Board of Directors as a whole, reviews our long-term strategic plans, annual budget, capital commitments, cash needs and funding plans. Management is responsible for the day-to-day management of these risks, while our Board of Directors takes an oversight role with respect to these risks.

The Nominating/Corporate Governance Committee oversees risks relating to governance matters. The Nominating/Corporate Governance Committee also oversees our ethics program, including implementation of our Code of Business Conduct and Ethics, and compliance by directors and management with the corporate governance and ethics standards of the Company.

Impact of Compensation Philosophy and Program Design on Risk

We have previously analyzed the compensation plans of employees in positions that we considered to have the potential to create risks reasonably likely to have a material adverse effect on us, including our NEOs. We then reviewed the compensation plans of these groups of employees against risk factors established by widely recognized sources. As described in more detail below under “Compensation Discussion and Analysis,” long-term compensation programs for our NEOs have been structured such that a greater portion of long-term compensation is linked to our long-term performance. This model of linking long-term compensation to our performance applies not only to our NEOs, but has also been applied to senior corporate officers, as well as senior management in our divisions. In addition, undue risk that may be associated with NEO compensation is mitigated through the utilization of caps on incentive payouts, the use of multiple performance measures for incentive plans, a compensation clawback policy, stock ownership guidelines and the Compensation Committee’s ability to exercise negative discretion in determining incentive payouts. We believe that our compensation plans reflect sound risk management practices and do not encourage excessive or inappropriate risk taking.

Director Independence

The NYSE Standards require that our Board of Directors be comprised of a majority of independent directors. The Sarbanes-Oxley Act and rules of the SEC require that the Audit Committee be comprised solely of independent directors. The NYSE Standards further require that the Compensation and Nominating/Corporate Governance Committees also be comprised solely of independent directors. Our Board of Directors has affirmatively determined that Elizabeth S. Acton, Laurent Alpert, Brian C. Beazer, Peter G. Leemputte, Peter M. Orser, Norma A. Provencio, Danny R. Shepherd, Larry T. Solari and Stephen P. Zelnak, Jr. had no material relationship with the Company other than their relationship as members of our Board of Directors and were independent within the meaning of the Sarbanes-Oxley Act and the NYSE Standards.

In making these determinations, our Nominating/Corporate Governance Committee, with assistance from our General Counsel, evaluated responses to an independence and qualification questionnaire completed annually by each director and follow-up inquiries made to certain directors. In the case of Mr. Solari, the responses to the questionnaire indicated that we have purchased an immaterial amount of goods from certain companies (or their subsidiaries) of which Mr. Solari is a director and general partner. Our Board of Directors affirmatively determined that the relationship was not material either to us or to the companies. Based on the foregoing, our Board of Directors had a majority of independent directors and each of the Audit, Nominating/Corporate Governance and Compensation committees of our Board of Directors during fiscal year 2017 were comprised entirely of independent directors. It is

expected that the majority of directors and all members of such committees in fiscal year 2018 will be independent as well. Accordingly, during fiscal year 2017, we were in compliance with the requirements of the NYSE and the SEC for director independence, and we will continue to be in compliance during fiscal year 2018.

Executive Sessions of Non-Management Directors

In accordance with the NYSE Standards, our Board of Directors typically holds an executive session of non-management directors (all of whom are independent) as a part of every regularly scheduled meeting of our Board of Directors. These executive sessions are chaired by the Non-Executive Chairman of our Board of Directors.

Communications with Board Members

Security holders and interested parties wishing to communicate directly with our Non-Executive Chairman or any sub-group of our independent directors may do so by directing their communications to the ethics hotline described below and specifically asking the operator to direct their concerns to our Non-Executive Chairman or such independent directors, as desired.

Ethics Hotline

We maintain an ethics hotline 1-866-457-9346 that individuals may call to report any concerns to Global Compliance, a third party service provider that administers our ethics hotline. Alternatively, interested parties can report any such concern by visiting the following web site: www.integrity-helpline.com/Beazer.jsp. The link provides an on-line form that, upon completion, will be submitted directly to Global Compliance. Individuals may report their concerns anonymously, should they wish to do so. All such reports are directed to certain of our officers, including our Compliance Officer, and are reviewed and investigated as appropriate. Where warranted after investigation, messages will be summarized and referred to the Audit Committee for appropriate action.

Corporate Governance Guidelines and Code of Business Conduct and Ethics

Our Board of Directors has adopted a set of Corporate Governance Guidelines that address an array of governance issues and principles, including director qualifications and responsibilities, access to management personnel and independent advisors, director orientation and continuing education, management succession, annual performance evaluations of our Board of Directors and meetings of independent directors.

We maintain a Code of Business Conduct and Ethics (“Code of Ethics”) applicable to all directors, officers and employees that complies with the NYSE Standards. Our employees are also subject to additional Company policies, guidelines and rules governing particular types of conduct or situations. On an annual basis, each director, officer and employee of the Company is required to provide an acknowledgment that he or she has received and reviewed our Code of Ethics and to disclose potential ethics issues. In addition, all employees of the Company are required to undergo an annual ethics training program.

The current versions of our Corporate Governance Guidelines and Code of Ethics are posted and available for public viewing in the Investors section of our web site at www.beazer.com. In addition, they are available in print to any stockholder upon request to our Investor Relations Department, Beazer Homes USA, Inc., 1000 Abernathy Road, Suite 260, Atlanta, Georgia 30328.

Stock Ownership and Holding Requirements

Our Company has a stock ownership policy for outside directors and NEOs to more closely align the interests of our NEOs and directors with those of our stockholders. The stock ownership policy requires each NEO and director to own the lesser of either (i) a multiple of base salary (for NEOs) or annual retainer (for outside directors) or (ii) a fixed number of shares. NEOs and directors are required to hold 50% of net after-tax shares issued upon vesting of restricted stock or exercised stock options until their required respective stock ownership levels are achieved. Once an individual achieves the stock ownership requirement, the retention requirement no longer applies.

Under this policy, the ownership requirement for our CEO is 5.0 times base salary and the ownership requirement for our other NEOs is 3.0 times base salary. The ownership requirement for directors is 3.0 times the annual retainer. Each NEO or director must be in compliance with the policy by the later of (i) five years from the policy's 2011 adoption date, or (ii) five years from the date the individual becomes an NEO or director. As of December 6, 2017, all of our NEOs and directors were in compliance with our stock ownership policy. For additional information see “Compensation Discussion and Analysis — Various Compensation Policies — Stock Ownership and Holding Requirements.”

No Hedging or Pledging of Company Stock

Our Board of Directors has adopted a policy that prohibits our officers and directors from hedging or pledging Company stock.

Compensation Clawback Policy

Since 2011, we have had a policy that would enable the Company to clawback all or a portion of incentive compensation in the event an individual's misconduct causes the Company to issue a restatement of its financials, to

the extent that

6

individual's incentive compensation was based on the misstated financials. For additional information see "Compensation Discussion and Analysis — Various Compensation Policies — Compensation Clawback Policy." Awards under our 2014 Long-Term Incentive Plan are subject to any clawback policy adopted by the Compensation Committee, including clawback policies to comply with the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), the Sarbanes-Oxley Act and any final SEC rules. Under the 2014 Long-Term Incentive Plan, the Compensation Committee may also provide for recoupment or forfeiture of awards if a participant engages in "detrimental activity" with respect to the Company.

Our NEOs' employment agreements further specify that any incentive compensation that is paid or granted to the NEOs will be subject to recoupment under the terms of any clawback policy of the Company.

Procedures Regarding Director Candidates Recommended by Stockholders

Our Nominating/Corporate Governance Committee will consider Board of Director candidates recommended by our stockholders. If the Nominating/Corporate Governance Committee determines to nominate a stockholder-recommended candidate, then that nominee's name will be included in the proxy statement for the next annual meeting. Stockholder recommendations must be addressed to: Beazer Homes USA, Inc., Attention: Chair, Nominating/Corporate Governance Committee, 1000 Abernathy Road, Suite 260, Atlanta, Georgia 30328. Our stockholders also have the right under our Bylaws to directly nominate director candidates at an annual meeting by following the procedures outlined in our Bylaws. If a director candidate were to be recommended by a stockholder, our Nominating/Corporate Governance Committee will evaluate such candidate in the same manner it evaluates director candidates identified by such Committee.

Director Qualifications

Pursuant to our Corporate Governance Guidelines, our Nominating/Corporate Governance Committee is directed to work with our Board of Directors on an annual basis to determine the appropriate characteristics, skills and experience for each director and for our Board of Directors as a whole. In evaluating these issues, the Committee and our Board of Directors take into account many factors, including the individual director's general understanding of accounting, marketing, finance and other elements relevant to the success of a large publicly-traded company, understanding of our business on an operational level, education or professional background and willingness to devote time to Board of Director duties. While our Board of Directors does not have a specific diversity policy, it considers diversity of race, ethnicity, gender, age and professional accomplishments in evaluating director candidates. Each individual is evaluated in the context of our Board of Directors as a whole, with the objective of recommending a group of nominees that can best promote the success of the business and represent stockholder interests through the exercise of sound judgment based on diversity of experience and background.

Compensation Committee Interlocks and Insider Participation

The members of our Compensation Committee during fiscal year 2017 were Messrs. Leemputte, Orser, Shepherd and Solari and Ms. Provencio. Mr. Solari retired from the Board of Directors and his role with the Compensation Committee at our 2017 annual meeting of stockholders. None of the members of our Compensation Committee has ever been an officer or employee of the Company or any of our subsidiaries. None of the members of our Compensation Committee had any relationship requiring disclosure under "Transactions with Related Persons." **PROPOSAL 2 — RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board of Directors has selected the firm of Deloitte & Touche LLP, the member firms of Deloitte & Touche Tohmatsu, and their respective affiliates (collectively, “Deloitte & Touche”), to serve as our independent registered public accounting firm for the fiscal year ending September 30, 2018. Deloitte & Touche has served as our accounting firm since our fiscal year ended September 30, 1996. The services provided to the Company by Deloitte & Touche for the last two fiscal years are described under the caption “Principal Accountant Fees and Services” below. Stockholder approval of the appointment is not required; however, our Board of Directors believes that obtaining stockholder ratification of the appointment is a sound governance practice.

Representatives of Deloitte & Touche will be present at the annual meeting, will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions from stockholders.

Recommendation

The Board of Directors recommends a vote FOR ratification of the appointment of Deloitte & Touche as the Company’s independent registered public accounting firm for the fiscal year ending September 30, 2018.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee meets the definition of an audit committee as set forth in Section 3(a)(58)(A) of the Exchange Act and operates under a written charter adopted by our Board of Directors. Each member of the Audit Committee is independent and financially literate in the judgment of the Board of Directors and as required by the Sarbanes-Oxley Act and applicable SEC and NYSE rules. The Board of Directors has also determined that Ms. Acton, Ms. Provencio and Messrs. Shepherd and Zelnak qualify as “audit committee financial experts,” as defined under SEC regulations. Management is responsible for our internal controls and the financial reporting process. Deloitte & Touche, the Company’s independent registered public accounting firm, is responsible for performing an independent audit of the Company’s consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States) (the “PCAOB”) and for issuing a report thereon. The Audit Committee’s responsibility is generally to monitor and oversee these processes, as described in the Audit Committee Charter.

The Audit Committee reviewed and discussed with management the Company’s audited financial statements as of and for the fiscal year ended September 30, 2017. The Audit Committee has discussed with Deloitte & Touche the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the PCAOB in Rule 3200T.

The Audit Committee has also received the written communications from Deloitte & Touche required by the PCAOB regarding Deloitte & Touche’s communications with the Audit Committee concerning independence and has discussed with Deloitte & Touche their independence. The Audit Committee has considered whether the provision of the non-audit services described below by Deloitte & Touche is compatible with maintaining their independence and has concluded that the provision of these services does not compromise such independence.

Based on the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements referred to above be included in the Company’s Annual Report on Form 10-K for the fiscal year ended September 30, 2017 for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (“CD&A”) provides a detailed description of our executive compensation objectives, practices and programs, as well as the means by which our Compensation Committee (the “Committee”) determines executive compensation under those programs. The CD&A focuses on the compensation of our NEOs for fiscal year 2017, who were:

- our President and Chief Executive Officer, Allan P. Merrill;
- our Executive Vice President and Chief Financial Officer, Robert L. Salomon; and
- our Executive Vice President, General Counsel and Chief Administrative Officer, Kenneth F. Khoury.

Executive Summary

Fiscal Year 2017 Results

The Committee and its independent compensation consultant establish programs that are intended to reward past performance and to incent future achievements that support the Company’s short-term and long-term strategic goals and business plans. The Committee believes that when designing such programs that it is important to review the financial and operational achievements of management for the previous fiscal year as well as over the long term.

During fiscal year 2017, we made significant progress on virtually all key financial metrics and improved on our fiscal year 2016 performance, despite challenging conditions in several of our markets. In fiscal year 2017:

• Our net income from continuing operations was \$32.0 million, up from \$5.2 million in the prior year.

• Adjusted EBITDA was \$178.8 million, up 14.4% year-over-year.

• Homebuilding revenue grew to \$1.9 billion, up 6.2% year-over-year.

• Our average sales price (“ASP”) increased to \$343,100, the highest ASP for any year in our history.

• New home deliveries were 5,525, up 2.0% year over year.

• New home orders were 5,464, up 3.2% year-over-year.

• Our average active community count was 155, down 6.7% year-over-year.

• The dollar value of our backlog was \$665.8 million at the end of the fiscal year, up 2.0% year-over-year.

For purposes of this CD&A, the terms used below will have the following meaning:

“Adjusted EBITDA” (earnings before interest, taxes, depreciation, amortization, debt extinguishment charges and impairments) is calculated by adding charges, including inventory impairment and abandonment charges, joint venture impairment charges and other non-recurring items for the period to EBITDA. “EBITDA” is calculated by adding non-cash charges, including depreciation and amortization for the period, to EBIT. “EBIT” equals net income (loss) before (a) previously capitalized interest amortized to home construction and land sales expenses, capitalized interest impaired and interest expense not qualified for capitalization; and (b) income taxes. See Annex I for a reconciliation of Adjusted EBITDA to net income (loss).

“Bonus Plan EBITDA” is equal to Adjusted EBITDA before accrual of corporate bonuses.

Progress Since Fiscal Year 2011

After being appointed to their current management roles in June 2011, our NEOs have returned the Company to profitability and generated significant increases in revenue, adjusted EBITDA and shareholders’ equity while reducing total debt as a percentage of shareholders’ equity plus total debt. These achievements since fiscal year 2011 are highlighted below.

Significant Improvement in Total Revenue, Net Income from Continuing Operations and Adjusted EBITDA. Since fiscal year 2011, the Company grew revenue by 158.2%. During the same period, Net Income from Continuing Operations grew from a loss of \$200.2 million for fiscal year 2011 to net income of \$32 million for fiscal year 2017. Adjusted EBITDA ⁽¹⁾ for fiscal year 2017 of \$178.8 million reflects an improvement of \$203.7 million, as compared to a loss of \$24.9 million for fiscal year 2011. Since the fourth quarter of fiscal year 2011, Adjusted EBITDA over the trailing twelve month period has increased in 23 out of 24 quarters.

⁽¹⁾ See Annex I for a reconciliation to the comparable GAAP measure.

Reduced Debt as a Percentage of Total Capital. We reduced total debt as a percentage of total debt and shareholders equity from 88.1% at the end of fiscal year 2011 to 66.0% at the end of fiscal year 2017.

Increased Shareholder Equity. Shareholder equity has increased by 243.9%, from \$198.4 million at September 30, 2011 to \$682.4 million at September 30, 2017.

Increased New Home Orders and Closings. New home orders of 5,464 and closings of 5,525 for fiscal year 2017 increased by 39.1% and 70.1%, respectively, as compared to fiscal year 2011.

Substantial Growth in Average Sales Per Community and Average Sales Price. The Company improved average sales per community per month from 1.8 for fiscal year 2011 to 2.9 for fiscal year 2017, a 61.1% increase. Our fiscal year 2017 rate of sales per community per month remains among the strongest absorption rates in the industry. Over the same time period, the Company increased the average sales price by 56.4%, from \$219,400 to \$343,100 (the highest in Company history).

Reduced Costs as a Percentage of Revenue. SG&A as a percentage of total revenue was reduced from 22.9% for fiscal year 2011 to 12.4% for fiscal year 2017.

Activated Previously Idled Land. At the close of fiscal year 2011, the Company's balance sheet was burdened with approximately \$385 million of land owned for which development was not economically feasible. Since that time, the Company has sold or activated much of this idled land and, as of the close of fiscal year 2017, the remaining properties are carried at \$113 million. This efficient use of assets already owned has permitted the Company to devote capital to other uses such as acquisition of new land and debt reduction.

Highlights of Our Compensation Practices

Set forth below are certain highlights of our current compensation practices. These practices include those adopted to drive the Company's performance, as well as those the Company has not adopted because the Committee does not believe these practices serve the best interests of our stockholders.

<p>•</p> <p>þ Pay for Performance</p>	Despite significant improvements in financial and operational results, realizable values for long-term incentive awards granted to NEOs the last five years are well below target award values since the Company's performance did not achieve specified performance metrics. For example, the Total Shareholder Return performance shares granted to our NEOs in fiscal years 2013, 2014 and 2015, the Pre-Tax Income performance shares granted to our NEOs in fiscal year 2015 and the performance cash tied to gross margin improvement granted in fiscal year 2014 expired without vesting.	24-30
þ Alignment with Stockholder Interests	In recent years, we increased the emphasis on equity-based grants to our NEOs to more closely align their interests with those of our stockholders, and increased NEO stock ownership and holding requirements.	30-31
þ Awards Do Not Automatically Vest Following a Change in Control	Our NEO employment agreements include double-trigger change in control provisions as a condition to cash severance payments. In addition, in the event of a change in control, annual equity awards to NEOs under our 2014 Long-Term Incentive Plan do not automatically vest. Instead, the Committee has broad discretion to determine the treatment of such awards.	36-38
þ Mitigate Undue Risk	Undue risk that may be associated with NEO compensation is mitigated through the utilization of caps on incentive payouts, multiple performance measures for incentive plans, a compensation clawback policy, and stock ownership guidelines. The Committee receives a compensation risk assessment annually from its independent compensation consultant.	4-6, 24-30
þ Compensation Subject to Recoupment or "Clawback"	The Company has the right to clawback all or a portion of an individual's incentive compensation in the event their misconduct requires the Company to restate of its financial statements, to the extent that individual's incentive compensation was based on the misstated financials.	6-7
þ No Hedging or Pledging of Company Stock	The Company has a policy that prohibits our officers and directors from hedging or pledging Company stock.	6
þ Independent Compensation Consultant	The Committee utilizes an independent compensation consulting firm, Pearl Meyer, which reports directly to the Committee and does not provide any other services to the Company.	24-25
þ Annual Review of Share Utilization	The Company annually evaluates share utilization run rates to strike the appropriate balance among dilution to stockholders, management incentives and practices at peer companies.	27-30
What We Don't Do		
Practice	Company Highlights	
ý No Tax-Gross Ups	We do not provide tax gross-ups for our NEOs or our directors or any employee.	
ý No NEO Specific Perquisites	NEOs do not have supplemental executive retirement plans, company cars, club memberships or other significant perquisites. NEOs receive benefits that are comparable to benefits provided to other employees and for some benefits pay higher rates than other employees.	

ý No Evergreen

NEO employment agreements do not automatically renew, are for a fixed term and are terminable by the Company with or without cause.

ý No "Liberal Share
Recycling"

Our 2014 Long-Term Incentive Plan provides that shares of common stock used to pay taxes or to pay the exercise price of stock options for Awards will be cancelled and not available for re-issuing.

Consideration of the 2017 Say on Pay Vote

Following our 2017 annual meeting of stockholders, the Committee reviewed the results of the non-binding stockholder advisory vote on our executive compensation (the "2017 Say on Pay Vote"). Over 96% of the shares voted on the proposal were voted in support of the compensation of our NEOs.

In designing the compensation program for fiscal year 2018, the Committee considered the results of the 2017 Say on Pay Vote, our ongoing dialogue with stockholders, internal considerations such as consistency from year to year and an evaluation of peer practices. After consideration, the Committee concluded that, for fiscal year 2018, it was appropriate to maintain the existing compensation mix of our NEOs, with a slight variation in the components of the long-term incentive plan to reflect the Company's current strategic direction. The fiscal year 2018 compensation program continues to tie the majority of our NEOs' compensation to performance metrics that support the Company's strategy of balanced growth.

Overall Compensation Philosophy and Objectives

Pay for Performance

Our core compensation philosophy continues to be focused on providing incentive compensation to our management team when they achieve aggressive financial and non-financial goals that the Committee and our Board of Directors believe are critical to enhancing stockholder value. As part of that philosophy, failure to reach such goals can result in no compensation under a particular plan or metric. For example, the Total Shareholder Return performance shares granted to our NEOs in November 2012, November 2013 and November 2014 expired at the end of their three-year performance periods without vesting because the Company's stock price did not achieve the specified performance levels. Also, the Pre-Tax Income performance shares granted to our NEOs in November 2014 expired at the end of its three-year performance period in November 2017 without vesting because the Company did not achieve the specified performance level.

Core Principles

Our compensation program is comprised of a combination of base salary, short-term cash incentive compensation and long-term incentives in the form of performance shares and, to a lesser extent, time-based restricted stock. The Committee generally seeks to align overall compensation opportunities within a competitive range of the peer group 50th percentile.

The Committee reviews our core compensation philosophy annually in conjunction with the review of our compensation programs. While our core compensation philosophy and objectives have remained largely constant, the Committee has not hesitated to make adjustments to various aspects of our compensation programs to meet changing needs and circumstances of the Company. For example, the addition of a debt reduction metric for the fiscal year 2016 long-term incentive plan was the result of a new strategic goal for fiscal year 2016 to aggressively reduce debt. By structuring compensation programs with features that are balanced between short- and long-term payouts as well as cash and equity awards, the Committee believes it can:

- align management's interests with those of our stockholders in both the short- and long-term;
- reduce risks that may be associated with compensation that is overly focused on short-term objectives; and
- attract, retain and motivate senior management personnel.

The Committee also believes that base salary and incentive compensation opportunities should be set based on a variety of factors, including key business objectives and strategic priorities, Company and executive performance, the compensation practices of our peer group, each executive's specific responsibilities and skill sets, and the relationship among the compensation levels of members of our management team. In addition, the Committee has taken into consideration our need to attract and retain qualified executives in an industry that continues to experience an intense level of competition for senior executives.

Role of the Committee, Management and Compensation Consultants

The principal responsibilities of the Committee include:

- meeting with its independent compensation consultant, with and without the presence of management, to review and structure objectives and compensation programs for our NEOs that are aligned with the Company's business and financial strategy, and accordingly, stockholder interests;
- evaluating the performance of our NEOs in light of those objectives; and
- based on this evaluation, determining and approving the compensation level for our CEO (with input from our Non-Executive Chairman) and for other executive officers, with our CEO's input.

During fiscal year 2017, the members of the Committee took into account discussions with, and presentations by, key members of our management team to ensure that our compensation plans were aligned with our operating and financial

strategies. Specifically, in designing the compensation program for fiscal year 2017, the Committee received significant input from Mr. Merrill.

The Committee has retained Pearl Meyer for each of the last six fiscal years to provide advice regarding compensation plan design, compensation levels, benchmarking data and advice with regard to compensation disclosures. Prior to retaining Pearl Meyer for each of fiscal years 2017 and 2018, the Committee determined that Pearl Meyer qualifies as an independent compensation consultant. Pearl Meyer reports directly to the Committee and does not provide any other services to the Company.

Mr. Merrill reviewed the performance of Messrs. Salomon and Khoury for fiscal year 2017, and made recommendations to the Committee based on his review. In addition, our Non-Executive Chairman discussed Mr. Merrill's performance with the Committee. Mr. Merrill was present for the Committee's deliberations related to the compensation of the other NEOs, but not for the Committee's discussions related to his own compensation.

Elements of Fiscal Year 2017 Executive Compensation

The discussion that follows summarizes each element of our compensation program for our NEOs for fiscal year 2017 and the rationale for the compensation decisions.

The Committee relied upon its judgment and experience, its assessment of the capabilities and achievements of our NEOs, advice from Pearl Meyer and benchmark data from peer companies to establish the overall level and mix of executive compensation components. In addition, the Committee took into account the stockholder vote at our 2017 annual meeting of stockholders, at which 96% of the shares voted on our Say on Pay proposal were voted in favor of our executive compensation program.

As part of the process of determining fiscal year 2017 target levels for NEO incentive compensation, the Committee reviewed the compensation practices at the 2017 Peer Group (as defined below under "— Peer Groups for Fiscal Years 2017 and 2018"). While the Committee believes benchmarking against pay practices at other publicly-held homebuilders is useful in determining whether our executive compensation practices are reasonable for fiscal year 2017 it did not establish compensation levels based solely on benchmarking industry practices. Nonetheless, based on data for the 2017 Peer Group, the Committee was advised by Pearl Meyer that compensation for our NEOs remained targeted between the 25th and 50th percentiles of the 2017 Peer Group.

Compensation Components and Mix

The Company's fiscal year 2017 compensation program for our NEOs consisted of base salary, a short-term cash incentive plan and long-term incentives, including performance shares and, to a lesser extent, time-based restricted stock.

Base Salary

Based on its review for the 2017 fiscal year, the Committee decided the base salaries for Messrs. Merrill, Salomon and Khoury would remain unchanged at \$900,000, \$525,000 and \$525,000, respectively. Based on competitive data, the Committee determined that these base salaries were positioned between the 25th and 50th percentiles of the 2017 Peer Group.

Short-Term Incentive Compensation

2017 Bonus Plan

For fiscal year 2017, the Committee established an annual cash incentive program for our NEOs (the "2017 Bonus Plan") based on the achievement of certain financial and operational criteria established in advance by the Committee. The chart below shows the threshold, target and maximum award opportunities, as a percentage of base salary, for each NEO under the 2017 Bonus Plan, assuming achievement of both the Bonus Plan EBITDA and operational components.

2017 Bonus Plan Overall Award Opportunities

	Threshold		Target		Maximum	
	\$ Value	As % of Base Salary	\$ Value	As % of Base Salary	\$ Value	As % of Base Salary
Mr. Merrill	\$675,000	75%	\$1,350,000	150%	\$2,700,000	300%
Mr. Salomon	\$262,500	50%	\$525,000	100%	\$1,050,000	200%
Mr. Khoury	\$262,500	50%	\$525,000	100%	\$1,050,000	200%

EBITDA Component of 2017 Bonus Plan

In light of the demonstrated success of the Adjusted EBITDA metric as a driver of financial results in prior years and because improvement in Adjusted EBITDA is key to accomplishment of the strategic plan, the Committee decided that 75% of the overall annual bonus opportunity would be based on the achievement of aggressive levels of Adjusted EBITDA (“2017 Bonus Plan EBITDA”).

To the extent the actual 2017 Bonus Plan EBITDA performance was between the threshold and target performance levels, or between the target and maximum performance levels, linear interpolation was applied to determine the actual payout under this component of the 2017 Bonus Plan.

Results for 2017 Bonus Plan EBITDA

The Committee established the following 2017 Bonus Plan EBITDA targets: Threshold: \$170 million; Target: \$175 million; and Maximum: \$185 million. The Company generated Bonus Plan EBITDA of \$186.8 million. The Company's Bonus Plan EBITDA for fiscal year 2017 represented 106.7% of the target performance level and 101% of the maximum level of achievement necessary to earn an award. By exceeding the Maximum Bonus Plan EBITDA target, the Earned Percentage was calculated to be 300% for Mr. Merrill and 200% for each of Messrs. Salomon and Khoury.

The table below sets forth the amount each NEO received for the Bonus Plan EBITDA component of the 2017 Bonus Plan and how this amount was calculated. The amount earned was calculated based on base salary and using unrounded numbers.

	Mr. Merrill	Mr. Salomon	Mr. Khoury
Calculation of EBITDA Component Results			
Base Salary	\$900,000	\$525,000	\$525,000
x % of EBITDA Component Opportunity	x 75%	x 75%	x 75%
x Earned Percentage of Base Salary	x 300%	x 200%	x 200%
= \$ Earned and Paid for Component	\$2,025,000	\$787,500	\$787,500

Operational Component of 2017 Bonus Plan

The remaining 25% of the annual bonus opportunity under the 2017 Bonus Plan was based on improvement in certain pre-determined operational metrics:

- improvement in our customer satisfaction survey scores (10%);
- construction cycle times (10%); and
- a metric that rewards a combination of sales pace and margin each quarter and cumulatively for the year (5%).

In addition, the Committee retained the discretion to deduct from awards earned under this component for failure to achieve certain construction quality standards related to preventing water intrusion based on the assessment of an independent third-party expert. Also, our NEOs would only be eligible to receive an award for this operational component of the 2017 Bonus Plan if threshold 2017 Bonus Plan EBITDA was achieved.

Other than the customer satisfaction survey scores, the other metrics of the operational component of the 2017 Bonus Plan were new for fiscal year 2017.

Results for Operational Component of the 2017 Bonus Plan

Customer Satisfaction Scores

In order to achieve a bonus with respect to this metric, the Company would have to improve on customer satisfaction survey scores from the prior year in a predetermined number of its divisions in order to achieve either a threshold, target or maximum award. For fiscal 2017, the Company did not attain improvement in customer satisfaction scores at target levels, but did achieve a rate between threshold and target levels. Linear interpolation was applied between the relevant performance levels to determine the actual payout.

Construction Cycle Times

In order to achieve a bonus with respect to this metric, the Company would have to improve on construction cycle times from the prior year, and a threshold, target or maximum award would be earned depending on the number of days of overall improvement. For fiscal 2017, the Company attained improvement in construction cycle times at a level that earned an award between target and maximum levels, and linear interpolation was applied between the relevant performance levels to determine the actual payout.

Sales Pace and Margin

NEOs were eligible to receive 20% of this 5% overall component for each quarter that the Company met or exceeded a benchmark combination of sales pace and margin and the remaining 20% of this metric if the benchmark was achieved for all four quarters. NEOs earned the full award for this component.

Applying linear interpolation between threshold and maximum resulted in an Operational Earned Percentage of 179.8% for Mr. Merrill and 119.8% of target for each of Messrs. Salomon and Khoury (the “Operational Earned Percentage”). The table below sets forth the amount each NEO received for the operational component and how this amount was calculated. The amount earned was calculated based on base salary and using unrounded numbers.

	Mr. Merrill	Mr. Salomon	Mr. Khoury
Calculation of Operational Component Results			
Base Salary	\$900,000	\$525,000	\$525,000
x % of Operational Component Opportunity	x 25%	x 25%	x 25%
x Operational Earned Percentage of Base Salary	x 179.8%	x 119.8%	x 119.8%
= \$ Earned and Paid for Component	\$404,438	\$157,281	\$157,281

The chart below summarizes the total awards for our NEOs under the 2017 Bonus Plan. In calculating the total award for the 2017 Bonus Plan, the Committee exercised its discretion to deduct certain amounts from the overall award for each NEO based on the failure of one of the Company's divisions to achieve its water intrusion target score.

Summary of Fiscal Year 2017 Bonus Plan Awards

	Bonus Plan EBITDA Component	Operational Component	Deduction at Committee Discretion	Total Award for 2017 Bonus Plan	As a % of Target Award Opportunity
Mr. Merrill	\$2,025,000	\$404,438	\$(48,589)	\$2,380,849	176.4%
Mr. Salomon	\$787,500	\$157,281	\$(18,895)	\$925,886	176.4%
Mr. Khoury	\$787,500	\$157,281	\$(18,895)	\$925,886	176.4%

Fiscal Year 2017 Long-Term Incentive Compensation

Based on recommendations from Pearl Meyer and other factors, the Committee awarded performance-based restricted stock (two-thirds of overall award opportunity) and time-based restricted stock (one-third of award opportunity).

The Committee intended to establish a mix of equity awards that remains highly performance-based, while at the same time providing retention strength. The fiscal year 2017 long-term incentive compensation program was designed to target at or near the 50th percentile as compared to the 2017 Peer Group.

Restricted Stock

Time-based restricted stock awards vest ratably over a three-year period, beginning with the first anniversary of the grant date. In fiscal year 2017, the NEOs were granted the following amounts of restricted stock: Mr. Merrill: 59,952; Mr. Salomon: 24,480; and Mr. Khoury: 24,480.

Performance Shares

Two-thirds of the fiscal year 2017 long-term incentives consist of a share grant that utilizes three principal metrics (the “2017 Performance Shares”). The Committee again considered the fluid nature of the housing market and need to design an award that would not be obsolete in the event of a change in strategy in the middle of the award's performance period.

The three metrics for the 2017 Performance Shares are:

- cumulative pre-tax income (as defined below);
- return on assets (“ROA”), based on increasing the ratio of Adjusted EBITDA to total assets (as defined below); and
- debt reduction, based on lowering the ratio of net debt (as defined below) to Adjusted EBITDA.

The 2017 Performance Shares vest in November 2019 and relate to the Company's performance over the three-year period of fiscal year 2017 through fiscal year 2019.

Performance goals for each of the three metrics were based on improvement over fiscal year 2016 levels at the end of three years. The final number of shares earned by the NEOs will be based on actual results. (For purposes of the 2017 Performance Shares, “pre-tax income” is defined as the Company’s income from continuing operations for the applicable fiscal year, before taxes and excluding impairments and abandonments, bond losses and such other non-recurring items as the Committee may approve. “Total assets” is defined as the Company’s total assets as shown on the consolidated balance sheet included in the Company’s Form 10-K for the applicable fiscal year. “Net debt” is defined as the Company’s total debt as shown on the consolidated balance sheet included in the Company’s Form 10-K for the applicable fiscal year less unrestricted cash.)

In addition, as in previous years, to maintain alignment with stockholders, relative TSR performance was a component of the 2017 Performance Shares as described more fully below.

In order to ensure that the total number of shares issued to NEOs pursuant to the 2017 Performance Share awards will be approximately equal to the number of shares allocated to the performance-based component of the fiscal year 2016 long-term incentive program, the Committee has imposed an award limit of 175% of target shares even if the amount earned would exceed that number, subject to adjustment based on TSR performance as described below.

The Committee based the performance goals for each metric primarily on the Company’s business plans and review by Pearl Meyer to assure that the goals for the 2017 Performance Shares are aggressive and payout levels are consistent with actual performance.

2017 Performance Shares: Principal Metrics

A. Pre-Tax Income

The table below depicts the performance goals established as Threshold, Target and Superior performance levels.

	Performance Required for Achievement		
	at:		
Pre-Tax Income	Threshold	Target	Superior
Cumulative pre-tax income by Fiscal Year 2019 (\$)	\$140 million	\$160 million	\$180 million

Accordingly, a cumulative improvement in pre-tax income of \$160 million by the end of fiscal year 2019 will be a Target achievement that will result in earning a percentage of target shares as shown in the section below entitled “— 2017 Performance Shares: Determination of Shares Earned.”

B. Return on Assets

This component incents management to make efficient use of the Company's capital by rewarding improvement in the amount of Adjusted EBITDA as a percentage of total assets over fiscal year 2016 achievement of this metric of 7.06%.

ROA	Performance Required for Achievement at:		
	Threshold	Target	Superior
Fiscal Year 2019	9.00%	10.00%	11.00%
Improvement by Fiscal Year 2019	194 bps	294 bps	394 bps

To achieve a Target result, the Company's ROA for fiscal year 2019 will need to reach 10.00%, representing an improvement of approximately 294 basis points by the end of the three-year performance period.

C. Debt Reduction

Because the Company's overall long-term strategy includes reducing our debt levels, the Committee added net debt reduction as a component of the long-term incentive plan in fiscal 2016, which the Committee chose to continue for the 2017 Performance Shares. This metric rewards reduction in the ratio of net debt to Adjusted EBITDA based on the following chart.

Net Debt/Adjusted EBITDA Ratio	Performance Required for Achievement at:		
	Threshold	Target	Superior
Fiscal Year 2019	6.00x	5.00x	4.00x
Improvement by Fiscal Year 2019	(1.90)	(2.90)	(3.90)

To reach Target performance of reduction in the Company's debt to EBITDA percentage, it will have to improve by 290 basis points by the end of fiscal year 2019.

2017 Performance Shares: Total Shareholder Return Modifier

The Committee has historically incorporated a TSR metric into the NEOs' long-term incentive program. The Committee believes it is important to continue utilizing TSR as a component of the NEO long-term incentive program. As a result, after determining the number of shares earned based on the financial measures, which can range from 0% to 175% of the targeted number of shares, the following three-year relative TSR scale will apply (the "TSR Modifier"):

TSR Percentile Rank vs. S&P Homebuilders Select Industry Index	Adjustment to # of Performance Shares
At or above 75th Percentile	+20%
70-74th Percentile	+15%
65-69th Percentile	+10%
60-64th Percentile	+5%
40-59th Percentile	No adjustment
35-39th Percentile	-5%
30-34th Percentile	-10%
25-29th Percentile	-15%
Below 25th Percentile	-20%

2017 Performance Shares: Determination of Shares Earned

Shares earned will be based on achieving the Threshold, Target or Superior levels of performance on one or more of the metrics described above. One-third of target shares will be earned for each metric achieving Threshold performance, two-thirds of target shares will be earned for each metric achieving Target performance and 100% of target shares will be earned for each metric achieving Superior performance. The shares earned on the three metrics will be totaled, and the 175% cap and TSR Modifier will be applied to determine the final award.

- To illustrate, achievement of a Threshold level of performance on each of the three metrics will result in 33.3% of target shares earned for each metric or a total of 100% of the target number of shares, subject to adjustment based on the TSR Modifier.

Superior-level performance on any one metric (100%) will earn a target number of shares subject to the TSR Modifier.

The maximum number of shares that can be earned based on the results of the three financial metrics described above will be 175% of target, even if Superior performance is achieved on all three metrics (300% of target shares). In the event of Superior performance on all three metrics, as well as on the TSR modifier, the maximum number of shares awarded will be 210% of target.

For performance between Threshold and Target or between Target and Superior, straight line interpolation between such levels will be applied.

The Committee retains the discretion to reduce the number of shares finally awarded notwithstanding the number earned pursuant to the table above.

Peer Group for Fiscal Years 2017 and 2018

For fiscal year 2017, our peer group consisted of AV Homes, Inc., Hovnanian Enterprises, Inc., KB Home, M.D.C. Holdings, Inc., M/I Homes, Inc., Meritage Homes Corporation, Taylor Morrison Home Corporation, TRI Pointe Group, Inc., WCI Communities, Inc. and William Lyon Homes (the “2017 Peer Group”). These companies were chosen because, in addition to being among our chief competition among publicly-traded homebuilders, they are closely aligned to us in terms of size.

For fiscal year 2018, our peer group consists of AV Homes, Inc., Century Communities, Inc., Hovnanian Enterprises, Inc., KB Home, LGI Homes, Inc., M.D.C. Holdings, Inc., M/I Homes, Inc., Meritage Homes Corporation, Taylor Morrison Home Corporation, TRI Pointe Group, Inc. and William Lyon Homes (the “2018 Peer Group”). These companies were chosen because, in addition to being among our chief competition among publicly-traded homebuilders, they are closely aligned to us in terms of size. WCI Communities, Inc. was removed from the peer group for fiscal year 2018 because it was acquired during our fiscal year 2017. The Committee chose to add Century Communities, Inc. and LGI Homes, Inc. as additional peers for fiscal year 2018 to replace the loss of WCI Communities, Inc. from the peer group and increase the sample size to eleven companies.

Other Elements of Executive Compensation

Deferred Compensation Plan

The Company maintains the Beazer Homes Deferred Compensation Plan (the “Deferred Plan”) to provide eligible employees the opportunity to defer a portion of their current compensation. With respect to fiscal year 2017, the Committee decided to make a contribution to the Deferred Plan for the benefit of each NEO as follows: Mr. Merrill, \$100,000 and Messrs. Salomon and Khoury, \$75,000 each. These contributions are made in equal monthly installments and are subject to several restrictions and limitations including the Committee’s right to terminate or suspend any such contribution in the future.

Other Benefits

We do not have a defined benefit pension plan or supplemental executive retirement plan. Our executive management team, including our NEOs, participate in our various benefit programs on the same terms and pay the same amounts as other employees. The Company does not provide to its NEOs supplemental executive retirement plans, company cars (or automobile reimbursements), club memberships or other significant perquisites.

Various Compensation Policies

Stock Ownership and Holding Requirements

In November 2011, the Company reinstated a stock ownership policy that requires NEOs and members of the Board of Directors to acquire a meaningful level of stock ownership in the Company. In 2014, in connection with new employment agreements for our NEOs, the Board amended the stock ownership policy to significantly increase the ownership requirement for our NEOs, from 3.0 times base salary to 5.0 times base salary for our CEO, and from 1.5 times base salary to 3.0 times base

salary for our other NEOs. Messrs. Merrill, Salomon and Khoury have purchased 20,000, 35,500 and 2,500 shares, respectively, in open market transactions since the November 2014 amendment to the stock ownership policy. The current stock ownership requirements are based on a multiple of base salary or annual retainer and are as set forth below:

	Multiple of Base Salary/ Annual Retainer
CEO	5.0 x base salary
Other NEOs	3.0 x base salary
Directors	3.0 x annual retainer

For purposes of the stock ownership policy, the following types of share holdings are counted towards an individual's stock ownership: (i) stock that is considered beneficially owned, (ii) two-thirds of service-based restricted stock and (iii) one-third of "in the money" stock options. Unearned performance shares do not count towards ownership requirements. As of December 6, 2017, each of our NEOs and directors was in compliance with our stock ownership policy.

The policy also requires NEOs and directors to hold 50% of net after-tax shares issued upon vesting of restricted stock or stock option exercises until their required respective stock ownership levels are achieved.

Compensation Clawback Policy

In 2011, the Committee adopted an incentive compensation clawback policy that would enable the Company to clawback all or a portion of incentive compensation in the event an individual's misconduct causes the Company to have to issue a restatement of its financial statements, to the extent that such individual's incentive compensation was based on the misstated financials.

In addition, awards under our 2014 Long-Term Incentive Plan are subject not only to our existing clawback policy but any other clawback policy adopted by the Compensation Committee, and the Committee has the authority to recoup or cancel awards if a participant engages in "detrimental activity" with respect to the Company.

As described in further detail under "Executive Compensation — Potential Payments Upon Termination or Change of Control — Employment Agreements," pursuant to the employment agreements with each of our NEOs, any incentive compensation that is paid or granted to the NEOs will be subject to recoupment under the terms of any clawback policy of the Company.

Tax Deductibility of Compensation

It is the Committee's general policy to consider whether particular payments and awards are deductible by the Company for federal income tax purposes under Section 162(m) of the Internal Revenue Code. Section 162(m) limits the deductibility for federal income tax purposes of compensation payments to certain executive officers in excess of \$1 million, subject to certain exemptions and exceptions for qualified performance-based compensation. Although the Committee takes into consideration the provisions of Section 162(m), being eligible for tax deductibility is not a primary focus, but one consideration among many in the design of our executive compensation program. The Company believes that substantial portions of its long-term incentive grants qualify for the performance-based compensation exemption from Section 162(m).

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with management. Based on such review and discussions, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis set forth above be included in this Proxy Statement and our Annual Report on Form 10-K.

(1) Represents the aggregate grant date fair value of awards in each of the fiscal years indicated above determined in accordance with FASB ASC Topic 718. These are not amounts paid to or realized by the NEO. The grant date fair value of the performance shares was calculated based on a "Monte Carlo" simulation model, which utilizes multiple variables that determine the probability of satisfying the market-based performance conditions stipulated in the award. The dollar amount of the stock option grants reflects an assumed accounting or "Black-Scholes" value of the grants. Further information regarding the valuation of stock and option awards can be found in Notes 2 and 16 to our Consolidated Financial Statements in our 2017 Form 10-K.

(2) Descriptions of the long-term incentive programs pursuant to which these awards were made are provided under "Compensation Discussion and Analysis" above. All fiscal year 2015, fiscal year 2016 and fiscal year 2017 grants are reflected in the Grants of Plan-Based Awards table below. The cumulative number of restricted shares and performance shares held by each NEO, and their aggregate market value at September 30, 2017, are shown in the Outstanding Equity Awards at Fiscal Year End table below. We caution that the amounts reported in the table for stock and option awards and, therefore, total compensation may not represent the amounts that each NEO will actually realize from the awards. Whether, and to what extent, an NEO realizes value will depend on a number of factors, including our performance and stock price.

(3) Amounts for fiscal year 2017 are cash awards under the 2016 Bonus Plan.

(4) See Narrative Disclosure of "All Other Compensation." "All Other Compensation" for fiscal year 2017 consists of the following:

Equity Incentive Plan Awards

Grants of equity incentive plan awards for fiscal year 2017 and the full grant date fair value (determined in accordance with ASC 718) of such awards are disclosed in the Grants of Plan-Based Awards table above. Whether, and to what extent, an NEO realizes value upon vesting/exercise will depend on a number of factors, including our performance and stock price. See footnotes 1 and 2 to the Summary Compensation Table above.

Historically, we have utilized four equity-based, long-term incentives: stock options, SSARs, time-based restricted stock and performance-based restricted stock pursuant to our 1999 and 2010 Equity Incentive Plans and our 2014 Long-Term Incentive Plan. For fiscal year 2017, only performance-based restricted stock and time-based restricted stock were awarded. The fiscal year 2017 equity awards vest as follows:

Performance shares granted in fiscal year 2017 vest three years from the grant date only if certain performance requirements are met. See “Compensation Discussion and Analysis — Elements of Fiscal Year 2017 Executive Compensation — Long-Term Incentive Compensation.”

Time-based restricted stock awards granted in fiscal year 2017 vest ratably over a three-year period, beginning with the first anniversary of the grant date.

Non-Equity Incentive Plan Awards

Non-equity incentive plan awards for fiscal year 2017 included cash awards pursuant to our 2017 Bonus Plan. Our 2017 Bonus Plan provided for threshold, target and maximum potential award opportunities, based on achievement of certain Adjusted EBITDA and operational components. Actual cash payments were based on achievement following the completion of our fiscal year. The awards for our NEOs under the 2017 Bonus Plan are described in detail in “Compensation Discussion and Analysis — Elements of Fiscal Year 2017 Executive Compensation — Short-Term Incentive Compensation.”

No payment was earned for awards under the 2015 Cash LTIP, which were based on the achievement of certain metrics related to improvement in pre-tax income and total shareholder return over a three-year performance period ending in fiscal year 2017. See pages 28-31 of our proxy statement dated December 19, 2014 for more information regarding the 2015 Cash LTIP.

The treatment of awards upon termination of employment or a change of control is described in detail under

(1) “Potential Payments Upon Termination or Change of Control — Disposition of Outstanding Equity Awards at Termination.”

(2) Award vests ratably over a three-year period.

(3) Reflects one-time retention grant of time-based restricted stock that vests on the fourth anniversary of the grant date.

(4) Reflects the value using the closing price of our common stock of \$18.74 on the last trading day of fiscal year 2017 (September 30, 2017).

TSR Performance Shares Granted in Fiscal Year 2015: Performance shares granted in fiscal year 2015 were awarded pursuant to our 2014 Long-Term Incentive Plan. On the third anniversary of the date of the grant, these shares of performance-based restricted stock will vest contingent upon TSR compared to that of a peer group of companies for the three-year performance period. TSR is determined by taking the sum of (a) the “ending average market value” of our common stock reduced by the “beginning average market value” of our common stock and (b) dividends or other distributions with respect to a share of our common stock paid during the three-year performance period, and (c) dividing such sum by the “beginning average market value” of our common stock.

(5) Beginning average market value means the average of the closing price of our common stock as reported by the NYSE for last 20 trading days ending prior to the grant date. Ending average market value means the average of the closing price of our common stock as reported by the NYSE for the last 20 trading days of the performance period. In November 2015, in view of the merger of The Ryland Group, Inc. and Standard Pacific Corp., the Committee modified the peer group to exclude those companies because the post-merger market capitalization of the combined company, CalAtlantic Group, Inc., significantly exceeds the average size of the other companies in the peer group.

The performance criteria and corresponding vesting percentages for performance-based restricted stock are as follows. The portion of any award earned that exceeds target (100%) may not be paid in additional shares but instead at the discretion of the Company may be paid in cash.

Pre-Tax Income Performance Shares Granted in Fiscal Year 2015: Pre-tax income performance shares granted in fiscal year 2015 were awarded pursuant to our 2014 Long-Term Incentive Plan. These performance shares are structured to require absolute performance, measured by the Company’s fiscal year 2017 pre-tax income, defined as the Company’s income from continuing operations, before taxes and excluding impairments and abandonments, (6) bond losses and such other non-recurring items as the Committee may approve. The pre-tax income performance shares will vest in 2017, subject to determination of the Company’s actual pre-tax income performance. Threshold, Target and Maximum pre-tax income targets are \$66.48 million, \$83.1 million and \$103.875 million respectively. The portion of any award earned that exceeds target (100%) may not be paid in additional shares but instead at the discretion of the Company may be paid in cash.

Performance Shares Granted in Fiscal Year 2016: Performance Shares granted in fiscal year 2016 were awarded pursuant to our 2014 Long-Term Incentive Plan. These performance shares award performance based on three metrics - cumulative pre-tax income, return on assets, and debt reduction. These performance shares will vest in (7) 2018, subject to determination of the Company’s performance against the three metrics and application of a total shareholder return modifier. For a detailed description of the terms of these performance shares, including threshold, target and maximum awards related to each metric, see pages 28-31 of the Company’s proxy statement for its 2017 annual meeting of stockholders filed on December 19, 2016.

(8) Performance Shares Granted in Fiscal Year 2017: Performance Shares granted in fiscal year 2017 were awarded pursuant to our 2014 Long-Term Incentive Plan. For a detailed description of these performance shares see “Fiscal

Year 2017 Long-Term Incentive Compensation - Performance Shares."

Option Exercises and Stock Vested

The following table provides information with respect to the number and value of shares acquired during fiscal year 2017 by our NEOs from the vesting of restricted stock.

Name	Stock Awards	
	Number of Shares Acquired on Vesting (#)	Value Realized Upon Vesting (\$)

Non-Qualified Deferred Compensation

As discussed above, we maintain the Beazer Homes Deferred Compensation Plan (the “Deferred Plan”) to provide eligible employees the opportunity to defer receipt of current compensation. The following table sets forth the non-qualified deferred compensation of each of our NEOs in fiscal year 2017.

Name	Executive Contributions in Last FY (\$)	Company Contributions in Last FY (\$)	Aggregate		
			Earnings/ (Losses) in Last FY (\$) (1)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$) (2)
Allan P. Merrill	\$0	\$101,923	\$133,443	\$0	\$1,233,075
Robert L. Salomon	\$0	\$72,596	\$58,196	\$0	\$424,988
Kenneth F. Khoury	\$0	\$72,596	\$6,038	\$0	\$336,069

(1) Represents amounts of earnings on the balance of the participants’ accounts that are attributable to the performance of independently managed funds available to and selected by each participant under the Deferred Plan and in which deferred amounts are deemed to be invested. None of the earnings in this column are included in the “Summary Compensation Table” above because they were not preferential or above-market.

(2) Aggregate balances include unvested amounts of Company contributions and accrued fiscal year 2017 bonus deferrals.

Narrative Disclosure to Non-Qualified Deferred Compensation Table

As discussed above, in fiscal year 2017, discretionary deferred compensation payments totaled \$101,923, \$72,596 and \$72,596 for Messrs. Merrill, Salomon and Khoury, respectively. Under the Deferred Plan, participants select from a menu of investment options which track a variety of independently managed benchmark funds in which the funds are deemed to be invested. The return on the underlying investments determines the amount of earnings and losses that are credited or debited to the participants’ account. There is no guaranteed rate of return on these funds and the rate of return depends on the participants’ deemed investment option elections and on the market performance of the underlying funds. Deferred amounts and Company contributions are deposited in a trust that qualifies as a grantor trust under the Internal Revenue Code. Our obligations under the Deferred Plan are unsecured general obligations and rank equally with our other unsecured general creditors. Amounts deferred by participants and earnings and losses thereon are 100% vested.

Potential Payments Upon Termination or Change of Control

Employment Agreements

In September 2014, we entered into new employment agreements (the “Agreements”) with each of our NEOs. The Agreements replaced the Company’s prior employment agreements with these executives, which were scheduled to expire in June 2015. Each of the Agreements is for a four-year term and does not automatically renew at expiration of the term. As described below, under the terms of these Agreements, our NEOs are entitled to severance payments and other benefits in the event of termination of employment under certain circumstances.

The Agreements are substantially identical in non-economic terms, and set forth each executive's responsibilities, non-competition and non-solicitation obligations, confidentiality and intellectual property obligations and restrictions, and termination provisions. In addition, the Agreements set forth each executive's base salary, targeted bonus awards, eligibility to receive awards pursuant to long-term incentive compensation programs and, if applicable, severance payments, all of which are

described in greater detail below. Other than as described below, the Agreements do not provide for benefits or perquisites materially different from those available to other Company employees.

The Agreements do not entitle the executives to any extension or continuation of employee benefits after termination and there is no provision to “gross up” any payment to account for taxes for which the executive may be liable. Under the Agreements, any incentive compensation that is paid or granted to the executives will be subject to recoupment under the terms of any “clawback” policy of the Company.

The initial base salaries and target annual performance bonus opportunities under the Agreements are the same as those that were in effect for each executive during fiscal year 2014. Mr. Merrill’s employment agreement provides for a base salary of \$900,000, a target annual performance bonus opportunity of 150% of base salary and target annual long-term incentive awards of up to 250% of base salary. The employment agreements for Messrs. Salomon and Khoury each provide for a base salary of \$525,000, a target annual performance bonus opportunity of 100% of base salary and target annual long-term incentive awards of up to 175% of base salary. Performance metrics and actual target opportunities for any given year remain within the discretion of the Committee.

If the employment of Messrs. Merrill, Salomon or Khoury is terminated by us without “cause” (as defined below) or the executive resigns with “good reason” (generally defined as the assignment of the executive to any duties materially inconsistent with his position as contemplated under the employment agreement or to any office or location other than as provided in the employment agreement or certain other failures or breaches by us with respect to certain provisions under the employment agreement), we will pay to the executive in a lump sum in cash the following amounts: (1) the executive’s annual base salary through the date of termination to the extent not already paid, (2) any accrued but unpaid vacation pay, and (3) any unpaid reimbursable business expenses. The sum of these amounts is referred to as “Accrued Obligations.” In addition, Messrs. Merrill, Salomon and Khoury will be entitled to receive an amount equal to the \$3,000,000, \$1,500,000 and \$1,500,000, respectively, referred to herein as “severance.” These amounts will be paid in twelve monthly installments beginning with the first regular pay date that is no less than 60 days after termination. The severance payments are subject to compliance by the executive with the non-compete, non-solicitation and confidentiality provisions in the applicable employment agreement.

The Agreements also provide for increased severance payments following a change of control if the NEO’s employment is terminated without “cause” or if he resigns with “good reason” within two years of the change in control. In such event, the severance payment for Mr. Merrill would be two and one-half times the sum of his base salary and target annual bonus for the fiscal year in which the termination occurs, and the severance payment for each of Messrs. Salomon and Khoury would be two times the sum of base salary and target annual bonus for the fiscal year in which the termination occurs. The Committee determined that an increase in the severance payable in these circumstances was market competitive. These payments would be payable in a lump sum, on the date that is 60 days after the date of termination.

No severance will be payable in the event any of the Agreements expires by its terms, the executive resigns without “good reason,” the executive voluntarily terminates his employment, the executive is terminated for “cause” or the executive’s employment is terminated as a result of his death or disability. In any such event, the executive will be entitled to receive only an amount equal to his Accrued Obligations (as defined above).

For the purposes of the Agreements, “cause” is generally defined as (1) any breach by the NEO of the employment agreement or any other agreement between the NEO and the Company; (2) any willful illegal act or gross misconduct on the part of the NEO that causes material injury to the Company; (3) the NEO being convicted of (or entering a plea of no contest or nolo contendere to) a felony or a misdemeanor involving fraud; (4) the failure or refusal to follow lawful directives of the Board of Directors which are consistent with the NEO’s duties and responsibilities; (5) the intentional failure to perform his duties and responsibilities or a breach of his fiduciary duties to the Company; (6) any dishonesty, fraud or embezzlement on the part of the NEO and intended to result in substantial gain to the NEO; and (7) determination by a court or regulatory authority that the NEO be removed or disqualified from serving as an officer of the Company.

The timing of payment by us of any deferred compensation shall remain subject to the terms and conditions of the Deferred Plan and any payment election previously made by the executive; provided however, that if at the time of

termination, the executive is a “specified employee” within the meaning of Section 409A of the Internal Revenue Code, as amended, then payments shall not be made before the date which is six months after the date of separation from service with the Company.

Disposition of Outstanding Equity Awards at Termination

Resignation; Termination for Cause

Equity grants made through the end of fiscal year 2014 under our 1999 and 2010 Equity Incentive Plans and our 2014 Long-Term Incentive Plan provide that all such awards will be forfeited in the event the executive is terminated by the Company for “cause” or the executive voluntarily resigns. The agreements governing equity grants made in subsequent years provide that such awards will be forfeited in the event of termination for “cause” or voluntary resignation; provided, however, that if the executive terminates employment for “good reason” prior to vesting and within two years of a change in control, then the change in control provisions will apply.

Change of Control

Equity grants made through the end of fiscal year 2014 to the extent they remain outstanding will vest immediately in the event of a change in control.

The equity grants made in fiscal year 2015 and thereafter provide that, upon a change in control, the Committee has authority to determine that such awards: (a) will be continued by the Company (if the Company is the surviving entity); or (b) will be assumed by the surviving entity or its parent or subsidiary; or (c) will be substituted for by the surviving entity or its parent or subsidiary with an equivalent award for the outstanding award. If such awards are not continued, assumed or substituted upon a change in control, the Committee will in its discretion determine the impact of the change in control on the outstanding award. If an award is continued, assumed or substituted upon a change in control, such award will provide (i) similar terms and conditions and preserve the same benefits as the outstanding award that is being continued or replaced, and (ii) that, in the event of the executive’s involuntary termination without “cause” or termination for “good reason” on, or within the two-year period following, the date of the change in control, the outstanding award (or substituted award) will fully vest and become immediately exercisable and/or nonforfeitable. The definitions of “change in control” under our 1999 Equity Incentive Plan, 2010 Equity Incentive Plan and 2014 Long-Term Incentive Plan are substantially similar except that the 1999 Equity Incentive Plan contains a trigger based on the acquisition of 20%, rather than 25% as in the 2010 Equity Incentive Plan and 2014 Long-Term Incentive Plan, of our common stock or other voting securities.

Retirement

Upon termination of employment due to retirement, vested stock options granted in fiscal years 2012 through 2014 will be exercisable for the remaining option term. Vested stock options granted in fiscal years 2009 and 2010 will be exercisable for up to twelve months following the retirement. Restricted stock awarded in September 2014 will fully vest in the event of “retirement” (defined for purposes of this restricted stock grant as a voluntary termination of employment by executive at age 66 or older that occurs at least three years after the effective date of the grant when executive is in good standing with the Company and which is approved by the Committee). Performance shares granted in fiscal year 2015 and thereafter will vest pro rata at the end of the performance period, based on the number of whole months worked from the grant date to the retirement date. Restricted stock awarded in fiscal year 2015 and thereafter will vest pro rata, based on the number of whole months worked from the grant date to the retirement date.

Death or Disability

Upon the termination of employment due to death or disability, performance shares granted in fiscal years 2012 through 2017 will vest at target, restricted stock granted in September 2014 will fully vest and restricted stock granted in fiscal year 2015 and thereafter will vest pro rata, based on the portion of the service period completed prior to the triggering event. Vested stock options granted in fiscal years 2009 and 2010 will be exercisable for up to three months in the case of disability and twelve months in the case of death.

Termination Without Cause

Upon termination without “cause,” unvested performance shares will be forfeited. Vested stock options will be exercisable for a period of up to three months following the termination. Restricted stock awarded in September 2014 will vest pro rata, based on the number of whole months worked from the grant date to the termination date. Restricted stock awarded in fiscal year 2015 and thereafter will be forfeited.

PROPOSAL 3 — ADVISORY VOTE ON EXECUTIVE COMPENSATION

In deciding how to vote on this proposal, our Board of Directors and the Compensation Committee urge you to specifically consider the high level of support that we received in response to our 2016 and 2017 Say on Pay Votes. We also encourage you to read the “Compensation Discussion and Analysis” and “Executive Compensation” sections contained in this proxy statement.

Our Compensation Philosophy and Practices

The Company’s core compensation philosophy is to utilize a mixture of base salary and annual and longer-term incentives to align executive compensation with our annual and long-term performance. This includes establishing performance targets based on our strategic and operating plans and providing a significant portion of total compensation based on achievement of certain financial targets.

Our Board of Directors and the Compensation Committee are dedicated to ensuring that our executive compensation programs reflect best practices in order to maximize both short- and long-term stockholder value and to recruit and retain key executives while recognizing and sharing the sacrifices our stockholders have made. As an example of this “pay for performance” practice, long term incentives awarded in fiscal year 2013, fiscal year 2014 and fiscal year 2015 expired without a payout to our NEOs due to failure to achieve three-year performance targets.

For the above noted reasons, our Board of Directors urges you to approve the following resolution:

“RESOLVED, that stockholders hereby approve, on an advisory basis, the compensation of the Company’s named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission.”

Effect of Say on Pay Vote

The Say on Pay vote is non-binding on our Board of Directors and the Compensation Committee. However, because our Board of Directors values the opinions of our stockholders as expressed through their votes and other communications with the Company, our Board of Directors and the Compensation Committee will carefully review the 2018 Say on Pay voting results to better understand any significant concerns with our executive compensation program. Stockholders who want to communicate with our Board of Directors or management should refer to “Corporate Governance — Board Corporate Governance Practices — Communications with Board Members” in this Proxy Statement for additional information.

Recommendation

The Board of Directors recommends that you vote in favor of the Company’s executive compensation as described in the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this Proxy Statement by voting FOR this proposal.

Review, Approval or Ratification of Transactions with Related Persons

The Audit Committee of our Board of Directors, in accordance with its charter, is responsible for conducting an appropriate review of all proposed related party transactions to identify potential conflict of interest situations. Any identified related party transactions are then presented to our Board of Directors for its approval and implementation of appropriate action to protect us from potential conflicts of interest. Our Audit Committee has not adopted any specific procedures for conducting such reviews and considers each transaction in light of the specific facts and circumstances presented. Also, as described below, a portion of the review authority, in the case of transactions with employees, is delegated to supervising employees pursuant to the terms of our Code of Ethics.

Our Code of Ethics, which applies to all directors, officers and employees, directs each individual to avoid any actual or apparent conflict of interest. Under our Code of Ethics and our Related Party Transactions Policy, each director is required to notify the Company's legal department, in writing, as soon as such director or any related person (as defined below) becomes involved with, or affiliated with, any activity, business or other entity which is in competition with us, is involved in any adversarial litigation matter with the Company or other proceeding adverse to us (except where disclosure is prohibited by law) or has a business, charitable or other relationship with us. If any employee, including any executive officer, of the Company becomes an officer, director, principal or employee of another for-profit business entity (as defined below) or otherwise has a business affiliation (as defined below) with any other for-profit business entity, the employee must disclose the affiliation to the Company's legal department. On an annual basis, each director, officer and employee of the Company is required to provide an acknowledgment that he or she has received and reviewed our Code of Ethics and to disclose any related person transactions. Annex I

Reconciliation of Adjusted EBITDA (earnings before interest, taxes, depreciation, amortization, debt extinguishment, impairments and abandonments) to total Company net income, the most directly comparable GAAP measure, is provided for each period discussed below. Management believes that Adjusted EBITDA assists investors in understanding and comparing the operating characteristics of homebuilding activities by eliminating many of the differences in companies' respective capitalization, tax position and level of impairments. These EBITDA measures should not be considered alternatives to net income determined in accordance with GAAP as an indicator of operating performance.

The reconciliation of Adjusted EBITDA to total company net income (loss) below differs from the prior year, as it provides a more simplified presentation of EBIT, EBITDA and Adjusted EBITDA that excludes certain non-recurring amounts recorded during the periods presented. Management believes that this presentation best reflects the operating characteristics of the Company.
