Section 8 - Other Events

Item 8.01. Other Events.

As previously announced on September 23, 2013, Albemarle Corporation (the “Company”) realigned its organizational structure, effective January 1, 2014, to better align the Company’s resources to support its ongoing business strategy. The new organizational structure is designed to increase customer focus, enhance innovation and accelerate growth. Effective January 1, 2014, the Company changed its reportable business segments to align with the new organizational structure. The new segment structure is as follows:

• The Performance Chemicals segment includes Fire Safety Solutions, Specialty Chemicals and Fine Chemistry Services, consolidating the Company’s bromine, mineral and custom manufacturing assets under one business unit.
• The Catalyst Solutions segment includes Refinery Catalyst Solutions, Performance Catalyst Solutions and Antioxidants.

The new segment structure is consistent with the manner in which information is presently used internally by the Company’s chief operating decision maker to evaluate performance and make resource allocation decisions. Each segment has a dedicated team of sales, research and development, process engineering, manufacturing and sourcing, and business strategy personnel and has full accountability for improving execution through greater asset and market focus, agility and responsiveness. The new structure also facilitates the continued standardization of business processes across the organization as part of the Company’s ongoing One Albemarle strategy.

The Company is filing this Current Report on Form 8-K to recast certain historical annual and quarterly segment information to correspond with the Company’s current reporting structure. The changes in the reportable segment structure discussed above affect only the manner in which the results of the Company’s reportable segments were previously reported. This Current Report on Form 8-K does not reclassify nor restate the Company’s previously reported consolidated financial statements for any period. Additionally, the information presented in this Current Report on Form 8-K does not reflect events occurring after the filing of the Company’s Annual Report on Form 10-K for the year ended December 31, 2013, and should be read in conjunction with the Company’s previously filed Annual Reports on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and the Company’s subsequent filings with the Securities and Exchange Commission.
