(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If the answer is no, identify report(s).  Yes  No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?  Yes  No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Registrant’s financial statements for the three and six-month periods ended June 30, 2006 will change significantly from the comparable period for 2005.

Net loss increased to \$3,925,066 for the six months ended June 30, 2006 from \$2,425,220 for the six months ended June 30, 2005. The \$1,499,846 increase is primarily due to licensing revenues of \$1,750,000 received in March 2005 resulting from Registrant’s agreement with Asahi Kasei Medical Co., Ltd. This amount was partially offset by a decrease in research and development expense due to lower development expenses related to the Registrant’s OLP<sub>ur</sub> H<sub>2</sub>H product as the engineering phase approaches completion and fewer contract hours were logged by the Registrant’s outside developers in current year period and a decrease in selling, general and administrative expenses primarily due to a reduction in both U.S. and European marketing expenses reflecting lower sampling expense, payroll and travel.

Net loss decreased to \$1,877,602 for the three months ended June 30, 2006 from \$2,032,333 for the three months ended June 30, 2005. The \$154,731 decrease is primarily due to increased product revenues and a decrease in selling, general and administrative expenses in the three months ended June 30, 2006, which was offset by an increase in cost

of product revenue and a decrease in interest income in the three months ended June 30, 2006.

Notwithstanding the foregoing, there can be no assurance that the financial information publicly announced at a later date will not differ materially from the above disclosure upon completion of the Form 10-QSB.
