Notes to Financial Statements

March 31, 2008  
(Unaudited)

1. Basis of Presentation

The accompanying unaudited financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America and the rules and regulations of the United States Securities and Exchange Commission for interim financial information. Accordingly, they do not include all the information and footnotes necessary for a comprehensive presentation of financial position and results of operations.

It is management's opinion, however, that all material adjustments (consisting of normal recurring adjustments) have been made that are necessary for a fair financial statement presentation. The results for the interim period are not necessarily indicative of the results to be expected for the year.

For further information, refer to the audited financial statements and

## Edgar Filing: CLICKNSETTLE COM INC - Form 10-Q

footnotes of the Company for the year ended June 30, 2007, included in the Company's Form 10-KSB.

### 2. Nature of Operations and Summary of Significant Accounting Policies

#### (A) Nature of Operations and Liquidity

clickNsettle.com, Inc. ("CLIK") previously provided a broad range of Alternative Dispute Resolution ("ADR") services, primarily arbitrations and mediations, principally in the United States. CLIK incorporated on January 12, 1994 and began operations on February 15, 1994. On October 31, 1994, the predecessor operating company, which CLIK's former Chief Executive Officer primarily owned, was acquired by and became a wholly owned subsidiary of CLIK. The transaction was accounted for as a transfer of assets between companies under common control, with the assets and liabilities of the predecessor operating company combined with those of CLIK at their historical carrying values. The predecessor operating company also provided a broad range of ADR services, including arbitrations and mediations. The predecessor operating company began operations in March 1992.

Prior to January 1, 2006, the accompanying financial statements of clickNsettle.com, Inc. included the accounts of its wholly owned subsidiaries, Michael Marketing LLC and clickNsettle.com LLC (collectively referred to herein as the "Company"). As of January 1, 2006, the Company transferred ownership of its wholly owned subsidiary, Michael Marketing LLC, to National Arbitration and Mediation, Inc. ("NAMI"). Such subsidiary was inactive and had no operations or net assets. Previously, the Company dissolved its other wholly owned subsidiary, clickNsettle.com LLC, as it was also inactive and had no operations or net assets. On January 13, 2005, CLIK sold its ADR services. As such, the Company no longer owns any subsidiaries and has no operations.

F-6

The accompanying unaudited financial statements have been prepared on the basis which assumes that the Company will continue to operate as a going concern and which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business. As reflected in the accompanying financial statements, the Company has a net loss of \$210,624 and net cash used in operations of \$248,071 for the nine months ended March 31, 2008. The Company has positive working capital of \$2,696,946 at March 31, 2008, and has the ability to meet all obligations due over the course of the next twelve months.

The Company currently intends to effect a merger, acquisition or other business combination with an operating company utilizing any combination of its common stock, cash on hand or other funding sources that the Company believes are available. There can be no assurances that management's efforts to consummate a merger, acquisition or business combination with an operating company or management's efforts to identify other funding sources will be successful.

#### (B) Use of Estimates

In preparing financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and revenues and expenses during the periods presented. Actual results may differ from these estimates.

#### (C) Cash and Cash Equivalents

## Edgar Filing: CLICKNSETTLE COM INC - Form 10-Q

The Company minimizes its credit risk associated with cash by periodically evaluating the credit quality of its primary financial institution. The balance at times may exceed federally insured limits. At March 31, 2008, the balance exceeded the federally insured limit by \$2,383,468.

### (D) Net Loss per Share

Basic earnings (loss) per share is computed by dividing the net loss less preferred dividends for the period by the weighted average number of shares outstanding. Diluted loss per share is computed by dividing net loss less preferred dividends by the weighted average number of shares outstanding including the effect of share equivalents. On March 13, 2008, the Company declared a one for ten reverse stock split. All share and per share amounts have been retroactively restated.

At March 31, 2008 and June 30, 2007, the Company had outstanding common stock equivalents consisting of 21,399 and 21,399 stock options, respectively, which could potentially dilute loss per share. All common stock equivalents existing at these dates were antidilutive due to the reported net loss; as such, there was no separate computation for diluted earnings per share.

F-7

### (E) Income Taxes

The Company accounts for income taxes under the liability method in accordance with Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes." Under this method, deferred income tax assets and liabilities are determined based on differences between the financial reporting and tax bases of assets and liabilities and are measured using the enacted tax rates and laws that will be in effect when the differences are expected to reverse.

We adopted the provisions of FASB Interpretation No. 48, "Accounting for Uncertainty in Income Taxes-An Interpretation of FASB Statement No. 109" ("FIN 48"). FIN 48 contains a two-step approach to recognizing and measuring uncertain tax positions. The first step is to evaluate the tax position for recognition by determining if the weight of available evidence indicates it is more likely than not that the position will be sustained on audit, including resolution of related appeals or litigation processes, if any. The second step is to measure the tax benefit as the largest amount that is more than 50% likely to be realized upon ultimate settlement. We consider many factors when evaluating and estimating our tax positions and tax benefits, which may require periodic adjustments. At March 31, 2008, we did not record any liabilities for uncertain tax position.

### (F) Segment Information

The Company follows Statement of Financial Accounting Standards No. 131, "Disclosures about Segments of an Enterprise and Related Information." At March 31, 2008, the Company only operated in one segment; therefore, segment information has not been presented.

### (G) Recent Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board ("FASB")

## Edgar Filing: CLICKNSETTLE COM INC - Form 10-Q

issued SFAS No. 157, "Fair Value Measurements", which clarifies the principle that fair value should be based on the assumption that market participants would use when pricing an asset or liability. It also defines fair value and establishes a hierarchy that prioritizes the information used to develop assumptions. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007. The Company does not expect SFAS No. 157 to have a material impact on its financial position, results of operations or cash flows.

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities", which permits entities to choose to measure many financial instruments and certain other items at fair value. The unrealized gains and losses on items for which the fair value option has been elected should be reported in earnings. The decision to elect the fair value option is determined on an instrument-by-instrument basis, should be applied to an entire instrument and is irrevocable. Assets and liabilities measured at fair values pursuant to the fair value option should be reported separately in the balance sheet from those instruments measured using other measurement attributes. SFAS No. 159 is effective as of the beginning of the Company's

F-8

2008 fiscal year. The adoption of SFAS No. 159 is not expected to have a material effect on the Company's financial position, results of operations or cash flows.

In December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interests in Consolidated Financial Statements, an amendment of Accounting Research Bulletin No. 51" ("SFAS 160"). SFAS 160 establishes accounting and reporting standards for ownership interests in subsidiaries held by parties other than the parent, changes in a parent's ownership of a noncontrolling interest, calculation and disclosure of the consolidated net income attributable to the parent and the noncontrolling interest, changes in a parent's ownership interest while the parent retains its controlling financial interest and fair value measurement of any retained noncontrolling equity investment. SFAS 160 is effective for financial statements issued for fiscal years beginning after December 15, 2008, and interim periods within those fiscal years. Early adoption is prohibited. The adoption of SFAS No. 160 is not expected to have a material effect on its financial position, results of operations or cash flows.

In December 2007, the FASB issued SFAS 141R, Business Combinations ("SFAS 141R"), which replaces FASB SFAS 141, Business Combinations. This Statement retains the fundamental requirements in SFAS 141 that the acquisition method of accounting be used for all business combinations and for an acquirer to be identified for each business combination. SFAS 141R defines the acquirer as the entity that obtains control of one or more businesses in the business combination and establishes the acquisition date as the date that the acquirer achieves control. SFAS 141R will require an entity to record separately from the business combination the direct costs, where previously these costs were included in the total allocated cost of the acquisition. SFAS 141R will require an entity to recognize the assets acquired, liabilities assumed, and any noncontrolling interest in the acquired at the acquisition date, at their fair values as of that date. This compares to the cost allocation method previously required by SFAS 141. SFAS 141R will require an entity to recognize as an asset or liability at fair value for certain contingencies, either contractual or non-contractual, if certain criteria are met. Finally, SFAS 141R will require an entity to recognize contingent consideration at the date of acquisition, based on the fair value at that date. This Statement will be effective for business

## Edgar Filing: CLICKNSETTLE COM INC - Form 10-Q

combinations completed on or after the first annual reporting period beginning on or after December 15, 2008. Early adoption of this standard is not permitted and the standards are to be applied prospectively only. Upon adoption of this standard, there would be no impact to the Company's results of operations and financial condition for acquisitions previously completed. The adoption of SFAS No. 141R is not expected to have a material effect on the Company's financial position, results of operations or cash flows.

In January 2008 the SEC released SAB No. 110, which amends SAB No. 107 which provided a simplified approach for estimating the expected term of a "plain vanilla" option, which is required for application of the Black-Scholes option pricing model (and other models) for valuing share options. At the time, the Staff acknowledged that, for companies choosing not to rely on their own historical option exercise data (i.e., because such data did not provide a reasonable basis for estimating the term), information about exercise patterns with respect to plain vanilla options granted by other companies might not be available in the near term; accordingly, in SAB No.

F-9

107, the Staff permitted use of a simplified approach for estimating the term of plain vanilla options granted on or before December 31, 2007. The information concerning exercise behavior that the Staff contemplated would be available by such date has not materialized for many companies. Thus, in SAB No. 110, the Staff continues to allow use of the simplified rule for estimating the expected term of plain vanilla options until such time as the relevant data becomes widely available. The Company does not expect its adoption of SAB No. 110 to have a material impact on its financial position, results of operations or cash flows.

In March 2008, the FASB issued SFAS No. 161, "Disclosures About Derivative Instruments and Hedging Activities—An Amendment of FASB Statement No. 133" ("SFAS 161"). SFAS 161 establishes the disclosure requirements for derivative instruments and for hedging activities with the intent to provide financial statement users with an enhanced understanding of the entity's use of derivative instruments, the accounting of derivative instruments and related hedged items under Statement 133 and its related interpretations, and the effects of these instruments on the entity's financial position, financial performance, and cash flows. This statement is effective for financial statements issued for fiscal years beginning after November 15, 2008. The Company does not expect its adoption of SFAS 161 to have a material effect on its financial position, results of operations or cash flows.

Other accounting standards that have been issued or proposed by the FASB or other standards-setting bodies do not require adoption until a future date and are not expected to have a material impact on the financial statements upon adoption.

### (H) Reclassifications

Certain amounts in the year 2007 financial statements have been reclassified to conform to the year 2008 presentation. These reclassifications had no material effect on the financial position, results of operations or cash flows.

### 3. Stockholders' Equity

#### (A) Stock Issued for Cash

On September 26, 2007, the Company sold 4,492,105 shares of restricted common stock for \$1,567,000 (\$0.349/share). The sale resulted in control of the Company being obtained by a third-party investor group.

## Edgar Filing: CLICKNSETTLE COM INC - Form 10-Q

On December 19, 2007, the Company entered into a stock purchase agreement with a new group of investors for the sale of 51% of the Company's outstanding stock. The transaction closed on March 18, 2008, whereby the Company sold 5,762,448 shares of common stock for \$1,334,289 net of offering costs (\$0.23/share). This transaction resulted in a further change of control.

F-10

(B) Stock Issued as Finder's Fee

On September 26, 2007, the Company issued 30,000 shares of restricted common stock having a fair value of \$300 as a finder's fee relating to the Company's change in control. The payment had a net effect on equity of \$0, as additional paid in capital was debited and common stock was credited for the same balance at par value.

(C) Cash Paid as Finder's Fee

On September 26, 2007, the Company paid \$55,000 to an individual as a finder's fee.

(D) Stock Options

A summary of stock option activity for the nine months ended March 31, 2008 (unaudited) and for the year ended June 30, 2007 is as follows:

	Number of Options	Weighted Average Exercise Price

	=====	=====	=====	=====	=====

(E) Authorized Capital

On March 13, 2008, the Company increased its authorized share capital to 50,000,000 shares of preferred stock and 750,000,000 shares of common stock.

(F) Cancellation of Treasury Stock

On March 14, 2008, the Company cancelled its treasury stock.

PART I  
FINANCIAL INFORMATION

ITEM 1. FINANCIAL STATEMENTS

The unaudited, condensed financial statements included herein, commencing at page F-1, have been prepared in accordance with the requirements of Regulation S-K and, therefore, omit or condense certain footnotes and other information normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America. In the opinion of management, all adjustments (including all normal recurring adjustments) necessary for a fair presentation of the financial information for the interim periods reported have been made.

Results of operations for the three and nine months ended March 31, 2008, are not necessarily indicative of the results of operations expected for the year ending June 30, 2008.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion with regard to our financial condition and operating results contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on current plans and expectations of clickNsettle.com, Inc. (the "Company" or "CLIK") and involve risks and uncertainties that could cause actual future activities and results of operations to be materially different from those set forth in the forward-looking statements. Important factors that could cause actual results to differ include, among others, our inability to consummate an acquisition of an operating business or, in the event that we do consummate a transaction, our ability to successfully manage and operate the combined business.

The discussion of our financial condition and results of operations should be read in conjunction with our unaudited, condensed financial statements and notes thereto included elsewhere in this Report and the Company's Annual Report on Form 10-KSB filed with the Securities and Exchange Commission.

FINANCIAL RESULTS FOR THE THREE AND NINE MONTHS ENDED MARCH 31, 2008

For the quarter ended March 31, 2008, we recorded a net loss of approximately \$72,300 or less than \$0.01 per share. Included in the financial results for the quarter ended March 31, 2008, were professional fees of approximately \$55,600 and general and administrative expenses of approximately \$29,700, which together constituted our total operating expenses. We had interest income of approximately \$12,900 during the most recent quarter. The interest income is significantly higher than we have previously had as a result of the working capital contributed to the Company in connection with two changes of control, in which we sold restricted securities to investors.

## Edgar Filing: CLICKNSETTLE COM INC - Form 10-Q

For the three months ended March 31, 2007, the Company recorded a net loss of approximately \$15,300 or \$0.02 per share. Although the amount of the loss was significantly less during this quarter in 2007, the loss per share was twice as much because we had fewer outstanding shares in 2007. The Company's operating expenses for the three months ended March 31, 2007, were approximately \$16,400, which was the amount spent for general and administrative expenses to maintain our status as a reporting public company. Interest income during the three months ended March 31, 2007 was approximately \$1,100.

For the nine months ended March 31, 2008, we recorded a net loss of approximately \$210,600 or \$0.05 per share. Our expenses for the nine months were approximately \$238,300. We had interest income of approximately \$27,700 during the nine months.

For the nine months ended March 31, 2007, the Company recorded a net loss of approximately \$58,200 or \$0.06 per share. The Company's operating expenses for the nine months ended March 31, 2007 were approximately \$61,500. Interest income during the nine months ended March 31, 2007 was approximately \$3,300.

The increase in operating expenses in fiscal 2008 is attributable to the two changes of control in September 2007 and March 2008.

We do not expect to generate operating revenues or income until such time as we effect a business combination with an operating company. However, in the event that we do consummate a merger or acquire an operating company, there can be no assurances that the combined operation will operate profitably.

### LIQUIDITY AND CAPITAL RESOURCES

As of March 31, 2008, the Company had cash of approximately \$2.7 million. The Company had no liabilities at March 31, 2008. The Company's cash is invested in money market accounts and certificates of deposit. We anticipate that the primary uses of working capital will include general and administrative expenses, professional fees to maintain our status as a reporting public company, and costs associated with seeking to locate and consummate a business combination. We believe that we have sufficient funds to cover our expenses for at least the next twelve months.

### OFF-BALANCE SHEET ARRANGEMENTS AND CONTRACTUAL OBLIGATIONS

We have no off-balance sheet arrangements and no contractual obligations.

On March 18, 2008, we sold a 51% interest in the Company to a small group of investors that included Dr. Phillip Frost, former chairman of Ivax Corporation. The purchase price for these shares was \$1,334,289 net of offering costs, an amount that was approximately equal to the Company's cash, after deduction of liabilities, on the closing date.

### PLAN OF OPERATION

Management of the Company is devoting its efforts to consummating a merger or acquisition with an operating business. In the event that we identify an acceptable operating business, we will effect the transaction utilizing any combination of our common stock, cash on hand, or other funding

## Edgar Filing: CLICKNSETTLE COM INC - Form 10-Q

sources that we reasonably believe are available. We currently have no contractual commitments with regard to effecting an acquisition or other business combination with an operating company.

### ITEM 4. CONTROLS AND PROCEDURES

As of March 31, 2008, our President and Chief Executive Officer and Chief Financial Officer evaluated the Company's disclosure controls and procedures, and they concluded that we maintain effective disclosure controls and procedures. There were no changes in our internal control over financial reporting during the quarter ended March 31, 2008.

Disclosure controls and procedures mean the methods designed to ensure that information that the Company is required to disclose in the reports that it files with the Securities and Exchange Commission is recorded, processed, summarized and reported within the time periods required. Our controls and procedures are designed to ensure that all information required to be disclosed is accumulated and communicated to our management to allow timely decisions regarding disclosure. Our controls and procedures are also designed to provide reasonable assurance of the reliability of our financial reporting and accurate recording of our financial transactions.

A control system, however well designed and operated, can provide only reasonable, not absolute, assurance that the control system's objectives will be met. There are inherent limitations in all control systems, and no evaluation of controls can provide absolute assurance that all control gaps or instances of fraud have been detected. These inherent limitations include the realities that the judgments in decision-making can be faulty, and that simple errors or mistakes can occur.

### PART II OTHER INFORMATION

#### ITEM 1. LEGAL PROCEEDINGS

None.

#### ITEM 1A. RISK FACTORS

We face risks. These risks include those described below and may include additional risks of which we are not currently aware or which we currently do not believe are material. If any of the events or circumstances described in the following risks actually occur, our financial condition or results of operations could be adversely affected. These risks should be read in conjunction with the other information set forth in this report.

WE DO NOT HAVE AN OPERATING BUSINESS, AND, IF THE COMPANY ACQUIRES A NEW BUSINESS, OUR SHAREHOLDERS WILL SUFFER SIGNIFICANT DILUTION.

3

On January 13, 2005, the Company sold its alternative dispute resolution/mediation business. We are searching for an operating entity to acquire or with which to enter into a merger transaction. There can be no assurances that an operating company will be acquired or that a merger transaction will be consummated. Also, the Company's cash may not be sufficient to acquire a new operating business or to enter into a merger transaction. In addition, if we acquire a new operating business or enter into a merger transaction, we expect that the transaction will be accomplished through the issuance of stock of the Company, resulting in significant dilution to existing shareholders.

## Edgar Filing: CLICKNSETTLE COM INC - Form 10-Q

WE HAVE NO REVENUES, BUT WE INCUR COSTS AND EXPENSES.

We have not had any revenue since January 13, 2005. If we do not acquire another operating business, we cannot generate revenues. Moreover, we will continue to incur costs for our public reporting obligations and for searching for an operating business. It is likely that in order to acquire a new operating business or to enter into a merger transaction, significant costs will be incurred. There can be no assurances that the cash on hand will be sufficient to cover such costs.

OUR COMMON STOCK IS TRADED ON THE NASD OTC ELECTRONIC BULLETIN BOARD AND IS SUBJECT TO THE PENNY STOCK RULES.

Trading in our securities has been conducted in the over-the-counter market on the NASD's OTC Electronic Bulletin Board. As a result, an investor may find it more difficult to purchase, dispose of and obtain accurate quotations as to the value of our securities.

In addition, as the trading price of our common stock has been less than \$5.00 per share, trading in our stock is also subject to the requirements of Rule 15g-9 under the Securities Exchange Act of 1934. Under that rule, broker/dealers who recommend such low-priced securities to persons other than established customers and accredited investors must satisfy special sales practice requirements, including (a) the requirement that they make an individualized written suitability determination for the purchaser and (b) the receipt of the purchaser's written consent prior to the transaction.

The Securities Enforcement Remedies and Penny Stock Reform Act of 1990 also requires additional disclosure in connection with any trades involving a stock defined as a penny stock (generally, any equity security not traded on an exchange or quoted on the NASDAQ SmallCap Market that has a market price of less than \$5.00 per share), including the delivery, prior to any penny stock transaction, of a disclosure schedule explaining the penny stock market and the risks associated therewith. Such requirements could severely limit the market liquidity of our securities and the ability of stockholders to sell their securities in the secondary market.

### ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On March 18, 2008, we sold 5,762,448 shares of our common stock to a group of investors led by Dr. Phillip Frost (the "Purchasers").

4

The Shares were issued pursuant to the private placement exemption provided by Section 4(2) of the Securities Act of 1933 (the "1933 Act"). The Shares are "restricted securities" as defined in Rule 144 under the 1933 Act and the certificates evidencing the Shares bear a legend stating the restrictions on resale. There were no underwriting discounts or commissions. We used the proceeds of the sale for working capital.

### ITEM 3. DEFAULTS UPON SENIOR SECURITIES

None

### ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

On January 25, 2008, the holders of approximately 53% of our issued and outstanding common stock approved an amendment to our Certificate of Incorporation (i) to increase the number of authorized shares of our capital

Edgar Filing: CLICKNSETTLE COM INC - Form 10-Q

stock to 800 million shares, consisting of 750 million shares of Common Stock, \$0.001 par value, and 50 million shares of Preferred Stock, \$0.001 par value, (ii) to implement a one-for-ten reverse stock split of the currently outstanding shares of our capital stock, (iii) to remove from our original Certificate of Incorporation an extraneous provision and a provision that allowed us to restrict stockholder inspection rights, and (iv) to integrate into a single Amended and Restated Certificate of Incorporation our original Certificate of Incorporation, all amendments previously filed with the Secretary of State of Delaware, and the new amendments approved on January 25, 2008. The Amended and Restated Certificate of Incorporation became effective on March 13, 2008, when it was filed with the Secretary of State of Delaware.

ITEM 5. OTHER INFORMATION

EXHIBIT INDEX

Exhibit No.	Description
31.1	Certification of Chief Executive Officer pursuant to Rule 13a-14(a)
31.2	Certification of Chief Financial Officer pursuant to Rule 13a-14(a)
32	Certification pursuant to Rule 13a-14(b) and Section 1350, Title 18, United States Code.

CERTIFICATION OF CHIEF EXECUTIVE OFFICER

I, Glenn L. Halpryn, certify that:

1. I have reviewed this quarterly report on Form 10-Q of clickNsettle.com, Inc.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of

Edgar Filing: CLICKNSEATTLE COM INC - Form 10-Q

financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

(b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Exhibit 31.2

CERTIFICATION OF CHIEF FINANCIAL OFFICER

I, Alan Jay Weisberg, certify that:

1. I have reviewed this quarterly report on Form 10-Q of clickNsettle.com, Inc.;

2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:

(a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;

(b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;

(c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and

(d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to

Edgar Filing: CLICKNSETTLE COM INC - Form 10-Q

materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):

(a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the small business issuer's internal control over financial reporting.
