AMCON DISTRIBUTING COMPANY REPORTS FULLY DILUTED EARNINGS PER COMMON SHARE OF \$1.52 FOR THE FIRST FISCAL QUARTER ENDED DECEMBER 31, 2008

NEWS RELEASE

Chicago, IL, January 19, 2009 - AMCON Distributing Company ("AMCON")

Edgar Filing: AMCON DISTRIBUTING CO - Form 8-K

(AMEX:DIT), an Omaha, Nebraska based consumer products company is pleased to announce fully diluted earnings per common share of \$1.52 for the first fiscal quarter ended December 31, 2008.

"We are very proud of the results our management team was able to deliver this quarter for our shareholders. While the overall economy declined significantly, we were able to increase profits on a year over year basis" said Christopher Atayan, AMCON's Chairman and Chief Executive Officer. "We believe this is a direct function of our core philosophy that emphasizes fundamentals and teamwork as a means to deliver superior customer service. We believe this collaborative approach contributes to long-term customer relationships. We are mindful of the challenges that lie ahead and will continue our focused strategic plan which emphasizes a conservative posture."

AMCON's wholesale distribution business reported revenues of \$208.4 million and operating income before depreciation and amortization of \$3.5 million in the first fiscal quarter of 2009. AMCON's retail health food business reported revenues of \$9.0 million and operating income before depreciation and amortization of \$0.6 million for the same period.

Kathleen Evans, President of AMCON's wholesale distribution business commented, "Weak economic conditions, high unemployment levels and tightened consumer spending continue to impact consumer demand in convenience stores. Our management is focused on developing programs that add value to our customers and enhance their bottom lines. In particular we were able to develop strong momentum from our fall trade shows which enabled our customers profit opportunities to weather the storm."

Eric Hinkefent, President of AMCON's retail health food business commented, "We continue to believe that the overall trend of the natural foods industry is positive. However, we are experiencing weakness in both of our geographic markets. Our longstanding tradition of being the service leader serves us well in these difficult times. Both of our segments have been in existence since 1935 and understand there is no substitute for delivering superior products at the right price."

"We continue to maintain high levels of liquidity" noted Andrew Plummer, AMCON's Chief Financial Officer. "We take a long term conservative approach to managing our balance sheet. This enables us to initiate attractive opportunities for our customers. In this credit constrained environment, this has been a key competitive advantage for us. We continue to see overall weak economy conditions, fuel price volatility and the potential for adverse federal legislation regarding an increase in the excise taxes on tobacco products and have budgeted accordingly."

AMCON is a leading wholesale distributor of consumer products, including beverages, candy, tobacco, groceries, food service, frozen and chilled foods, and health and beauty care products with distribution centers in Illinois, Missouri, Nebraska, North Dakota and South Dakota. Chamberlin's Natural Foods, Inc. and Health Food Associates, Inc., both wholly-owned subsidiaries of The Healthy Edge, Inc., operate health and natural product retail stores in central Florida (6), Kansas, Missouri, Nebraska and Oklahoma (4). The retail stores operate under the names Chamberlin's Market & Cafe and Akins Natural Foods Market.
