CancerVax Corporation hereby amends its Current Report on Form 8-K filed with the Securities and Exchange Commission of February 14, 2005 to read in its entirety as follows:

**Item 1.01 Entry Into Material Definitive Agreements.**1. *Executive Officer Bonuses.*

(a) *Payment of Bonuses to Executive Officers for Fiscal 2004.* On February 8, 2005, the Compensation Committee of the Board of Directors (the *Committee*) of CancerVax Corporation (the *Company*) approved cash bonus payments for the 2004 fiscal year to be paid to the Company's executive officers pursuant to the CancerVax 2004 Management Incentive Compensation Plan (the *2004 Bonus Plan*). The Company's executive officers were eligible to receive bonuses if certain individual and corporate performance criteria were achieved during fiscal 2004. Bonus payments were based on the Committee's evaluation of the Company's achievement of the corporate performance goals for 2004, which goals were previously established by the Committee and the Board of Directors in February 2004, subject to the approval of the Company's Board of Directors, which was given on February 9, 2005. These performance goals included the achievement of performance targets with respect to the Company's clinical trials, business development objectives, operations, quality and analytical sciences development objectives, and the achievement of certain development milestones with respect to new product candidates. As described in the 2004 Bonus Plan, the individual performance of each of the executive officers during 2004 was also evaluated by the Committee based on the achievement of individual performance goals set in early 2004 (other than the Chief Executive Officer and President, whose bonus was determined solely by reference to the achievement of corporate goals).

The total bonuses earned by each executive officer for 2004 were as follows:

<b>Name</b>	<b>Title</b>	<b>Amount of Bonus</b>
Hazel M. Aker	Senior Vice President, General Counsel & Secretary	\$ 68,727
Debra J. Arnold	Vice President, Quality	\$ 57,234
Guy Gammon	Vice President, Clinical	\$ 62,126
David F. Hale	President and CEO	\$ 221,450
Robert L. Jones	Vice President, Human Resources	\$ 50,098
William R. La Rue	Senior Vice President and CFO	\$ 73,806
Martin A. Mattingly	Executive Vice President, Marketing & Business Development	\$ 83,633
John Petricciani	Senior Vice President, Medical & Regulatory Affairs	\$ 65,464
Steven J. Ruhl	Vice President, Manufacturing	\$ 51,795
Dennis E. Van Epps	Vice President, Research	\$ 61,425

(b) *Adoption of Criteria for Bonuses Payable to Executive Officers for Fiscal 2005.* On February 8, 2005, the Committee approved the CancerVax 2005 Management Incentive Compensation Plan (the *2005 Bonus Plan*). Pursuant to the 2005 Bonus Plan, the Committee designated for each executive officer a target cash bonus amount, expressed as a percentage of his or her base salary. The Company's executive officers are eligible to receive bonuses if certain individual and corporate performance criteria are achieved during fiscal 2005. Bonus payments will be based

on the Committee's evaluation of the Company's achievement of the corporate performance goals for 2005 established by the Committee, which include the achievement of performance targets with respect to the Company's clinical trials, financial objectives, completion of the Company's manufacturing facility expansion, operations, quality and analytical sciences development objectives, and the achievement of certain development milestones with respect to new product candidates. As described in the 2004 Bonus Plan, the individual performance of each of the executive officers during 2005 will also be evaluated by the Committee based on the achievement of individual performance goals (other than the Chief Executive Officer and President, whose bonus will be determined solely by reference to the achievement of corporate goals).

*Performance-Based Vesting Stock Options.* The stock options listed above as performance-based vesting stock options will vest based on the Company's satisfaction of certain performance targets, as follows: one third of the shares subject to each performance-based vesting stock option will vest upon the successful completion of all conformance lots required for submission of a Biologics License Application ( *BLA* ) for Canvaxin , and the remaining two thirds of the shares subject to such stock option will vest upon the approval of a BLA or equivalent marketing authorization for Canvaxin in the U.S. or E.U., in each case subject to the executive officer's continued employment or service with the Company on each such date.

*Restricted Stock Awards.* The restricted stock awards will vest in full upon the Company's submission of a BLA for Canvaxin , subject to the executive officer's continued employment or service with the Company on such date.
