credit agreement with Union Bank of California, N.A., as administrative agent, lead arranger and lender ("Union Bank"), and a group of lenders (the "UniSource Credit Agreement"). UniSource Energy used the proceeds from the borrowing to make a capital contribution to Tucson Electric Power Company ("TEP"). UniSource Energy expects to borrow the remaining \$10 million of the term loan by June 30, 2005 and use the proceeds from such borrowing for general corporate purposes. For a summary of the material terms of the UniSource Credit Agreement, see UniSource Energy's Current Report on Form 8-K filed with the Securities and Exchange Commission on April 18, 2005, to which the UniSource Energy Credit Agreement is filed as an exhibit.

On May 10, 2005, TEP borrowed \$25 million of its \$60 million revolving credit facility entered into under TEP's \$401 million five-year credit agreement among TEP, Union Bank, as administrative agent, lead arranger and lender, and a group of lenders (the "TEP Credit Agreement"). TEP expects to repay this borrowing with cash flows from operations in the upcoming peak summer months. For a summary of the material terms of the TEP Credit Agreement, see TEP's Quarterly Report on Form 10-Q for the quarter ended March 31, 2005, to which the TEP Credit Agreement is filed as an exhibit.

TEP used a portion of the proceeds from the borrowing on the TEP Credit Agreement, together with capital contributions from UniSource Energy, to repurchase \$147 million of its 1997 Pima Series B and \$74 million of its 1997 Pima Series C fixed-rate tax-exempt debt obligations from bondholders on May 11, 2005, at a price of \$101.50 per \$100 principal amount. TEP intends to use the remainder of the proceeds and capital contributions from UniSource Energy to redeem at par the remaining \$4 million of tax-exempt debt of such series on May 18, 2005.

As of May 13, 2005, there were no other borrowings outstanding under either the UniSource Credit Agreement or the TEP Credit Agreement.
