## Item 1.01 Entry into Material Definitive Agreements

### *Employment Agreements*

On July 1, 2015 the Company updated and renewed Employment Agreements (“Agreements”) with the following officers of the Company: Kevin J. Mills, President and Chief Executive Officer; David W. Dunlap, Vice President of Finance and Administration, Chief Financial Officer and Secretary; James Lopez, Vice President of Marketing and Business Development; Leonard L. Ott, Vice President of Engineering and Chief Technical Officer; and Lee A. Baillif, Vice President of Operations (collectively the “Executives”). The Agreements replaced agreements previously reported in a Form 8-K dated March 8, 2012 that expired on June 30, 2015 (December 31, 2015 for Mr. Lopez).

Under the terms of the Agreements, the Executive’s employment is at will and termination of employment of the Executive may occur at any time. The Agreement defines termination arrangements that apply if the Executive is terminated for Cause as defined in the Agreement, is terminated due to death or disability, voluntarily terminates employment, or is otherwise terminated involuntarily. Should the Executive’s employment be terminated other than for Cause, death, disability or voluntary termination, he is entitled under the Agreement to (i) receive an involuntary termination payment consisting of his regular base salary for a period of two (2) months plus one month for each completed two years of service up to a maximum of five (5) months following termination, (ii) receive one additional month of compensation upon signing a mutual termination agreement; (iii) receive reimbursement for payment of his COBRA health premiums for the lesser of the amount of time of the involuntary termination payment or until he is eligible for the health insurance benefits provided by another employer; (iv) receive the variable compensation amounts to which he would otherwise be entitled as prescribed in the Company’s variable incentive compensation plan, and (v) purchase from the Company at book value certain items that were purchased by the Company for his use. Stock options granted to the Executive shall cease vesting immediately upon the date of termination of employment, and vested stock options will be exercisable after termination for the lesser of one year or the expiration date of the grant. In the event of voluntary termination with at least a 60 day notice by an Executive with more than ten years of consecutive service to the Company, the Executive’s vested stock options will be exercisable after termination for the remaining life of the grants. The Agreements also provide for compensation in the event of a Change of Control as defined in the Agreement consisting of an involuntary termination payment as described above and a payment equal to 1% of the consideration payable in connection with a Change of Control provided that the price offered for the Company’s common stock is equal to or greater than \$5.00 per share. The new Agreements expire on June 30, 2018 unless the Company fails to provide the Executive with notice of intent to renew or not renew the Agreement of at least six months prior to expiration, in which case the expiration date of the Agreement shall be December 31, 2018.

Our Board of Directors unanimously adopted resolutions approving the Amendment, subject to stockholder approval, at a properly convened meeting on March 23, 2015, and, on April 24, 2015 we received executed written consents from holders of our Common Stock, Series B Preferred and Series C Preferred representing 63,745,157 voting shares, or approximately 51.7% of our outstanding voting class, approving the Amendment.

As the Amendment was approved by written consent of the holders a majority of the Company's voting stock, there will be no stockholders' meeting, and representatives of the principal accountants for the current year and for the most recently completed fiscal year will not have the opportunity to make a statement if they desire to do so and will not be available to respond to appropriate questions from our stockholders.

We will, following the expiration of the 20-day period mandated by Rule 14c of the Exchange Act and the provisions of the Nevada Revised Statutes, file the Amendment with the Nevada Secretary of State's Office. ## DESCRIPTION OF THE COMPANY'S CAPITAL STOCK

### General

The Company's authorized capital stock currently consists of 120 million shares of Common Stock, and 5,000,000 shares of preferred stock, \$0.001 par value per share (the "Preferred Stock"), of which 2.75 million shares have been

designated as Series B Preferred and 90,000 shares have been designated as Series C Preferred. Based on the number of shares, options, warrants and convertible notes outstanding as of May 4, 2015, there were: (i) 53,691,225 outstanding shares of Common Stock; (ii) 1,342,870 shares of Series B Preferred convertible into approximately 21.5 million shares of Common Stock; (iii) 72,148 shares of Series C Preferred convertible into approximately 48.1 million shares of Common Stock; (iv) outstanding options to purchase approximately 12.3 million shares of Common Stock; and (v) outstanding warrants to purchase 33.4 million shares of Common Stock. As a result, there are approximately 169.0 million shares issued and outstanding, assuming conversion and exercise of all outstanding derivative securities.

## Common Stock

As of May 4, 2015, there were 53,691,225 shares of Common Stock outstanding. Holders of the Common Stock are entitled to one vote for each share held on all matters submitted to a vote of the Company's stockholders. Holders of Common Stock are entitled to receive ratably any dividends that may be declared by the Board out of legally available funds, subject to any preferential dividend rights of any outstanding Preferred Stock. Upon the Company's liquidation, dissolution or winding up, the holders of Common Stock are entitled to receive ratably the Company's net assets available after the payment of all debts and other liabilities and subject to the prior rights of any outstanding Preferred Stock. Holders of Common Stock have no preemptive, subscription, redemption or conversion rights. The outstanding shares of Common Stock are fully paid and nonassessable. The rights, preferences and privileges of holders of Common Stock are also subject to, and may be adversely affected by, the rights of holders of shares of any series of Preferred Stock which the Company may designate and issue in the future without further stockholder approval.

We currently have two series of Preferred Stock authorized, the Series B Preferred and Series C Preferred, no other series or classes of Preferred Stock were authorized or issued and outstanding. The following are summaries of the rights and preferences of the Series B Preferred and Series C Preferred, and are not meant to be complete descriptions of those terms. For a complete description of the rights and preferences attributable to the Series B Preferred and Series C Preferred, please see the Series B Preferred Certificate of Designation and the Series C Preferred Certificate of Designation (defined below), identified in the exhibit index to our Annual Report on 10-K for the year ended December 31, 2014, filed with the SEC on April 2, 2015.

## Preferred Stock

The Board is currently authorized, without further stockholder approval, to issue from time to time up to an aggregate of 5,000,000 shares of Preferred Stock in one or more series and to fix or alter the designations, preferences, rights, qualifications, limitations or restrictions of the shares of each series, including the dividend rights, dividend rates, conversion rights, voting rights, term of redemption including sinking fund provisions, redemption price or prices, liquidation preferences and the number of shares constituting any series or designations of such series without further vote or action by the stockholders. The issuance of Preferred Stock may have the effect of delaying, deferring or preventing a change in control of management without further action by the stockholders and may adversely affect the voting and other rights of the holders of Common Stock. The issuance of Preferred Stock with voting and conversion rights may adversely affect the voting power of the holders of Common Stock, including the loss of voting control to others.

We currently have two series of Preferred Stock authorized, the Series B Preferred and Series C Preferred, no other series or classes of Preferred Stock were authorized or issued and outstanding. The following are summaries of the rights and preferences of the Series B Preferred and Series C Preferred, and are not meant to be complete descriptions of those terms. For a complete description of the rights and preferences attributable to the Series B Preferred and Series C Preferred, please see the Series B Preferred Certificate of Designation and the Series C Preferred Certificate of Designation (defined below), identified in the exhibit index to our Annual Report on 10-K for the year ended December 31, 2014, filed with the SEC on April 2, 2015.

## Series B Convertible Preferred Stock

In November 2013, the Series B Certificate of Designation was filed with the Nevada Secretary of State, and later amended and restated in February 2015, in order to designate 2.75 million shares of our Preferred Stock as Series B Preferred. The following summarizes the current rights and preferences of the Series B Preferred:

**Dividends.** Holders of the Series B Preferred are entitled to receive cumulative dividends at the rate per share of 5% per annum, which dividends are currently payable in either cash or restricted shares of Common Stock.

**Voting Rights.** Subject to certain restrictions in the Series B Certificate of Designation, the holders of the Series B Preferred are entitled to vote alongside holder of Common Stock, on an as-converted basis, on all matters as to which the approval of the stockholders may be required.

**Liquidation.** Upon any liquidation, dissolution, or winding-up of the Company, whether voluntary or involuntary (a "Liquidation"), the holders of Series B Preferred shall be entitled to receive out of the assets, whether capital or surplus, of the Company an amount equal to the stated value of the Series B Preferred (\$4 per share), plus any accrued and unpaid dividends thereon, for each share of Series B Preferred before any distribution or payment shall be made to the holders of any junior securities, and if the assets of the Company shall be insufficient to pay in full such amounts, then the entire assets to be distributed to the holders of the Series B Preferred shall be ratably distributed among the holders in accordance with the respective amounts that would be payable on such shares if all amounts payable thereon were paid in full.

**Conversion.** Each share of Series B Preferred is convertible, at the option of the holder, into that number of shares of Common Stock equal to the stated value thereof, divided by \$0.25 per share (the "Series B Conversion Shares"). The Company has the option to require the conversion of the Series B Preferred into Series B Conversion Shares in the event the daily trading volume of the Company's Common Stock, divided by the closing price, equals at least \$250,000 for 20 consecutive trading days and the average closing price of the Company's Common Stock is at least \$0.62 per share for 10 consecutive trading days.

**Certain Price and Share Adjustments.**

a) **Stock Dividends and Stock Splits.** If the Company (i) pays a stock dividend or otherwise makes a distribution or distributions payable in shares of Common Stock on shares of Common Stock or any other Common Stock equivalents; (ii) subdivides outstanding shares of Common Stock into a larger number of shares; (iii) combines (including by way of a reverse stock split) outstanding shares of Common Stock into a smaller number of shares; or (iv) issues, in the event of a reclassification of shares of the Common Stock, any shares of capital stock of the Company, then the conversion price shall be adjusted accordingly.

b) **Merger or Reorganization.** If the Company is involved in any reorganization, recapitalization, reclassification, consolidation or merger in which the Common Stock is converted into or exchanged for securities, cash or other property than each shares of Series B Preferred shall be convertible into the kind and amount of securities, cash or other property that a holder of the number of shares of Common Stock issuable upon conversion of one share of Series B Preferred prior to any such merger or reorganization would have been entitled to receive pursuant to such transaction.

### Series C Convertible Preferred Stock

In February 2015, the Certificate of Designation, Preferences, Rights and Limitations of the Series C Convertible Preferred Stock (the "Series C Certificate of Designation") was filed with the Nevada Secretary of State, and later amended and restated in March 2015, in order to designate 90,000 shares of our Preferred Stock as Series C Preferred. The following summarizes the current rights and preferences of the Series C Preferred:

**Voting Rights.** The holders of the Series C Preferred are entitled to vote alongside holder of Common Stock, on an as-converted basis, on all matters as to which the approval of the stockholders may be required.

**Liquidation.** Upon any Liquidation, the holders of Series C Preferred shall be entitled to receive out of the assets, whether capital or surplus, of the Company an amount equal to the stated value of the Series C Preferred (\$100 per share), plus any accrued and unpaid dividends thereon, for each share of Series C Preferred before any distribution or payment shall be made to the holders of any junior securities, and if the assets of the Company shall be insufficient to pay in full such amounts, then the entire assets to be distributed to the holders of the Series C Preferred shall be ratably distributed among the holders in accordance with the respective amounts that would be payable on such shares if all amounts payable thereon were paid in full.

**Conversion.** Each share of Series C Preferred is convertible, at the option of the holder, into that number of shares of Common Stock equal to the stated value thereof, divided by \$0.15 per share (the "Series C Conversion Shares"). The Company has the option to require the conversion of the Series C Preferred into Series C Conversion Shares in the event (i) there are sufficient authorized shares of Common Stock reserved as Series C Conversion Shares; (ii) the Series C Conversion Shares are registered under the Securities Act of 1933, as amended (the "Securities Act"), or the Series C Conversion Shares are freely tradable, without restriction, under Rule 144 of the Securities Act; and (iii) the average closing price of the Company's Common Stock is at least \$0.62 per share for 10 consecutive trading days.

### Certain Price and Share Adjustments.

a) **Stock Dividends and Stock Splits.** If the Company (i) pays a stock dividend or otherwise makes a distribution or distributions payable in shares of Common Stock on shares of Common Stock or any other Common Stock equivalents; (ii) subdivides outstanding shares of Common Stock into a larger number of shares; (iii) combines (including by way of a reverse stock split) outstanding shares of Common Stock into a smaller number of shares; or (iv) issues, in the event of a reclassification of shares of the Common Stock, any shares of capital stock of the Company, then the conversion price shall be adjusted accordingly.

b) **Merger or Reorganization.** If the Company is involved in any reorganization, recapitalization, reclassification, consolidation or merger in which the Common Stock is converted into or exchanged for securities, cash or other property than each shares of Series C Preferred shall be convertible into the kind and amount of securities, cash or other property that a holder of the number of shares of Common Stock issuable upon conversion of one share of Series C Preferred prior to any such merger or reorganization would have been entitled to receive pursuant to such transaction.

## AMENDMENT TO OUR CERTIFICATE OF INCORPORATION

### Purpose of and Rationale for the Amendment

We are currently authorized to issue a total of 120 million shares of Common Stock. Of this amount, 53,691,225 shares of Common Stock were outstanding as of May 4, 2015. In addition to shares of Common Stock issued and outstanding, we are required to reserve sufficient shares of Common Stock for issuance upon conversion or exercise of

our outstanding convertible securities.

On February 18, 2015, we filed the Series C Certificate of Designation with the Nevada Secretary of State, designating 50,000 shares of the Company's Preferred Stock as Series C Preferred, and in March 2015 we filed an amendment to the Series C Certificate of Designation to increase the number of shares of Preferred Stock designated thereunder to 90,000. Each share of Series C Preferred has a stated value of \$100 per share (the "Stated Value"), and is convertible, at the option of each respective holder, into that number of Series C Conversion Shares equal to the Stated Value, divided by \$0.15 per share. The Series C Certificate of Designation also gives the Company the option to require the conversion of the Series C Preferred into Series C Conversion Shares in the event: (i) there are sufficient authorized shares of Common Stock reserved as Series C Conversion Shares; (ii) the Series C Conversion Shares are registered under the Securities Act, or the Series C Conversion Shares are freely tradable, without restriction, under Rule 144 of the Securities Act; and (iii) the average closing price of the Company's Common Stock is at least \$0.62 per share for 10 consecutive trading days.

On February 20, 2015 (the "Initial Investment Date"), the Company and certain accredited investors (the "Investors") entered into a Securities Purchase Agreement (the "Purchase Agreement") wherein the Investors agreed to purchase up to 43,000 shares of Series C Preferred for \$100 per share in three separate closings (the "Series C Offering"). The Company issued an aggregate total of 18,000 shares of Series C Preferred on the Initial Investment Date, 15,000 shares on April 1, 2015 and anticipates issuing the remaining 10,000 shares on or before June 30, 2015. The Purchase Agreement also provides for the appointment of one member, designated by the Investors, to the Company's Board of Directors. As additional consideration for participating in the Series C Offering, each Investor is entitled to receive five-year warrants (the "Warrants"), exercisable for \$0.15 per share, to purchase that number of shares of the Company's Common Stock equal to 35% of the Series C Conversion Shares issuable upon conversion of each Investor's Shares (the "Warrant Shares").

Following the filing of the amendment to the Series C Certificate of Designation, on March 27, 2015, the Company and the Investors entered into an amendment to the Purchase Agreement (the “Purchase Agreement Amendment”) wherein the Company sold to one of the Investors an additional 27,000 shares of Series C Preferred (the “Additional Shares”), for gross proceeds of \$2.7 million, which the Company subsequently used to satisfy approximately \$2.7 million of the Company’s \$3.8 million in outstanding secured promissory notes (the “Notes”) (the “Note Payments”). As additional consideration for the purchase of the Additional Shares, the Investor received additional Warrants to purchase Warrant Shares equal to 35% the Series C Conversion Shares issuable upon conversion of the Additional Shares.

Following the Note Payments, the Company and each of the holders (the “Holders”) of the Notes remaining after the Note Payments entered into Note Exchange Agreements (the “Exchange Agreements”), wherein the Holders agreed to exchange all remaining principal and accrued interest of any such Notes into shares of Series C Preferred on substantially similar terms to those offered in the Series C Offering (the “Note Exchange”). As a result of the execution of the Exchange Agreements and the consummation of the Note Exchange, the Company issued to the Holders an aggregate total of 12,148 shares of Series C Preferred and Warrants to purchase approximately 2.8 million Warrant Shares.

Although the Series C Offering and Note Exchange provided us with working capital and reduced our outstanding debt obligation, the transactions obligated the Company to reserve shares of Common Stock in excess of the amount authorized under our Articles of Incorporation. As of the Record Date, the Company was obligated to reserve the following shares of Common Stock:

- 21,485,920 shares of Common Stock as Series B Conversion Shares;
- 48,098,667 shares of Common Stock as Series C Conversion Shares;
- 33,443,697 shares of Common Stock reserved for future issuance upon exercise of outstanding warrants, including Warrants issued in the Series C Offering and Note Exchange; and
- 12,379,593 shares of Common Stock reserved for future issuance upon exercise of outstanding options.

Thus, as of the Record Date, a total of 169,099,102 shares of our Common Stock were either issued and outstanding or reserved for issuance as described above. Such amount exceeded our authorized Common Stock by approximately 49.1 million shares. Moreover, the anti-dilution provisions applicable to outstanding warrants and certain convertible promissory notes provide that the amount of Common Stock issuable upon the conversion or exercise of such securities will be increased under certain circumstances.

As a result, our Board of Directors and stockholders owning a majority of our issued and outstanding voting stock approved the Amendment to increase our authorized shares of Common Stock to 200 million in order to provide the Company with sufficient authorized but unissued Common Stock to permit conversion and exercise of all of its currently outstanding securities, including the securities issued during the Series C Offering and Note Exchange. Additionally, the increased number of shares of Common Stock will enable us to respond quickly to opportunities to raise capital in public or private offerings. The availability of additional authorized shares will enable our Board of Directors to act with flexibility to issue shares of Common Stock in connection with future financings, strategic acquisitions, debt restructurings or resolutions, equity compensation and incentives to employees and officers, forward stock splits and other favorable opportunities that may arise to enhance our capital structure.

If, however, we do not file the Amendment, we will not have sufficient shares of Common Stock to issue upon exercise or conversion of the securities issued in connection with the Series C Offering, Note Conversion and all other outstanding derivative securities. Moreover, we will be unable to issue any shares of Common Stock, preventing us

from taking advantage of any opportunity for additional working capital that requires the issuance of Common Stock.

We believe that the Amendment will provide for sufficient shares of Common Stock available for issuance in order to satisfy the Company's obligations to issue Common Stock, as described herein. Other than as specified above and as permitted or required under outstanding options, warrants and other securities convertible into shares of our Common Stock, the Company has no present arrangements, agreements or understandings for the use of the additional shares proposed to be authorized. No additional action or authorization by the stockholders would be necessary prior to the issuance of any additional shares, unless required by applicable law. We reserve the right to seek a further increase in authorized shares, from time to time in the future as appropriate.

#### Effect on Outstanding Common Stock

The additional shares of Common Stock authorized by the Amendment will have the same privileges as the shares of Common Stock currently authorized and issued. Stockholders do not have preemptive rights under our Articles of Incorporation and will not have such rights with respect to the additional authorized shares of Common Stock. The increase in authorized shares would not affect the terms or rights of holders of existing shares of Common Stock. All outstanding shares of Common Stock will continue to have one vote per share on all matters to be voted on by our stockholders, including the election of directors.

The issuance of any additional shares of Common Stock may, depending on the circumstances under which those shares are issued, reduce stockholders' equity per share and, unless additional shares are issued to all stockholders on a pro rata basis, will reduce the percentage ownership of Common Stock of existing stockholders. In addition, if our Board of Directors elects to issue additional shares of Common Stock, such issuance could have a dilutive effect on the earnings per share, voting power and shareholdings of current stockholders. We expect, however, to receive consideration for any additional shares of Common Stock issued, thereby reducing or eliminating any adverse economic effect to each stockholder of such dilution.

The Amendment will not otherwise alter or modify the rights, preferences, privileges or restrictions of the Common Stock.

Certain of the Company's officers and directors have an interest in the Amendment as a result of their ownership of shares of our Common Stock, as set forth in the section below entitled "Security Ownership of Certain Beneficial Owners and Management." However, we do not believe that our officers or directors have interests in the Amendment that are different from or greater than those of any other of our stockholders

#### Interests of Certain Persons in the Action

Certain of the Company's officers and directors have an interest in the Amendment as a result of their ownership of shares of our Common Stock, as set forth in the section below entitled "Security Ownership of Certain Beneficial Owners and Management." However, we do not believe that our officers or directors have interests in the Amendment that are different from or greater than those of any other of our stockholders.

#### Anti-Takeover Effects

Although the Amendment is not motivated by anti-takeover concerns and is not considered by our Board of Directors to be an anti-takeover measure, the availability of additional authorized shares of Common Stock could enable the Board of Directors to issue shares defensively in response to a takeover attempt or to make an attempt to gain control of the Company more difficult or time-consuming. For example, shares of Common Stock could be issued to purchasers who might side with management in opposing a takeover bid that the Board of Directors determines is not in our best interests, thus diluting the ownership and voting rights of the person seeking to obtain control of the Company. In certain circumstances, the issuance of Common Stock without further action by the stockholders may have the effect of delaying or preventing a change in control of the Company, may discourage bids for our Common Stock at a premium over the prevailing market price and may adversely affect the market price of our Common Stock. As a result, increasing the authorized number of shares of our Common Stock could render more difficult and less likely a hostile takeover, tender offer or proxy contest, assumption of control by a holder of a large block of our stock, and the possible removal of our incumbent management. We are not aware of any proposed attempt to take over the Company or of any present attempt to acquire a large block of our Common Stock.

#### DISSENTER'S RIGHTS

Under the Nevada Revised Statutes, holders of our capital stock are not entitled to dissenter's rights of appraisal with respect to a proposed amendment to our Articles of Incorporation, or to the adoption of the Amendment.

#### DISTRIBUTION AND COSTS

We will pay the cost of preparing, printing and distributing this Information Statement. Only one Information Statement will be delivered to multiple stockholders sharing an address, unless contrary instructions are received from one or more of such stockholders. Upon receipt of a written request at the address noted above, we will deliver a

single copy of this Information Statement and future stockholder communication documents to any stockholders sharing an address to which multiple copies are now delivered.

(1) Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities. All entries exclude beneficial ownership of shares issuable pursuant to options that have not vested or that are not otherwise exercisable as of the date hereof or which will not become vested or exercisable within 60 days of May 4, 2015.

(2) Percentages are rounded to nearest one-tenth of one percent. Percentages are based on 53,691,225 shares of Common Stock outstanding. Options that are presently exercisable or exercisable within 60 days are deemed to be beneficially owned by the person holding the options for the purpose of computing the percentage ownership of that person, but are not treated as outstanding for the purpose of computing the percentage of any other

person.

- (7) Comprised of 263,086 shares of Common Stock held of record, 4,116,118 shares issuable pursuant to options, 3,216,064 shares issuable upon conversion of 201,004 shares of Series B Preferred and 927,139 shares issuable upon exercise of warrants, each of which are presently exercisable or which become exercisable within 60 days of May 4, 2015.

David Skriloff is the managing member of MKM Capital and the portfolio manager of MKM Opportunity, and, as such, may be deemed to hold an indirect beneficial interest in the shares of Common Stock that are directly beneficially owned by MKM Opportunity. Each Reporting Person disclaims beneficial ownership of all securities other than those owned of record by such Reporting Person.

- (9) Pursuant to the Certificate of Designation, shares Series B Preferred may not be converted or exercised, as applicable, to the extent that the holder and its affiliates would own more than 9.99% of the Company's outstanding Common Stock after such conversion (the "Maximum Percentage Limitation"). The Certificate of Designation also entitles each share of Series B Preferred to vote, on an as converted basis, along with the Common Stock; provided, however, that the Series B Preferred may not be voted to the extent that the holder and its affiliates would control more than the Maximum Percentage Limitation.

Although the percentage ownership reflects the limitations in the Certificate of Designation, the securities reported reflects the number of shares of Common Stock that would be issuable upon full conversion of the Series B Preferred and full exercise of warrants held by Mr. Chez. Absent the Maximum Percentage Limitation, the Mr. Chez's total holdings of Common Stock (assuming exercise of Mr. Chez's warrants, and conversion of the Series B Preferred in full) would be 11,397,294 shares of Common Stock in the aggregate, or 18.67%.
