PARKE BANCORP, INC.

Explanatory Note

Parke Bancorp, Inc. (the "Company") is filing this Amendment #1 on Form 10-Q/A to amend its Quarterly Report on Form 10-Q for the quarter ended September 30, 2010 as filed with the Securities and Exchange Commission on November 15, 2010 in order to correct a typographical error in the Consolidated Statements of Cash Flows. Specifically, for the nine months ended September 30, 2010, proceeds from the sale of SBA loans originated for sale should have been \$9.560 million rather than \$13.904 million as included in the original filing. With the exception of this correction and the filing of new certifications, no other changes have been made to the Form 10-Q. This Form 10-Q/A speaks as of the original filing date of the Form 10-Q, does not reflect events that may have occurred subsequent to the original filing date, and does not modify or update the Company's financial condition or results of operations disclosed in the Form 10-Q.

Notes to Consolidated Financial Statements (Unaudited)

NOTE 1. ORGANIZATION

Parke Bancorp, Inc. ("Parke Bancorp" or the "Company") is a bank holding company incorporated under the laws of the State of New Jersey in January 2005 for the sole purpose of becoming the holding company of Parke Bank (the "Bank").

The Bank is a commercial bank which commenced operations on January 28, 1999. The Bank is chartered by the New Jersey Department of Banking and insured by the Federal Deposit Insurance Corporation ("FDIC"). Parke Bancorp and the Bank maintain their principal offices at 601 Delsea Drive, Washington Township, New Jersey. The Bank also conducts business through branches in Northfield and Washington Township, New Jersey and Philadelphia, Pennsylvania.

The Bank competes with other banking and financial institutions in its primary market areas. Commercial banks, savings banks, savings and loan associations, credit unions and money market funds actively compete for savings and time certificates of deposit and all types of loans. Such institutions, as well as consumer financial and insurance companies, may be considered competitors of the Bank with respect to one or more of the services it renders.

The Bank is subject to regulations of certain state and federal agencies, and accordingly, the Bank is periodically examined by such regulatory authorities. As a consequence of the regulation of commercial banking activities, the Bank's business is particularly susceptible to future state and federal legislation and regulations.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statement Presentation: The accounting and reporting policies of the Bank conform to accounting principles generally accepted in the United States of America (GAAP) and predominant practices within the banking industry.

The financial statements include the accounts of Parke Bancorp, Inc. and its wholly owned subsidiaries, Parke Bank, Parke Capital Markets, Farm Folly LLC, 601 Sewell Walnut LLC, 601 Sewell Sturdy LLC, 601 Sewell Seafar LLC, 601 Sewell Baker LLC and Woolwich Lots LLC. Parke Capital Markets and Farm Folly LLC are presently inactive. Parke Capital Trust I, Parke Capital Trust II and Parke Capital Trust III are wholly-owned subsidiaries but are not consolidated because they do not meet the consolidation requirements. Parke Bank has entered into a joint venture, 44 Capital Partners LLC, with a 51% ownership interest which is reflected in the consolidated financial statements. The LLC was formed to originate, sell and service Small Business Administration (SBA) loans. All significant inter-company balances and transactions have been eliminated.

The accompanying interim financial statements should be read in conjunction with the annual financial statements and notes thereto included in Parke Bancorp Inc.'s Annual Report on Form 10-K for the year ended December 31, 2009 since they do not include all of the information and footnotes required by U.S. generally accepted accounting principles. The accompanying interim financial statements for the three months and nine months ended September 30, 2010 and 2009 are unaudited. The balance sheet as of December 31, 2009, was derived from the audited financial statements. In the opinion of management, these financial statements include all normal and recurring adjustments necessary for a fair statement of the results for such interim periods. Results of operations for the three months and nine months ended September 30, 2010 are not necessarily indicative of the results for the full year.

Use of Estimates: In preparing the interim financial statements, management makes estimates and assumptions based on available information that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the balance sheet and reported amounts of expenses and revenues. Actual results could differ from such estimates. The allowance for loan losses, deferred taxes, evaluation of investment securities for other-than-temporary impairment and fair values of financial instruments are significant estimates and particularly subject to change.

Recently Issued Accounting Pronouncements:

On July 1, 2009, the Accounting Standards Codification ("ASC") became the Financial Accounting Standards Board's ("FASB") officially recognized source of authoritative U.S. generally accepted accounting principles ("GAAP") applicable to all public and non-public non-governmental entities, superseding existing FASB, AICPA, EITF and related literature. Rules and interpretive releases of the SEC under the authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. All other accounting literature is considered non-authoritative. The switch to the ASC affects the way companies refer to U.S. GAAP in financial statements and accounting policies. Citing particular content in the ASC involves specifying the unique numeric path to the content through the Topic, Subtopic, Section and Paragraph structure.

FASB ACS Topic 820, "Fair Value Measurements and Disclosures."

New authoritative accounting guidance (Accounting Standards Update No. 2010-6), which became effective January 1, 2010, provides amendments to ASC Topic 820 that require new disclosures as follows: 1) A reporting entity should disclose separately the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements and describe the reasons for the transfers. 2) In the reconciliation for fair value measurements using significant unobservable inputs (Level 3), a reporting entity should present separately information about purchases, sales, issuances, and settlements (that is, on a gross basis rather than as one net number).

The new authoritative guidance also clarifies existing disclosures as follows:

- 1) A reporting entity should provide fair value measurement disclosures for each class of assets and liabilities. A class is often a subset of assets or liabilities within a line item in the statement of financial position. A reporting entity needs to use judgment in determining the appropriate classes of assets and liabilities.
- 2) A reporting entity should provide disclosures about the valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements that fall in either Level 2 or Level 3.

These new disclosures and clarifications of existing disclosures were effective for interim and annual reporting periods beginning after December 15, 2009 and did not have a significant impact of the Company's consolidated financial statements. The disclosures about purchases, sales, issuances, and settlements in the roll forward of activity in Level 3 fair value measurements are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years. The new disclosures are not expected to have a significant impact on the Company's consolidated financial statements. See Note 8, "Fair Value".

FASB ASC Topic 860, "Transfers and Servicing."

New authoritative accounting guidance under ASC Topic 860, "Transfers and Servicing" amends prior accounting guidance to enhance reporting about transfers of financial assets, including securitizations, and where companies have continuing exposure to the risks related to transferred financial assets. The new authoritative accounting guidance eliminates the concept of a "qualifying special-purpose entity" and changes the requirements for derecognizing financial assets. The new authoritative accounting guidance also requires additional disclosures about all continuing involvements with transferred financial assets including information about gains and losses resulting from transfers during the period. The new authoritative accounting guidance under ASC Topic 860 was effective January 1, 2010 and accordingly, impacted the manner in which the Company accounts for the sale of the guaranteed portion on SBA loans. Gains of \$485,000 for the three months ended September 30, 2010 were deferred to the fourth quarter as a result of this new guidance.

FASB ASC Topic 310, "Receivables."

New authoritative accounting guidance (Accounting Standards Update No. 2010-20) under ASC Topic 310, "Receivables", amends the current disclosures required by ASC Topic 310. As a result of these amendments, an entity is required to disaggregate by portfolio segment or class certain existing disclosures and provide certain new disclosures about its financing receivables and related allowance for credit losses. The disclosures as of the end of a reporting period are effective for interim and annual reporting periods ending on or after December 15, 2010. The disclosures about activity that occurs during a reporting period are effective for interim and annual reporting periods beginning on or after December 15, 2010. The Company is currently evaluating this new disclosure guidance, but does not expect it to have any effect on the Company's reported financial condition or results of operations.

NOTE 3. INVESTMENT IN DEBT AND MARKETABLE EQUITY SECURITIES

The following is a summary of the Company's investment in available-for-sale and held-to-maturity securities as of September 30, 2010 and December 31, 2009:

As of September 30, 2010	Amortized cost	un	Gross realized gains (amount		Gross nrealized losses thousands	ter imp	her-than- mporary pairments in OCI	Fair value
Available-for-sale: U.S. Government sponsored entities Corporate debt obligations Residential mortgage-backed securities Collateralized mortgage obligations Collateralized debt obligations Total available-for-sale	\$ 3,259 2,000 15,158 2,947 5,562 28,926	\$	28 125 683 125 — 961	\$	- 4 - 1,375 1,379	- \$ - - - \$	\$ 71 540 611 \$	3,287 2,125 15,837 3,001 3,647 27,897
Held to maturity: States and political subdivisions	\$ 1,991	\$	150	\$	_	- \$	—\$	2,141
As of December 31, 2009 Available-for-sale:	Amortized cost	un	Gross realized gains (amount	ur	Gross nrealized losses thousands	ter imp	her-than- mporary pairments in OCI	Fair value
U.S. Government sponsored entities Corporate debt obligations Residential mortgage-backed securities	\$ 3,273 2,000 19,098	\$	 17 679	-\$	41 47 79	\$	\$ 	3,232 1,970 19,698
Collateralized mortgage obligations Collateralized debt obligations Total available-for-sale	\$ 3,859 5,562 33,792	\$	68 — 764	-	50 4,166 4,383	\$	68 685 753 \$	3,809 711 29,420
Held to maturity: States and political subdivisions	\$ 2,509	\$	10	\$	115	\$	\$	2,404

The Company's unrealized loss on investments in collateralized debt obligations (CDOs) relates to four securities issued by financial institutions, totaling \$5.6 million. The gross unrealized loss decreased from \$4.2 million at December 31, 2009 to \$1.4 million at September 30, 2010. In the first quarter of 2010, the Company engaged an independent third party valuation firm to assess three of its pooled trust preferred collateralized debt obligations for other than temporary impairment ("OTTI"). The OTTI analysis is based on a best estimate of cash flows, including potential credit losses and prepayments, discounted at

the securities' effective yields. The valuation firm also discounts the best estimate cash flows using a discount rate derived through the build-up method to estimate fair value. The fair value discount rate is based on the appropriate risk free rate, given the estimated duration of the security, plus a spread for liquidity under normal market conditions, and a spread to account for the uncertainty of the cash flows. Prior to the first quarter, the Company had relied on a pricing service that utilized a matrix pricing approach to estimate fair value. The Company believes that a fair value derived from best estimate cash flows represents a better estimate of the fair values of the securities.

The amortized cost and fair value of debt securities classified as available-for-sale and held-to-maturity, by contractual maturity, as of September 30, 2010 are as follows:

Amortized
