PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD JUNE 26, 2002
=====

GENERAL INFORMATION

This Proxy Statement and the accompanying Notice of Annual Meeting and Proxy Card are solicited by the Board of Directors of 21st Century Insurance Group for

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

use at the Annual Meeting of Shareholders to be held on Wednesday, June 26, 2002 at 10:00 a.m., at the Skirball Cultural Center, Ahmanson Hall, 2701 North Sepulveda Boulevard, Los Angeles, California 90049. These proxy materials are proposed to be sent on or about April 29, 2002 to all shareholders of the Company's common stock of record as of April 10, 2002. The Company's principal executive office is located at 6301 Owensmouth Avenue, Woodland Hills, California 91367.

All proxies, properly executed and returned, will be voted at the annual meeting as directed by the shareholder. Any shareholder may revoke a proxy by giving written notice to the Company, by submitting a duly executed proxy bearing a later date, or by voting in person at the meeting. If no directions are indicated, the shares represented by the signed proxy will be voted FOR the election of the nominees and FOR ratifying the appointment of PricewaterhouseCoopers LLP as the independent accountants for 2002. The cost of the solicitation of these proxies is to be borne by the Company.

Only shareholders of the Company's common stock at the close of business on April 10, 2002 will be entitled to notice of and to vote at the meeting. As of that date, 85,368,891 shares of common stock without par value of 21st Century Insurance Group were outstanding. A quorum represented by a majority of the outstanding shares of common stock, present in person or by proxy, is necessary to conduct the meeting. In the election of directors, nominees receiving the highest number of affirmative votes cast, up to the number of the directors to be elected, are elected. Each share is entitled to one vote on all matters except for the election of directors. In electing directors, each shareholder is entitled to that number of votes which is equal to the number of shares held multiplied by the number of directors to be elected. If notice of intention to cumulate votes is given by any shareholder, all shareholders may cumulate their votes and give one nominee all of those votes, or they may distribute the votes among as many nominees as the shareholder deems fit. Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum for the transaction of business. The Company believes that abstentions should be counted for purposes of determining whether a quorum is present at the Annual Meeting for the transaction of business. In the absence of controlling precedent to the contrary, the Company intends to count broker non-votes as present or represented for purposes of determining the absence of a quorum for the transaction of business.

If there are nominees other than those designated by the Board of Directors, the proxyholders have discretionary authority to cumulate votes, which they will do through instructions from the Board, with the objective of electing as many of the nominees of the Board of Directors as possible. The effect of the decision of the proxyholders to exercise their discretionary authority to cumulate votes will be to make it more difficult for nominees, other than those designated by the Board of Directors, to be elected.

BOARD OF DIRECTORS AND COMMITTEE MEETINGS

The business of the Company is managed under the direction of the Board of Directors. The Board meets on a regularly scheduled basis during the year to review significant developments affecting the Company and to act on matters requiring Board approval. It also holds special meetings when an important matter requires Board action between scheduled meetings. The Board of Directors met six times during 2001. Each Board member participated in at least 75% of the meetings of the Board and Committees of the Board on which he or she served.

The Board of Directors has standing audit and compensation committees, identified below. The Company does not have a standing nominating committee. The functions of a nominating committee are performed by the Board as a whole.

COMPENSATION COMMITTEE. The Compensation Committee met once last year. The Compensation Committee reviews and approves compensation policies, except those related to equities, and makes recommendations regarding executive compensation to the Board of Directors. No member of the Committee is a former or current officer or employee of the Company or any of its subsidiaries. Current members of the Committee are Robert M. Sandler, William N. Dooley, R. Scott Foster, James P. Miscoll and Gregory M. Shepard.

EQUITY BASED COMPENSATION COMMITTEE. The Equity Based Compensation Committee met once last year. The Committee reviews and approves equity-based compensation policies and makes recommendations regarding equity-based compensation to the Board of Directors. No member of the Committee is a former or current officer or employee of the Company or any of its subsidiaries. Members of the Committee are John B. De Nault, III, R. Scott Foster and Gregory M. Shepard.

AUDIT COMMITTEE. The Audit Committee met four times during 2001. Pursuant to the charter approved by the Board of Directors, it recommends to the Board of Directors the appointment of the firm selected to be independent auditors for the Company, reviews the Company's procedures and accounting objectives, reviews and approves the findings and reports of the independent auditors, and makes recommendations and reports to the Board of Directors as it deems appropriate. Current members of the Committee, who the Board believes are independent per the listing standards of the New York Stock Exchange, are John B. De Nault, III, R. Scott Foster and Gregory M. Shepard.

REPORT OF THE AUDIT COMMITTEE

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors'

- 11 -

independence from the Company and its management including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of non-audit services with the auditors' independence. The consulting services provided by the independent auditors in 2001 were limited to certain technical tax matters and financial reporting developments, which the Committee believes do not impair the auditors' independence.

The Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, this Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission.

The Audit Committee's recommendations as outlined in this report have been submitted to, reviewed and approved by the Board of Directors.

COMPENSATION COMMITTEE REPORT ON
EXECUTIVE MANAGEMENT COMPENSATION

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

The Compensation Committee, consisting of nonemployee directors Robert M. Sandler, William N. Dooley, R. Scott Foster, James P. Miscoll and Gregory M. Shepard, has furnished the following report on executive compensation:

GENERAL COMPENSATION POLICY

The Board of Directors' fundamental policy has been to offer the Company's executive officers competitive compensation opportunities based in large part upon their contributions to the success of the Company, and upon their personal performance. The Company believes in compensating its executives for demonstrated and sustained levels of performance in their individual jobs. The achievement of higher levels of performance and contribution is rewarded by higher levels of compensation. In November 2000, the Board of Directors, pursuant to the recommendations of the Equity Based Compensation and Compensation Committees, revised the criteria for short-term compensation and long-term incentives for its officers.

- 15 -

The compensation package is comprised of these three elements:

- o base salary, perquisites and other personal benefits designed principally to be competitive with relevant compensation levels in the industry;
- o short-term cash compensation based upon performance levels achieved in relation to pre-established target levels; and
- o long-term incentive plan providing only stock option grants to its officers also based upon their performance levels.

Some of the more important factors, which the Board considered in establishing the components of each executive officer's compensation package for the 2001 fiscal year, are summarized below.

BASE SALARY. Base salary for each officer is set subjectively, after reviewing personal performance, internal comparability considerations and salary levels in effect for comparable positions in the market place. The Company uses salary survey information to assign a salary grade range to each position, including executive officers. Salary range midpoints are targeted at the 50th percentile of like business enterprises in the same geographic area, if possible.

Salary recommendations for the year were based in part upon salary survey information published by the National Association of Independent Insurers, SNL Executive Compensation Review for Insurance Companies, and Sibson & Company. The Committee believes that information provided by these groups presents a broadly based cross-section of insurance company compensation practices. Individual salary adjustments for executive officers were based upon analysis of base salary levels, effectiveness of performance, changes in job responsibilities and a subjective assessment of their personal contributions to the effectiveness of the organization as a whole. All of the factors enumerated were applied in a subjective, non-quantitative manner to establish an executive officer's base salary. The peer group examined when establishing these compensation levels is different from the industry group utilized in the Stockholder Return Performance Graph shown on page 18.

SHORT-TERM COMPENSATION. Variable payments for the officers are based upon the enhancement of value to the shareholders and customers as measured by pre-established targets relative to the Company's revenue growth rate and GAAP combined ratio.

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

LONG-TERM INCENTIVE COMPENSATION. In 1995, the Compensation Committee concluded that a stock option plan would improve the linkage between shareholder value and executive compensation. Upon this Committee's recommendation, the Board of Directors adopted the 1995 Stock Option Plan. Shareholders approved the plan and amendments thereto at the 1995, 1997 and 2000 Annual Meetings. Executives and key employees are eligible to receive stock options from time to time, giving them the right to purchase shares of the Company's common stock at a specified price in the future. The Plan is currently administered by the Equity Based Compensation Committee, which has authority to select optionees and to determine the number of shares granted to them.

CEO COMPENSATION. Bruce W. Marlow's annual salary of \$700,000 was established by the Board of Directors upon recommendation of the Compensation Committee and took into account the fact that he would hold the offices of Chief Executive Officer and President. For year 2001, Mr. Marlow was awarded 610,571 stock options under the 1995 Stock Option Plan and a cash bonus of \$150,000 for services rendered in 2001, based upon an evaluation by the Compensation Committee of his year 2001 performance. In addition to subjective factors, the factors considered for both salary and bonus consideration included the Company's overall underwriting performance as measured by its GAAP combined ratio.

- 16 -

The Compensation Committee's recommendations as outlined in this report have been submitted to, reviewed and approved by the Board of Directors.

The Company has reviewed Section 162(m) of the Internal Revenue Code which generally limits the deduction of compensation paid to a company's chief executive officer and each of the other four highest compensated executive officers to \$1,000,000 for each individual, with certain exceptions. The Company's deductions for compensation paid during 2001 were not limited by Section 162(m). None of the compensation deduction attributable to stock options granted by the Company is limited by this section, but compensation deductions attributable to restricted stock grants, generally equaling the fair market value of the underlying stock on the date of vesting, do not qualify as an exception. The deductibility of compensation attributable to restricted stock grants or other forms of compensation paid by the Company may be limited in the future. While the Compensation Committee considers Section 162(m) in evaluating compensation of executive officers, it is only one of several factors considered in arriving at a compensation package.

RETIREMENT PLANS

PENSION PLAN

The Company's Pension Plan is a noncontributory defined benefit plan for all regular employees under which normal retirement is at age 65 and early retirement can be elected by any participant who has reached age 55 and has at least 10 years of service. The plan, subject to certain maximum and minimum provisions, bases pension benefits on an employee's career average compensation and length of service. The annual pension benefit payable upon normal retirement is equal to the sum of the accruals for each year a participant was in the plan.

At retirement, the participant has various life and contingent annuity payment elections. For purposes of this plan, compensation includes base annual salary plus overtime and bonuses. These pension benefits serve as an offset in calculating benefits for participants under the Supplemental Executive Retirement Plan.

SUPPLEMENTAL EXECUTIVE RETIREMENT PLAN

Employees nominated by the Chief Executive Officer and approved by the Board of Directors are eligible to participate in the Supplemental Executive Retirement Plan. The plan is a nonqualified defined benefit plan under which normal retirement is age 65 with at least 5 years of service, and early retirement can

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

be elected by any participant who has reached age 55 with at least 10 years of service. The annual retirement benefit payable for 15 years is equal to 60% of the average of the three highest consecutive years of compensation during the ten year period preceding retirement, reduced by the participant's benefit under the Pension Plan and 50% of the participant's social security benefit.

PENSION SUPPLEMENTAL PLAN AND 401(K) SUPPLEMENTAL PLAN

Effective January 1, 1996, the Company adopted the Pension Supplemental Plan and the 401(k) Supplemental Plan. Each is a non-qualified deferred compensation plan designed for certain executives and key employees of the Company whose benefits under the Company's qualified Pension and 401(k) Plans have been limited by certain provisions of the Internal Revenue Code (the "Code").

The Pension Supplemental Plan provides a benefit equal to the difference between the pension that would be payable under the Pension Plan, absent the Code's limitations upon compensation considered in calculating pension benefits, and the actual benefits payable subject to those limitations. If a participant in this plan is also entitled to receive benefits under the Supplemental Executive Retirement Plan, the Pension Supplemental Plan benefits will be reduced accordingly.

The 401(k) Supplemental Plan permits certain executives and key employees to defer an amount of current compensation which, in addition to amounts actually contributed to the 401(k) Plan, allows the participant to defer the full amount of contributions that could have been deferred under the 401(k) Plan without regard to limitations which the Code places on contributions and eligible compensation. To the extent that such limitations preclude a participant's account from receiving matching contributions under the 401(k) Plan, the participant will receive a like amount of matching contributions under the 401(k) Supplemental Plan.

The table below sets forth the benefit payable for 15 years after retirement from the Pension Plan, Supplemental Executive Retirement Plan, the Pension Supplemental Plan, and one half of the Social Security benefit (assuming the recipient is entitled to the age 65 Social Security benefit).

RESTRICTED SHARES PLAN

The shareholders at their meeting held on May 23, 1982 approved the 21st Century Insurance Group Restricted Shares Plan. Pursuant to the Plan, the Board of Directors established a committee of its members currently entitled the Equity Based Compensation Committee (the "Committee") to designate the participants in the Plan, the amount of benefits thereunder, and to otherwise administer the Plan. Members of the Committee are not eligible for benefits under the Plan. Designation of an employee for benefits under the Restricted Shares Plan does not necessarily entitle the employee to benefits under any other Company benefit plan.

In general, the shares granted are restricted for a period of five years, vesting at the rate of 20% per year. If the employment of the participant is terminated within the five-year period, all shares not then vested are forfeited. Any shares forfeited may be regranted to an existing participant or any other employee eligible to be designated as a participant. During the restricted period, a participant has the right to receive dividends and the right to vote the shares.

The Plan does not create any right of any employee or class of employees to receive a grant, nor does it create in any employee or class of employees any right with respect to continuation of employment by the Company.

Presently, officers are not granted shares under this Plan.

STOCK OPTION PLAN

In 1995, the Company's shareholders approved the Company's 1995 Stock Option Plan in order to enable the Company to attract, retain and motivate key employees and nonemployee directors and to further align their interests with those of the Company's shareholders by providing for or increasing their proprietary interest in the Company. The Stock Option Plan is administered by a committee comprised of disinterested members of the Board of Directors. The committee has the authority to select persons to be granted options and to determine exercise prices, vesting schedules and other provisions not inconsistent with the provisions of the Stock Option Plan.

Each option gives a grantee the right to purchase shares of the Company's common stock at a specified price in the future. Shares vest at fixed numbers of shares per year over varying future periods. The Stock Option Plan provides that on the day of an annual meeting of shareholders of the Company each nonemployee director will be granted an option to purchase 4,000 shares of the Company's common stock. Nonemployee director options have an exercise price equal to the fair market value of the underlying shares subject to the option on the date of grant and become exercisable one year after the date of grant.

EXECUTIVE SEVERANCE PLAN

The Company has enacted an Executive Severance Plan covering each of its

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

executive officers. If an officer is terminated for reasons other than death, long-term disability, or good cause within a three-year period following a change of control of the Company, or if the officer resigns after significant adverse changes in his authority, duties, compensation, benefits or geographical location, then the officer is entitled to a lump sum severance payment of one to three times his or her current annual salary and most recent cash bonus. Junior officers could receive one year of severance payments; senior officers, two years; and the Chief Executive Officer, three years; with all severance payments limited to the amount deductible to the Company under the provisions of Internal Revenue Code Section 280G.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, executive officers and persons who own more than ten percent of a registered class of the Company's equity securities to file with the Securities and Exchange Commission (the "SEC") initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Executive officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based solely on a review of reports furnished to the Company and written representations that no other reports were required during the 2001 fiscal year, all Section 16(a) filing requirements were complied with in a timely manner.

INDEPENDENT ACCOUNTANTS

(PROPOSAL 2)

The Board of Directors has approved a resolution retaining PricewaterhouseCoopers LLP as its independent accountants for 2002. The appointment was recommended by the Audit Committee. It is intended that unless otherwise directed by the shareholders, proxies will be voted for the ratification of this appointment.

On April 23, 2001, the Board of Directors, on the recommendation of the Audit Committee and management, dismissed Ernst & Young LLP as the Company's independent accountants and approved the appointment of PricewaterhouseCoopers LLP as the Company's independent accountants to audit its consolidated financial statements for 2001. Ernst & Young LLP had audited the Company's financial statements since 1991.

During the two most recent fiscal years and the subsequent interim period preceding this change in independent accountants, there were no reportable events within the meaning of Item 304(a)(v) of Regulation S-K. There were no disagreements between the Company and Ernst & Young LLP on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of either independent accounting firm, would have caused such firm to make a reference to the subject matter of the disagreements in connection with its reports. Also, during the last two fiscal years, reports from Ernst & Young LLP on the financial statements contained no adverse opinions or disclaimers of opinion and have not been qualified or modified as to uncertainty, audit scope, or accounting principles.

The Company provided PricewaterhouseCoopers LLP and Ernst & Young LLP with a

Edgar Filing: 21ST CENTURY INSURANCE GROUP - Form DEF 14A

copy of this disclosure. Ernst & Young LLP furnished a letter addressed to the Securities and Exchange Commission stating that Ernst & Young LLP agrees with the above statements.

Fees paid to PricewaterhouseCoopers LLP for 2001 were as follows:

Audit Fees	\$377,264
Financial Information Systems Design and Implementation Fees	0
All Other Fees (Tax Consulting)	189,876

	\$567,140

Representatives of PricewaterhouseCoopers LLP are expected to be present at the annual meeting to make a statement, if they desire, and to be available to respond to appropriate questions.
