RISK FACTORS

An investment in our company involves a high degree of risk. You should consider carefully the following information about these risks, together with the other information contained in this report, before you decide to invest in our company. If any of the following risks actually occur, our business, financial condition or results of operations would likely suffer. In this case, the market price of our common stock could decline, and you could lose all or part of your investment.

WE HAVE A LIMITED OPERATING HISTORY THAT MAKES AN EVALUATION OF OUR BUSINESS DIFFICULT

We have been developing e-commerce visualization solutions for the Web since our acquisition of Real Time Geometry Corp. in December 1996. Additionally, the e-commerce market is relatively new and evolving rapidly. Accordingly, we have a relatively short operating history in this market upon which you can evaluate our business and prospects. You should consider our prospects in light of the risks and difficulties frequently encountered by early stage online companies, including, but not limited to:

- We have an evolving and unpredictable business model;
- We face intense competition;
- We must establish and develop broad market acceptance of our products, technologies and services;
- We must continue to develop new products, technologies and enhancements;
- We must respond quickly to rapidly changing market developments, customer demands and industry standards;
- We must attract, train and retain qualified employees; and
- We must effectively manage our growth.

If we are not successful in addressing these risks and challenges, we will not be able to grow our business, compete effectively or achieve profitability.

WE HAVE A HISTORY OF LOSSES AND EXPECT TO INCUR LOSSES IN THE FUTURE

We have had significant quarterly and annual operating losses since our inception, and as of March 31, 2001, we had an accumulated deficit of approximately \$157,863,000. We have recently changed the focus of our business from prepackaged graphics software products to e-commerce visualization solutions. We believe that, despite this change in our strategic focus, we will continue to incur operating losses for the foreseeable future.

OUR FUTURE REVENUES MAY BE UNPREDICTABLE AND MAY CAUSE OUR QUARTERLY RESULTS TO FLUCTUATE

As a result of our limited operating history and the rapidly changing nature of the markets in which we compete, we may be unable to forecast our quarterly and annual revenues accurately. If our future quarterly operating results fall below the expectations of securities analysts or investors, the

Edgar Filing: VIEWPOINT CORP/NY/ - Form S-3

trading price of our common stock will likely drop. Our quarterly operating results

1

5

have fluctuated significantly in the past and may continue to fluctuate in the future as a result of many factors, including:

- Ability to retain existing customers, attract new customers, and satisfy our customers' demands;
- Market acceptance of our products, technologies and services;
- Introduction or enhancement of new products, technologies or services by us or our competitors;
- Changes in prices for our products, technologies and services or our competitors' products, technologies and services;
- Changes in usage of the Internet and online services and consumer acceptance of the Internet and e-commerce;
- Costs of litigation and intellectual property protection;
- Growth in Internet use;
- Emergence of new competition;
- Varying operating costs and capital expenditures related to the expansion of our business operations and infrastructure; and
- Technical difficulties with our technologies.

Based on these factors, we believe our revenues, expenses and operating results could vary significantly in the future and period-to-period comparisons should not be relied upon as indications of future results.

Our staffing and other operating expenses are based in large part on anticipated revenues. It would be difficult for us to adjust our spending to compensate for any unexpected shortfall. If we are unable to reduce our spending following any such shortfall, our results of operations would be adversely affected.

WE MAY BE UNABLE TO MEET OUR FUTURE CAPITAL REQUIREMENTS

We expect that our cash on hand, cash equivalents, marketable securities and short-term investments will meet our working capital and capital expenditure needs for at least the next 12 months. After that time, we may need to raise additional funds and we cannot be certain that we would be able to obtain additional financing on favorable terms, if at all. If we cannot raise funds, if needed, on acceptable terms, we may not be able to develop or enhance our products, take advantage of future opportunities or respond to competitive pressures or unanticipated requirements, which could have a material adverse effect on our business, financial condition, operating results and cash flows.

OUR STOCK PRICE IS VOLATILE AND MAY CONTINUE TO FLUCTUATE IN THE FUTURE

The market price of our common stock has fluctuated significantly in the past. The price at which our common stock will trade in the future will depend on a number of factors including:

Edgar Filing: VIEWPOINT CORP/NY/ - Form S-3

- Our historical and anticipated operating results;
- General market and economic conditions;

2

6

- Our announcement of new products, technologies or services;
- Actual or anticipated fluctuations in our operating results; and
- Developments regarding our products, technologies or services, or those of our competitors.

In addition, the stock market has experienced extreme price and volume fluctuations in recent months. This volatility has had a substantial effect on our stock price, as well as the stock prices of other software companies, particularly Internet companies. These broad market and industry fluctuations may adversely affect the market price of our common stock. As a result, the market price of our common stock may continue to fluctuate.

Also, securities class action litigation has often been brought against companies following periods of volatility in the market price of its securities. We may in the future be the target of similar litigation. Securities litigation could result in substantial costs and divert management's attention and resources, which could have a material adverse effect on our business, financial condition, operating results and cash flows.

IF THE INTERNET DOES NOT CONTINUE TO EXPAND AS A WIDESPREAD COMMERCE MEDIUM, DEMAND FOR OUR PRODUCTS AND TECHNOLOGIES MAY DECLINE SIGNIFICANTLY

The market for our products, technologies and services is new and evolving rapidly. Growth in this market depends on increased use of the Internet for e-commerce. If the rate of adoption of the Internet as a method for e-commerce slows, the market for our products, technologies and services may not grow, or may develop more slowly than expected.

We believe that increased Internet use may depend on the availability of greater bandwidth or data transmission speeds or on other technological improvements, and we are largely dependent on third party companies to provide or facilitate these improvements. Changes in content delivery methods and emergence of new Internet access devices such as TV set-top boxes could dramatically change the market for streaming media products and services if new delivery methods or devices do not use streaming media or if they provide a more efficient method for transferring data than streaming media.

The e-commerce market is relatively new and evolving. Licensing of our products and technologies depends in large part on the development of the Internet as a viable commercial marketplace. There are now substantially more users and much more "traffic" over the Internet than ever before, use of the Internet is growing faster than anticipated, and the technological infrastructure of the Internet may be unable to support the demands placed on it by continued growth. Delays in development or adoption of new technological standards and protocols, or increased government regulation, could also affect Internet use. In addition, issues related to use of the Internet, such as security, reliability, cost, ease of use and quality of service, remain unresolved and may affect the amount of business that is conducted over the Internet.

OUR MARKET IS CHARACTERIZED BY RAPIDLY CHANGING TECHNOLOGY, AND IF WE DO NOT RESPOND IN A TIMELY MANNER, OUR PRODUCTS AND TECHNOLOGIES MAY NOT SUCCEED IN THE MARKETPLACE

Edgar Filing: VIEWPOINT CORP/NY/ - Form S-3

The market for e-commerce visualization is characterized by rapidly changing technology. As a result, our success depends substantially upon our ability to continue to enhance our products and technologies and to develop new products and technologies that meet customers' increasing expectations. Additionally, we may not be successful in developing and

3

7

marketing enhancements to our existing products and technologies or introducing new products and technologies on a timely basis. Our new or enhanced products and technologies may not succeed in the marketplace.

OUR REVENUES COULD BE NEGATIVELY AFFECTED BY THE LOSS OF STRATEGIC PARTNERS

The majority of the Company's revenues have historically been from strategic partners. Specifically, revenues from the National Center for Missing and Exploited Children and Computer Associates accounted for 26% and 14% of total revenues, respectively, in 2000; revenues from Intel and Computer Associates accounted for 49% and 39% of total revenues, respectively, in 1999; and revenues from Intel, Kodak and Minolta accounted for 66%, 15% and 15% of total revenues, respectively, in 1998. The loss of any strategic partner could significantly reduce our revenues, which could have a material adverse effect on our business, financial condition, operating results and cash flows.

OUR FUTURE SUCCESS DEPENDS ON OUR ABILITY TO IDENTIFY, HIRE, TRAIN AND RETAIN HIGHLY QUALIFIED EMPLOYEES

Our future success depends on our continuing ability to identify, hire, train and retain other highly qualified technical and managerial employees. The competition for such employees is intense, and we have experienced difficulty in identifying and hiring qualified engineering personnel. If we do not succeed in attracting and retaining necessary technical and managerial employees in the future, our business would be adversely affected.

Additionally, in order to attract and retain employees in the past, we have granted options to purchase shares of common stock to employees at an exercise price below the fair value of the common stock on the date of grant. As a result, we have had to record deferred compensation related to the intrinsic value of the option. This deferred compensation is amortized over the vesting period of applicable options, which is generally four years, resulting in a non-cash charge to earnings over the related vesting period. If we have to issue additional options at an exercise price below the fair value of the common stock on the date of grant, our business would be adversely affected.

OUR CHARTER DOCUMENTS COULD MAKE IT MORE DIFFICULT FOR AN UNSOLICITED THIRD PARTY TO ACQUIRE US

Our Certificate of Incorporation and By-laws are designed to make it difficult for an unsolicited third party to acquire control of us, even if a change in control would be beneficial to stockholders. For example, our Certificate or Incorporation authorizes our Board of Directors to issue up to 5,000,000 shares of "blank check" preferred stock. Without stockholder approval, the Board of Directors has the authority to attach special rights, including voting and dividend rights, to this preferred stock. With these rights, preferred stockholders could make it more difficult for an unsolicited third party to acquire our company.

In addition, we must receive a stockholders' proposal for an annual meeting within a specified period for that proposal to be included on the agenda. Because stockholders do not have the power to call meetings and are

Edgar Filing: VIEWPOINT CORP/NY/ - Form S-3

subject to timing requirements in submitting stockholder proposals for consideration at an annual or special meeting, any third-party takeover not supported by the Board of Directors would be subject to significant delays and difficulties.

4

8

OUR BUSINESS IS SUBJECT TO GENERAL ECONOMIC CONDITIONS

Our revenues and results of operations will be subject to fluctuations based upon the general economic conditions in the United States and, to a lesser extent, abroad. If there is a general economic downturn or a recession in the United States, we expect that business enterprises, including our customers and potential customers, could substantially and immediately reduce their budgets or delay implementation of Internet-focused business solutions. A deterioration in existing economic conditions could therefore materially and adversely affect our business, financial condition, operating results and cash flows.

THE COMPANY

We are a leading provider of e-commerce visualization solutions for the World Wide Web. Our technology, which we call Viewpoint Experience Technology, is designed to make the use of rich media on the web, particularly photo-realistic 3D, practical and widespread.

Viewpoint Experience Technology allows websites to integrate numerous rich media types seamlessly on regular web pages. These media types, particularly interactive 3D, can add dimension, animation, realistic color, shadows and real-time reflections, movement and robust interactivity to formerly flat web images. It enables users to better access and interact with images, rotate them, change colors and patterns, all while experiencing extraordinary visual dimension and accuracy. Viewpoint Experience Technology serves up these enhanced product images so that every user, even those on narrowband connections, can access and interact with them easily.

A key component of the Viewpoint Experience is the Viewpoint Media Player, which allows the seamless integration of all major media types, including Viewpoint Experience Technology, photographic panoramas, audio, object movies, vector text and more. With the Viewpoint Media Player, internet end-users now have easy access to a new, richer yet totally accessible media format.

While Viewpoint Experience Technology offers significant advantages to all web users and website operators, we believe its most promising immediate commercial application is as a means to make web marketing, branding and commerce more effective.

Our principal executive offices are located at 498 Seventh Avenue, Suite 1810, New York, New York 10018 and our telephone number is (212) 201-0800.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the shares of common stock offered by the Selling Stockholders pursuant to this Prospectus.

SELLING STOCKHOLDERS

Edgar Filing: VIEWPOINT CORP/NY/ - Form S-3

The following table sets forth the beneficial ownership of the shares of our common stock owned as of June 21, 2001 by each of the Selling Stockholders. Pursuant to two agreements entered into in April and May, 2001 between us and Computer Associates International, Inc., we agreed to register shares of our common stock owned by Computer Associates. We have been advised by Computer Associates that they have transferred such shares to the Selling Stockholders. Accordingly, we are registering such transferred shares under this registration statement. Except as otherwise disclosed herein, none of the Selling Stockholders has had a material relationship with us within the past three years other than as a result of the ownership of the shares or other securities. The following table

5

9

assumes that the Selling Stockholders sell all of the shares of common stock being offered by them. We do not presently know the exact number of shares that will actually be sold.

NAME	Shares Beneficially Owned Before Offering		Number of Shares Being Offered	Shares A
-----	NUMBER	PERCENT (1)	-----	NUMB -----
CastleRock Fund, Ltd.	1,462,952	3.79%	740,000	722

* Percentage of shares beneficially owned is less than one percent of total.

(1) The percentages are calculated on the basis of the number of outstanding shares of common stock as of June 21, 2001, which is 38,591,279.

PLAN OF DISTRIBUTION

Shares of common stock covered hereby may be offered and sold from time to time by the Selling Stockholders. The Selling Stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. The Selling Stockholders may sell the shares being offered hereby: (i) on the Nasdaq National Market, or otherwise at prices and at terms then prevailing or at prices related to the then current market price; or (ii) in private sales at negotiated prices directly or through a broker or brokers, who may act as agent or as principal, or by a combination of those methods of sale. The Selling Stockholders and any underwriter, dealer or agent who participate in the distribution of the shares covered hereby may be deemed to be underwriters under the Securities Act of 1933, and any discount, commission or concession received by any of those persons might be deemed to be an underwriting discount or commission under the Securities Act of 1933.

Any broker-dealer participating in a transaction like that described

Edgar Filing: VIEWPOINT CORP/NY/ - Form S-3

above as agent may receive commissions from the Selling Stockholders (and, if acting as agent for the purchaser of the shares, from the purchaser). Brokerage fees may be paid by the Selling Stockholders. Broker-dealers may agree with the Selling Stockholders to sell a specified number of shares at a stipulated price per share, and, to the extent such a broker-dealer is unable to do so acting as agent for the Selling Stockholders, to purchase as principal any unsold shares at the price required to fulfill the broker-dealer commitment to the Selling Stockholders. Broker-dealers who acquire shares as principal may thereafter resell those shares from time to time in transactions (which may involve crosses and block transactions and which may involve sales to and through other broker-dealers, including transactions of the nature described above) in the over-the-counter market, in negotiated transactions or by a combination of those methods of sale or otherwise at market prices prevailing at the time of sale or at negotiated prices, and in connection with any of those resales may pay to or receive from the purchasers of those shares commissions computed as described above.

In effecting sales, brokers or dealers engaged by the Selling Stockholders may arrange for other brokers or dealers to participate in the resales. The Selling Stockholders may enter into hedging transactions with broker-dealers, and in connection with those transactions, broker-dealers may engage in short sales of the shares. The Selling Stockholders also may sell shares

6

10

short and deliver the shares to close out such short positions. The Selling Stockholders also may enter into option or other transactions with broker-dealers that require the delivery to the broker-dealer of the shares, which the broker-dealer may resell pursuant to this Prospectus. The Selling Stockholders also may pledge the shares to a broker or dealer, and upon a default, the broker or dealer may effect sales of the pledged shares pursuant to this Prospectus.

The Selling Stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act of 1933. Any commissions paid or any discounts or concessions allowed to any of those broker-dealers, and any profits received on the resale of such shares, may be deemed to be underwriting discounts and commissions under the Securities Act of 1933 if any of those broker-dealers purchase shares as principal.

In order to comply with the securities laws of certain states, if applicable, our common stock may only be sold in those jurisdictions through registered or licensed brokers or dealers. In addition, in certain states, the common stock may not be sold unless such shares have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

We have agreed to pay all expenses, including legal and accounting fees and expenses, in connection with the registration of the shares of the Selling Stockholders pursuant to this Prospectus.

LEGAL MATTERS

The validity of the common stock offered by this Prospectus will be passed upon for us by Milbank, Tweed, Hadley & McCloy LLP, New York, New York.

EXPERTS

Edgar Filing: VIEWPOINT CORP/NY/ - Form S-3

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 145 of the Delaware General Corporation Law ("DGCL") makes provision for the indemnification of officers and directors in terms sufficiently broad to indemnify officers and directors under certain circumstances from liabilities (including reimbursement for expenses incurred) arising under the Securities Act. Section 145 of the DGCL empowers a corporation to indemnify its directors and officers and to purchase insurance with respect to liability arising out of their capacity or status as directors and officers, provided that this provision shall not eliminate or limit the liability of a director: (1) for any breach of the director's duty of loyalty to the corporation or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) arising under Section 174 of the DGCL or (4) for any transaction from which the director derived an improper personal benefit. The DGCL provides further that the indemnification permitted thereunder shall not be deemed exclusive of any other rights to which the directors and officers may be entitled under the corporation's bylaws, any agreement, a vote of stockholders or otherwise.

The Registrant's amended and restated certificate of incorporation provides for indemnification of the Registrant's directors against liability to the Registrant and its stockholders to the fullest extent permitted by the DGCL.

The Registrant's Bylaws provide that the Registrant shall indemnify its directors and officers and may indemnify others to the fullest extent permitted by law. The Registrant's Bylaws also permit the Registrant to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in such capacity, regardless of whether the Bylaws would permit indemnification.

The Registrant also maintains an insurance policy insuring its directors and officers against liability for certain acts and omissions while acting in their official capacities.

Edgar Filing: VIEWPOINT CORP/NY/ - Form S-3

- (a) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (b) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;
 - (c) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement; provided, however, that paragraphs (1)(a) and (1)(b) do not apply if the registration statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.
- (2) That, for the purpose of determining any liability under the Securities Act, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of this offering.

- (4) That, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act of (and, where applicable, each filing of an employee benefits plan's annual report pursuant to Section 15(d) of the Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is

against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
