TOTAL	\$1,499,000,000	100%	\$1,499,000,000	\$137,908

- (1) Such indeterminate number, principal amount or liquidation amount of senior debt securities, subordinated debt securities, preferred stock, depository shares, common stock, warrants, stock purchase contracts and units of The St. Paul Companies, Inc. and of the preferred securities of St. Paul Capital Trust II and the related guarantee of The St. Paul Companies, Inc. as may from time to time be issued at indeterminate prices. The securities registered hereunder shall not have an aggregate offering price which exceeds \$1,499,000,000 in United States dollars or the equivalent in any other currency.
- (2) Also includes such indeterminate number of senior debt securities, subordinated debt securities and shares of common stock, preferred stock and depository shares as may be issued upon conversion or exchange of any senior debt securities, subordinated debt securities, preferred stock or depository shares that provide for conversion or exchange into other securities or upon exercise of warrants for such

Edgar Filing: ST PAUL COMPANIES INC /MN/ - Form S-3

securities.

- (3) Pursuant to Rule 429 under the Securities Act, the prospectus filed as part of this Registration Statement also relates to \$501,000,000 maximum aggregate offering price of senior debt securities, subordinated debt securities, preferred stock, depositary shares, common stock, warrants, stock purchase contracts and units of The St. Paul Companies, Inc. and of the preferred securities of St. Paul Capital Trust II and the related guarantee of The St. Paul Companies, Inc. that were previously registered pursuant to Registration Statement Nos. 333-73848, 333-73848-01 and 333-44122 and have not yet been issued and sold; a filing fee of \$132,250 was paid with respect to those securities.
 - (4) Warrants may be sold separately or with senior debt securities, subordinated debt securities, preferred stock, common stock, depositary shares or preferred securities.
 - (5) Includes an indeterminate number of shares of common stock or preferred stock, as applicable, to be issuable by The St. Paul Companies, Inc. upon settlement of stock purchase contracts.
 - (6) No separate consideration will be received for the senior debt securities, subordinated debt securities, preferred stock, depositary shares or common stock issuable upon conversion of or in exchange for senior debt securities, subordinated debt securities, preferred stock or depositary shares. In addition, no separate consideration will be received for any preferred securities redeemed for subordinated debt securities in lieu of cash.
 - (7) Includes the rights of holders of the preferred securities under the guarantee of preferred securities and back-up undertaking, consisting of obligations by The St. Paul Companies, Inc., as set forth in the amended and restated declaration of trust, the subordinated debt securities indenture and any supplemental indenture thereto, in each case as further described in the Registration Statement. No separate consideration will be received for any guarantee or any back-up undertakings.
-

Edgar Filing: ST PAUL COMPANIES INC /MN/ - Form S-3

- (8) In United States dollars or the equivalent thereof in any other currency, currency unit or units, or composite currency or currencies.
- (9) Such amount represents the principal amount of any senior debt securities, subordinated debt securities or preferred securities issued at their principal or liquidation amount, the issue price rather than the principal or liquidation amount of any senior debt securities, subordinated debt securities or preferred securities issued at an original issue discount, the liquidation preference of any preferred stock or depositary shares, the amount computed pursuant to Rule 457(c) for any common stock, the issue price of any warrants and the exercise price of any securities issuable upon exercise of warrants.
- (10) Estimated solely for the purpose of computing the registration fee.
- (11) Exclusive of accrued interest and distributions, if any.
- (12) Calculated pursuant to Rule 457(o) of the rules and regulations under the Securities Act.
This Registration Statement, which is a new Registration Statement, also constitutes Post-Effective Amendment No. 1 to Registration Statement Nos. 333-738848 and 333-73848-01 and Post-Effective Amendment No. 2 to Registration Statement No. 333-44122. Such Post-Effective Amendments shall hereafter become effective concurrently with the effectiveness of this Registration Statement and in accordance with Section 8(c) of the Securities Act of 1933. Pursuant to Rule 429 under the Securities Act of 1933, the prospectus filed as part of this Registration Statement also constitutes a prospectus for Registration Statement Nos. 333-738848, 333-73848-01 and 333-44122; the \$501,000,000 of securities remaining unsold from Registration Statement Nos. 333-738848, 333-73848-01 and 333-44122 will be combined with the \$1,499,000,000 aggregate amount of securities to be registered pursuant to this Registration Statement to enable The St. Paul Companies, Inc. and St. Paul Capital Trust II to offer an aggregate amount of \$2,000,000,000 of securities pursuant to the combined prospectus.

The registrant hereby amends this Registration Statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this Registration Statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until this Registration Statement shall become effective on such date as the Securities and Exchange Commission, acting pursuant to said Section 8(a), may determine.

The information contained herein is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

**guaranteed to the extent set forth herein
by The St. Paul Companies, Inc.**

We will provide you with more specific terms of these securities in supplements to this prospectus. You should read this prospectus and the applicable prospectus supplement carefully before you invest.

We may offer these securities from time to time in amounts, at prices and on other terms to be determined at the time of offering. The total offering price of the securities offered to the public will be limited to \$2,000,000,000.

The St. Paul Companies, Inc.'s common shares are listed on the New York Stock Exchange under the symbol **SPC**.

Neither the Securities and Exchange Commission nor any other regulatory body has approved or disapproved of these securities or passed upon the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense.

Prospectus dated _____, 2002.

THE ST. PAUL COMPANIES, INC.

The St. Paul Companies, Inc. and its subsidiaries constitute one of the oldest insurance organizations in the United States, dating back to 1853. We are a management company principally engaged, through our subsidiaries, in providing commercial property-liability insurance and reinsurance products and services worldwide. We also have a presence in the asset management industry through our 77% majority ownership of The John Nuveen Company. As a management company, we oversee the operations of our subsidiaries and provide them with capital and management and administrative services. At March 31, 2002, our total assets were \$38.6 billion, our total shareholders' equity was \$5.1 billion. In 2001, insurance and reinsurance underwriting accounted for approximately 95% of our consolidated revenues from continuing operations, and asset management operations accounted for approximately 4% of consolidated revenues from continuing operations.

Our principal and registered executive offices are located at 385 Washington Street, St. Paul, Minnesota 55102, and our telephone number is (651) 310-7911. Unless the context otherwise indicates, the terms "The St. Paul", "we", "us" or "our" mean The St. Paul Companies, Inc. and its consolidated subsidiaries.

ST. PAUL CAPITAL TRUST II

St. Paul Capital Trust II, or the "Trust", is a statutory business trust created under Delaware law. The Trust exists for the exclusive purposes of:

issuing the preferred securities, which represent preferred undivided beneficial ownership interests in the Trust's assets;

issuing the common securities, which represent common undivided beneficial ownership interests in the Trust's assets, to us in a total liquidation amount equal to at least 3% of the Trust's total capital;

using the proceeds from the issuances to purchase one or more series of securities issued by us, including senior debt securities, subordinated debt securities and warrants;

maintaining the Trust's status as a grantor trust for federal income tax purposes; and

engaging in only those other activities necessary, advisable or incidental to these purposes, such as registering the transfer of preferred securities.

Any senior debt securities, subordinated debt securities and warrants we sell to the Trust will be the sole assets of the Trust, and, accordingly, payments under the senior or subordinated debt securities will be the sole revenues of the Trust and the Trust's ability to distribute shares of our common stock or other securities upon conversion of the preferred securities, if convertible, will depend solely on our performance under the warrants sold by us to the Trust. We will acquire and own all of the common securities of the Trust, which will have an aggregate liquidation amount equal to at least 3% of the total capital of the Trust. The common securities will rank on a parity with, and payments will be made on the common securities *pro rata* with, the preferred securities, except that upon an event of default under the amended and restated declaration of trust resulting from an event of default under the senior or subordinated debt securities, our rights as holder of the common securities to distributions and payments upon liquidation or redemption will be subordinated to the rights of the holders of the preferred securities.

The Trust has a term of 50 years, but may dissolve earlier as provided in its amended and restated declaration of trust. The Trust's business and affairs are conducted by the trustees. The trustees for the Trust are JPMorgan Chase Bank, as institutional trustee, Chase Manhattan Bank USA, National Association, as the Delaware trustee, and two regular trustees or administrative trustees who are officers of The St. Paul Companies, Inc. JPMorgan Chase Bank, as institutional trustee, will act as sole indenture trustee under the amended and restated declaration of trust. JPMorgan Chase Bank will also act as guarantee trustee under the guarantee and as indenture trustee under the subordinated debt indenture.

The duties and obligations of each trustee are governed by the amended and restated declaration of trust. As issuer of the subordinated debt securities to be purchased by the Trust and as sponsor of the Trust, we will pay all fees, expenses, debts and obligations (other than the payment of distributions and

other payments on the preferred securities) related to the Trust and any offering of the Trust's preferred securities and will pay, directly or indirectly, all ongoing costs, expenses and liabilities of the Trust. The principal executive office of the Trust is c/o The St. Paul Companies, Inc., 385 Washington Street, St. Paul, Minnesota 55102 and its telephone number is (651) 310-7911.

**RATIOS OF EARNINGS TO FIXED CHARGES AND EARNINGS TO
COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS**

The following table sets forth our ratio of consolidated earnings to fixed charges for the years and the periods indicated:

	Three Months Ended March 31, 2002(1)	Year Ended December 31,				
		2001	2000	1999	1998	1997
Ratio of earnings to fixed charges	4.90	9.03	6.43	1.65	10.06	
Ratio of earnings to combined fixed charges and preferred stock dividends	4.58	8.32	5.88	1.52	8.88	

- (1) The loss in 2001 was inadequate to cover fixed charges by \$1.43 billion and combined fixed charges and preferred stock dividends by \$1.45 billion.

Earnings consist of income from continuing operations before income taxes plus fixed charges, net of capitalized interest. Fixed charges consist of interest expense before reduction for capitalized interest and one-third of rental expense, which is considered to be representative of an interest factor.

USE OF PROCEEDS

Unless otherwise indicated in an accompanying prospectus supplement, we expect to use the net proceeds from the sale of the securities for general corporate purposes, which may include, among other things, working capital, contributions of capital to our insurance underwriting subsidiaries, capital expenditures, the repurchase of shares of common stock, the repayment of short-term borrowings or acquisitions. Unless otherwise indicated in an accompanying prospectus supplement, St. Paul Capital Trust II will use all proceeds received from the sale of its preferred securities to purchase our subordinated debt securities.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the Securities and Exchange Commission (the "SEC") utilizing a shelf registration or continuous process. Under this shelf process, we may sell any combination of the securities described in this prospectus in one or more offerings up to a total dollar amount of \$2,000,000,000.

This prospectus provides you with a general description of the securities we may offer. Each time we sell securities, we will provide a prospectus supplement containing specific information about the terms of the securities being offered. A prospectus supplement may include a discussion of any risk factors or other special considerations applicable to those securities or to us. A prospectus supplement may also add, update or change information in this prospectus. If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement, you should rely on the information in the prospectus supplement. You should read both this prospectus and any prospectus supplement together with additional information described under the heading "Where You Can Find More Information".

The registration statement containing this prospectus, including exhibits to the registration statement, provides additional information about us and the securities offered under this prospectus. The registration statement can be read at the SEC web site or at the SEC offices mentioned under the heading "Where You Can Find More Information".

When acquiring any securities discussed in this prospectus, you should rely only on the information provided in this prospectus and in the applicable prospectus supplement, including the information incorporated by reference. Neither we, nor any underwriters or agents, have authorized anyone to provide you with different information. We are not offering the securities in any state where the offer is prohibited. You should not assume that the information in this prospectus, any prospectus supplement, or any document incorporated by reference, is truthful or complete at any date other than the date mentioned on the cover page of these documents.

We may sell securities to underwriters who will sell the securities to the public on terms fixed at the time of sale. In addition, the securities may be sold by us directly or through dealers or agents designated from time to time. If we, directly or through agents, solicit offers to purchase the securities, we reserve the sole right to accept and, together with any agents, to reject, in whole or in part, any of those offers.

Any prospectus supplement will contain the names of the underwriters, dealers or agents, if any, together with the terms of offering, the compensation of those underwriters and the net proceeds to us. Any underwriters, dealers or agents participating in the offering may be deemed underwriters within the meaning of the Securities Act of 1933 (the Securities Act).

Unless otherwise stated, currency amounts in this prospectus and any prospectus supplement are stated in United States dollars (\$).

A SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

Some of the information presented or incorporated by reference in this prospectus contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Such statements are not historical facts and include expressions about management's confidence and strategies and management's expectations about new and existing programs and products, relationships, opportunities, technology and market conditions. These statements may be identified by such forward-looking terminology as expect, look, believe, anticipate, may, or similar statements or variations of such terms. Examples of these forward-looking statements include statements concerning: market and other conditions and their effect on future premiums, revenues, earnings, cash flow and investment income; price increases; improved loss experience; and expense savings resulting from the restructuring actions announced in recent years.

In light of the risks and uncertainties inherent in future projections, many of which are beyond our control, actual results could differ materially from those in forward-looking statements. These statements should not be regarded as a representation that anticipated events will occur or that expected objectives will be achieved. Risks and uncertainties include, but are not limited to, the following: competitive considerations, including the ability to implement price increases; the frequency and severity of catastrophic events; our achievement of planned expense savings; the timing and impact of our exiting of certain types of business; our ability to effect the proposed transfer of certain reinsurance business and assets to a recently formed company, which transfer is subject to such company's completion of its initial public offering; changes in the demand for, pricing of, or supply of reinsurance or insurance; increased competitive pressure; the loss of significant customers; worse than anticipated loss developments from business written in prior years; losses due to foreign currency exchange rate fluctuations; changes in our estimate of insurance industry losses resulting from the September 11, 2001 terrorist attack; the potential impact of the global war on terrorism and Federal solutions to make available insurance coverage for acts of terrorism; regulatory developments; general economic conditions, including changing interest rates, rates of inflation and the performance of the financial markets; judicial decisions and rulings; changes in domestic and foreign laws, regulations and taxes; effects of acquisitions and divestitures; and various other factors. We undertake no obligation to release publicly the results of any future revisions we may make to forward-looking statements to reflect events or circumstances after the date hereof or to reflect the occurrence of unanticipated events.

DESCRIPTION OF DEBT SECURITIES WE MAY OFFER

We may issue senior or subordinated debt securities. Neither the senior debt securities nor the subordinated debt securities will be secured by any of our property or assets. Thus, by owning a debt security, you are one of our unsecured creditors.

The senior debt securities will constitute part of our senior debt, will be issued under a senior debt indenture described below and will rank equally with all of our other unsecured and unsubordinated debt.

The subordinated debt securities will constitute part of our subordinated debt, will be issued under a subordinated debt indenture described below and will be subordinate in right of payment to all of our senior indebtedness, as defined in the subordinated debt indenture. The prospectus supplement for any series of subordinated debt securities will indicate the approximate amount of senior indebtedness outstanding as of the end of the most recent fiscal quarter. Neither indenture limits our ability to incur additional senior indebtedness.

Debt securities in this prospectus refers to both the senior debt securities and the subordinated debt securities.

The senior debt securities and the subordinated debt securities are each governed by a document called an indenture—the senior debt indenture, in the case of the senior debt securities, and the subordinated debt indenture, in the case of the subordinated debt securities. Each indenture is a contract between us and JPMorgan Chase Bank, which acts as trustee. The indentures are substantially identical, except for the covenant described below under Restrictive Covenants—Limitations on Liens and Other Encumbrances on Voting Stock of Designated Subsidiaries, which is included only in the senior debt indenture, and the provisions relating to subordination, which are included only in the subordinated debt indenture.

Reference to the indenture or the trustee with respect to any debt securities means the indenture under which those debt securities are issued and the trustee under that indenture.

The trustee has two main roles:

First, the trustee can enforce your rights against us if we default on our obligations under the terms of the applicable indenture or the debt securities. There are some limitations on the extent to which the trustee acts on your behalf, described later under Remedies if an Event of Default Occurs; and

Second, the trustee performs administrative duties for us, such as sending you interest payments, transferring your debt securities to a new buyer if you sell and sending you notices.

The indentures and their associated documents contain the full legal text of the matters described in this section. The indentures and the debt securities are governed by the laws of the State of New York. A copy of the senior debt indenture, dated as of March 12, 2002, and the form of subordinated debt indenture appear as exhibits to our registration statement. See Where You Can Find More Information for information on how to obtain a copy.

We may issue as many distinct series of debt securities under either indenture as we wish. This section summarizes the material terms of the debt securities that are common to all series, although the prospectus supplement which describes the terms of each series of debt securities may also describe differences with the material terms summarized here.

Because this section is a summary, it does not describe every aspect of the debt securities. This summary is subject to and qualified in its entirety by reference to all the provisions of the indentures, including definitions of some of the terms used in the indentures. We describe the meaning for only the more important terms. Whenever we refer to the defined terms of the indentures in this prospectus or in the prospectus supplement, those defined terms are incorporated by reference here or in the prospectus supplement. You must look to the indentures for the most complete description of what we describe in summary form in this prospectus.

This summary also is subject to and qualified by reference to the description of the particular terms of your series described in the prospectus supplement. Those terms may vary from the terms described in this prospectus. The prospectus supplement relating to each series of debt securities will be attached to the front of this prospectus. There may also be a further prospectus supplement, known as a pricing supplement, which contains the precise terms of debt securities you are offered.

We may issue the debt securities as original issue discount securities, which are securities that are offered and sold at a substantial discount to their stated principal amount. The prospectus supplement relating to original issue discount securities will describe federal income tax consequences and other special considerations applicable to them. The debt securities may also be issued as indexed securities or securities denominated in foreign currencies or currency units, as described in more detail in the prospectus supplement relating to any of the particular debt securities. The prospectus supplement relating to specific debt securities will also describe any special considerations and any material additional tax considerations applicable to such debt securities.

In addition, the specific financial, legal and other terms particular to a series of debt securities are described in the prospectus supplement and the pricing supplement relating to the series. The prospectus supplement relating to a series of debt securities will describe the following terms of the series:

the title of the series of debt securities;

whether it is a series of senior debt securities or a series of subordinated debt securities;

any limit on the aggregate principal amount of the series of debt securities;

the person to whom interest on a debt security is payable, if other than the holder on the regular record date;

the date or dates on which the series of debt securities will mature;

the rate or rates, which may be fixed or variable, per annum at which the series of debt securities will bear interest, if any, and the date or dates from which that interest, if any, will accrue;

the place or places where the principal of (and premium, if any) and interest on the debt securities is payable;

the dates on which interest, if any, on the series of debt securities will be payable and the regular record dates for the interest payment dates;

any mandatory or optional sinking funds or analogous provisions or provisions for redemption at our option or the option of the holder;

the date, if any, after which and the price or prices at which the series of debt securities may, in accordance with any optional or mandatory redemption provisions, be redeemed and the other detailed terms and provisions of those optional or mandatory redemption provisions, if any;

if the debt securities may be converted into or exercised or exchanged for our common stock or preferred stock or any other of our securities, the terms on which conversion, exercise or exchange may occur, including whether conversion, exercise or exchange is mandatory, at the option of the holder or at our option, the date on or the period during which conversion, exercise or exchange may occur, the initial conversion, exercise or exchange price or rate and the circumstances or manner in which the amount of common stock or preferred stock or other securities issuable upon conversion, exercise or exchange may be adjusted;

whether the debt securities are subject to mandatory or optional remarketing or other mandatory or optional resale provisions, and, if applicable, the date or period during which such resale may occur, any conditions to such resale and any right of a holder to substitute securities for the securities subject to resale;

if other than denominations of \$1,000 and any integral multiple thereof, the denominations in which the series of debt securities will be issuable;

if other than the principal amount thereof, the portion of the principal amount of the series of debt securities which will be payable upon the declaration of acceleration of the maturity of such series of debt securities;

the currency of payment of principal, premium, if any, and interest on the series of debt securities;

if the currency of payment for principal, premium, if any, and interest on the series of debt securities is subject to our or a holder's election, the currency or currencies in which payment can be made and the period within which, and the terms and conditions upon which, the election can be made;

any index, formula or other method used to determine the amount of payment of principal or premium, if any, and interest on the series of debt securities;

the applicability of the provisions described under Restrictive Covenants Defeasance ;

any event of default under the series of debt securities if different from those described under Default and Related Matters What Is an Event of Default? ;

if the series of debt securities will be issuable only in the form of a global security, as described under Legal Ownership Global Securities , the depository or its nominee with respect to the series of debt securities and the circumstances under which the global security may be registered for transfer or exchange in the name of a person other than the depository or its nominee;

any proposed listing of the series of debt securities on any securities exchange; and

any other special feature of the series of debt securities.

Those terms may vary from the terms described here. Accordingly, this summary also is subject to and qualified by reference to the description of the terms of the series described in the prospectus supplement. The prospectus supplement relating to each series of debt securities will be attached to the front of this prospectus.

Legal Ownership

Street Name and Other Indirect Holders

Investors who hold debt securities in accounts at banks or brokers will generally not be recognized by us as legal holders of debt securities. This is called holding in street name . Instead, we would recognize only the bank or broker, or the financial institution the bank or broker uses to hold its debt securities. These intermediary banks, brokers and other financial institutions pass along principal, interest and other payments on the debt securities, either because they agree to do so in their customer agreements or because they are legally required to do so. If you hold debt securities in street name, you should check with your own institution to find out:

how it handles securities payments and notices;

whether it imposes fees or charges;

how it would handle voting if ever required;

whether and how you can instruct it to send you debt securities registered in your own name so you can be a direct holder as described below; and

how it would pursue rights under the debt securities if there were a default or other event triggering the need for holders to act to protect their interests.

Direct Holders

Our obligations, as well as the obligations of the trustee and those of any third parties employed by us or the trustee, run only to persons or entities who are the direct holders of debt securities (*i.e.*, those who are registered as holders of debt securities). As noted above, we do not have obligations to you if you hold in street name or through other indirect means, either because you choose to hold debt securities in that manner or because the debt securities are issued in the form of global securities as described below. For example, once we make payment to the registered holder, we have no further responsibility for the payment even if that registered holder is legally required to pass the payment along to you as a street name customer but does not do so.

Global Securities

What Is a Global Security? A global security is a special type of indirectly held security, as described above under Street Name and Other Indirect Holders .

If we choose to issue debt securities in the form of global securities, the ultimate beneficial owners can only be indirect holders. We do this by requiring that the global security be registered in the name of a financial institution we select and by requiring that the debt securities included in the global security not be transferred to the name of any other direct holder unless the special circumstances described below occur. The financial institution that acts as the sole direct holder of the global security is called the depositary.

Any person wishing to own a debt security included in the global security must do so indirectly by virtue of an account with a broker, bank or other financial institution that in turn has an account with the depositary. The prospectus supplement indicates whether your series of debt securities will be issued only in the form of global securities.

Special Investor Considerations for Global Securities. As an indirect holder, an investor's rights relating to a global security will be governed by the account rules of the investor's financial institution and of the depositary, as well as general laws relating to securities transfers. We do not recognize this type of investor as a registered holder of debt securities and instead deal only with the depositary that holds the global security.

If you are an investor in debt securities that are issued only in the form of global securities, you should be aware that:

you cannot get debt securities registered in your own name;

you cannot receive physical certificates for your interest in the debt securities;

you will be a street name holder and must look to your own bank or broker for payments on the debt securities and protection of your legal rights relating to the debt securities. See Street Name and Other Indirect Holders ;

you may not be able to sell interests in the debt securities to some insurance companies and other institutions that are required by law to own their securities in the form of physical certificates;

the depositary's policies will govern payments, transfers, exchange and other matters relating to your interest in the global security. We and the trustee have no responsibility for any aspect of the depositary's actions or for its records of ownership interests in the global security. We and the trustee also do not supervise the depositary in any way; and

the depositary will require that interests in a global security be purchased or sold within its system using same-day funds for settlement.

Special Situations When Global Security Will Be Terminated. In a few special situations described later, the global security will terminate and interests in it will be exchanged for physical certificates representing debt securities. After that exchange, the choice of whether to hold debt securities directly or

in street name will be up to you. You must consult your own bank or broker to find out how to have your interests in debt securities transferred to your own name, so that you will be a direct holder. The rights of street name investors and direct holders in the debt securities have been previously described in the subsections entitled, **Street Name and Other Indirect Holders** and **Direct Holders** .

The special situations for termination of a global security are:

when the depositary notifies us that it is unwilling, unable or no longer qualified to continue as depositary;

when we notify the trustee that we wish to terminate the global security; or

when an event of default on the debt securities has occurred and has not been cured.

Defaults are discussed later under **Default and Related Matters** .

The prospectus supplement may also list additional situations for terminating a global security that would apply only to the particular series of debt securities covered by the prospectus supplement. When a global security terminates, the depositary (and not we or the trustee) is responsible for deciding the names of the institutions that will be the initial direct holders.

In the remainder of this description you means direct holders and not street name or other indirect holders of debt securities. Indirect holders should read the previous subsection entitled **Street Name and Other Indirect Holders .**

Overview of the Remainder of this Description

The remainder of this description summarizes:

Additional Mechanics relevant to the debt securities under normal circumstances, such as how you transfer ownership and where we make payments;

your rights under several **Special Situations**, such as if we merge with another company or if we want to change a term of the debt securities;

Subordination Provisions in the subordinated debt indenture that may prohibit us from making payments on those securities;

a **Restrictive Covenant** contained in the senior debt indenture that restricts our ability to incur liens and other encumbrances on the voting stock of some of our subsidiaries. A particular series of debt securities may have additional restrictive covenants;

situations in which we may invoke the provisions relating to **Defeasance**;

your rights if we **Default** or experience other financial difficulties; and

our **Relationship With the Trustee**.

Additional Mechanics

Form, Exchange and Transfer

The debt securities will be issued:

only in fully registered form;

without interest coupons; and

unless otherwise indicated in the prospectus supplement, in denominations that are even multiples of \$1,000.

You may have your debt securities broken into more debt securities of smaller denominations or combined into fewer debt securities of larger denominations, as long as the total principal amount is not changed. This is called an exchange.

You may exchange or transfer debt securities at the office of the trustee. The trustee acts as our agent for registering debt securities in the names of holders and transferring debt securities. We may change this appointment to another entity or perform the service ourselves. The entity performing the role of maintaining the list of registered direct holders is called the security registrar. It will also register transfers of the debt securities.

You will not be required to pay a service charge to transfer or exchange debt securities, but you may be required to pay for any tax or other governmental charge associated with the exchange or transfer. The transfer or exchange will only be made if the security registrar is satisfied with your proof of ownership.

If we designate additional transfer agents, they will be named in the prospectus supplement. We may cancel the designation of any particular transfer agent. We may also approve a change in the office through which any transfer agent acts.

If the debt securities are redeemable and we redeem less than all of the debt securities of a particular series, we may block the transfer or exchange of debt securities during the period beginning 15 days before the day we mail the notice of redemption and ending on the day of that mailing, in order to freeze the list of holders to prepare the mailing. We may also refuse to register transfers or exchanges of debt securities selected for redemption, except that we will continue to permit transfers and exchanges of the unredeemed portion of any debt security being partially redeemed.

Payment and Paying Agents

We will pay interest to you if you are a direct holder listed in the trustee's records at the close of business on a particular day in advance of each due date for interest, even if you no longer own the debt security on the interest due date. That particular day, usually about two weeks in advance of the interest due date, is called the regular record date and is stated in the prospectus supplement. Holders buying and selling debt securities must work out between them how to compensate for the fact that we will pay all the interest for an interest period to the one who is the registered holder on the regular record date. The most common manner is to adjust the sales price of the debt securities to pro rate interest fairly between buyer and seller. This pro rated interest amount is called accrued interest.

We will pay interest, principal and any other money due on the debt securities at the corporate trust office of the trustee in New York City. That office is currently located at 450 West 33rd Street, 15th Floor, New York, New York 10001. You must make arrangements to have your payments picked up at or wired from that office. We may also choose to pay interest by mailing checks.

Street name and other indirect holders should consult their banks or brokers for information on how they will receive payments.

We may also arrange for additional payment offices, and may cancel or change these offices, including our use of the trustee's corporate trust office. These offices are called paying agents. We may also choose to act as our own paying agent. We must notify you of changes in the paying agents for any particular series of debt securities.

Notices

We and the trustee will send notices regarding the debt securities only to direct holders, using their addresses as listed in the trustee's records.

Regardless of who acts as paying agent, all money paid by us to a paying agent that remains unclaimed at the end of one year after the amount is due to direct holders will be repaid to us. After that one-year period, you may look only to us for payment and not to the trustee, any other paying agent or anyone else.

Special Situations

Mergers and Similar Events

We are generally permitted to consolidate or merge with another company or firm. We are also permitted to sell or lease substantially all of our assets to another firm, or to buy or lease substantially all of the assets of another firm. However, we may not take any of these actions unless the following conditions (among others) are met:

Where we merge out of existence or sell or lease substantially all our assets, the other firm may not be organized under a foreign country's laws; that is, it must be a corporation, partnership or trust organized under the laws of a State of the United States or the District of Columbia or under federal law, and it must agree to be legally responsible for the debt securities.

The merger, sale of assets or other transaction must not cause a default on the debt securities, and we must not already be in default, unless the merger or other transaction would cure the default. For purposes of this no-default test, a default would include an event of default that has occurred and not been cured. A default for this purpose would also include any event that would be an event of default if the requirements for giving us notice of our default or our default having to exist for a specific period of time were disregarded.

It is possible that the merger, sale of assets or other transaction would cause some of our property to become subject to a mortgage or other legal mechanism giving lenders preferential rights in that property over other lenders, including the direct holders of the senior debt securities, or over our general creditors if we fail to pay them back. We have promised in our senior debt indenture to limit these preferential rights on voting stock of any designated subsidiaries, called liens, as discussed under *Restrictive Covenants Limitation on Liens and Other Encumbrances on Voting Stock of Designated Subsidiaries*. If a merger or other transaction would create any liens on the voting stock of our designated subsidiaries, we must comply with that restrictive covenant. We would do this either by deciding that the liens were permitted, or by following the requirements of the restrictive covenant to grant an equivalent or higher-ranking lien on the same voting stock to the direct holders of the senior debt securities.

Modification and Waiver

There are four types of changes we can make to either indenture and the debt securities issued under that indenture.

Changes Requiring Your Approval. First, there are changes that cannot be made to your debt securities without your specific approval. Following is a list of those types of changes:

change the payment due date of the principal or interest on a debt security;

reduce any amounts due on a debt security;

reduce the amount of principal payable upon acceleration of the maturity of a debt security (including the amount payable on an original issue discount security) following a default;

change the place or currency of payment on a debt security;

impair your right to sue for payment of any amount due on your debt security;

impair any right that you may have to exchange or convert the debt security for or into securities or other property;

reduce the percentage of direct holders of debt securities whose consent is needed to modify or amend the applicable indenture;

reduce the percentage of direct holders of debt securities whose consent is needed to waive our compliance with certain provisions of the applicable indenture or to waive certain defaults; and

modify any other aspect of the provisions dealing with modification and waiver of the applicable indenture.

Changes Requiring a Majority Vote. The second type of change to a particular indenture and the debt securities is the kind that requires a vote in favor by direct holders of debt securities owning a majority of the principal amount of all series affected thereby, voting together as a single class. Most changes, including waivers, as described below, fall into this category, except for changes noted above as requiring the approval of the holders of each security affected thereby, and, as noted below, changes not requiring approval.

Each indenture provides that a supplemental indenture which changes or eliminates any covenant or other provision of the applicable indenture which has expressly been included solely for the benefit of one or more particular series of securities, or which modifies the rights of the holders of securities of such series with respect to such covenant or other provision, shall be deemed not to affect the rights under the applicable indenture of the holders of securities of any other series.

Changes Not Requiring Approval. The third type of change does not require any vote by holders of debt securities. This type is limited to clarifications and certain other changes that would not adversely affect holders of the debt securities.

Changes by Waiver Requiring a Majority Vote. Fourth, we need a vote by direct holders of senior debt securities owning a majority of the principal amount of the particular series affected to obtain a waiver of certain of the restrictive covenants, including the one described later under Restrictive Covenants – Limitation on Liens and Other Encumbrances on Voting Stock of Designated Subsidiaries . We also need such a majority vote to obtain a waiver of any past default, except a payment default listed in the first category described later under Default and Related Matters – Events of Default .

Modification of Subordination Provisions. In addition, we may not modify the subordination provisions of the subordinated debt indenture in a manner that would adversely affect the outstanding subordinated debt securities of any one or more series in any material respect, without the consent of the direct holders of a majority in aggregate principal amount of all affected series, voting together as one class.

Further Details Concerning Voting. When taking a vote, we will use the following rules to decide how much principal amount to attribute to a debt security:

for original issue discount securities, we will use the principal amount that would be due and payable on the voting date if the maturity of the debt securities were accelerated to that date because of a default;

for debt securities whose principal amount is not known (for example, because it is based on an index) we will use a special rule for that debt security described in the prospectus supplement; or

for debt securities denominated in one or more foreign currencies or currency units, we will use the U.S. dollar equivalent.

Debt securities will not be considered outstanding, and therefore will not be eligible to vote, if we have deposited or set aside in trust for you money for their payment or redemption. Debt securities will also not be eligible to vote if they have been fully defeased as described under Defeasance – Full Defeasance .

We will generally be entitled to set any day as a record date for the purpose of determining the direct holders of outstanding debt securities that are entitled to vote or take other action under the applicable indenture. In some circumstances, the trustee will be entitled to set a record date for action by direct holders. If we or the trustee set a record date for a vote or other action to be taken by holders of a

particular series, that vote or action may be taken only by persons who are direct holders of outstanding securities of that series on the record date and must be taken within 90 days following the record date.

Street name and other indirect holders should consult their banks or brokers for information on how approval may be granted or denied if we seek to change an indenture or the debt securities or request a waiver.

Subordination Provisions

Direct holders of subordinated debt securities should recognize that contractual provisions in the subordinated debt indenture may prohibit us from making payments on those securities. Subordinated debt securities are subordinate and junior in right of payment, to the extent and in the manner stated in the subordinated debt indenture, to all of our senior indebtedness, as defined in the subordinated debt indenture, including all debt securities we have issued and will issue under the senior debt indenture.

Under the subordinated debt indenture, senior indebtedness includes all of our obligations to pay principal, premium, interest, penalties, fees and other charges:

for borrowed money;

in the form of or evidenced by other instruments, including obligations incurred in connection with our purchase of property, assets or businesses;

under capital leases;

under letters of credit, bankers' acceptances or similar facilities;

issued or assumed in the form of a deferred purchase price of property or services, such as master leases;

under swaps and other hedging arrangements;

pursuant to our guarantee of another entity's obligations and all dividend obligations guaranteed by us; and

to satisfy the expenses and fees of the subordinated debt indenture trustee under the subordinated debt indenture.

The following types of our indebtedness will not rank senior to the subordinated debt securities:

indebtedness we owe to a subsidiary of ours (other than the John Nuveen Company and its consolidated subsidiaries);

indebtedness which, by its terms, expressly provides that it does not rank senior to the subordinated debt securities;

indebtedness incurred in the form of trade accounts payable or accrued liabilities arising in the ordinary course of business;

indebtedness we owe to any trust, other than the Trust and St. Paul Capital Trust I (a statutory business trust created under Delaware law by us), or a trustee of such trust, partnership or other entity affiliated with us, that is our financing vehicle, and which has issued equity securities or other securities that are similar to the preferred securities; and

indebtedness we may incur in violation of the subordinated debt indenture.

The subordinated debt indenture provides that, unless all principal of and any premium or interest on the senior indebtedness has been paid in full, no payment or other distribution may be made in respect of any subordinated debt securities in the following circumstances:

in the event of any insolvency or bankruptcy proceedings, or any receivership, liquidation, reorganization, assignment for creditors or other similar proceedings or events involving us or our assets; or

(a) in the event and during the continuation of any default in the payment of principal, premium, if any, or interest on any senior indebtedness beyond any applicable grace period or (b) in the event that any event of default with respect to any senior indebtedness has occurred and is continuing, permitting the direct holders of that senior indebtedness (or a trustee) to accelerate the maturity of that senior indebtedness, whether or not the maturity is in fact accelerated (unless, in the case of (a) or (b), the payment default or event of default has been cured or waived or ceased to exist and any related acceleration has been rescinded) or (c) in the event that any judicial proceeding is pending with respect to a payment default or event of default described in (a) or (b).

If the trustee under the subordinated debt indenture or any direct holders of the subordinated debt securities receive any payment or distribution that is prohibited under the subordination provisions, then the trustee or the direct holders will have to repay that money to the direct holders of the senior indebtedness.

Even if the subordination provisions prevent us from making any payment when due on the subordinated debt securities of any series, we will be in default on our obligations under that series if we do not make the payment when due. This means that the trustee under the subordinated debt indenture and the direct holders of that series can take action against us, but they will not receive any money until the claims of the direct holders of senior indebtedness have been fully satisfied.

Restrictive Covenants

General

We have made certain promises in each indenture called covenants where, among other things, we promise to maintain our corporate existence and all licenses and material permits necessary for our business. In addition, in the senior debt indenture we have made the promise described in the next paragraph. The subordinated debt indenture does not include the promise described in the next paragraph.

Limitation on Liens and Other Encumbrances on Voting Stock of Designated Subsidiaries

Some of our property may be subject to a mortgage or other legal mechanism that gives our lenders preferential rights in that property over other lenders, including the direct holders of the senior debt securities, or over our general creditors if we fail to pay them back. These preferential rights are called liens. In the senior debt indenture, we promise not to create, issue, assume, incur or guarantee any indebtedness for borrowed money that is secured by a mortgage, pledge, lien, security interest or other encumbrance on any voting stock of a designated subsidiary, unless we also secure all the senior debt securities that are deemed outstanding under the senior debt indenture equally with, or prior to, the indebtedness being secured, together with, at our election, any of our or any designated subsidiary's other indebtedness. This promise does not restrict our ability to sell or otherwise dispose of our interests in any designated subsidiary.

As used here:

voting stock means all classes of stock (including any interest in such stock) outstanding of a designated subsidiary that are normally entitled to vote in elections of directors;

designated subsidiary means St. Paul Fire and Marine Insurance Company and any of our other subsidiaries that has assets exceeding 20% of our consolidated assets. As of the date of this prospectus, St. Paul Fire and Marine Insurance Company and United States Fidelity and Guaranty

Company are the only subsidiaries satisfying this 20% test. For purposes of applying the 20% test, the assets of a subsidiary and our consolidated assets are both determined as of the last day of the most recent calendar quarter ended at least 30 days prior to the date of the 20% test and in accordance with generally accepted accounting principles as in effect on the last day of such calendar quarter; and

subsidiary means a corporation, partnership or trust in which we and/or one or more of our other subsidiaries owns at least 50% of the voting stock, which is a kind of stock that ordinarily permits its owners to vote for election of directors.

Defeasance

The following discussion of full defeasance and covenant defeasance will be applicable to your series of debt securities only if we choose to have them apply to that series. If we do so choose, we will state that in the prospectus supplement.

Full Defeasance. If there is a change in federal tax law, as described below, we can legally release ourselves from any payment or other obligations on the debt securities, called full defeasance, if we put in place the following arrangements for you to be repaid:

we must deposit in trust for your benefit and the benefit of all other direct holders of the debt securities a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates;

there must be a change in current federal tax law or a U.S. Internal Revenue Service ruling that lets us make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities ourselves. (Under current federal tax law, the deposit and our legal release from the debt securities would be treated as though we took back your debt securities and gave you your share of the cash and notes or bonds deposited in trust. In that event, you could recognize gain or loss on the debt securities you give back to us.);

we must deliver to the trustee a legal opinion of our counsel confirming the tax law change described above; and

in the case of the subordinated debt securities, the following requirements must also be met:

no event or condition may exist that, under the provisions described above under **Subordination Provisions**, would prevent us from making payments of principal, premium or interest on those subordinated debt securities on the date of the deposit referred to above or during the 90 days after that date; and

we must deliver to the trustee an opinion of counsel to the effect that (a) the trust funds will not be subject to any rights of direct holders of senior indebtedness and (b) after the 90-day period referred to above, the trust funds will not be subject to any applicable bankruptcy, insolvency, reorganization or similar laws affecting creditors' rights generally, except that if a court were to rule under any of those laws in any case or proceeding that the trust funds remained our property, then the relevant trustee and the direct holders of the subordinated debt securities would be entitled to some enumerated rights as secured creditors in the trust funds.

If we ever did accomplish full defeasance, as described above, you would have to rely solely on the trust deposit for repayment on the debt securities. In addition, in the case of subordinated debt securities, the provisions described above under **Subordination Provisions** will not apply. You could not look to us for repayment in the unlikely event of any shortfall. Conversely, the trust deposit would most likely be protected from claims of our lenders and other creditors if we ever become bankrupt or insolvent.

Covenant Defeasance. Under current federal tax law, we can make the same type of deposit described above and be released from some of the restrictive covenants in the debt securities. This is called covenant defeasance. In that event, you would lose the protection of those restrictive covenants but would gain the protection of having money and securities set aside in trust to repay the debt securities. In order to achieve covenant defeasance, we must do the following:

we must deposit in trust for your benefit and the benefit of all other direct holders of the debt securities a combination of money and U.S. government or U.S. government agency notes or bonds that will generate enough cash to make interest, principal and any other payments on the debt securities on their various due dates; and

we must deliver to the trustee a legal opinion of our counsel confirming that under current federal income tax law we may make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and just repaid the debt securities ourselves.

If we accomplish covenant defeasance, the following provisions, among others, of the indentures and the debt securities would no longer apply:

our promises regarding conduct of our business previously described under Limitation on Liens and Other Encumbrances on Voting Stock of Designated Subsidiaries , and any other covenants applicable to the series of debt securities and described in the prospectus supplement;

the condition regarding the treatment of liens when we merge or engage in similar transactions, as described under Special Situations Mergers and Similar Events ; and

the events of default relating to breach of covenants, described under Default and Related Matters Events of Default What Is an Event of Default? .

In addition, in the case of subordinated debt securities, the provisions described above under Subordination Provisions will not apply if we accomplish covenant defeasance.

If we accomplish covenant defeasance, you could still look to us for repayment of the debt securities if there were a shortfall in the trust deposit. In fact, if one of the remaining events of default occurs, such as our bankruptcy, and the debt securities become immediately due and payable, there may be a shortfall in the trust deposit. Depending on the event causing the default, you may not be able to obtain payment of the shortfall.

Default and Related Matters

Ranking With Our Other Unsecured Creditors

The debt securities are not secured by any of our property or assets. Accordingly, your ownership of debt securities means that you are one of our unsecured creditors. The senior debt securities are not subordinated to any of our debt obligations and therefore they rank equally with all of our other unsecured and unsubordinated indebtedness. The subordinated debt securities are subordinate and junior in right of payment to all of our senior indebtedness, as defined in the subordinated debt indenture.

Events of Default

You will have special rights if an event of default occurs and is not cured, as described later in this subsection.

What Is an Event of Default? The term event of default means any of the following:

we do not pay the principal or any premium on a debt security on its due date;

we do not pay interest on a debt security within 30 days of its due date;

we do not deposit money into a separate custodial account, known as sinking fund, when such deposit is due, if we agree to maintain any such sinking fund;

we remain in breach of the restrictive covenant described previously under Restrictive Covenants Limitation on Liens and Other
Encumbrances on Voting Stock of Designated

Subsidiaries or any other term of the applicable indenture for 90 days after we receive a notice of default stating we are in breach. The notice must be sent by either the trustee or direct holders of at least 25% of the principal amount of debt securities of the affected series;

we file for bankruptcy or certain other events of bankruptcy, insolvency or reorganization occur; or

any other event of default described in the prospectus supplement occurs.

Remedies If an Event of Default Occurs. If you are the holder of a subordinated debt security, all remedies available upon the occurrence of an event of default under the subordinated debt indenture will be subject to the restrictions on the subordinated debt securities described above under Subordination Provisions . If an event of default has occurred and has not been cured, the trustee or the direct holders of 25% in principal amount of the debt securities of the affected series may declare the entire principal amount (or, in the case of original issue discount securities, the portion of the principal amount that is specified in the terms of the affected debt security) of all the debt securities of that series to be due and immediately payable. This is called a declaration of acceleration of maturity. However, a declaration of acceleration of maturity may be canceled by the direct holders of at least a majority in principal amount of the debt securities of the affected series.

Reference is made to the prospectus supplement relating to any series of debt securities which are original
