RISK FACTORS

An investment in Viewpoint involves a high degree of risk. You should consider carefully the following information about these risks, together with the other information contained or incorporated by reference in this prospectus, before you decide to invest in Viewpoint. If any of the following risks actually occur, our business, financial condition or results of operations would likely suffer. In this case, the market price of our common stock could decline, and you could lose all or part of your investment.

WE HAVE A HISTORY OF LOSSES AND EXPECT TO INCUR LOSSES IN THE FUTURE, WHICH MAY CAUSE OUR SHARE PRICE TO DECLINE

We have had significant quarterly and annual operating losses since our inception, and as of December 31, 2002, we had an accumulated deficit of approximately \$224,077,000. We believe that we will continue to incur operating losses in the future, which may cause our share price to decline.

WE MAY BE REQUIRED TO REDEEM \$2.7 MILLION IN OUTSTANDING CONVERTIBLE DEBT AS EARLY AS JUNE 2004 AND DOING SO COULD ADVERSELY AFFECT OUR ABILITY TO FUND OPERATIONS.

We issued three tranches of convertible notes in amounts of \$900,000 each. Each tranche of the notes are convertible into shares of Company common stock at prices of \$1.00, \$1.00, and \$1.09. Although the notes are due on December 31, 2007, the holders may redeem all or part of the notes at par between June 30, 2004 and December 31, 2005 if the dollar volume-weighted average price of Company common stock is less than the conversion price applicable to the notes for any 25 consecutive trading days. After December 31, 2005, the investors may redeem the notes at 83% of par if the dollar volume-weighted average price of Company common stock is less than the conversion price applicable to the notes for any 25 consecutive trading days. If the investors redeem convertible notes between June 30, 2004 and December 30, 2007 in accordance with the foregoing, the Company may, at its option, pay up to 20% of the amount to be redeemed in shares of Company common stock. Shares issued by the Company in partial redemption would be issued at 95% of the dollar volume-weighted average price of Company common stock for the 20 consecutive trading days immediately preceding payment. If we are required to redeem the convertible notes in accordance with the foregoing, our ability to fund our operations will be materially adversely affected.

WE MAY HAVE TO OBTAIN FINANCING ON LESS FAVORABLE TERMS, WHICH COULD DILUTE CURRENT STOCKHOLDERS' OWNERSHIP INTERESTS IN THE COMPANY

In order to fund our operations and pursue our growth strategy we may seek additional financing through public or private equity funding or from other sources. We have no commitment for additional financing and we may experience difficulty in obtaining additional financing on favorable terms, if at all. Any financing we obtain may contain covenants that restrict our freedom to operate our business or may have rights, preferences, or privileges senior to our common stock and may dilute our current stockholders' ownership interest in Viewpoint.

WE MAY NEED TO DEVELOP NEW PRODUCTS OR OTHER UNTESTED METHODS OF INCREASING SALES WITH OUR EXISTING PRODUCTS OR DISTRIBUTION NETWORK TO GENERATE SALES AND IF WE ARE UNSUCCESSFUL THE GROWTH OF OUR BUSINESS MAY CEASE OR DECLINE.

Our license and services revenues have declined over recent quarters. If this decrease in sales of our products continues, or fails to increase, we will be unable to generate sufficient revenues to offset current costs. Accordingly, we may be required to develop new products or other untested methods to

Edgar Filing: VIEWPOINT CORP - Form S-3

increase sales. If these new products or untested methods fail to increase sales, our business may cease or decline.

OUR FUTURE REVENUES MAY BE UNPREDICTABLE AND MAY CAUSE OUR QUARTERLY RESULTS TO FALL BELOW MARKET EXPECTATIONS

As a result of our limited operating history and the rapidly changing nature of the markets in which we compete, we may be unable to forecast our quarterly and annual revenues accurately. If our future quarterly operating results fall below the expectations of securities analysts or investors due to the following factors, the trading price of our common stock will likely drop:

- our ability to retain existing customers, attract new customers, and satisfy our customers' demands;
- introduction or enhancement of new products, technologies or services by our competitors which may render our technologies and services less attractive or obsolete;
- varying operating costs and capital expenditures related to the expansion of our business operations and infrastructure; and
- difficulty integrating our graphics technology with third party software programs.

Based on these factors, we believe our revenues, expenses and operating results could vary significantly in the future and period-to-period comparisons should not be relied upon as indications of future results. Our staffing and other operating expenses are based in large part on anticipated revenues. It may be difficult for us to adjust our spending to compensate for any unexpected shortfall. If we are unable to reduce our spending following any such shortfall, our results of operations would be adversely affected.

OUR STOCK PRICE IS VOLATILE, WHICH COULD SUBJECT US TO CLASS ACTION LITIGATION

The market price of our common stock has fluctuated significantly in the past. The price at which our common stock will trade in the future will depend on a number of factors including:

- actual or anticipated fluctuations in our operating results;
- general market and economic conditions affecting Internet companies;
- our announcement of new products, technologies or services; and
- developments regarding our products, technologies or services, or those of our competitors.

In addition, securities class action litigation has often been brought against companies following periods of volatility in the market price of their securities. We may in the future be the target of similar litigation. Securities litigation could result in substantial costs and divert management's attention and resources, which could have a material adverse effect on our business, financial condition, operating results and cash flows.

WE MAY BE DELISTED FROM NASDAQ, WHICH WOULD ADVERSELY IMPACT OUR STOCK PRICE AND THE ABILITY OF OUR STOCKHOLDERS TO PURCHASE AND SELL OUR SHARES IN AN ORDERLY MANNER

We may be unable to maintain compliance with Nasdaq listing standards.

The Nasdaq National Market notified us on December 12, 2003 that our

Edgar Filing: VIEWPOINT CORP - Form S-3

common stock may be delisted from Nasdaq for failure to maintain a minimum bid price of \$1.00. To regain compliance with Nasdaq's minimum bid price rule, our common stock must close above \$1.00 for ten consecutive trading days over the 180 days following the notice we received. If we are unable to regain compliance with the minimum bid price in the future, we may be eligible to transfer our common stock to listing on The Nasdaq SmallCap Market if we meet applicable listing standards and thereby gain an additional 180 days to regain compliance with the minimum bid price requirement. Transitioning to the SmallCap Market or the delisting of our stock could damage our general business reputation and impair our ability to raise additional funds. This may further adversely impact our stock price. Furthermore, if our shares are delisted and are traded on the Nasdaq Small Cap Market, the over-the-counter bulletin board or the "pink sheets", their value may be negatively impacted because stocks which trade in this manner tend to be less liquid and trade with larger variations between the bid and ask price than stocks on the Nasdaq National Market. Accordingly, any of the foregoing events could have a material adverse effect on our business, financial condition and operating results.

WE MAY EFFECT A REVERSE STOCK SPLIT AND IF WE DO SO, OUR STOCK PRICE MAY DECLINE AFTER THE REVERSE STOCK SPLIT

In response to the potential delisting of our common stock due to the failure to meet the Nasdaq National Market's minimum bid price requirement discussed above, we may ask our stockholders to authorize a reverse stock split at our annual meeting in 2004. If the reverse stock split is approved by our stockholders and we effect the reverse stock split, we would reduce the number of outstanding shares of common stock. With fewer shares outstanding, we would expect our stock price to increase. While a reverse stock split may enable us to cure the minimum bid price deficiency, share prices of companies effecting reverse stock splits often decline and we cannot assure you that our stock price would not decline after a reverse stock split.

IF THE INTERNET DOES NOT BECOME A MORE WIDESPREAD COMMERCE MEDIUM, DEMAND FOR OUR PRODUCTS AND TECHNOLOGIES MAY DECLINE SIGNIFICANTLY

The market for our products, technologies and services is new and evolving rapidly. Growth in the computer graphics market depends, in large part, on increased use of the Internet for e-commerce. If the rate of adoption of the Internet as a method for e-commerce slows, the market for our products, technologies and services may not grow, or may develop more slowly than expected. Licensing of our products and technologies depends in large part on the development of the Internet as a viable commercial marketplace. There are now substantially more users and much more "traffic" over the Internet than ever before, use of the Internet is growing faster than anticipated, and the technological infrastructure of the Internet may be unable to support the demands placed on it by continued growth. Delays in development or adoption of new technological standards and protocols, or increased government regulation, could also affect Internet use. Any of these developments could adversely effect our business because substantially all of our revenues are derived from online services and sales.

OUR MARKET IS CHARACTERIZED BY RAPIDLY CHANGING TECHNOLOGY, AND IF WE DO NOT RESPOND IN A TIMELY MANNER, OUR PRODUCTS AND TECHNOLOGIES MAY NOT SUCCEED IN THE MARKETPLACE

The market for e-commerce visualization is characterized by rapidly changing technology. As a result, our success depends substantially upon our ability to continue to enhance our products and technologies and to develop new products and technologies that meet customers' increasing expectations. Additionally, we may not be successful in developing and marketing enhancements to our existing products and technologies or introducing new products and technologies on a timely basis. Our new or enhanced products and technologies

Edgar Filing: VIEWPOINT CORP - Form S-3

may not succeed in the marketplace.

In addition, the computer graphics industry is subject to rapidly changing methods and models of information delivery. If a general market migration to a method of information delivery that is not conforming with our technologies were to occur, our business and financial results would be adversely impacted.

SECURITY RISKS COULD LIMIT THE GROWTH OF E-COMMERCE WHICH WOULD ADVERSELY IMPACT OUR ABILITY TO INCREASE SALES OF GRAPHICS TECHNOLOGY

E-tailers are less likely to acquire licenses to use our graphics technology and less likely to have a desire for our services if e-commerce activity fails to grow or declines due to Internet security risks. Security risks that may occur are failure of encryption and authentication technologies and third-party circumvention of security measures. These risks may limit the ability of e-tailers to sell their products online due to damage to the e-tailers' reputations and restrictions by credit card companies of online transactions.

WE MAY BE UNABLE TO PROTECT OUR INTELLECTUAL PROPERTY RIGHTS

Our success and ability to compete substantially depend on the uniqueness or value of our products and technologies. We rely on a combination of copyright, trademark, patent, trade secret laws, and employee and third-party nondisclosure agreements to protect our intellectual and proprietary rights, products, and technologies. Policing unauthorized use of our products and technologies is difficult and the steps we take may not prevent the misappropriation or infringement of technology or proprietary rights. In addition, litigation may be necessary to enforce our intellectual property rights. Such misappropriation or litigation could result in substantial costs and diversion of resources and the potential loss of intellectual property rights, any of which would adversely impair our business.

WE MAY BE LIABLE FOR INFRINGING THE INTELLECTUAL PROPERTY RIGHTS OF OTHERS

Our products and technologies may be the subject of infringement claims in the future. This could result in costly litigation and could require us to obtain a license to the intellectual property of third parties. We may be unable to obtain licenses from these third parties on favorable terms, if at all. Even if a license is available, we may have to pay substantial royalties to obtain it. If we cannot obtain necessary licenses on reasonable terms, our business would be adversely affected.

WE MAY NEED TO ENTER INTO BUSINESS COMBINATIONS AND STRATEGIC ALLIANCES WHICH COULD BE DIFFICULT TO INTEGRATE AND MAY DISRUPT OUR BUSINESS

We may continue to expand our operations or market presence by entering into business combinations, investments, joint ventures or other strategic alliances with other companies. These transactions create risks such as:

- difficulty assimilating the operations, technology and personnel of the combined companies;
- disruption of our ongoing business;
- problems retaining key technical and managerial personnel;
- expenses associated with amortization of purchased intangible assets;
- additional operating losses and expenses of acquired businesses; and

Edgar Filing: VIEWPOINT CORP - Form S-3

- impairment of relationships with existing employees, customers and business partners.

We do not currently have plans, nor have we entered into negotiations, to acquire any businesses.

THE LOSS OF OUR KEY ENGINEERING OR MANAGEMENT EMPLOYEES WOULD HARM OUR BUSINESS

We depend on the continued employment of our key engineering and management employees. We do not have long-term employment agreements with our key personnel, and we do not have "key person" life insurance policies. If any of our key engineering or management employees leave our company, our business may be adversely affected.

IF WE FAIL TO ESTABLISH, MAINTAIN, OR EXPAND OUR STRATEGIC RELATIONSHIPS FOR THE INTEGRATION OF OUR TECHNOLOGY WITH THE SERVICES AND PRODUCTS OF THIRD PARTIES, THE GROWTH OF OUR BUSINESS MAY CEASE OR DECLINE

Currently, we have relationships with Adobe Systems Incorporated, Autodesk, Inc., Alias Wavefront (a division of Silicon Graphics Limited), Curious Labs Incorporated, and other makers of leading content creation software products under which we provide the right and ability for their products to output content in our format. Customers who deploy content created in the Viewpoint format with these software products are required to purchase a license from Viewpoint in order to publish the content. We also have a relationship with AOL under which the Viewpoint Media Player is distributed along with AOL's internet access software product. If Adobe, Autodesk, Caligari, Curious Labs, or AOL do not continue to integrate and support our technology correctly, or if we are unable to enter into successful new strategic relationships with leading software providers that can integrate and support our graphics technology, our revenues and growth may suffer because professionals will less likely offer services involving the creation of content in the Viewpoint format to their customers.

OUR CHARTER DOCUMENTS COULD MAKE IT MORE DIFFICULT FOR AN UNSOLICITED THIRD PARTY TO ACQUIRE US

Our certificate of incorporation and by-laws are designed to make it difficult for an unsolicited third party to acquire control of us, even if a change in control would be beneficial to stockholders. For example, our certificate of incorporation authorizes our board of directors to issue up to 5,000,000 shares

of "blank check" preferred stock. Without stockholder approval, the board of directors has the authority to attach special rights, including voting and dividend rights, to this preferred stock. With these rights, preferred stockholders could make it more difficult for an unsolicited third party to acquire our company. In addition, we must receive a stockholders' proposal for an annual meeting within a specified period for that proposal to be included on the agenda. Because stockholders do not have the power to call meetings and are subject to timing requirements in submitting stockholder proposals for consideration at an annual or special meeting, any third-party takeover not supported by the board of directors would be subject to significant delays and difficulties.

FORWARD-LOOKING STATEMENTS

In addition to historical information, this prospectus contains forward-looking statements that involve risks and uncertainties that could cause actual results to differ materially from the results implied by the

Edgar Filing: VIEWPOINT CORP - Form S-3

forward-looking statements. Factors that might cause or contribute to such differences include, but are not limited to, those discussed in the section entitled "Risk Factors." You should carefully review the risks described in other documents we file from time to time with the Securities and Exchange Commission, including any future reports to be filed in 2003 and our Annual Report on Form 10-K for 2002. When used in this prospectus, the words "expects," "anticipates," "intends," "plans," "believes," "seeks," "targets," "estimates," and similar expressions are generally intended to identify forward-looking statements. You should not place undue reliance on these forward-looking statements, which speak only as of the date of this prospectus. We undertake no obligation to publicly release any revisions to the forward-looking statements or reflect events or circumstances after the date of this prospectus.

OTHER INFORMATION

You should rely only on the information contained in this prospectus. We have not authorized anyone to provide you with information different from that contained in this prospectus. The selling stockholder is offering to sell, and seeking offers to buy, shares of common stock only in jurisdictions where offers and sales are permitted. The information contained in this prospectus is accurate only as of the date of this prospectus, regardless of the time of delivery of this prospectus or of any sale of our common stock.

No action is being taken in any jurisdiction outside the United States to permit a public offering of the common stock or possession or distribution of this prospectus in that jurisdiction. Persons who come into possession of this prospectus in jurisdictions outside the United States are required to inform themselves about and to observe any restrictions as to this offering and the distribution of this prospectus applicable to that jurisdiction.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the shares of common stock offered by the selling stockholders under this prospectus.

PRIVATE PLACEMENT OF COMMON STOCK

On November 12, 2003, we entered into a stock purchase agreement with the selling stockholder, pursuant to which we issued to the selling stockholder 3,125,000 shares of our common stock in return for an aggregate consideration of \$2.5 million.

In connection with the stock purchase agreement, we entered into a registration rights agreement with the selling stockholder. The registration rights agreement requires us to (i) file a registration statement covering the resale of all of the shares of common stock issued to the selling stockholders no later than December 29, 2003 and (ii) have the registration statement declared effective no later than

March 12, 2004. Failure to meet these deadlines subjects us to a cash penalty based upon the number of days in which we are in default. We have agreed to pay all registration expenses in connection with such registration (other than underwriting discounts and commissions), to reimburse the selling stockholders for up to \$5,000 in legal expenses and to customary indemnification and contribution protections for the selling stockholder under the federal securities laws and otherwise.

SELLING STOCKHOLDER

Edgar Filing: VIEWPOINT CORP - Form S-3

We are registering the shares of common stock in order to permit the selling stockholder to offer the shares for resale from time to time.

Federal Partners, L.P. is the selling stockholder. The Clark Estates, Inc. provides management and administrative services to Federal Partners and has the sole power to vote or to direct the vote and to dispose of or direct the disposition of all shares held by Federal Partners. Stephen M. Duff, is the Chief Investment Officer of The Clark Estates, Inc. and the treasurer of the general partner of Federal Partners, L.P.. Mr. Duff was elected as a member of the board of directors of the Registrant as of May 5, 2003.

The selling stockholder acquired 4.95% subordinated notes in the amount of \$3,050,000 and 3,150,002 shares of our common stock in a private placement on March 26, 2003. Except for the selling stockholder's acquisition of the notes and shares of common stock on March 26, 2003 and the selling stockholder's acquisition of common stock described under the heading "Private Placement of Common Stock", the selling stockholder has not had any other material relationship with us within the past three years.

The table below sets forth other information regarding the beneficial ownership of common stock by the selling stockholder. The second column lists the number of shares of common stock beneficially owned by the selling stockholder as of December 23, 2003. The third column lists the shares of common stock being offered by this prospectus by the selling stockholder. The selling stockholder may sell all, some or none of its shares in this offering. See "Plan of Distribution."

Other than the ownership of 3,703,402 shares of our common stock, the selling stockholder beneficially owned no other shares of Viewpoint's common stock as of November 11, 2003.

NAME	NUMBER SHARES BENEFICIALLY OWNED BEFORE OFFERING	MAXIMUM NUMBER OF SHARES TO BE SOLD PURSUANT TO THIS PROSPECTUS	NUMBER OF SHARES OWNED AFTER OFFERING
Federal Partners, L.P. (1)	6,828,402	3,125,000	3,703,402

- (1) Federal Partners, L.P. is a Delaware limited partnership. Kevin S. Moore and Stephen M. Duff have voting/investment control over Federal Partners.

The selling stockholder purchased the shares being offered under this prospectus in the ordinary course of business and at the time of the purchase, the selling stockholder had no agreements or understandings, directly or indirectly, with any person to distribute these shares.

PLAN OF DISTRIBUTION

We are registering the shares of common stock issued to the selling stockholder to permit the resale of these shares of common stock by the holders of the common stock from time to time after the

date of this prospectus. Other than as set forth in the following paragraph, we will bear all reasonable fees and expenses incident to our obligation to

Edgar Filing: VIEWPOINT CORP - Form S-3

register the shares of common stock.

The selling stockholder may sell all or a portion of the common stock offered under this prospectus from time to time directly or through one or more underwriters, broker-dealers or agents. If the common stock is sold through underwriters or broker-dealers, the selling stockholder will be responsible for underwriting discounts or commissions or agent's commissions. The common stock may be sold in one or more transactions at fixed prices, at prevailing market prices at the time of the sale, at varying prices determined at the time of sale, or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions:

- on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;
- in the over-the-counter market;
- in transactions otherwise than on these exchanges or systems or in the over-the-counter market;
- through the writing of options, whether such options are listed on an options exchange or otherwise; or
- through the settlement of short sales.

If the selling stockholder effects such transactions by selling shares of common stock to or through underwriters, broker-dealers or agents, the underwriters, broker-dealers or agents may receive commissions in the form of discounts, concessions or commissions from the selling stockholder or commissions from purchasers of the shares of common stock for whom they may act as agent or to whom they may sell as principal. These discounts, concessions or commissions as to particular underwriters, broker-dealers or agents may be in excess of those customary in the types of transactions involved. In connection with sales of the common stock or otherwise, the selling stockholder may enter into hedging transactions with broker-dealers, which may in turn engage in short sales of the common stock in the course of hedging in positions they assume. The selling stockholder may also sell shares of common stock short and deliver shares of common stock covered by this prospectus to close out short positions. The selling stockholder may also loan or pledge shares of common stock to broker-dealers that in turn may sell such shares.

The selling stockholder may pledge or grant a security interest in some or all of the shares of common stock owned by them and, if it defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell the shares of common stock from time to time under this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act of 1933, as amended, amending, if necessary, the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholder also may transfer and donate the shares of common stock in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

The selling stockholder and any broker-dealer participating in the distribution of the shares of common stock may be deemed to be "underwriters" within the meaning of the Securities Act, and any commission paid, or any discounts or concessions allowed to any such broker-dealer may be deemed underwriting commissions or discounts under the Securities Act. At the time a particular offering of the shares of common stock is made, a prospectus supplement, if required, will be distributed which will set forth the aggregate amount of shares of common stock being offered and the terms of the offering,

Edgar Filing: VIEWPOINT CORP - Form S-3

including the name or names of any broker-dealers or agents, any discounts, commissions and other terms constituting compensation from the selling stockholder and any discounts, commissions or concessions allowed or reallocated or paid to broker-dealers.

Under the securities laws of some states, the shares of common stock may be sold in such states only through registered or licensed brokers or dealers.

There can be no assurance that any selling stockholder will sell any or all of the shares of common stock registered pursuant to the registration statement, of which this prospectus forms a part.

The selling stockholder and any other person participating in such distribution will be subject to applicable provisions of the Securities Exchange Act, as amended and the rules and regulations under that statute, including, without limitation, Regulation M. This may limit the timing of purchases and sales of any of the shares of common stock by the selling stockholder and any other participating person. Regulation M may also restrict the ability of any person engaged in the distribution of the shares of common stock to engage in market-making activities with respect to the shares of common stock. All of the foregoing may affect the marketability of the shares of common stock and the ability of any person or entity to engage in market-making activities with respect to the shares of common stock.

We will indemnify the selling stockholder against liabilities, including some liabilities under the Securities Act, in accordance with the registration rights agreements. We may be indemnified by the selling stockholder against civil liabilities, including liabilities under the Securities Act, that may arise from any written information they furnish to us specifically for use in this prospectus, in accordance with the related registration rights agreements.

Once sold under the registration statement of which this prospectus forms a part, the shares of common stock will be freely tradable in the hands of persons other than our affiliates.

Each share of common stock is sold together with certain stock purchase rights. These rights are described in the Amended and Restated Rights Agreement, dated as of June 24, 1999, filed as Exhibit 4 to our registration statement filed on Form 8-A (File No. 000-27168), which we filed with the SEC on October 29, 1999, as amended by Amendment 1 to the Amended and Restated Rights Agreement, dated as of November 28, 2000, filed as Exhibit 99.5 to our registration statement filed on Form 8-A, which we filed with the SEC on December 5, 2000. See "Incorporation of Documents by Reference" below.

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 145 of the Delaware General Corporation Law ("DGCL") makes provision for the indemnification of officers and directors in terms sufficiently broad to indemnify officers and directors under certain circumstances from liabilities (including reimbursement for expenses incurred) arising under the Securities Act. Section 145 of the DGCL empowers a corporation to indemnify its directors and officers and to purchase insurance with respect to liability arising out of their capacity or status as directors and officers, provided that this provision shall not eliminate or limit the liability of a director: (1) for any breach of the director's duty of loyalty to the corporation or its stockholders, (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (3) arising under Section 174 of the DGCL or (4) for any transaction from which the director derived an improper personal benefit. The DGCL provides further that the

Edgar Filing: VIEWPOINT CORP - Form S-3

indemnification permitted thereunder shall not be deemed exclusive of any other rights to which the directors and officers may be entitled under the corporation's bylaws, any agreement, a vote of stockholders or otherwise.

The Registrant's amended and restated certificate of incorporation provides for indemnification of the Registrant's directors against liability to the Registrant and its stockholders to the fullest extent permitted by the DGCL.

The Registrant's Bylaws provide that the Registrant shall indemnify its directors and officers and may indemnify others to the fullest extent permitted by law. The Registrant's Bylaws also permit the Registrant to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in such capacity, regardless of whether the Bylaws would permit indemnification. The Registrant also maintains an insurance policy insuring its directors and officers against liability for certain acts and omissions while acting in their official capacities.

ITEM 17. UNDERTAKINGS

The undersigned Registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (a) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (b) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually

Edgar Filing: VIEWPOINT CORP - Form S-3

or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

- (c) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (1)(a) and (1)(b) do not apply if the registration statement is on Form S-3, Form S-8 or Form F-3, and the information required to be included in a post-

effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of this offering.
- (4) That, for purposes of determining any liability under the Securities Act, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Exchange Act that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers and controlling persons of the Registrant pursuant to the provisions described under Item 15, or otherwise, the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of

Edgar Filing: VIEWPOINT CORP - Form S-3

such issue.
