The Administrative Committee
ATOFINA Capital Accumulation Plan:

We have audited the accompanying statements of net assets available for plan benefits of the ATOFINA Capital Accumulation Plan (the Plan) as of December 31, 2004 and 2003 and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2004 and 2003 and the changes in net assets available for plan benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, line 4i schedule of assets (held at end of year) as of December 31, 2004 is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

ATOFINA CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

December 31, 2004 and 2003

(1) Description of the Plan

(a) General

The ATOFINA Capital Accumulation Plan (the Plan) operates for the benefit of certain employees of TOTAL Petrochemicals USA, Inc., an indirectly wholly owned subsidiary of TOTAL S.A. (formerly Total Fina Elf S.A.) (the Company), a French company that is publicly traded on the New York Stock Exchange, hereafter referred to as the employing companies.

The Plan is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan is provided for general purposes only. Participants should refer to the Plan document as amended for more complete information.

The Plan is administered by an administrative committee (the Committee) appointed by and acting on behalf of the board of directors of the Company. Pursuant to the Plan's trust agreement, an independent trustee (the Trustee) maintains custody of the Plan's assets. Boston Safe Deposit and Trust Company serves as the Trustee, and Hewitt Associates LLC serves as the independent record keeper.

Effective May 6, 2003, Total Fina Elf S.A. changed its name to TOTAL S.A. In conjunction with the name change, Total Fina Elf S.A. American Depositary Shares (ADS) became TOTAL S.A. ADS.

(b) Eligibility

An employee is eligible to participate in the Plan immediately upon employment. However, no employee may become a participant if the employee is a member of a collective bargaining unit, the recognized representative of which has not agreed to participation in the Plan by members of such unit. Participants are eligible for Company matching contributions after one year of employment.

(c) Contributions

Participants may elect to contribute up to 15% on a pretax basis, up to 6% on an after-tax basis or a combination of pretax and after-tax contributions not exceeding 15% of their basic compensation. Eligible employees are automatically deemed to have made a pretax election of 6% unless the employee has affirmatively elected to make no pretax contributions or elected to make pretax contributions in a different amount. A participant may elect to change his or her election under the Plan on a daily basis. Participants who are age 50 or older before the close of the plan year may elect to make a catch-up contribution subject to certain limitations under the Internal Revenue Code of 1986, as amended (the Code) (\$2,000 and \$3,000 per participant in 2003 and 2004, respectively). Eligible participants may also elect to rollover qualified distributions as defined in the Plan document.

For each eligible participant, the employing company will contribute an amount up to 6% of the participant's basic compensation for the pay period (Matching Contribution). Participants must contribute a minimum of 3% pretax contributions before the Company will match after-tax contributions. The Company does not match

employee catch-up contributions. Matching Contributions are reduced by participants forfeitures.

ATOFINA CAPITAL ACCUMULATION PLAN

Notes to Financial Statements

December 31, 2004 and 2003

Employee contributions and matching contributions are paid to the Trustee in cash.

(d) *Vesting Provisions*

Participants are vested immediately in their contributions plus actual earnings thereon. Effective January 1, 2001, active participants are 100% vested in Matching Contributions at all times.

(e) *Investments*

Each participant's account is credited with his or her contribution, the Matching Contribution, and an allocation of plan earnings or losses and administrative expenses. Allocations are based on the proportion that each participant's account balance bears to the total of all participant account balances. The benefit to which a participant is entitled is the vested portion of the benefit that can be provided from the participant's account.

(f) *Investment Options*

Participants may direct the investment of their existing account balance and all contributions into three mutual funds, three common collective trust funds, or TOTAL S.A. ADS. The TOTAL S.A. Warrants (Warrants) expired on August 5, 2003. Effective July 1, 2003, the Plan was amended to allow for all remaining investments in Warrants still held on or after July 29, 2003, to be exchanged for TOTAL S.A. ADS.

(g) *Participant Loans*

A participant may borrow from his or her account an amount which, when added to the greater of the total outstanding balance of all other loans to such participant from the Plan or the highest outstanding balance of all such loans for the one-year period ending the day before the date of the loan, does not exceed the lesser of \$50,000 or 50% of the participant's vested account balance. Any such loan made to a participant shall be evidenced by a promissory note payable to the Plan, shall bear a reasonable rate of interest, shall be secured by the borrowing participant's vested interest under the Plan and shall be repayable within five years; provided, however, that if such loan is to be used to acquire or construct any dwelling unit which within a reasonable time is to be used as a principal residence of the participant, the Committee may direct the Trustee to make such loan repayable over such period greater than five years. No withdrawal pursuant to any of the withdrawal provisions of the Plan may be made by a participant to whom a loan is outstanding from the Plan unless the Committee is satisfied that such loan will remain nontaxable and fully secured by the withdrawing participant's vested interest under the Plan following such withdrawal. Interest rates range from 5% to 10.5% for the year ended December 31, 2004.

(h) *Distributions and Forfeitures*

Upon termination of service for any reason, a participant may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. An active participant may withdraw after-tax contributions and Matching Contributions made before 1984 and earnings thereon. At any time, a participant age 59-1/2 or older may withdraw his or her total account. Participants had requested distributions in the

amount of \$46,603 and \$425,870 at December 31, 2004 and 2003, respectively, that had not yet been paid by the Trustee.

(i) Plan Termination

Although they have not expressed any intent to do so, the employing companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(j) Expenses of Administering the Plan

All external costs and expenses incurred in administering the Plan, including the fees and expenses of the Trustee, the fees of its counsel, accounting fees, and record keeper fees, are the responsibility of the Plan.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with United States generally accepted accounting principles.

(b) Valuation of Investments

Investments are reported at fair market value. The TOTAL S.A. ADS, and mutual funds are valued based upon quoted market prices. The common collective trust funds are stated at fair value, as determined by the assets trustee, by reference to published market data, if available, of the underlying assets. Participant loans are valued at cost, which approximates fair value. Security transactions are recorded on a trade date basis. Interest is recorded as earned, and dividends are recorded on the ex-dividend date.

Net appreciation in the fair value of investments includes realized gains (losses) on the sale of investments and unrealized appreciation (depreciation) in fair value of investments.

(c) Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(d) Payment of Benefits

Payment to participants are recorded as the benefits are paid.

TOTAL S.A. ADS	98,784,861

(4) TOTAL S.A. ADS

Effective April 1, 2005, each participant is entitled to exercise voting rights attributable to the TOTAL S.A. ADS allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. If the participant does not direct the Trustee as to the voting of the TOTAL S.A. ADS, the Trustee will vote the TOTAL S.A. ADS in the same proportion as the votes received by the Trustee. Prior to April 1, 2005, the Trustee was responsible for voting the shares.

(5) Concentration of Investments

The Plan's investment in TOTAL S.A. ADS represents 43% and 40% of total investments as of December 31, 2004 and 2003, respectively. The Company is an international integrated oil and gas and specialty chemical company which engages in all areas of the petroleum industry, from exploration and production to refining and shipping.

(6) Federal Income Taxes

The Plan has obtained from the Internal Revenue Service a determination letter dated October 30, 2002 indicating that the Plan qualifies under the provision of Section 401(a) of the Code and, accordingly, is exempt from federal income taxes under Section 501(a) of the Code. The Plan has been amended since receiving the letter; however, the Company believes that the Plan is designed and continues to operate in accordance with the applicable provisions of the Code at December 31, 2004 and 2003.

(8) Risks and Uncertainties

The Plan provides for investments in TOTAL S.A. ADS, mutual funds, and common collective trust funds. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is reasonably possible that significant changes in the values of investment securities will occur in the near term.

(9) Party-in-Interest Transactions

The Plan engages in investment transactions with funds managed by The Boston Company, Inc., an affiliate of the Trustee and is therefore considered a party in interest with respect to the Plan. In addition, the Plan invests in TOTAL S.A. ADS which are shares and units of Company securities. The Company is the parent of the sponsor of the Plan; therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the prohibited transaction provisions of ERISA and the Code.
