Item 2.01 Completion of Acquisition or Disposition of Assets.

On November 4, 2005, Blair Corporation (the Company or Blair), Blair Factoring Company (BFC), a wholly-owned subsidiary of Blair and JLB Service Bank (JLB), the private label credit subsidiary of Blair, announced the completion of the sale of Blair's credit operations to World Financial Capital Bank (WFCB), a wholly owned subsidiary of Alliance Data Systems Corporation (Alliance) for approximately \$166 million. The transaction will result in an estimated gain of \$30.7 million, which includes the elimination of the allowance for doubtful accounts of \$24.3 million and is net of related costs of \$3 million. Blair and WFCB have also formed a long-term marketing and servicing alliance under a Private Label Credit Program Agreement (the Program Agreement) having a term of ten (10) years. The Program Agreement has renewal provisions that require the mutual consent of the Company and WFCB. A copy of the press release announcing the closing of the transaction is filed with this report as Exhibit 99.1 and is incorporated herein by reference.

Item 2.05 Costs Associated with Exit or Disposal Activities.

On April 26, 2005, Blair committed to the disposition of its credit portfolio, which disposition was completed on November 4, 2005 as described in more detail above under Item 2.01. In connection with the disposition of the credit portfolio, as of the date hereof the Company estimates that it will incur costs of \$600,000 in severance benefits, \$2.8 million in connection with the integration of its and WFCB's information technology systems (to support the processing of future credit sales under the Program Agreement), and \$1.65 million in other associated costs. The Company has reserved an additional \$750,000 for possible future cash expenditures to cover any adjustments that may be required under the purchase price adjustment provisions of the Purchase, Sale and Servicing Transfer Agreement with WFCB. In total, the Company estimates it will incur \$5.8 million of costs in connection with the disposition of the credit portfolio (which estimate presumes the expenditure of the entire \$750,000 reserve for purchase price adjustments). Approximately \$3 million of these costs will be expensed in 2005 and the remaining costs will be amortized over the ten-year period in which credit sales will be processed by Alliance.

Item 8.01 Other Events.

On November 8, 2005, Blair announced the declaration of a one-time special dividend on the Company's outstanding shares of common stock in the amount of \$00.15 per share, payable December 15, 2005 to stockholders of record as of November 15, 2005. A copy of the press release announcing declaration of the special dividend is filed with this report as Exhibit 99.2 and is incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.

(a) Financial statements of businesses acquired.

Not applicable.

(b) Pro forma financial information.

The following Unaudited Pro Forma Condensed Consolidated Financial Information gives effect to the sale of the Company's, and its wholly owned subsidiaries, BFC and JLB, private label credit business and the entering into a long-term marketing and servicing alliance (the Transaction) with WFCB. The Unaudited Pro Forma Condensed Consolidated Balance Sheet Information is derived from the unaudited consolidated balance sheet of the Company as of September 30, 2005 and assumes the Transaction was consummated on September 30, 2005 (as of the last day of the nine-month period ended September 30, 2005). The Unaudited Pro Forma Consolidated Statements of Operations Information gives effect to the disposition of the private label credit business for the nine-month period ended

Table of Contents

September 30, 2005 and for the fiscal year ended December 31, 2004 as if the disposition occurred on the first day of the Company's fiscal period or year.

The Unaudited Pro Forma Condensed Consolidated Financial Information is presented for illustrative purposes only, and therefore is not necessarily indicative of the operating results and financial position that might have been achieved had the transaction occurred as of an earlier date, nor is the information necessarily indicative of operating results and financial position that may occur in the future.

The Unaudited Pro Forma Condensed Consolidated Financial Information reflects the use of the net cash proceeds from the Transaction on the Company's ongoing results of operations and its future financial position. The Company anticipates that the net cash proceeds from the Transaction will be used to reduce outstanding debt and for other general corporate purposes.

Under the long-term marketing and servicing alliance, WFCB will provide a range of services, including marketing support and customer care, to the Company's customers. Under the Program Agreement, the Company will receive certain monetary benefits arising from future credit sales.

The Unaudited Pro Forma Condensed Consolidated Financial Information should be read in conjunction with the historical consolidated financial statements and notes thereto in: (1) the Annual Report on Form 10-K for the year ended December 31, 2004; and (2) the Quarterly Reports on Form 10-Q for the periods ended March 31, 2005, June 30, 2005 and September 30, 2005.

Forward-looking Statements

This report contains certain forward-looking statements within the definition of federal securities laws. Statements made in this report regarding the Company's anticipated use of proceeds from the Transaction and the anticipated sharing of income under the long-term marketing and servicing alliance are forward-looking statements. The Company cautions that forward-looking statements, as such term is defined in the Private Securities Litigation Reform Act of 1995, contained in this report are based on estimates, projections, beliefs and assumptions of management at the time of such statements and are not guarantees of future performance. The Company disclaims any obligation to update or revise any forward-looking statements based on the occurrence of future events, the receipt of new information, or otherwise. Forward-looking statements of the Company involve risks and uncertainties and are subject to change based on various important factors. Actual future performance, outcomes and results may differ materially from those expressed in forward-looking statements made by the Company and its management as a result of a number of risks, uncertainties and assumptions. Representative examples of those factors (without limitations) include general retail industry conditions and macro-economic conditions; economic and weather conditions for regions in which the Company's stores are located and the effect of these factors on the buying patterns of the Company's customers; the performance of the related credit card portfolio and the resulting effect on the income shared under the long-term marketing and servicing alliance; the impact of competitive pressures in the department store industry and other retail channels including specialty, off-price, discount, internet, and mail-order retailers; potential disruption from terrorist activity; world conflict and the possible impact on consumer spending patterns; and other economic and demographic changes of similar or dissimilar nature.
