**Cautionary Statement Regarding Forward-Looking Statements**

Certain matters within this Quarterly Report on Form 10Q include forward looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. All statements included in this Form 10Q, other than statements of historical fact, may constitute forward-looking statements. Forward-looking statements can be identified by the use of words such as may, should, will, could, estimates, predicts, potential, continue, anticipates, believes, plans, expects, future expressions. Forward-looking statements may involve known and unknown risks, uncertainties and other factors that may cause the actual results or performance to differ from those projected in the forward-looking statements. These statements are not guarantees of future performance and are subject to risks, uncertainties and other factors, some of which are beyond our control and difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements. For a description of the risk factors, please review the Risk Factors section or other sections in the Company's Annual Report on Form 10-K filed March 10, 2010 and quarterly reports on Form 10-Q, filed with the Securities and Exchange Commission. All forward-looking statements are expressly qualified in their entirety by such risk factors. We undertake no obligation, other than as required by law, to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Supplemental information (See Note 16)

The accompanying notes are an integral part of the condensed consolidated financial statements.

**Table of Contents**

**CINEMARK HOLDINGS, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

In thousands, except share and per share data

**1. The Company and Basis of Presentation**

Cinemark Holdings, Inc. and subsidiaries (the Company) is a leader in the motion picture exhibition industry, with theatres in the United States ( U.S. ), Canada, Brazil, Mexico, Chile, Colombia, Argentina, Ecuador, Peru, Honduras, El Salvador, Nicaragua, Costa Rica, Panama and Guatemala. The Company also managed additional theatres in the U.S., Brazil, and Colombia during the six months ended June 30, 2010.

The condensed consolidated financial statements have been prepared by the Company, without audit, according to the rules and regulations of the Securities and Exchange Commission. In the opinion of management, these interim financial statements reflect all adjustments of a recurring nature necessary to state fairly the financial position and results of operations as of, and for, the periods indicated. Majority-owned subsidiaries that the Company has control of are consolidated while those affiliates of which the Company owns between 20% and 50% and does not control are accounted for under the equity method. Those affiliates of which the Company owns less than 20% are generally accounted for under the cost method, unless the Company is deemed to have the ability to exercise significant influence over the affiliate, in which case the Company would account for its investment under the equity method. The results of these subsidiaries and affiliates are included in the condensed consolidated financial statements effective with their formation or from their dates of acquisition. Intercompany balances and transactions are eliminated in consolidation.

These condensed consolidated financial statements should be read in conjunction with the audited annual consolidated financial statements and the notes thereto for the year ended December 31, 2009, included in the Annual Report on Form 10-K filed March 10, 2010 by the Company under the Securities Exchange Act of 1934, as amended (the Exchange Act ). Operating results for the six months ended June 30, 2010, are not necessarily indicative of the results to be achieved for the full year.

**2. New Accounting Pronouncements**

In April 2009, the Financial Accounting Standards Board ( FASB ) issued FASB Staff Position ( FSP ) FAS 107-1 and APB 28-1 (FASB ASC Topic 825) *Interim Disclosures about Fair Value of Financial Instruments* . FSP FAS 107-1 and APB 28-1 (FASB ASC Topic 825) require that disclosures about the fair value of financial instruments be included in the notes to financial statements issued during interim periods. Fair value information must be presented in the notes to financial statements together with the carrying amounts of the financial instruments. It must be clearly stated whether the amounts are assets or liabilities and how they relate to information presented in the balance sheet. The disclosures must include methods and significant assumptions used to estimate fair values, along with any changes in those methods and assumptions from prior periods. FSP FAS 107-1 and APB 28-1 (FASB ASC Topic 825) were effective for interim and annual periods ending after June 15, 2009, with early adoption permitted. Upon adoption of FSP FAS 107-1 and APB 28-1(FASB ASC Topic 825), the Company added a disclosure regarding the fair value of its long-term debt (see Note 11). Below is a summary of the Company's financial instruments:

	<b>June 30, 2010</b>		<b>December 31, 2009</b>	
	<b>Carrying Value</b>	<b>Fair Value</b>	<b>Carrying Value</b>	<b>Fair Value</b>
Debt (see Note 11)	\$ (1,537,917)	\$ (1,516,184)	\$ (1,543,705)	\$ (1,513,838)
Interest rate swap agreements (see Note 12)	\$ (19,257)	\$ (19,257)	\$ (18,524)	\$ (18,524)

In May 2009, the FASB issued Statement of Financial Accounting Standards ( SFAS ) No. 165 (FASB ASC Topic 855), *Subsequent Events* . SFAS No. 165 (FASB ASC Topic 855) should not result in significant changes in the subsequent events that an entity reports. Rather, SFAS No. 165 (FASB ASC Topic 855) introduced the concept of financial statements that are available to be issued. Financial statements are considered available to be issued when they are complete in a form and format that complies with generally accepted accounting principles and all approvals necessary for issuance have been obtained. SFAS No. 165 (FASB ASC Topic 855) was effective for interim or annual financial periods ending after June 15, 2009. The adoption of SFAS No. 165 (FASB ASC Topic 855) did not have a

significant impact on the Company's condensed consolidated financial statements.

**Table of Contents**

CINEMARK HOLDINGS, INC. AND SUBSIDIARIES  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

In thousands, except share and per share data

In June 2009, the FASB issued SFAS No. 168 (FASB ASC Topic 105), *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles*, which authorizes the Codification as the sole source for authoritative generally accepted accounting principles in the U.S. ( U.S. GAAP ). SFAS No. 168 (FASB ASC Topic 105) was effective for financial statements issued for reporting periods that end after September 15, 2009. SFAS No. 168 (FASB ASC Topic 105) supersedes all accounting standards in U.S. GAAP, aside from those issued by the SEC. SFAS No. 168 (FASB ASC Topic 105) replaced SFAS No. 162 to establish a new hierarchy of GAAP sources for non-governmental entities under the FASB Accounting Standards Codification. The adoption of SFAS No. 168 (FASB ASC Topic 105) did not have a significant impact on the Company's condensed consolidated financial statements.

In December 2009, the FASB issued Accounting Standards Update ( ASU ) No. 2009-17, *Consolidations (Topic 810) Improvements to Financial Reporting by Enterprises Involved with Variable Interest Entities*. ASU No. 2009-17 changes how a reporting entity determines when an entity that is insufficiently capitalized or is not controlled through voting (or similar rights) should be consolidated. The determination of whether a reporting entity is required to consolidate another entity is based on, among other things, the other entity's purpose and design and the reporting entity's ability to direct the activities of the other entity that most significantly impact the other entity's economic performance. ASU No. 2009-17 requires a reporting entity to provide additional disclosures about its involvement with variable interest entities and any significant changes in risk exposure due to that involvement. A reporting entity is required to disclose how its involvement with a variable interest entity affects the reporting entity's financial statements. ASU No. 2009-17 is effective for fiscal years beginning after November 15, 2009, and interim periods within those fiscal years. The Company adopted ASU No. 2009-17 as of January 1, 2010, and its application had no impact on the Company's condensed consolidated financial statements.

In January 2010, the FASB issued FASB ASU 2010-06, *Fair Value Measurements and Disclosures: Improving Disclosures about Fair Value Measurements* ( ASU 2010-06 ), which amends FASB ASC Topic 820-10, *Fair Value Measurements and Disclosures*. The update requires additional disclosures for transfers in and out of Levels 1 and 2 and for activity in Level 3 and clarifies certain other existing disclosure requirements. The Company adopted ASU 2010-06 beginning January 1, 2010. This update did not have a significant impact on the Company's disclosures.

CINEMARK HOLDINGS, INC. AND SUBSIDIARIES  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

In thousands, except share and per share data

**3. Earnings Per Share**

The Company considers its unvested share based payment awards, which contain non-forfeitable rights to dividends, participating securities, and includes such participating securities in its computation of earnings per share pursuant to the two-class method. Basic earnings per share for the two classes of stock (common stock and unvested restricted stock) is calculated by dividing net income by the weighted average number of shares of common stock and unvested restricted stock outstanding during the reporting period. Diluted earnings per share is calculated using the weighted average number of shares of common stock and unvested restricted stock plus the potentially dilutive effect of common equivalent shares outstanding determined under both the two class method and the treasury stock method. For the three and six months ended June 30, 2009 and the six months ended June 30, 2010, basic earnings per share were the same under both the two class method and the treasury stock method. For the three months ended June 30, 2010, basic earnings per share was \$0.35 under the two class method compared to \$0.36 under the treasury stock method. For the three and six months ended June 30, 2010 and 2009, diluted earnings per share were the same under both the two class method and the treasury stock method.

The following table presents computations of basic and diluted earnings per share under the two class method:

	<b>Three Months Ended June 30,</b>		<b>Six Months Ended June 30,</b>	
	<b>2010</b>	<b>2009</b>	<b>2010</b>	<b>2009</b>
<b>Numerator:</b>				
Net income attributable to Cinemark Holdings, Inc.	\$ 39,682	\$ 18,670	\$ 74,775	\$ 36,235
Earnings allocated to participating share-based awards <sup>(1)</sup>	(425)	(129)	(600)	(185)
Net income attributable to common stockholders	\$ 39,257	\$ 18,541	\$ 74,175	\$ 36,050
<b>Denominator</b> (shares in thousands):				
Basic weighted average common stock outstanding	111,207	108,483	110,879	108,473
Common equivalent shares for stock options	200	1,744	266	1,428
Common equivalent shares for restricted stock units	145	39	154	21
Diluted	111,552	110,266	111,299	109,922
Basic earnings per share attributable to common stockholders	\$ 0.35	\$ 0.17	\$ 0.67	\$ 0.33
Diluted earnings per share attributable to common stockholders	\$ 0.35	\$ 0.17	\$ 0.67	\$ 0.33

<sup>(1)</sup> For the three months ended June 30, 2010 and 2009, a weighted

average of  
approximately  
1,206 and 754  
shares of  
unvested  
restricted stock,  
respectively, are  
considered  
participating  
securities. For  
the six months  
ended June 30,  
2010 and 2009,  
a weighted  
average of  
approximately  
898 and 559  
shares of  
unvested  
restricted stock,  
respectively, are  
considered  
participating  
securities.

#### **4. Buyout of Colombia Noncontrolling Interest**

During April 2010, the Company's partners in Colombia (the Colombian Partners) exercised an option available to them under an Exchange Option Agreement dated April 9, 2007 between the Company and the Colombian Partners (the Exchange Option Agreement). Under this option, which was contingent upon completion of an initial public offering of common stock by the Company, the Colombian Partners were entitled to exchange their shares in Cinemark Colombia S.A. for shares of the Company's common stock (the Colombia Share Exchange). The number of shares to be exchanged was determined based on the Company's equity value and the equity value of the Colombian Partners' interest in Cinemark Colombia S.A., both of which are defined in the Exchange Option Agreement. As a result of the Colombia Share Exchange, on June 14, 2010, the Company issued 1,112,723 shares of its common stock to the Colombian Partners. The increase in the Company's ownership interest in its Colombian subsidiary was accounted for as an equity transaction. The Company recorded an increase in additional-paid-in-capital of approximately \$6,951, which represented the book value of the Colombian partners' noncontrolling interest account of approximately \$5,865 plus the Colombian partners' share of accumulated other comprehensive loss of approximately \$1,086. As a result of this transaction, the Company now owns 100% of the shares in Cinemark Colombia S.A.

(1) On February 25, 2010, the Company's board of directors declared a cash dividend for the fourth quarter of 2009 in the amount of \$0.18 per share of common stock payable to stockholders of record on March 5, 2010. The dividend was paid on March 19, 2010 in the total amount of approximately \$20,046. On May 13, 2010, the Company's board of directors declared a cash dividend for the first quarter of 2010 in the amount of \$0.18 per share of common stock payable to stockholders of record on June 4, 2010. The dividend was paid on June 18, 2010 in

the total amount  
of  
approximately  
\$20,209.

- (2) On February 13, 2009, the Company's board of directors declared a cash dividend for the fourth quarter of 2008 in the amount of \$0.18 per share of common stock payable to stockholders of record on March 5, 2009. The dividend was paid on March 20, 2009 in the total amount of approximately \$19,595. On May 13, 2009, the Company's board of directors declared a cash dividend for the first quarter of 2009 in the amount of \$0.18 per share of common stock payable to stockholders of record on June 2, 2009. The dividend was paid on June 18, 2009 in the total amount of approximately \$19,674.

**6. Acquisition of U.S. Theatres**

On March 18, 2009, the Company acquired four theatres with 82 screens from Muvico Entertainment L.L.C. in an asset purchase for \$48,950 in cash. The acquisition resulted in an expansion of the Company's U.S. theatre base, as three of the theatres are located in Florida and one theatre is located in Maryland. The Company incurred approximately \$113 in transaction costs, which are reflected in general and administrative expenses on the condensed consolidated statement of income for the six months ended June 30, 2009.

The transaction was accounted for by applying the acquisition method. The following table represents the identifiable assets acquired and liabilities assumed that have been recognized by the Company in its condensed consolidated balance sheet as of the date of acquisition:

Theatre properties and equipment	\$ 25,575
Brandname	3,500
Noncompete agreement	1,630
Goodwill	44,565
Unfavorable lease	(3,600)
Capital lease liability (for one theatre)	(22,720)
<b>Total</b>	<b>\$ 48,950</b>

The brandname and noncompete agreement are presented as intangible assets and the unfavorable lease is presented as other long-term liabilities on the Company's condensed consolidated balance sheets. The weighted average remaining amortization period for these intangible assets and the unfavorable lease are 8.4 years and 8.8 years, respectively. Goodwill represents excess of the costs of acquiring these theatres over amounts assigned to assets acquired, including intangible assets, and liabilities assumed. The goodwill recorded is fully deductible for tax purposes.

**7. Investment in National CineMedia**

Below is a summary of activity with NCM included in the Company's condensed consolidated financial statements:

	<b>Investment in NCM</b>	<b>Deferred Revenue</b>	<b>Distributions from NCM</b>	<b>Equity Earnings</b>	<b>Other Revenue</b>	<b>Cash Received</b>
Balance as of December 31, 2009	\$ 34,232	\$ (203,006)				
Receipt of common units due to annual common unit adjustment	30,683	(30,683)	\$	\$	\$	\$
Change of interest gain due to 2010 extraordinary common unit adjustment	271					
Revenues earned under exhibitor services agreement					(2,434)	2,434
Receipt of excess cash distributions	(1,454) (477)		(8,211) (3,067)			9,665 3,544

Receipt under tax receivable agreement						
Equity in earnings	1,028			(1,028)		
Amortization of deferred revenue		1,477			(1,477)	
Balance as of and for the period ended June 30, 2010	\$ 64,283	\$ (232,212)	\$ (11,278)	\$ (1,028)	\$ (3,911)	\$ 15,643

During March 2010, NCM performed its annual common unit adjustment calculation under the Common Unit Adjustment Agreement. As a result of the calculation, the Company received an additional 1,757,548 common units of NCM, each of which is convertible into one share of NCM, Inc. common stock. The Company recorded the additional common units received at fair value as an investment with a corresponding adjustment to deferred revenue of \$30,683. The common unit adjustment resulted in a change in the Company's ownership percentage in NCM from approximately 15.0% to 16.3%. Subsequent to the annual common unit adjustment discussed above, in May 2010, one of NCM's other founding members completed an acquisition of another theatre circuit that required an extraordinary common unit

**Table of Contents**

**CINEMARK HOLDINGS, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

In thousands, except share and per share data

adjustment calculation by NCM in accordance with the Common Unit Adjustment Agreement. As a result of this extraordinary common unit adjustment, the founding member was granted additional common units of NCM, which resulted in dilution of the Company's ownership interest in NCM from 16.3% to 15.4%. The Company recognized a change of interest gain of approximately \$271 during the three and six months ended June 30, 2010 as a result of this extraordinary common unit adjustment, which is reflected net of other losses in loss on sale of assets and other on the condensed consolidated statement of income.

As of June 30, 2010, the Company owned a total of 16,946,503 common units of NCM. The Company continues to account for its investment in NCM under the equity method of accounting. During the six months ended June 30, 2010 and June 30, 2009, the Company recorded equity earnings of approximately \$1,028 and \$407, respectively.

Pursuant to the terms of the Exhibitor Services Agreement, the Company recorded other revenues, excluding the amortization of deferred revenue, of approximately \$2,434 and \$2,870 during the six months ended June 30, 2010 and 2009, respectively. These amounts include the per patron and per digital advertising screen theatre access fee and theatre rental revenue, net of amounts due to NCM for on-screen advertising time provided to the Company's beverage concessionaire of \$5,183 and \$4,790, respectively.

Below is summary financial information for NCM for the three and six months ended July 1, 2010:

	<b>Three Months Ended July 1, 2010</b>	<b>Six Months Ended July 1, 2010</b>
Gross revenues	\$ 98,998	\$ 183,656
Operating income	\$ 43,550	\$ 69,710
Net earnings	\$ 27,546	\$ 40,193

### **8. Investment in Digital Cinema Implementation Partners**

On February 12, 2007, the Company, AMC Entertainment Inc. and Regal Entertainment Group entered into a joint venture known as Digital Cinema Implementation Partners LLC ( "DCIP" ) to facilitate the implementation of digital cinema in the Company's theatres and to establish agreements with major motion picture studios for the financing of digital cinema.

During January 2010, the Company contributed \$500 to DCIP. On March 10, 2010, the Company signed a master equipment lease agreement and other related agreements (collectively the "agreements" ) with Kasima LLC ( "Kasima" ), which is an indirect subsidiary of DCIP and a related party to the Company. Upon signing the agreements, the Company contributed cash of \$1,201 and digital projection systems at a fair value of \$16,380 to DCIP (collectively the "contributions" ), which DCIP then contributed to Kasima. The net book value of the contributed equipment was approximately \$18,090, and as a result, the Company recorded a loss of approximately \$1,710, which is reflected in loss on sale of assets and other on the condensed consolidated statement of income for the six months ended June 30, 2010. Subsequent to the contributions, the Company continues to have a 33% voting interest in DCIP and has a 24.3% economic interest in DCIP. On April 24, 2010, the Company sold digital projection systems with a net book value of approximately \$1,520 to Kasima for approximately \$1,197, resulting in an additional loss of approximately \$323, which is reflected in loss on sale of assets and other on the condensed consolidated statement of income for the three and six months ended June 30, 2010.

The Company has a variable interest in Kasima through the terms of its master equipment lease agreement; however, the Company has determined that it is not the primary beneficiary of Kasima, as the Company does not have the ability to direct the activities of Kasima that most significantly impact Kasima's economic performance. The Company accounts for its investment in DCIP and its subsidiaries under the equity method of accounting. During the six months ended June 30, 2010 and 2009, the Company recorded equity losses of \$4,195 and \$1,478, respectively, relating to this investment. During March 2010, the Company received a cash distribution of \$1,057 from DCIP.

As a result of these agreements, the Company will continue to roll out digital projection systems to a majority of its first run U.S. theatres. The digital projection systems will be leased from Kasima under an operating lease

**Table of Contents**

**CINEMARK HOLDINGS, INC. AND SUBSIDIARIES  
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

In thousands, except share and per share data

with an initial term of twelve years that contains ten one-year fair value renewal options. The equipment lease agreement also contains a fair value purchase option. Under the equipment lease agreement, the Company pays minimum annual rent of one thousand dollars per digital projection system for the first six and a half years from the effective date of the agreement and minimum annual rent of three thousand dollars per digital projection system beginning at six and a half years from the effective date through the end of the lease term. The Company may also be subject to various types of other rent if such digital projection systems do not meet minimum performance requirements as outlined in the agreements. Certain of the other rent payments are subject to either a monthly or an annual maximum. As of June 30, 2010, the Company had 537 digital projection systems being leased under the master equipment lease agreement with Kasima. The Company recorded equipment lease expense of approximately \$252 during the six months ended June 30, 2010, which is included in utilities and other costs on the condensed consolidated statement of income.

The digital projection systems leased from Kasima will replace a majority of the Company's existing 35 millimeter projection systems in its U.S. theatres. Therefore, upon signing the agreements, the Company began accelerating the depreciation of these existing 35 millimeter projection systems, based on the estimated two year replacement timeframe. The Company recorded depreciation expense of approximately \$3,695 on its domestic 35 millimeter projectors during the six months ended June 30, 2010. The net book value of the existing 35 millimeter projection systems to be replaced was approximately \$15,990 as of June 30, 2010.

**9. Investment in Real D**

Under its license agreement with Real D, the Company earns options to purchase shares of common stock once it has installed a certain number of 3-D systems as outlined in the license agreement. During June 2010, the Company reached the first target level and vested in 407,593 options to purchase shares of common stock in Real D, which have an exercise price of \$0.00667. Upon vesting in these options, the Company recorded an investment in Real D of approximately \$6,521, which represents the estimated fair value of the options, with an offset to deferred lease incentive liability. The fair value of the options was determined using Real D's initial public offering price, which falls under Level 2 of the U.S. GAAP fair value hierarchy as defined by ASC Topic 820-10-35. The Company will account for the investment in Real D as a cost method investment. The deferred lease incentive liability, which is reflected in other long-term liabilities on the condensed consolidated balance sheet as of June 30, 2010, will be amortized over the remaining term of the license agreement, which is approximately seven and one-half years. Under the license agreement, the Company can earn up to 815,186 additional options to purchase shares of common stock of Real D as it meets additional 3-D system installation targets as outlined in the license agreement.

**10. Treasury Stock and Share Based Awards**

*Treasury Stock* Treasury stock represents shares of common stock repurchased by the Company and not yet retired. The Company has applied the cost method in recording its treasury shares. During the six months ended June 30, 2010, the Company repurchased 2,719 shares of common stock at a cost of \$0.001 per share as a result of restricted stock forfeitures. The Company also repurchased 35,298 shares of common stock at an aggregate cost of \$531 as a result of the noncash exercises of stock options by employees. In a noncash exercise of stock options, the exercise price for the shares to be held by employees and the related minimum tax withholdings are satisfied with stock withholdings. As part of these noncash exercises, employees exercised a total of 54,114 options and of this amount, 35,298 shares were repurchased by the Company to satisfy the exercise price and tax liabilities. The remaining 18,816 shares were issued to the employees. The Company repurchased the 35,298 shares at market value, which ranged from \$14.85 to \$15.17 per share, and represented the closing price of the Company's common stock on the day prior to each date of repurchase. The Company also repurchased 16,424 shares at market value on the dates of repurchase at a cost of \$299 as a result of the election by employees to have the Company withhold shares of restricted stock to satisfy their tax liabilities upon vesting in restricted stock. All of these repurchases were done in accordance with the Amended and Restated 2006 Long Term Incentive Plan (Restated Incentive Plan). As of June 30, 2010, the Company had no plans to retire any shares of treasury stock.

*Stock Options* A summary of stock option activity and related information for the six months ended June 30, 2010 is as follows:

	Number of Options	Weighted Average Exercise Price	Weighted Average Grant Date Fair Value	Aggregate Intrinsic Value
Outstanding at December 31, 2009	1,231,892	\$ 7.63	\$ 3.51	
Exercised	(772,727)	\$ 7.63	\$ 3.51	
Outstanding at June 30, 2010	459,165	\$ 7.63	\$ 3.51	\$ 2,535
Options exercisable at June 30, 2010	459,165	\$ 7.63	\$ 3.51	\$ 2,535

The total intrinsic value of options exercised during the six month period ended June 30, 2010 was \$6,554. The Company recognized a tax benefit of approximately \$1,904 related to the options exercised during the six months ended June 30, 2010.

As of June 30, 2010, there was no remaining unrecognized compensation expense related to outstanding stock options and all outstanding options fully vested on April 2, 2009. All options outstanding at June 30, 2010 have an average remaining contractual life of approximately four years.

*Restricted Stock* - During the six months ended June 30, 2010, the Company granted 679,308 shares of restricted stock to directors and employees of the Company. The fair value of the restricted stock granted was determined based on the market value of the Company's stock on the dates of grant, which ranged from \$13.15 to \$18.47 per share. The Company assumed forfeiture rates ranging from zero to 5% for the restricted stock awards. The restricted stock granted to directors vests over periods ranging from six months to one year and the restricted stock granted to employees vest over four years based on continued service.

Below is a summary of restricted stock activity for the six months ended June 30, 2010:

	Shares of Restricted Stock	Weighted Average Grant Date Fair Value
Outstanding at December 31, 2009	764,078	\$ 11.10
Granted	679,308	\$ 17.94
Forfeited	(2,719)	\$ 11.03
Vested	(189,885)	\$ 12.64
Outstanding at June 30, 2010	1,250,782	\$ 14.58
Unvested restricted stock at June 30, 2010	1,250,782	\$ 14.58

The Company recorded compensation expense of \$2,134 related to these restricted stock awards during the six months ended June 30, 2010. As of June 30, 2010, the remaining unrecognized compensation expense related to

restricted stock awards was \$15,214 and the weighted average period over which this remaining compensation expense will be recognized is approximately three years. Upon vesting, the Company receives an income tax deduction. The total fair value of shares that vested during the six months ended June 30, 2010 was \$3,260. The Company recognized a tax benefit of approximately \$1,229 related to these vested shares. The recipients of restricted stock are entitled to receive dividends and to vote their respective shares, however the sale and transfer of the restricted shares is prohibited during the restriction period.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

In thousands, except share and per share data

**Restricted Stock Units** During the six months ended June 30, 2010, the Company granted restricted stock units representing 396,432 hypothetical shares of common stock under the Restated Incentive Plan. The restricted stock units vest based on a combination of financial performance factors and continued service. The financial performance factors are based on an implied equity value concept that determines an internal rate of return ( IRR ) during the three fiscal year period ending December 31, 2012 based on a formula utilizing a multiple of Adjusted EBITDA subject to certain specified adjustments (as defined in the restricted stock unit award agreement). The financial performance factors for the restricted stock units have a threshold, target and maximum level of payment opportunity. If the IRR for the three year period is at least 8.5%, which is the threshold, one-third of the restricted stock units vest. If the IRR for the three year period is at least 10.5%, which is the target, two-thirds of the restricted stock units vest. If the IRR for the three year period is at least 12.5%, which is the maximum, 100% of the restricted stock units vest. Grantees are eligible to receive a ratable portion of the common stock issuable if the IRR is within the targets previously noted. All payouts of restricted stock units that vest will be subject to an additional service requirement and will be paid in the form of common stock if the participant continues to provide services through March 31, 2014, which is the fourth anniversary of the grant date. Restricted stock unit award participants are eligible to receive dividend equivalent payments if and at the time the restricted stock unit awards are paid out.

Below is a table summarizing the potential number of shares that could vest under restricted stock unit awards granted during the six months ended June 30, 2010 at each of the three target levels of financial performance (excluding forfeiture assumptions):

	<b>Number of Shares Vesting</b>	<b>Value at Grant</b>
at IRR of at least 8.5%	132,144	\$2,423
at IRR of at least 10.5%	264,288	\$4,847
at IRR of at least 12.5%	396,432	\$7,271

Due to the fact that the IRR for the three year performance period could not be determined at the time of grant, the Company estimated that the most likely outcome is the achievement of the mid-point IRR level. The Company assumed a forfeiture rate of 5% for the restricted stock unit awards. If during the service period, additional information becomes available to lead the Company to believe a different IRR level will be achieved for the three year performance period, the Company will reassess the number of units that will vest for the grant and adjust its compensation expense accordingly on a prospective basis over the remaining service period.

During the six months ended June 30, 2010, the Compensation Committee of the Company's board of directors approved a modification of restricted stock unit awards granted to employees during 2008. The Compensation Committee also approved the cancellation and replacement of restricted stock unit awards granted to the Company's top five executive officers during 2008. Both the modification and the cancellation and replacement were accounted for as modifications of share based awards. As a result of these modifications, the Company recorded incremental compensation expense of approximately \$391 during the six months ended June 30, 2010, which represents the difference between the grant date fair value and the modification date fair value of these awards for the portion of the service period that has been satisfied. The service period for the modified awards did not change. The Company will record additional incremental compensation expense of \$304 over the remaining service period.

No restricted stock unit awards have vested. There were no forfeitures of restricted stock unit awards during the six months ended June 30, 2010. The Company recorded compensation expense of \$1,120 related to these restricted stock unit awards during the six months ended June 30, 2010, including the aforementioned \$391 related to the modification of the 2008 restricted stock unit awards. As of June 30, 2010, the Company had restricted stock units outstanding that represented a total of 883,943 hypothetical shares of common stock, net of actual cumulative forfeitures of 20,019 units, assuming the maximum IRR of at least 12.5% is achieved for all of the grants. As of June 30, 2010, the

remaining unrecognized compensation expense related to the outstanding restricted stock unit awards was \$6,622, which assumes the mid-point IRR level will be achieved for all of the restricted stock units outstanding. The weighted average period over which this remaining compensation expense will be recognized is approximately three years.

**11. Long-Term Debt Activity**

*Senior Notes*

On June 29, 2009, Cinemark USA, Inc. issued \$470,000 aggregate principal amount of 8.625% senior notes due 2019 with an original issue discount of \$11,468, resulting in proceeds of approximately \$458,532. The proceeds were primarily used to fund the repurchase of \$402,459 aggregate principal amount at maturity of Cinemark, Inc.'s 9 3/4% senior discount notes discussed below. Interest is payable on June 15 and December 15 of each year beginning December 15, 2009. The senior notes mature on June 15, 2019. As of June 30, 2010, the carrying value of the senior notes was \$459,278.

*Cash Tender Offer for Cinemark, Inc.'s 9 3/4% Senior Discount Notes due 2014*

On June 15, 2009, Cinemark, Inc. commenced a cash tender offer for any and all of its 9 3/4% senior discount notes due 2014, of which \$419,403 aggregate principal amount at maturity remained outstanding. In connection with the tender offer, Cinemark, Inc. solicited consents to adopt proposed amendments to the indenture to eliminate substantially all restrictive covenants and certain events of default provisions. On June 29, 2009, approximately \$402,459 aggregate principal amount at maturity of the 9 3/4% senior discount notes were tendered and repurchased by the Company for approximately \$433,415, including accrued interest of \$11,336 and tender premiums paid of \$19,620. The Company funded the repurchase with the proceeds from the issuance of the Cinemark USA, Inc. senior notes discussed above. The Company recorded a loss on early retirement of debt of approximately \$26,795 during the six months ended June 30, 2009, which included tender premiums paid, other fees and the write-off of unamortized debt issue costs.

*Amendment and Extension of Senior Secured Credit Facility*

On March 2, 2010, the Company completed an amendment and extension to its existing senior secured credit facility to primarily extend the maturities of the facility and make certain other modifications. Approximately \$924,375 of the Company's then remaining outstanding \$1,083,600 term loan debt was extended from an original maturity date of October 2013 to a maturity date of April 2016. The remaining term loan debt of \$159,225 that was not extended matures on the original maturity date of October 2013. Payments on the extended amount are due in equal quarterly installments of \$2,311 through March 31, 2016 with the remaining principal amount of \$866,602 due April 30, 2016. Payments on the original amount that was not extended are due in equal quarterly installments of approximately \$398 beginning March 31, 2010 through September 30, 2012 and increase to approximately \$37,418 each calendar quarter from December 31, 2012 to June 30, 2013 with one final payment of approximately \$42,593 at maturity on October 5, 2013. The amendment also imposed a 1.0% prepayment premium for one year on certain prepayments of the extended portion of the term loan debt. As of June 30, 2010, there was \$1,078,182 outstanding under the term loan.

The interest rate on the original term loan debt that was not extended accrues interest, at Cinemark USA, Inc.'s option, at: (A) the base rate equal to the higher of (1) the prime lending rate as set forth on the British Banking Association Telerate page 5, or (2) the federal funds effective rate from time to time plus 0.50% (the "base rate"), plus a margin that ranges from 0.50% to 0.75% per annum, or (B) a "eurodollar rate" plus a margin that ranges from 1.50% to 1.75%, per annum. The margin of the original term loan debt is a function of the applicable corporate credit rating. The interest rate on the extended portion of the term loan debt accrues interest, at Cinemark USA, Inc.'s option at: (A) the base rate equal to the higher of (1) the prime lending rate as set forth on the British Banking Association Telerate page 5, or (2) the federal funds effective rate from time to time plus 0.50%, plus a 2.25% margin per annum, or (B) a "eurodollar rate" plus a 3.25% margin per annum.

In addition, the maturity date of \$73,500 of Cinemark USA, Inc.'s \$150,000 revolving credit line has been extended from October 2012 to March 2015. The maturity date of the remaining \$76,500 of Cinemark USA, Inc.'s revolving credit line did not change and remains October 2012. As of June 30, 2010, the Company had no borrowings outstanding under the revolving credit line. The interest rate on the original revolving credit line accrues interest, at Cinemark USA, Inc.'s option, at: (A) a base rate equal to the higher of (1) the prime lending rate as set forth on the

British Banking Association Telerate page 5 and (2) the federal funds effective rate from time to time

**Table of Contents**

**CINEMARK HOLDINGS, INC. AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

In thousands, except share and per share data

plus 0.50%, plus a margin that ranges from 0.50% to 1.00% per annum, or (B) a eurodollar rate plus a margin that ranges from 1.50% to 2.00% per annum. The interest rate on the extended revolving credit line accrues interest, at Cinemark USA, Inc.'s option at: (A) the base rate equal to the higher of (1) the prime lending rate as set forth on the British Banking Association Telerate page 5, or (2) the federal funds effective rate from time to time plus 0.50%, plus a margin that ranges from 1.75% to 2.0% per annum, or (B) a eurodollar rate plus a margin that ranges from 2.75% to 3.0% per annum. The margin of the revolving credit line is a function of the consolidated net senior secured leverage ratio as defined in the credit agreement.

The Company incurred debt issue costs of approximately \$8,700 during the six months ended June 30, 2010 related to the amendment and extension of its senior secured credit facility. These costs will be amortized using the straight-line method over the remaining term of the facility.

*Fair Value of Long-Term Debt*

The Company estimates the fair value of its long-term debt primarily using quoted market prices, which fall under Level 2 of the U.S. GAAP fair value hierarchy as defined by FASB ASC Topic 820-10-35. The carrying value of the Company's long-term debt was \$1,537,917 and \$1,543,705 as of June 30, 2010 and December 31, 2009, respectively. The fair value of the Company's long-term debt was \$1,516,184 and \$1,513,838 as of June 30, 2010 and December 31, 2009, respectively.

**12. Interest Rate Swap Agreements**

The Company has two interest rate swap agreements, both of which qualify for cash flow hedge accounting. The fair values of the interest rate swaps are recorded on the Company's condensed consolidated balance sheet as an asset or liability with the effective portion of the interest rate swaps' gains or losses reported as a component of accumulated other comprehensive loss and the ineffective portion reported in earnings. The evaluation technique used to determine fair value is the income approach and under this approach, the Company uses projected future interest rates as provided by counterparties to the interest rate swap agreements and the fixed rates that the Company is obligated to pay under these agreements. The Company's measurements use significant unobservable inputs, which fall in Level 3 of the U.S. GAAP fair value hierarchy as defined by FASB ASC Topic 820-10-35. There were no changes in valuation techniques during the period, no transfers in or out of Level 3 and no gains or losses included in earnings that were attributable to the change in unrealized gains or losses related to the interest rate swap agreements.

As of June 30, 2010, the aggregate fair values of the two interest rate swap agreements was a liability of approximately \$19,257 which has been recorded as a component of other long-term liabilities. A corresponding cumulative amount of \$11,824, which is net of deferred taxes of \$7,433, has been recorded as an increase in accumulated other comprehensive loss on the Company's condensed consolidated balance sheet as of June 30, 2010. The interest rate swaps exhibited no ineffectiveness during the six months ended June 30, 2010.

Below is a reconciliation of our interest rate swap values from January 1 to June 30:

	<b>2010</b>	<b>2009</b>
Beginning liability balance January 1	\$ 18,524	\$ 24,781
Total (gain) loss included in accumulated other comprehensive loss	733	(5,786)
Ending liability balance June 30	\$ 19,257	\$ 18,995

The Company amortized approximately \$2,317 to interest expense during each of the six months ended June 30, 2009 and 2010, related to a previously terminated interest rate swap agreement. The Company will amortize approximately \$4,634 to interest expense for this terminated interest rate swap agreement over the next twelve months.

**13. Goodwill and Other Intangible Assets**

The Company's goodwill was as follows:

	<b>U.S. Operating Segment</b>	<b>International Operating Segment</b>	<b>Total</b>
Balance at December 31, 2009 <sup>(1)</sup>	\$ 948,026	\$ 168,276	\$ 1,116,302
Foreign currency translation adjustments		(1,959)	(1,959)
Balance at June 30, 2010 <sup>(1)</sup>	\$ 948,026	\$ 166,317	\$ 1,114,343

<sup>(1)</sup> Balances are presented net of accumulated impairment losses of \$214,031 for the U.S. operating segment and \$27,622 for the international operating segment.

The Company evaluates goodwill for impairment on an annual basis during the fourth quarter or whenever events or changes in circumstances indicate the carrying value of goodwill might exceed its estimated fair value.

The Company evaluates goodwill for impairment at the reporting unit level and has allocated goodwill to the reporting unit based on an estimate of its relative fair value. The Company considers the reporting unit to be each of its sixteen regions in the U.S. and each of its eight countries internationally (Honduras, El Salvador, Nicaragua, Costa Rica, Panama and Guatemala are considered one reporting unit). Goodwill impairment is evaluated using a two-step approach requiring the Company to compute the fair value of a reporting unit and compare it with its carrying value. If the carrying value of the reporting unit exceeds the estimated fair value, a second step is performed to measure the potential goodwill impairment. Significant judgment is involved in estimating cash flows and fair value. Management's estimates, which fall under Level 3 of the U.S. GAAP fair value hierarchy as defined by FASB ASC Topic 820-10-35, are based on historical and projected operating performance, recent market transactions and current industry trading multiples. Fair value is determined based on a multiple of cash flows, which was six and a half times for the evaluation performed during the fourth quarter of 2009. No events or changes in circumstances occurred during the six months ended June 30, 2010, that indicated that the carrying value of goodwill might exceed its estimated fair value.

Total intangible assets net	\$ 342,998	\$ (2,759)	\$ (1,029)	\$ 339,210

Estimated aggregate future amortization expense for intangible assets is as follows:

For the six months ended December 31, 2010	\$ 2,643
For the twelve months ended December 31, 2011	5,158
For the twelve months ended December 31, 2012	5,002
For the twelve months ended December 31, 2013	4,256
For the twelve months ended December 31, 2014	3,710
Thereafter	7,881
Total	\$ 28,650

**14. Impairment of Long-Lived Assets**

The Company reviews long-lived assets for impairment indicators on a quarterly basis or whenever events or changes in circumstances indicate the carrying amount of the assets may not be fully recoverable.

The Company considers actual theatre level cash flows, future years budgeted theatre level cash flows, theatre property and equipment carrying values, amortizing intangible assets carrying values, the age of a recently built

theatre, competitive theatres in the marketplace, changes in foreign currency exchange rates, the impact of recent ticket price changes, available lease renewal options and other factors considered relevant in its assessment of impairment of individual theatre assets. Long-lived assets are evaluated for impairment on an individual theatre basis, which the Company believes is the lowest applicable level for which there are identifiable cash flows. The impairment evaluation is based on the estimated undiscounted cash flows from continuing use through the remainder of the theatre's useful life. The remainder of the useful life correlates with the available remaining lease period, which includes the probability of renewal periods for leased properties and a period of twenty years for fee owned properties. If the estimated undiscounted cash flows are not sufficient to recover a long-lived asset's carrying value, the Company then compares the carrying value of the asset group (theatre) with its estimated fair value. When estimated fair value is determined to be lower than the carrying value of the asset group (theatre), the asset group (theatre) is written down to its estimated fair value. The estimated aggregate fair value of the long-lived assets impaired during the six months ended June 30, 2010 was approximately \$5,504.

Significant judgment is involved in estimating cash flows and fair value. Management's estimates, which fall under Level 3 of the U.S. GAAP fair value hierarchy as defined by FASB ASC Topic 820-10-35, are based on historical and projected operating performance, recent market transactions and current industry trading multiples. Fair value is determined based on a multiple of cash flows, which was six and a half times for the evaluations performed during the six months ended June 30, 2009 and 2010.

**15. Foreign Currency Translation**

The accumulated other comprehensive loss account in stockholders' equity of \$7,459 and \$10,370 at December 31, 2009 and June 30, 2010, respectively, includes the cumulative foreign currency adjustments of \$16,070 and \$11,299, respectively, from translating the financial statements of the Company's international subsidiaries, and also includes the change in fair values of the Company's interest rate swap agreements.

In 2009 and 2010, all foreign countries where the Company has operations were deemed non-highly inflationary and the local currency is the same as the functional currency in all of the locations. Thus, any fluctuation in the currency results in a cumulative foreign currency translation adjustment recorded to accumulated other comprehensive loss.

On June 30, 2010, the exchange rate for the Brazilian real was 1.80 reais to the U.S. dollar (the exchange rate was 1.75 reais to the U.S. dollar at December 31, 2009). As a result, the effect of translating the June 30, 2010 Brazilian financial statements into U.S. dollars is reflected as a cumulative foreign currency translation adjustment to the accumulated other comprehensive loss account as a decrease in stockholders' equity of \$5,724. At June 30, 2010, the total assets of the Company's Brazilian subsidiaries were U.S. \$274,317.

On June 30, 2010, the exchange rate for the Mexican peso was 12.84 pesos to the U.S. dollar (the exchange rate was 13.04 pesos to the U.S. dollar at December 31, 2009). As a result, the effect of translating the June 30, 2010 Mexican financial statements into U.S. dollars is reflected as a cumulative foreign currency translation adjustment to the accumulated other comprehensive loss account as an increase in stockholders' equity of \$1,513. At June 30, 2010, the total assets of the Company's Mexican subsidiaries were U.S. \$127,081.

On June 30, 2010, the exchange rate for the Chilean peso was 550.66 pesos to the U.S. dollar (the exchange rate was 519.30 pesos to the U.S. dollar at December 31, 2009). As a result, the effect of translating the June 30, 2010 Chilean financial statements into U.S. dollars is reflected as a cumulative foreign currency translation adjustment to the accumulated other comprehensive loss account as a decrease in stockholders' equity of \$1,232. At June 30, 2010, the total assets of the Company's Chilean subsidiaries were U.S. \$31,559.

The effect of translating the June 30, 2010 financial statements of the Company's other international subsidiaries, with local currencies other than the U.S. dollar, is reflected as a cumulative foreign currency translation adjustment to the accumulated other comprehensive loss account as an increase in stockholders' equity of \$1,758.

During June 2010, the Company's ownership in its Colombian subsidiary increased from 50.1% to 100%, as a result of the Colombia Share Exchange. As part of this transaction, the Company recorded the amount of accumulated other comprehensive loss previously allocated to the noncontrolling interest of \$1,086 to accumulated other comprehensive loss with an offsetting credit to additional paid-in-capital. See Note 4.

**16. Supplemental Cash Flow Information**

The following is provided as supplemental information to the condensed consolidated statements of cash flows:

	<b>Six Months Ended June 30,</b>	
	<b>2010</b>	<b>2009</b>
Cash paid for interest <sup>(1)</sup>	\$ 47,788	\$ 191,507
Cash paid for income taxes, net of refunds received	\$ 56,429	\$ 33,893
Noncash investing and financing activities:		
Change in accounts payable and accrued expenses for the acquisition of theatre properties and equipment <sup>(2)</sup>	\$ 97	\$ (7,118)
Theatre properties acquired under capital lease <sup>(3)</sup>	\$ 2,191	\$ 20,400
Change in fair market values of interest rate swap agreements, net of taxes	\$ (456)	\$ 3,605
Investment in NCM receipt of common units (see Note 7)	\$ 30,683	\$ 15,536
Investment in NCM change of interest gain (see Note 7)	\$ 271	\$
Equipment contributed to DCIP (see Note 8)	\$ 18,090	\$
Dividends accrued on unvested restricted stock unit awards	\$ (162)	\$ (85)
Shares issued upon non-cash stock option exercises, at exercise price of \$7.63 per share	\$ 413	\$
Investment in Real D (see Note 9)	\$ 6,521	\$
Issuance of shares as a result of Colombia Share Exchange (see Note 4)	\$ 6,951	\$

(1) Amount for six months ended June 30, 2009 includes \$151,952 of interest paid as a result of the repurchase of approximately \$402,459 aggregate principal amount of the Company's 9 3/4% senior discount notes. The interest portion of the repurchase had accreted on the senior discount notes since issuance during

2004.

- (2) Additions to theatre properties and equipment included in accounts payable as of December 31, 2009 and June 30, 2010 were \$7,823 and \$7,919, respectively.
- (3) Amount recorded during the six months ended June 30, 2009 was a result of the acquisition of theatres in the U.S. as discussed in Note 6.

## 17. Segments

The Company manages its international market and its U.S. market as separate reportable operating segments. The international segment consists of operations in Brazil, Mexico, Chile, Colombia, Argentina, Ecuador, Peru, Honduras, El Salvador, Nicaragua, Costa Rica, Panama and Guatemala. The U.S. segment includes U.S. and Canada operations. Each segment's revenue is derived from admissions and concession sales and other ancillary revenues, primarily screen advertising. The measure of segment profit and loss the Company uses to evaluate performance and allocate its resources is Adjusted EBITDA, as defined in the reconciliation table below. The Company does not report asset information by segment because that information is not used to evaluate the performance of or allocate resources between segments.

<b>Total</b>	<b>\$ 1,184,254</b>	<b>\$ 1,219,588</b>

**18. Related Party Transactions**

The Company leased one theatre from Plitt Plaza Joint Venture ( Plitt Plaza ) on a month-to-month basis. Plitt Plaza is indirectly owned by Lee Roy Mitchell, the Company's Chairman of the Board, who owns approximately 12% of the Company's issued and outstanding shares of common stock. Annual rent is approximately \$118 plus certain taxes, maintenance expenses and insurance. The Company recorded \$59 and \$30 of facility lease and other operating expenses payable to Plitt Plaza joint venture during the six months ended June 30, 2009 and 2010, respectively. The Company closed this theatre during March 2010. During the six months ended June 30, 2010, the Company recorded approximately \$107 related to the termination of the lease, which is reflected in loss on sale of assets and other on the condensed consolidated statements of income.

The Company manages one theatre for Laredo Theatre, Ltd. ( Laredo ). The Company is the sole general partner and owns 75% of the limited partnership interests of Laredo. Lone Star Theatres, Inc. owns the remaining 25% of the limited partnership interests in Laredo and is 100% owned by Mr. David Roberts, Lee Roy Mitchell's son-in-law. Under the agreement, management fees are paid by Laredo to the Company at a rate of 5% of annual theatre revenues up to \$50,000 and 3% of annual theatre revenues in excess of \$50,000. The Company recorded \$49 and \$50 of management fee revenues during the six months ended June 30, 2009 and 2010, respectively. All such amounts are included in the Company's condensed consolidated financial statements with the intercompany amounts eliminated in consolidation.

The Company leases 21 theatres and one parking facility from Syufy Enterprises, LP ( Syufy ) or affiliates of Syufy, which owns approximately 2% of the Company's issued and outstanding shares of common stock. Raymond Syufy is

one of the Company's directors and is an officer of the general partner of Syufy. Of these 22 leases, 18 have fixed minimum annual rent in an aggregate amount of approximately \$21,029. The four leases without minimum annual rent have rent based upon a specified percentage of gross sales as defined in the lease with no minimum annual rent. For the six months ended June 30, 2009 and 2010, the Company paid approximately \$850 and \$687, respectively, in percentage rent for these four leases.

**19. Income Taxes**

During the six months ended June 30, 2010, the Company had a reduction in its liabilities for uncertain tax positions of approximately \$14,115 due to settlements and closures of various tax years. These settlements and closures also resulted in a reduction in income tax expense of approximately \$8,882 for the six months ended June 30, 2010.

**Table of Contents**

CINEMARK HOLDINGS, INC. AND SUBSIDIARIES

**20. Commitments and Contingencies**

From time to time, the Company is involved in various legal proceedings arising from the ordinary course of its business operations, such as personal injury claims, employment matters, landlord-tenant disputes and contractual disputes, some of which are covered by insurance. The Company believes its potential liability with respect to proceedings currently pending is not material, individually or in the aggregate, to the Company's financial position, results of operations and cash flows.

**21. Subsequent Event    Dividend Declaration**

On July 29, 2010, the Company's board of directors declared a cash dividend in the amount of \$0.18 per common share payable to stockholders of record on August 17, 2010. The dividend will be paid on September 1, 2010.

---

## Table of Contents

### **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

The following discussion and analysis should be read in conjunction with our condensed consolidated financial statements and related notes and schedules included elsewhere in this report.

We are a leader in the motion picture exhibition industry, with theatres in the U.S., Canada, Brazil, Mexico, Chile, Colombia, Argentina, Ecuador, Peru, Honduras, El Salvador, Nicaragua, Costa Rica, Panama and Guatemala. As of June 30, 2010, we managed our business under two reportable operating segments—U.S. markets and international markets, in accordance with FASB ASC Topic 280, *Segment Reporting*. See Note 17 to our condensed consolidated financial statements.

We generate revenues primarily from box office receipts and concession sales with additional revenues from screen advertising sales and other revenue streams, such as vendor marketing programs, pay phones, ATM machines and electronic video games located in some of our theatres. Our contracts with NCM have assisted us in expanding our offerings to advertisers and broadening ancillary revenue sources such as digital video monitor advertising, third party branding, and the use of theatres for alternative content events, such as concerts, sporting events, and other cultural events. Films driving the box office during the six months ended June 30, 2010 included the carryover of *Avatar*, which grossed over \$450 million in U.S. box office revenues during the period and new releases such as *Alice in Wonderland*, *How to Train Your Dragon*, *Clash of the Titans*, *Iron Man 2*, *Shrek Forever After*, *The Karate Kid*, *Toy Story 3* and *The Twilight Saga: Eclipse*, which was released on June 30, 2010. Our revenues are affected by changes in attendance and average admissions and concession revenues per patron. Attendance is primarily affected by the quality and quantity of films released by motion picture studios. Films scheduled for release during the remainder of 2010 include *The Last Airbender*, *Inception*, *Despicable Me*, *The Other Guys*, *Eat Pray Love*, *Little Fockers*, *Tron: Legacy*, *Tangled*, *Megamind*, *Yogi Bear*, *Chronicles of Narnia: The Voyage of the Dawn Treader* and another installment of the *Harry Potter* franchise, among other films.

Film rental costs are variable in nature and fluctuate with our admissions revenues. Film rental costs as a percentage of revenues are generally higher for periods in which more blockbuster films are released. Film rental costs can also vary based on the length of a film's run. Film rental rates are generally negotiated on a film-by-film and theatre-by-theatre basis. Advertising costs, which are expensed as incurred, are primarily fixed at the theatre level as daily movie directories placed in newspapers represent the largest component of advertising costs. The monthly cost of these advertisements is based on, among other things, the size of the directory and the frequency and size of the newspaper's circulation.

Concession supplies expense is variable in nature and fluctuates with our concession revenues. We purchase concession supplies to replace units sold. We negotiate prices for concession supplies directly with concession vendors and manufacturers to obtain volume rates.

Although salaries and wages include a fixed cost component (i.e. the minimum staffing costs to operate a theatre facility during non-peak periods), salaries and wages move in relation to revenues as theatre staffing is adjusted to respond to changes in attendance.

Facility lease expense is primarily a fixed cost at the theatre level as most of our facility leases require a fixed monthly minimum rent payment. Certain of our leases are subject to percentage rent only while others are subject to percentage rent in addition to their fixed monthly rent if a target annual revenue level is achieved. Facility lease expense as a percentage of revenues is also affected by the number of theatres under operating leases, the number of theatres under capital leases and the number of fee-owned theatres.

Utilities and other costs include certain costs that have both fixed and variable components such as utilities, property taxes, janitorial costs, repairs and maintenance and security services.

#### **Recent Developments**

On July 29, 2010, our board of directors declared a cash dividend in the amount of \$0.18 per common share payable to stockholders of record on August 17, 2010. The dividend will be paid on September 1, 2010.

**Table of Contents****Results of Operations**

The following table sets forth, for the periods indicated, the percentage of revenues represented by certain items reflected in our condensed consolidated statements of income:

(1) Amounts in millions.

(2) U.S. operating segment revenues include eliminations of intercompany transactions with the international operating segment. See Note 17 of our condensed consolidated financial statements.

**Consolidated.** The increase in admissions revenues of \$14.0 million was primarily attributable to a 5.8% increase in average ticket price from \$5.55 for the second quarter of 2009 to \$5.87 for the second quarter of 2010, partially offset by a 1.5% decrease in attendance. The increase in concession revenues of \$6.3 million was primarily attributable to a 5.4% increase in concession revenues per patron from \$2.60 for the second quarter of 2009 to \$2.74 for the second quarter of 2010, partially offset by the 1.5% decrease in attendance. The increase in average

ticket price was primarily due to incremental 3-D and premium pricing and other price increases and the favorable impact of exchange rates in certain countries in which we operate. The increase in concession revenues per patron was primarily due to price increases and the favorable impact of exchange rates in certain countries in which we operate. The 8.2% increase in other revenues was primarily due to increases in ancillary revenue and the favorable impact of exchange rates in certain countries in which we operate.

U.S. The decrease in admissions revenues of \$7.0 million was primarily attributable to a 5.2% decrease in attendance, partially offset by a 2.9% increase in average ticket price from \$6.29 for the second quarter of 2009 to \$6.47 for the second quarter of 2010. The decrease in concession revenues of \$1.6 million was primarily attributable to the 5.2% decrease in attendance, partially offset by a 4.3% increase in concession revenues per patron from \$2.99 for the second quarter of 2009 to \$3.12 for the second quarter of 2010. The increase in average ticket price was primarily due to incremental 3-D and premium pricing and other price increases and the increase in concession revenues per patron was primarily due to price increases.

International. The increase in admissions revenues of \$21.0 million was primarily attributable to an 8.1% increase in attendance and a 23.2% increase in average ticket price from \$3.66 for the second quarter of 2009 to \$4.51 for the second quarter of 2010. The increase in concession revenues of \$7.9 million was primarily attributable to the 8.1% increase in attendance and an 18.6% increase in concession revenues per patron from \$1.61 for the second quarter of 2009 to \$1.91 for the second quarter of 2010. The increase in average ticket price was primarily due to incremental 3-D and premium pricing and other price increases and the favorable impact of exchange rates in certain countries in which we operate. The increase in concession revenues per patron was primarily due to price increases and the favorable impact of exchange rates in certain countries in which we operate. The 20.2% increase in other revenues was primarily due to increases in ancillary revenue and the favorable impact of exchange rates in certain countries in which we operate.

**Table of Contents**

*Cost of Operations.* The table below summarizes certain of our theatre operating costs by reportable operating segment (in millions).

	U.S. Operating Segment		International Operating Segment		Consolidated	
	Three Months Ended		Three Months Ended		Three Months Ended	
	June 30,		June 30,		June 30,	
	2010	2009	2010	2009	2010	2009
Film rentals and advertising	\$150.7	\$158.8	\$42.8	\$32.1	\$193.5	\$190.9
Concession supplies	15.6	17.2	8.9	6.8	24.5	24.0
Salaries and wages	44.7	43.8	11.6	8.2	56.3	52.0
Facility lease expense	45.1	45.1	16.9	14.1	62.0	59.2
Utilities and other	40.5	40.7	17.2	13.4	57.7	54.1

Consolidated. Film rentals and advertising costs were \$193.5 million, or 54.8% of admissions revenues, for the second quarter of 2010 compared to \$190.9 million, or 56.3% of admissions revenues, for the second quarter of 2009. The decrease in the film rentals and advertising rate was primarily due to favorable film rental rates on certain films in the U.S. segment in the second quarter of 2010. Concession supplies expense was \$24.5 million, or 14.8% of concession revenues, for the second quarter of 2010 compared to \$24.0 million, or 15.1% of concession revenues, for the second quarter of 2009. The decrease in the concession supplies rate was primarily due to favorable inventory procurement costs and the successful implementation of price increases in the U.S. segment.

Salaries and wages increased to \$56.3 million for the second quarter of 2010 from \$52.0 million for the second quarter of 2009 primarily due to increased minimum wages in both our U.S. and international segments, increased staffing levels to support the 8.1% increase in attendance in our international segment and the impact of exchange rates in certain countries in which we operate. Facility lease expense increased to \$62.0 million for the second quarter of 2010 from \$59.2 million for the second quarter of 2009 primarily due to increased percentage rent in our international segment and the impact of exchange rates in certain countries in which we operate. Utilities and other costs increased to \$57.7 million for the second quarter of 2010 from \$54.1 million for the second quarter of 2009 primarily due to increased 3-D equipment rental fees and the impact of exchange rates in certain countries in which we operate.

U.S. Film rentals and advertising costs were \$150.7 million, or 56.0% of admissions revenues, for the second quarter of 2010 compared to \$158.8 million, or 57.5% of admissions revenues, for the second quarter of 2009. The decrease in film rentals and advertising costs of \$8.1 million is due to a \$7.0 million decrease in admissions revenues, which contributed \$4.1 million and a decrease in our film rentals and advertising rate, which contributed \$4.0 million. The decrease in the film rentals and advertising rate was primarily due to favorable film rental rates on certain films in the second quarter of 2010. Concession supplies expense was \$15.6 million, or 12.0% of concession revenues, for the second quarter of 2010 compared to \$17.2 million, or 13.1% of concession revenues, for the second quarter of 2009. The decrease in concession supplies expense is primarily due to a decrease in the concession supplies rate due to favorable inventory procurement costs and the successful implementation of price increases.

Salaries and wages increased to \$44.7 million for the second quarter of 2010 from \$43.8 million for the second quarter of 2009 primarily due to increased minimum wages, partially offset by reduced staffing levels due to the 5.2% decrease in attendance. Facility lease expense remained constant at \$45.1 million for the second quarter of 2009 and 2010. Utilities and other costs decreased to \$40.5 million for the second quarter of 2010 from \$40.7 million for the second quarter of 2009 primarily due to decreased repairs and maintenance expense and

decreased theatre supplies expense, partially offset by increased 3-D equipment rental fees.

International. Film rentals and advertising costs were \$42.8 million for the second quarter of 2010 compared to \$32.1 million for the second quarter of 2009, or 51.0% of admissions revenues for each period. The increase in film rentals and advertising costs of \$10.7 million was primarily due to a \$21.0 million increase in admissions revenues. Concession supplies expense was \$8.9 million, or 25.0% of concession revenues, for the second quarter of 2010 compared to \$6.8 million, or 24.5% of concession revenues, for the second quarter of 2009. The increase in concession supplies expense of \$2.1 million was primarily due to a \$7.9 million increase in concession revenues.

Salaries and wages increased to \$11.6 million for the second quarter of 2010 from \$8.2 million for the second quarter of 2009 primarily due to increased staffing levels to support the 8.1% increase in attendance, increased minimum wages and the impact of exchange rates in certain countries in which we operate. Facility lease expense increased to \$16.9 million for the

**Table of Contents**

second quarter of 2010 from \$14.1 million for the second quarter of 2009 primarily due to increased percentage rent and the impact of exchange rates in certain countries in which we operate. Utilities and other costs increased to \$17.2 million for the second quarter of 2010 from \$13.4 million for the second quarter of 2009 primarily due to increased 3-D equipment rental fees and the impact of exchange rates in certain countries in which we operate.

*General and Administrative Expenses.* General and administrative expenses increased to \$25.0 million for the second quarter of 2010 from \$23.7 million for the second quarter of 2009. The increase was primarily due to increased salaries and incentive compensation expense, increased professional fees and increased service charges related to increased credit card activity and the impact of exchange rates in certain countries in which we operate.

*Depreciation and Amortization.* Depreciation and amortization expense, including amortization of favorable /unfavorable leases, was \$34.9 million for the second quarter of 2010 compared to \$37.9 million for the second quarter of 2009. The decrease was primarily related to a reduction in the depreciable basis of certain of our U.S. assets due to a significant amount of the equipment acquired in the Century Acquisition becoming fully depreciated during the fourth quarter of 2009, partially offset by the impact of accelerated depreciation taken on our domestic 35 millimeter projection systems that will be replaced with digital projection systems. We recorded approximately \$2.4 million of depreciation expense related to these 35 millimeter projection systems during the second quarter of 2010.

*Impairment of Long-Lived Asset.* We recorded asset impairment charges on assets held and used of \$4.6 million for the second quarter of 2010 compared to \$3.9 million for the second quarter of 2009. Impairment charges for the second quarter of 2010 consisted of \$3.5 million of theatre properties, impacting ten of our twenty-four reporting units, and \$1.1 million of intangible assets associated with Mexico theatre properties. Impairment charges for the second quarter of 2009 consisted of \$3.9 million of theatre properties, impacting nine of our twenty-four reporting units. The long-lived asset impairment charges recorded during each of the periods presented were specific to theatres that were directly and individually impacted by increased competition, or adverse changes in market demographics. See Notes 13 and 14 to our condensed consolidated financial statements.

*Loss on Sale of Assets and Other.* We recorded a loss on sale of assets and other of \$1.2 million during the second quarter of 2010 and the second quarter of 2009.

*Interest Expense.* Interest costs incurred, including amortization of debt issue costs, were \$28.6 million for the second quarter of 2010 compared to \$25.6 million for the second quarter of 2009. The increase was primarily due to increases in interest rates on our variable rate debt related to the amendment and extension of our senior secured credit facility.

*Interest Income.* We recorded interest income of \$1.4 million during the second quarter of 2010 compared to \$0.9 million during the second quarter of 2009. The increase was primarily due to an increase in our cash investments.

*Loss on Early Retirement of Debt.* During the second quarter of 2009, we recorded a loss on early retirement of debt of \$26.8 million as a result of the tender premiums paid and other fees related to the repurchase of approximately \$402.5 million aggregate principal amount at maturity of Cinemark, Inc.'s 9/4% senior discount notes and the write-off of unamortized debt issue costs associated with these notes.

*Distributions from NCM.* We recorded distributions from NCM of \$1.3 million during the second quarter of 2010 and \$5.0 million during the second quarter of 2009, which were in excess of the carrying value of our investment. See Note 7 to our condensed consolidated financial statements.

*Income Taxes.* Income tax expense of \$10.2 million was recorded for the second quarter of 2010 compared to \$4.3 million for the second quarter of 2009. The effective tax rate was 20.0% for the second quarter of 2010 compared to 17.9% for the second quarter of 2009. Income tax expense for the second quarter of 2010 includes the impact of the reduction of our liabilities for uncertain tax positions due to settlements and closures of various tax years, which resulted in a benefit of approximately \$8.0 million. Income tax expense for the second quarter of 2009 includes the impact of two discrete items, including an adjustment to our deferred tax liability and an increase to our foreign unrecognized tax benefits in accordance with FIN 48. The net impact of these two items on income tax expense for the second quarter of 2009 was a benefit of approximately \$4.9 million. Income tax provisions for interim (quarterly) periods are based on estimated annual income tax rates and are adjusted for the effects of significant, infrequent or unusual items (i.e. discrete items) occurring during the interim period. As a result, the interim rate may

vary significantly from the normalized annual rate.

**Table of Contents*****Six months ended June 30, 2010 and 2009***

**Revenues.** Total revenues increased \$112.7 million to \$1,056.0 million for the six months ended June 30, 2010 ( the 2010 period ) from \$943.3 million for the six months ended June 30, 2009 ( the 2009 period ), representing an 11.9% increase. The table below, presented by reportable operating segment, summarizes our year-over-year revenue performance and certain key performance indicators that impact our revenues.

<sup>(1)</sup> Amounts in millions.

<sup>(2)</sup> U.S. operating segment revenues include eliminations of intercompany transactions with the international operating segment. See Note 17 of our condensed consolidated financial statements.

**Consolidated.** The increase in admissions revenues of \$77.1 million was primarily attributable to a 3.0% increase in attendance and a 9.1% increase in average ticket price from \$5.37 for the 2009 period to \$5.86 for the 2010

period. The increase in concession revenues of \$29.4 million was primarily attributable to the 3.0% increase in attendance and a 6.8% increase in concession revenues per patron from \$2.51 for the 2009 period to \$2.68 for the 2010 period. The increase in average ticket price was primarily due to incremental 3-D and premium pricing and other price increases and the favorable impact of exchange rates in certain countries in which we operate. The increase in concession revenues per patron was primarily due to price increases and the favorable impact of exchange rates in certain countries in which we operate. The 17.5% increase in other revenues was primarily due to increases in ancillary revenue and the favorable impact of exchange rates in certain countries in which we operate.

U.S. The increase in admissions revenues of \$26.8 million was primarily attributable to a 5.3% increase in average ticket price from \$6.18 for the 2009 period to \$6.51 for the 2010 period. The increase in concession revenues of \$10.9 million was primarily attributable to a 4.8% increase in concession revenues per patron from \$2.92 for the 2009 period to \$3.06 for the 2010 period. The increase in average ticket price was primarily due to incremental 3-D and premium pricing and other price increases and the increase in concession revenues per patron was primarily due to price increases.

International. The increase in admissions revenues of \$50.3 million was primarily attributable to a 10.3% increase in attendance and a 29.6% increase in average ticket price from \$3.45 for the 2009 period to \$4.47 for the 2010 period. The increase in concession revenues of \$18.5 million was primarily attributable to the 10.3% increase in attendance and a 23.0% increase in concession revenues per patron from \$1.52 for the 2009 period to \$1.87 for the 2010 period. The increase in average ticket price was primarily due to incremental 3-D and premium pricing and other price increases and the favorable impact of exchange rates in certain countries in which we operate. The increase in concession revenues per patron was primarily due to price increases and the favorable impact of exchange rates in certain countries in which we operate. The increase in other revenues of \$5.9 million was primarily due to increases in ancillary revenue and the favorable impact of exchange rates in certain countries in which we operate.

**Table of Contents**

*Cost of Operations.* The table below summarizes certain of our year-over-year theatre operating costs by reportable operating segment (in millions).

	<b>U.S. Operating Segment</b>		<b>International Operating Segment</b>		<b>Consolidated</b>	
	<b>Six Months Ended</b>		<b>Six Months Ended</b>		<b>Six Months Ended</b>	
	<b>June 30,</b>		<b>June 30,</b>		<b>June 30,</b>	
	<b>2010</b>	<b>2009</b>	<b>2010</b>	<b>2009</b>	<b>2010</b>	<b>2009</b>
Film rentals and advertising	\$299.2	\$278.8	\$ 83.1	\$ 59.2	\$382.3	\$338.0
Concession supplies	29.5	30.6	17.4	13.1	46.9	43.7
Salaries and wages	87.1	81.1	21.7	15.3	108.8	96.4
Facility lease expense	90.8	87.7	33.9	27.2	124.7	114.9
Utilities and other	80.1	77.6	32.8	25.3	112.9	102.9

Consolidated. Film rentals and advertising costs were \$382.3 million, or 54.9% of admissions revenues, for the 2010 period compared to \$338.0 million, or 54.6% of admissions revenues, for the 2009 period. The increase in film rentals and advertising costs of \$44.3 million was due to a \$77.1 million increase in admissions revenues, which contributed \$42.1 million, and an increase in our film rentals and advertising rate, which contributed \$2.2 million. The increase in the film rentals and advertising rate was primarily due to higher film rental rates in the U.S. segment due to the increase in the number of blockbuster films released, including the carryover of *Avatar*, which generally have higher film rental rates. Concession supplies expense was \$46.9 million, or 14.7% of concession revenues, for the 2010 period, compared to \$43.7 million, or 15.1% of concession revenues, for the 2009 period. The decrease in the concession supplies rate was primarily due to favorable inventory procurement costs and the successful implementation of price increases in the U.S. segment.

Salaries and wages increased to \$108.8 million for the 2010 period from \$96.4 million for the 2009 period primarily due to new theatres, increased minimum wages in both our U.S. and international segments, increased staffing levels to support the 10.3% increase in attendance in our international segment and the impact of exchange rates in certain countries in which we operate. Facility lease expense increased to \$124.7 million for the 2010 period from \$114.9 million for the 2009 period primarily due to new theatres, increased percentage rent and the impact of exchange rates in certain countries in which we operate. Utilities and other costs increased to \$112.9 million for the 2010 period from \$102.9 million for the 2009 period primarily due to new theatres, increased 3-D equipment rental fees and the impact of exchange rates in certain countries in which we operate.

U.S. Film rentals and advertising costs were \$299.2 million, or 56.6% of admissions revenues for the 2010 period compared to \$278.8 million, or 55.6% of admissions revenues, for the 2009 period. The increase in film rentals and advertising costs of \$20.4 million is due to a \$26.8 million increase in admissions revenues, which contributed \$14.9 million and an increase in our film rentals and advertising rate, which contributed \$5.5 million. The increase in the film rentals and advertising rate was primarily due to the increase in the number of blockbuster films released, including the carryover of *Avatar*, which generally have higher film rental rates. Concession supplies expense was \$29.5 million, or 11.9% of concession revenues, for the 2010 period, compared to \$30.6 million, or 12.9% of concession revenues, for the 2009 period. The decrease in concession supplies expense is primarily due to a decrease in the concession supplies rate due to favorable inventory procurement costs and the successful implementation of price increases.

Salaries and wages increased to \$87.1 million for the 2010 period from \$81.1 million for the 2009 period primarily due to new theatres and increased minimum wages. Facility lease expense increased to \$90.8 million for the 2010 period from \$87.7 million for the 2009 period primarily due to new theatres and increased percentage rent. Utilities and other costs increased to \$80.1 million for the 2010 period from \$77.6 million for the 2009 period

primarily due to new theatres and increased 3-D equipment rental fees.

International. Film rentals and advertising costs were \$83.1 million, or 49.6% of admissions revenues, for the 2010 period compared to \$59.2 million, or 50.5% of admissions revenues, for the 2009 period. The increase in film rentals and advertising costs was primarily due to a \$50.3 million increase in admissions revenues, partially offset by a lower film rentals and advertising rate. Concession supplies expense was \$17.4 million, or 24.8% of concession revenues, for the 2010 period compared to \$13.1 million, or 25.3% of concession revenues, for the 2009 period. The increase in concession supplies expense of \$4.3 million was primarily due to an \$18.5 million increase in concession revenues, partially offset by a lower concession supplies rate.

**Table of Contents**

Salaries and wages increased to \$21.7 million for the 2010 period from \$15.3 million for the 2009 period primarily due to new theatres, increased staffing levels to support the 10.3% increase in attendance, increased minimum wages and the impact of exchange rates in certain countries in which we operate. Facility lease expense increased to \$33.9 million for the 2010 period from \$27.2 million for the 2009 period primarily due to new theatres, increased percentage rent and the impact of exchange rates in certain countries in which we operate. Utilities and other costs increased to \$32.8 million for the 2010 period from \$25.3 million for the 2009 period primarily due to new theatres, increased 3-D equipment rental fees and the impact of exchange rates in certain countries in which we operate.

*General and Administrative Expenses.* General and administrative expenses increased to \$50.5 million for the 2010 period from \$45.5 million for the 2009 period. The increase was primarily due to increased salaries and incentive compensation expense, increased professional fees and increased service charges related to increased credit card activity and the impact of exchange rates in certain countries in which we operate.

*Depreciation and Amortization.* Depreciation and amortization expense, including amortization of favorable/unfavorable leases, was \$69.0 million for the 2010 period compared to \$74.3 million for the 2009 period. The decrease was primarily related to a reduction in the depreciable basis of certain of our U.S. assets due to a significant amount of the equipment acquired in the Century Acquisition becoming fully depreciated during the fourth quarter of 2009, partially offset by the impact of accelerated depreciation taken on our domestic 35 millimeter projection systems that will be replaced with digital projection systems. We recorded approximately \$3.7 million of depreciation expense related to these 35 millimeter projection systems during the 2010 period.

*Impairment of Long-Lived Assets.* We recorded asset impairment charges on assets held and used of \$5.0 million for the 2010 period compared to \$5.0 million for the 2009 period. Impairment charges for the 2010 period consisted of \$3.9 million of theatre properties, impacting fifteen of our twenty-four reporting units, and \$1.1 million of intangible assets associated with Mexico theatre properties. Impairment charges for the 2009 period consisted of \$4.9 million of theatre properties, impacting twelve of our twenty-four reporting units, and \$0.1 million of intangible assets associated with Mexico theatre properties. The long-lived asset impairment charges recorded during each of the periods presented were specific to theatres that were directly and individually impacted by increased competition, or adverse changes in market demographics. See Notes 13 and 14 to our condensed consolidated financial statements.

*Loss on Sale of Assets and Other.* We recorded a loss on sale of assets and other of \$4.4 million during the 2010 period compared to \$1.5 million during the 2009 period. The loss recorded during the 2010 period included \$1.7 million that was recorded upon the contribution of digital projection systems to DCIP and an additional \$0.3 million recorded upon the subsequent sale of digital projection systems to DCIP. See Note 8 to the condensed consolidated financial statements.

*Interest Expense.* Interest costs incurred, including amortization of debt issue costs, were \$54.6 million for the 2010 period compared to \$51.1 million for the 2009 period. The increase was primarily due to increases in interest rates on our variable rate debt related to the amendment and extension of our senior secured credit facility.

*Interest Income.* We recorded interest income of \$2.4 million during the 2010 period compared to \$2.8 million during the 2009 period. The decrease in interest income was primarily due to lower interest rates earned on our cash investments.

*Loss on Early Retirement of Debt.* During the 2009 period, we recorded a loss on early retirement of debt of \$26.8 million as a result of the tender premiums paid and other fees related to the repurchase of approximately \$402.5 million aggregate principal amount at maturity of Cinemark, Inc.'s 9/4% senior discount notes and the write-off of unamortized debt issue costs associated with these notes.

*Distributions from NCM.* We recorded distributions from NCM of \$11.3 million during the 2010 period and \$11.6 million during the 2009 period, which were in excess of the carrying value of our investment. See Note 7 to our condensed consolidated financial statements.

*Income Taxes.* Income tax expense of \$30.0 million was recorded for the 2010 period compared to \$19.0 million for the 2009 period. The effective tax rate was 27.9% for the 2010 period compared to 33.2% for the 2009 period. Income tax expense for the 2010 period includes the impact of certain discrete non-recurring items and the reduction of our liabilities for uncertain tax positions due to settlements and closures of various tax years, which resulted in a

benefit of approximately \$8.9 million. Income tax expense for the 2009 period includes the impact of two discrete items, including an adjustment to our deferred tax liability and an increase to our foreign unrecognized tax benefits in

32

---

**Table of Contents**

accordance with FIN 48. The net impact of the two items on income tax expense for the 2009 period was a benefit of approximately \$4.9 million. Income tax provisions for interim (quarterly) periods are based on estimated annual income tax rates and are adjusted for the effects of significant, infrequent or unusual items (i.e. discrete items) occurring during the interim period. As a result, the interim rate may vary significantly from the normalized annual rate.

**Liquidity and Capital Resources***Operating Activities*

We primarily collect our revenues in cash, mainly through box office receipts and the sale of concessions. In addition, a majority of our theatres provide the patron a choice of using a credit card, in place of cash, which we convert to cash over a range from one to six days. Because our revenues are received in cash prior to the payment of related expenses, we have an operating float and historically have not required traditional working capital financing. Cash provided by operating activities was \$108.1 million for the six months ended June 30, 2010 compared to cash used for operating activities of \$10.7 million for the six months ended June 30, 2009. Cash used for operating activities for the six months ended June 30, 2009 included the repurchase of approximately \$402.5 million of our 9 <sup>3</sup>/<sub>4</sub>% senior discount notes, which included payment of \$152.0 million of interest that had accreted on the senior discount notes since issuance during 2004. The principal portion of the repurchase is reflected as a financing activity.

*Investing Activities*

Our investing activities have been principally related to the development and acquisition of additional theatres. New theatre openings and acquisitions historically have been financed with internally generated cash and by debt financing, including borrowings under our senior secured credit facility. Cash used for investing activities was \$55.5 million for the six months ended June 30, 2010 compared to \$110.7 million for the six months ended June 30, 2009. Cash used for investing activities for the six months ended June 30, 2009 included \$49.0 million related to the acquisition of theatres in the U.S. See Note 6 to the condensed consolidated financial statements.

Capital expenditures for the six months ended June 30, 2010 and 2009 were as follows (in millions):

<b>Period</b>	<b>New Theatres</b>	<b>Existing Theatres</b>	<b>Total</b>
Six Months Ended June 30, 2010	\$18.6	\$38.4	\$57.0
Six Months Ended June 30, 2009	\$24.0	\$36.9	\$60.9

We continue to expand our U.S. theatre circuit. We built one theatre and 13 screens, assumed operation of one theatre with eight screens, and closed two theatres with 13 screens during the six months ended June 30, 2010, bringing our total domestic screen count to 3,838. At June 30, 2010, we had signed commitments to open four new theatres with 51 screens in domestic markets during the remainder of 2010 and open six new theatres with 85 screens subsequent to 2010. We estimate the remaining capital expenditures for the development of these 136 domestic screens will be approximately \$54 million. Actual expenditures for continued theatre development and acquisitions are subject to change based upon the availability of attractive opportunities.

We also continue to expand our international theatre circuit. We built three theatres with 20 screens and closed two theatres and 17 screens during the six months ended June 30, 2010, bringing our total international screen count to 1,069. At June 30, 2010, we had signed commitments to open six new theatres with 46 screens in international markets during the remainder of 2010 and open six new theatres with 41 screens subsequent to 2010. We estimate the remaining capital expenditures for the development of these 87 international screens will be approximately \$55 million. Actual expenditures for continued theatre development and acquisitions are subject to change based upon the availability of attractive opportunities.

We plan to fund capital expenditures for our continued development with cash flow from operations, borrowings under our senior secured credit facility, from debt issuances, proceeds from sale leaseback transactions and/or sales of excess real estate.

**Table of Contents***Financing Activities*

Cash used for financing activities was \$53.7 million for the six months ended June 30, 2010 compared to cash provided by financing activities of \$146.6 million for the six months ended June 30, 2009. Cash provided by financing activities for the six months ended June 30, 2009 included the net proceeds of \$458.5 million from the issuance of our \$470 million 8.625% senior notes, partially offset by the repurchase of approximately \$402.5 million of our 9 3/4% senior discount notes, the aggregate principal portion of which was \$250.5 million. The interest portion of the repurchase is reflected as an operating activity.

On February 13, 2010, our board of directors declared a cash dividend for the fourth quarter of 2009 in the amount of \$0.18 per share of common stock payable to stockholders of record on March 5, 2010. The dividend was paid on March 19, 2010 in the total amount of approximately \$20.0 million. On May 13, 2010, our board of directors declared a cash dividend for the first quarter of 2010 in the amount of \$0.18 per share of common stock payable to stockholders of record on June 4, 2010. The dividend was paid on June 18, 2010 in the total amount of approximately \$20.2 million.

We may from time to time, subject to compliance with our debt instruments, purchase our debt securities on the open market depending upon the availability and prices of such securities. Long-term debt consisted of the following as of June 30, 2010 and December 31, 2009:

	<b>June 30, 2010</b>	<b>December 31, 2009</b>
Cinemark, USA, Inc. term loan	\$ 1,078.2	\$ 1,083.6
Cinemark USA, Inc. 8 % senior notes due 2019 <sup>(1)</sup>	459.3	458.9
Cinemark USA, Inc. 9% senior subordinated notes due 2013	0.2	0.2
Other long-term debt	0.2	1.0
 Total long-term debt	 1,537.9	 1,543.7
Less current portion	11.1	12.2
 Long-term debt, less current portion	 \$ 1,526.8	 \$ 1,531.5

(1) Includes the \$470.0 million aggregate principal amount of the 8.625% senior notes before the original issue discount, which was \$10.7 million as of June 30, 2010.

As of June 30, 2010, we had borrowings of \$1,078.2 million outstanding on the term loan under our senior secured credit facility, \$459.3 million accreted principal amount outstanding under our 8.625% senior discount notes and approximately \$0.2 million aggregate principal amount outstanding under the 9% senior subordinated notes, respectively. We had \$150.0 million in available borrowing capacity on our revolving credit line.

As of June 30, 2010, our long-term debt obligations, scheduled interest payments on long-term debt, future minimum lease obligations under non-cancelable operating and capital leases, scheduled interest payments under

capital leases and other obligations for each period indicated are summarized as follows:

		Payments Due by Period (in millions)			
		Less Than One Year	1 - 3 Years	4 - 5 Years	After 5 Years
<b>Contractual Obligations</b>	<b>Total</b>				
Long-term debt <sup>(1)</sup>	\$ 1,548.6	\$ 11.1	\$ 132.9	\$ 61.1	\$ 1,343.5
Scheduled interest payments on long-term debt <sup>(2)</sup>	581.7	88.0	173.1	143.8	176.8
Operating lease obligations	1,781.5	187.8	370.1	352.8	870.8
Capital lease obligations	139.0	7.3	16.4	20.9	94.4
Scheduled interest payments on capital leases	102.0	13.8	25.4	21.6	41.2
Employment agreements	11.1	3.7	7.4		
Purchase commitments <sup>(3)</sup>	120.1	43.9	75.8	0.3	0.1
Current liability for uncertain tax positions <sup>(4)</sup>	2.7	2.7			
Total obligations	\$ 4,286.7	\$ 358.3	\$ 801.1	\$ 600.5	\$ 2,526.8

(1) Includes the 8.625% senior notes in the aggregate principal amount of \$470.0 million, excluding the discount of \$10.7 million.

(2) Amounts include scheduled interest payments on fixed rate and variable rate debt agreements. Estimates for the variable rate interest payments were based on interest rates in effect on June 30, 2010.

The average interest rates on our fixed rate and variable rate debt were 8.1% and 3.3%, respectively, as of June 30, 2010.

- (3) Includes estimated capital expenditures associated with the construction of new theatres to which we were committed as of June 30, 2010.
- (4) The contractual obligations table excludes the long-term portion of our liability for uncertain tax positions of \$15.8 million because we cannot make a reliable estimate of the timing of the related cash payments.

**Table of Contents***Senior Secured Credit Facility*

On October 5, 2006, in connection with the Century Acquisition, Cinemark USA, Inc. entered into a senior secured credit facility that provided for a \$1.12 billion term loan and a \$150 million revolving credit line. On March 2, 2010, Cinemark USA, Inc. completed an amendment and extension to the senior secured credit facility to primarily extend the maturities of the facility and make certain other modifications. Approximately \$924.4 million of Cinemark USA, Inc.'s then remaining outstanding \$1,083.6 million term loan debt was extended from an original maturity date of October 2013 to a maturity date of April 2016. The remaining term loan debt of \$159.2 million that was not extended matures on the original maturity date of October 2013. Payments on the extended amount are due in equal quarterly installments of approximately \$2.3 million beginning March 31, 2010 through March 31, 2016 with the remaining principal amount of approximately \$866.6 million due April 30, 2016. Payments on the original amount that was not extended are due in equal quarterly installments of approximately \$0.4 million beginning March 31, 2010 through September 30, 2012 and increase to \$37.4 million each calendar quarter from December 31, 2012 to June 30, 2013, with one final payment of approximately \$42.6 million due at maturity on October 5, 2013. The amendment also imposed a 1.0% prepayment premium for one year on certain prepayments of the extended portion of the term loan debt.

The interest rate on the original term loan debt that was not extended accrues interest, at Cinemark USA, Inc.'s option, at: (A) the base rate equal to the higher of (1) the prime lending rate as set forth on the British Banking Association Telerate page 5, or (2) the federal funds effective rate from time to time plus 0.50% (the "base rate"), plus a margin that ranges from 0.50% to 0.75% per annum, or (B) a eurodollar rate plus a margin that ranges from 1.50% to 1.75%, per annum. The margin of the original term loan debt is a function of the applicable corporate credit rating. The interest rate on the extended portion of the term loan debt accrues interest, at Cinemark USA, Inc.'s option at: (A) the base rate equal to the higher of (1) the prime lending rate as set forth on the British Banking Association Telerate page 5, or (2) the federal funds effective rate from time to time plus 0.50%, plus a 2.25% margin per annum, or (B) a eurodollar rate plus a 3.25% margin per annum.

The maturity date of \$73.5 million of Cinemark USA, Inc.'s \$150.0 million revolving credit line was extended from October 2012 to March 2015. The maturity date of the remaining \$76.5 million of Cinemark USA, Inc.'s revolving credit line did not change and remains October 2012. The interest rate on the original revolving credit line accrues interest, at Cinemark USA, Inc.'s option, at: (A) a base rate equal to the higher of (1) the prime lending rate as set forth on the British Banking Association Telerate page 5 and (2) the federal funds effective rate from time to time plus 0.50%, plus a margin that ranges from 0.50% to 1.00% per annum, or (B) a eurodollar rate plus a margin that ranges from 1.50% to 2.00% per annum. The interest rate on the extended revolving credit line accrues interest, at Cinemark USA, Inc.'s option at: (A) the base rate equal to the higher of (1) the prime lending rate as set forth on the British Banking Association Telerate page 5, or (2) the federal funds effective rate from time to time plus 0.50%, plus a margin that ranges from 1.75% to 2.0% per annum, or (B) a eurodollar rate plus a margin that ranges from 2.75% to 3.0% per annum. The margin of the revolving credit line is a function of the consolidated net senior secured leverage ratio as defined in the credit agreement.

At June 30, 2010, there was \$1,078.2 million outstanding under the term loan and no borrowings outstanding under the revolving credit line. Cinemark USA, Inc. had \$150.0 million in available borrowing capacity on the revolving credit line. The average interest rate on outstanding term loan borrowings under the senior secured credit facility at June 30, 2010 was 4.4% per annum.

See discussion of interest rate swap agreements under Item 3. Quantitative and Qualitative Disclosures About Market Risk.

*Cinemark USA, Inc. 8 1/4% Senior Notes*

On June 29, 2009, Cinemark USA, Inc. issued \$470.0 million aggregate principal amount of 8.625% senior notes due 2019 with an original issue discount of approximately \$11.5 million, resulting in proceeds of approximately \$458.5 million. The proceeds were primarily used to fund the repurchase of \$402.5 million aggregate principal amount at maturity of Cinemark, Inc.'s 9 1/4% senior discount notes. Interest is payable on June 15 and December 15 of each year beginning on December 15, 2009. The senior notes mature on June 15, 2019. As of June 30, 2010, the carrying value of the senior notes was approximately \$459.3 million.

The indenture to the senior notes contains covenants that limit, among other things, the ability of Cinemark USA, Inc. and certain of its subsidiaries to (1) consummate specified asset sales, (2) make investments or other restricted payments, including paying dividends, making other distributions or repurchasing subordinated debt or equity, (3) incur

## **Table of Contents**

additional indebtedness and issue preferred stock, (4) enter into transactions with affiliates, (5) enter new lines of business, (6) merge or consolidate with, or sell all or substantially all of its assets to another person and (7) create liens. Upon a change of control of Cinemark Holdings, Inc. or Cinemark USA, Inc., Cinemark USA, Inc. would be required to make an offer to repurchase the senior notes at a price equal to 101% of the aggregate principal amount outstanding plus accrued and unpaid interest through the date of repurchase. Certain asset dispositions are considered triggering events that may require Cinemark USA, Inc. to use the proceeds from those asset dispositions to make an offer to purchase the notes at 100% of their principal amount, plus accrued and unpaid interest, if any, to the date of repurchase if such proceeds are not otherwise used within 365 days as described in the indenture. The indenture governing the senior notes allows Cinemark USA, Inc. to incur additional indebtedness if we satisfy the coverage ratio specified in the indenture, after giving effect to the incurrence of the additional indebtedness, and in certain other circumstances. The required minimum coverage ratio is 2 to 1 and our actual ratio as of June 30, 2010 was 5.2 to 1.

### *Cinemark USA, Inc. 9% Senior Subordinated Notes*

On February 11, 2003, Cinemark USA, Inc. issued \$150 million aggregate principal amount of 9% senior subordinated notes due 2013 and on May 7, 2003, Cinemark USA, Inc. issued an additional \$210 million aggregate principal amount of 9% senior subordinated notes due 2013, collectively referred to as the 9% senior subordinated notes. Interest is payable on February 1 and August 1 of each year.

Prior to 2009, Cinemark USA, Inc. repurchased a total of \$359.8 million aggregate principal amount of its 9% senior subordinated notes. The transactions were funded by Cinemark USA, Inc. with proceeds from the NCM Transaction and available cash from operations. Cinemark USA, Inc. also executed a supplemental indenture removing substantially all of the restrictive covenants and certain events of default.

As of June 30, 2010, Cinemark USA, Inc. had outstanding approximately \$0.2 million aggregate principal amount of 9% senior subordinated notes. Cinemark USA, Inc. may redeem the remaining 9% senior subordinated notes at its option at any time.

### **Seasonality**

Our revenues have historically been seasonal, coinciding with the timing of releases of motion pictures by the major distributors. Generally, the most successful motion pictures have been released during the summer, extending from May to mid-August, and during the holiday season, extending from early November through year-end. The unexpected emergence of a hit film during other periods can alter this seasonality trend. The timing of such film releases can have a significant effect on our results of operations, and the results of one quarter are not necessarily indicative of results for the next quarter or for the same period in the following year.

**Table of Contents****Item 3. Quantitative and Qualitative Disclosures About Market Risk**

We have exposure to financial market risks, including changes in interest rates, foreign currency exchange rates and other relevant market prices.

**Interest Rate Risk**

We are currently party to variable rate debt facilities. An increase or decrease in interest rates would affect our interest expense relating to our variable rate debt facilities. At June 30, 2010, there was an aggregate of approximately \$778.4 million of variable rate debt outstanding under these facilities, which excludes \$300.0 million of Cinemark USA, Inc.'s term loan debt that is hedged with the Company's interest rate swap agreements as discussed below. Based on the interest rates in effect on the variable rate debt outstanding at June 30, 2010, a 100 basis point increase in market interest rates would increase our annual interest expense by approximately \$7.8 million.

We have two interest rate swap agreements that have been designated to hedge a total of approximately \$300 million of variable rate debt under our senior secured credit facility. Under the terms of one of the agreements, which expires in November 2012, we pay a fixed interest rate of 4.922% on \$125,000 of variable rate debt and receive interest at a variable rate based on the 3-month LIBOR. Under the terms of the second agreement, we pay a fixed interest rate of 3.63% on \$175,000 of variable rate debt and receive interest at a variable rate based on the 1-month LIBOR. With respect to the expiration of the second agreement, approximately \$100,000 of the hedged amount expires in November 2012 and the remaining \$75,000 expires in November 2013.

The table below provides information about our fixed rate and variable rate long-term debt agreements as of June 30, 2010:

**Expected Maturity for the Twelve-Month Periods Ending June 30,**  
(in millions)

								<b>Fair Value</b>	<b>Average Interest Rate</b>
	<b>2011</b>	<b>2012</b>	<b>2013</b>	<b>2014</b>	<b>2015</b>	<b>Thereafter</b>	<b>Total</b>		
Fixed rate <sup>(1)(2)</sup>	\$	\$	\$ 0.2	\$	\$	\$ 770.0	\$ 770.2	\$ 752.9	8.1%
Variable rate	11.1	10.8	121.9	51.9	9.2	573.5	778.4	763.3	3.3%
Total debt	\$ 11.1	\$ 10.8	\$ 122.1	\$ 51.9	\$ 9.2	\$ 1,343.5	\$ 1,548.6	\$ 1,516.2	

(1) Includes \$300.0 million of the Cinemark USA, Inc. term loan, which represents the debt hedged with the Company's interest rate swap agreements.

(2) Includes the 8.625% senior notes in the aggregate

principal  
amount of  
\$470.0 million,  
excluding the  
discount of  
\$10.7 million.

Foreign Currency Exchange Rate Risk

We are also exposed to market risk arising from changes in foreign currency exchange rates as a result of our international operations. Generally, we export from the U.S. certain of the equipment and construction interior finish items and other operating supplies used by our international subsidiaries. A majority of the revenues and operating expenses of our international subsidiaries are transacted in the country's local currency. Generally accepted accounting principles in the U.S. ( U.S. GAAP ) require that our subsidiaries use the currency of the primary economic environment in which they operate as their functional currency. If our subsidiaries operate in a highly inflationary economy, U.S. GAAP requires that the U.S. dollar be used as the functional currency for the subsidiary. Currency fluctuations in the countries in which we operate result in us reporting exchange gains (losses) or foreign currency translation adjustments. Based upon our equity ownership in our international subsidiaries as of June 30, 2010, holding everything else constant, a 10% immediate, simultaneous, unfavorable change in all of the foreign currency exchange rates to which we are exposed would decrease the aggregate net book value of our investments in our international subsidiaries by approximately \$41 million and would decrease the aggregate net income of our international subsidiaries by approximately \$3 million.

**Table of Contents**

**Item 4. Controls and Procedures**

**Evaluation of the Effectiveness of Disclosure Controls and Procedures**

As of June 30, 2010, we carried out an evaluation required by the 1934 Act, under the supervision and with the participation of our principal executive officer and principal financial officer, of the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rule 13a-15(e) of the 1934 Act. Based on this evaluation, our principal executive officer and principal financial officer concluded that, as of June 30, 2010, our disclosure controls and procedures were effective to provide reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the 1934 Act is recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms and were effective to provide reasonable assurance that such information is accumulated and communicated to our management, including our principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosures.

**Changes in Internal Controls Over Financial Reporting**

There have been no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 that occurred during the quarter ended June 30, 2010 that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**PART II OTHER INFORMATION**

**Item 1. Legal Proceedings**

Previously reported under Business Legal Proceedings in the Company's Annual Report on Form 10-K filed March 10, 2010.

**Item 1A. Risk Factors**

There have been no material changes from risk factors previously disclosed in Risk Factors in the Company's Annual Report on Form 10-K filed March 10, 2010.

**Item 2. Unregistered Sales of Equity Securities**

On June 14, 2010, the Company issued 1,112,723 shares of its common stock to the Colombian Partners pursuant to the Exchange Option Agreement between the Company and the Colombian Partners. Under this option, which was contingent upon completion of an initial public offering of common stock by the Company, the Colombian Partners were entitled to exchange their shares in Cinemark Colombia S.A. for shares of the Company's common stock. The number of shares to be exchanged was determined based on the Company's equity value and the equity value of the Colombian Partner's interest in Cinemark Colombia S.A., both of which are defined in the Exchange Option Agreement. The issuance of the shares of the Company's common stock under the Exchange Option Agreement was made by the Company in reliance on the exemption from registration provided pursuant to Section 4(2) of the Securities Act of 1933, as amended.
