All stockholders of record at the close of business on September 27, 2011 are entitled to vote at the Annual Meeting. At the close of business on September 27, 2011, a total of 22,829,984 shares of Common Stock were outstanding. Each record holder of shares of Common Stock is entitled to one vote per share. If you are the record holder of your shares, you can vote in person at the Annual Meeting or by proxy in one of the following three ways:

1. *Vote by Mail:* If you received your proxy materials by mail, you can vote by mail by completing, signing, dating and mailing the enclosed proxy card in the postage-paid envelope.

Table of Contents

2. *Vote by Telephone:* Call the toll-free number 1-800-690-6903. You will need to provide the control number printed on your proxy card, and follow the instructions on your card and the voice prompts.
3. *Vote over the Internet:* Go to the website www.proxyvote.com. You will need to provide the control number printed on your proxy card, and follow the instructions on your card and the website.

If you vote by telephone or over the Internet, do not return your proxy card.

If you are not the record holder of your shares (i.e., they are held in street name by a broker, bank or other nominee), you will receive instructions from the record holder asking you how you wish to vote. Telephone and Internet voting will be offered by most brokers and banks. Please refer to the proxy card and other information provided by the record holder to see which voting options are available to you. If you wish to vote your shares in person at the Annual Meeting, you must first obtain a proxy issued in your name from the record holder.

Voting of Proxies

All valid proxies received prior to the Annual Meeting will be voted in accordance with the instructions specified by the stockholder. If a proxy card is returned without instructions, the persons named as proxy holders on your proxy card will vote in accordance with the recommendations of the Board of Directors, which are as follows:

FOR election of the nominated directors (Proposal 1);

FOR ratification of Ernst & Young LLP, as independent registered public accounting firm of the Company (Proposal 2);

FOR an advisory (non-binding) vote for the executive compensation of the Company's named executive officers (Proposal 3); and

FOR a frequency of every three years for holding an advisory (non-binding) vote regarding executive compensation (Proposal 4).

With respect to any other matter that properly comes before the Annual Meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

Changing Your Vote

A proxy may be revoked at any time prior to its being voted by delivering written notice to the Secretary of the Company, by delivering a properly executed later-dated proxy (including by telephone or over the Internet), or by voting in person at the Annual Meeting.

Quorum

The presence, in person or by proxy, of the stockholders of a majority of the shares entitled to vote at the Annual Meeting constitutes a quorum for the transaction of business.

Table of Contents

Vote Required

Assuming a quorum is present:

Directors will be elected by a plurality of the votes cast in person or by proxy at the Annual Meeting.

The proposal to ratify the appointment of Ernst & Young LLP, as independent registered public accounting firm of the Company, requires the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting.

The proposal for an advisory (non-binding) vote for the executive compensation of the Company's named executive officers requires the affirmative vote of a majority of the votes cast in person or by proxy at the Annual Meeting.

With respect to the proposal for the frequency of holding an advisory (non-binding) vote regarding executive compensation, the option of one year, two years or three years that receives a majority of the votes cast in person or by proxy at the Annual Meeting will be the frequency for the advisory vote on executive compensation selected by our stockholders. In the absence of a majority of votes cast in support of any one frequency, the option that receives the greatest number of votes will be considered the frequency selected by our stockholders.

Effect of Abstentions

If you vote abstain (rather than vote for or against) with respect to a proposal, your shares will count as present for purposes of determining whether a quorum is present but not for the purposes of determining the number of votes cast with respect to a particular proposal.

Effect of Broker Non-Votes

Depending on the proposal, your shares may be voted if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Brokerage firms, which are members of the New York Stock Exchange (the NYSE), have the authority under the NYSE rules to cast votes on certain routine matters if they do not receive instructions from their customers. The proposal to ratify the appointment of the independent registered public accounting firm (Proposal 2) is considered a routine matter for which brokerage firms may vote shares without receiving voting instructions. Brokerage firms do not have authority under the NYSE rules to vote on non-routine matters. The election of directors (Proposal 1), the advisory (non-binding) vote on executive compensation (Proposal 3) and the advisory (non-binding) vote regarding the frequency for holding an advisory (non-binding) vote regarding executive compensation (Proposal 4) are non-routine matters. If you do not provide the brokerage firm with voting instructions on this proposal, your shares will not be voted on and are called broker non-votes. If any broker non-votes occur at the Annual Meeting with respect to your shares, the broker non-votes will count for purposes of determining whether a quorum is present but not for purposes of determining the number of votes cast with respect to a particular proposal.

Information About the Board of Directors and Committees

Risk Oversight. Our Board of Directors as a whole is responsible for overseeing the Company's risk management process. The Board of Directors focuses on the Company's general risk management strategy and the most significant risks facing the Company, and seeks to ensure that appropriate risk mitigation strategies are implemented by management. The Board of Directors has principally delegated responsibility for the management of the Company's risk management process to the Audit Committee.

Among other duties, the Audit Committee reviews with management (a) Company processes with respect to risk assessment and management of risks that may be material to the Company, (b) the Company's system of disclosure controls and system of internal controls over financial reporting, and (c) the Company's compliance with legal and regulatory requirements, including its disclosure of the material risks associated with the Company and its industry. All committees report to the full Board of Directors as appropriate, including when a matter rises to the level of a material or enterprise level risk. The Board of Directors is also apprised of particular risk management matters in connection with its general oversight and approval of corporate matters and receives information relating to material Company risks from management and from the Company's contracts and finance departments.

Leadership Structure. The Board of Directors and the Nominating and Corporate Governance Committee frequently review the Company's corporate governance practices. The positions of Chairman and Chief Executive Officer are currently combined at the Company. The Board of Directors recently reviewed this structure and determined that the current structure is appropriate because the size of the Board of Directors permits regular communication among all of the independent directors, and between the independent directors and the Company's senior management. This structure allows for information to flow to the independent directors so that they can provide meaningful input during deliberations.

Further, the Board of Directors believes that Mr. Hershberg's service as both Chairman of the Board and Chief Executive Officer is in the best interests of the Company and its stockholders. Mr. Hershberg possesses the skills, experience and maturity in the positions, along with in-depth knowledge of the issues, opportunities and challenges facing the Company and its businesses, and is thus best positioned to develop agendas that ensure that the Board of Directors' time and attention are focused on the matters that are most critical to the Company and its stockholders. The combined role has produced decisive leadership, helps ensure clear accountability and enhances the Company's ability to communicate its message and strategy clearly and consistently to the Company's stockholders, employees, customers and suppliers, each of which the Board of Directors believes makes the Company more effective.

In light of the Board of Directors' current determination to continue to combine the positions of Chairman and Chief Executive Officer, the Nominating and Corporate Governance Committee and the Board of Directors also discussed the potential merits of adding a lead independent director position. However, the Nominating and Corporate Governance Committee and the Board of Directors determined that such a role was not needed at this time as communication among board members and management is frequent and open and that such additional position may in fact hinder such open communication. Nonetheless, the Nominating and Corporate Governance Committee and the Board of Directors will continue to review the structure of the Chairman and Chief Executive Officer positions and the potential merits of a lead independent director position and will maintain a structure that it believes is in the best interests of the Company and its stockholders.

The Audit Committee also serves as the Board of Directors' Qualified Legal Compliance Committee within the meaning of Section 307 of the Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act). The Board of Directors has determined that Mr. Hutcherson is qualified as an audit committee financial expert as defined in Item 407(d)(5)(ii) of the Securities and Exchange Commission (SEC) Regulation S-K. The Board of Directors has determined that Mr. Hutcherson is independent, as defined in Section 5605(a)(2) of the NASDAQ Stock Market Rules. The Audit Committee held seven meetings during fiscal 2011.

Additionally, as described in the Audit Committee's charter, the Audit Committee reviews and approves all related party transactions required to be disclosed pursuant to the rules of the SEC.

Compensation Committee. The Compensation Committee makes recommendations to the Board of Directors in order to determine the salaries and incentive compensation of the executive officers and directors of the Company. Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for searching for, and recommending to, the Board of Directors potential nominees for director positions, making recommendations to the Board of Directors regarding the size and composition of the Board of Directors and its committees, monitoring the Board of Directors' effectiveness and developing and implementing the Company's corporate governance procedures and policies. The Nominating and Corporate Governance Committee held four meetings during fiscal 2011.

In selecting candidates for the Board of Directors, the Nominating and Corporate Governance Committee begins by determining whether the incumbent directors whose terms expire at the annual meeting of stockholders desire and are qualified to continue their service on the Board of Directors. The Board of Directors is of the view that the continuing service of qualified incumbents promotes stability and continuity in the boardroom, giving the Company the benefit of the familiarity and insight into the Company's affairs that its directors have accumulated during their tenure, while contributing to the Board of Directors' ability to work as a collective body. Accordingly, it is the policy of the Nominating and Corporate Governance Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating and Corporate Governance Committee's criteria for membership on the Board of Directors and whom the Nominating and Corporate Governance Committee believes will continue to make important contributions to the Board of Directors and who consent to stand for re-election and, if re-elected, to continue their service on the Board of Directors.

If there are positions on the Board of Directors for which the Nominating and Corporate Governance Committee will not be re-nominating an incumbent director, or if there is a vacancy on the Board of Directors, the Nominating and Corporate Governance Committee will solicit recommendations for nominees from persons whom the Nominating and Corporate Governance Committee believes are likely to be familiar with qualified candidates, including members of the Board of Directors and senior management of the Company. The Nominating and Corporate Governance Committee may also engage a search firm to assist in the identification of qualified candidates.

The Nominating and Corporate Governance Committee will review and evaluate each candidate whom it believes merits serious consideration, taking into account all available information concerning the candidate, the existing composition and mix of talent and expertise on the Board of Directors and other factors that it deems relevant. In conducting its review and evaluation, the Nominating and Corporate Governance Committee may solicit the views of management and other members of the Board of Directors and may, if deemed helpful, conduct interviews of proposed candidates. The Nominating and Corporate Governance Committee requires that all candidates for the Board of Directors be of the highest personal and professional integrity and have demonstrated exceptional ability and judgment. The Nominating and Corporate Governance Committee will consider whether such candidate will be effective, in conjunction with the other members of the Board of Directors, in collectively serving the long-term interests of the Company's stockholders. In addition, the Nominating and Corporate Governance Committee requires that all candidates have no interests that materially conflict with those of the Company and its stockholders,

have meaningful management, advisory or policy making experience, have a general appreciation of the major business issues facing the Company and have adequate time to devote to service on the Board of Directors.

The Nominating and Corporate Governance Committee, in evaluating and recommending individuals to the Board of Directors for nomination as directors, and the Board of Directors, in approving director nominees, consider, among other factors, the perceived needs of the Board of Directors and the Company at that point in time. As part of the Nominating and Corporate Governance Committee's process (in consultation with the Board of Directors) of determining the appropriate characteristics, skills and experience required for individual directors, the Nominating and Corporate Governance Committee analyzes the abilities and business experience of each nominee in order to ensure that the Board of Directors is comprised of members with a diverse range of skills and experience; however, the Board of Directors does not have a formal policy with regard to diversity in identifying director nominees. The Company also requires that a majority of its directors be independent, that at least three of the directors have the financial literacy necessary for service on the Audit Committee and that at least one of these directors qualifies as an audit committee financial expert in accordance with rules promulgated by the SEC and NASDAQ.

The Nominating and Corporate Governance Committee will consider stockholder recommendations for candidates for the Board of Directors if such recommendations are received in writing by the Nominating and Corporate Governance Committee by the due date for stockholder proposals as indicated in the Company's proxy statement for the previous fiscal year. Such candidates will be considered using the same criteria as for other candidates, except that the Nominating and Corporate Governance Committee may consider, as one of the factors in its evaluation of stockholder recommended candidates, the size and duration of the interest of the recommending stockholder or stockholder group in the equity of the Company. A stockholder seeking to recommend a prospective nominee for the Nominating and Corporate Governance Committee's consideration should submit the candidate's name and qualifications in writing no earlier than May 10, 2012 and no later than June 9, 2012 to the Nominating and Corporate Governance Committee at the following address: Globecomm Systems Inc., 45 Oser Avenue, Hauppauge, NY 11788, Attention: Nominating and Corporate Governance Committee.

Strategy Committee. The Strategy Committee evaluates the Company's proposed acquisitions and any proposals made by third parties regarding strategic transactions relating to the Company and reviews with management the development and implementation of strategic business plans. The Strategy Committee held sixteen meetings during fiscal 2011.

In carrying out the purposes and authorities set forth in its charter, the Strategy Committee, among other matters:

reviews with management the development and implementation of strategic business plans;

reviews with management and recommends to the Board of Directors, among other things, the Company's long-term business objective, strategic business plans and acquisition strategies;

reviews with management any potential strategic transaction (and the integration plan and implementation milestones for such strategic transaction) and how such strategic transaction fits within the Company's strategic business plan and acquisition strategy;

reviews with the Board the Strategy Committee's recommendations with respect to any strategic transaction, including the relevant terms thereof;

provides the Board of Directors with such additional information and materials as it may deem necessary to make the Board of Directors aware of any issues relating to any potential strategic transaction that requires the attention of the Board of Directors;

has full access to management as necessary to carry out its responsibilities.

In addition, no executive officer of the Company served as a director or member of the compensation committee of another entity, one of whose executive officers serves as director or member of the Compensation Committee of the Company.

Communications with the Board of Directors. Stockholders and other interested parties may communicate with the Board of Directors, the non-management directors as a group, any committee of the Board of Directors or any individual member of the Board of Directors, including the Chairperson of the Nominating and Corporate Governance Committee, by either writing the Company's Corporate Secretary at 45 Oser Avenue, Hauppauge, New York 11788 or electronically mailing the Company's Corporate Secretary at corpsecretary@globecomm.com. All communications will be reviewed by the Company's Corporate Secretary, who will then forward such communications or a summary thereof to the appropriate director(s). Any communication related to accounting, internal controls or auditing matters will be brought promptly to the attention of the Chairperson of the Audit Committee.

Attendance at Board of Director and Committee Meetings. During fiscal 2011, the Board of Directors held eleven regular meetings and one meeting of the independent directors. Directors are expected to attend all scheduled Board of Directors and committee meetings and in no event less than 75% of such meetings annually. In fiscal 2011, all directors attended 75% or more of the (i) meetings of the Board of Directors and (ii) meetings of the Board of Directors committees on which they served, except for Mr. Caruso, who missed two audit committee meetings. The independent directors are required to have at least one regularly scheduled meeting a year without management present; in fiscal 2011 the independent directors held one meeting. All of the directors attended the Company's 2010 annual meeting of stockholders.

Code of Ethics and Business Conduct. The Company has adopted a Code of Ethics and Business Conduct, which applies to all employees of the Company, including its principal executive officer, principal financial officer and corporate controller. Under the requirements of Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), the Company's directors, certain officers and any persons holding more than ten percent of the Common Stock are required to report their ownership of the Common Stock and any changes in that ownership to the SEC and the NASDAQ MarketWatch Surveillance Department. Messrs. Hershberg, Hall, Melfi, Coyle and Silberstein constituted the Company's Named Executive Officers for fiscal 2011.

Oversight and Objectives of the Executive Compensation Program

As stated in the Compensation Committee's charter, its purpose is (i) to assist the Board of Directors in carrying out its responsibilities regarding compensation of the Company's executive officers and directors, (ii) to evaluate the performance of the Company's executive officers and (iii) to administer the Company's stock and incentive compensation plans and recommend changes in such plans, as needed, to the Board of Directors.

At June 30, 2011, Globecomm had five executive officers (Messrs. Hershberg, Hall, Melfi, Coyle and Silberstein) and these individuals had a broad array of responsibilities and authority within the Company. The five individuals (Messrs. Hershberg, Hall, Melfi, Coyle and Silberstein) identified in the Summary Compensation Table below, including the Chief Executive Officer and the Chief Financial Officer, are collectively referred to in this proxy statement as the Named Executive Officers.

Table of Contents

The Compensation Committee has the authority to retain compensation consultants, outside counsel and/or other advisors to provide independent advice and assistance in connection with the execution of its responsibilities. It also has the authority to obtain advice and assistance from internal and external legal, human resource or other advisors. The Compensation Committee works directly with our Vice President of Human Resources on the compensation program and receives recommendations from the Chief Executive Officer on compensation for other executive officers.

The objectives of our executive compensation program are to attract and retain executive talent, to foster excellent performance by executives whose contributions drive the success of the Company and to create value for stockholders. Our program is structured to provide a compensation package that pays better than the market median for superior performance, offers rewards to executives based on Company and individual performance and aligns the interests of management and stockholders through incentives that encourage annual and long-term results.

For the last several years, the Compensation Committee has utilized the Radford Executive Survey Report (the Radford Survey), which is produced by Aon Consulting, Inc., to assist in the evaluation of Globecomm's executive compensation program and to help determine the compensation to be paid to executives. The Radford Survey provides data, by position, for base salary and for cash and equity incentives reported by participating companies. Historically, the Company has relied on the Radford Survey primarily for benchmarking compensation information. The Radford Survey has generally been relied upon because it is a recognized leader for market data in the executive compensation field. In fact, the Compensation Committee has used the Radford Survey in the past and found it to produce reliable data. Furthermore, the Compensation Committee believes that the companies it studies, given their similarities to Globecomm, provide the most meaningful competition to the Company for talent.

Benchmarking

For determination of executive compensation for fiscal year 2011, the Compensation Committee reviewed the Radford Survey's report, which summarized compensation data (available as of April 11, 2011) from approximately 700 companies in the telecommunications products and services industry. The Radford Survey considered the following variables in processing the survey for the Company: (i) type of industry (telecommunications products and services); (ii) last fiscal year annual revenues (\$200 million to \$499.9 million); (iii) geographic region (the northeast portion of the United States); and (iv) job description. The Committee targeted compensation levels using the 50th percentile of the Radford Survey as a benchmark. The Compensation Committee also utilized an Equilar Inc. Survey to supplement the Radford Survey. The Compensation Committee plans to use the Radford Survey and an Equilar Inc. Survey for setting fiscal 2012 year-end salary levels; however, in the future, it may consider other benchmarking resources, either as a replacement for or supplement to the Radford Survey and Equilar Inc. Survey. In determining which benchmarking resources it will use, the Compensation Committee will consider the Company's acquisitions and changing profile.

Components of the Compensation Program

The principal components of the Company's compensation program consist of (i) base salaries, (ii) annual performance-based bonuses and (iii) long-term equity awards.

The Compensation Committee reviews the compensation of the Company's executives on an annual basis, taking into account such factors as competitive compensation levels, the executive's responsibilities, experience and contributions, and the Company's performance. The Compensation Committee believes

Table of Contents

that a substantial portion of executive officer compensation should be tied to short-term and long-term Company performance. The Compensation Committee periodically reviews the Company's overall executive compensation program against competitive practices and trends, and generally reviews and analyzes the Radford Survey marketplace data and other available information for comparable companies. A significant percentage of executive compensation is normally designed to be performance-based and varies from year to year based on corporate and individual performance.

Base Salary

The Company has entered into an employment agreement with each of its executive officers that establishes a minimum base salary for the executive. The salary levels are reviewed on an annual basis to ensure that they are appropriate in comparison to other companies within the industry. The salary levels are also reviewed on an annual basis in light of each individual's responsibilities, contributions and performance. Executives are eligible for merit increases to base salary on an annual basis.

The Compensation Committee recommended, and the Board of Directors approved, salary increases for the Named Executive Officers in fiscal 2011 following a review of executive officer performance in order to improve the alignment of the compensation levels of certain executive officers to those of their peers. The salary increases for 2011 were as follows:

Named Executive Officer	Salary Increase(s)	Effective Date	New Salary
David E. Hershberg	\$ 30,000	10/02/2010	\$ 555,000
Keith A. Hall	55,000	10/02/2010	395,000
Andrew C. Melfi	25,000	10/02/2010	350,000
Thomas C. Coyle	20,000	10/02/2010	300,000
Andrew Silberstein	27,000	10/02/2010	257,015

Annual Incentives

The Company's executives were generally eligible to receive annual performance-based cash bonuses in fiscal 2011.

During fiscal 2011, the Compensation Committee approved the 2011 Insider Management Incentive Plan (the "MIP"), which was based on data obtained from the Radford Consulting and Equilar Inc. Surveys. The MIP provides for cash bonus opportunities based on a Company-wide adjusted EBITDA financial performance target for Messrs. Hershberg, Hall and Melfi. For Messrs. Coyle and Silberstein, the MIP provides for cash bonus opportunities based on financial performance targets of a Company-wide adjusted EBITDA and team operating income (collectively, the "Targets"), that are weighted 25% and 75%, respectively. If the adjusted EBITDA targets were met or exceeded, participants were eligible to receive cash bonuses based on a pre-established target percentage of their base salaries, which for fiscal 2011 ranged from 30% to 50% of base salary. An additional bonus of up to 60% to 75% of base salary for exceeding the applicable Company and team targets, subject to the Compensation Committee's discretion. A bonus was also possible if the target performance level was not met, so long as the Company's financial performance exceeded a threshold amount. The maximum bonus under the MIP for fiscal 2011 that Named Executive Officers could achieve ranged from 90% to 125% of base salary, depending upon the executive officer's position, as set forth in the table below.

Table of Contents

Messrs. Hershberg, Hall and Melfi had bonus opportunities under the MIP for fiscal 2011, subject to the Compensation Committee's discretion, as follows:

Executive Officer	Target Bonus Opportunity (as a % of Base Salary)	Additional Bonus Opportunity (as a % of Base Salary)	Additional Bonus Opportunity (as a % of Base Salary)	Maximum Bonus Opportunity (as a % of Base Salary)
		<i>Exceed target by 15%</i>	<i>Exceed target by 30%</i>	<i>Cumulative</i>
David E. Hershberg	50%	25%	50%	125%
Keith A. Hall	40%	30%	40%	110%
Andrew C. Melfi	35%	30%	35%	100%

Messrs. Coyle and Silberstein had bonus opportunities under the MIP for fiscal 2011, subject to the Compensation Committee's discretion, as follows:

Executive Officer	Target Bonus Opportunity (as a % of Base Salary)		Additional Bonus Opportunity (as a % of Base Salary)		Additional Bonus Opportunity (as a % of Base Salary)		Maximum Bonus Opportunity (as a % of Base Salary)
	<i>Based on adjusted EBITDA (25%)</i>	<i>Based on team operating income (75%)</i>	<i>Exceed target by 15% Based on adjusted EBITDA (25%)</i>	<i>Exceed target by 15% Based on team operating income (75%)</i>	<i>Exceed target by 30% Based on adjusted EBITDA (25%)</i>	<i>Exceed target by 30% Based on team operating income (75%)</i>	<i>Cumulative</i>
Thomas C. Coyle	7.5%	22.5%	7.5%	22.5%	7.5%	22.5%	90%
Andrew Silberstein	7.5%	22.5%	7.5%	22.5%	7.5%	22.5%	90%

For the fiscal year ended June 30, 2011, the Company-wide adjusted EBITDA was \$33,932,000, which exceeded the Company-wide adjusted EBITDA target of \$29,357,000 for the same period.

With respect to Mr. Coyle, for the fiscal year ended June 30, 2011, team operating income was an operating loss of \$6,640,000, which did not meet the team operating income target of an operating loss of \$1,693,000 for the same period.

With respect to Mr. Silberstein, for the fiscal year ended June 30, 2011, the team operating income was \$21,896,000, which exceeded the team operating income target of \$19,215,000.

Based on the results for fiscal year 2011, \$725,500 was allocated to the executive officers from the bonus pool. Messrs. Hershberg, Hall and Melfi each earned the full Target Bonus Opportunity in connection with the Company meeting the Company-wide adjusted EBITDA target and therefore earned 50%, 40% and 35% of base salary,

respectively.

Based on the results for fiscal year 2011, Mr. Coyle received 7.5% of his base salary (which is 25% of the Target Bonus Opportunity) in connection with the Company meeting the Company-wide adjusted EBITDA target. He did not receive any additional Target Bonus Opportunity as the Company did not meet the team operating income target.

Based on the results for fiscal year 2011, Mr. Silberstein earned 7.5% of his base salary (which is 25% of the Target Bonus Opportunity) in connection with the Company meeting the Company-wide adjusted EBITDA target. Additionally, because his team operating income target was met and based on the overall performance of Globecomm Network Services segment and in the Compensation Committee's discretion, he earned the remaining 22.5% of his Target Bonus Opportunity as well as the 22.5% Additional Bonus Opportunity tied to team operating income, and a discretionary bonus of approximately \$11,000 for a total bonus equal to approximately 56% of his base salary.

In fiscal 2010, the Company adopted a Management Incentive Plan (the 2010 MIP). The 2010 MIP provided cash bonus opportunities based on the Company's earnings relative to a net income target approved by the Board of Directors for the 2010 fiscal year. The 2010 MIP was a discretionary plan, pursuant to which the Compensation Committee established a bonus pool in an amount not to exceed the excess of actual net income over the net income target from which to award cash bonuses to executive officers of the Company. The Compensation Committee had further discretion in the allocation of amounts from the established bonus pool among the executive officers, which it exercised based on the recommendations of Chief Executive Officer of the Company. The Chief Executive Officer's recommendations were subject to discussion with the Compensation Committee, and the actual awards were ultimately finalized and approved by the Compensation Committee. The Compensation Committee also determined the bonus for the Chief Executive Officer pursuant to the MIP. The net income target for the fiscal year ended June 30, 2010 was \$6,806,000, and the actual net income for the fiscal year was \$7,902,000. Based on the results for fiscal year 2010, \$402,500 was allocated to the executive officers from the bonus pool.

In fiscal year 2009, based on a recommendation from the Chief Executive Officer of the Company, the Company's fiscal 2009 business plan, the anticipated results of operations for the Company, the downturn in the overall industry and the global economic recession, the Company suspended the executive bonuses. The base salaries of the executive officers were frozen in fiscal year 2009, and no performance-based cash bonuses were paid.

Long-Term Incentive Compensation

The Company's executive officers may receive long-term incentive awards, such as stock options and restricted stock that link their compensation with the long-term performance of the Company, align their interests with stockholders and encourage career service. During fiscal 2011, the Compensation Committee approved general guidelines for long-term incentive awards. While the Compensation Committee may exercise its discretion in connection with awards, such guidelines generally provide for the executive officers to accumulate a range from 2.5 to 4 times their salary in restricted stock over a five year period.

Based on the annual review process, recent acquisitions, and in order to better align their interests with those of the Company's stockholders, the Compensation Committee approved restricted stock grants to Named Executive Officers in fiscal 2011 as follows:

Named Executive Officer	Shares Granted
David E. Hershberg	35,000
Keith A. Hall	40,000
Andrew C. Melfi	30,000
Thomas C. Coyle	10,000
Andrew Silberstein	20,000

The shares of restricted stock granted in fiscal 2011 are subject to a three-year vesting schedule.

Retirement Plans

Executive officers participate in our 401(k) retirement plan under the same rules that apply to other employees, and they may elect to defer a percentage of their compensation each year subject to plan limits and caps imposed by the Internal Revenue Service (maximum contributions of \$16,500 for 2011, plus make-up supplements permitted for those aged 50 and up). The Company makes a matching contribution equal to the discretionary percentage of a participating executive officer not to exceed 4% of the executive officer's compensation. Effective January 1, 2011, the

Company recommended, and the Board of Directors

approved, a matching contribution to a maximum of 4% of the employee's compensation not to exceed \$5,500 per employee per calendar year.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with the Company's management. Based on that review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Employment Agreements

The Company entered into employment agreements (the Executive Agreements) with Messrs. Hershberg (amended in January 2009) and Melfi (amended in January 2009) in October 2001 and Hall (replaced by a new agreement in July 2009) in June 2008 and Coyle (amended in January 2009) in June 2008 and Silberstein in June 2011. The Executive Agreements continue from year to year, unless terminated earlier by either party by written notice of termination given to the other party. Each Executive Agreement entitles the relevant Named Executive Officer to all employee benefits generally made available to executive officers.

The Executive Agreements specify duties and minimum compensation commitments. The Executive Agreements also provide for severance benefits in certain circumstances and impose restrictive covenants, which relate to, among other things, confidentiality and competition. The Compensation Committee determined, at the time the Executive Agreements were entered into, that the Executive Agreements were appropriate for the relevant Named Executive Officers. The contracts provide varying benefit levels based on the executive's responsibilities, and the agreements serve as a retention device for executives who meet these requirements. The Company entered into the Executive Agreements to fully recognize the executives' contributions, to maintain the continuity of the management team in order to assure continuous, harmonious performance of the Company's affairs and to provide the executives with an incentive to remain with the Company.

As a result of salary increases during the terms of their Employment Agreements, as of June 30, 2011 the Company was required to compensate Messrs. Hershberg, Melfi, Hall, Coyle and Silberstein with annual base salaries of \$555,000, \$350,000, \$395,000, \$300,000 and \$257,015, respectively, which amounts are reviewed annually by the Board of Directors and subject to increase at the Board of Directors

discretion. The Named Executive Officers may also receive discretionary bonuses. Each of Messrs. Hershberg, Melfi, Hall, Coyle and Silberstein were required to devote his full-time efforts to the Company.

Potential Payments Upon Termination or Change in Control

If the Company terminates any of the Executive Agreements, other than for disability or cause, or if any Named Executive Officer terminates his employment with the Company for good reason (" Good Reason "), at June 30, 2011, the Company would have had the following obligations: (i) to continue to pay to each of Messrs. Hershberg, Melfi, Hall, Coyle and Silberstein his then applicable annual base salary for a specified period commencing upon the effective date of the termination (the " Severance Period "); the Severance Period was three years for Messrs. Hershberg, Melfi and Hall and two years for Mr. Coyle and one year for Mr. Silberstein; (ii) during each year of the Severance Period, to pay for continued health benefits up to a maximum of \$2,000 per month; (iii) during each year of the Severance Period, to pay the annual automobile allowance, currently \$12,000, \$9,000, \$9,000, \$6,000 and \$6,000 for Messrs. Hershberg, Melfi, Hall, Coyle and Silberstein, respectively; (iv) during each year of the Severance Period, to pay to the relevant Named Executive Officer the amount of the non-elective deferral employer contribution made under the Company ' s 401(k) plan for such Named Executive Officer ' s last fiscal year with the Company prior to termination of employment; (v) to pay the cost of converting the group term life insurance coverage to an individual policy and (vi) during each year of the Severance Period, to pay \$2,500 for the annual professional service allowance for Messrs. Hershberg and Hall; provided that the Named Executive Officer must execute and deliver to the Company a general release as a condition of receiving the benefits and payments above.

Good Reason is defined as a material breach of the Executive Agreement by the Company, which includes a failure to pay salary or bonus, a failure to provide benefits, a requirement to travel significantly more days than in the previous calendar year (with respect to Messrs. Hershberg and Melfi), a material reduction in duties and responsibilities, a change in the reporting relationship or a relocation of the worksite to a location 75 miles or more from its current location.

The table below shows the benefits that would be payable to the Named Executive Officers under the Executive Agreements or otherwise, had each applicable Named Executive Officer been terminated without cause or for Good Reason on June 30, 2011.

The amounts in this column represent the aggregate amounts of medical and dental continuation coverage the Named Executive Officers would receive during the Severance Period, based on the Company's current rates.

- (3) The amounts in this column represent the aggregate amounts the Named Executive Officers would receive during the Severance Period for (a) the automobile allowance, (b) the non-elective deferral employer contribution made under the Company's 401(k) plan for the last fiscal year of the Company prior to the termination of employment, (c) the estimated cost to converting the group term life insurance coverage to an individual policy (d) long term disability and (e) the annual professional service allowance, which is for Messrs. Hershberg and Hall only.
- (4) The Executive Agreements do not provide for early vesting of stock options; in any event, all currently outstanding options are fully vested for each Named Executive Officer, with the exception of Mr. Silberstein who has 5,000 unvested stock options as of June 30, 2011.
- (5) The Executive Agreements do not provide for early vesting of restricted stock grants.

The benefits available to a Named Executive Officer in the event of a change in control (a Change in Control) differ from those available if such Named Executive Officer is terminated without cause or for Good Reason. Change in Control is defined as any person or group becoming the beneficial owner, directly or indirectly, of securities of the Company representing 35% or more of the combined voting power of the Company's then outstanding securities; the Company being part of a merger, consolidation, sale of assets or other reorganization, or a proxy contest, as a consequence of which members of the Board of Directors in office immediately prior to such transaction or event constitute less than a majority of the Board of Directors thereafter; and during any period of twenty-four consecutive months, individuals who at the beginning of such period constituted the Board of Directors (including, for this purpose, any new director whose election or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such period) cease for any reason to constitute at least a majority of the Board of Directors.

Pursuant to the Globecomm Systems Inc. 1997 Stock Incentive Plan and the 2006 Plan, with respect to options granted prior to its amendment in August 2011, all outstanding stock options and restricted stock held by any executive officer (as well as those held by other employees) will become fully vested upon certain changes in control of the Company.

Pursuant to the 2006 Plan, as amended, in the event that the Company shall be the surviving corporation in any merger or consolidation (except a merger or consolidation as a result of which the holders of shares of common stock receive securities of another corporation), all outstanding stock options and restricted stock on the date of such transaction shall pertain to and apply to the securities which a holder of the number of shares of common stock subject to such stock option or restricted stock would have received in such transaction. In the event of other transactions, the plan administrator shall have the discretion to cancel and make payment for such outstanding awards, allow delayed exercise of such awards or provide for the exchange of such awards.

If the Named Executive Officer does not provide the Company notice of resignation and remains employed by the Company through the first anniversary of a Change in Control, he would be paid a one-time bonus payment equal to 50% of his then-applicable annual base salary (the Retention Bonus); provided that the Named Executive Officer must execute and deliver to the Company a general release as a condition of receiving the Retention Bonus.

If, within one year after a Change in Control, a Named Executive Officer gives notice of his resignation for Good Reason due to either a material reduction in the individual's duties or responsibilities or a change in the individual's reporting relationship and the Company requests that he continue his employment until a date no later than the first anniversary of the Change in Control, then the Named Executive Officer will

receive the severance payments and benefits described above only if he continues his employment until that date.

If the payments to a Named Executive Officer (including the value of accelerated vesting of stock options and restricted stock) in connection with a Change in Control exceed three times the individual's five-year average compensation from the Company, the portion of the payments that exceeds one times the individual's average compensation will be subject to a 20% excise tax. The Executive Agreements provide that the severance payments and the Retention Bonus will be reduced to the extent necessary to prevent the imposition of the excise tax, unless the Named Executive Officer would retain a greater net payment by receiving the full amount and paying the excise tax. The amount of compensation that is subject to the excise tax would not be deductible for federal tax purposes by the Company, except as described in note 6 of the table below.

The table below shows the benefits that would be payable under the 2006 Plan had there been a Change in Control on June 30, 2011.

Named Executive Officer	Early Vesting of Stock Options⁽¹⁾	Vesting of Restricted Stock⁽²⁾
David E. Hershberg	\$	\$ 1,141,093

Andrew C. Melfi		700,216
Thomas C. Coyle		427,900
Andrew Silberstein	10,132	414,939

(1) All currently outstanding options are fully vested for each Named Executive Officer, except for Mr. Silberstein, who has 5,000 unvested options as of June 30, 2011. The value shown is determined by multiplying the number of stock options on the date of grant by the fair value calculated in accordance with the Financial Accounting Standards Board ASC Topic 718.

(2) The value shown was determined by multiplying the number of shares of restricted stock by the closing price of our Common Stock on June 30, 2011.

The amounts shown above are those that the Named Executive Officers would have received had there been a Change in Control on June 30, 2011, and the individual remained employed. The table below shows the benefits that would be payable to the Named Executive Officers under the 2006 Plan and the Executive Agreements, as applicable, had there been both a Change in Control and a termination of employment without cause or for Good Reason on June 30, 2011.

The Company would have had a loss of deductibility for federal tax purposes with respect to such amounts.

In the event the Company gives notice of election not to extend the initial term or any renewal term of the Executive Agreements with any of Messrs. Hershberg, Hall or Melfi, the executive would be entitled to 3 years of severance payments and benefits.

Certain Relationships and Related Persons Transactions

On April 8, 2011, the Company entered into an Agreement and Plan of Merger with ComSource Inc. (ComSource) in exchange for an initial cash purchase price of \$19.9 million. The former ComSource shareholders are also entitled to receive additional cash payments of up to an aggregate of \$21.0 million, subject to an earn-out based upon the acquired business achieving certain earnings milestones within 24 months following the closing. The Company paid a \$250,000 advisory fee to Stephens Inc., an investment banking firm, regarding the ComSource transaction. Although the retention of Stephens Inc. was discussed with the members of the Audit Committee, the terms of the retention were not formally brought to the attention of the committee. One of our directors, A. Robert Towbin, is an Executive Vice President of Stephens Inc.

Factors Affecting Compensation

Tax Deductibility of Executive Compensation

In implementing the Company's compensation programs, the Compensation Committee's general policy is to consider any significant effects of Section 162(m) of the Internal Revenue Code, enacted in 1993, which generally disallows a tax deduction to publicly held companies for compensation exceeding \$1.0 million paid to certain of the corporation's

executive officers. The limitation does not apply to compensation that qualifies as performance-based compensation within the meaning of Section 162(m). The compensation paid to the Company's executive officers for the 2011 fiscal year did not exceed the

Table of Contents

\$1.0 million limit per officer. The Globecomm Systems Inc. 1997 Stock Incentive Plan and the 2006 Plan are structured so that any compensation deemed paid to an executive officer in connection with the exercise of option grants made under those plans with an exercise price equal to the fair market value of the option shares on the grant date, and restricted grants under those plans will qualify as performance-based compensation, and therefore will not be subject to the \$1.0 million limitation.

Accounting Considerations

The Compensation Committee considers the accounting implications with respect to the executive compensation program, including the estimated cost for financial reporting purposes of equity compensation under FASB ASC Topic 718 Stock Compensation.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act) and the rules adopted by the SEC thereunder, at the Annual Meeting, we are providing stockholders with a non-binding, advisory vote on our compensation program for our Named Executive Officers. This vote is colloquially referred to as say on pay .

Accordingly, at the Annual Meeting, stockholders will have the opportunity to vote on the following resolution:

RESOLVED, that the stockholders of Globecomm Systems Inc. (the Company), in a non-binding, advisory vote, hereby approve the compensation paid to the Company s named executive officers as disclosed pursuant to Item 402 of Regulation S-K in the Company s 2011 proxy statement under the headings Compensation Discussion and Analysis and Executive Compensation.

This vote is non-binding. Our Compensation Committee, however, expects to take into account the outcome of the vote when considering future executive compensation decisions to the extent its members can determine the cause or causes leading to the results of this vote.

As described in detail under Compensation Discussion and Analysis, our executive compensation program is designed to motivate and retain our Named Executive Officers. Our Compensation Committee engages in rigorous benchmarking and analysis of our Named Executive Officers target compensation levels to ensure that our executive compensation program is competitive with the companies with which we believe we compete for executive talent. At the same time, our Compensation Committee has designed our executive compensation program to ensure that Named Executive Officers actual compensation levels are reflective of the results we achieve for our stockholders on both an annual and longer-term basis.

Stockholders are encouraged to carefully read the information set forth under the headings Compensation Discussion and Analysis and Executive Compensation.

Our Board of Directors recommends that you vote FOR the approval, on an advisory basis, of the compensation of our Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K in this proxy statement under the headings Compensation Discussion and Analysis and Executive Compensation. If you are a stockholder of record and return a signed and dated proxy card without marking any voting selections, your shares will be voted FOR the compensation of our Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K in this proxy statement under the headings Compensation Discussion and Analysis and Executive Compensation. If you are a beneficial owner of shares held in street name and return a signed and dated voting instruction card without marking any voting selections for this proposal, your shares will be voted FOR the compensation of our Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K in this proxy statement under the headings Compensation Discussion and Analysis and Executive Compensation. If you do not return your proxy card or your voting instruction card, your shares will not be voted with respect to this proposal.

PROPOSAL 4

ADVISORY VOTE ON THE FREQUENCY OF THE STOCKHOLDER ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the Dodd-Frank Act and rules adopted by the SEC required thereunder, at the Annual Meeting, we are providing our stockholders with the opportunity to vote, on a non-binding, advisory basis, on whether the stockholder advisory vote on executive compensation should be held every one, two or three years. Stockholders also may abstain from casting a vote on this proposal. This vote is colloquially referred to as say on frequency .

Accordingly, at the Annual Meeting, stockholders will have the opportunity to vote on the following resolution:

RESOLVED that the stockholders recommend, in an advisory vote, whether a non-binding stockholder vote to approve the compensation of the Company's Named Executive Officers should occur every [one], [two] or [three] years.

The actual interval reflected in the resolution passed at the Annual Meeting will be the frequency that receives a majority of the votes cast in person or by proxy at the Annual Meeting. In the absence of a majority of votes cast in support of any one frequency, the option that receives the greatest number of votes will be considered the frequency selected by our stockholders.

Our Board of Directors believes that an advisory vote on executive compensation that occurs once every three years is the most appropriate alternative for the Company and is the optimal interval for conducting and responding to a say on pay vote for a number of reasons, including:

The Board of Directors believes the best way for stockholders to evaluate Company performance is over a three-year period because our executive compensation programs are designed to motivate and reward sustainable long-term performance. A three-year time horizon will provide stockholders with a long-term view of whether our executive compensation programs are achieving their objectives. In addition, because the Summary Compensation Table provides three years of compensation history, stockholders can compare compensation and performance trends since the last stockholder advisory vote.

Stockholders can provide the Company their views on executive compensation matters during the interval between stockholder advisory votes.

For awards under our long-term equity incentive compensation plans, our Compensation Committee generally utilizes a three-year performance or vesting cycle. Accordingly, it generally takes a full three years to assess the pay for performance relationship of our executive compensation. Therefore, it is both logical and appropriate to align the say on pay vote with this same three-year interval.

A triennial say on pay vote provides an effective timeframe for our Compensation Committee to analyze and, as appropriate, respond to stockholder feedback that can be gleaned from the say on pay vote.

The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the Board's

recommendation.

Table of Contents

Although this advisory vote on the frequency of the say on pay vote is non-binding, the Board and our Compensation Committee will take into account the outcome of the vote when considering the frequency of future say on pay votes.

Our Board of Directors recommends that you vote FOR the option of EVERY THREE YEARS, on an advisory basis, as the interval between future advisory say on pay votes. If you are a stockholder of record and return a signed and dated proxy card without marking any voting selections, your shares will be voted for a THREE year interval for the advisory say on pay vote. If you are a beneficial owner of shares held in street name and return a signed and dated voting instruction card without marking any voting selections for this proposal, your shares will be voted for a THREE year interval for the advisory say on pay vote. If you do not return your proxy card or your voting instruction card, your shares will not be voted with respect to this proposal.
