PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies by our Board of Directors for use at our Annual Meeting of Stockholders or any adjournment of the Annual Meeting to be held on Friday, May 16, 2003, at 9:00 a.m., local time. We will hold the meeting at our offices located at One Harmon Plaza, 9th Floor, Secaucus, New Jersey 07094. We are holding the Annual Meeting for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. We expect to mail the Notice of Annual Meeting of Stockholders, this Proxy Statement and the enclosed proxy card to stockholders entitled to vote at the Annual Meeting on or about April 11, 2003.

RECORD DATE AND VOTING SECURITIES

You can ensure that your shares are voted at the Annual Meeting by signing and returning the enclosed proxy card in the envelope provided. Your submission of a signed proxy will not affect your right to attend the Annual Meeting and vote in person. You retain the right to revoke your proxy at any time before your proxy is voted by filing with our Secretary a written revocation or a proxy bearing a later date. Your presence at the Annual Meeting does not itself revoke that proxy unless you file written notice of revocation of the proxy with our Secretary at any time prior to the voting of the proxy.

Proxies will be voted as you specify. Where specific choices are not indicated, proxies will be voted FOR the proposals submitted for approval. The proxy card provides space for you to withhold voting for any or all nominees to our Board of Directors or to abstain from voting for any proposal if you choose to do so.

Under Delaware Law and the Company's Amended and Restated Bylaws (the "Bylaws"), the presence of a quorum is required to transact business at our Annual Meeting. A quorum is defined as the presence, either in person or by proxy, of a majority of the shares entitled to vote. Proxies marked "abstain" will be included in determining a quorum. On routine matters, brokers who hold customer shares in "street name" but have not timely received voting instructions from such customers ("broker non-votes") have discretion to vote such shares. Accordingly, the presence of these shares will be included in determining a quorum for all matters presented at the Annual Meeting.

Under Delaware law and our Bylaws, proposals must be approved by the affirmative vote of a majority, or, in the case of the election of directors, a plurality, of the shares present, either in person or by proxy, at our Annual Meeting and entitled to vote. Accordingly, abstentions have the same effect as votes "against" a proposal.

Our Board of Directors has fixed the close of business on March 25, 2003 as the record date for the determination of our stockholders who are entitled to receive notice of and to vote at our Annual Meeting. At the close of business on the Record Date, we had outstanding 38,839,026 shares of Common Stock, excluding treasury shares. The holders of our Common Stock are entitled to one vote for each share of Common Stock held on the Record Date.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Our Board of Directors is responsible for our management and direction and for establishing our corporate policies. Our Board of Directors held six meetings during the year ended December 31, 2002 ("Fiscal 2002") and acted five times by unanimous written consent in lieu of meeting. No director attended

less than 75% of the board and committee meetings scheduled during Fiscal 2002, other than Motokazu Yoshida.

Our Board of Directors has four standing committees: the Executive Committee, the Audit Committee, the Compensation and Management Development Committee and the Nominating and Corporate Governance Committee. The principal responsibilities of each committee are described in the following paragraphs.

Executive Committee. Our Executive Committee is comprised of Roger S. Penske (Chairman), Samuel X. DiFeo, Michael R. Eisenson, James A. Hislop and Lucio A. Noto. Our Executive Committee's primary function is to assist our Board of Directors by acting upon matters when the Board is not in session. The Executive Committee has the full power and authority of the Board, except to the extent limited by law or the Company's Certificate of Incorporation or Bylaws. The Executive Committee held one meeting in Fiscal 2002, and acted once by unanimous written consent in lieu of a meeting.

Audit Committee. Our Audit Committee is comprised of Michael R. Eisenson (Chairman), Ronald G. Steinhart and John Barr. In Fiscal 2002, Eustace Mita also served on the Audit Committee. The Audit Committee is governed by a written charter that was adopted by our Board. The written charter was reviewed by the Audit Committee and our Board in 2002 in light of the new and proposed New York Stock Exchange rules governing audit committees and applicable law. As a result of the review, the Board adopted an Amended and Restated Audit Committee Charter which is attached as Appendix A. The purpose of the Committee is to assist the Board of Directors in fulfilling its oversight responsibility relating to (i) the integrity of our financial statements and financial reporting process and our systems of internal accounting and financial controls; (ii) the performance of the internal audit function; (iii) the annual independent audit of our financial statements, the engagement of the independent auditors and the evaluation of the independent auditors' qualifications, independence and performance; (iv) our compliance with legal and regulatory requirements, including our disclosure controls and procedures; (v) the evaluation of enterprise risk issues; and (vi) the fulfillment of the other responsibilities set out in the Charter. Our Audit Committee held five meetings in Fiscal 2002. During Fiscal 2002, our Board examined the composition of the Audit Committee in light of the New York Stock Exchange rules governing audit committees and under applicable law. The Board confirmed that all members of the Audit Committee are independent and financially literate within the meaning of the Exchange's rules and under applicable law. Mr. Steinhart serves on the audit committee of three other entities. In 2002, the Board determined that Mr. Steinhart's simultaneous service on three audit committees in addition to our audit committee would not impair his ability to effectively serve as a member of our audit committee.

Compensation and Management Development Committee. Our Compensation and Management Development Committee is comprised of Lucio A. Noto (Chairman), H. Brian Thompson and Motokazu Yoshida. Our Compensation and Management Development Committee is also governed by a written charter adopted by our Board. The purpose of the Committee is to discharge the responsibility of the Board of Directors relating to compensation of the Company's Directors, executive officers and such other employees as the Committee may determine and related matters. Our Compensation and Management Development Committee held two meetings during Fiscal 2002.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is comprised of H. Brian Thompson (Chairman) and Eustace Mita. The Nominating and Corporate Governance Committee is governed by a written charter adopted by our Board. The purpose of the Committee is to identify individuals qualified to become members of the Board, to recommend Director nominees for each annual meeting of shareholders and nominees for election to fill any vacancies on the Board of Directors and to address related matters. The Committee shall also develop and recommend to the Board of Directors corporate governance principles applicable to the Company and be responsible for leading the annual review of the Board's performance. The Nominating and Corporate Governance Committee was formed in December 2002, and did not meet in Fiscal 2002.

Employment Contracts

We entered into a letter agreement with Samuel DiFeo in August 1999. Pursuant to this agreement, Mr. DiFeo agreed to serve as our President through December 31, 1999, subject to our right to extend his service as President through December 31, 2000, at a compensation level of at least \$0.5 million per year. Under the agreement, all of Mr. DiFeo's stock options outstanding as of the date of the agreement immediately vested. If Mr. DiFeo's employment is terminated as a result of death, Mr. DiFeo's estate is entitled to receive, among other things, a cash payment of \$0.8 million. We have extended Mr. DiFeo's service.

In addition, we agreed to retain Mr. DiFeo as a consultant after the letter agreement expires. The consulting agreement is to continue for a period of 48 months and may be extended for an additional year at our option. It provides for compensation of \$0.4 million per year, plus use of an automobile, reimbursement of expenses and other health benefits. The agreement prohibits Mr. DiFeo from seeking or obtaining employment in the automotive industry while the consulting agreement is in effect.

We are not a party to employment contracts with the remaining named executive officers.

Compensation Of Directors

We have established a Non-Employee Director Compensation Plan to compensate our directors who are not our paid employees, who we call Outside Directors. Pursuant to the Non-Employee Director Compensation Plan, each Outside Director receives an annual retainer of \$40,000. These fees are payable, at the option of each Outside Director, in cash or in common stock at the current market price and payment of the fees may be deferred. Each Outside Director is also entitled to the use of one of our vehicles. All directors are entitled to reimbursement for their reasonable out-of-pocket expenses in connection with their travel to, and attendance at, meetings of the Board of Directors or its committees. As of December 31, 2002, we had nine Outside Directors and three employee directors. In accordance with the internal policies of their employers, some of our directors assign their director compensation to the organizations that employ them or they waive the payment of the fee entirely. Directors who are also our or our subsidiaries' employees receive no cash compensation for serving as directors or as members of Board committees. In February 2002, Roger Penske and Samuel DiFeo were each granted options to purchase 20,000 shares of common stock at an exercise price equal to the fair market value of our common stock on the date of grant.

REPORT OF THE COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE ON EXECUTIVE COMPENSATION

Our Compensation and Management Development Committee's responsibilities include establishing our policies regarding the compensation of our executive officers and other key employees. The Compensation and Management Development Committee approves all elements of compensation for our executive officers and is responsible for the administration of our equity incentive plans.

Executive Compensation. Our compensation program consists of base salary, annual incentive payments, stock options, other equity-based awards and employee benefits. The goal of our compensation program is to motivate and reward our executive officers and other key employees to improve long-term stockholder value and to attract and retain the highest quality executive and key employee talent available. Our executive compensation program is designed to align executive compensation practices with increasing the value of our Common Stock and to foster adherence to, and promotion of, our business mission, values, strategic goals and annual objectives.

Our Compensation and Management Development Committee reviews and counsels with management relative to corporate structure. It reviews salary levels as well as salary increases for the current year in order to maintain internal compensation consistency and external compensation competitiveness. It reviews and recommends incentive payments to be made in connection with the previous year's performance considering the executive's scope of responsibilities, level of experience, individual performance and attainment of pre-established goals, as well as our business plan and general economic factors. In making its decisions the committee receives input from our Chief Executive Officer and President to assure congruity with our long-term performance goals.

Base Salary and Bonus. The salary levels for our officers are determined by level of job responsibility and experience, job performance and attainment of pre-established goals. Bonus payouts to our executive officers and other key employees are influenced by the attainment of corporate earnings goals.

Options; Equity Incentives. Our Compensation and Management Development Committee believes strongly that the interests of senior management must be closely aligned with those of our stockholders. Long-term incentives in the form of stock options provide a vehicle to reward our officers only if there is an increase in stockholder value. We grant stock options on a discretionary basis within a guideline range that takes into account the position responsibilities of executive officers and key employees whose contributions and skills are important to our long-term success. Stock options to purchase Common Stock providing long-term incentives may be granted to our officers with a maximum term of ten years.

Table of Contents

During Fiscal 2002, our Compensation and Management Development Committee granted 574,708 options to purchase Common Stock to our executive officers or key employees. The options were granted at exercise prices equal to the fair market value of the Common Stock on the dates of grant.

In December 2002, we amended our Stock Option Plan in addition to adopting the 2002 Equity Compensation Plan (the 2002 Plan). We amended the Stock Option Plan and adopted the 2002 Plan to provide the flexibility to issue equity-based incentives other than just options. In addition to options, we are now able to award stock appreciation rights, restricted stock, restricted stock units, performance shares and other stock based awards. The Compensation and Management Development Committee intends to evaluate the various alternatives available to it under the plans to ensure that equity-based incentives continue to align the interests of senior management with those of our stockholders and to otherwise properly compensate and incentivize our senior management.

Chief Executive Officer. For 2002, our Compensation and Management Development Committee awarded Mr. Penske a bonus of \$0.9 million. The bonus was based on our strong financial and operational performance. In Fiscal 2002, we substantially increased our gross revenues and net income from 2001 levels. We successfully accomplished the completion of an equity offering of our common stock, the issuance of \$300.0 million in subordinated debt and acquired the Sytner Group, plc with 67 franchises in the United Kingdom. We also continued to make considerable improvement in same store sales and certain key business initiatives, such as completion of the construction of the Chauncey Ranch project in Scottsdale Arizona, which added 6 franchises to our operations in Arizona. Mr. Penske did not participate in the approval of his own compensation, but did participate in the discussion of our performance in Fiscal 2002.

Policy Regarding Qualifying Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally imposes a \$1,000,000 per taxable year ceiling on tax-deductible remuneration paid to any one of the five most highly compensated executive officers of a publicly-held corporation, unless the remuneration is treated as performance based or is otherwise exempt from the provisions of Section 162(m). While the Compensation and Management Development Committee intends to maximize the tax-efficiency of its compensation programs generally, it retains the flexibility in its membership and in the manner in which it awards compensation to act in the best interests of the Company and its stockholders, including awarding compensation which may not be deductible by reason of Section 162(m).

The foregoing report is provided by the following independent directors, who constitute the Compensation Committee:

On February 22, 2002, we entered into a second amended and restated stockholders agreement (superseding the February 28, 2001 stockholders agreement) (Stockholders Agreement) with Aeneas Venture Corporation (AVC), International Motor Cars Group I, L.L.C. and International Motor Cars Group II, L.L.C. (the PCP Entities), Mitsui & Co., Ltd. and Mitsui & Co. (U.S.A.), Inc. (together, Mitsui), Penske Corporation, Penske Automotive Holdings Corp., and Penske Capital Partners, L.L.C. (collectively, Penske), J.P. Morgan Partners (BHCA), L.P.

(JPMP) (as to certain sections only) and Combined Specialty Insurance Company (formerly Virginia Surety Company, Inc.) (AON) (as to certain sections only). Each of AVC, the PCP Entities, Mitsui and Penske are referred to in this section as the Significant Stockholders. In August 2002, AON sold all of its common stock of the Company to the Company, Mitsui and Penske Corporation. Upon completion of the sale, the rights and obligations of AON under the stockholders agreement terminated. Pursuant to that transaction, we purchased 1,009,463 shares of our common stock for \$16.0 million.

Pursuant to the stockholders agreement, the Significant Stockholders have agreed to vote their shares of common stock to elect Roger S. Penske, four additional persons nominated by the PCP Entities, one person nominated by Mitsui and three independent persons as our directors. The PCP Entities' nominees to the board of directors are Richard J. Peters, James A. Hislop and Eustace W. Mita. The PCP entities are entitled to elect one more director. Motokazu Yoshida is the nominee to the board of directors by Mitsui. The Significant Stockholders have also agreed to use their reasonable best efforts to have the Compensation Committee of the board of directors consist of Roger S. Penske, one additional designee of the PCP Entities and two independent directors. The PCP Entities have not designated a member of the Compensation Committee and Mr. Penske does not currently serve on the Compensation Committee.

If the beneficial ownership in us of the PCP Entities and Penske is reduced below 20%, the number of designees of the PCP Entities will be reduced by one for each 2.5% decrease in beneficial ownership. In addition, the right of the PCP Entities to designate directors will be suspended when the beneficial ownership in us of the PCP Entities and Penske is reduced below 10%. The right of Mitsui to designate a director will be suspended when Mitsui's beneficial ownership is reduced to below 2.5%. If the right of the PCP Entities or Mitsui to nominate directors is reduced, the Significant Stockholders must use their reasonable best efforts to have the successors to those directors both be selected by a majority of the remaining directors, excluding the director whose position is no longer entitled to be designated by Mitsui or the PCP Entities, and not be affiliates of the PCP Entities. These provisions regarding board membership terminate in February 2005.

The Significant Stockholders also agreed, until December 14, 2003, among other things, not to acquire or seek to acquire any of our capital stock or assets, enter into or propose a business combination involving us or our affiliates, participate in a proxy contest with respect to us or initiate or propose any stockholder proposals with respect to us or our affiliates. Notwithstanding the prior sentence, the stockholders agreement permits (1) any transaction by a Significant Stockholder approved by either a majority of non-affiliated members of the board of directors or a majority of the non-affiliated stockholders, (2) in the case of Mitsui or AVC, the acquisition of securities if, after giving effect to such acquisition, the beneficial ownership of such party in us is less than or equal to 49% and, in the case of the PCP Entities, is less than or equal to 65%, (3) the granting by the board of directors of options to affiliates of the PCP Entities or the Significant Stockholders, (4) the exercise of stock options, or (5) any transaction contemplated by, or in furtherance of, the registration rights agreement dated February 22, 2002 or the stockholders agreement.

The PCP Entities and Penske agreed that if, prior to February 1, 2005, they transfer any shares, other than to certain permitted transferees or affiliates, or at the direction of JPMP or AON or to Penske Capital Partners, L.L.C., JPMP, AON, Mitsui and AVC would be entitled to transfer a specified amount of additional shares upon similar terms and conditions.

Penske and its affiliates (other than the Company) agreed that prior to August 1, 2003 they would not transfer their restricted securities in connection with the Company's first primary public offering of securities which included a secondary sale component. Penske and its affiliates also agreed not to transfer such securities prior to August 1, 2003 or under Rule 144 of the Act through May 1, 2002. In addition, until February 1, 2005, if JPMP wants to transfer its shares (other than to certain permitted transferees or affiliates), Penske Corporation has a right of first offer to purchase the shares.

The PCP Entities agreed to cause Roger S. Penske to serve as the chairman of the board of directors and chief executive officer until August 3, 2002.

Registration Rights Agreements. In October 1993 we entered into a registration rights agreement with AVC and others. Stockholders parties to this agreement received certain demand and piggyback registration rights in connection with the registration of our capital stock.

On May 3, 1999, we and the PCP Entities entered into a registration rights agreement and on December 22, 2000, we and Penske Automotive Holdings Corp., a subsidiary of Penske Corporation, entered into a registration rights agreement. Pursuant to these agreements, the PCP Entities and Penske Corporation each may require us on three occasions to register all or part of their common stock. Other of our stockholders who are entitled to include securities in any registration demanded by the PCP Entities or Penske Corporation may do so but the securities of the other stockholders will be excluded in the event that market factors require a limitation on the number of shares to be included. The PCP Entities and Penske Corporation are also entitled to request inclusion of all or any part of their common stock in any registration of securities by us on Forms S-1, S-2 and S-3 under the Securities Act.

On February 22, 2002, we and Mitsui entered into an amended and restated registration rights agreement, which superseded a registration rights agreement dated February 28, 2001. Pursuant to the agreement, if we propose to register any of the Penske Corporation or PCP Entities registrable securities as a result of a demand pursuant to the Penske registration rights agreements (other than a demand to sell securities held by the PCP Entities on behalf of JPMP or AON), Mitsui is entitled to request inclusion of all or any part of its common stock in any registration of securities by us on Forms S-1, S-2 and S-3 under the Securities Act.

In addition, on February 22, 2002, we entered into a registration rights agreement with International Motor Cars Group I, L.L.C. and International Motor Cars Group II, L.L.C., JPMP, and AON. The rights and obligations of AON under the registration rights agreement terminated upon completion of the sale of all of its common stock in August 2002. Pursuant to the agreement, we have filed a shelf registration statement covering 4,792,193 shares for the benefit of the selling stockholders (including 1,448,323 shares beneficially owned by AVC). The shelf registration statement was declared effective in January 2003. We also granted certain piggyback registration rights to the stockholders.

From time to time we have entered into other registration rights agreements pursuant to which we have granted piggyback rights and, on occasion, demand rights. We do not believe the number of shares, if any, covered by these additional agreements is significant.

We have agreed to pay all expenses (subject to some limitations) incident to the registration and disposition of the securities registered pursuant to the registration rights agreements (other than underwriting discounts and commissions in respect thereof).

Penske Option Agreement. On August 3, 1999, in accordance with the terms of the Stockholders Agreement, we entered into a stock option agreement with Roger Penske, our Chairman of the Board and Chief Executive Officer, pursuant to which we awarded Mr. Penske options to purchase 400,000 shares of common stock at an exercise price of \$10.00 per share. Such options vested in equal installments over a three year period beginning May 3, 2000 so long as Mr. Penske continued to serve as Chairman of the Board. The options were fully vested as of May 3, 2002.

CarsDirect.com. In May 2000, we, along with Penske Automotive Group, Inc., an automobile dealership company controlled by Roger S. Penske, entered into an Operating Agreement with CarsDirect.com, Inc. whereby Penske Automotive Group and we supply vehicles to CarsDirect.com at pre-negotiated prices through Penske Automotive Group's and our respective franchised vehicle dealers. During the term of the Operating Agreement, CarsDirect.com will offer the franchised vehicle dealers of Penske Automotive Group or the Company with the closest geographic proximity to the customer the first opportunity to supply the vehicle purchased through their website. In addition, Penske Automotive Group and we separately provide CarsDirect.com with daily vehicle inventory information.

As consideration for entering into the Operating Agreement, CarsDirect.com granted to Penske Automotive Group and us warrants to purchase 3,650,000 shares of Series D Preferred Stock of CarsDirect.com at a per share purchase price of \$15.76, which vest and become exercisable annually based upon certain sales milestones under the Operating Agreement. We and Penske Automotive Group have

agreed to allocate the warrants after they vest in proportion to our relative sales to CarsDirect.com under the Operating Agreement.

Other Transactions

From time to time, we pay and/or receive fees from Penske Corporation and its affiliates for services rendered in the normal course of business, including rents paid to Automotive Group Realty, LLC (AGR), as described below. These transactions reflect the provider's cost or an amount mutually agreed upon by both parties. Roger S. Penske, our Chairman of the Board and Chief Executive Officer, is the Chairman of the Board and Chief Executive Officer of Penske Corporation. We believe that the payments relating to these transactions are on terms at least as favorable as those that could be obtained from an unaffiliated third party negotiated on an arm's length basis. Aggregate payments relating to such transactions amounted to \$18.9 million in 2002.

We are currently a tenant under a number of non-cancelable lease agreements with Samuel X. DiFeo and members of his family. Mr. DiFeo is our President and Chief Operating Officer and one of our directors. During Fiscal 2002 we paid \$4.0 million to Mr. DiFeo and his family under these lease agreements. We believe that the terms of these transactions are at least as favorable as those that could be obtained from an unaffiliated third party negotiated on an arm's length basis.

We are currently a tenant under a number of non-cancelable lease agreements with Automotive Group Realty, LLC., (AGR). AGR is a wholly-owned subsidiary of Penske Corporation. During Fiscal 2002, we paid \$10.2 million to AGR under these lease agreements. In addition, in Fiscal 2002 we sold AGR real property and improvements for \$85.5 million which were subsequently leased by AGR to us. The sale of each parcel of property was valued at a price which was either independently confirmed by a third party appraiser or at the price for which we purchased the property from an independent third party. We believe that the terms of these transactions are at least as favorable as those that could be obtained from an unaffiliated third party negotiated on an arm's length basis.

We are also party to operating agreements with Roger S. Penske, Jr., the son of Roger S. Penske reflecting:

the ownership by Mr. Penske, Jr. of 10% of one of our subsidiaries, HBL, LLC, and the ownership by us of the remaining 90% of HBL, LLC, and

the ownership by Mr. Penske, Jr. of 4.7% of one of our subsidiaries, United Auto do Brasil, Ltda., and by us of 90.6% of United Auto do Brasil, Ltda.

In 2001, Mr. Penske, Jr. contributed approximately \$7.2 million for his 10% interest in HBL, LLC, and we contributed \$65.1 million for our 90% interest in HBL, LLC. In 2000, we contributed approximately \$3.6 million for our 90.6% interest in United Auto do Brasil, Ltda., and Mr. Penske, Jr. contributed approximately \$0.2 million for his 4.7% interest in United Auto do Brasil, Ltda. Before December 31, 2001, Mr. Penske, Jr. owned 20% of UAG Cerritos, LLC. On December 31, 2001, we purchased Mr. Penske, Jr.'s 20% interest in UAG Cerritos, LLC for \$1.8 million. From time to time, we provide these subsidiaries with working capital and other debt financing. For 2002, Mr. Penske, Jr., received a salary from us of eight hundred thousand dollars and a bonus of six hundred and fifty thousand dollars in his capacity as our Regional President.

We have previously agreed to enter into an operating agreement with Lucio A. Noto, one of our directors, which provides that an entity in which Mr. Noto has an interest (the Investor) will own approximately 6.2% of UAG Connecticut I, LLC and will have the option to increase its ownership up to 20%. The cost to acquire the incremental ownership has been established and represents the pro-rate value ascribed to the business on the date of the original transaction (March 2001). We will own the remaining 93.8% of UAG Connecticut I, LLC. Pursuant to the terms of the operating agreement between the Company and the Investor, the Investor is entitled to 20% of the operating profits generated by UAG Connecticut I, LLC from the date of the original transaction (March 2001).

**APPROVAL OF THE UNITED AUTO GROUP, INC.
2002 EQUITY COMPENSATION PLAN**

Our Board of Directors proposes that our stockholders approve the United Auto Group, Inc. 2002 Equity Compensation Plan (the Plan). The Plan permits the granting of the following Awards: (1) stock options, including both nonqualified options and incentive options, (2) stock appreciation rights (SARs), (3) restricted stock and restricted stock units (RSUs), (4) performance shares, and (5) other awards which are denominated or payable in, valued by reference to, or otherwise based on Common Stock (other stock-based awards) to key employees, outside directors, consultants and advisors of our company and its subsidiaries.

The Board of Directors believes that it is in the best interest of our company and its stockholders to be able to offer Awards to key employees, outside directors, consultants and advisors in accordance with the terms of the Plan, in order provide incentives to such key employees, outside directors, consultants and advisors to make significant and extraordinary contributions to our long-term performance and growth, to join the interests of key employees, outside directors, consultants and advisors with the interests of our stockholders, and to facilitate attracting and retaining key employees, outside directors, consultants and advisors with exceptional ability.

The full text of the Plan is set forth on Appendix B to this Proxy Statement. The major features of the Plan are summarized below, but you should review the Plan itself for a full understanding of its contents.

Administration; Plan Participants

A committee (the Committee) of the Board of Directors consisting exclusively of two or more non-employee directors will administer the Plan. The Plan authorizes the Committee to interpret the Plan, to promulgate, amend and rescind rules and regulations relating to the Plan and to make all other determinations necessary or advisable for its administration. Unless otherwise determined by the Board of Directors, the Committee's determinations and interpretations under the Plan will be binding on participants. Under the Plan, we have agreed to indemnify the Committee members for reasonable expenses incurred in connection with the defense of any action, suit or proceeding involving any action or failure to act with respect to the Plan (other than matters where the Committee member is determined to have acted in bad faith).

Participants are chosen by the Committee from among those of our key employees (including officers and directors who are also key employees), outside directors, consultants and advisors who, in the judgment of the Committee, are or will become responsible for, our direction and financial success. The Committee determines those eligible participants to be granted Awards, the type of Award and the terms and conditions of the Awards.

Amendment or Termination of the Plan

The Plan may be terminated or amended at any time by our Board of Directors. Unless sooner terminated, the Plan will terminate ten years after its adoption by the Board of Directors, and no Awards may be awarded thereafter. The termination of the Plan will not affect the validity of any Award outstanding on the date of termination.

For purposes of conforming to any changes in applicable law or governmental regulations, or for any other lawful purpose, the Board of Directors has the right, with or without approval of our stockholders, to amend or revise the terms of the Plan at any time; however, no such amendment or revision can (i) with respect to the Plan, increase the maximum number of shares in the aggregate which are subject to the Plan or with respect to which Awards may be made to individual participants (other than anti-dilution adjustments), materially change the class of persons eligible to be participants under the Plan or establish additional and different business criteria on which performance share goals are based without approval or ratification of our stockholders; or (ii) with respect to an Award previously granted under the Plan, except as otherwise specifically provided in the Plan, alter or impair any such Award without the consent of the holder thereof.

Table of Contents

Maximum Awards

Subject to adjustment as described below, Awards may be granted for a maximum of 2,100,000 shares of Common Stock during the term of the Plan. Under the Plan, if any shares subject to any Award are forfeited, or if any such Award terminates without the delivery of shares or other consideration, the shares previously used or reserved for such Awards will be available for future Awards. In any event, the maximum number of shares with respect to which Awards may be granted to any individual during the term of the Plan may not exceed 500,000 shares. In addition, the aggregate fair market value (determined at the time an incentive option is granted) of shares with respect to which incentive options are exercisable for the first time by any individual during any calendar year cannot exceed \$0.1 million. The amount of cash and the value of any property paid to any individual during any calendar year in settlement of a performance share cannot exceed \$5 million.

The Committee, in its discretion, may adjust the number of shares which may be made the subject of new Awards or are then subject to outstanding Awards, the option price with respect to each outstanding stock option, the grant value with respect to outstanding SARs, and the aggregate number of shares available at any time under the Plan to reflect such events as a stock split, stock dividend, or other extraordinary corporate event. The Awards that may be granted under the Plan cannot presently be determined. In addition, the Plan does not prevent us or any of our affiliates from adopting or continuing in effect other or additional compensation arrangements.

Awards

Awards granted under the Plan will be evidenced by a written agreement between us and each participant, which will be in accordance with the Plan and may contain restrictions and limitations that do not violate the terms of the Plan. Subject to the terms of the Plan, the Committee may grant a participant one or more of the following Awards and any combination thereof:

Stock Options and SARs. The Committee in its discretion may grant either incentive options meeting the definition of incentive stock option under Section 422 of the Internal Revenue Code of 1986, as amended (Code) or nonqualified options not meeting such definition, or any combination of incentive and nonqualified options. The option price for incentive options may not be less than 100% (110% for a participant owning 10% or more of our voting stock) of the fair market value of the Common Stock on the grant date. The option price for nonqualified options may not be less than 50% of the fair market value of the Common Stock on the grant date. Incentive options may only be granted to an employee of our company or any of our subsidiaries in which we own directly or indirectly 50% or more of the combined voting power of all classes of its stock.

SARs may be granted in conjunction with or independent of any stock option granted under the Plan. An SAR granted in conjunction with a stock option may either be an alternative right or an additional right. The exercise of an SAR granted as alternative right will terminate the stock option to the extent of the number of shares with respect to which the SAR is exercised and vice versa. For SARs granted as an additional right, both the SAR and the stock option may be exercised. Upon exercise of an SAR, a participant is generally entitled to receive an amount equal to the difference between the fair market value of the shares with respect to which the participant exercises the SAR at the time of grant and the fair market value of the shares with respect to which the participant exercises the SAR at the time of exercise. This amount may be payable in cash or shares of Common Stock or any combination thereof.

Incentive options and related SARs are generally nontransferable by a participant other than by will or the laws of descent and distribution and stock options and SARs will be exercisable, during the lifetime of the participant, only by the participant. However, the Committee in its discretion may permit a the transfer of nonqualified option or any related or independently granted SAR.

At the time of exercise, the option price for the exercise of options must be paid in full in cash, or with the consent of the Committee, in Common Stock. In the discretion of the Committee, payment may also be made by (a) our retaining from the shares to be delivered upon exercise of the option that number of shares having

Table of Contents

the fair market value on the date of exercise equal to the option price, (b) by delivery of irrevocable instructions to a stock broker to promptly deliver to us full payment of the option price of the shares so purchased from the proceeds of the stock broker's sale of, or loan against, such shares (a Regulation T Stock Option Exercise), or (c) if we have a stock repurchase program in effect, by requesting that we repurchase and retain the repurchase price for the number of shares having a fair market value equal to the option price.

Restricted Stock Awards or RSUs. The Committee may grant restricted stock or RSUs to a participant. Restricted stock and RSUs are nontransferable and will have an established restriction period that may differ for each participant and with respect to all or any portion of the same Award. Participants are entitled to all dividend and voting rights with respect to restricted stock. A participant will have no ownership interest in RSUs, but may, in the discretion of the Committee, receive dividend equivalents on such units. Upon termination of a participant's employment for any reason, all shares or units which are still subject to restrictions will be forfeited; however if the termination results from death, permanent disability, retirement at a retirement age permitted under our retirement plan or policies, or is without cause or is under an agreement an agreement with us, the Committee may, in its discretion, release some or all of the shares or units from the restrictions. At the expiration of the restriction period, (i) with respect to restricted stock, we will deliver stock certificates to the participant or the legal representative of the participant's estate or if the shares were previously issued with a legend, we will reissue certificates without the legend, and (ii) with respect to RSUs, we will pay a participant an amount equal to the fair market value of that number of shares to which such RSU relates. In the discretion of the Committee, the amount paid with respect to an RSU may be paid in cash or property or any combination thereof and may be paid in installments, currently or on a deferred basis with provision for the payment or crediting of dividend equivalent or reasonable rate of interest on installment or deferred payment.

Performance Shares. The Committee may grant to a participant the right to obtain performance shares. Unless otherwise determined by the Committee, performance shares or rights in them are nontransferable. A participant's right to obtain performance shares will be subject to the attainment of one or more pre-established performance goals over a performance period prescribed by the Committee. The performance goal will be established in writing no later than the earlier of 90 days after the start of a performance period or expiration of the first 25% of the performance period and while the outcome of the performance goal is substantially uncertain. The performance goals must be based on the following business criteria: free cash flow, cash flow return on investment, stock price, market share, sales, revenues, earnings per share, return on equity, total stockholder return, costs, net income, working capital turnover, inventory or receivable turnover and/or margins of our company, or any of our subsidiaries, as divisions or units. The Committee, in its discretion, will establish the specific targets and other details of the performance goal. A performance goal must, however, be objective so that a third party with knowledge of the relevant facts could determine whether the goal has been attained. The performance goal must prescribe an objective formula or standard under which a third party could compute the number of performance shares issuable to a participant. Unless otherwise determined by the Committee in the case of a participant who dies or becomes permanently disabled, the performance shares will be issued to a participant only after the expiration of the performance period and the Committee has certified in writing that the performance goal and any other material terms of the Award have been satisfied. No participant will have the rights of a shareholder with respect to performance shares until their actual issuance. In the discretion of the Committee, (i) a participant may defer the receipt of a performance share until a later time and (ii) all or any portion of a performance share Award may be settled by payment of cash or other property in an amount not to exceed \$5.0 million.

Other Stock Based Awards. The Committee may grant participants other Awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, shares of Common Stock as are deemed by the Committee, in its discretion, to be consistent with the purpose of the Plan; such grants must comply with applicable law.

Federal Income Tax Consequences

The rules governing the tax treatment of stock options, SARs, restricted stock awards and RSUs, stock acquired upon the exercise of a stock option and SAR, and the receipt of performance shares are quite

Table of Contents

technical. Therefore, the description of the tax consequences set forth below is necessarily general in nature and does not purport to be complete. Moreover, the statutory provisions are subject to change, as are their interpretations, and their application may vary in individual circumstances. Finally, the tax consequences under applicable state and local income tax laws may not be the same as under the federal income tax laws.

Stock Options. Incentive options granted pursuant to the Plan are intended to qualify as Incentive Stock Options within the meaning of Section 422 of the Code. If the participant makes no disposition of the shares acquired pursuant to exercise of an incentive option within one year after the transfer of shares to such participant and within two years from the grant of the option, the participant will realize no taxable income as a result of the grant or exercise of such option, and any gain or loss that is subsequently realized may be treated as long-term capital gain or loss, as the case may be. Under these circumstances, we will not be entitled to a deduction for federal income tax purposes with respect to either the issuance of such incentive options or the transfer of shares upon their exercise.

If shares subject to incentive options are disposed of prior to the expiration of the above time periods, the participant will recognize ordinary income in the year in which the disqualifying disposition occurs, the amount of which will generally be the lesser of (i) the excess of the market value of the shares on the date of exercise over the option price, or (ii) the gain recognized on such disposition. In general, such amount will be deductible by us for federal income tax purposes in the same year, as long as we satisfy certain federal income tax withholding requirements. In addition, the excess, if any, of the amount realized on a disqualifying disposition over the market value of the shares on the date of exercise will be treated as capital gain.

A participant who acquires shares by exercise of a nonqualified option generally realizes as taxable ordinary income, at the time of exercise, the difference between the exercise price and the fair market value of the shares on the date of exercise. In general, such amount will be deductible by us in the same year, provided that the amount constitutes reasonable compensation and we satisfy certain federal income tax withholding requirements. Subsequent appreciation or decline in the value of the shares on the sale or other disposition of the shares will generally be treated as capital gain or loss.

Stock Appreciation Rights. A participant generally will recognize ordinary income upon the exercise of a stock appreciation right in an amount equal to the amount of cash received and the fair market value of any shares received at the time of exercise, plus the amount of any taxes withheld. Such amount will ordinarily be deductible by us in the same year as long as the amounts constitute reasonable compensation and we satisfy certain federal income tax withholding requirements.

Restricted Stock Awards. A participant who is granted a restricted stock award under the Plan is not required to include the value of such shares in ordinary income until the first time such participant's rights in the shares are transferable or are not subject to substantial risk of forfeiture, whichever occurs earlier, unless such participant timely files an election under Section 83(b) of the Code to be taxed on the receipt of the shares. In either case, the amount of such income will be equal to the fair market value of the shares at the time the income is recognized. We will ordinarily be entitled to a deduction, in the amount of the ordinary income recognized by the participant, at the same time the participant recognizes such income, as long as the amount constitutes reasonable compensation and we satisfy certain federal income tax withholding requirements.

Performance Shares. A participant who is granted a performance share Award will generally not recognize any income upon the grant of the Award. The participant will generally recognize as ordinary income, the fair market value of the shares transferred upon the completion of the performance period and the attainment of the performance goal and we will generally be entitled to a deduction equal to the fair market value of the shares transferred to the participant at that time.

Section 162(m). Section 162(m), as added to the Code in 1993, denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent such compensation exceeds \$1 million. It is possible that compensation attributable to Awards under the Plan, when combined with all other types of compensation received by a covered employee from us, may cause this limitation to be exceeded in any particular year. Certain types of compensation, however, including so-called

Table of Contents

performance-based compensation, are disregarded for purposes of the deduction limitation. Compensation attributable to stock options and SARs having an exercise price not less than the fair market value of the Common Stock on the grant date should qualify as performance-based compensation under the Plan. Compensation attributable to performance shares has also been structured to qualify for the performance-based compensation exclusion to the \$1 million deduction limitation.

Withholding Payments

If, upon the grant, exercise, release of restrictions or settlement of or in respect of an Award, or upon any other event or transaction under or relating to the Plan, we must pay amounts for federal income or employment tax withholding, in the Committee's discretion, either we will appropriately reduce the amount of stock, cash or other property to be paid to the participant or the participant must pay such amount to enable us to pay or to reimburse us for paying such income or employment tax withholding. The Committee may, in its discretion, permit the participant to satisfy such withholding obligations (i) by, in whole or in part, electing to reduce the number of shares of Common Stock delivered or deliverable by us in respect of an Award, (ii) by electing to tender Common Stock back to us subsequent to receipt of such shares in respect of an Award, (iii) in the case of a Regulation T Stock Option Exercise, by irrevocably instructing the stock broker to promptly deliver (in addition to the option price) an amount equal to such withholding tax from the proceeds of the stock broker's sale of or loan against some or all of the shares, or (iv) if we have a stock repurchase program in effect, by requesting that we repurchase (and retain the repurchase price of) that number of shares issuable or issued under the Plan having a then fair market value equal to the amount of withholding tax due. We also withhold the amount of such taxes from any other sums or property due or to become due us to the participant. We may also defer issuance of shares under the Plan until payment by the participant to us of the amount of any such tax. The Committee may make such other arrangements with respect to income or employment tax withholding as it may determine.

Accounting Treatment

SARs will require a charge against our earnings each year representing appreciation in the value of such rights. In the case of SARs, such charge is based on the difference between the market value of the Common Stock on the date of grant and the current market price of the Common Stock. Upon a decline in the market price of the Common Stock subsequent to a charge against earnings related to the estimated costs of Stock Appreciation Rights, reversal of prior charges is made in the amount of such decline (but not to exceed aggregate prior charges against earnings).

Restricted stock awards will require a charge against our earnings representing the value of the benefit conferred, which may be spread over the restricted period. Such charge is based on the market value at the time the shares are transferred.

Generally, neither the grant nor the exercise of an incentive option or a nonqualified option under the Plan requires any charge against earnings, if the exercise price of the option is equal to the fair market value of the shares on the date of grant. If the exercise price is below the fair market value of the shares on the date of grant, an earnings charge for the difference will be required either at the date of grant or possibly over the term of the option.

The foregoing general tax discussion is intended for the information of stockholders considering how to vote with respect to this proposal and not as tax guidance to participants in the Plan. Different tax rules may apply to specific participants and transactions under the Plan.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of our accounting functions and internal controls. The Audit Committee acts under a written charter originally adopted and approved by the Board of Directors and amended by the Board of Directors in December 2002. Each of the members of the Audit Committee is independent, as defined by the New York Stock Exchange listing standards and applicable law. A copy of the amended Audit Committee Charter is attached to this Proxy Statement as Appendix A.

The responsibilities of the Audit Committee include recommending to the Board of Directors an accounting firm to be engaged as our independent accountants. In accordance with the amended Audit Committee Charter, beginning with the appointment of our independent public accountants for Fiscal 2003, the Audit Committee has the sole authority to retain and terminate our independent accountants. The Audit Committee is responsible for recommending to the Board of Directors that our financial statements be included in our annual report. The Audit Committee took a number of steps in making this recommendation for Fiscal 2002. First, the Audit Committee discussed with Deloitte & Touche those matters required to be discussed by Statement on Auditing Standards No. 61, including information regarding the scope and results of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed with Deloitte & Touche the independence of Deloitte & Touche and received from Deloitte & Touche a letter concerning independence as required under applicable independence standards for auditors of public companies. This discussion and disclosure assisted the Audit Committee in evaluating such independence. Finally, the Audit Committee reviewed and discussed the annual audited and quarterly unaudited financial statements with our management and Deloitte & Touche in advance of public release of operating results, and filing of annual and quarterly reports with the Securities and Exchange Commission. Based on the discussions with Deloitte & Touche concerning the audit, and their independence, and the financial statement review, and such other

matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board of Directors that our financial statements be included in our 2002 Annual Report on Form 10-K.

INDEPENDENT ACCOUNTANTS

Our Board of Directors has, based on the recommendation of our Audit Committee, appointed Deloitte & Touche LLP as independent auditors for the 2003 fiscal year. Deloitte & Touche LLP will audit our consolidated financial statements for the 2003 fiscal year and perform other services.

Audit Fees. The aggregate fees for professional services rendered by Deloitte & Touche LLP in connection with their audit of our consolidated financial statements and reviews of the consolidated condensed financial statements included in our Quarterly Reports on Form 10-Q for Fiscal 2002 were approximately \$542,000.

Financial Information Systems Design and Implementation Fees. There were no professional services rendered by Deloitte & Touche LLP in Fiscal 2002 relating to financial information systems design and implementation.

All Other Fees. The aggregate fees for all other services rendered by Deloitte & Touche LLP in Fiscal 2002 were approximately \$1,380,000 and can be sub-categorized as fees for attestation and tax compliance services. These services rendered by Deloitte & Touche LLP included matters such as consents related to SEC and other registration statements, audits of employee benefit plans, agreed-upon procedures and consultation on accounting standards or transactions.

Other Considerations. The Audit Committee has considered the nature of the above-listed services provided by Deloitte & Touche LLP and determined that they are compatible with their provision of independent audit services. The Audit Committee has discussed these services with Deloitte & Touche LLP and management to determine that they are permitted under the Code of Professional Conduct of the American Institute of Certified Public Accountants and the auditor independence requirements of the Securities and Exchange Commission.

We are currently implementing procedures to ensure full compliance with the provisions of the Sarbanes-Oxley Act of 2002, including restrictions on the services which may be provided to us by Deloitte & Touche LLP. The Audit Committee believes that these restrictions would have had no significant effect on the nature and scope of services provided by Deloitte & Touche LLP in 2002 nor on our ability to procure accounting, tax or other professional services as required.

A representative of Deloitte & Touche LLP will be present at the Annual Meeting with the opportunity to make a statement and to answer questions.

I. Statement of Purpose

The Audit Committee is a standing committee of the Board of Directors. The purpose of the Committee is to assist the Board of Directors in fulfilling its oversight responsibility relating to (i) the integrity of the Company's financial statements and financial reporting process and the Company's systems of internal accounting and financial controls; (ii) the performance of the internal audit services function; (iii) the annual independent audit of the Company's financial statements, the engagement of the independent auditors and the evaluation of the independent auditors' qualifications, independence and performance; (iv) the compliance by the Company with legal and regulatory requirements, including the Company's disclosure controls and procedures; (v) the evaluation of enterprise risk issues; and (vi) the fulfillment of the other responsibilities set out herein. The Committee shall also prepare the report of the Committee required to be included in the Company's annual proxy statement.

In discharging its responsibilities, the Committee is not itself responsible for the planning or conduct of audits or for any determination that the Company's financial statements are complete and accurate or in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditors.

II. Organization

A. Charter. At least annually, this charter shall be reviewed and reassessed by the Committee and any proposed changes shall be submitted to the Board of Directors for approval.

B. Members. The members of the Committee shall be appointed by the Board of Directors and shall number at least three, who meet the independence, experience and expertise requirements of the New York Stock Exchange and applicable law. The Board of Directors shall also designate a Committee Chairperson. Unless otherwise determined by the Board of Directors of the Company, no Committee Member may serve on more than three Audit Committees of companies who have issued any outstanding publicly-traded equity securities.

C. Meetings. In order to discharge its responsibilities, the Committee shall each year establish a schedule of meetings; additional meetings may be scheduled as required. In planning the annual schedule of meetings, the Committee shall ensure that sufficient opportunities exist for its members to meet separately with the independent auditors and/or the head of internal audit (or internal audit service providers), without management present; to meet separately with management, without the independent auditors and/or the head of internal audit (or internal audit service providers) present; and to meet in private with only the Committee Members present.

The minutes shall be circulated in draft form to all Committee Members to ensure an accurate final record, shall be approved at a subsequent meeting of the Committee and shall be distributed periodically to the full Board of Directors. The Committee shall make regular reports to the Board of Directors.

F. *Performance Evaluation.* The Committee shall evaluate its performance on an annual basis and establish criteria for such evaluation.

III. Responsibilities

The following shall be the principal responsibilities of the Audit Committee:

A. *Engagement of Independent Auditors.* The Committee shall engage the independent auditors, including in connection with any non-audit services, and oversee, evaluate and, where appropriate, replace the independent auditors. The Committee shall approve the fees paid to the independent auditors, including in connection with any non-audit services.

B. *Determination as to Independence and Performance of Independent Auditors.* The Committee shall review and evaluate the lead partner of the independent auditor team. The Committee shall receive periodic reports from the independent auditors as required by the Independence Standards Board (or any successor body) regarding the auditors' independence, which shall be not less frequently than annually. The Committee shall also obtain and review a report from the independent auditor at least annually regarding (a) the independent auditor's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the firm, (c) any steps taken to deal with any such issues, and (d) all relationships between the independent auditor and the Company. The Committee shall evaluate the qualifications, performance and independence of the independent auditor, including considering whether the auditor's quality controls are adequate and the provision of permitted non-audit services is compatible with maintaining the auditor's independence, and taking into account the opinions of management and internal auditors. In addition, the Audit Committee shall present its conclusions with respect to the independent auditor to the Board. The Audit Committee shall also ensure the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by law and consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the independent auditing firm on a regular basis. Finally, the Audit Committee shall recommend to the Board policies for the Company's hiring of employees or former employees of the independent auditor who participated in any capacity in the audit of the Company.

C. *Determination as to Performance of Internal Auditors.* The Committee shall annually review the experience and qualifications of the senior members of the internal auditors and the quality control procedures of the internal auditors. If the internal audit services are outsourced, the Committee shall be responsible for the engagement, evaluation and termination of the internal audit service providers and shall approve fees paid to the internal audit service providers. As part of its responsibility to evaluate any internal audit service providers, the Committee shall review the quality control procedures applicable to the service providers. The Committee shall also obtain not less frequently than annually a report of the service providers addressing such service providers' internal control procedures, issues raised by their most recent internal quality control review or by any inquiry or investigation by governmental or professional authorities for the preceding five years and the response of such service providers.

D. *Audits by Internal and Independent Auditors.* The Committee shall discuss with either the internal auditor, or the audit service providers (as the case may be) and the independent auditors the overall scope and plans for their respective audits, including the adequacy of staffing and other factors that may affect the effectiveness and timeliness of such audits. In this connection, the Committee shall discuss with management, the internal auditor, audit service providers and the independent auditors the Company's major risk exposures (whether financial, operating or otherwise), the adequacy and effectiveness of the accounting and financial

Management and the internal auditor or the audit service providers, as the case may be, shall report periodically to the Committee regarding any significant deficiencies in the design or operation of the Company's internal controls, material weaknesses in internal controls and any fraud (regardless of materiality) involving persons having a significant role in the internal controls, as well as any significant changes in internal controls implemented by management during the most recent reporting period of the Company.

E. Pre-Approval of Audit and Non-Audit Services. The Committee shall approve guidelines for the retention of the independent auditors for any non-audit service and the fee for such service and shall determine procedures for the approval of audit and non-audit services in advance. G. Review of Annual SEC Filings. The Committee shall review with management and the independent auditors the financial information to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of the Form 10-K), including the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations, their judgment about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, the clarity of the disclosures in the financial statements and the adequacy of internal controls. The Committee shall also discuss the results of the annual audit and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards, applicable law or listing standards, including matters required to be discussed by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90. The Committee may discuss with the national office of the independent auditors issues on which it was consulted by the Company's audit team and matters of audit quality and consistency. Based on such review and discussion, the Committee shall make a determination whether to recommend to the Board of Directors that the audited financial statements be included in the Company's Form 10-K.

H. Review of Quarterly SEC Filings and Other Communications.
