REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Plan Administrator of
Mercantile Bank of Michigan 401(k) Plan
Grand Rapids, Michigan

We have audited the accompanying statements of net assets available for benefits of the Mercantile Bank of Michigan 401(k) Plan (formerly known as the Mercantile Bank of West Michigan 401(k) Plan) ("the Plan") as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the year ended December 31, 2005 in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2005 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2005 financial statements as a whole.

MERCANTILE BANK OF MICHIGAN 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2005 and 2004

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Mercantile Bank of Michigan 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan was established by the plan sponsor, Mercantile Bank of Michigan (the Bank), effective January 1, 1998. The Plan is a defined contribution plan which covers all employees who have completed one hour of service. The Plan has a contributory 401(k) portion based on elective contributions from participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Elective deferrals by participants under the 401(k) provisions are based on a percentage of their compensation as defined in the Plan agreement which are subject to certain limitations. Employees also may rollover account balances from other plans into their account. The Bank may, at the sole discretion of the Board of Directors, contribute to each participant's account a matching contribution which is a percentage of the participant's elective contribution for the year. For 2005, the Bank made matching contributions equal to 100% of the first 5% of the compensation deferred by each 401(k) participant subject to certain limitations as specified in the Plan agreement.

Participant Accounts: Each participant's account is credited with the participant's contributions and an allocation of (a) the Bank's contributions and (b) Plan earnings. Allocations are based on participant earnings, contributions or account balances, as defined. The benefit to which a participant is entitled is the aggregate of the participant's deferrals and rollovers and employer matching contributions. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Retirement, Death and Disability: A participant is entitled to 100% of his or her account balance upon retirement, death or disability while employed.

Vesting: Participants are immediately vested in their elective and employer contributions plus actual earnings thereon.

Payment of Benefits: A participant or his or her beneficiary receives a distribution of the participant's account balance in a lump sum. A participant may receive the portion of his or her account invested in Mercantile Bank Corporation in either common shares or cash.

MERCANTILE BANK OF MICHIGAN 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2005 and 2004

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Loan Provisions: The Plan provides that participants can borrow funds against their account balances up to 50% of their vested balance, or \$50,000, whichever is less.

Expenses: Substantially all administrative expenses are paid by the Plan sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Mutual fund shares and Mercantile Bank Corporation common stock are traded on national exchanges and are valued at the last sales price on the date of valuation. Investments in the common collective trust are valued at estimated fair value based upon the net asset value of the shares held by the Plan, as determined by the plan custodian. Participant loans are stated at cost which approximates fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates: The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties for Investments: The Plan has investments in mutual funds and stocks. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Concentration of Credit Risk: At December 31, 2005 and 2004 approximately 60% and 65% of the Plan's assets were invested in Mercantile Bank Corporation common stock.

Payment of Benefits: Benefits are recorded when paid.
