Mercantile Bank of Michigan

401(k) Plan

Grand Rapids, Michigan

We have audited the accompanying statement of net assets available for benefits of Mercantile Bank of Michigan 401(k) Plan (the Plan) as of December 31, 2006, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting.

Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006, and the changes in net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2006, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements, and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements**

**1. Plan Description**

The following description of Mercantile Bank of Michigan 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan Agreement or Summary Plan Description for a more complete description of the Plan's provisions.

***General***

The Plan was established by the plan sponsor, Mercantile Bank of Michigan (the Bank), effective January 1, 1998. The Plan is a defined contribution plan covering eligible employees who have completed one hour of service. Eligible employees can enter the Plan on the first day of the fiscal quarter following date of hire. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

***Contributions***

Elective deferrals by participants under the 401(k) provisions are based on a percentage of their compensation, subject to certain limitations as defined by the Plan Agreement. Participants may also rollover account balances from other qualified defined benefit or defined contribution plans into their account.

The Bank may contribute additional amounts at the discretion of the Bank's Board of Directors in the form of a matching contribution which is a percentage of the participant's elective contribution for the year. In 2006 and 2005, the Bank made matching contributions equal to 100% of the first 5% of compensation deferred by each participant, subject to certain limitations as specified in the Plan Agreement.

***Participant Accounts***

Each participant's account is credited with the participant's contributions, allocations of the Bank's matching contribution and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investment of their account balances into various investment options offered by the Plan.

**Table of Contents**

**Mercantile Bank of Michigan  
401(k) Plan  
Notes to Financial Statements**

*Vesting*

Participants are immediately vested in their elective deferrals and employer contributions and earnings thereon.

*Participant Loans*

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates that are commensurate with local borrowing rates. Current interest rates range from 4.25% to 8.25%. Principal and interest is paid ratably through payroll deductions over a period not to exceed five years, unless the loans were used to purchase a primary residence in which case the loan terms shall not exceed ten years.

*Payment of Benefits*

Upon separation of service, death, disability, or retirement, a participant or his or her beneficiary will receive a distribution of the participant account as a lump-sum amount. A participant may receive the portion of his or her account invested in Mercantile Bank Corporation in either common shares or cash. Additionally, under certain circumstances of financial hardship, participants are allowed to withdraw funds from the Plan.

*Administrative Expenses*

Substantially all administrative expenses are paid by the Plan sponsor.

**2. Significant Accounting Policies**

*Basis of Accounting*

The accompanying financial statements are prepared under the accrual method of accounting.

*Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein. Actual results could differ from those estimates.

**Table of Contents**

**Mercantile Bank of Michigan  
401(k) Plan  
Notes to Financial Statements**

***Risk and Uncertainties***

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

***Concentration of Credit Risk***

At December 31, 2006 and 2005, approximately 48% and 60%, respectively, of the Plan's assets were invested in Mercantile Bank Corporation common stock. A significant decline in the market value of the common stock would significantly affect the net assets available for benefits.

***Investment Valuation and Income Recognition***

The Plan's investments in mutual funds and Mercantile Bank Corporation common stock are stated at fair value based on quoted market prices of shares held by the Plan. The investment in the common/collective trust (Gartmore Stable Value Fund) is stated according to the Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (FSP), which became effective and was adopted by the Plan for the year ended December 31, 2006, and was applied retroactively to December 31, 2005, as required. The FSP states that contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis. Participant loans are stated at cost, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Common stock	<b>176,300</b>	69,772
	<b>\$1,017,732</b>	\$384,464

**4. Related Party Transactions**

Parties-in-interest are defined under Department of Labor (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer and certain other parties. Professional fees for the administration and audit of the Plan are paid by the Bank.

Certain Plan investments are managed by Charles Schwab Trust Company. Schwab is the custodian as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions.

The 183,890 and 181,962 shares of Mercantile Bank Corporation common stock held by the Plan as of December 31, 2006 and 2005, respectively, represent approximately 2.3% and 2.4% of the Corporation's outstanding shares as of December 31, 2006 and 2005, respectively.

Cash dividends of \$92,850 and \$70,724 were paid to the Plan by Mercantile Bank Corporation during 2006 and 2005, respectively. A 5% stock dividend was declared and paid by Mercantile Bank Corporation during 2006 and 2005. **5. Plan Termination**

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

**6. Tax Status**

The Internal Revenue Service has determined and informed the Bank by a letter dated June 1, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC).

Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. The related trust, therefore, is not subject to tax under present tax law.

**7. Change in Trustee/Plan Amendments**

On August 1, 2005, the Plan's assets were transferred to Charles Schwab Trust Company (custodian). The Plan was also amended to implement daily valuation of participant accounts which will be administered by a third party administrator.

Also, effective August 1, 2005, the name of the Plan was changed to Mercantile Bank of Michigan 401(k) Plan. The Plan was formerly known as Mercantile Bank of West Michigan 401(k) Plan.

Effective January 1, 2006, the Plan was amended to incorporate various regulatory provisions recently required. Effective October 1, 2006, the Plan was amended to allow participants to receive in-service distributions of funds the participant rolled into the Plan from another qualified plan.
