Report of Independent Auditors

Allegheny Technologies Incorporated

We have audited the accompanying statements of net assets available for benefits of the Savings and Security Plan of the Lockport and Waterbury Facilities as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at

December 31, 2002 and 2001, and the changes in its net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) as of December 31, 2002 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Savings and Security Plan of the
Lockport and Waterbury Facilities

Notes to Financial Statements

December 31, 2002

1. SIGNIFICANT ACCOUNTING POLICIES

Investments are valued as follows:

Bank and insurance contracts with varying contract rates and maturity dates are stated at contract value.

Although it is management's intention to hold the investment contracts in the Fixed Income Fund until maturity, certain investment contracts provide

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form 11-K

for adjustments to contract value for withdrawals made prior to maturity.

All other funds are stated at their net asset value, based on the quoted market prices of the securities held in such funds on applicable exchanges.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. DESCRIPTION OF THE PLAN

The Savings and Security Plan of the Lockport and Waterbury Facilities of Allegheny Ludlum Corporation (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The purpose of the Plan is to provide a savings and retirement plan to eligible employees of the Lockport and Waterbury Facilities of Allegheny Ludlum Corporation (ALC) by allowing a portion of their salary to be set aside each month through payroll deductions. ALC (the Company) is a wholly owned subsidiary of Allegheny Technologies Incorporated (ATI, the Plan Sponsor). The Plan allows employees to contribute a portion of eligible wages each pay period through payroll deductions subject to Internal Revenue Code limitations. The Company's contribution effective July 1, 2001 consists solely of \$0.50 for each hour worked by the participant (fixed dollar retirement). Prior to July 1, 2001, participants could defer up to 8% of their eligible wages to the Plan based on years of service (basic savings deferral). In addition, participants could defer additional amounts such that when combined with the basic savings deferral, the total deferral did not exceed 16% of eligible wages or Internal Revenue Code limitations. The Company, prior to July 1, 2001, contributed 6.5% of the participant's eligible wages plus a fixed dollar percentage as defined in the Plan regardless of whether the participant made any basic savings deferrals. The Company also contributed a matching contribution equal to 50% of the participant's basic savings deferral.

Lockport and Waterbury Facilities

2. DESCRIPTION OF THE PLAN (CONTINUED)

Separate accounts are maintained by the Plan Sponsor for each participating employee. Trustee fees and asset management fees charged by the Plan's trustee, Mellon Bank, N.A., for the administration of all funds are charged against net assets available for benefits of the respective fund. Certain other expenses of administering the Plan are paid by the Plan Sponsor.

Participants may make "in-service" and hardship withdrawals as outlined in the plan document.

Prior to July 1, 2001, under certain provisions of the Plan, contributions by the Plan Sponsor, which have been allocated to the accounts of the participants, were subject to forfeiture upon participant's termination of employment with less than five years of service. Such forfeitures will be used to reduce future contributions by the employer. Prior to July 1, 2001, employer matching

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form 11-K

contributions allocated to a participant's account became fully vested after a participant completed five years of service. Employee contributions and the fixed dollar retirement contributions are fully vested at all times. Effective July 1, 2001, participants are fully vested in their entire participant account balance.

Active employees can borrow up to 50% of their vested account balances. The loan amounts are further limited to a minimum of \$500 and a maximum of \$50,000, and an employee can obtain no more than three loans at one time. Interest rates are determined based on commercially accepted criteria, and payment schedules vary based on the type of the loan. General purpose loans are repaid over 6 to 60 months, and primary residence loans are repaid over periods up to 180 months. Payments are made by payroll deductions.

Effective November 29, 1999, Allegheny Teledyne Incorporated's name was changed to Allegheny Technologies Incorporated. Also, the Aerospace and Electronics and Consumer segments of Allegheny Teledyne were spun off into two new freestanding public companies--Teledyne Technologies Incorporated and Water Pik Technologies, Inc. Stockholders of Allegheny Teledyne became stockholders of Teledyne Technologies Incorporated and Water Pik Technologies, Inc., thus creating two new master trusts. Participants continued to hold interests in the two new companies until December 31, 2002, at which time these two holdings were terminated and the assets were transferred to one of the other plan investment options.

Further information about the Plan, including eligibility, vesting, contributions, and withdrawals, is contained in the plan documents, summary plan description and related contracts. These documents are available from the Plan Sponsor.

The Master Trust was established for the investment of assets of the Plan, and

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form 11-K

several other ATI sponsored retirement plans. Each participating retirement plan has an undivided interest in the Master Trust. 3. INVESTMENTS (CONTINUED)

The Fixed Income Fund (the Fund) invests in guaranteed investment contracts (GICs) and actively managed structured or synthetic investment contracts (SICs). The GICs are promises by a bank or insurance company to repay principal plus a fixed rate of return through contract maturity. SICs differ from GICs in that there are specific assets supporting the SICs, and these assets are owned by the Master Trust. The bank or insurance company issues a wrapper contract that allows participant-directed transactions to be made at contract value. The assets supporting the SICs are comprised of government agency bonds, corporate bonds, asset-backed securities (ABOs) and collateralized mortgage obligations (CMOs) with fair values of \$88,750,762 and \$55,854,607 at December 31, 2002 and 2001, respectively. The contract value minus the market value of the wrapper contracts at December 31, 2002 and 2001 is \$(2,667,261) and \$(1,397,030), respectively.

Interest crediting rates on the GICs in the Fund are determined at the time of purchase. Interest crediting rates on the SICs are either: (1) set at the time of purchase for a fixed term and crediting rate; (2) set at the time of purchase for a fixed term and variable crediting rate or (3) set at the time of purchase and reset monthly within a "constant duration." A constant duration contract may specify a duration of 2.5 years and the crediting rate is adjusted monthly based upon quarterly rebalancing of eligible 2.5 year duration investment instruments

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form 11-K

at the time of each resetting; in effect the contract never matures. At December 31, 2002 and 2001, the interest crediting rates for GICs and Fixed Maturity SICs ranged from 3.27% to 8.05% and 3.49% to 8.05%, respectively.

For the years ended December 31, 2002 and 2001, the average annual yield for the investment contracts in the Fund was 5.74% and 6.25%, respectively. Fair value of the GICs was estimated by discounting the weighted average of the Fund's cash flows at the then-current interest crediting rate for a comparable maturity investment contract. Fair value for the SICs was estimated based on the fair value of each contract's supporting assets at December 31, 2002 and 2001.

4. INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated February 1, 1996, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to this issuance of the determination letter, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator

Edgar Filing: ALLEGHENY TECHNOLOGIES INC - Form 11-K

believes that the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

5. PARTIES-IN-INTEREST

Dreyfus Corporation is the manager of the Dreyfus Mutual Funds that are offered as investment options under this Plan. Dreyfus Service Corporation is the funds' distributor. Dreyfus Corporation and Dreyfus Service Corporation are both wholly owned subsidiaries of Mellon Financial Corporation. Mellon Financial Corporation also owns Mellon Bank, N.A., the Trustee for this Plan. Therefore, transactions with these entities qualify as party-in-interest.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
