**PROXY STATEMENT**

---

**ANNUAL MEETING OF STOCKHOLDERS**

**To Be Held on Thursday, May 8, 2003**

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of ANSYS, Inc. (the "Company"), for use at the Annual Meeting of Stockholders of the Company to be held on Thursday, May 8, 2003 at 2:00 p.m., local time, at the Southpointe Club, Southpointe, 360 Southpointe Blvd. in Canonsburg, Pennsylvania, and any adjournments or postponements thereof (the "Annual Meeting").

At the Annual Meeting, the stockholders of the Company will be asked to consider and vote upon the following matters:

1. The election of three Class I Directors for three-year terms, such terms to continue until the annual meeting of stockholders in 2006 and until such Director's successor is duly elected and qualified;
2. The amendment and restatement of the Company's 1996 Stock Option and Grant Plan to (a) increase the number of shares of the Company's common stock available for issuance thereunder, (b) eliminate the limitation on the number of shares available for issuance to the Company's Independent Directors, (c) limit non-option awards to 50% of the total number of shares remaining available for issuance and (d) prohibit repricing options without prior stockholder approval; and
3. Such other business as may properly come before the meeting and any adjournments or postponements thereof.

The Notice of Annual Meeting, Proxy Statement and Proxy Card are first being mailed to stockholders of the Company on or about March 27, 2003 in connection with the solicitation of proxies for the Annual Meeting. The Board of Directors has fixed the close of business on March 13, 2003 as the record date for the determination of stockholders entitled to notice of, and to vote at, the Annual Meeting (the "Record Date"). Only holders of record of the Company's common stock, par value \$.01 per share (the "Common Stock"), at the close of business on the Record Date will be entitled to notice of, and to vote at, the Annual Meeting. As of the Record Date, there were approximately 14,681,408 shares of Common Stock outstanding and entitled to vote at the Annual Meeting and approximately 247 stockholders of record. Each holder of a share of Common Stock outstanding as of the close of business on the Record Date will be entitled to one vote for each share held of record with respect to each matter submitted at the Annual Meeting.

## Edgar Filing: ANSYS INC - Form DEF 14A

The presence, in person or by proxy, of a majority of the total number of outstanding shares of Common Stock is necessary to constitute a quorum for the transaction of business at the Annual Meeting. Shares that reflect abstentions or broker non-votes (i.e., shares represented at the meeting held by brokers or nominees as to which instructions have not been received from the beneficial owners or persons entitled to vote such shares and with respect to which the broker or nominee does not have discretionary voting power to vote such shares) will be counted for purposes of determining whether a quorum is present for the transaction of business at the meeting.

The affirmative vote of holders of a plurality of the votes cast by holders of shares of Common Stock present and represented by proxy and entitled to vote on the matter is required for the election of the Class I Directors. Abstentions and broker non-votes will not be counted as voting with respect to the election of the Class I Directors and, therefore, will not have an effect on the election of the Class I Directors.

The affirmative vote of holders of a majority of shares of Common Stock present or represented by proxy and entitled to vote on the matter is required for the approval of the amended and restated 1996 Stock Option and Grant Plan (the 1996 Stock Plan ). Broker non-votes will not be considered entitled to vote on this matter and, therefore, will have no effect on the approval of the amended and restated 1996 Stock Plan. Abstentions will be counted as voting against the amendment to the 1996 Stock Plan.

**Stockholders of the Company are requested to complete, date, sign and return the accompanying Proxy Card in the enclosed envelope. You may also vote by telephone or on the internet in accordance with the procedures on the proxy card. Common Stock represented by properly executed proxies received by the Company and not revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. If instructions are not given therein, properly executed proxies will be voted FOR the election of the nominees for Director listed in this Proxy Statement and FOR the amended and restated 1996 Stock Plan. It is not anticipated that any matters other than the election of Class I Directors and the approval of the amended and restated 1996 Stock Plan will be presented at the Annual Meeting. If other matters are presented, proxies will be voted in accordance with the discretion of the proxy holders. Internet and telephone voting procedures verify stockholders identities and allow stockholders to confirm that voting has been recorded correctly. Stockholders voting through the internet should realize that there may be additional costs with electronic access, such as usage charges from internet access providers that must be paid by the stockholder.**

Any properly completed proxy may be revoked at any time before it is voted on any matter (without, however, affecting any vote taken prior to such revocation) by giving written notice of such revocation to the Secretary of the Company, or by signing and duly delivering a proxy bearing a later date, or by attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

The Annual Report of the Company, including financial statements for the fiscal year ended December 31, 2002 ( Fiscal 2002 ), is being mailed to stockholders of the Company concurrently with this Proxy Statement. The Annual Report, however, is not a part of the proxy solicitation material.

## **PROPOSAL 1**

### **ELECTION OF DIRECTORS**

The Board of Directors of the Company currently consists of seven members and is divided into three classes, with three Directors in Class I, two Directors in Class II and two Directors in Class III. Directors serve for three-year terms with one class of Directors being elected by the Company's stockholders at each annual meeting.

At the Annual Meeting, three Class I Directors will be elected to serve until the Annual Meeting of stockholders in 2006 and until such Director's successor is duly elected and qualified. The Board of Directors has nominated Peter J. Smith, Bradford C. Morley and Patrick J. Zilvitis for re-election as the Class I Directors. Unless otherwise specified in the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the re-election of Mr. Smith, Mr. Morley and Mr. Zilvitis as Directors. Proxies cannot be voted for a greater number of persons than the number of nominees named. The nominees have agreed to stand for re-election and to serve, if elected, as Directors. However, if any person nominated by the Board of Directors fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person or persons as the Board of Directors may recommend.

### **Vote Required For Approval**

## Edgar Filing: ANSYS INC - Form DEF 14A

A quorum being present, the affirmative vote holders of a plurality of the votes cast by holders of shares of Common Stock present or represented by proxy and entitled to vote on the matter is required for the election of the nominees as Class I Directors of the Company.

**THE BOARD OF DIRECTORS OF THE COMPANY RECOMMENDS A VOTE FOR THE ELECTION OF THE NOMINEES OF THE BOARD OF DIRECTORS AS CLASS I DIRECTORS OF THE COMPANY.**

**PROPOSAL 2**

**AMEND AND RESTATE 1996 STOCK OPTION AND GRANT PLAN**

The Board of Directors has adopted, and is seeking stockholder approval of, an amendment and restatement of the 1996 Stock Plan which would (1) increase the number of shares of Common Stock available for issuance under the 1996 Stock Plan from 4,250,000 to 5,350,000, (2) eliminate the limitation on the number of shares available for issuance to the Company's Independent Directors, (3) limit non-option awards to 50% of the total number of shares remaining available for issuance and (4) prohibit repricing options without prior stockholder approval.

**Reasoning for Amendment to the 1996 Stock Plan**

The Board of Directors feels that the number of shares available for issuance under the 1996 Stock Plan is not sufficient for future granting needs and that stock options are an important aspect in the success of the Company. At December 31, 2002, only 430,049 shares remained available for new grants under the 1996 Stock Plan. Encouraging employees and non-employee Directors to acquire equity ownership in the Company assures a closer identification of the interests of participants in the 1996 Stock Plan with those of the Company. The Board believes that a key objective of providing stock option grants is to attract, retain and reward employees who are responsible for leading the Company amid a competitive market for financial, technical, marketing and sales personnel. The Board also believes that the Company's ability to award options exercisable into shares of publicly-traded stock in the acquisition context can provide a significant tool for differentiating itself from other potential bidders for businesses the Company would like to acquire. The proposed increase in the number of shares of Common Stock available for issuance would result in the Company continuing to have at its disposal a valuable tool for attracting and retaining key personnel and for winning over potential acquisition candidates in each case in a highly competitive landscape.

Based on the last reported sale price on the Nasdaq National Market on December 31, 2002 (\$20.20 per share), the maximum aggregate market value of the additional 1,100,000 shares of Common Stock reserved for issuance under the 1996 Stock Plan would be \$22,220,000.

The Board of Directors also believes that the limitation on the aggregate number of shares that are available for issuance to the Company's independent directors should be eliminated. Prior to the proposed amendment, the 1996 Stock Plan provided that no more than 300,000 shares could be issued to the Company's independent directors. At December 31, 2002, only 48,393 shares remained available for new awards to independent directors under the 1996 Stock Plan based upon this limitation.

The Board believes that the remaining restrictions on awards to independent directors in the 1996 Stock Plan are sufficient to protect the stockholders from excessive awards to independent directors. The 1996 Stock Plan provides for automatic stock option awards to each independent director at the time he or she becomes a director and thereafter on an annual basis based upon a fixed formula or amount, in each case as described below under the heading "1996 Stock Option and Grant Plan - Independent Director Options." An independent director may only receive additional, discretionary awards if the independent director is not a member of the committee administering the 1996 Stock Plan. Currently, the Compensation Committee of the Board of Directors administers the 1996 Stock Plan and is responsible for making all awards thereunder. Therefore, the independent directors that serve as members of the Compensation Committee (currently, Ms. Morby and Mr. John Smith) are not eligible for additional awards. The other independent directors (currently, Messrs. Heinen, Morley and

Zilvitis) are eligible for additional awards, although none are currently contemplated. To date, the Compensation Committee has not made any award under the 1996 Stock Plan to any of Company's independent directors other than pursuant to its automatic stock option award provisions.

Given that the independent directors that are authorized to make discretionary awards under the 1996 Stock Plan are not eligible personally to receive these awards, the Board does not believe the aggregate limitation on the number of shares issuable to independent directors is necessary to protect the best interests of the Company's stockholders.

In addition, the Board of Directors believes that it is appropriate in light of recent actions taken by other public companies that have been perceived as adverse to their stockholders' interests to add restrictions to the 1996 Stock Plan providing that no more than 50% of all remaining awards under the 1996 Stock Plan may be made through non-option awards and that options issued thereunder may not be repriced without prior stockholder approval.

### **Description of 1996 Stock Option and Grant Plan**

*General Terms.* The 1996 Stock Plan was adopted originally by the Board of Directors on April 19, 1996 and was subsequently approved by the Company's stockholders. At the time of its adoption, 2,250,000 shares of Common Stock were available for issuance under the 1996 Stock Plan. The 1996 Stock Plan was amended by the Board of Directors in 1998 to increase the number of shares of Common Stock available for issuance to 3,250,000 and again in 2001 to increase the number of shares of Common Stock available for issuance to 4,250,000. Both of these prior amendments were approved by the Company's stockholders.

The 1996 Stock Plan permits (i) the grant of Incentive Options, (ii) the grant of Non-Qualified Options, (iii) the issuance or sale of Common Stock with or without vesting or other restrictions ( Stock Grants ), (iv) the grant of Common Stock upon the attainment of specified performance goals ( Performance Share Awards ) and (v) the grant of the right to receive cash dividends with the holders of the Common Stock as if the recipient held a specified number of shares of the Common Stock ( Dividend Equivalent Rights ). These grants may be made to officers and other employees, consultants and key persons of the Company and its subsidiaries. In addition, Independent Directors are automatically eligible for certain grants under the 1996 Stock Plan, as described below. On and after the date the 1996 Stock Plan becomes subject to Section 162(m) of the Code, options with respect to no more than 300,000 shares of Common Stock may be granted to any one individual in any calendar year.

During 2002, 443,275 options were granted under the 1996 Stock Plan. Options with respect to a total of 2,638,982 shares of Common Stock with issuance prices ranging from \$6.00 to \$26.56 (and a weighted average of \$13.48) were outstanding under the 1996 Stock Plan at December 31, 2002. At December 31, 2002, 430,049 shares were available for grant under the 1996 Stock Plan. The purposed increase in the number of shares of Common Stock available for issuance would provide the Company with continued flexibility to attract and retain key personnel needed to be successful in a highly competitive industry.

*Independent Director Options.* The 1996 Stock Plan provides for the automatic grant of Non-Qualified Options to Independent Directors. Under such provisions, options to purchase that number of shares of Common Stock determined by dividing \$200,000 by the Option Exercise Price (as defined below) will be granted to each individual when he or she first becomes a member of the Board of Directors, provided that he or she is not an employee of the Company or any subsidiary of the Company. In addition, in 1998 the Board of Directors amended the 1996 Stock Plan to provide that on the date five business days following each annual meeting of stockholders of the Company, each Independent Director who is then serving will be granted a Non-Qualified Option to purchase 12,000 shares of Common Stock. The Option Exercise Price of options granted to Independent Directors under the 1996 Stock Plan will equal the lesser of (i) the last reported sale price per share of Common Stock on the date of grant (or if no such price is reported on such date, such price on the nearest

preceding date on which such a price is reported) or (ii) the average of the last reported sales price per share of Common Stock as published in *The Wall Street Journal* for a period of ten consecutive days prior to such date. Options granted to Independent Directors under the foregoing provisions will vest in annual installments over four years, commencing with the date of grant, and will expire ten years after grant, subject to earlier termination if the optionee ceases to serve as a director. The exercisability of these options will be accelerated upon a Sale Event. A total of 251,607 Non-Qualified Options have been issued to date to Independent Directors under the plan.

*Administration.* The 1996 Stock Plan is administered by the Compensation Committee. Subject to the provisions of the 1996 Stock Plan, the Compensation Committee has full power to determine from among the persons eligible for grants under the 1996 Stock Plan (i) the individuals to whom grants will be granted, (ii) the combination of grants to participants and (iii) the specific terms of each grant. Incentive Options may be granted only to directors, officers or other employees of the Company or its subsidiaries, including members of the Board of Directors who are also employees of the Company or its subsidiaries.

The option exercise price of each option granted under the 1996 Stock Plan is determined by the Compensation Committee, but in the case of Incentive Options may not be less than 100% of the fair market value of the underlying shares on the date of grant and may not be exercisable more than ten years from the date the option is granted. If any employee of the Company or any subsidiary owns or is deemed to own at the date of grant shares of stock representing in excess of 10% of the combined voting power of all classes of stock of the Company or any subsidiary, the exercise price for options granted to such employee may not be less than 110% of the fair market value of the underlying shares on that date and the option may not be exercisable more than five years from the date the option is granted. No option may be exercised subsequent to the termination of the optionee's employment or other business relationship with the Company unless otherwise determined by the Compensation Committee or provided in the option agreement. At the discretion of the Compensation Committee, any option may include a reload feature, pursuant to which an optionee exercising an option receives in addition to the number of shares of Common Stock due on the exercise of such an option an additional option with an exercise price equal to the fair market value of the Common Stock on the date such additional option is granted. Upon the exercise of options, the option exercise price must be paid in full either in cash or, in the sole discretion of the Compensation Committee, by delivery of shares of Common Stock already owned by the optionee.

The 1996 Stock Plan also permits Stock Grants, Performance Share Awards and grants of Dividend Equivalent Rights. Stock Grants and Performance Share Awards may be made to persons eligible under the 1996 Stock Plan, subject to such conditions and restrictions as the Compensation Committee may determine. Prior to the vesting of shares, recipients of Stock Grants generally will have all the rights of a stockholder with respect to the shares, including voting and dividend rights, subject only to the conditions and restrictions set forth in the 1996 Stock Plan or in any agreement. In the case of Performance Share Awards, the issuance of shares of Common Stock will occur only after the recipient has satisfied the conditions and restrictions set forth in the 1996 Stock Plan or in any agreement. The Compensation Committee may also make Stock Grants to persons eligible under the 1996 Stock Plan in recognition of past services or other valid consideration, or in lieu of cash compensation. In addition, the Compensation Committee may grant Dividend Equivalent Rights in conjunction with any other grant made pursuant to the 1996 Stock Plan or as a free standing grant. Dividend Equivalent Rights may be paid currently or deemed to be reinvested in additional shares of Common Stock, which may thereafter accrue further dividends.

The Compensation Committee may, at its sole discretion, accelerate or extend the date or dates on which all or any particular option or options granted under the 1996 Stock Plan may be exercised or vest. In the event of a merger, liquidation or sale of substantially all of the assets of the Company ( Sale Event ), the Board of Directors has the discretion to accelerate the vesting of options granted under the 1996 Stock Plan, except that options granted to Independent Directors automatically accelerate in such Sale Event. The 1996 Stock Plan and the options issued thereunder terminate upon the effectiveness of any such Sale Event, unless provision is

made in connection with such transaction for the assumption of options theretofore made or in certain circumstances following a Sale Event not accounted for as a pooling of interest.

The Audit Committee currently consists of three directors, Roger J. Heinen, Jr., Bradford C. Morley and Patrick J. Zilvitis, each of whom is independent within the meaning of rule 4200(a)(15) of the National Association of Securities Dealers and held six meetings during Fiscal 2002.

The Compensation Committee reviews and recommends the compensation arrangements for officers and other senior level employees, reviews general compensation levels for other employees as a group, reviews succession planning for senior management, reviews the options or stock to be granted to eligible persons under the Company's 1996 Stock Plan and takes such other action as may be required in connection with the Company's compensation and incentive plans. The Compensation Committee currently consists of two independent directors, Jacqueline C. Morby and John F. Smith and held six meetings during Fiscal 2002.

The Nominating and Corporate Governance Committee oversees the qualification and nomination process for potential director candidates, reviews the continued qualification of existing directors and is responsible for corporate governance oversight. In the course of reviewing potential director candidates, the Nominating and Corporate Governance Committee will consider nominees recommended by stockholders of the Company. The procedure by which stockholders may submit nominees is set forth in the Company's By-laws, a copy of which may be obtained from the Company without charge by sending a written request therefore to the Company's Secretary at its principal executive offices. The Company pays a \$5,000 annual retainer to each Independent Director. Also, under the 1996 Stock Plan, each Independent Director is entitled to receive a one-time option grant upon becoming a director and an annual grant of options to purchase Common Stock as described under 1996 Stock Option and Grant Plan Independent Director Options.

## **Report of the Compensation Committee of the Board of Directors on Executive Compensation**

The Compensation Committee is responsible for the oversight of all of the Company's compensation policies and practices including benefits and perquisites. Compensation is defined as base salary, all forms of variable pay and pay-for-performance, and stock options, restricted stock or any other plans directly or indirectly related to the Company's stock. Members of the Compensation Committee will be appointed from the Board of Directors annually at the first meeting of the Board following the annual meeting of stockholders. All of the members of the Compensation Committee will consist of independent directors. It is also envisioned that the composition of the Compensation Committee will reflect the requirements of Rule 16b-3 under the Securities Exchange Act as in effect from time to time.

*Compensation Philosophy.* The underlying philosophy of the Company's compensation programs is to pay competitive amounts to obtain and retain valuable executives and to align executive compensation with several key objectives. The first of these objectives is to enable the Company to attain its annual market penetration and financial targets. Another key objective is to ensure that a major portion of each executive's cash compensation is linked to significant improvements in the Company's financial performance. The third key objective is to make it possible for the Company to attract, retain and reward executives who are responsible for leading the Company in achieving or exceeding corporate performance goals, amid a very competitive market for technical, marketing and sales personnel.

The Company's executive compensation programs generally will consist of three principal elements: base salary, cash bonus and stock options and benefits including pension and 401(k) benefits. The Company's objective is to emphasize incentive compensation in the form of bonuses and stock option grants, rather than base salary.

Base salary determinations will reflect, among other factors deemed relevant, competitive pay practices of comparable high technology companies, with a focus on the skills and performance levels of individual executives and the needs of the Company. Bonuses under the Company's incentive plans will reflect, among other relevant items, the Company's financial performance and achievement of corporate objectives established by the Board of Directors prior to the start of each fiscal year, such as those relating to revenue and profitability. Stock option awards will reflect, among other relevant items, the job level of the employee, responsibilities to be assumed in the upcoming fiscal year, responsibilities of each executive in prior years and the size of awards made to each such officer in prior years relative to the Company's overall performance.

In establishing the level of incentive bonuses for the Company's executives for Fiscal 2002, the Compensation Committee considered, among other things, competitive market issues and the Company's performance in such areas as development, client services, product quality, market penetration, administration, organization and financial performance, sales of particular units and performance of the Company as a whole.

*Compensation of the Chief Executive Officer.* In determining Mr. Cashman's compensation for Fiscal 2002, the Compensation Committee reviewed industry surveys of compensation paid to chief executives officers of comparable companies, and evaluated the achievement of corporate, individual and organizational objectives for the fiscal year. Mr. Cashman's annual base compensation for Fiscal 2002 totaled \$300,000, an increase of 21% over 2001.

In Fiscal 2002, Mr. Cashman also received semi-annual bonuses determined on the basis of the achievement of specific weighted corporate, individual and organizational objectives for the fiscal year. These objectives focused on areas such as financial performance and business growth, product development, market penetration, product and service quality, administration and corporate development. Mr. Cashman was awarded aggregate incentive bonuses of \$190,000 for Fiscal 2002, as compared with an incentive bonus of \$170,000 for 2001. Mr. Cashman was also awarded 80,000 stock options in 2002 and 100,000 stock options in both 2001 and in 2000.

*Deductibility of Executive Compensation.* Beginning in 1994, the Internal Revenue Code of 1986, as amended (the Code), limited the federal income tax deductibility of compensation paid to the Company's Chief Executive Officer and to each of the other four most highly compensated executive officers. For this purpose, compensation can include, in addition to cash compensation, the difference between the exercise price of stock options and the value of the underlying stock on the date of exercise. The Company may deduct compensation with respect to any of these individuals only to the extent that during any fiscal year such compensation does not exceed \$1 million or meets certain other conditions (such as stockholder approval). Considering the Company's current compensation plans and policy, the Company and the Compensation Committee believe that, for the near future, there is little risk that the Company will lose any significant tax deduction relating to executive compensation. If the deductibility of executive compensation becomes a significant issue, the Company's compensation plans and policy will be modified to maximize deductibility if the Company and the Compensation Committee determine that such action is in the best interests of the Company.

During Fiscal 2002, the Compensation Committee was comprised of Ms. Morby and Mr. John Smith. ## EQUITY COMPENSATION PLANS

*1994 Stock Option and Grant Plan.* In February 1994, the Company's Board of Directors adopted and the stockholders subsequently approved the 1994 Stock Plan. The Company will not make additional grants under the 1994 Stock Plan. The 1994 Stock Plan permits (i) the grant of options to purchase shares of Common Stock intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code of 1986, as amended (the Code) ( Incentive Options ), (ii) the grant of options that do not so qualify ( Non-Qualified Options ), and (iii) the issuance or sale of Common Stock with or without restrictions ( Restricted Stock ). During 2002 no grants were made from the 1994 Stock Plan. A total of 130,868 share grants with issuance prices ranging from \$0.40 to \$10.00 with a weighted average price of \$5.39 were outstanding from the 1994 Stock Plan at December 31, 2002.

The Compensation Committee may, at its sole discretion, accelerate or extend the date or dates on which all or any particular option or options granted under the 1994 Stock Plan may be exercised or vest. In the event of a merger, liquidation or sale of substantially all of the assets of the Company, the Board of Directors has the discretion to accelerate the vesting of the options granted under the 1994 Stock Plan, except that 40,000 Non-Qualified Options held by Independent Directors vest automatically in such circumstances. In addition, the 1994 Stock Plan and stock options issued thereunder terminate upon the effectiveness of any such transaction or event, unless provision is made in connection with such transaction for the assumption of grants therefore made. The shares of restricted stock issued under the 1994 Plan fully vest upon any merger, liquidation or sale of substantially all of the assets of the Company.

*1996 Employee Stock Purchase Plan.* The Company's 1996 Employee Stock Purchase Plan, (the Purchase Plan ) was adopted by the Board of Directors on April 19, 1996 and was subsequently approved by the Company's stockholders. Up to 210,000 shares of Common Stock may be issued under the Purchase Plan. The Purchase Plan is administered by the Compensation Committee.

Offerings under the Purchase Plan commence on each February 1 and August 1 and have a duration of six months. Generally, all employees who are customarily employed for more than 20 hours per week as of the first day of the applicable offering period are eligible to participate in the Purchase Plan. An employee who owns or is deemed to own shares of stock representing in excess of 5% of the combined voting power of all classes of stock of the Company may not participate in the Purchase Plan.

During each offering, an employee may purchase shares under the Purchase Plan by authorizing payroll deductions of up to 10% of his cash compensation during the offering period. The maximum number of shares which may be purchased by any participating employee during any offering period is limited to 960 shares (as adjusted by the Compensation Committee from time to time). Unless the employee has previously withdrawn from the offering, his accumulated payroll deductions will be used to purchase Common Stock on the last business day of the period at a price equal to 85% of the fair market value of the Common Stock on the first or last day of the offering period, whichever is lower. Under applicable tax rules, an employee may purchase no more than \$25,000 worth of Common Stock in any calendar year. A total of 156,903 shares of Common Stock have been issued under the Purchase Plan at February 1, 2003.

Section 16 Persons are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain Section 16 Persons that no Section 16(a) reports were required for such persons, the Company believes that during Fiscal 2002 the Section 16 Persons complied with all Section 16(a) filing requirements applicable to them.

#### **INDEPENDENT ACCOUNTANTS**

The Company has selected Deloitte and Touche LLP as the independent public accountants for the Company for the fiscal year ending December 31, 2003. The firm of PricewaterhouseCoopers LLP, or a predecessor thereof, had served as the Company's independent public accountants from 1994 to March 19, 2002. During these periods the Company did not have any disagreement with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, nor did any report issued by PricewaterhouseCoopers LLP contain an adverse opinion or a disclaimer of opinion, nor was any such report qualified or modified as to uncertainty, audit scope or accounting principles.

## Edgar Filing: ANSYS INC - Form DEF 14A

On March 19, 2002, the Company dismissed its independent accountants, PricewaterhouseCoopers LLP, as the principal accountant to audit financial statements. The dismissal of the independent accountants was recommended by management following the solicitation of bids to perform audit work and was approved by the

Audit Committee. During the two fiscal years ended December 31, 2001 and the subsequent interim period through March 19, 2002, there were no disagreements with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of PricewaterhouseCoopers LLP, would have caused it to make reference to the subject matter of the disagreement in connection with its reports. Furthermore, PricewaterhouseCoopers LLP's reports for the two most recently completed fiscal years did not contain any adverse opinion or disclaimer of opinion nor were they qualified or modified as to uncertainty, audit scope or accounting principles. In addition, no events required to be reported pursuant to Item 304(a)(1)(v) of Regulation S-K have occurred during the two most recently completed fiscal years or subsequent interim period through March 19, 2002.

The Company approved the engagement of Deloitte & Touche LLP as its new independent accountants on March 19, 2002. The engagement of Deloitte & Touche LLP was recommended by management following the solicitation of bids to perform the Company's audit work and was approved by the Audit Committee of the Company's Board of Directors. There has been no consultation during the past two years by the Company with Deloitte & Touche LLP regarding the application of accounting principles or the type of audit opinion that might be rendered on the Company's financial statements.

A representative of Deloitte and Touche LLP will be present at the Annual Meeting and will be given the opportunity to make a statement if he or she so desires. The representative will be available to respond to appropriate questions.

(v) to accelerate at any time the exercisability or vesting of all or any portion of any Award and/or to include provisions in Awards providing for such acceleration;

(vi) to impose any limitations on Awards granted under the Plan, including limitations on transfers, repurchase provisions and the like;

(vii) subject to the provisions of Section 5(a)(iii), to extend at any time the period in which Stock Options may be exercised;

(viii) to determine at any time whether, to what extent, and under what circumstances Stock and other amounts payable with respect to an Award shall be deferred either automatically or at the election of the participant and whether and to what extent the Company shall pay or credit amounts constituting interest (at rates determined by the Committee) or dividends or deemed dividends on such deferrals; and

(ix) at any time to adopt, alter and repeal such rules, guidelines and practices for administration of the Plan and for its own acts and proceedings as it shall deem advisable; to interpret the terms and provisions of the Plan and any Award (including related written instruments); to make all determinations it deems advisable for the administration of the Plan; to decide all disputes arising in connection with the Plan; and to otherwise supervise the administration of the Plan.

All decisions and interpretations of the Committee shall be binding on all persons, including the Company and Plan participants.

(c) *Delegation of Authority to Grant Awards.* The Committee, in its discretion, may delegate to the Chief Executive Officer of the Company all or part of the Committee's authority and duties with respect to Awards, including the granting thereof, to individuals who are not subject to the reporting and other provisions of Section 16 of the Act or covered employees within the meaning of Section 162(m) of the Code. The Committee may revoke or amend the terms of a delegation at any time but such action shall not invalidate any prior actions of the Committee's delegate or delegates that were consistent with the terms of the Plan.

### **SECTION 3. STOCK ISSUABLE UNDER THE PLAN; MERGERS; SUBSTITUTION**

(a) *Stock Issuable.* The maximum number of shares of Stock reserved and available for issuance under the Plan shall be 5,350,000 shares of Stock. For purposes of the foregoing limitations, the shares of Stock underlying any Awards which are forfeited, canceled, reacquired by the Company, satisfied without the issuance of Stock or otherwise terminated (other than by exercise) shall be added back to the shares of Stock available for issuance under the Plan. No more than fifty percent (50%) of the number of shares of Stock available for issuance under the Plan as of the date this Plan, as amended and restated herein, is approved by the Company's stockholders at the 2003 Annual Meeting of Stockholders (which such number shall be deemed to include any shares of Stock that become re-available for issuance due to their forfeiture, cancellation or reacquisition by the Company after such date) may be issued in the form of non-Stock Option Awards. Subject to such overall limitation, shares of Stock may be issued up to such maximum number pursuant to any type or types of Award; provided, however, that on and after the date the Plan is subject to Section 162(m) of the Code, Stock Options with respect to no more than 300,000 shares of Stock may be granted to any one individual participant during any one calendar year period. The shares available for issuance under the Plan may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company.

## Edgar Filing: ANSYS INC - Form DEF 14A

(b) *Recapitalizations.* If, through or as a result of any merger, consolidation, sale of all or substantially all of the assets of the Company, reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar transaction, the outstanding shares of Stock are increased or decreased or are exchanged for a different number or kind of shares or other securities of the Company, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Stock or other securities, the Committee shall make an appropriate or proportionate adjustment in (i) the maximum number of shares reserved for issuance under the Plan or for the Independent Directors pursuant

to Section 5(c) of the Plan, (ii) the number of Stock Options that can be granted to any one individual participant, (iii) the number and kind of shares or other securities subject to any then outstanding Awards under the Plan, and (iv) the price for each share subject to any then outstanding Stock Options under the Plan, without changing the aggregate exercise price (i.e., the exercise price multiplied by the number of shares) as to which such Stock Options remain exercisable. The adjustment by the Committee shall be final, binding and conclusive. No fractional shares of Stock shall be issued under the Plan resulting from any such adjustment, but the Committee in its discretion may make a cash payment in lieu of fractional shares.

(c) *Mergers and Other Transactions.* In the case of (i) the dissolution or liquidation of the Company, (ii) a merger, reorganization or consolidation in which the Company is acquired by another person or entity (other than a holding company formed by the Company), (iii) the sale of all or substantially all of the assets of the Company to an unrelated person or entity, or (iv) the sale of all of the Stock of the Company to an unrelated person or entity (in each case, a Transaction), the outstanding Options held by Independent Directors shall become fully vested. Upon the effectiveness of the Transaction, the Plan and all Awards granted hereunder shall terminate, unless provision is made in connection with the Transaction for the assumption of Awards heretofore granted, or the substitution of such Awards of new Awards of the successor entity or parent thereof, with appropriate adjustment as to the number and kind of shares and, if appropriate, the per share exercise prices, as provided in Section 3(b) above. In the event of such termination, each optionee shall be permitted to exercise for a period of at least 15 days prior to the date of such termination (1) all options held by such optionee which are then exercisable, and (2) such number of additional options held by such optionee, to the extent such options are not then exercisable, as may be specified in the relevant option agreement, if any. During this 15-day period, Independent Directors may exercise unvested Options that will become fully vested upon the effectiveness of the Transaction, subject to the consummation of the Transaction.

(d) *Substitute Awards.* The Committee may grant Awards under the Plan in substitution for stock and stock based awards held by employees of another corporation who become employees of the Company or a Subsidiary as the result of a merger or consolidation of the employing corporation with the Company or a Subsidiary or the acquisition by the Company or a Subsidiary of property or stock of the employing corporation. The Committee may direct that the substitute awards be granted on such terms and conditions as the Committee considers appropriate in the circumstances.

#### **SECTION 4. ELIGIBILITY**

Participants in the Plan will be such officers and other employees, consultants and key persons of the Company and its Subsidiaries who are responsible for or contribute to the management, growth or profitability of the Company and its Subsidiaries as are selected from time to time by the Committee, in its sole discretion. In addition, Independent Directors are eligible to receive Options pursuant to the provisions of Section 5(c) of the Plan. Independent Directors who are not serving on the Committee are eligible to receive Options pursuant to the provisions of Sections 5(a), (b) and (c) of the Plan.

#### **SECTION 5. STOCK OPTIONS**

Any Stock Option granted under the Plan shall be pursuant to a stock option agreement which shall be in such form as the Committee may from time to time approve. Option agreements need not be identical.

Stock Options granted under the Plan may be either Incentive Stock Options or Non-Qualified Stock Options. Incentive Stock Options may be granted only to employees of the Company or any Subsidiary that is a subsidiary corporation within the meaning of Section 424(f) of the Code. Non-Qualified Stock Options may be granted to officers, employees, Independent Directors, advisors, consultants and key persons of the Company and its Subsidiaries. To the extent that any Option does not qualify as an Incentive Stock Option, it shall be deemed a Non-Qualified Stock Option.

No Incentive Stock Option shall be granted under the Plan after April 18, 2006.

(a) *Terms of Stock Options.* Stock Options granted under the Plan shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable:

(i) *Exercise Price.* The exercise price per share for the Stock covered by a Stock Option shall be determined by the Committee at the time of grant but shall not be less than 100% of the Fair Market Value on the date of grant in the case of Incentive Stock Options. If an employee owns or is deemed to own (by reason of the attribution rules applicable under Section 424(d) of the Code) more than 10% of the combined voting power of all classes of stock of the Company or any parent or subsidiary corporation and an Incentive Stock Option is granted to such employee, the option price of such Incentive Stock Option shall be not less than 110% of the Fair Market Value on the grant date.

(ii) *Grant of Discount Options in Lieu of Cash Compensation.* Upon the request of an eligible participant (other than an Independent Director) and with the consent of the Committee, such participant may elect each calendar year to receive a Non-Qualified Stock Option in lieu of any cash bonus or other compensation to which he may become entitled during the following calendar year, but only if such participant makes an irrevocable election to waive receipt of all or a portion of such cash compensation. Such election shall be made on or before the date set by the Committee which date shall be no later than 15 days (or such shorter period permitted by the Committee) preceding January 1 of the calendar year for which the cash compensation would otherwise be paid. A Non-Qualified Stock Option shall be granted to each participant who made such an irrevocable election on the date the waived cash compensation would otherwise be paid. The exercise price per share shall be determined by the Committee. The number of shares of Stock subject to the Stock Option shall be determined by dividing the amount of the waived cash compensation by the difference between the Fair Market Value of the Stock on the date the Stock Option is granted and the exercise price per share of the Stock Option. The Stock Option shall be granted for a whole number of shares so determined; the value of any fractional share shall be paid in cash.

(iii) *Option Term.* The term of each Stock Option shall be fixed by the Committee, but no Incentive Stock Option shall be exercisable more than ten years after the date the option is granted. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than 10% of the combined voting power of all classes of stock of the Company or any parent or subsidiary corporation and an Incentive Stock Option is granted to such employee, the term of such option shall be no more than five years from the date of grant.

(iv) *Exercisability; Rights of a Stockholder.* Stock Options shall become vested and exercisable at such time or times, whether or not in installments, as shall be determined by the Committee at or after the grant date; provided, however, that Stock Options granted in lieu of cash compensation shall be exercisable in full as of the grant date. The Committee may at any time accelerate the exercisability of all or any portion of any Stock Option. An optionee shall have the rights of a stockholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options.

(v) *Method of Exercise.* Stock Options may be exercised in whole or in part, by giving written notice of exercise to the Company, specifying the number of shares to be purchased. Payment of the purchase price may be made by one or more of the following methods; provided, however, that the methods set forth in subsections (B) and (C) below shall become available only after the closing of the Initial Public Offering:

(A) In cash, by certified or bank check or other instrument acceptable to the Committee;

## Edgar Filing: ANSYS INC - Form DEF 14A

(B) In the form of shares of Stock that are not then subject to restrictions under any Company plan and that have been held by the optionee free of such restrictions for at least six months, if permitted by the Committee in its discretion. Such surrendered shares shall be valued at Fair Market Value on the exercise date; or

(C) By the optionee delivering to the Company a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company to pay the purchase price; provided that in the event the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Committee shall prescribe as a condition of such payment procedure.

Payment instruments will be received subject to collection. The delivery of certificates representing the shares of Stock to be purchased pursuant to the exercise of a Stock Option will be contingent upon receipt from the optionee (or a purchaser acting in his stead in accordance with the provisions of the Stock Option) by the Company of the full purchase price for such shares and the fulfillment of any other requirements contained in the Stock Option or applicable provisions of laws.

(vi) *Termination.* Unless otherwise provided in the option agreement or determined by the Committee, upon the optionee's termination of employment (or other business relationship) with the Company and its Subsidiaries, the optionee's rights in his Stock Options shall automatically terminate.

(vii) *Annual Limit on Incentive Stock Options.* To the extent required for incentive stock option treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the shares of Stock with respect to which Incentive Stock Options granted under this Plan and any other plan of the Company or its parent and subsidiary corporations become exercisable for the first time by an optionee during any calendar year shall not exceed \$100,000. To the extent that any Stock Option exceeds this limit, it shall constitute a Non-Qualified Stock Option.

(b) *Reload Options.* At the discretion of the Committee, Options granted under Section 5(a) may include a reload feature pursuant to which an optionee exercising an option by the delivery of a number of shares of Stock in accordance with Section 5(a)(v)(B) hereof would automatically be granted an additional Option (with an exercise price equal to the Fair Market Value of the Stock on the date the additional Option is granted and with the same expiration date as the original Option being exercised, and with such other terms as the Committee may provide) to purchase that number of shares of Stock equal to the number delivered to exercise the original Option.

(c) *Stock Options Granted to Independent Directors.*

(i) *Automatic Grant of Options.*

(A) Each Independent Director who is first elected or appointed to serve as a director commencing after the effective date of the Initial Public Offering shall be granted, on the fifth business day after his initial term of office commences, a Non-Qualified Stock Option to acquire that number of shares of Stock determined by dividing \$200,000 by the Option Exercise Price.

(B) Each Independent Director who is serving as a director of the Company on the fifth business day after each annual meeting of stockholders shall automatically be granted on such day a Non-Qualified Stock Option to acquire 12,000 shares of Stock.

(ii) *Option Terms.*

Edgar Filing: ANSYS INC - Form DEF 14A

(A) The Option Exercise Price per share for the Stock covered by a Stock Option granted under this Section 5(c) shall be equal to the lesser of (1) the Fair Market Value of the Stock on the date of grant or (2) the average of the Fair Market Value of the Stock for a period of ten consecutive trading days prior to the date of grant.

(B) Each Stock Option granted under this Section 5(c) shall be exercisable in annual installments over four years. No such Option shall be exercisable after the tenth anniversary of the date it was granted.

(C) If an optionee ceases to be a director for any reason, each Stock Option granted to such optionee under this Section 5(c) shall terminate immediately with respect to all shares of Stock for which it is not then exercisable. With respect to the remaining shares, such Option shall terminate 60 days after the date the optionee ceases to be a director or at the expiration of the stated term of the Option, if earlier; provided, however, that (1) if the optionee dies while a director, such Option may be exercised for such remaining shares by the personal representative or legatee of the optionee for a period of one year from the date of death or until the expiration of the stated term of the Option, if earlier; or (2) if the optionee ceases to be a director by reason of disability, such Option may be exercised for such remaining shares by the director for six months after the date the optionee ceases to be a director or until the expiration of the stated term of the Option, if earlier.

(D) A Stock Option granted under this Section 5(c) may be exercised only by written notice to the Company specifying the number of shares to be purchased. Payment of the full purchase price of the shares to be purchased may be made by one or more of the methods specified in Section 5(a)(v). An optionee shall have the rights of a stockholder only as to shares acquired upon the exercise of an Option and not as to unexercised Options.

(iii) *Limited to Independent Directors.* The provisions of this Section 5(c) shall apply only to Stock Options granted or to be granted to Independent Directors, and shall not be deemed to modify, limit or otherwise apply to any other provision of this Plan or to any Option issued under this Plan to a participant who is not an Independent Director. To the extent that they are inconsistent with any other provisions of the Plan, the provisions of this Section 5(c) shall govern the rights and obligations of the Company and Independent Directors respecting Options granted or to be granted to Independent Directors.

(d) *Non-transferability of Options.* No Stock Option shall be transferable by the optionee otherwise than by will or by the laws of descent and distribution and all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee. Notwithstanding the foregoing, the Committee may provide in an option agreement that the optionee may transfer, without consideration for the transfer, his Non-Qualified Stock Options to members of his immediate family, to trusts for the benefit of such family members and to partnerships in which such family members are the only partners.

## **SECTION 6. RESTRICTED STOCK AWARDS**

(a) *Nature of Restricted Stock Awards.* The Committee may grant Restricted Stock Awards to any officer, employee, consultant or key person of the Company and its Subsidiaries. A Restricted Stock Award is an Award entitling the recipient to acquire, at par value or such other purchase price determined by the Committee, shares of Stock subject to such restrictions and conditions as the Committee may determine at the time of grant ( Restricted Stock ). Conditions may be based on continuing employment (or other business relationship) and/or achievement of pre-established performance goals and objectives.

(b) *Rights as a Stockholder.* Upon execution of a written instrument setting forth the Restricted Stock Award and paying any applicable purchase price, a participant shall have the rights of a stockholder with respect to the voting of the Restricted Stock, subject to such conditions contained in the written instrument evidencing the Restricted Stock Award. Unless the Committee shall otherwise determine, certificates evidencing the Restricted Stock shall remain in the possession of the Company until such Restricted Stock is vested as provided in Section 6(e) below.

(c) *Restrictions.* Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein or in the written instrument evidencing the Restricted Stock Award. If a participant's employment (or other business relationship) with the Company and its Subsidiaries terminates for any reason, the Company or its assigns shall have the right or shall agree, as

## Edgar Filing: ANSYS INC - Form DEF 14A

may be specified in the relevant restricted stock agreement, to repurchase Restricted Stock with respect to which conditions have not lapsed at their purchase price from the participant or the participant's legal representative.

(d) *Vesting of Restricted Stock.* The Committee at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which Restricted Stock shall become vested, subject to such further rights of the Company or its assigns as may be specified in the instrument evidencing the Restricted Stock Award.

(e) *Waiver, Deferral and Reinvestment of Dividends.* The written instrument evidencing the Restricted Stock Award may require or permit the immediate payment, waiver, deferral or investment of dividends paid on the Restricted Stock.

## **SECTION 7. UNRESTRICTED STOCK AWARDS**

(a) *Grant or Sale of Unrestricted Stock.* The Committee may, in its sole discretion, grant (or sell at a purchase price determined by the Committee) an Unrestricted Stock Award to any officer, employee, consultant or key person of the Company or its Subsidiaries, pursuant to which such individual may receive shares of Stock free of any vesting restrictions ( Unrestricted Stock ) under the Plan. Unrestricted Stock Awards may be granted or sold as described in the preceding sentence in respect of past services or other valid consideration, or in lieu of any cash compensation due to such individual.

## **SECTION 8. PERFORMANCE SHARE AWARDS**

(a) *Nature of Performance Share Awards.* A Performance Share Award is an Award entitling the recipient to acquire shares of Stock upon the attainment of specified performance goals. The Committee may make Performance Share Awards independent of or in connection with the granting of any other Award under the Plan. Performance Share Awards may be granted under the Plan to any officer, employee, consultant or key person of the Company or its Subsidiaries, including those who qualify for awards under other performance plans of the Company. The Committee in its sole discretion shall determine whether and to whom Performance Share Awards shall be made, the performance goals applicable under each such Award, the periods during which performance is to be measured, and all other limitations and conditions applicable to the awarded Performance Shares; provided, however, that the Committee may rely on the performance goals and other standards applicable to other performance unit plans of the Company in setting the standards for Performance Share Awards under the Plan.

(b) *Restrictions on Transfer.* Performance Share Awards and all rights with respect to such Awards may not be sold, assigned, transferred, pledged or otherwise encumbered.

(c) *Rights as a Shareholder.* A participant receiving a Performance Share Award shall have the rights of a shareholder only as to shares actually received by the participant under the Plan and not with respect to shares subject to the Award but not actually received by the participant. A participant shall be entitled to receive a stock certificate evidencing the acquisition of shares of Stock under a Performance Share Award only upon satisfaction of all conditions specified in the written instrument evidencing the Performance Share Award (or in a performance plan adopted by the Committee).

(d) *Termination.* Except as may otherwise be provided by the Committee at any time, a participant's rights in all Performance Share Awards shall automatically terminate upon the participant's termination of employment (or business relationship) with the Company and its Subsidiaries for any reason.

## Edgar Filing: ANSYS INC - Form DEF 14A

(e) *Acceleration, Waiver, Etc.* At any time prior to the participant's termination of employment (or other business relationship) by the Company and its Subsidiaries, the Committee may in its sole discretion accelerate, waive or, subject to Section 12, amend any or all of the goals, restrictions or conditions imposed under any Performance Share Award.

## **SECTION 9. DIVIDEND EQUIVALENT RIGHTS**

(a) *Dividend Equivalent Rights.* A Dividend Equivalent Right is an Award entitling the recipient to receive credits based on cash dividends that would be paid on the shares of Stock specified in the Dividend Equivalent Right (or other award to which it relates) if such shares were held by the recipient. A Dividend Equivalent Right may be granted hereunder to any officer, employee, consultant or key person, as a component of another Award or as a freestanding award. The terms and conditions of Dividend Equivalent Rights shall be specified in the grant. Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment or such other price as may then apply under a dividend reinvestment plan sponsored by the Company, if any. Dividend Equivalent Rights may be settled in cash or shares of Stock or a combination thereof, in a single installment or installments. A Dividend Equivalent Right granted as a component of another Award may provide that such Dividend Equivalent Right shall be settled upon exercise, settlement, or payment of, or lapse of restrictions on, such other award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other award. A Dividend Equivalent Right granted as a component of another Award may also contain terms and conditions different from such other award.

(b) *Interest Equivalents.* Any Award under this Plan that is settled in whole or in part in cash on a deferred basis may provide in the grant for interest equivalents to be credited with respect to such cash payment. Interest equivalents may be compounded and shall be paid upon such terms and conditions as may be specified by the grant.

## **SECTION 10. TAX WITHHOLDING**

Each participant shall, no later than the date as of which the value of an Award or of any Stock or other amounts received thereunder first becomes includable in the gross income of the participant for Federal income tax purposes, pay to the Company, or make arrangements satisfactory to the Committee regarding payment of, any federal, state, or local taxes of any kind required by law to be withheld with respect to such income. The Company and its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the participant.

## **SECTION 11. TRANSFER, LEAVE OF ABSENCE, ETC.**

For purposes of the Plan, the following events shall not be deemed a termination of employment:

- (a) a transfer to the employment of the Company from a Subsidiary or from the Company to a Subsidiary, or from one Subsidiary to another; or
- (b) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the employee's right to re-employment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Committee otherwise so provides in writing.

## **SECTION 12. AMENDMENTS AND TERMINATION**

The Board may, at any time, amend or discontinue the Plan and the Committee may, at any time, amend or cancel any outstanding Award (or provide substitute Awards at the same exercise or purchase price in a manner not inconsistent with the terms of the Plan), but such price, if any, must satisfy the requirements which would apply to the substitute or amended Award if it were then initially granted under this Plan) for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect rights under any outstanding Award without the holder's consent. Notwithstanding any other provision of this Plan to the contrary, no outstanding Option under the Plan may be re-priced, either by amendment to the Option or by cancellation of the Option in exchange for the grant of a new Option with a lower exercise price, without the

prior approval by the Company's stockholders who are eligible to vote at a meeting of stockholders. If and to the extent determined by the Committee to be required by the Act to ensure that Awards granted under the Plan are exempt under Rule 16b-3 promulgated under the Act, or that Incentive Stock Options granted under the Plan are qualified under Section 422 of the Code, Plan amendments shall be subject to approval by the Company's stockholders who are eligible to vote at a meeting of stockholders.

### **SECTION 13. STATUS OF PLAN**

With respect to the portion of any Award which has not been exercised and any payments in cash, Stock or other consideration not received by a participant, a participant shall have no rights greater than those of a general creditor of the Company unless the Committee shall otherwise expressly determine in connection with any Award or Awards. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the Company's obligations to deliver Stock or make payments with respect to Awards hereunder, provided that the existence of such trusts or other arrangements is consistent with the foregoing sentence.

### **SECTION 14. GENERAL PROVISIONS**

(a) *No Distribution; Compliance with Legal Requirements.* The Committee may require each person acquiring Stock pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the shares without a view to distribution thereof.

No shares of Stock shall be issued pursuant to an Award until all applicable securities law and other legal and stock exchange or similar requirements have been satisfied. The Committee may require the placing of such stop-orders and restrictive legends on certificates for Stock and Awards as it deems appropriate.

(b) *Other Compensation Arrangements; No Employment Rights.* Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, including trusts, and such arrangements may be either generally applicable or applicable only in specific cases. The adoption of this Plan and the grant of Awards do not confer upon any employee any right to continued employment with the Company or any Subsidiary.

### **SECTION 15. EFFECTIVE DATE OF PLAN**

This Plan shall become effective upon approval by the holders of a majority of the shares of Stock of the Company present or represented and entitled to vote at a meeting of stockholders. Subject to such approval by the stockholders and to the requirement that no Stock may be issued hereunder prior to such approval, Stock Options and other Awards may be granted hereunder on and after adoption of this Plan by the Board.

### **SECTION 16. GOVERNING LAW**

This Plan shall be governed by Delaware law except to the extent such law is preempted by federal law.
